PRESS RELEASE
For immediate release

AETERNA ZENTARIS SUBSIDIARY, ATRIUM BIOTECHNOLOGIES, ACQUIRES DOUGLAS LABORATORIES IN THE U.S.

ALL AMOUNTS ARE IN CANADIAN DOLLARS UNLESS OTHERWISE MENTIONED

QUEBEC (CANADA), DECEMBER 8, 2005 - AEtterna Zentaris Inc. (TSX: AEZ, NASDAQ:AEZS) is pleased to announce that its subsidiary, Atrium Biotechnologies Inc. ("Atrium" TSX: ATB.sv), has acquired, effective today, Pittsburgh-based HVL Inc. ("Douglas") whose main brand is Douglas Laboratories. Douglas has been marketing health and nutritional products through healthcare practitioners for over 50 years and has current annual revenues of approximately \$80 million. By acquiring Douglas, Atrium now positions itself as the leader in this sector throughout the United States. The transaction is immediately accretive to Atrium, enabling it to increase its adjusted earnings before interest, income taxes, depreciation and amortization (EBITDA) from approximately \$31 million to about \$48 million on a PRO FORMA basis and therefore also increasing its earnings per share by more than 50%, before synergies. Following the transaction, Atrium's PRO FORMA revenues will exceed \$315 million.

Under the agreement, Atrium will acquire Douglas for the total amount of \$107 million (\$US 92 million), which represents approximately 6.4 times the adjusted EBITDA generated by Douglas. Approximately \$97 million will be paid in cash while the remainder, approximately \$10 million, will be paid in Atrium subordinate voting shares issued to certain Douglas management shareholders at a price of \$10.95 per share. The cash portion will come from Atrium's cash on hand and its newly re-negotiated credit facility that can be increased to \$200 million, under certain conditions.

"This significant acquisition represents Atrium's commitment to its aggressive corporate development strategy as well as immediately increases its EBITDA, net earnings and net earnings per share," stated Gilles Gagnon, President and Chief Executive Officer at AEtterna Zentaris.

Atrium Biotechnologies has issued a detailed press release on this transaction which is available on its Website at www.atrium-bio.com and also on SEDAR.
