PROXY STATEMENT

COMPETITIVE TECHNOLOGIES, INC.
1960 Bronson Road
Fairfield, Connecticut 06824

This Proxy Statement is being furnished to stockholders in connection with the solicitation by the Board of Directors of Competitive Technologies, Inc., a Delaware corporation (the "Company"), of proxies in the form enclosed herewith for the Company's annual meeting of stockholders to be held January 16, 2004.

Each proxy received will be voted as directed. If no direction is indicated, the proxy will be voted FOR election of the nominees named below as directors and FOR amending the 1996 Directors' Stock Participation Plan as described below. Any proxy may be revoked at any time prior to the voting thereof by notifying the Company; no formal procedure is required.

If you complete and properly sign the accompanying proxy and return it to us, it will be voted as you direct. If you are a stockholder of record (that is, if you hold your shares in certificate form registered in your name on the books of the Company's transfer agent, American Stock Transfer & Trust Company) and attend the meeting, you may deliver your completed proxy card in person.

However, if you hold your shares in "street name" (that is, not in certificate form), a) you must return your voting instructions to your broker or nominee (that is, the holder of record), or, b) if you wish to attend the meeting and vote in person, you must obtain and bring to the meeting a proxy signed by the record holder giving you the right to vote the shares in order to be able to vote at the meeting. (You may not use the voting instruction form provided by your broker or nominee to vote in person at the meeting).

The approximate date on which this Proxy Statement and the form of proxy enclosed herewith are first to be sent or given to the Company's stockholders is intended to be November 24, 2003.

Only the holders of record of the Company's 6,201,345 outstanding shares of Common Stock and 2,427 outstanding shares of Preferred Stock at the close of business on November 14, 2003, will be entitled to vote at the meeting. Each share of Common Stock and each share of Preferred Stock is entitled to one vote on each matter to be voted upon. Abstentions will be treated as shares present and entitled to vote for purposes of determining the presence of a quorum but as not voted for purposes of determining the approval of any matters submitted to the stockholders for a vote. Abstentions will have the same effect as negative votes. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will not be considered as present and entitled to vote with respect to that matter.

Employment Agreements

The Company has entered into an employment agreement with Mr. Nano which provides for his employment as the Company's President and Chief Executive Officer at a base compensation of \$250,000 per year, subject to reviews and increases in the sole discretion of the Company's Board of Directors. The employment is at will and can be terminated by either party at any time and for any reason. The agreement also provides, among other things:

- From his date of employment through July 31, 2003, and in each following fiscal year, Mr. Nano will be eligible to receive a bonus of up to \$100,000, based on the Company's performance and Mr. Nano's performance of objectives to be established by the Board. (No bonus was awarded Mr. Nano in fiscal 2003.) After fiscal 2003, the Company may adopt an executive bonus plan in lieu of the bonus.
- Mr. Nano was granted ten-year options under the Company's 1997 Employees' Stock Option Plan for the purchase of 300,000 shares of the Company's Common Stock at an exercise price of \$2.15 per share, vesting 25% on each of the first four anniversaries of his employment date.
- If Mr. Nano's employment terminates as a result of his death or disability, any unvested options granted under the agreement will immediately become fully vested.
- If Mr. Nano terminates his employment for good reason or the Company terminates it without cause, Mr. Nano will be entitled to receive a severance benefit continuing his base compensation and certain other benefits for a period of six months and continued vesting of stock options for the longer of a period of six months or until the next anniversary of his employment date.
- If his employment is terminated without cause in conjunction with a change in control of the Company, Mr. Nano will be entitled to receive his base compensation and certain other benefits for one year, and any unvested options granted under the agreement will immediately become fully vested.
- The agreement provides for a one-year period of non-

competition with the Company in certain circumstances.

Mr. McPike's employment with the Company is at will and can be terminated by either party at any time with or without cause. The Company's December 7, 1999, employment agreement with Mr. McPike expired on December 7, 2002. Effective July 1, 2003, the Company placed Mr. McPike on unpaid leave of absence and he ceased to act as an executive officer of the Company. The Company is negotiating with Mr. McPike with respect to possible future payments to Mr. McPike.

Other Arrangements

401(k) Plan

Effective January 1, 1997, the Company established the Competitive Technologies, Inc. 401(k) Plan (the 401(k) plan), a defined contribution plan for all employees meeting certain service requirements. All employees of the Company who have attained the age of 21 are eligible to participate in the 401(k) plan.

