DEFINITIVE PROXY STATEMENT
2010 ANNUAL MEETING OF STOCKHOLDERS
November 16, 2010

SOLICITATION AND REVOCATION OF PROXY

The enclosed proxy is solicited by and on behalf of the Board of Directors (the “Board”) of Profile Technologies, Inc., a Delaware corporation (the “Company”), to be voted at the Annual Meeting of Stockholders (the “Annual Meeting”) to be held at the offices of Reed Smith LLP, located at 599 Lexington Avenue, 22nd Floor, New York, New York, 10022, at 10:00 a.m. local time on Tuesday, November 16, 2010, and at any and all adjournments of the Annual Meeting.

This Definitive Proxy Statement and the form of proxy are first being made available to stockholders on or about September 30, 2010.

All shares represented by proxies received will be voted in accordance with instructions contained in the proxies. The Board of Directors unanimously recommends a vote:

- FOR the nominees for director listed in these materials and on the proxy; and
- FOR the ratification of the selection of the Company’s independent registered public accounting firm.

Shares are represented by proxies set forth in properly signed and returned proxy cards in substantially the form of Appendix A to this Proxy Statement. Unless subsequently revoked, proxies will be voted at the Annual Meeting in accordance with the instructions marked on the proxy card. If a proxy card is signed and returned without indicating any voting instructions, the shares represented by the proxy will be voted FOR approval of the proposals stated in this proxy statement, and in the discretion of the holders of the proxies on other matters that may properly come before the Annual Meeting.

If you have executed and delivered a proxy card, you may revoke your proxy at any time before it is voted by attending the Annual Meeting and voting in person, by giving the Company written notice of revocation of the proxy, or by submitting a signed proxy card bearing a later date. To revoke the prior proxy, the notice of revocation or later proxy card must be received by the Company before the vote of Stockholders at the Annual Meeting. Unless you vote at the Annual Meeting or take other action, your attendance at the Annual Meeting will not revoke your proxy.

VOTING SECURITIES

Only stockholders of record at the close of business on September 23, 2010 (the “Record Date”) will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 18,418,331 shares of common stock (the “Common Stock”) outstanding, which represent all of the voting securities of the Company. Each share of Common Stock is entitled to one vote. Stockholders do not have cumulative voting rights in the election of directors.

VOTING PROCEDURES

The Company's state of incorporation is Delaware. Under Delaware law and the Company's bylaws, the holders of a majority of the outstanding shares of the Common Stock of the Company entitled to vote constitute a quorum at any meeting of Stockholders. Votes cast by proxy or in person at the Annual Meeting will be counted by the inspector of elections appointed by the Company. The inspector of elections will treat shares of Common Stock represented by proxies that reflect abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Under Delaware law and the Company's bylaws, directors are elected by a plurality of the votes cast by the holders of shares entitled to vote at a meeting at which a quorum is present. Therefore, Proposal 1 will be adopted if a plurality of the shares present at the Annual Meeting in person or by proxy vote to elect the directors nominated for election at the Annual Meeting. Other matters are approved if affirmative votes cast by the holders of the shares entitled to vote at a meeting at which a quorum is present exceed the number of votes opposing the action, unless Delaware law or the Company's Certificate of Incorporation or bylaws require a greater number of affirmative votes or voting by classes. Abstentions and broker non-votes will not be included in the total of votes cast and will not affect the outcome of the vote.

If your shares are held by a broker on your behalf (that is, in “street name”), and you do not instruct the broker as to how to vote these shares on the ratification of the selection of the independent registered public accounting firm, the broker may exercise its discretion to vote for or against that proposal. If, however, you do not instruct the broker as to how to vote your shares on the election of directors, the broker may not exercise discretion to vote for or against that proposal. This would be a “broker non-vote” and these shares will not be counted as having been voted on the applicable proposal. Please note that this year the rules that guide how brokers vote your shares have changed. Brokers may no longer vote your shares on the election of directors in the absence of your specific instructions as to how to vote. Please vote your proxy so your vote can be counted.

