Debt refinancing activities in fiscal 2017 will reduce cash interest payments by approximately \$75 million annually.

The Company supplements its reporting of net income with non-GAAP measurements, including adjusted EBITDA, adjusted net income (loss), adjusted net income per diluted share and net debt. This supplemental information should not be considered in isolation or as a substitute for the GAAP measurements. Additional information regarding adjusted EBITDA, adjusted net income and adjusted net income per diluted share referred to herein, including a reconciliation, if available, to the most comparable GAAP measure, is included under Management's Discussion and Analysis of Financial Condition and Results of Operations Key Business Metrics Adjusted EBITDA and Adjusted Net Income (Loss) in the annual report on Form 10-K filed by the Company on March 13, 2018.

**Corporate Governance Highlights**

*Board Independence*

Eight of our nine directors are independent; all director nominees are independent.

*Independent Lead Director*

Our independent directors regularly meet in private executive sessions without management.

We have an independent lead director, who serves as the presiding director at the executive sessions of the independent directors.

*Board Oversight*

All committees of the board are comprised exclusively of independent directors.

*Risk Oversight*

The board regularly devotes substantial time to the Company's strategic priorities, focusing on assessing the Company's progress to date, as well as on strategic initiatives and risks over the short and long term. The board believes that although short-term performance is important, it should be assessed in the context of the Company's long-term goals.

The board has overall responsibility for the oversight of the Company's risk management and reviews our major financial, operational, compliance, reputational and strategic risks, including steps to monitor, manage and mitigate such risks.

*Annual Board Assessments*

Each board committee is responsible for oversight of risk management practices for categories of risks relevant to its functions.

*Board Refreshment*

The board and each board committee conducts an annual assessment of their effectiveness as a group.

The board continues to recruit new directors to bring fresh perspectives and new ideas into our boardroom. During fiscal 2017, pursuant to our age 75 mandatory retirement policy, John W. Alden retired from board service at the end of his current term expiring at the 2017 annual meeting. Peter Dorsman and Lauren Taylor Wolfe joined the board in March 2017, Lionel Nowell in May 2017, and Scott Ostfeld in September 2017. Peter Leav and Lionel Nowell resigned from board service during 2017.

Mr. Dorsman (age 62) has extensive experience in leading large supply chain and customer service organizations. Ms. Taylor Wolfe (age 39) has expertise in capital allocation, capital markets and financial analysis and experience across various industries including information technology, consumer, industrials, and business services. Mr. Ostfeld (age 41) has extensive experience investing in companies and engaging with them to help improve stockholder value, as well as with capital allocation, strategy and governance. Their collective knowledge and experience brings valuable insight to our board. The age, gender and thought diversity that Ms. Taylor Wolfe and Messrs. Dorsman and Ostfeld bring to the board will further enhance

## Edgar Filing: HD Supply Holdings, Inc. - Form PRE 14A

the diversity of experience, backgrounds and opinions represented on the board. Additional qualifications, experience, and other information about our directors is provided on pages 17-21.

### *Stockholder Outreach*

Company management has in the past engaged in wide-ranging dialogue with our major institutional investors. Both the Company and the board benefit greatly from the insights, experiences and ideas exchanged during these engagements. We are committed to continuing this dialogue with our stockholders in the future.

### *Board Declassification    Annual Elections*

The board evaluates on an ongoing basis our corporate governance policies. It recently evaluated the current need for a classified board structure and determined that declassification would be in the best interests of the Company and its stockholders. At the Annual Meeting, we are asking our stockholders to approve an amendment to our Certificate of Incorporation and Bylaws to declassify our board and provide for the annual election of directors.

### *Stock Ownership Guidelines and Holding Period Requirements*

We amended our stock ownership guidelines for our independent directors in 2017 to increase the required ownership from three to five times the annual cash board retainer. Our independent directors must now own at least \$450,000 of our common stock within five years of joining the board. All directors, other than the directors who joined the board during 2017, satisfied the prior guidelines of three times the annual cash board retainer as of the May 2017 annual meeting date. Assuming a stock price of at least \$34.50, all directors, other than the directors who joined the board during 2017, will satisfy the increased ownership guidelines of five times the annual cash board retainer by the 2018 annual meeting date.

Our CEO must own at least five times, our CFO and each of our executive officers who is in charge of a principal business unit must own three times, and each other executive officer must own one times, his or her annual base salary in our common stock within the later of five years from the 2013 effective date of the policy or the date he or she becomes an executive officer. All of our named executive officers currently satisfy the stock ownership guidelines.

Our directors and executives must hold 50% of their vested awards until the ownership guidelines are satisfied and, once satisfied, must hold sufficient shares to satisfy the guidelines at all times.

### *Compensation Clawback*

In the event of a significant restatement of financial results, the board may recoup cash incentive bonuses and equity awards granted to our executive officers.

### *Director Orientation and Continuing Education*

We provide orientation for new directors, and provide our directors with materials or briefing sessions on subjects that we believe will assist them in discharging their duties. We also engage third parties to provide either in-boardroom or dinner meeting education to our directors. To supplement the education we provide, we encourage our directors to attend external programs and reimburse up to \$5,000 annually for the costs of attending such programs.

**GENERAL INFORMATION ABOUT THE 2018 ANNUAL MEETING (continued)**

**Proposal 1 Amendment to Certificate of Incorporation and Bylaws to Declassify the Board of Directors**

The board is asking you to approve an amendment to the Company's Second Amended and Restated Certificate of Incorporation ("**Certificate of Incorporation**") and the Company's Third Amended and Restated By-Laws (the "**Bylaws**") to declassify our board and allow for the annual election of directors. For more information see pages 67-68.

**Proposal 2 Director Election**

**General**

The Company currently has nine directors divided into three classes: two directors in Class I, four directors in Class II, and three directors in Class III. The term of office of the Class II directors expires at the Annual Meeting. The Nominating and Corporate Governance Committee reviewed the qualifications, performance and circumstances of each incumbent Class II director. After completing its review, the Committee proposed all incumbent Class II directors for re-election. The board approved the Committee's recommendation regarding the Class II incumbent directors. The education and professional history of the four Class II nominees are provided below.

**Class II Election**

The four nominees for election as Class II directors are listed below. If our stockholders approve the proposed amendment of our Certificate of Incorporation and Bylaws (see Proposal 1 on pages 67-68) by the requisite vote at the Annual Meeting, then the proposed amendment will become effective immediately upon the filing of the proposed amendment with the office of the Secretary of State of the State of Delaware, which we intend to do during the course of the Annual Meeting, and will apply to the election of directors at the Annual Meeting. If the proposed amendment is approved:

at the Annual Meeting, the Class II directors whose term expires the Annual Meeting will stand for election for terms of one year (a term that expires at the 2019 annual meeting of stockholders);

at the 2019 annual meeting of stockholders, Class II directors elected at the Annual Meeting, as well as the Class III directors whose term expires at the 2019 annual meeting of stockholders, will stand for election for terms of one year (a term that expires at the 2020 annual meeting of stockholders); and

at the 2020 annual meeting of stockholders in 2020, the board will cease to be classified and all directors will be elected to serve terms expiring upon the next annual meeting of stockholders following their election and until their respective successors are elected and qualify.

If the proposed amendment is not approved by the stockholders of the Company by the requisite vote at the Annual Meeting, the Company will continue to have a classified board as currently provided for in the Company's Certificate of Incorporation and Bylaws, and, if elected, the nominees will serve for a three-year term and until their successors are elected and qualify.

Table of Contents**GENERAL INFORMATION ABOUT THE 2018 ANNUAL MEETING (continued)**

If you sign and return the accompanying proxy card, your shares will be voted for the election of the three Class II nominees recommended by the board unless you choose to withhold from voting for any of the nominees. If for any reason any nominee is unable to serve or will not serve, such proxies may be voted for a substitute nominee designated by the board as the proxy holder may determine. The board is not aware of any nominee who will be unable to or will not serve as a director. There is no cumulative voting.

**Class II Nominees**

A nominee must receive the vote of a plurality of the votes validly cast at the Annual Meeting represented either in person or by proxy at the Annual Meeting to be elected. Therefore, the four nominees who receive the most "FOR" votes (among votes properly cast in person, electronically or by proxy) will be elected. Notwithstanding such election, each of the four nominees for election as Class II directors has agreed to tender to the board his or her resignation as a director promptly following the certification of election results in the event such nominee receives a greater number of votes "withheld" from his or her election than votes "for" his or her election (see "Majority Voting Policy – Director Nominees" below for details regarding the board's majority voting policy). Proxies cannot be voted for a greater number of persons than the number of nominees named. The Class II nominees are as follows:

Name	Age	Director		Occupation	Board Committees	Other Public Company	
		Since				Boards	Independent
Betsy S. Atkins	64	2013		CEO, Baja Corporation	Chair N&CG	3	Yes
Scott D. Ostfeld	41	2017		Partner, JANA Partners	Compensation	0	Yes
James A. Rubright	71	2014		Retired CEO, Rock-Tenn	Audit; N&CG	0	Yes
Lauren Taylor				Founding Partner,

\*

Effective April 2018

Additional qualifications, experience, and other information about the four director nominees, as well as the current members of the board who will continue to serve after the Annual Meeting, is provided on pages 17-21. There are no agreements or arrangements between third parties and any of our directors, including the nominees, which provide for compensation or other payment in connection with the director's candidacy or service as a director.

**Majority Voting Policy – Director Nominees**

The full text of the board's majority voting policy for director nominees is set forth in the Company's Corporate Governance Guidelines, available on the corporate governance section of our investor relations website at <http://ir.hdsupply.com/governance.cfm>.

Each of the four nominees for election as Class II directors has agreed to tender to the board his or her resignation as a director promptly following the certification of election results in the event such nominee receives a greater number of votes "withheld" from his or election than votes "for" his or her election (a "**Majority Withheld Vote**"). Neither abstentions nor broker non-votes are deemed to be votes for or withheld from a director's election. The Nominating and Corporate Governance Committee will consider any tendered resignation and recommend to the board whether to accept or reject it. The board will act on each tendered resignation, taking into account the Nominating and Corporate Governance Committee's recommendation, at its next regularly scheduled board meeting following the certification of the election results. The Nominating and Corporate Governance

Committee, when making its recommendation, and the board, when making its decision, may consider any factors or other information that it considers appropriate, including, without limitation, the reasons (if any) given by stockholders as to why they withheld their votes, the qualifications of the tendering director, his or her contributions to the board and the Company, and the results of the most recent evaluation of the tendering director's performance by the Nominating and Corporate Governance Committee and other board members.

The board will promptly and publicly disclose (1) its decision whether to accept or reject the director's tendered resignation, and (2) if rejected by the board, the board's reasons for rejecting the tendered resignation. Any director who tenders his or her resignation will not participate in the Nominating and Corporate Governance Committee recommendation or board action regarding whether to accept or reject the tendered resignation. If a director's tendered resignation is rejected by the board, the director will continue to serve for the remainder of his or her term and until his or her successor is duly elected, or his or her earlier death, resignation or removal. If a director's tendered resignation is accepted by the board, then the board, in its sole discretion, may fill any resulting vacancy or may decrease the number of directors comprising the board, in each case pursuant to the provisions of, and to the extent permitted by, the Bylaws.

The board will consider as candidates for nomination for election or reelection to the board, or to fill vacancies and new directorships on the board, only those individuals who agree to tender, promptly following their election, reelection or appointment, an irrevocable resignation that will be effective upon (i) the occurrence of a Majority Withheld Vote for that director and (ii) acceptance of the tendered resignation by the board. Each of the Class II director nominees have signed such an irrevocable resignation.

**GENERAL INFORMATION ABOUT THE 2018 ANNUAL MEETING (continued)**

***Why am I receiving these proxy materials?***

The accompanying proxy materials have been furnished to you because the Company is soliciting your proxy to vote your shares at the Annual Meeting. This proxy statement describes issues on which we would like you to vote at our Annual Meeting. It also gives you information on these issues so that you can make an informed decision.

The proxy materials include the notice and proxy statement for the Annual Meeting, our annual report on Form 10-K for the fiscal year ended January 28, 2018, the proxy card for the Annual Meeting, and directions on attending the Annual Meeting. The Company has made these proxy materials available to you by Internet or, upon your request, has delivered printed versions of these materials to you by mail, because you owned shares of Company common stock at the close of business on the March 21, 2018 record date.

When you vote via the Internet, or by signing and returning the proxy card, you appoint Dan S. McDevitt and James F. Brumsey as your representatives at the Annual Meeting, with full power of substitution. They will vote your shares at the Annual Meeting as you have instructed them or, if an issue that is not on the proxy card comes up for vote, in accordance with their best judgment, and as permitted by applicable law. This way, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to vote in advance via Internet, or if you received your proxy card by mail, by signing and returning your proxy card. If you vote via Internet, you do not need to return your proxy card.

***Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?***

In accordance with rules adopted by the U.S. Securities and Exchange Commission, the Company uses the Internet as the primary means of furnishing proxy materials to stockholders. Accordingly, the Company is sending a Notice of Internet Availability of Proxy Materials (the "**Notice**") to the Company's stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or how to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of its annual meetings and reduce the cost to the Company of physically printing and mailing materials.

***Who is entitled to vote?***

Holders of our common stock at the close of business on March 21, 2018 are entitled to vote. March 21, 2018 is referred to as the record date. In accordance with Delaware law, a list of stockholders entitled to vote at the Annual Meeting will be available in electronic form at the place of the Annual Meeting on May 17, 2018 and will be accessible in electronic form for ten days before the meeting at our principal place of business, 3400 Cumberland Boulevard, Atlanta, Georgia 30339 between the hours of 9:00 a.m. and 5:00 p.m. Eastern Daylight Time.

If you are a registered stockholder, which means you hold your shares (including any restricted shares) in certificate form or through an account with our transfer agent, American Stock Transfer & Trust Company, LLC, you have the following options for voting before the Annual Meeting:

(1)

***Vote by Internet.*** Visit [www.voteproxy.com](http://www.voteproxy.com) and follow the steps outlined on the secure website. Internet voting is available 24 hours a day and will be accessible until 5:00 p.m. Eastern Daylight Time on May 16, 2018.

(2)

***Vote by Mail.*** If you received a proxy card by mail and choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the envelope provided.

If you are a beneficial holder, meaning you hold your shares in "street name" through an account with a bank or broker, your ability to vote via the Internet or by telephone depends on the voting procedures of your bank or broker. Please follow the directions on the voting instruction form that your bank or broker provides.

Stockholders may also attend the Annual Meeting and vote in person. The method you use to vote will not limit your right to vote at the Annual Meeting if you decide to attend in person. Written ballots will be passed out to anyone who wants to vote at the Annual Meeting. If you hold your shares in "street name," you must obtain a proxy, executed in your favor, from the holder of record to be able to vote in person at the Annual Meeting. Please refer to the notice and voting instruction form, or other information forwarded by your bank or broker, for details on how to request a proxy.