Under the 401(k) plan, an eligible employee may elect a salary reduction of his or her compensation as defined in the 401(k) plan to be contributed by the Company to the 401(k) plan. Employee contributions for any calendar year are limited to a specific dollar amount determined by the Internal Revenue Service (\$12,000, plus an additional \$2,000 for participants over age 50 for 2003, \$11,000, plus an additional \$1,000 for participants over age 50 for 2002 and the lesser of 15% of compensation or \$10,500 for 2001). Employee contributions are fully vested when made.

The Company may also make discretionary contributions subject to limitations set forth in the Internal Revenue Code. Before an employee has completed four years of service, Company contributions generally vest over time based on an employee's years of service. After an employee has completed four years of service, Company contributions are fully vested when they are made. The 401(k) plan defines a year of service as twelve (12) consecutive months during which an employee has at least 1,000 hours of service. Discretionary contributions may be allocated based on compensation, based on a per capita allocation or on a combination of per capita and compensation bases.

For the fiscal years ended July 31, 2003 and 2002, the Company's directors authorized discretionary contributions of \$100,000 and \$80,000, respectively, payable in the Company's common stock. The Company charged these amounts to expense in fiscal 2003 and 2002, respectively. The Company contributed shares of Company common stock valued at \$80,000 to the 401(k) plan in December 2002. The Company expects to contribute shares of Company common stock valued at \$100,000 to the 401(k) plan during the second quarter of fiscal 2004 but the allocation has not yet been determined. Mr. McPike's portion of the fiscal 2002 allocation was \$12,094. Mr. Nano was not eligible to participate in the fiscal 2002 allocation.

Employees' Common Stock Retirement Plan

Effective August 1, 1990, the Company adopted the Competitive Technologies, Inc. Employees' Common Stock Retirement

Edgar Filing: COMPETITIVE TECHNOLOGIES INC - Form DEF 14A

Plan. For the fiscal year ended July 31, 2001, the Board of Directors authorized a contribution of 14,814 shares valued at approximately \$80,000, based on the fiscal 2001 year-end closing price. The Company charged this amount to expense in 2001. The Competitive Technologies, Inc. Employees' Common Stock Retirement Plan was merged into the Company's 401(k) Plan effective January 31, 2003.

Annual Incentive Compensation Plan

On March 28, 2003, the Company's Board of Directors approved the Competitive Technologies, Inc. Annual Incentive Compensation Plan and terminated its previous incentive compensation plan. The Compensation Committee, composed of not less than two independent directors of the Company, administers the Annual Incentive Compensation Plan. The Board of Directors may suspend, amend or terminate this plan at any time or from time to time. This plan provides that the greater of annual bonus incentive or commission awards be paid in cash.

Annual bonus incentive awards are tied up to 70% to the Company's financial performance and up to 30% to individual performance. If the Company's financial performance is less than 80% of its goal, there may be no award for the 70% portion. If the Company's financial performance is more than 115% of its goal, the award may increase to 150% of the 70% portion of the award. If a participant meets his or her individual goals, the 30% portion may be paid regardless of whether the Company achieves its financial performance goal. The targeted incentive award is a percentage of the participant's salary as of December 31 of each plan year, 10% for administrative staff, 30% for professional staff and 50% for the President and CEO. Special awards may also be made in the discretion of the Compensation Committee. For the fiscal year ended July 31, 2003, the Company charged \$50,000 to expense for annual bonus incentive awards to administrative and professional staff.

This plan includes the Company's Commission Plan for professional and support staff and consultants, which sets aside up to 10% of new business revenue (less direct costs other than personnel costs). The commission from each new business revenue source shall be paid for a maximum of five years and be allocated among those who participated in generating that revenue. No commissions were paid or accrued under this plan in fiscal 2003.

1997 Employees' Stock Option Plan

The Company has in effect a 1997 Employees' Stock Option Plan (the Option Plan) with respect to its Common Stock, \$.01 par value, which provides for granting either incentive stock options under Section 422 of the Internal Revenue Code or nonqualified options. Incentive options and non-qualified options granted under the Option Plan must be granted at not less than 100% of fair market value on the grant date. In certain instances stock options, which are vested or become vested upon the happening of an event or events specified by the Company's Stock Option Committee, may continue to be exercisable through up to 10 years after the date granted, irrespective of the termination of the optionee's employment with the Company.

DIRECTOR COMPENSATION

The Company pays each director who is not an employee of the Company or a subsidiary \$1,000 for each Board meeting attended. The Company also pays each director \$250 for attending each committee meeting that coincides with a Board meeting and \$500 for attending a committee meeting that does not coincide with a Board meeting. The Company pays directors who participate in telephonic board and/or committee meetings one half the fee for attending such meetings. The Company reimburses directors for out-of-pocket expenses incurred to attend Board and committee meetings.