PROPOSAL 1
ELECTION OF DIRECTORS

Six nominees are standing for election as directors on the Board to hold office until the next annual meeting of Stockholders is held and their successors are duly elected and qualified. All of the nominees, with the exception of Thomas Evans, are current directors standing for re-election and were previously elected by the Stockholders. The Board nominated Thomas Evans on November 17, 2009 to the Board of Directors to begin serving as a director, effective November 19, 2009. If one or more of the nominees is unable to serve, or for good cause will not serve at the time of the Annual Meeting, the shares represented by the proxies solicited by the Board will be voted for the other nominees and for any substitute nominee(s) designated by the Board. As of the date of this proxy statement, the Board has no reason to believe that any of the nominees named will be unable or unwilling to serve. Each director will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting, assuming a quorum is present. Certain information regarding each nominee follows. Each nominee has consented to being named in the proxy statement and to serve if elected.

THE BOARD RECOMMENDS A VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES.

Family Relationships and Other Matters

Mr. Thomas Evans is the son of Mr. Murphy Evans. No arrangement or understanding exists between any director or executive officer and any other person pursuant to which any director was selected as a director or executive officer of the Company.

Legal Proceedings

During the past ten years none of the Company's directors, executive officers, or promoters has been involved in a legal proceeding of the type required to be disclosed under Item 401 of Regulation S-K.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act"), as amended, requires the directors, executive officers, and any beneficial owner of more than 10% of any class of equity securities to file periodic reports of their ownership, and changes in that ownership, with the Securities and Exchange Commission (the "SEC"). These persons are required by regulations of the SEC to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of copies of these forms received, the Company believes that during the fiscal year ended June 30, 2010, the directors and executive officers of the Company have complied with applicable filing requirements under Section 16(a), except that three directors, Mr. Murphy Evans, Mr. Thomas Evans, and Mr. Charles Christenson each did not file one Form 4, reporting one transaction, respectively, within the reporting time frame required by the SEC.

CODE OF ETHICS

The Company has adopted a Financial Code of Ethical Conduct that applies to all executive officers and directors of the Company, including its Chief Financial Officer and Chief Executive Officer. The Financial Code of Ethical Conduct is designed to deter wrongdoing, and to promote, among other things, honest and ethical conduct, full, fair, accurate, timely, and understandable disclosure in reports and documents that the Company files with, or submits to, the SEC, compliance with applicable governmental laws, rules and regulations, the prompt internal reporting of violations of the Financial Code of Ethical Conduct, and accountability for adherence to the Financial Code of Ethical Conduct. The Company's Financial Code of Ethical Conduct is available on the Company's website at www.profiletech.net. To access the Financial Code of Ethical Conduct, click on "Investors" and then click on "Profile Technologies Financial Code of Ethical Conduct" located under "Investor Resources".

A copy of the Financial Code of Ethical Conduct may be obtained at no charge by sending a written request to Henry E. Gemino, Chief Executive Officer, Profile Technologies, Inc., 2 Park Avenue, Suite 201, Manhasset, New York 11030.

CORPORATE GOVERNANCE

Director Independence

The Company is not listed on a U.S. securities exchange and, therefore, is not subject to the corporate governance requirements of any such exchange, including those related to the independence of directors. However, at this time, after considering all of the relevant facts and circumstances, the Company's Board of Directors has determined that each of Messrs. Christenson, Palmer, and Agunzo, are independent from the Company's management and qualify as

“independent directors” under the standards of independence of the New York Stock Exchange (the “NYSE”) listing standards. The Company does not currently have a majority of independent directors as required by the NYSE listing standards. Upon the Company’s listing on any national securities exchange or any inter-dealer quotation system, it will elect such independent directors as is necessary under the rules of any such securities exchange.