***Is my vote confidential?***

Confidential voting applies to individual stockholders but not to corporate and institutional stockholders. Our confidential voting policy is set forth in our Corporate Governance Guidelines available at <http://ir.hdsupply.com/governance.cfm>.

***What if I change my mind after I return my proxy?***

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. Registered stockholders may do this by:

signing and properly submitting a subsequent proxy with a later date that is received before the polls close at the Annual Meeting;

voting by the Internet on or before 5:00 p.m. Eastern Daylight Time on May 16, 2018;

giving written notice of revocation to Dan S. McDevitt, General Counsel and Corporate Secretary, HD Supply Holdings, Inc., 3400 Cumberland Boulevard, Atlanta, Georgia 30339 before the Annual Meeting; or

voting in person at the Annual Meeting.

If you hold shares through a bank or broker, please refer to your voting instruction form, or other information forwarded by your bank or broker, to see how you can revoke your proxy and change your vote.

Attendance at the Annual Meeting will not, by itself, revoke a proxy.

***How many votes do you need to hold the Annual Meeting?***

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast at the Annual Meeting will constitute a quorum. A quorum must be present to conduct business at the Annual Meeting.

***On what items am I voting?***

You are being asked to vote on two items:

1.  
to approve an amendment to our Certificate of Incorporation and Bylaws to declassify our board and provide for the annual election of directors;
2.  
to elect four directors nominated by the board and named in this proxy statement;
3.  
to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our 2018 fiscal year ending February 3, 2019; and
4.  
to transact any other business as may properly come before the Annual Meeting.

No cumulative voting rights are authorized, and dissenters' rights are not applicable to these matters.

***How does the board of directors recommend that I vote?***

The board recommends that you vote:

FOR approval of amendment of our Certificate of Incorporation and Bylaws to declassify the board and provide for the annual election of directors;

FOR the four director nominees; and

FOR ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

**GENERAL INFORMATION ABOUT THE 2018 ANNUAL MEETING (continued)**

***How may I vote for the proposal to amend the Certificate of Incorporation and Bylaws to declassify the board and provide for the annual elections of directors?***

With respect to this proposal, you may:

- vote FOR the approval of the amendment;
- vote AGAINST the approval of the amendment; or
- ABSTAIN from voting on the proposal.

In order to pass, the proposal must receive the affirmative vote of at least 75% of the voting power of the outstanding shares as of the record date. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

***How may I vote in the election of directors, and how many votes must the nominees receive to be elected?***

With respect to the election of directors, you may:

- vote FOR the four nominees for director;
- vote FOR one or more of the nominees for director and WITHHOLD from voting on one or more of the other nominees for director; or
- WITHHOLD from voting on all the nominees for director.

The Company's Bylaws provide for the election of directors by a plurality of the votes cast. This means that the four individuals nominated for election to the board who receive the most "FOR" votes (among votes properly cast in person, electronically or by proxy) will be elected. Notwithstanding such election, each of the four nominees for election as Class II directors has agreed to tender to the board his or her resignation as a director promptly following the certification of election results if he or she receives a greater number of votes "withheld" from his or her election than votes "for" his or her election (see "Majority Voting Policy – Director Nominees" on pages 5-6 for details regarding the board's majority voting policy).

***What happens if a nominee is unable to stand for election?***

If a nominee is unable to stand for election, the board may either:

- reduce the number of directors that serve on the board; or
- designate a substitute nominee.

If the board designates a substitute nominee, shares represented by proxies voted for the nominee who is unable to stand for election will be voted for the substitute nominee.

***How may I vote for the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, and how many votes must this proposal receive to pass?***

With respect to this proposal, you may:

**GENERAL INFORMATION ABOUT THE 2018 ANNUAL MEETING (continued)**

In order to pass, the proposal must receive the affirmative vote of a majority in voting power of the shares entitled to vote at the Annual Meeting by the shares present in person, electronically, or by proxy and entitled to vote. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal.

***Will my shares be voted if I do not vote via the Internet, telephone, by signing and returning my proxy card, or by attending the Annual Meeting and voting in person?***

If you do not vote via the Internet, by telephone (certain beneficial stockholders), by signing and returning your proxy card, or by attending the Annual Meeting and voting in person, then your shares will not be voted and will not count in deciding the matters presented for stockholder consideration at the Annual Meeting.

Under certain circumstances and in accordance with NASDAQ rules that govern banks and brokers, if your shares are held in street name through a bank or broker, your bank or broker may vote your shares if you do not provide voting instructions before the Annual Meeting. These circumstances include voting your shares on "routine matters," such as the ratification of the appointment of our independent registered public accounting firm described in this proxy statement. With respect to this proposal, therefore, if you do not vote your shares, your bank or broker may vote your shares on your behalf or leave your shares unvoted.

The remaining proposals, namely amendment of our Certificate of Incorporation and Bylaws and the election of director nominees, are not considered routine matters under NASDAQ rules relating to voting by banks and brokers. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a "broker non-vote." Broker non-votes at the Annual Meeting will be counted for purposes of establishing a quorum, but will have no effect on the outcome of the proposals being voted on at the Annual Meeting.

We encourage you to provide instructions to your bank or brokerage firm by voting your proxy. This action ensures your shares will be voted at the meeting in accordance with your wishes.

***What is the vote required for each proposal to pass, and what is the effect of abstentions and uninstructed shares on the proposals?***

For the proposal to amend our Certificate of Incorporation and Bylaws to declassify the board and provide for the annual elections of directors, the proposal must receive the affirmative vote of at least 75% of the voting power of the outstanding shares as of the record date. Our Bylaws provide for the election of directors by a plurality of the votes cast. This means that the four individuals nominated for election to the board who receive the most "FOR" votes (among votes properly cast in person, electronically or by proxy) will be elected. Notwithstanding such election, each of the four nominees for election has agreed to tender his or her resignation as a director to the board promptly following the certification of election results if he or she receives a greater number of votes "withheld" from his or her election than votes "for" his or her election (see "Majority Voting Policy – Director Nominees" on pages 5-6 for details regarding the board's majority voting policy). For the proposal to ratify our independent registered public accounting firm to pass in accordance with our Bylaws, the proposal must receive the affirmative vote of a majority of the votes that could be cast at the Annual Meeting by the shares present in person, electronically, or by proxy at the Annual Meeting and entitled to vote. The

You must bring your admittance ticket (the Notice of Internet Availability of Proxy Materials that you received in the mail), proof of your share ownership as of March 21, 2018 (such as a brokerage statement or letter from your broker), and government-issued photo identification (such as a driver's license). If you do not have an admittance ticket, proof of ownership, or a valid photo identification, you will not be admitted to the Annual Meeting. Cameras and recording devices are not permitted at the meeting. All bags, briefcases, and packages will be held at registration and will not be allowed in the meeting.

***Can I receive future proxy materials and annual reports electronically?***

Yes. This proxy statement and our annual report on Form 10-K for our fiscal 2017 year ended January 28, 2018 are available by accessing the website located at <http://www.astproxyportal.com/ast/18392/>. Instead of receiving paper copies in the mail, stockholders can elect to receive an email that provides a link to our future annual reports and proxy materials on the Internet. Opting to receive your proxy materials electronically will save us the cost of producing and mailing documents to your home or business, will reduce the environmental impact of our annual meetings, and will give you an automatic link to the proxy voting site.

If you are a stockholder of record and wish to enroll in the electronic proxy delivery service for future meetings, you may do so by going to <http://www.astproxyportal.com/ast/18392/> and following the prompts. If you hold shares through a bank or broker, please refer to the notice and voting instruction form, or other information forwarded by your bank or broker, to see how you can enroll for electronic proxy delivery for future meetings.

Table of Contents**OUR BOARD OF DIRECTORS**

The Company's Certificate of Incorporation provides that the board shall consist of not fewer than three nor more than 21 directors, with the exact number to be fixed by the board. The board has fixed the current number of directors at nine, and the Company currently has nine directors.

The Company's Certificate of Incorporation divides the board into three classes, as nearly equal in number as possible, with the terms of office of the directors of each class ending in different years. Class I currently has two directors, Class II has four directors, and Class III has three directors. The terms of directors in Classes I, II, and III end at the annual meetings in 2020, 2018, and 2019, respectively.

<b>Director</b>	<b>Class</b>	
Kathleen J. Affeldt	Class I	Expiring 2020 Annual Meeting
Peter A. Dorsman	Class I	Expiring 2020 Annual Meeting
Betsy S. Atkins	Class II	Expiring 2018 Annual Meeting
Scott D. Ostfeld	Class II	Expiring 2018 Annual Meeting
James A. Rubright	Class II	Expiring 2018 Annual Meeting
Lauren Taylor Wolfe	Class II	Expiring 2018 Annual Meeting
Joseph J. DeAngelo	Class III	Expiring 2019 Annual Meeting
Patrick R. McNamee	Class III	Expiring 2019 Annual Meeting
Charles W. Pepper	Class III	Expiring 2019 Annual Meeting

At each annual meeting of the stockholders, the successors of the directors whose term expires at that meeting are elected to hold office for a term expiring at the annual meeting of stockholders held in the third year following the year of their election. The board is therefore asking you to elect the four nominees for director whose term expires at the Annual Meeting. Betsy S. Atkins, Scott D. Ostfeld, Lauren Taylor Wolfe, and James A. Rubright, our Class II directors, have been nominated by the board for reelection at the Annual Meeting. See "Proposal 2 Election of Directors" on pages 69-70.

If our stockholders approve the proposed amendment of our Certificate of Incorporation and Bylaws (see Proposal 1 on pages 67-68) by the requisite vote at the Annual Meeting, then the proposed amendment will become effective immediately upon the filing of the proposed amendment with the office of the Secretary of State of the State of Delaware, which we intend to do during the course of the Annual Meeting, and will apply to the election of directors at the Annual Meeting. If the proposed amendment is approved:

at the Annual Meeting, the Class II directors whose term expires the Annual Meeting will stand for election for terms of one year (a term that expires at the 2019 annual meeting of stockholders);

at the 2019 annual meeting of stockholders, Class II directors elected at the Annual Meeting, as well as the Class III directors whose term expires at the 2019 annual meeting of stockholders, will stand for election for terms of one year (a term that expires at the 2020 annual meeting of stockholders); and

at the 2020 annual meeting of stockholders in 2020, the board will cease to be classified and all directors will be elected to serve terms expiring upon the next annual meeting of stockholders following their election and until their respective successors are elected and qualify.

Table of Contents

**OUR BOARD OF DIRECTORS (continued)**

The proposed amendment also provides that any director elected to fill a vacancy will hold office for the term that remains for that director, and any director elected to fill a vacancy that resulted from an increase in the size of the board will be elected to serve until the next annual meeting.

Directors are elected by a plurality. Therefore, the four nominees who receive the most "FOR" votes will be elected. Notwithstanding such election, each of the four nominees for election as Class II directors has agreed to tender to the board his or her resignation as a director promptly following the certification of election results if he or she receives a greater number of votes "withheld" from his or her election than votes "for" his or her election (see "Majority Voting Policy – Director Nominees" on pages 5-6 for details regarding the board's majority voting policy).

Proxies cannot be voted for a greater number of persons than the number of nominees named. There is no cumulative voting. If you sign and return the accompanying proxy card, your shares will be voted for the election of the four nominees recommended by the board unless you choose to withhold from voting for any of the nominees. If a nominee is unable to serve or will not serve for any reason, proxies may be voted for such substitute nominee as the proxy holder may determine. The Company is not aware of any nominee who will be unable to or will not serve as a director.

Set forth below is biographical information as well as background information relating to each nominee's and continuing director's business experience, qualifications, attributes, and skills and why the board and Nominating and Corporate Governance Committee believe each individual is a valuable member of our board. The persons who have been nominated for election and are to be voted upon at the Annual Meeting are listed first, with continuing directors following thereafter.

## GOVERNANCE OF OUR COMPANY

The following sections provide an overview of our corporate governance structure and processes. Among other topics, we describe how we select directors, how we consider the independence of our directors, and key aspects of our board operations.

### Selecting Nominees for Director

Our board has delegated to the Nominating and Corporate Governance Committee the responsibility for reviewing and recommending nominees for director to the board. In accordance with our Corporate Governance Guidelines, and on recommendation of the Nominating and Corporate Governance Committee, our board has adopted criteria for the selection of new directors based on the strategic needs of the Company and the board. The Nominating and Corporate Governance Committee will periodically review the criteria adopted by the board and, if deemed desirable, recommend changes to the criteria.

Pursuant to the criteria adopted by our board, the board seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Individuals are considered for nomination to the board based on their business and professional experience, judgment, oversight roles held, age, skills, and background. The board also considers the candidate's availability, absence of conflicts, and any applicable independence or experience requirements. The Nominating and Corporate Governance Committee considers diversity in identifying nominees for director, including personal characteristics such as race and gender, as well as diversity in experience and skills relevant to the board's performance of its responsibilities in the oversight of the business. For each of the nominees to the board, the biographies shown above highlight the experiences and qualifications that were among the most important to the Nominating and Corporate Governance Committee in concluding that the nominee should serve as a director of the Company.

The Nominating and Corporate Governance Committee is responsible for recommending to the board nominees for election to the board at each annual meeting of stockholders and for identifying one or more candidates to fill any vacancies that may occur on the board. New candidates may be identified through recommendations from independent directors or members of management, search firms, discussions with other persons who may know of suitable candidates to serve on the board, and stockholder recommendations. Evaluations of prospective candidates typically include a review of the candidate's background and qualifications by the Nominating and Corporate Governance Committee, interviews with the committee as a whole, one or more members of the committee, or one or more other board members, and discussions of the committee and the full board. The committee then recommends candidates to the full board, with the full board selecting the candidates to be nominated for election by the stockholders or to be elected by the board to fill a vacancy.

In accordance with the board's majority voting policy, the board will consider as candidates for nomination for election or reelection to the board, or to fill vacancies and new directorships on the board, only those individuals who agree to tender, promptly following their election, reelection or appointment, an irrevocable resignation that will be effective upon (i) the occurrence of the nominee receiving a greater number of votes "withheld" from his or her election to the board than votes "for" his or her election and (ii) acceptance of the tendered resignation by the board (see "Majority Voting Policy – Director Nominees" on pages 5-6 for details regarding the board's majority voting policy).

The Nominating and Corporate Governance Committee will consider director candidates proposed by stockholders on the same basis as recommendations from other sources. Any stockholder

who wishes to recommend a prospective candidate for the board for consideration by the Nominating and Corporate Governance Committee may do so by submitting the name and qualifications of the prospective candidate in writing to the following address: Dan S. McDevitt, General Counsel and Corporate Secretary, HD Supply Holdings, Inc., 3400 Cumberland Boulevard, Atlanta, Georgia 30339. Any such submission should also describe the experience, qualifications, attributes and skills that make the prospective candidate a suitable nominee for the board. Our Bylaws set forth the requirements for director nomination by a stockholder of persons for election to the board. These requirements are described under "Other Information for Stockholders" on page 72 of this proxy statement.