When a director of the Company represents the Company as a director of an investee company, the Company pays the director for attending investee board meetings the difference, if any, between (a) the amount the investee company pays and (b) the amount the Company pays for attendance at such meetings. During fiscal 2003, the Company paid Mr. Sabin \$6,000 for his attendance at investee board meetings. No other director received any such fees.

In addition to meeting fees, the Company pays outside directors an annual cash retainer of \$7,500 payable in quarterly installments.

Under the Company's 1996 Directors' Stock Participation Plan, on the first business day of January from January 1997 through January 2006, the Company issues to each non-employee director who has been elected by the stockholders and has served at least one full year a number of shares of the Company's Common Stock equal to the lesser of (i) \$15,000 divided by the per share fair market value of such stock on the issuance date, or (ii) 2,500 shares. If a non-employee director were to leave the Board after serving at least one full year but prior to the January

Edgar Filing: COMPETITIVE TECHNOLOGIES INC - Form DEF 14A

issuance date, the Company would pay the annual stock compensation described above on a pro-rata basis up to the termination date. In January 2003, the Company issued an aggregate of 15,000 shares under this plan (2,500 each to Messrs. George C. J. Bigar (who did not stand for re-election in January 2003), Carver, Dunbar, Fodale, Philippin and Sabin).

Effective January 27, 2000, the Company adopted the Competitive Technologies, Inc. 2000 Directors Stock Option Plan (the Directors Option Plan) with respect to its Common Stock, \$.01 par value. Directors who are not employees of the Company or a subsidiary are eligible for options granted pursuant to this plan. This plan provides that the Company grant an option for 10,000 shares to each new director elected during the term of this plan on the date he or she is first elected to office, whether by the stockholders or by the Board. This plan also provides that the Company grant an additional option for 10,000 shares to each director holding office on the first business day in each subsequent January. Options under this plan will be non-statutory options, have an exercise price not less than 100% of the fair market value at the grant date, have a term of ten years from the grant date, and fully vest on the grant date. If a person's directorship is terminated because of death or permanent disability, options may be exercised within one year after termination. If the termination is for any other reason, options may be exercised within 180 days after termination. However, the Board has discretion to amend options previously granted to provide that such options may continue to be exercisable for specified additional periods following termination. In no event may an option be exercised after expiration of its ten-year term. The Company may not grant options under the Directors Option Plan after the first business day of January 2010. On January 2, 2003, the Company granted 60,000 options under this plan (10,000 each to Messrs. Bigar, Carver, Dunbar, Fodale, Philippin and Sabin) at an exercise price of \$2.14 per share, the market price on the grant date. On January 24, 2003, the Board extended the exercisability of 40,000 options previously granted to Mr. Bigar to January 24, 2006 (3 years after termination of his services as a director).

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

SEC regulations require reporting persons to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such reports received or written representations from certain reporting persons with respect to fiscal 2003, the Company believes that all reporting persons complied with all applicable reporting requirements.

REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE

This report of the Compensation and Stock Option Committee (the "Committee") shall not be deemed incorporated by reference by any general statement incorporating the Proxy Statement by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934 (the "Acts"), except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

The Committee is responsible for making recommendations to the Company's Board of Directors concerning the compensation of the Company's Chief Executive Officer and, based upon recommendations received from the Company's Chief Executive Officer, the compensation of the Company's other officers, consistent with employment contracts where appropriate.

The Company's compensation program consists of salary, performance bonus and stock options, which are generally reviewed annually. The overall executive compensation philosophy is that compensation should be aligned with and support the Company's business strategy and long-term goals. The Company believes it is essential to maintain an executive compensation program that provides overall compensation competitive with that paid executives with comparable qualifications and experience. This is critical to attract and retain competent executives.

In fiscal 2003, the Committee awarded Mr. McPike a \$10,000 discretionary bonus.

The Company intends that its annual incentive compensation plan reward employees for achieving specific levels of profitability. It provides that the greater of annual bonus incentive or commission awards be paid in cash. Annual bonus incentive awards are tied to the Company's financial performance and the individual's performance in achieving their goals. The targeted annual bonus incentive award is a percentage of the participant's salary. The Compensation Committee may also make special awards. The Company designed its commission plan to encourage staff and consultants to generate ongoing new business revenues. Awards are at the discretion of the Compensation Committee. In fiscal 2003, the Company accrued \$50,000 for annual bonus incentive awards for employees other than the Specified Executives.