Board Leadership Structure

The Company has no fixed policy on whether the roles of Chairman of the Board and Chief Executive Officer should be separate or combined, with this decision being made based on the best interests of the Company considering the circumstances at the time. Currently, these roles are separated with Mr. Murphy Evans serving as the Chairman of the Board and Mr. Henry Gemino serving as the Chief Executive Officer. Separating the positions of the Chairman of the Board and Chief Executive Officer allows the Company's CEO to focus on the Company's day-to-day business, while allowing the Chairman of the Board to lead the Company's Board in its fundamental role of providing advice to and oversight of management. Mr. Gemino possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and its business. The Company also recognizes the time, effort, and energy that its CEO is required to devote to his position in the current business environment. The Board has selected Mr. Evans to serve as the Chairman of the Board because it believes that Mr. Evans is best positioned to efficiently develop agendas that ensure that the Board's time and attention are focused on the most critical matters and to execute strategic plans effectively. The Chairman acts as a key liaison with the Chief Executive Officer, setting the Board meeting agendas, chairs executive sessions of the Board, and communicates Board member feedback to the Chief Executive Officer. The Board believes that separating these positions is the appropriate leadership structure for the Company at this time.

Board Role in Risk Oversight

Risk is inherent in every business, and how well a business manages risk can ultimately determine its success. The Company faces a number of risks, including strategic risks, enterprise risks, financial risks, and regulatory risks. While the Company's management is responsible for day to day management of various risks facing the Company, the Board of Directors is responsible for evaluating the Company's exposure to risk and to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. In addition, the Board has delegated oversight of certain categories of risk to the Audit and Compensation Committees. The Audit Committee oversees risks related to the integrity of the Company's financial statements and financial reporting, and the Compensation Committee oversees risks related to the Company's compensation plans and practices. In performing their oversight responsibilities, the Board receives periodic reports from the Chief Executive Officer and other members of senior management on areas of risk facing the Company. The Audit and Compensation Committees report to the Board regularly on matters relating to the specific areas of risk the committees oversee.

Board of Directors Meetings, Committees of the Board of Directors, and Annual Meeting Attendance

During the fiscal year ended June 30, 2010, the Board met a total of three times. Each member of the Board attended at least 75% of the Board meetings and meetings of the committees of the Board on which he served. The Company does not maintain a policy regarding director attendance at annual meetings. However, all six directors attended the annual meeting in 2009.

Nominating Committee

The Board does not currently have a standing Nominating Committee. The Company does not maintain a policy for considering nominees. The Company's Bylaws provides that the number of Directors shall be determined by resolution of the Stockholders or the Board, but in no event shall be less than three. The Board shall be large enough to maintain the Company's required expertise but not too large to function efficiently. Director nominees are recommended, reviewed and approved by the entire Board. The Board believes that this process is appropriate due to the relatively small number of directors on the Board and the opportunity to benefit from a variety of opinions and perspectives in determining director nominees by involving the full Board.

While the Board is solely responsible for the selection and nomination of directors, the Board may consider nominees recommended by Stockholders as it deems appropriate. The Board evaluates each potential nominee in the same manner regardless of the source of the potential nominee's recommendation. Although the Company does not have a policy regarding diversity, the Board does take into consideration the value of diversity among Board members in background, experience, education and perspective in considering potential nominees for recommendation to the Board for selection. Stockholders who wish to recommend a nominee should send nominations to the Company's Chief Executive Officer, Henry E. Gemino, 2 Park Avenue, Suite 201, Manhasset, New York, 11030 that include all information relating to such person that is required to be disclosed in solicitations of proxies for the election of directors. The recommendation must be accompanied by a written consent of the individual to stand for election if nominated by the Board and to serve if elected by the Stockholders.

Audit Committee

The Board maintains an Audit Committee composed of Dr. Charles Christenson and Mr. Richard Palmer. The principal functions of the Audit Committee are to monitor the Company's financial reporting process and internal control system, to review and appraise the audit efforts of the Company's independent registered public accounting firm and the internal audit function, to provide a means of communication among the independent accountants, financial and senior management, the internal audit function, and the Board, and to communicate with the Company's independent accountants outside of the presence of management, when necessary. The Audit Committee is also responsible for all matters set forth in its written charter, a copy of which is attached to this proxy statement as Appendix B. The Audit Committee held three meetings during the fiscal year ended June 30, 2010.

The Board has determined that based on his experience and knowledge in financial and auditing matters Dr. Christenson is an "audit committee financial expert" as defined by SEC rules. Dr. Christenson meets the standards of independence under the NYSE listing standards.