There are no agreements or arrangements between third parties and any of our directors, including the nominees, which provide for compensation or other payment in connection with the director's candidacy or service as a director.

**Board Refreshment**

The Nominating and Corporate Governance Committee periodically assesses the composition of our board, including whether any vacancies are expected on our board due to retirement or otherwise. In connection with this review in fiscal 2017, four new independent directors, Peter A. Dorsman, Lionel Nowell, Scott D. Ostfeld and Lauren Taylor Wolfe, joined our board in 2017, bringing fresh and diverse perspectives. Mr. Dorsman brings extensive experience in leading large supply chain and customer service organizations. Mr. Nowell's extensive financial background brought knowledge to the board in the areas of corporate finance, credit and treasury, financial reporting, accounting and controls and risk oversight. Mr. Ostfeld brings extensive experience investing in companies and engaging with them to help improve stockholder value, as well as with capital allocation strategy and governance. Ms. Taylor Wolfe's diverse knowledge and experience across various industry verticals and expertise in capital allocation and long-term value investing brings valuable insight to the board. The age, gender, and thought diversity that these new independent directors bring to the board also further enhances the diversity of experience, backgrounds and opinions represented on the board. We believe the addition of these new directors, combined with our directors who have experience with us, provides a strong balance of deep, historical understanding of our Company and new perspectives, resulting in strong guidance and oversight to our executive management team.

Pursuant to our age 75 mandatory retirement policy, John W. Alden retired from board service in May 2017. Peter Leav and Lionel Nowell resigned from board service in July and September 2017, respectively.

**Director Independence**

The board reviewed director independence during fiscal 2017 and considered whether there were any relationships between each director or any member of his or her immediate family and the Company. The board also examined whether there were any relationships between an organization of which a director is a partner, stockholder or executive officer and the Company. The purpose of this review was to determine whether any such relationships were inconsistent with a determination that a director is independent. No director is deemed independent unless the board has made an affirmative determination that such director has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. When conducting its analysis, the board specifically considered all transactions discussed in "Related Person Transactions" on pages 29-30 of this proxy statement. As a result of this review, the board affirmatively determined that

**GOVERNANCE OF OUR COMPANY (continued)**

all of its non-employee directors are independent, and all directors serving on the standing committees of the board satisfy the independence requirements of NASDAQ and the U.S. Securities and Exchange Commission (the "**SEC**") relating to directors and Audit, Compensation and Nominating and Corporate Governance Committee members.

**Executive Sessions of our Non-Management Directors**

The chairman of the board, or the independent lead director if the chairman is not independent, and the full board separately, have authority to require the board to meet in executive sessions outside the presence of management. The independent directors meet at regularly scheduled executive sessions without management at least twice per year. In the absence of an independent chairman, the independent lead director will act as chair at such meetings, and if no lead director has been appointed or if the lead director also is not present, the Nominating and Corporate Governance Committee chairperson shall preside over executive sessions and other meetings of the independent directors. The independent directors met in executive session outside the presence of management five times during fiscal 2017.

**Board Self-Evaluation Process**

The Nominating and Corporate Governance Committee leads the annual board and board committee self-evaluation. For fiscal 2017, the process was conducted by survey at the May meetings, with each director completing a detailed questionnaire providing for quantitative ratings in key areas such as overseeing personnel development and succession plans, financials, strategy, risk and governance issues and board dynamics, and seeking subjective comment in each of those areas, to determine their effectiveness and opportunities for improvement. The survey feedback is discussed with the chairman, independent lead director, and the chair of each board committee to ensure that actionable items are appropriately handled. In addition, our independent lead director led a discussion regarding the feedback with the full board. The committee periodically reviews the self-evaluation process in an effort to continually improve board effectiveness.

**Board Leadership Structure**

As noted in our Corporate Governance Guidelines, the board has no policy with respect to the separation of the offices of chairman of the board and chief executive officer. The board believes that it is important to retain its flexibility to allocate the responsibilities of the offices of the chairman and chief executive officer in any way that is in the best interests of the Company at a given point in time. As part of its annual self-evaluation process, the board evaluates whether the board leadership structure provides the optimal structure for the Company.

Currently, our chief executive officer, Joseph J. DeAngelo, serves as chairman of the board, and Kathleen J. Affeldt serves as the independent lead director of the board. Our board believes that having a combined chairman/chief executive officer, independent members and chairs for each of our board committees, and an independent lead director currently provides the best board leadership structure for the Company. This structure, together with our other corporate governance practices, provides strong independent oversight of management while ensuring clear strategic alignment throughout the Company. Our lead director is an independent, non-employee director who is appointed by the independent directors of the board.

Table of Contents

**GOVERNANCE OF OUR COMPANY (continued)**

Our board appointed Mr. DeAngelo to serve as chairman of the board based on the leadership qualities, management capability, knowledge of the business and industry, and long-term, strategic perspective he has demonstrated as our chief executive officer. The independent directors supported the appointment of Ms. Affeldt as our independent lead director, as she possesses the characteristics and qualities critical for an independent lead director. Having served as chairman of the board of BTE Technologies and as chair of the compensation of public companies, and having significant public board experience, Ms. Affeldt has the qualities and experience desired for an independent lead director—high personal integrity, significant board leadership experience, strong business acumen and operations history, and public company experience.

Our Corporate Governance Guidelines require the chairman either to be independent or, if not, to be complemented by an independent lead director. A critical element for our board in supporting the current board leadership structure is the simultaneous adoption of robust and transparent duties for the independent lead director. These duties help facilitate our board's independent, objective, effective, and efficient oversight of our Company. Our board believes that an executive chairman working with an independent lead director who has strong, well-defined duties gives our board a strong leadership and corporate governance structure that best serves the needs of the Company today. The respective roles and responsibilities of the chairman of the board and independent lead director are set forth in the Company's Corporate Governance Guidelines, available on the corporate governance section of our investor relations website at <http://ir.hdsupply.com/governance.cfm>.

**Board's Role in Risk Oversight**

Our board has overall responsibility for overseeing our risk management. Under its charter, the Audit Committee is responsible for reviewing and discussing the Company's risk management practices, including the effectiveness of the systems and policies for risk assessment and risk management, the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, any unusual material transactions and management, internal auditor and independent auditor reviews of the Company's Foreign Corrupt Practices Act policies, procedures and monitoring. The Audit Committee also oversees our corporate compliance and ethics programs, as well as the internal audit function. The board's other committees oversee risks associated with their respective areas of responsibility. For example, the Compensation Committee oversees the potential risks associated with our compensation policies and practices.

In addition to the committees' work in overseeing risk management, our full board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed. The board also receives reports on risk management from senior officers of the Company and from the committee chairs. The board reviews periodic assessments from the Company's ongoing enterprise risk management process that are designed to identify potential events that may affect the achievement of the Company's objectives.

The Company's general counsel reports directly to our chief executive officer, providing him with visibility into the Company's risk profile. The Company's internal audit staff regularly reports to the Audit Committee, and our general counsel and our vice president of internal audit, have regularly scheduled private sessions with the Audit Committee. The board believes that the work undertaken by the committees of the board, together with the work of the full board and our chief executive officer, enables the board to oversee effectively the Company's risk management function.

**Corporate Governance Guidelines, Committee Charters, and Codes of Business Conduct and Ethics**

Our Corporate Governance Guidelines are available on the corporate governance section of our investor relations website at <http://ir.hdsupply.com/governance.cfm>. The charters for each of the Audit, Compensation, and Nominating and Corporate Governance Committees are also available on our investor relations website.

We have a long-standing commitment to conduct our business in accordance with the highest ethical principles. Our Code of Business Conduct and Ethics is applicable to all the representatives of our enterprise, including our executive officers and all other employees and agents of our Company and our subsidiary companies, as well as to our directors. A copy of our code is available on the corporate governance section of our investor relations website. Under this code of ethics, our associates are encouraged to talk to supervisors, managers, or other appropriate personnel when in doubt about the best course of action in a particular situation. Any violation will be subject to appropriate discipline, up to and including dismissal from the Company or prosecution under the law.

Our Code of Ethics for Senior Executive and Financial Officers, also available on our investor relations website, applies to our chief executive officer, chief financial officer, chief accounting officer, and any other senior executive or financial officer performing similar functions. Under this code of ethics, our executives are required, among other things, to act with honesty and integrity, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; to provide full, fair, accurate, timely, and understandable disclosure in reports and documents that the Company files with, or submits to, the SEC, and in other public communications made by the Company; to comply with applicable laws, governmental rules and regulations, including insider trading laws; and to promote the prompt internal reporting of potential violations or other concerns related to the code of ethics to the chair of the Audit Committee. We have also adopted a policy providing procedures by which our in-house and outside attorneys are to report material violations of applicable U.S. federal or state laws, or a material breach of a fiduciary duty, as required by SEC rules.

**Committees of the Board of Directors**

Our board has three committees: the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance ("N&CG") Committee. Each current board committee has adopted a charter, available on the corporate governance section of our investor relations website at <http://ir.hdsupply.com/governance.cfm>.

During fiscal 2017, the Audit Committee held eight meetings. Each member of our Audit Committee meets the independence requirements of NASDAQ and the SEC, and each is financially literate. Our board has determined that Charles W. Pepper is an audit committee financial expert as defined by the SEC.

**Compensation Committee.** The Compensation Committee has oversight responsibility for, among other things, executive succession planning, the compensation of our executive officers and directors, approving equity grants and other incentive arrangements, and authorizing employment-related agreements for our executive officers.

During fiscal 2017, the Compensation Committee held four meetings. All directors serving on the Compensation Committee meet NASDAQ independence requirements, the "non-employee director" requirements of SEC Rule 16b-3, and were outside directors under Section 162(m) during fiscal 2017 (which will not be not applicable after 2017 under the Tax Cuts and Jobs Act). **Compensation Committee Interlocks and Insider Participation**

Kathleen J. Affeldt, John W. Alden (before his retirement in May 2017), Betsy S. Atkins (through September 2017), Peter A. Dorsman (from March 2017), Scott D. Ostfeld (from September 2017), and Patrick R. McNamee were members of the Compensation Committee of our board during fiscal 2017. None of these directors is or was an employee or former employee of the Company.

None of our executive officers serves as a member of a board or compensation committee of any entity that has one or more executive officers who serve on the board or Compensation Committee.

**Compensation Practices and Risk Management**

During fiscal 2017, management and the Compensation Committee conducted a comprehensive assessment and evaluation of the potential risks associated with our compensation policies and practices with respect to both executive compensation and compensation generally. Based on our approach of compensating our associates for the financial success of the Company as a whole and other elements of our compensation program, we concluded that our compensation policies and practices do not encourage undue risk-taking and do not create any risk that is reasonably likely to have a material adverse effect on the Company. We believe that our compensation practices provide a balanced mix of cash and equity, annual and longer-term incentives, and performance metrics that mitigate excessive risk-taking that could diminish our value.

The financial metrics used to determine the amount of an executive's annual cash bonus are measures that the Compensation Committee believes drive business profitability and reward our executives for incremental annual improvements in working capital while continuing to grow EBITDA. The Committee sets ranges for these measures intended to encourage success without encouraging excessive risk taking to achieve short-term results. In addition, the overall bonus cannot exceed two times the target amount no matter how much actual financial performance exceeds the ranges anticipated and established at the beginning of the year.

Vesting our annual equity awards over a minimum of four years ensures that our executives' interests align with those of our stockholders over the long term.

Incentive awards, including stock-based compensation, to our executive officers are subject to clawback pursuant to the Company's clawback policy.

All executive officers are subject to stock ownership guidelines and holding period requirements.

**Meetings of the Board of Directors and Attendance at the Annual Meeting**

The board held eight meetings during fiscal 2017. Each of our directors, other than Mr. Alden, attended 75% or more of the total number of meetings of the board during fiscal 2017. Mr. Alden missed one of the two board meetings held before his retirement in May 2017 due to a scheduling conflict. All directors attended all meetings of the committees of which he or she was a member during fiscal 2017, other than Mr. McNamee, who missed one Audit Committee meeting, Mr. Leav who missed one Nominating and Corporate Governance Committee meeting, and Mr. Alden who missed

one Compensation Committee meeting, all due to scheduling conflicts. Directors are encouraged to attend our annual meetings and seven of the nine individuals who were directors at the time attended the 2017 annual meeting.

**Succession Planning and Management Development**

We are focused on talent development at all levels within our organization. Among the Compensation Committee's key responsibilities is the responsibility to ensure that management establishes and the committee oversees an effective executive succession process. The board regularly reviews the succession plans that support our overall business strategy, with a focus on key positions at the senior officer level. The board recognizes that succession planning and talent management are closely connected to risk management. Potential leaders are given exposure and visibility to board members through formal presentations and informal events. More broadly, the board is regularly updated on key talent indicators for the overall workforce, including through diversity, recruiting, and development programs.

**Policies and Procedures for Related Person Transactions**

We have adopted a written related person transactions policy under which related persons, namely our executives, directors, and principal stockholders, and each of their immediate family members, are not permitted to enter into certain transactions, or materially modify or amend an ongoing transaction, with the Company in an amount exceeding \$120,000, without the consent of our Audit Committee or a designated member of the Audit Committee. Any request for us to enter into or materially modify or amend such transactions is required to be presented to our Audit Committee for review, consideration, and approval. All of our directors and executive officers are required to report to our Audit Committee any such related person transaction. In approving or rejecting the proposed transaction, our Audit Committee will take into account, among other factors it deems appropriate, whether the proposed related person transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, the extent of the related person's interest in the transaction, and, if applicable, the impact on a director's independence. Under the policy, if we should discover related person transactions that have not been approved, our Audit Committee will be notified and will determine the appropriate action, including ratification, rescission, or amendment of the transaction.

**Related Person Transactions**

**Indemnification Agreements**

We have entered into an indemnification agreement with each of our directors. The indemnification agreements provide our directors with contractual rights to the indemnification and expense advancement rights provided under our Bylaws, as well as contractual rights to additional indemnification as provided in the indemnification agreement.

**Agreements with Home Depot**

On August 30, 2007, investment funds associated with Clayton, Dubilier & Rice, LLC, The Carlyle Group and Bain Capital Partners, LLC entered into a stock purchase agreement with The Home Depot, Inc. ("**Home Depot**") pursuant to which Home Depot agreed to sell to the Company, or

to a wholly-owned subsidiary of the Company, certain intellectual property and all of the outstanding common stock of HD Supply, Inc., our primary operating company and a wholly-owned subsidiary of the Company ("**HDS**") and a Canadian subsidiary, CND Holdings, Inc. On August 30, 2007, through a series of transactions, the Company's direct wholly-owned subsidiary, HDS Holding Corporation, acquired direct control of HDS and the Canadian subsidiary, CND Holdings, Inc. (the "**2007 Transaction**").