Edgar Filing: COMPETITIVE TECHNOLOGIES INC - Form DEF 14A

The Committee determines options to be granted under the Company's 1997 Option Plan. This plan provides additional incentive to maximize stockholder value. The plan may also utilize vesting periods to encourage option recipients to continue in the employ of the Company. The Company grants stock options to its executive officers and additional key employees. No stock options were granted under this plan during fiscal 2003.

PROPOSED AMENDMENT TO THE
1996 DIRECTORS' STOCK PARTICIPATION PLAN

The Board of Directors has adopted, subject to stockholder approval, a proposal to amend the 1996 Directors' Stock Participation Plan (the "1996 Directors' Plan") to increase the number of shares that may be issued by 25,000 shares.

The 1996 Directors' Plan provides for issuance of shares of the Company's Common Stock to non-employee directors of the Company (currently five in number). An aggregate of 100,000 shares were reserved for issuance under the 1996 Directors' Plan. As a result of shares issued under the 1996 Directors' Plan, at November 14, 2003, 23,579 shares were reserved for issuance. Assuming no director resigns and the Company issues 2,500 shares to each non-employee director on January 2, 2004, 11,079 reserved shares would remain.

If stockholders approve the proposed amendment, the shares reserved for issuance under the 1996 Directors' Plan (taking into account the 23,579 shares reserved for issuance now and the 12,500 shares expected to be issued on January 2, 2004) will be 36,079. This should provide sufficient shares for issuance of the maximum 2,500 shares per non-employee director to five directors on January 2, 2005 and 2006 and additional shares for future years.

Description of the 1996 Directors' Plan

Under the 1996 Directors' Plan, on the first business day of January of each year for ten years commencing in 1997, the Company will issue to each non-employee director who has been elected by the stockholders and has served continuously as such a director for at least one full year prior to the date of issuance, a number of shares of the Company's Common Stock (rounded to the nearest whole share) equal to the lesser of (i) \$15,000 divided by the per share fair market value of such stock on the date of issuance or (ii) 2,500 shares. The 1996 Directors' Plan will terminate following the close of business on the first business day of January 2006.

If a non-employee director were to leave the Board after serving at least one full year but prior to the January issuance date, the annual stock compensation described above would be payable in shares on a pro-rata basis up to the time of termination.

The 1996 Directors' Plan provides for adjustments for such matters as stock dividends and stock splits to prevent dilution or enlargement of rights. Any amendment to the 1996 Directors' Plan which would increase the number of shares reserved for issuance, change the eligibility provisions or the formula for

Edgar Filing: COMPETITIVE TECHNOLOGIES INC - Form DEF 14A

determining the number of shares to be issued, or extend the term of the 1996 Directors' Plan requires stockholder approval.

On November 14, 2003, the last reported sale price of the Company's Common Stock on the American Stock Exchange, on which the Company's Common Stock is listed, was \$3.06 per share. The Company expects to register under the Securities Act of 1933 the additional 25,000 shares reserved for issuance under this proposed amendment.

Under the 1996 Directors' Plan, as of November 14, 2003, shares had been issued under the 1996 Directors' Plan as shown in the following table:

Name and Position	Dollar Value (\$)	Number of Shares
Specified Executives	--	--
All current executive officers as a group	--	--
All current directors who are not executive officers as a group	\$ 174,220	43,550
Employees, including all current officers who are not executive officers, as a group	--	--

Vote Required for Approval; Board Recommendation

The Board of Directors urges stockholders to approve the amendment to the 1996 Directors' Plan to provide sufficient shares for issuances during the remaining term of the 1996 Directors' Plan. Shares issued under the 1996 Directors' Plan further align the interests of current and future directors with those of stockholders and increase their stake in the Company and any benefits directors realize will mirror increases in value actually available to every stockholder.

The vote required for approval of the amendment to the 1996 Directors' Plan is a majority of the shares of Common and Preferred Stock (voting as a single class) present or represented and entitled to vote on the matter at a meeting at which a quorum (the holders of a majority of the Company's outstanding shares of Common and Preferred Stock) is present in person or by proxy.

Shares issued pursuant to the 1996 Directors' Plan are in addition to the cash fees paid to non-employee directors and the options granted to them under the 2000 Directors Stock Option Plan described above under "Director Compensation."

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT TO THE 1996 DIRECTORS' PLAN.