Under the Company's Audit Committee Charter, the Audit Committee is required to pre-approve all auditing services and permissible non-audit services, including related fees and terms, to be performed for the Company by its independent auditor, subject to the de minimus exceptions for non-audit services described under the Exchange Act which are approved by the Audit Committee prior to the completion of the audit. Please refer to "AUDIT COMMITTEE PRE-APPROVAL POLICY" and "AUDIT COMMITTEE REPORT" on page 17.

Compensation Committee

The principle functions of the Compensation Committee are to establish overall compensation policies for the Company and to review the recommendations submitted by the Company's management. The Compensation Committee determines the amounts and elements of compensation for the Company's Chairman and its Chief Executive Officer and Chief Financial Officer. For all other executive officers, it reviews the recommendations of the Chief Executive Officer, with which it generally finds approval. The Compensation Committee does not have a written charter.

The goals of the Company's executive compensation program are to attract, motivate and retain individuals with the skills and qualities necessary to support and develop the Company's business within the framework of its small size and available resources. The Company has designed its executive compensation program to achieve the following objectives:

- attract and retain executives experienced in developing and delivering the Company's products and services;
- motivate and reward executives whose experience and skills are critical to the Company's success;
- reward performance; and
- align the interests of the Company's executive officers and stockholders by motivating executive officers to increase stockholder value.

During fiscal year 2010, the Compensation Committee consisted of two members, Mr. Murphy Evans and Mr. Richard Palmer. Mr. Richard Palmer is "independent" from the Company's management as defined by the NYSE listing standards.

The Compensation Committee's primary activity occurs in November, which coincides with the annual meeting, when, in collaboration with the full Board and executive team, it approves grants of stock options to directors, executive

officers, employees, and consultants. In light of the challenging economic conditions, annual salary compensation of directors and executive officers has remained unchanged during fiscal year 2010.

9

Compensation Consultants

The Company and the Compensation Committee have not historically relied upon the advice of compensation consultants in determining Named Executive Officer compensation. Instead, as described above, the Compensation Committee, in collaboration with the full Board and executive team annually reviews compensation levels and makes adjustments based on their personal knowledge of competition in the market place, publicly available information and informal surveys of human resource professionals.

Stockholder Communications

Stockholders who wish to communicate with the Board of Directors may do so by addressing their correspondence to the Board of Directors at Profile Technologies, Inc., Attention: Henry E. Gemino, Chief Executive Officer, 2 Park Avenue, Suite 201, Manhasset, New York, 11030. The Board of Directors shall review and respond to all correspondence received, as appropriate.

(1)Due to the Company’s need for cash, the Company has deferred compensation owed to certain officers of the Company. Such amounts will continue to be deferred until the Company has sufficient resources to pay such amounts owed. On March 18, 2002, the Board approved a conversion right on all deferred wages due to officers as of March 18, 2002 (the “Officers’ Conversion Right”). Pursuant to the Officers’ Conversion Right, officers may elect to convert \$1.00 of compensation owed to them as of March 18, 2002 for an option to purchase two shares of the

Company's common stock, at an exercise price of \$1.00 per share for a term of five years. Pursuant to the Officers' Conversion Right, as of June 30, 2010, the Company owed Mr. Gemino \$11,500 and Mr. Evans \$20,500, resulting in the potential issuance of 23,000 and 41,000 options, respectively, under the Officers' Conversion Right terms described above. To date, Mr. Gemino and Mr. Evans have not elected to exercise their Officers' Conversion Right.

