PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
May 13, 2003

INFORMATION CONCERNING SOLICITATION AND VOTING

General

We are soliciting the enclosed proxy on behalf of our board of directors for use at the Annual Meeting of Stockholders to be held on May 13, 2003, at 9:30 a.m. local time (the "Annual Meeting"), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the Left Hand Grange No. 9, 197 2nd Street, Corner of 2nd and Franklin, Niwot, Colorado 80503. On or about April 4, 2003, we intend to mail this proxy statement and accompanying proxy card to all stockholders entitled to vote at the Annual Meeting.

Solicitation

We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy, and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries, and custodians holding in their names shares of common stock beneficially owned by others, to be forwarded to such beneficial owners. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by our directors, officers, or other regular employees. No additional compensation will be paid to directors, officers, or other regular employees for such services.

Voting Rights and Outstanding Shares

Only holders of record of our common stock at the close of business on March 14, 2003 will be entitled to notice of, and to vote at, the Annual Meeting. At the close of business on March 14, 2003 we had 10,305,601 shares of common stock outstanding and entitled to vote. Each holder of record of common stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "VOTE WITHHELD" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. If you hold your shares in "street name" through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be voted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in

determining whether there is a quorum. Abstentions will be counted towards the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing a written notice of revocation or a duly executed proxy bearing a later date with our Secretary at our principal executive office, 6311 Horizon Lane, Longmont, Colorado 80503, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by

itself, revoke a proxy.

Stockholder Proposals

The deadline for submitting a stockholder proposal for inclusion in our proxy statement and form of proxy for our 2004 annual meeting of stockholders pursuant to Rule 14a-8 of the Securities and Exchange Commission and our Bylaws is December 5, 2003. Unless a stockholder who wishes to bring a matter before the stockholders at our 2004 annual meeting of stockholders notifies us of such matter prior to February 17, 2004, management will have discretionary authority to vote all shares for which it has proxies in opposition to such matter.

Proposal 1 Election of Directors

Our Amended and Restated Certificate of Incorporation and Bylaws provide that our board of directors shall be divided into three classes, each class consisting of the directors assigned to such class in accordance with a resolution adopted by the board of directors, with each class having a three-year term. Vacancies on the board may be filled only by persons elected by a majority of the remaining directors. A director elected by the board to fill a vacancy (including a vacancy created by an increase in the board) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified. We have ten board of directors' positions, nine of which are currently filled. Paul B. Repetto, a director in the class whose term of office expires in 2003, is not seeking re-election and the board of directors has adopted a resolution reducing the number of board of director positions to nine, by reducing the number of positions with terms expiring in 2006 to three, effective at the 2003 annual meeting of stockholders.

Clark R. Mandigo II, Richard L. Robinson and Michelle P. Goolsby, the nominees for election to this current class, are all currently directors. Messrs. Mandigo and Robinson were elected by the Company's stockholders in July 1996. Ms. Goolsby was elected by the Company's stockholders in May 2000. If elected at the Annual Meeting, the nominees will serve until the 2006 annual meeting and until their successors are elected and have qualified, or until their earlier death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees named below. In the event that the nominees should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominees as management may propose. The persons nominated for election have agreed to serve if elected, and management has no reason to believe that the nominees will be not be able to serve.

Proxies cannot be voted for a greater number of persons than the number of nominees named below.

Set forth below is biographical information for the each person nominated and each person whose term of office as a director will continue after the Annual Meeting.

Representatives of KPMG LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

All Other Fees

KPMG billed us an aggregate of \$128,986 in fees for professional services rendered for services other than those set forth above under the headings Audit Fees and Financial Information Systems Design and Implementation Fees for the year ended December 31, 2002. Stockholder ratification of the selection of KPMG LLP as our independent auditors is not required by our Bylaws or otherwise. However, the board is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee and the board will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee and the board, in their discretion, may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in our and our stockholders' best interests.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of KPMG LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. EXECUTIVE COMPENSATION

Directors Compensation

As of January 1, 2003, each non-employee director receives \$1,500 for each board meeting they attend and \$1,000 for each committee meeting they attend. In addition, the chairperson of the audit committee receives \$2,500 for each committee meeting he or she attends. The chairperson of the compensation committee receives \$2,000 for each committee meeting he or she attends. The governance committee chairperson receives \$2,000 for each committee meeting he or she attends. These fees are paid in grants of shares of our common stock. The number of shares granted is calculated by dividing the fee amount by the closing per-share price of our common stock as reported on the Nasdaq National Market on the date of such meeting. Directors are also reimbursed for certain expenses in connection with attendance at board and committee meetings. We also pay Mr. McCloskey, our chairman, quarterly payments of \$6,250 as compensation for additional time he spends in relation to us. Mr. McCloskey is also reimbursed for his expenses incurred relating to these activities. In the fiscal year ended December 31, 2002, we paid our non-employee directors a total of \$38,000. In July 2002, in connection with the resignation of Mark A. Retzloff from our board, we agreed to accelerate the vesting of certain of his non-qualified options. As a result, we recognized an expense of \$52,000.