Certain guarantees, surety bonds and letters of credit that Home Depot and/or its affiliates entered into prior to the closing of the 2007 Transaction (other than HDS, HD Supply Canada, Inc. and their respective affiliates) relate to our and our subsidiaries' obligations to landlords, customers and suppliers, and remained in place immediately after the closing of the 2007 Transaction. The Company agreed in the purchase and sale agreement to fully indemnify Home Depot and its affiliates from any losses that arise out of these obligations. The Company also agreed to use its reasonable best efforts to cause itself and/or HD Supply to be substituted for Home Depot and/or its affiliates and to have Home Depot and its affiliates released in respect of certain such obligations.

**Transactions with Other Related Parties**

In May 2015, James A. Rubright, an independent director, acquired a 24.5% interest in MPC Partnership Holdings, LLC (d/b/a Carroll Organization), which is the managing member of, and owns a minority interest in, affiliated apartment community owners. The Company had a preexisting relationship with the Carroll Organization pursuant to which its affiliated apartment community owners purchased products from the Company. On a consolidated basis, the Carroll Organization's affiliated apartment community owners purchased products from the Company of \$3.14 million in fiscal 2017, \$3.71 million in fiscal 2016, and \$3.67 million in fiscal 2015. These transactions were conducted in the ordinary course of business on an arm's-length basis on terms and at prices management believes an unrelated third party would pay.

Gail T. DeAngelo, who is the sister of our chief executive officer, was a senior business manager for the Company from January 2008 through her December 2017 termination date. During fiscal 2017, Ms. DeAngelo received an aggregate of \$113,391 in base compensation, as well as customary employee benefits. As a senior manager, Ms. DeAngelo was not eligible to participate in our equity compensation plan, but was a participant in our associate stock purchase plan, which provides a 5% discount on purchased stock (\$179 benefit for fiscal 2017). In connection with closing our Schenectady, New York office and related termination of Ms. DeAngelo's employment with the Company, the Audit Committee approved severance payments of \$44,259 for Ms. DeAngelo, representing 12 weeks of base compensation and a prorated fiscal 2017 bonus payment, in exchange for a release of claims, confidentiality and noncompetition covenants. Ms. DeAngelo's compensation and severance payments are within the established range paid to our senior managers.

**Policy Regarding Certain Transactions in Company Securities**

We prohibit our directors, officers and employees from engaging in short sales of the Company's securities, and prohibit transactions in puts, calls or other derivative securities with respect to Company securities. Any such transaction must be pre-cleared with our general counsel and, to date, no transactions of that kind have been approved.

Table of Contents**OWNERSHIP OF SECURITIES****Securities Ownership of Certain Beneficial Owners and Management**

The following tables set forth information as of March 15, 2018 with respect to the beneficial ownership of our common stock by (i) each person known to own beneficially more than five percent of our common stock; (ii) each director; (iii) each of the named executive officers; and (iv) all directors and executive officers as a group. We are not aware of any pledges of our common stock which may at a subsequent date result in a change in control of the Company.

The amounts and percentages of shares beneficially owned are reported on the basis of SEC rules and regulations governing the determination of beneficial ownership of securities. Under those rules and regulations, a person is deemed to be a "beneficial owner" of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days of the determination date, which in the case of the following table is May 14, 2018. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities, and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest.

The percentage of beneficial ownership is based on 185,530,038 shares of our common stock outstanding as of March 15, 2018.

Except as otherwise indicated in the footnotes to this table, each of the beneficial owners listed has, to our knowledge, sole voting and investment power with respect to the indicated shares of common stock.

The following table sets forth information with respect to any person known to us to be the beneficial owner of more than five percent of our common stock, based on information in Schedule 13Gs filed with the SEC and Company records:

**Narrative Discussion**

The following is a narrative discussion of the material factors we believe are necessary to understand the information disclosed in the director compensation table.

The Compensation Committee is responsible for reviewing and recommending to the board the compensation of our non-employee directors. Our board establishes non-employee director compensation after considering recommendations made by the Compensation Committee. The Compensation Committee and the board review the compensation level of our non-employee directors on a biennial basis. Since 2009, the Company has engaged Pearl Meyer to provide input with respect to our non-employee director compensation, including a market review of the competitiveness of total compensation. For further information, see "Compensation Consultant and Use of Comparator Data" on pages 44-45. During fiscal 2017, based on Pearl Meyer's input and peer group benchmarking, the Compensation Committee recommended, and the board approved, a \$5,000 increase to the annual cash retainer and a \$10,000 increase in the annual equity retainer effective May 17, 2017. We believe that the compensation paid to our non-employee directors is reasonable and appropriate, in line with market practice, and is in the best interests of the Company and our stockholders because it allows us to attract and retain highly qualified non-employee directors which is critical to our long-term success.

Director compensation is provided pursuant to our Board of Directors Compensation Policy. Mr. DeAngelo, Chairman, President and Chief Executive Officer, does not receive any compensation for service as a director. The director compensation year runs from the date of each annual stockholders meeting. As a matter of good corporate governance, the Omnibus Incentive Plan approved by our stockholders in May 2017 provides a maximum limit of \$750,000 on director compensation (both cash and equity awards) for any board compensation year. The elements of our director compensation program are discussed in more detail below.

Table of Contents

**DIRECTOR COMPENSATION (continued)**

*Equity Compensation*

Each non-employee director receives an annual equity award in the form of restricted stock units under the Company's Omnibus Incentive Plan. The number of restricted stock units is determined by dividing \$130,000 (\$190,000 for the independent lead director) by the closing stock price of a share of our common stock on the grant date, which is the date of our annual stockholders meeting. Each restricted stock unit represents the contingent right to receive one share of our common stock, par value \$0.01 per share. The restricted stock units vest on the earliest of: (1) the one-year anniversary of the grant date, (2) the Company's next annual stockholders meeting, or (3) a change in control, and will be settled upon vesting unless the director elects to defer settlement until termination of board service. A pro rata portion of the award vests upon termination of the director's service due to death, disability, or age 75 retirement based on the number of days of service during the year of termination. Equity compensation is prorated for directors who serve less than the full compensation year. Except as described above for terminations due to death, disability, or age 75 retirement, restricted stock units are forfeited on termination of board service before the awards have vested.

*Cash Compensation*

Each non-employee director is paid an annual cash fee for board service of \$90,000, payable in installments at each quarterly board meeting. In addition, each non-employee director appointed to serve as a member of a standing board committee receives an annual cash retainer as follows: \$12,500 for Audit Committee members; \$10,000 for Compensation Committee members; and \$7,500 for Nominating and Corporate Governance Committee members. Committee chairs are not eligible to receive the committee retainer, but instead receive a committee chair retainer as follows: \$25,000 for the Audit Committee chair; \$20,000 for the Compensation Committee chair and \$15,000 for the Nominating and Corporate Governance Committee chair. Any non-employee board chairman would receive an annual cash retainer of \$25,000, and the independent lead director receives an annual cash retainer of \$75,000, in each case, that is in addition to the other cash retainers. Cash fees are prorated for directors who serve less than the full compensation year.

Directors may elect to convert their cash fees into Company stock in the form of deferred stock units. Each deferred stock unit represents the right to receive one share of our common stock, par value \$0.01 per share. The deferred stock units are fully vested and will be settled upon termination of the director's board service.

*Travel Expense Reimbursements*

Directors are reimbursed for their reasonable expenses related to board membership, including first-class airfare on a commercial airline for travel to board meetings or for other Company business.

*Stock Ownership Guidelines and Holding Period Requirements*

We amended our Stock Ownership Guidelines in 2017 to increase the required ownership level for our independent directors from three to five times the annual cash board retainer. Our independent directors are now expected to own shares of our common stock valued at five times the annual cash board retainer (or \$450,000) within five years of their appointment or election to the board, under the terms of the Stock Ownership Guidelines adopted by the Compensation Committee. Directors are required to hold 50% of their vested stock awards until the ownership guidelines are satisfied. Certain

Table of Contents

**DIRECTOR COMPENSATION (continued)**

directors have elected to defer settlement of their vested restricted stock units and deferred stock units until termination of board service. These deferred vested stock units are deemed owned for purposes of the stock ownership guidelines.

All directors, other than the directors who joined the board during 2017, satisfied the prior guidelines of three times the annual cash board retainer as of the May 2017 annual meeting date. Assuming a stock price of at least \$34.50, all directors, other than the directors who joined the board during 2017, will satisfy the increased ownership guidelines of five times the annual cash board retainer by the 2018 annual meeting date.

*Director Orientation and Continuing Education*

We provide orientation for new directors, and provide our directors with materials or briefing sessions on subjects that we believe will assist them in discharging their duties. We also engage third parties to provide either in-boardroom or dinner meeting education to our directors. To supplement the education we provide, we encourage our directors to attend external programs and reimburse up to \$5,000 annually for the costs of attending such programs.

The same target long-term incentive grant values were maintained;

In April 2017, we used cash and available borrowings under the Senior ABL Facility to repay \$100 million aggregate principal of our Term B-1 Loans. Debt refinancing activities in fiscal 2017 will reduce cash interest payments by approximately \$75 million annually.

The Company supplements its reporting of net income with non-GAAP measurements, including adjusted EBITDA, adjusted net income (loss), adjusted net income per diluted share and net debt. This supplemental information should not be considered in isolation or as a substitute for the GAAP measurements. Additional information regarding adjusted EBITDA, adjusted net income and adjusted net income per diluted share referred to herein, including a reconciliation, if available, to the most comparable GAAP measurement, is included under Management's Discussion and Analysis of Financial Condition and Results of Operations Key Business Metrics Adjusted EBITDA and Adjusted Net Income (Loss) in the annual report on Form 10-K filed by the Company on March 13, 2018.

*2017 Executive Compensation and Pay-for-Performance Results*

Our fiscal 2017 financial results led to the following executive compensation and pay-for-performance results with respect to fiscal 2017:

AIP payouts were earned at 71.52% of target for Messrs. DeAngelo, Levitt and McDevitt;

AIP payout was earned at 90.39% of target for Mr. Stegeman;

AIP payout was earned at 57.34% of target for Mr. Stengel;

Mr. LeClair did not receive an AIP payout due to his separation from service in August 2017 in connection with the Company's divestiture of its HD Supply Waterworks business.

Equity-based long-term incentive awards granted in March 2017 accrued value commensurate with the increase in stock price during the year.

With respect to CEO pay, the following illustrates target versus realizable pay for fiscal 2017:

**CEO 2017 Target vs. Realizable Compensation**

HDS Notice of Annual Meeting and 2018 Proxy Statement  
Page 40

Table of Contents

**EXECUTIVE COMPENSATION (continued)**

The following definitions were used for realizable pay:

Base Salary: actual base salary earned during fiscal 2017

Short-Term Incentive: actual short-term incentive paid for fiscal 2017 performance

Restricted Stock: fiscal year end value of restricted stock awards granted in February 2017 (all unvested at fiscal year end)

Options: fiscal year end in-the-money value of stock options granted in February 2017 (all unvested at fiscal year end)

None of the equity value shown in the chart above was vested as of year-end, which the Committee believes provides strong ongoing performance and retention strength.

In evaluating fiscal 2017 performance and pay results, the Committee believes it reflects strong alignment between pay and performance, while also allowing the Company to attract and retain talent. The Committee also believes that the Company has sound overall governance processes, practices, and policies, as evidenced by the following:

**What We Do (Best Practices)**

**What We Don't Do or Allow**

executive sessions without management

excessive severance

independent compensation consultant

single trigger equity acceleration on a change in control where awards honored or assumed

review of total compensation tally sheets

parachute excise tax gross-ups

annual compensation risk assessment

option repricing or buyouts

significant amount of pay "at risk"

significant use of equity-based pay

four year vesting on equity awards

capped incentive opportunities

clawback policy upon a restatement

robust stock ownership requirements

performance award added for 2018

*Addition of Performance Award to Grant Mix For 2018*

During 2017, the Committee, with the assistance of its independent compensation consultant, conducted a thorough review of the Company's short-term and long-term incentive plans. Based on this review, the Committee approved a change to the long-term incentive program for 2018. The primary change was to add performance award stock units to the annual grant mix for the named executive officers, with the grant mix for 2018 being 50% stock options, 25% restricted stock, and 25% performance award. The performance award is tied to cumulative adjusted earnings per share and free cash flow over a three-year period (fiscal 2018-fiscal 2020), with a payout opportunity ranging from 50% to 200% of target assuming a threshold level of performance is achieved. The Committee believes that this change increases the pay-for-performance nature of the long-term incentive program while creating additional focus and accountability for achieving and sustaining long-term adjusted earnings per share and free cash flow growth. The Committee will continue to evaluate the long-term incentive plan design each year to ensure alignment with business priorities and market practices, and may approve further changes to the plan design in subsequent years.

**Determining Executive Compensation**

The Committee oversees and directs our executive compensation process and plan designs. Working under the guidance and direction of the Committee and its independent compensation consultant, our human resources team develops and implements programs that we believe are aligned with the strategies and philosophies embraced by the Committee and our Company. Our finance team heavily supports the process by providing financial analysis and input and review of program design. Except with respect to his own compensation, our CEO has final management-level review of any compensation program before it is sent to the Committee for consideration and approval. The Committee has the task of evaluating and approving our material compensation programs, including our equity compensation program. Management frequently consults with the Committee during the design process to obtain its direction and feedback on how the design of our executive compensation programs support the overall strategy of the Company. As described below, data from outside consultants are also used during the design process to obtain further insight into the features of our compensation program.

We consider the cost (including aggregate share usage and dilution) of the various components of our compensation program in evaluating the overall balance and reasonableness of our executives' total direct compensation packages. We review total compensation levels for executive officers at least annually through the use of tally sheets that quantify each element of direct and indirect compensation provided to individual executives and the portion of the executive's total compensation represented by each element of compensation. This annual review of tally sheets also includes information on the value of executives' unexercised stock options (if any) and outstanding stock awards, as well as an evaluation of the payments and benefits that would be paid to executive officers in the event of termination of employment, including retirement or following a change in control of the Company. While providing additional context to us in making compensation decisions, the information from the tally sheets regarding unexercised stock options (if any), outstanding stock awards and termination payments and benefits generally does not affect our compensation decisions for the NEOs. This reflects our view that an executive's compensation level should be based on the Company's performance, the executive's performance, and the executive's contribution to the Company's performance.

Our CEO provides the Committee with a performance assessment for each of the other current NEOs. Our CEO, chief financial officer, chief people officer, and general counsel generally attend regularly scheduled quarterly Committee meetings, but are not present for the executive sessions or for any discussion of his or her own compensation. The Committee approves the amount and form of each element of compensation (including base salary, annual cash incentive compensation, equity-based incentive compensation, benefits and perquisites) for the CEO and approves each element of compensation for our other executive officers after considering performance assessments and compensation recommendations made by management. The Committee may not delegate its authority for approval of executive officer compensation.