- (2) The Company did not defer any salary payments owed to Mr. Gemino during the years ended June 30, 2010, 2009, and 2008. As of June 30, 2010 total deferred compensation owed to Mr. Gemino was \$184,600.
- (3) In November 2007, the Board approved that Mr. Evans receive a monthly salary of \$4,000 of which \$2,000 be paid in cash and the remaining \$2,000 be deferred until the Company has significant resources to repay any deferred amounts. During the year ended June 30, 2010, the Company deferred \$24,000. As of June 30, 2010 total deferred compensation owed to Mr. Evans was \$94,500.
- (4) On August 20, 2007, the Board elected Robert C. Geib as the Company's Chief Operating Officer, effective September 4, 2007. Pursuant to Mr. Geib's Employment Agreement, his annual base salary was set by the Board at \$115,000. In addition, the Board agreed to grant Mr. Geib, on September 4, 2007 an option to purchase 50,000 shares of the Company's common stock, under the Company's 1999 Stock Plan, and on March 4, 2008 to grant him an additional option to purchase 50,000 shares of common stock. The exercise prices of the grants on September 4, 2007 and March 4, 2008, were \$1.05 and \$1.13 per share, respectively, the closing price of the common stock on the dates of grant, or, if the Company's stock was not traded on the date of grant, the first day of active trading following each respective grant date. Each of the two option grants vest 25% on the first anniversary of the grant dates, with the remainder vesting at 25% on each of the three subsequent anniversaries of the grant dates until the options are fully vested. Effective November 17, 2008, the Board approved an increase to Mr. Geib's annual salary to \$120,000.

PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

There are no understandings or agreements known by management at this time which would result in a change in control.

The Company does not have any change-of-control or severance agreements with any of its executive officers or directors. In the event of the termination of employment of the Named Executive Officers any and all vested, unexercised stock options may be exercised at any time prior to the expiration date specified in the stock option agreement with each Named Executive Officer, unless the Named Executive Officer is terminated for cause, at which time any vested and unexercised stock options shall terminate effective immediately upon such termination.

COMPENSATION OF DIRECTORS

The Company does not pay director compensation to directors who are also employees of the Company. The Company's Board of Directors determines the non-employee directors' compensation for serving on the Board and its committees. In establishing director compensation, the Board is guided by the following goals:

12

- Compensation should consist of a combination of cash and equity awards that are designed to fairly pay the directors for work required for a company of Profile Technologies, Inc.'s size and scope;
 - Compensation should align the directors' interests with the long-term interests of Stockholders; and
 - Compensation should assist with attracting and retaining qualified directors.

Non-employee directors receive \$1,000 per month for their services as directors. Directors are entitled to participate in, and have been issued options under, the Company's 1999 Stock Plan and 2008 Stock Ownership Incentive Plan. The Company also reimburses directors for any actual expenses incurred to attend meetings of the Board.

Due to the Company's critical need for cash, the Company has deferred all payments owed to the directors for directors' fees until the Company has sufficient resources to pay such fees. As of June 30, 2010, the Company owes \$218,500 in deferred directors' fees. On March 18, 2002, the Board approved a conversion right on all directors' fees deferred as of March 18, 2002 (the "Directors' Conversion Right"). Pursuant to the Directors' Conversion Right, directors may elect to convert \$1.00 of directors' fees owed to them as of March 18, 2002 for an option to purchase two shares of the Company's common stock, at an exercise price of \$1.00 per share for a term of five years. As of June 30, 2010, deferred directors' fees subject to the Directors' Conversion Right were \$9,000, resulting in the potential issuance of 18,000 options under the terms described above. To date, none of the directors have elected to exercise their Directors' Conversion Right.

The following table provides information regarding all compensation paid to the Company's non-employee directors during the fiscal year ended June 30, 2010.

Royalty Arrangement

In September, 1988, at the time Gale D. Burnett, a beneficial stockholder of more than 10% of the Company's common stock, first transferred certain technology, know-how and patent rights to the Company, a royalty interest of 4% of all pre-tax profits derived from the technology and know-how transferred was granted to Northwoods Enterprises, Inc., ("Northwoods Enterprises") a family-owned company controlled by Mr. Burnett. Northwoods Enterprises subsequently

assigned such royalty interest back to Mr. Burnett. On April 8, 1996, Mr. Burnett assigned 2% of this royalty interest to certain stockholders of the Company, 1 1/4% of which was assigned to Henry Gemino, currently the Chief Executive Officer and Chief Financial Officer, and a director of the Company. This royalty arrangement also applies to all future patent rights and technology developed by Mr. Burnett and assigned to the Company. To date, no royalty payments have been made or earned under the above described arrangement.