In addition, each year we grant each non-employee director a stock option to purchase 6,000 shares of our common stock. These options are granted pursuant to our 1998 Equity Incentive Plan and are granted at each annual meeting of stockholders. The exercise price for these options is the closing per-share price of our common stock as reported on the Nasdaq National Market on the date of such annual meeting. Additionally, each non-employee director receives a stock option to purchase 4,000 shares of our common stock on the date such director is elected to our board. The exercise price for these options is the closing per-share price of our common stock as reported on the Nasdaq National Market, on the date the individual becomes a director. These options vest over a period of five years, with 25% vesting upon the first anniversary of the grant date and the remainder vesting in three equal installments each year thereafter. Additionally, such options granted before 2002 expire five years from the grant date. Those issued in 2002 and going forward expire ten years from the grant date.

In the fiscal year ended December 31, 2002, we granted options to Messrs. Gordon, Mandigo, McCloskey, Repetto and Robinson and Ms. Goolsby, Ms. Jamison and Ms. Paul 6,000 shares each of our common stock at an exercise price of \$17.79 per share. We also granted to Ms. Jamison an option for 10,000 shares at an exercise price of \$14.50 per share.

During 2002, Messrs. Mandigo, McCloskey, Repetto, and Robinson exercised options under the Plan. The following table identifies the number of shares acquired and the net value realized for each

stock option exercised during 2002 by these four individuals. Market price is based on the closing price of our common stock on the dates of exercise as reported on the Nasdaq National Market.

- (1) 25% of the options vest and will become exercisable upon the first anniversary of the grant date and will become exercisable as to the remainder of the grant in three equal annual installments thereafter.
- (2) Based on total options to purchase 536,000 shares of common stock granted in 2002.
- (3) The potential realizable value is calculated assuming the fair market value of common stock on the date of the grant as determined by the board appreciates at the indicated annual rate compounded annually for the entire term of the option and that the option is exercised at the exercise price and the common stock received therefore is sold on the last day of the term of the option for the appreciated price. The 5% and 10% rates of appreciation are mandated by the rules of the Securities and Exchange Commission ("SEC") and do not represent our estimate or projection of future increases in the price of our common stock.

REPORT OF THE COMPENSATION COMMITTEE¹

The compensation committee is responsible for providing guidance, direction, and periodic monitoring for all corporate compensation, benefit, perquisite, and employee equity programs. The compensation committee specifically reviews and approves the following matters within the following limitations:

- a) compensation, benefit, and perquisites for all corporate officers, except a corporate officer only holding the office of secretary;
- b) all bonus plans, total bonus payments, and individual awards to all corporate officers;
- c) benefit plans including profit sharing and pension programs;
- d) perquisite programs and perquisites for corporate officers;
- e) employment agreements for all corporate officers; and
- f) option grants under the 1998 Equity Incentive Plan.

Base Salary

The compensation committee annually reviews each executive officer's base salary. When reviewing base salaries, the compensation committee considers individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge, and competitive pay practices.

Bonuses

In 2002, our Chief Executive Officer and our four other highest paid executive officers earned bonuses in amounts ranging from \$39,241 to \$149,350. The bonuses were paid out in 2003. Such bonuses were based on the extent to which the corporate and certain personal goals were achieved. The bonuses represented approximately 27% to 46% of such officer's base salary.

Stock-Based Incentive Compensation

We adopted the 1998 Equity Incentive Plan in order to provide equity based performance incentives to our employees. The Plan authorizes us to award our officers and other employees incentive stock options and nonqualified stock options to purchase our common stock. The purpose of the Plan is to attract, retain and motivate officers and employees. Stock options may be exercised at a purchase price as determined by the compensation committee, provided that:

The exercise price per share under the Plan must be at least 100% of the fair market value on the date of grant for incentive stock options and at least 85% of the fair market value on the date of grant for nonqualified stock options.

Incentive stock options to employees who beneficially own 10% or more of our outstanding shares may be granted at an exercise price per share of at least 110% of fair market value.