Since 2009, the Company has engaged Pearl Meyer, a leading executive compensation advisor, to provide input with respect to our executive compensation programs, including a market review of the competitiveness of total compensation of our executives and a review of our equity program. A representative from Pearl Meyer attends our Committee meetings. For further information, see "Compensation Consultant and Use of Comparator Data" on pages 44-45

**Philosophy and Objectives**

Our Company and our aspiration to be "First Choice" are built on the mission of "One Team, Driving Customer Success and Value Creation," a philosophy we believe is best embodied by our SPIRIT values:

<b>Service:</b>	Help our customers succeed by delivering exceptional service and the best total value experience
<b>Performance:</b>	Exceed our commitments every day to our team, customers, suppliers, stockholders and communities
<b>Integrity:</b>	Always do the right thing and always take the high road
<b>Respect:</b>	Treat team members the way you would like you and your family to be treated
<b>Innovation:</b>	Seek new and creative ways to build a reliable, effective and efficient chain of execution for our customers
<b>Teamwork:</b>	Win together by creating an environment where every individual puts the team first

The Committee and our management believe that fostering these values requires a performance culture geared toward customer success and sustainable, long-term profitability. The Company's compensation programs are designed to reward achievement of these goals, thereby attracting and retaining talent that will contribute to such a culture. In particular, our executive compensation programs are intended to meet the following objectives:

Balance commitment, long-term financial success, short-term operational excellence, and achievement of short-term goals. This balance includes, but is not limited to, driving profitable growth while aligning our executives' long-term interests with stockholders' interests.

Attract, retain, motivate, and reward our top executive talent.

Differentiate rewards based on outstanding individual performance so as to promote a high-performance culture.

In addition, we intend that our compensation programs will be aligned with:

***Our business strategy:*** Our compensation programs link pay to our business strategy by rewarding executives upon achievement of profitability, long-term growth, excellence in achievement of short-term operational and financial goals, and by reinforcing the "One Team" philosophy.

***Our stockholders' interests:*** Through the strategic use of equity-based compensation, the total compensation of our executives is directly linked to the sustained value they create for our stockholders.

***Our goal of retaining and motivating key talent:*** To retain the best executive talent, the total compensation opportunity is designed to provide attractive levels of compensation if performance targets are met and upside opportunity when performance targets are exceeded.

**Compensation Consultant and Use of Comparator Data**

During fiscal 2017, the Company requested and received information from Pearl Meyer with respect to potential conflicts of interest, including the following factors: (1) other services provided to us by the consultant; (2) fees paid by us as a percentage of the consulting firm's total revenue; (3) policies and procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and a member of the Committee; (5) any Company stock owned by the individual consultants involved in the engagement; (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. Based on an assessment of these factors, including information gathered from directors and executive officers addressing business or personal relationships with the consulting firm or the individual consultants, the Compensation Committee concluded that the work of Pearl Meyer did not raise any conflict of interest.

In general, neither the Company nor the Committee has exclusively relied on any of the data or advice received from Pearl Meyer as to the amount of any particular item of compensation. Pearl Meyer provides input which the Company and Committee take into consideration, as the case may be, on the particular element of compensation under consideration.

The Committee reviews compensation levels and practices at comparator companies in setting the compensation of our NEOs and when reviewing or establishing the Company's compensation programs for other associates. The information is used to help the Committee better understand the competitive market and how executives are compensated at other companies that are similar in size or industry or with whom we compete for talent.

We seek comparators that share a similar industrial distribution model or are a direct competitor to a specific business unit. Companies are, therefore, included in the comparator group because they (1) operate in the same business as the Company or one of our business units (industrial distribution of building supplies), (2) operate in a similar business (distribution of any product), or (3) operate in a similar business model (business to business). The comparator group was developed by management and the Committee, with input from Pearl Meyer, and has been used to provide input into both the value of total compensation for executives as well as the relative value of each component of compensation. We do not rely on percentile rankings of compensation within the comparator group to determine specific compensation amounts for the NEOs; rather, the comparator group is used to identify programs and levels of pay which management and the Committee consider when evaluating our own programs.

**Components of Compensation**

The Company believes that the compensation programs it maintains are important in achieving the compensation goals described above. For fiscal 2017, the principal components of compensation for the NEOs were base salary, annual cash incentives, annual equity incentives, and benefits and perquisites.

While our NEOs do not have employment agreements with the Company, each of our NEOs is party to an at-will employment offer letter which may contain certain employment arrangements, including severance payments. Each of our NEOs is also party to a change in control agreement. These arrangements are discussed more fully under "Potential Payments upon Termination or Change in Control" on pages 59-62

The design of each component of compensation fits into the overall executive pay program and supports the philosophy and objectives previously discussed in the following manner:

<b>Pay Component</b>	<b>Objective of Pay Component</b>	<b>Key Measures</b>
Base salary	Provides competitive pay while managing fixed costs	Individual performance and contribution
	Rewards an executive for exemplary achievements against non-financial goals	Scope of responsibilities
		Experience
		Achievement of non-financial goals
Annual cash incentives	Focuses on short-term operational metrics that drive and support our long-term strategy	Achievement of agreed upon operating plan goals in profitability and working capital
	Where applicable, creates incentives for performance based on performance of individual NEO's business unit	Achievement of agreed upon performance goals of individual business unit
Annual equity incentives	Aligns executive interests to stockholder interests by rewarding long-term focus on profitability and value creation for the enterprise	Growth in stock value
	Assists in the retention of key talent	Employment retention through the vesting period of equity awards
	Creates an "ownership culture"	
Benefits and perquisites	Benefits provide a safety net of protection in the case of illness, disability, or death	Benefits are provided to executives on the same basis as provided to our salaried associates

## Edgar Filing: HD Supply Holdings, Inc. - Form PRE 14A

Change in control benefits	Perquisites generally enable the executive to perform their duties efficiently and minimize distractions	Perquisites are valued by our executives at minimal cost to us
	Focuses management on acting in the best interests of our stockholders in a change in control context	Double trigger benefits paid upon occurrence of a change in control and involuntary or constructive termination

Each of the components of compensation for the NEOs is discussed below, including a discussion of the factors considered in determining the applicable amount payable or achievable under each component.

### *Base Salary*

Base salaries are established at levels designed to attract and retain top executive talent while managing fixed costs at an appropriate level. The determination of any particular executive's base salary is based on personal performance and contribution, experience in the role, changes to the scope of responsibilities, market rates of pay, and internal equity. The fiscal 2017 salary increases were based on these factors, but were primarily focused on bringing base salary closer to market rates of pay based on peer group benchmarking for the position. Mr. Stegeman did not receive a merit increase for fiscal 2017 since his salary was determined to be market competitive for his position. Mr. Stengel received a 10% merit increase effective in March and an additional 11% increase in June in connection with his appointment as President and Chief Executive Officer of HD Supply Facilities Maintenance based on peer group benchmarking for the new position. Our CEO declined to receive a merit increase for fiscal 2017. Each year, our CEO, with input from human resources, proposes base salary increases, if any, for all NEOs, excluding himself, based on the foregoing factors and the Company's merit increase budget prepared by management. His proposal is subject to review and approval (with or without

Table of Contents**EXECUTIVE COMPENSATION (continued)**

modifications) by the Committee after consideration of these factors. Our Human Resources team works directly with the Committee with respect to any changes to Mr. DeAngelo's base salary, and any changes are approved by the Committee, after the board conducts our CEO's annual performance review. Our CEO is not present during voting or deliberations on his compensation.

The following summarizes the salary increases for fiscal 2017 for each NEO:

<b>Name</b>	<b>2016</b>	<b>2017</b>	<b>\$ Increase</b>	<b>% Increase</b>
Joseph J. DeAngelo (CEO)	1,000,000	1,000,000	0	0
Evan J. Levitt (CFO)	475,001	522,501	47,500	10
Dan S. McDevitt	330,000	351,450	21,450	6.5
John A. Stegeman	792,227	792,227	0	0
William P. Stengel, II	410,063	500,000	89,937	22
Stephen O. LeClair	450,000	463,500	13,500	3

The salary increase is effective for the 12-month period beginning in March of each year; the salary reported in the Summary Compensation Table on page 53 is base salary earned for the relevant fiscal year.

*Annual Cash Incentives*

Annual cash incentives are designed to focus the NEOs on producing superior results against key financial metrics relevant to the Company as a whole or to the individual business unit(s) that the NEO leads. By tying a significant portion of the executive's total annual cash compensation to annual variable pay, we reinforce our "pay for performance" culture and focus our executives on critical short-term financial and operational objectives which also support our long-term financial goals.

All of our NEOs participate in the AIP, which provides cash-based incentives dependent on annual results against the key financial metrics described below. AIP target payouts to our NEOs are expressed as a percentage of base salary. Annually, these percentage targets are reviewed against comparator data and adjusted, if necessary, based on the Committee's estimation of what level of targeted payouts is necessary to retain, motivate and reward our executives.

For fiscal 2017, the AIP performance payout weighting was based on an 80% adjusted earnings before interest, taxes, depreciation, and amortization target ("**Adjusted EBITDA**") and on a 20% average working capital as a percentage of sales target ("**AIP-Working Capital**"). Adjusted EBITDA for the fiscal 2017 AIP performance payout is Adjusted EBITDA as defined in the Company's fiscal 2017 annual report on Form 10-K. Additional information regarding Adjusted EBITDA referred to herein is included under Management's Discussion and Analysis of Financial Condition and Results of Operations Key Business Metrics Adjusted EBITDA and Adjusted Net Income (Loss) in the annual report on Form 10-K filed by the Company on March 13, 2018. AIP-Working Capital is computed by averaging the ending gross working capital at the end of each fiscal month divided by the fiscal year sales. Gross working capital was selected to focus on operational working capital and to mitigate any incentive to alter results through adjustments to accruals or reserves.

For fiscal 2017, we viewed Adjusted EBITDA as the key operating metric that would drive business profitability. The AIP-Working Capital measure is intended to increase the focus on cash management across the Company, to avoid creating disincentives for investment in growth, and to

reward teams for incremental annual improvements in working capital while continuing to grow EBITDA.

These results were measured at various levels for each NEO based on their role and responsibilities, as follows:

DeAngelo, Levitt, and McDevitt Consolidated Global Support Center (GSC);

Stegeman HD Supply Construction & Industrial-White Cap (85%); Home Improvement Solutions (HIS) (10%); and HD Supply Canada (5%);

Stengel HD Supply Facilities Maintenance.

The following are the performance and payout scales that were approved by the Committee in February 2017, and adjusted in August 2017 to reflect the divestiture of the Company's Waterworks business, for the fiscal 2017 annual cash incentives for NEOs, as well as the actual performance results for 2017. The AIP targets for the GSC were adjusted by the Committee to reflect the divestiture by the Company's of its Waterworks business unit in August 2017 and related loss of EBITDA and working capital for the remainder of the fiscal year after closing the transaction.

## Edgar Filing: HD Supply Holdings, Inc. - Form PRE 14A

Mr. LeClair was not eligible to receive any AIP bonus for fiscal 2017 due to his separation from service in August 2017 in connection with the Company's divestiture of its Waterworks business unit.

### *Annual Equity Incentives*

Our NEOs participate in the Company's long-term incentive plan, which provides annual equity grants to our NEOs under the Company's Omnibus Incentive Plan that was approved by our stockholders in May 2017 (the "**Omnibus Plan**"). The Omnibus Plan is an amendment and restatement of the Company's 2013 Omnibus Stock Incentive Plan (the "**2013 Plan**"), which replaced and succeeded the HDS Investment Holding, Inc. Stock Incentive Plan ("**Prior Plan**") that was adopted by the board

Table of Contents**EXECUTIVE COMPENSATION (continued)**

shortly following our separation from Home Depot in 2007 (collectively, the Omnibus Plan, 2013 Plan and the Prior Plan are referred to as the "**Stock Plan**"). Upon adoption of the 2013 Plan, the Prior Plan terminated and no future awards may be made under that plan. However, awards previously granted under the Prior Plan are unaffected by its termination.

The Company believes that granting equity awards under the Stock Plan is an effective way to align executive performance to our key goal of increasing value for the Company's stockholders. The view of the Committee is that, assuming that our management is successful in increasing the value of the Company, equity awards under the Stock Plan will have a high potential value for all participants as a percentage of total compensation. The vesting component is intended to maximize the retentive effect of the equity grants.

The Committee made an annual equity grant to NEOs in February 2017 in the form of nonqualified stock options (75% of grant value, 50% of value for Mr. McDevitt) and restricted stock awards (25% of grant value, 50% of grant value for Mr. McDevitt) that vest in four equal annual installments on each of the first through fourth anniversaries of the grant date. The grants in February 2017 were based on the following percentages of each NEO's 2016 fiscal year end base salary.

<b>Name</b>	<b>% of Base Salary at 2016 FYE</b>
Joseph J. DeAngelo (CEO)	425
Evan J. Levitt (CFO)	300
Dan S. McDevitt	75
John A. Stegeman	100
William P. Stengel	300
Stephen O. LeClair	100

Seventy-five percent of this amount (50% for Mr. McDevitt) was then divided by the per option Black-Scholes value on the grant date to determine the number of nonqualified stock options granted, and 25% of this amount (50% for Mr. McDevitt) was then divided by the per share closing stock price on the grant date to determine the number of restricted shares granted. The percentage of base salary amount and the allocation percentage between restricted stock and stock options was determined based on benchmarking data for equity grants and total compensation, using the compensation comparator group set forth on page 45, and prorated for time in the position. The benchmarking data serves as a general guideline for managing overall pay decisions relative to market benchmarks, with actual pay decisions also based on experience, performance, long-term potential, internal pay equity, tenure, and retention value.

The addition of stock options to the annual grant mix in fiscal 2016 was intended to significantly enhance the pay-for-performance orientation of the long-term incentive plan and to create even stronger stockholder alignment. This is accomplished by having a component of the annual equity grant that will only deliver value to executives if value is delivered to stockholders through stock price appreciation. Although the Committee reviewed and considered various means of strengthening performance linkage, including the use of performance shares, stock options were believed to be the best choice at the time given the challenges associated with creating appropriate performance measures for multi-year performance periods in light of recent significant divestitures and related business model changes.