INDEPENDENT PUBLIC ACCOUNTANTS

BDO Seidman, LLP served as independent public accountants for the fiscal year ended July 31, 2003 and the audit committee expects to recommend and the Board of Directors expects to select

Edgar Filing: COMPETITIVE TECHNOLOGIES INC - Form DEF 14A

them to serve for the fiscal year ending July 31, 2004. A representative of BDO Seidman, LLP is expected to attend the annual meeting to make a statement if he or she desires to do so and to be available to respond to appropriate questions.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

The Audit Committee of the Company recommended and its Board of Directors approved selection of BDO Seidman, LLP and dismissal of PricewaterhouseCoopers LLP as the Company's independent accountant contingent upon BDO Seidman, LLP's acceptance of its engagement and execution of a satisfactory engagement letter.

On September 2, 2003, PricewaterhouseCoopers LLP notified the Company that it viewed its dismissal to have occurred. Accordingly, as of September 2, 2003, PricewaterhouseCoopers LLP was dismissed as the Company's auditor. It is the Company's understanding that PricewaterhouseCoopers LLP views its dismissal to have occurred on August 25, 2003. However, the Company disagrees with PricewaterhouseCoopers LLP's opinion as to the date of their dismissal, which was not intended to occur until the retention of new auditors was completed. However, the Company accepts that September 2, 2003 may be viewed as the dismissal date of PricewaterhouseCoopers LLP.

The reports of PricewaterhouseCoopers LLP on the Company's consolidated financial statements for the fiscal years ended July 31, 2002 and 2001 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended July 31, 2002 and 2001, and through September 2, 2003, there was no disagreement with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreement, if not resolved to the satisfaction of PricewaterhouseCoopers LLP, would have caused them to make reference thereto in their report on the consolidated financial statements for such years.

During the fiscal years ended July 31, 2002 and 2001, and through September 2, 2003, there was no reportable event as defined in Item 304(a)(1)(v) of Regulation S-K.

On September 16, 2003, Competitive Technologies, Inc. engaged BDO Seidman, LLP as its independent accountant to audit the Company's consolidated financial statements for the fiscal year ended July 31, 2003. The Company's Audit Committee recommended and its Board of Directors approved BDO Seidman, LLP's engagement.

During the fiscal years ended July 31, 2002 and 2001, and through September 16, 2003, the Company has not consulted BDO Seidman, LLP regarding the application of accounting principles to any specific transaction (either completed or proposed), the type of audit opinion that might be rendered on the Company's financial statements, any other accounting, auditing or financial reporting matter, or any reportable events described in Items 304(a)(2)(i) and 304(a)(2)(ii) of Regulation S-K.

Audit Fees

Edgar Filing: COMPETITIVE TECHNOLOGIES INC - Form DEF 14A

The aggregate fees billed for professional services rendered by BDO Seidman, LLP for its audit of the Company's financial statements for the year ended July 31, 2003 were \$50,000. PricewaterhouseCoopers LLP reviewed the financial statements included in the Company's Forms 10-Q for October 31, 2002, January 31, 2003 and April 30, 2003, and PricewaterhouseCoopers LLP billed \$30,500 aggregate fees for those services.

Financial Information Systems Design and Implementation Fees

None.

All Other Fees

None.

Since only audit services have been provided, it was not necessary for the audit committee to consider whether the provision of non-audit services to the Company is compatible with maintaining the independence of BDO Seidman, LLP as the Company's public accountants.

PROPOSALS OF STOCKHOLDERS

Proposals of stockholders intended to be presented at the next annual meeting under SEC Rule 14a-8 must be received by the Company for inclusion in the Company's proxy statement and form of proxy relating to that meeting not later than 120 days before the date of mailing of the Company's proxy statement in connection with the previous year's annual meeting. Notice of stockholder matters intended to be submitted at the next annual meeting outside the processes of Rule 14a-8 will be considered untimely if not received by the Company at least 45 days before the date on which the Company mails its proxy materials for this year's meeting. If the expected mailing date of November 24, 2003 is met, notice not received by October 10, 2004 will be untimely. The discretionary authority described in the last sentence of this proxy statement will be conferred with respect to any such untimely matters.

GENERAL

The Company will bear the cost of solicitation of proxies. In addition to being solicited by mail, proxies may be solicited personally or by telephone or telegraph. The Company will reimburse brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy materials to principals in obtaining their proxies.

furnishing such exhibits. Written requests should be directed to Jeanne Wendschuh, Secretary of the Company, at 1960 Bronson Road, Fairfield, Connecticut 06824.

The Board of Directors is not aware of any matter that is to be presented for action at the meeting other than the matters set forth herein. Should any other matters requiring a vote of the stockholders arise, the proxies in the enclosed form confer upon the person or persons entitled to vote the shares represented by such proxies discretionary authority to vote the same in respect of any such other matters in accordance with their best judgment in the interest of the Company.