1

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act that might incorporate future filings by reference, including this Proxy Statement, in whole or in part, the following Report of the compensation committee and the Performance Graph shall not be incorporated by reference into any such filings, and shall not be deemed soliciting material under the Securities Act or the Exchange Act.

18

The grants are designed to align the interests of the optionee with those of our stockholders and provide each individual with a significant incentive to manage our company from the perspective of an owner with an equity stake in the business. Moreover, the long-term vesting schedule of four years encourages optionees to attain a long-term commitment. The size of the option grant to each optionee is set at a level that the compensation committee deems appropriate in light of competitive pay practices to create a meaningful opportunity for stock ownership based upon the individual's current position, but also takes into account the individual's potential for future responsibility and promotion over the option vesting period, and the individual's performance in recent periods. The compensation committee periodically reviews the number of shares owned by or subject to options held by, each executive officer, and additional awards are considered based upon past performance of the executive officer.

Chief Executive Officer Compensation

For the fiscal year ended December 31, 2002, Charles F. Marcy, our President and Chief Executive Officer received total cash payments of \$322,500 in salary and earned \$149,350 as a bonus. Mr. Marcy's base salary was set at an annual rate of \$250,000 in 1999 for services rendered by Mr. Marcy as our President and Chief Operating Officer. That base salary was increased to an annual rate of \$275,000 at the time Mr. Marcy became our President and Chief Executive Officer. His current salary is set at \$321,300 per year. Mr. Marcy's salary is based largely on review of publicly available information about salaries of executives with similar responsibilities in companies of comparable size in our industry, his responsibilities within our company, and the subjective evaluation of his overall performance and contribution to our company.

Limitation on Deduction of Compensation Paid to Certain Executive Officers

Section 162(m) of the Internal Revenue Code limits our ability to deduct, for federal income tax purposes, no more than \$1 million of compensation paid to certain named executive officers in any one taxable year.

Compensation above \$1 million may be deducted if it is "performance-based compensation" within the meaning of the Internal Revenue Code. The statute containing this law and the applicable proposed Treasury regulations offer a number of transitional exceptions to this deduction limit for pre-existing compensation plans, arrangements and binding contracts. As a result, the compensation committee believes that at the present time it is quite unlikely that the compensation paid to any named executive officer in a taxable year that is subject to the deduction limit will exceed \$1 million. Therefore, the compensation committee has not yet established a policy for determining which forms of incentive compensation awarded to our named executive officers shall be designed to qualify as "performance-based compensation." The compensation committee intends to continue to evaluate the effects of the statute and any final Treasury regulations and to comply with Section 162(m) of the Internal Revenue Code in the future to the extent consistent with our best interests.

Conclusion

The compensation committee believes that our compensation programs and the administration of those programs will serve our stockholders' interests. These programs allow us to attract, retain and motivate exceptional management talent and to compensate executives in a manner that reflects their contributions to both our short and long-term performance. We intend to continue to emphasize programs that we believe will positively affect stockholder value.

Compensation Committee Interlocks and Insider Participation

None of the members of the compensation committee have served as our executive officers. See "Certain Relationships and Related Transactions" for a description of certain transactions with these board members. None of our executive officers serve as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our board or compensation committee.

Members of the Compensation Committee

The compensation committee is composed of three non-employee directors elected by the board: Ms. Jamison, Ms. Paul and Mr. Mandigo. During 2002, Ms. Goolsby and Mr. Robinson were also members of the compensation committee.

PERFORMANCE MEASUREMENT COMPARISON

The following graph shows the total stockholder return on our common stock from July 2, 1998, the date we became a public company, until December 31, 2002, for (i) our common stock, (ii) a peer group selected by management that we intend to use in this and future proxy statements, consisting of the following five companies: Hain Celestial Group, Inc. formerly known as Hain Food Group, Gaiam, Inc., United Natural Foods, Inc., Whole Foods Market, Inc., and Wild Oats Markets, Inc., (iii) the NASDAQ Stock Market index, and (iv) the Russell 2000 Equity Index. The graph assumes the investment of \$100 in our common stock and in each of the indexes on July 2, 1998 and reinvestment of all dividends, if any. The initial public offering price of our common stock was \$11.00 per share.

For comparison purposes, the total return over the period of July 2, 1998 to December 31, 2002 of a \$100 investment in our stock was \$147.18 compared to \$120.98 for the peer group, \$70.51 for the NASDAQ Stock Market Index, and \$83.59 for the Russell 2000 Equity Index.