However, the Committee is committed to periodically reviewing the equity award mix to ensure that it remains aligned with the objectives of the program going forward. During 2017, the Committee,

Table of Contents**EXECUTIVE COMPENSATION (continued)**

with the assistance of its independent compensation consultant, conducted a thorough review of the Company's short-term and long-term incentive plans. Based on this review, the Committee approved a change to the long-term incentive program for 2018. The primary change was to add performance award stock units to the annual grant mix for the named executive officers, with the grant mix for 2018 being 50% stock options, 25% restricted stock, and 25% performance award. The performance award is tied to cumulative adjusted earnings per share and free cash flow over a three-year period (fiscal 2018-fiscal 2020), with a payout opportunity ranging from 50% to 200% of target assuming a threshold level of performance is achieved. The Committee believes that this change increases the pay-for-performance nature of the long-term incentive program while creating additional focus and accountability for achieving and sustaining long-term adjusted earnings per share and free cash flow growth. The Committee will continue to evaluate the long-term incentive plan design each year to ensure alignment with business priorities and market practices, and may approve further changes to the plan design in subsequent years.

*Benefits and Perquisites*

The benefits provided to our NEOs are the same as those generally provided to our other salaried associates and include medical, dental and vision insurance, basic life insurance and accidental death and dismemberment insurance, short and long-term disability insurance, and a 401(k) plan. Our NEOs are also eligible to participate in the Company's broad-based employee stock purchase plan, which provides a 5% discount off the market price of Company stock at the time of purchase.

Our executives participate in a limited number of perquisite programs. We maintain these programs because they are valued by our NEOs but impose relatively little cost to us. Based on Pearl Meyer's input and peer group benchmarking, the cost of the perquisites provided to our CEO is positioned below the median of our peers.

All of the NEOs participate in the executive basic life insurance plan. Under this plan, the beneficiary of a participant who dies while employed by us is entitled to a lump sum payment of \$500,000. The participant owns the insurance policy, and the Company pays the premium on his or her behalf. The value of the premium for fiscal 2017 ranged from \$600 to \$2,580 and was taxable to the executive. For fiscal 2017, one NEO was eligible to purchase a 20-year term supplemental life insurance policy that is owned by the participant. The Company pays the premiums on the participant's behalf. The participant's financial planning benefit is reduced by the amount of premiums paid for supplemental life insurance. The value of the premium for supplemental life insurance for fiscal 2017 was \$2,290 and was taxable to the executive. At the end of the year, each participant receives an additional payment equal to the gross amount of taxes paid on any life insurance benefit. This additional payment is also taxable to the executive and is grossed up. The supplemental life insurance benefit has been discontinued and no officers are eligible for this benefit going forward.

Other benefits provided to our NEOs include use of a company car, the purchase of a company car for less than market value, and reimbursement for financial planning services. The value of providing company cars and reimbursement for financial planning services is taxable to the executive and is grossed up to avoid reducing the value of the benefits. Each of our NEOs received a financial planning services benefit for fiscal 2017 ranging from \$12,710 to \$18,000. Our NEOs received a company car benefit for fiscal 2017 ranging from \$5,269 to \$32,410. At the end of the year, each participant receives an additional payment equal to the gross amount of taxes paid on the financial planning and car benefits. This additional payment is also taxable to the executive and is grossed up.

**EXECUTIVE COMPENSATION (continued)**

Because the Company's business continuity is best facilitated by avoiding any prolonged or unexpected absences by members of its senior management team, all NEOs are strongly encouraged to take advantage of comprehensive executive physical examinations paid for by the Company. The value of executive physical examinations for our NEOs for fiscal 2017 ranged from \$0 to \$3,546.

One officer received an \$502 benefit for passport renewal and expediting fees that were required for business purposes but that also had a potential personal benefit. Another officer received an \$836 benefit for spousal air travel to attend a Company business event.

The tax gross-up perquisite received by our NEOs for fiscal 2017 ranged from \$13,761 to \$39,386.

Based on Pearl Meyer's input and peer group benchmarking, the cost of the perquisites provided to our CEO is positioned below the median of our peers.

*Change in Control Agreements*

To focus management on acting in the best interests of our stockholders in a change in control context, consistent with peer benchmarking with respect to executive level change in control agreements, the Committee approved agreements for our executive officers that generally provide for a lump sum cash payment to the executive equal to two times the executive's base salary and target bonus opportunity and \$100,000 in lieu of continued healthcare and other benefits. Payout is triggered on an involuntary or constructive termination of the executive's employment within two years of a change in control, other than a termination for death, disability, or cause (as defined in the agreement). We believe that providing this protection to our senior executives aids retention and minimizes any disincentive to pursue a transaction that would be good for our stockholders but potentially bad for individual executives due to job loss. Benefits are predicated upon a "double trigger" (employment termination and consummation of a change in control) and no excise tax gross-ups are provided to the executives, thereby protecting the interests of our stockholders. See "Potential Payments Upon Termination or Change in Control" on pages 59-62 for a summary of the material provisions of these agreements.

**Other Policies and Practices**

*Risk Assessment*

During fiscal 2017, management and the Committee conducted a comprehensive assessment and evaluation of the potential risks associated with our compensation policies and practices with respect to both executive compensation and compensation generally. Based on our approach of compensating our associates for the financial success of the Company as a whole and other elements of our compensation system, we concluded that our compensation policies and practices do not encourage undue risk-taking and do not create any risk that is reasonably likely to have a material adverse effect on the Company. See page 28 for additional details.

*Policy on Recovering Incentive Compensation in the Event of a Restatement*

The board adopted a clawback policy that provides us with the ability to require reimbursement or cancellation of any bonus or other incentive-based compensation, including stock-based compensation, awarded or paid to any current or former executive officer of the Company during the three-year period prior to a restatement if the incentive compensation was predicated upon the

Table of Contents

**EXECUTIVE COMPENSATION (continued)**

achievement of financial results that were subsequently the subject of restatement, the executive officer engaged in fraud or intentional misconduct that was a substantial contributing cause to the need for the restatement, and a lower award would have been made to the executive officer based upon the restated financial results. The policy applies to incentive compensation awarded, vesting, or paid to an executive officer after the effective date of the policy on July 2, 2013. The policy is in addition to the requirements of applicable law and other legal remedies available to the Company.

*Stock Ownership Guidelines and Holding Period Requirements*

Our CEO (Mr. DeAngelo) is required to own shares having a value equal to five times base salary, three times base salary for our chief financial officer (Mr. Levitt) and business unit leaders (Messrs. Stegeman and Stengel), and one times base salary for our functional leaders (Mr. McDevitt), within the later of five years from the 2013 effective date of the policy or the date he or she becomes an executive officer. Our NEOs must hold 50% of vested shares (except for shares withheld or sold to pay required tax withholding and the exercise price for options) until they are in compliance with the guidelines. Our stock ownership guidelines count the following types of ownership: shares owned outright; shares owned directly by a spouse, domestic partner, or minor child; shares owned indirectly through beneficial trust ownership; vested shares or vested stock units held in any Company plan; and the in-the-money value of vested stock option awards. Compliance is evaluated annually by the Committee as of the end of each fiscal year, using a thirty-day closing stock price average to mitigate the impact of short-term price variations. The guidelines further our core philosophy that our NEOs should also be owners of our Company. The guidelines are based on our expectation that each NEO will maintain a targeted level of investment in our stock so that the interests of our NEOs and our stockholders are closely aligned, and our NEOs have a strong incentive to provide effective management. All of our NEOs satisfied the targeted ownership guidelines as of the end of fiscal 2017.

*Policy Regarding Certain Transactions in Company Securities*

We prohibit our directors, officers and employees from engaging in short sales of the Company's securities, and prohibit transactions in puts, calls or other derivative securities with respect to Company securities. We strongly discourage, but do not prohibit, our directors, officers and employees from engaging in short-term trading of Company securities or from hedging their ownership of Company stock. Any such transaction must be pre-cleared with our general counsel and, to date, no transactions of that kind have been approved.

*Deductibility of Compensation*

Section 162(m) of the Internal Revenue Code imposes a \$1 million limit on the amount of compensation that we may deduct in any one year with respect to certain "covered employees." Beginning in 2018, the Tax Cuts and Jobs Act repealed the performance-based compensation exception to Section 162(m), making previously deductible performance-based compensation now subject to the \$1 million limit. In making its compensation decisions, the Committee considers the impact of Section 162(m), along with other relevant factors (see foregoing Compensation Discussion and Analysis discussion), and provides compensation that it believes is consistent with the best interests of the Company and its stockholders. Such compensation may not be tax deductible.

Non-equity incentive plan compensation reflects amounts earned for fiscal 2017 under the Company's Annual Incentive Plan for Executive Officers ("**AIP**"). See "Compensation Discussion and Analysis Components of Compensation Annual Cash Incentives" beginning on page 47 for a discussion of the AIP in fiscal 2017. Mr. LeClair was not eligible to receive any AIP payout due to his August 2017 separation from service in connection with the Company's divestiture of its HD Supply Waterworks business.

The All Other Compensation column for fiscal 2017 is made up of a 401(k) plan company matching contribution (available to all employees participating in our 401(k) plan), executive physical, life insurance, use of a Company car, purchase of Company car for less than fair market value, financial planning and tax gross-ups on perquisites. Other personal benefits are an \$502 benefit for passport renewal fees that were required for business purposes but that also had a potential personal benefit, and an \$836 benefit for spousal air travel to attend a Company business event. The incremental cost of personal use of a Company car is based on the taxable value used to impute taxable income to the NEOs in accordance with Internal Revenue Service regulations. The incremental

Median Employee	2017	46,674				827	516	48,017

**RATIO OF CEO TO MEDIAN EMPLOYEE TOTAL COMPENSATION: 133:1**

Our CEO's annual total compensation is 133 times that of the median of the annual total compensation of all our U.S. employees. The pay ratio is a reasonable estimate calculated in a manner consistent with Item 402(u). We used the following methodology in calculating the ratio:

1. We included all U.S. individuals employed by us on December 31, 2017 to identify the median employee. We did not include employees with 2017 compensation whose employment had ended by December 31, 2017.
2. Because our total non-U.S. employees account for 5% or less of our total employees, in accordance with the de minimis exemption provided by Item 402(u)(4)(ii), we excluded all non-U.S. employees in determining the median employee (512 Canada employees; one China employee; total of 10,724 U.S. and non-U.S. employees).
3. We found the median employee using 2017 calendar year compensation reported to the U.S. Internal Revenue Service on Form W-2. Specifically, we used Form W-2, Box 5, Medicare Wages and Tips. We had four employees working in the U.S. on J-1 visas who were exempt from Social Security and Medicare and thus had no Box 5 amount. We used Form W-2, Box 1, Wages, Tips, Other Compensation, for these four employees.
4. To minimize Company resources required to determine median compensation, we did not annualize the compensation of permanent employees who worked a partial year (e.g., new hires and employees on unpaid leaves of absence), which may have the effect of causing the ratio of CEO to median compensation to be greater than it would have been had we annualized partial year compensation.
5. The compensation reported for our chief executive officer is fiscal 2017 compensation from the Summary Compensation Table on page 53 of this proxy statement. The compensation reported for the median employee is fiscal 2017 compensation from our internal payroll records. The All Other Compensation column for the median employee represents a 401(k) plan company matching contribution.

The threshold payout for EBITDA performance is 25% of the target payout. The threshold payout for working capital performance is 50% of the target payout. There is a payout of 150% of the target payout for above-target performance. The maximum payout is 200% of the target payout. ## Edgar Filing: HD Supply Holdings, Inc. - Form PRE 14A

Equity-based awards granted to our executive officers are determined based on the intended dollar value to be delivered to provide market competitive grants keyed to the Company's stock price. The grants in February 2017 were in the form of nonqualified stock options (75% of grant value, 50% of value for Mr. McDevitt) and restricted stock awards (25% of grant value, 50% of grant value for Mr. McDevitt) that vest in four equal annual installments on each of the first through fourth

anniversaries of the grant date. The February 2017 grants were based on the following percentages of each NEO's fiscal 2016 base salary.

NEO	% of Base Salary at 2016 FYE
Joseph J. DeAngelo (CEO)	425
Evan J. Levitt (CFO)	300
Dan S. McDevitt	75
John A. Stegeman	100
William P. Stengel	300
Stephen O. LeClair	100

Seventy-five percent of this amount (50% for Mr. McDevitt) was then divided by the per option Black-Scholes value on the grant date to determine the number of nonqualified stock options granted, and 25% of this amount (50% for Mr. McDevitt) was then divided by the per share closing stock price on the grant date to determine the number of restricted shares granted. The percentage of base salary amount and the allocation percentage between restricted stock and stock options was determined based on benchmarking data for equity grants and total compensation, using the compensation comparator group set forth on page 45, and prorated for time in the position. The benchmarking data serves as a general guideline for managing overall pay decisions relative to market benchmarks, with actual pay decisions also based on experience, performance, long-term potential, internal pay equity, tenure, and retention value.

The Stock Plan and stock option or restricted stock agreement governs each stock option and restricted stock award and provide, among other things, the vesting provisions of the award. The holder of a restricted stock award has rights as a stockholder with respect to the shares subject to such award, including voting rights and the right to receive dividends or dividend equivalents. The Company does not currently pay dividends on its common stock. The stock option and restricted stock grants on February 28, 2017 vest in four equal annual installments on each of the first through fourth anniversaries of the grant date, subject to continued employment through such date. See "Potential Payments Upon Termination or Change in Control" on page 59-62 for information regarding the cancellation or acceleration of vesting of stock option and restricted stock awards upon an option holder's termination of employment or a change in control of the Company.

*Employment Offer Letters and Change in Control Agreements*

While our NEOs do not have employment agreements with the Company, each of our NEOs is party to an at-will employment offer letter which may contain certain employment arrangements, including severance payments. Each of our NEOs is also party to a change in control agreement. See "Potential Payments Upon Termination or Change in Control" on pages 59-62 for a summary of the material provisions of these arrangements.

**Pension Benefits and Nonqualified Deferred Compensation for Fiscal 2017**

We do not provide any defined benefit plans or nonqualified deferred compensation plans to our NEOs.

**Potential Payments Upon Termination or Change in Control***Offer Letters*

Pursuant to either their employment offer letters or the Company's current practice, in the event of involuntary termination without cause on January 28, 2018, the last day of fiscal 2017, and contingent upon execution of a release, non-competition and non-solicitation agreement, each of our NEOs would receive up to 24 months of base pay continuation, as follows:

Name	Salary Continuation On Involuntary Termination
	(\$)
Joseph J. DeAngelo (CEO)	2,000,000
Evan J. Levitt (CFO)	1,045,002
Dan S. McDevitt	702,900
John A. Stegeman	1,584,454
William P. Stengel	1,000,000

The employment offer letters do not provide for any payout upon termination as a result of death, retirement, disability, or termination for cause.

*Change in Control Agreements*

## Edgar Filing: HD Supply Holdings, Inc. - Form PRE 14A

Each of our NEOs is party to a change in control agreement with the Company. The agreement provides for an initial three-year term that will automatically renew on an annual basis following the

Table of Contents**EXECUTIVE COMPENSATION (continued)**

initial term unless either party gives advance notice of termination in accordance with the agreement. In the event of a change in control (as defined in the Stock Plan), the agreement would generally expire no earlier than the second anniversary of such change in control. Contingent upon the executive's execution of a release of claims against the Company, the agreement provides for a lump sum cash payment to the executive equal to two times the executive's base salary and target bonus opportunity and \$100,000 in lieu of continued healthcare and other benefits. Payout is triggered on an involuntary or constructive termination (as defined in the agreement) of the executive's employment within two years of a change in control, other than a termination for death, disability, or cause (as defined in the agreement). Payout is also triggered on termination of the executive's employment without cause before a change in control at the direction or request of a person or group contemplating a change in control and a change in control involving such person or group occurs within 12 months of such direction or request. In such event, the agreement also provides for a lump sum cash payment to the executive equal to the intrinsic value of any forfeited equity awards that would have vested had the executive's employment continued through the time immediately following the change in control (subject to certain limitations described in the agreement). The payments described in this paragraph are in lieu of any other severance or salary continuation obligation the Company may have to the executive, but generally do not impact benefits paid under other company plans. In consideration for the compensation provided by the agreement, the executive agrees to comply with customary non-competition and employee customer and vendor non-solicitation restrictive covenants for 24 months after termination, as well as certain customary confidentiality provisions. The Company is responsible for the executive's reasonable attorney fees and costs in defending or prosecuting certain disputes regarding the agreement.

Pursuant to their change in control agreements, assuming an involuntary or constructive termination on January 28, 2018, the last day of fiscal 2017, and contingent upon execution of a release, non-competition and non-solicitation agreement, each of our NEOs would have received the following compensation:

**Involuntary or Constructive Termination in Connection With Change in Control**

*Stock Plan*

Under the Stock Plan, an executive's unvested stock options are cancelled upon termination of his or her employment, except for terminations due to death or disability. Upon death or disability, unvested stock options vest and remain exercisable. In the case of a termination for cause (as defined in the Stock Plan), the executive's unvested and vested stock options are cancelled as of the effective date of the termination. Following a termination of employment other than for cause, vested options are cancelled unless the executive exercises them within 90 days (for options granted before November 19, 2015, 180 days if the termination was due to death, disability or retirement; for options granted on and after November 19, 2015, two years on termination due to death, disability or retirement and two years from vesting for options that continue to vest after retirement) or, if sooner, prior to the options' normal expiration date). Equity awards granted under the Omnibus Stock Plan

may provide for continued vesting of the award in the event of retirement at or after age 62 with at least five years of continuous service with the Company, contingent upon the executive: (i) not competing with the Company and its subsidiaries for the one-year period after retirement; and (ii) not engaging in activities that would constitute cause had the executive continued employment with the Company. For options granted before November 19, 2015, the executive has 180 days to exercise options vested at the time of such retirement and 90 days to exercise options vesting after such retirement. For options granted on and after November 19, 2015, the executive has two years to exercise options vested at the time of such retirement and two years to exercise options vesting after such retirement. None of our NEOs satisfied the retirement criteria at the end of fiscal 2017. Had a termination of employment without cause occurred at the end of fiscal 2017, other than a termination due to death or disability, based on a closing stock price of \$39.64 at the end of fiscal 2017, our NEOs would have received a benefit, assuming the hypothetical exercise of vested stock options on the last day of fiscal 2017, and forfeited unvested stock options and stock awards, in the following amounts. For a termination of employment due to death or disability, all outstanding options and stock awards would vest (resulting in a benefit equal to the sum total of the three columns presented below).

<b>Name</b>	<b>Benefit Assuming Exercise of Vested Options at FYE (\$)</b>	<b>Forfeiture of Unvested Options at FYE (\$)</b>	<b>Forfeiture of Unvested Stock Awards at FYE (\$)</b>

William P. Stengel	2,242,387	821,119	1,700,397

Under the Stock Plan, upon a change in control of the Company, all outstanding awards may be assumed and/or replaced with substitute awards having the same or better terms and conditions, provided that any substitute awards under the Omnibus Stock Plan must fully vest on a participant's involuntary termination of employment without cause or constructive termination of employment, in each case occurring within two years following the date of the change in control. In the event such awards are not assumed and/or replaced in connection with the change in control, the awards will vest and be cancelled for the same per share amount paid to the stockholders in the change in control (less, in the case of options and stock appreciation rights, the applicable exercise or base price). The Compensation Committee has the ability to prescribe different treatment of awards in the award agreements. We believe this structure is fair to both our associates and to our stockholders, as the awards may represent compensation for the loss of an executive's job after a significant career with the Company and for the appreciation of stock granted many years before. Had a change in control occurred at the end of fiscal 2017 and the awards were not assumed or replaced with new rights with similar terms, based on a closing stock price of \$39.64 at the end of fiscal 2017, our NEOs would have received a benefit from the accelerated vesting of unvested equity in the following amounts:

**EXECUTIVE COMPENSATION (continued)**

Under the Prior Plan a "change in control" is defined as:

the acquisition by any person, entity or "group" (as defined in Section 13(d) of the Exchange Act) of 50% or more of the combined voting power of the Company's then outstanding voting securities, other than any such acquisition by the Company, any of its subsidiaries, any associate benefit plan of the Company or any of its subsidiaries, or any affiliates of any of the foregoing;

the merger, consolidation or other similar transaction involving the Company, as a result of which persons who were stockholders of the Company immediately prior to such merger, consolidation, or other similar transaction do not, immediately thereafter, own, directly or indirectly, more than 50% of the combined voting power entitled to vote generally in the election of directors of the merged or consolidated company; or

the sale, transfer or other disposition of all or substantially all of the assets of the Company to one or more persons or entities that are not, immediately prior to such sale, transfer or other disposition, affiliates of the Company.

Under the Omnibus Plan, a "change in control" also includes the following events:

within any 24-month period, the persons who were directors of the Company at the beginning of such period (the "**Incumbent Directors**") cease to constitute at least a majority of the board, provided that any director elected or nominated for election to the board by a majority of the Incumbent Directors still in office are treated as an Incumbent Director;

the approval by the Company's stockholders of the liquidation or dissolution of the Company other than a liquidation of the Company into any Company subsidiary or a liquidation as a result of which persons who were holders of voting securities of the Company immediately prior to such liquidation, own, directly or indirectly, more than 50% of the combined voting power entitled to vote generally in the election of directors of the entity that holds substantially all of the assets of the Company following such event.

**PROPOSAL 1 AMENDMENT TO THE CERTIFICATE OF INCORPORATION AND BYLAWS TO DECLASSIFY THE BOARD OF DIRECTORS**

The Certificate of Incorporation and the Bylaws currently divide the board into three classes of approximately equal size (Class I, Class II and Class III), each with a three year term. The terms of the classes are staggered, meaning that only one of the three classes stands for re-election for a three-year term at each annual meeting of stockholders. Class I currently has two directors, Class II has four directors, and Class III has three directors. The terms of directors in Classes I, II, and III end at the annual meetings in 2020, 2018, and 2019, respectively. For more information on the current structure and members of our board see, "Our Board of Directors" on pages 16-21.

The board evaluates our corporate governance policies on an ongoing basis. As a part of its ongoing review, the board carefully evaluated the current need for classified board structure. As a result of this evaluation and after carefully considering the advantages of both classified and declassified structures, the board determined, that it is advisable and in the best interests of the Company and its stockholders to amend the Certificate of Incorporation and the By-laws to declassify the board to allow the stockholders of the Company to vote on the election of the entire board on an annual basis, rather than on a staggered basis. Accordingly, the board has resolved to recommend that the stockholders of the Company approve the amendment to the Certificate of Incorporation set forth on Appendix A and Bylaws set forth on Appendix B attached hereto (the "**Proposed Amendment**").

Under the Proposed Amendment, directors standing for election at each annual meeting of stockholders, commencing with the Annual Meeting, will be elected for a term expiring at the next annual meeting following their election and until their respective successors are elected and qualified. The Proposed Amendment will not shorten the term of any existing director. If the Proposed Amendment is approved by the stockholders of the Company by the requisite vote at the Annual Meeting, then the Proposed Amendment will become effective immediately upon the filing of the Proposed Amendment with the office of the Secretary of State of the State of Delaware, which we intend to do during the course of the Annual Meeting, and will apply to the election of directors at the Annual Meeting.

If the Proposed Amendment is approved:

at the Annual Meeting, the Class II directors whose term expires the Annual Meeting will stand for election for terms of one year (a term that expires at the 2019 annual meeting of stockholders);

at the 2019 annual meeting of stockholders, Class II directors elected at the Annual Meeting, as well as the Class III directors whose term expires at the 2019 annual meeting of stockholders, will stand for election for terms of one year (a term that expires at the 2020 annual meeting of stockholders); and

at the 2020 annual meeting of stockholders in 2020, the board will cease to be classified and all directors will be elected to serve terms expiring upon the next annual meeting of stockholders following their election and until their respective successors are elected and qualify.

The Proposed Amendment also provides that any director elected to fill a vacancy will hold office for the term that remains for that director, and any director elected to fill a vacancy that resulted from an increase in the size of the board will be elected to serve until the next annual meeting. In addition

Table of Contents

**PROPOSAL 1 AMENDMENT TO THE CERTIFICATE OF INCORPORATION AND BYLAWS TO DECLASSIFY THE BOARD OF DIRECTORS (continued)**

to modifying the provisions related to declassification, the Proposed Amendment removes certain provisions of the Certificate of Incorporation and Bylaws which are no longer applicable. These modifications do not modify the stockholders' rights with respect to the Company or impose any new obligations on the Company.

If the Proposed Amendment is not approved by the stockholders of the Company by the requisite vote at the Annual Meeting, the Company will continue to have a classified board as currently provided for in the Company's Certificate of Incorporation and Bylaws.

Under the terms of the Certificate of Incorporation and Bylaws, the Proposed Amendment must be adopted by the affirmative vote of at least 75% of the voting power of the outstanding shares as of the record date. The description of the Proposed Amendment above is only a summary and is qualified in its entirety by reference to the actual text of the Proposed Amendment included in [Appendix A](#) and [Appendix B](#) attached to this proxy statement.

If the proposed amendment is approved:

at the Annual Meeting, the Class II directors (the four nominees above) whose term expires the Annual Meeting will stand for election for terms of one year (a term that expires at the 2019 annual meeting of stockholders);

at the 2019 annual meeting of stockholders, Class II directors elected at the Annual Meeting, as well as the Class III directors whose term expires at the 2019 annual meeting of stockholders, will stand for election for terms of one year (a term that expires at the 2020 annual meeting of stockholders); and

at the 2020 annual meeting of stockholders in 2020, the board will cease to be classified and all directors will be elected to serve terms expiring upon the next annual meeting of stockholders following their election and until their respective successors are elected and qualify.

If the proposed amendment is not approved by the stockholders of the Company by the requisite vote at the Annual Meeting, the Company will continue to have a classified board as currently provided for in the Company's Certificate of Incorporation and Bylaws, and, if elected, the nominees will serve for a three-year term and until their successors are elected and qualify.

**PROPOSAL 3 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Upon the recommendation of our Audit Committee, the board has appointed PricewaterhouseCoopers LLP, independent registered public accounting firm, to audit our consolidated financial statements and internal control over financial reporting for the year ending February 3, 2019 and to prepare a report on this audit, subject to ratification by our stockholders. PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since 2008.

These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file with the SEC. To our knowledge, each of our directors and executive officers complied during fiscal 2017 with all applicable Section 16(a) filing requirements.

### Solicitation of Proxies

We will pay our costs of soliciting proxies. Directors, officers and other employees, acting without special compensation, may solicit proxies by mail, email, in person or by telephone. In the case of any increase or decrease, from time to time, in the number of directors of the Corporation, the number of directors in each class shall be apportioned as nearly equal a possible until the 2020 annual meeting of stockholders. Beginning at the 2018 annual meeting of stockholders, the directors whose terms expire at that meeting (or such directors' successors) shall be elected to hold office for a one-year term expiring at the 2019 annual meeting of stockholders; at the 2019 annual meeting of stockholders, the directors whose terms expire at that meeting (or such directors' successors) shall be elected to hold office for a one-year term expiring at the 2020 annual meeting of shareholders; and at the 2020 annual meeting of shareholders and each annual meeting of shareholders thereafter, all directors shall be elected to hold office for a one-year term expiring at the next annual meeting of stockholders and until such director's successor shall have been elected and qualified.~~ No decrease in the number of directors shall shorten the term of any incumbent director.

~~THIRD~~FOURTH AMENDED AND RESTATED BY-LAWS

As amended and restated effective ~~July 2, 2013~~ May 17, 2018

ARTICLE I

STOCKHOLDERS

Section 1.01. Annual Meetings. The annual meeting of the stockholders of HD Supply Holdings, Inc. (the "Corporation") for the election of directors (each, a "Director") to succeed directors whose terms expire and for the transaction of such other business as properly may come before such meeting shall be held each year, either within or without the State of Delaware, at such place, if any, and on such date and at such time, as may be fixed from time to time by resolution of the Corporation's Board of Directors (the "Board of Directors") and set forth in the notice or waiver of notice of the meeting, unless, subject to the certificate of incorporation of the Corporation (the "Certificate of Incorporation") and Section 1.11 of these by-laws, the stockholders have acted by written consent to elect Directors as permitted by the General Corporation Law of the State of Delaware, as amended from time to time (the "DGCL"). The Board of Directors may postpone, reschedule or cancel any annual meeting of stockholders previously scheduled by the Board of Directors.

Section 1.02. Special Meetings. Special meetings of the stockholders of the Corporation may be called only in the manner set forth in the Certificate of Incorporation. Notice of every special meeting of the stockholders of the Corporation shall state the purpose or purposes of such meeting. Except as otherwise required by law, the business conducted at a special meeting of stockholders of the Corporation shall be limited exclusively to the business set forth in the Corporation's notice of meeting, and the individual or group calling such meeting shall have exclusive authority to determine the business included in such notice. Any special meeting of the stockholders shall be held either within or without the State of Delaware, at such place, if any, and on such date and time, as shall be specified in the notice of such special meeting.

Section 1.03. Participation in Meetings by Remote Communication. The Board of Directors, acting in its sole discretion, may establish guidelines and procedures in accordance with applicable provisions of the DGCL and any other applicable law for the participation by stockholders and proxyholders in a meeting of stockholders by means of remote communications, and may determine that any meeting of stockholders will not be held at any place but will be held solely by means of remote communication. Stockholders and proxyholders complying with such procedures and guidelines and otherwise entitled to vote at a meeting of stockholders shall be deemed present in person and entitled to vote at a meeting of stockholders, whether such meeting is to be held at a designated place or solely by means of remote communication.

Section 1.04. Notice of Meetings; Waiver.