AUDIT COMMITTEE AND REPORT²

We have adopted a written Audit Committee Charter, a copy of which was filed as Appendix A to our 2001 Proxy Statement. The members of the audit committee are independent directors as that term is defined in Rule 4200(a)(15) of the National Association of Securities Dealers listing standards.

The purposes of our audit committee are set forth in the Audit Committee Charter. The purposes include assisting the board of directors in its oversight of our financial reporting process and internal controls, our financial statements and the selection of our independent auditors. Management, however, is responsible for the preparation, presentation and integrity of our financial statements, and the independent auditors are responsible for planning and carrying out proper audits and reviews. Our company intends to amend its Audit Committee Charter, if necessary, to comply with any final rules or regulations promulgated by the SEC or the Nasdaq Stock Market in response to the mandates of the Sarbanes-Oxley Act of 2002. Since the recent passage of the Sarbanes-Oxley Act of 2002 (the Act), the audit committee has become responsible for approval of all non-audit services provided by our auditor.

The audit committee reports as follows:

- a) The audit committee has reviewed and discussed the audited financial statements with management;
- b) The audit committee has discussed with the independent auditors the quality, and not just the acceptability under generally accepted accounting principles, of the accounting principles applied by us, and such other matters brought to the attention of the audit committee by the independent auditors required to be discussed pursuant to SAS 61;
- c) The audit committee has received the written disclosures and the letter from the independent accountant required by Independence Standards Board Standard No. 1 and has discussed with the independent accountant the independent accountant's independence;
- d)

Edgar Filing: HORIZON ORGANIC HOLDING CORP - Form DEF 14A

Based on the review and discussions referred to above and subject to the limitations on the responsibilities and roles of the audit committee set forth in the Audit Committee Charter and those discussed above, the audit committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K and the selection of KPMG LLP as our independent auditors; and

e)

The audit committee has considered the services provided by KPMG LLP relating to all other fees described in Proposal 2 and believes the services provided are compatible with maintaining KPMG LLP's independence.

The audit committee is composed of three non-employee directors: Mr. Gordon, Mr. Mandigo and Ms. Jamison. During 2002, Mr. Robinson was also a member of the audit committee.

Dean Foods Company Agreements

Dean Foods Company, a leading manufacturer and distributor of fresh milk and related dairy products, is one of our major shareholders. In 1998, we entered into arrangements with Dean Foods Company's predecessor, Suiza Foods Corporation, including processing and distribution agreements with certain of its subsidiaries. Our relationship includes five-year processing and distribution agreements with three of its subsidiaries:

Model Dairy, a fluid milk processor located in Reno, Nevada, which currently processes organic fluid milk for us.

Robinson Dairy, a fluid milk processor located in Colorado, which currently processes organic milk for us.

Garellick Farms, a fluid milk processor and distributor with several locations in the northeastern United States, which does not currently process any of our products.

The processing and distribution agreement with Model Dairy provides that Model Dairy will distribute all of our organic fluid milk products that are available for sale in its territory. We also process our products at two other Dean Foods subsidiaries without written agreements. Those processors are Morningstar Foods, a fluid milk processor located in Gustine, California and Cultured Specialties, a dairy processor located in Fullerton and Tulare, California. We paid Dean Foods Company (including its predecessor) and its subsidiaries a total of \$18,697,000, \$13,928,000, and \$7,822,000 in 2002, 2001, and 2000, respectively. In addition, one of our directors, Richard Robinson, is the Co-Chief Executive Officer of Robinson Dairy LLC and another one of our directors, Michelle Goolsby, is the Chief Administrative Officer for Dean Foods Company.

We believe that the terms of all of the foregoing transactions are fair and are as favorable to us as we could have obtained from unaffiliated third parties in arms' length negotiations. All future transactions with affiliates will be subject to the approval by our disinterested directors and

will be on terms believed by such directors to be as favorable to us as would be available from unaffiliated third parties.

Director Resignation

In connection with the resignation of Mark A. Retzliff as a director effective July 29, 2002, we entered into an agreement with Mr. Retzliff pursuant to which each of us released the other from any claim and we agreed to accelerate the vesting of stock options held by Mr. Retzliff as follows: 2,000 shares with an exercise price of \$17.25 per share; 10,000 shares with an exercise price of \$9.50 per share; 6,000 shares with an exercise price of \$17.79 per share; and 4,500 shares with an exercise price of \$7.00 per share. These options would have terminated absent this agreement. We incurred an expense of \$52,000 with respect to this agreement because the closing price of our stock on July 29, 2002 was \$12.29 per share.