(a) The Secretary or any Assistant Secretary shall cause notice of each meeting of stockholders to be given in a manner permitted by the DGCL not less than ten nor more than 60 days prior to the meeting, to each stockholder of record entitled to vote at such meeting, subject to such exclusions as are then permitted by the DGCL. The notice shall specify (i) the record date for determining the stockholders entitled to vote at the meeting (if such date is different from the record date of stockholders entitled to notice of the meeting), (ii) the place, if any, date and time of such meeting of the stockholders, (iii) the means of remote communications, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such meeting, (iv) in the case of a special meeting, the purpose or purposes

for which such meeting is called and (v) such other information as may be required by law or as may be deemed appropriate by the Board of Directors, the Chief Executive Officer or the Secretary of the Corporation. If the stockholder list referred to in Section 1.07 of these By-Laws is made accessible on an electronic network, the notice of meeting shall indicate how the stockholder list can be accessed. If a stockholder meeting is to be held solely by means of electronic communications, the notice of such meeting must provide the information required to access such stockholder list.

(b) A written waiver of notice of meeting signed by a stockholder, or a waiver by electronic transmission by a stockholder, whether given before or after the meeting, is deemed equivalent to notice. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the stockholders need be specified in a waiver of notice. The attendance of any stockholder at a meeting of stockholders is a waiver of notice of such meeting, except when the stockholder attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business at the meeting on the ground that the meeting is not lawfully called or convened.

Section 1.05. Quorum. Except as otherwise required by law or by the Certificate of Incorporation, the presence in person or by proxy of the holders of record of a majority in voting power of the shares entitled to vote at a meeting of stockholders shall constitute a quorum for the transaction of business at such meeting, provided, however, that where a separate vote by a class or series is required, the holders of a majority in voting power of all issued and outstanding stock of such class or series entitled to vote on such matter, present in person or represented by proxy, shall constitute a quorum entitled to take action with respect to such matter. In the absence of a quorum, the stockholders so present may, by a majority in voting power thereof, adjourn the meeting from time to time in the manner provided in Section 1.08 of these By-laws until a quorum shall attend.

Section 1.06. Voting. Except as otherwise provided in the Certificate of Incorporation or by law, every holder of record of shares entitled to vote at a meeting of stockholders shall be entitled to one vote for each such share outstanding in his or her name on the books of the Corporation at the close of business on the record date for such vote. If no record date has been fixed for a meeting of stockholders, then every holder of record of shares entitled to vote at a meeting of stockholders shall be entitled to one vote (unless otherwise provided by the Certificate of Incorporation or by applicable law) for each such share of stock outstanding in his or her name on the books of the Corporation at the close of business on the day next preceding the day on which notice of the meeting is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. Except as otherwise required by law, the Certificate of Incorporation, these By-Laws, the rules and regulations of any stock exchange applicable to the Corporation, ~~for so long as the Second Amended and Restated Stockholders Agreement, among the Corporation and certain of its stockholders, dated as of September 21, 2007 (as amended from time to time, the "Stockholders Agreement") is in effect, the then applicable terms, if any, of the Stockholders Agreement,~~ or pursuant to any other rule or regulation applicable to the Corporation or its stockholders, the vote of a majority in voting power of the shares entitled to vote at a meeting of stockholders on the subject matter in question represented in person or by proxy at any meeting at which a quorum is present shall be sufficient for the transaction of any business at such meeting. The stockholders do not have the right to cumulate their votes for the election of Directors.

Section 1.07. Voting Lists. The officer of the Corporation who has charge of the stock ledger of the Corporation shall prepare, at least 10 days before every meeting of the stockholders (and before any adjournment thereof for which a new record date has been set), a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order and showing the address of each stockholder and the number of shares registered in the name of each stockholder. This list, which may

be in any format including electronic format, shall be open to the examination of any stockholder prior to and during the meeting for any purpose germane to the meeting in the manner required by the DGCL and other applicable law. The stock ledger shall be the only evidence as to who are the stockholders entitled by this section to examine the list required by this section or to vote in person or by proxy at any meeting of stockholders.

Section 1.08. Adjournment. Any meeting of stockholders may be adjourned from time to time, by the chairperson of the meeting or by the vote of a majority in voting power of the shares of stock present in person or represented by proxy at the meeting, to reconvene at the same or some other place, and notice need not be given of any such adjourned meeting if the place, if any, and date and time thereof (and the means of remote communication, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such meeting) are announced at the meeting at which the adjournment is taken unless the adjournment is for more than 30 days or a new record date is fixed for the adjourned meeting after the adjournment, in which case notice of the adjourned meeting in accordance with Section 1.04 of these By-Laws shall be given to each stockholder of record entitled to vote at the meeting. At the adjourned meeting, the Corporation may transact any business that might have been transacted at the original meeting.

Section 1.09. Proxies. Any stockholder entitled to vote at any meeting of the stockholders or to express consent to or dissent from corporate action in writing without a meeting may authorize another person or persons to act for such stockholder by proxy. A stockholder may authorize a valid proxy by executing a written instrument signed by such stockholder, or by causing his or her signature to be affixed to such writing by any reasonable means including, but not limited to, by facsimile signature, or by transmitting or authorizing an electronic transmission setting forth an authorization to act as proxy to the person designated as the holder of the proxy, a proxy solicitation firm or a like authorized agent. No proxy may be voted or acted upon after the expiration of three years from the date of such proxy, unless such proxy provides for a longer period. Every proxy is revocable at the pleasure of the stockholder executing it unless the proxy states that it is irrevocable and applicable law makes it irrevocable. A stockholder may revoke any proxy which is not irrevocable by attending the meeting and voting in person or by filing an instrument in writing revoking the proxy or by filing another duly executed proxy bearing a later date with the Secretary. CAPITAL STOCK

Section 5.01. Certificates of Stock, Uncertificated Shares. The shares of the Corporation shall be represented by certificates, except to the extent that the Board of Directors has provided by resolution or resolutions that some or all of any or all classes or series of the stock of the Corporation shall be uncertificated shares. Any such resolution shall not apply to shares represented by a certificate until such certificate is surrendered to the Corporation. Every holder of stock in the Corporation represented by certificates shall be entitled to have, and the Board of Directors may in its sole discretion permit a holder of uncertificated shares to receive upon request a certificate signed by the appropriate officers of the Corporation, representing the number of shares registered in certificate form. Such certificate shall be in such form as the Board of Directors may determine, to the extent consistent with applicable law, the Certificate of Incorporation and these By-Laws.

Section 5.02. Signatures; Facsimile. All signatures on the certificates referred to in Section 5.01 of these By-Laws may be in facsimile, engraved or printed form, to the extent permitted by law. In case any officer, transfer agent or registrar who has signed, or whose facsimile, engraved or printed signature has been placed upon a certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if he or she were such officer, transfer agent or registrar at the date of issue.

Section 5.03. Lost, Stolen or Destroyed Certificates. A new certificate may be issued in place of any certificate theretofore issued by the Corporation alleged to have been lost, stolen or destroyed, only upon delivery to the Corporation of an affidavit of the owner or owners (or their legal representatives) of such certificate, setting forth such allegation and a bond or undertaking as may be satisfactory to a financial officer of the Corporation to indemnify the Corporation against any claim that may be made against it on account of the alleged loss, theft or destruction of any such certificate or the issuance of any such new certificate.

Section 5.04. Transfer of Stock. Upon surrender to the Corporation or the transfer agent of the Corporation of a certificate representing shares, duly endorsed or accompanied by appropriate evidence of succession, assignment or authority to transfer, the Corporation shall issue a new certificate to the person entitled thereto, cancel the old certificate and record the transaction upon its books. Within a reasonable time after the transfer of uncertificated stock, the Corporation shall send to the registered owner thereof a written notice containing the information required to be set forth or stated on certificates pursuant to Sections 151, 156, 202(a) or 218(a) of the DGCL. Subject to the provisions of the Certificate of Incorporation and these By-Laws, the Board of Directors may prescribe such additional rules and regulations as it may deem appropriate relating to the issue, transfer and registration of shares of the Corporation.

Section 5.05. Registered Stockholders. Prior to due surrender of a certificate for registration of transfer and to the fullest extent permitted by law, the Corporation may treat the registered owner as the person exclusively entitled to receive dividends and other distributions, to vote, to receive notice and otherwise to exercise all the rights and powers of the owner of the shares represented by such certificate, and the Corporation shall not be bound to recognize any equitable or legal claim to or interest in such shares on the part of any other person, whether or not the Corporation shall have notice of such claim or interests, provided that if a transfer of shares shall be made for collateral security, and not absolutely, this fact shall be so expressed in the entry of the transfer if, when the certificates are presented to the Corporation for transfer or uncertificated shares are requested to be transferred, both the transferor and transferee request the Corporation to do so.

Section 5.06. Transfer Agent and Registrar. The Board of Directors may appoint one or more transfer agents and one or more registrars, and may require all certificates representing shares to bear the signature of any such transfer agents or registrars.

ARTICLE VI

INDEMNIFICATION

Section 6.01. Nature of Indemnity. The Corporation shall indemnify, to the fullest extent permitted by the DGCL and other applicable law, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (each, a "proceeding"), by reason of the fact that he or she is or was or has agreed to become a Director or officer of the Corporation, or while serving as a Director or officer of the Corporation, is or was serving or has agreed to serve at the request of the Corporation as a Director, officer, employee, manager or agent of another corporation, partnership, joint venture, trust or other enterprise, or by reason of any action alleged to have been taken or omitted in such capacity, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her or on his or her behalf in connection with such proceeding and any appeal therefrom, if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal proceeding had no reasonable cause to believe his or her conduct was unlawful; provided that in the case of an action or suit by or in the right of the Corporation to procure a judgment in its favor (i) such indemnification shall be limited to expenses (including attorneys' fees) actually and reasonably incurred by such person in the defense or settlement of such action or suit, and (ii) no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the Corporation unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Delaware Court of Chancery or such other court shall deem proper. Notwithstanding the foregoing, but subject to Section 6.05 of these By-Laws, the Corporation shall not be obligated to indemnify a Director or officer of the Corporation in respect of a proceeding (or part thereof) instituted by such Director or officer, unless such proceeding (or part thereof) has been authorized in the specific case by the Board of Directors.

The termination of any proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal proceeding, had reasonable cause to believe that his or her conduct was unlawful.

Section 6.02. Successful Defense. To the extent that a present or former Director or officer of the Corporation has been successful on the merits or otherwise in defense of any proceeding referred to in Section 6.01 of these By-Laws or in defense of any claim, issue or matter therein, he or she shall be indemnified by the Corporation against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection therewith.

Section 6.03. Determination That Indemnification Is Proper. Any indemnification of a present or former Director or officer of the Corporation under Section 6.01 of these By-Laws (unless ordered by a court) shall be made by the Corporation only upon a determination that indemnification of such person is proper in the circumstances because such person has met the applicable standard of conduct set forth in Section 6.01 of these By-Laws. Any such determination shall be made, with respect to a person who is a Director or officer at the time of such determination (i) by a majority vote of the Directors who are not parties to such proceeding, even though less than a quorum, or (ii) by a committee of such Directors designated by majority vote of such Directors, even though less than a quorum, or (iii) if there are no such Directors, or if such Directors so direct, by independent legal counsel in a written opinion or (iv) by the stockholders.

Section 6.04. Advance of Expenses. Expenses (including attorneys' fees) incurred by a present or former Director or officer in defending any civil, criminal, administrative or investigative proceeding shall be paid by the Corporation prior to the final disposition of such proceeding upon written request by such person and delivery of an undertaking by such person to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by the Corporation under this Article or applicable law; provided that the Board of Directors may not require such Director or officer to post any bond or otherwise provide any security for such undertaking. The Corporation or, in respect of a present Director or officer, the Board of Directors may authorize the Corporation's counsel to represent (subject to applicable conflict of interest considerations) such present or former Director or officer in any proceeding, whether or not the Corporation is a party to such proceeding.

Section 6.05. Procedure for Indemnification of Directors and Officers. Any indemnification of a Director or officer of the Corporation under Sections 6.01 and 6.02 of these By-Laws, or advance of expenses to such persons under Section 6.04 of these By-Laws, shall be made promptly, and in any event within 30 days, upon the written request by or on behalf of such person (together with supporting documentation). If a determination by the Corporation that such person is entitled to indemnification pursuant to this Article is required, and the Corporation fails to respond within 60 days to a written request for indemnity, the Corporation shall be deemed to have approved such request. If the Corporation denies a written request for indemnity or advancement of expenses, in whole or in part, or if payment in full pursuant to such request is not made within 30 days, the right to indemnification or advances as granted by this Article shall be enforceable by such person in any court of competent jurisdiction. Such person's costs and expenses incurred in connection with successfully establishing his or her right to indemnification, in whole or in part, in any such action shall also be indemnified, to the fullest extent permitted by law, by the Corporation. It shall be a defense to any such action (other than an action brought to enforce a claim for the advance of costs, charges and expenses under Section 6.04 of these By-Laws where the required undertaking, if any, has been received by or tendered to the Corporation) that the claimant has not met the standard of conduct set forth in Section 6.01 of these By-Laws, but the burden of proving such defense shall be on the Corporation. Neither the failure of the Corporation (including its Board of Directors or any Committee thereof, its independent legal counsel, and its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he or she has met the applicable standard of conduct set forth in Section 6.01 of these By-Laws, nor the fact that there has been an actual determination by the Corporation (including its Board of Directors or any Committee thereof, its independent legal counsel, and its stockholders) that the claimant has not met such

applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct.

Section 6.06. Contract Right; Non-Exclusivity; Indemnification Priority Survival.

(a) The rights to indemnification and advancement of expenses provided by this Article shall be deemed to be separate contract rights between the Corporation and each Director and officer who serves in any such capacity at any time while these provisions as well as the relevant provisions of the DGCL are in effect and any repeal or modification thereof shall not adversely affect any right or obligation then existing with respect to any state of facts then or previously existing or any proceeding previously or thereafter brought or threatened based in whole or in part upon any such state of facts. Such "contract rights" may not be modified retroactively as to any present or former Director or officer without the consent of such Director or officer.

(b) The rights to indemnification and advancement of expenses provided by this Article shall continue as to a person who has ceased to be a Director or officer and shall not be deemed exclusive of any other rights to which a present or former Director or officer of the Corporation seeking indemnification or advancement of expenses may be entitled under any by-law, agreement, vote of stockholders or disinterested Directors, or otherwise provided, that to the extent that that an indemnitee is entitled to be indemnified by the Corporation pursuant to this Article and by any stockholder of the Corporation or any affiliate of any such stockholder (other than the Corporation) under any other agreement or instrument, or by any insurer under a policy maintained by such stockholder or affiliate, the obligations of the Corporation pursuant to this Article shall be primary, and the obligations of such stockholder, affiliate or insurer secondary and the Corporation shall not be entitled to contribution or indemnification from or subrogation against such stockholder or affiliate.

(c) The rights to indemnification and advancement of expenses provided by this Article to any present or former Director or officer shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 6.07. Insurance. The Corporation shall purchase and maintain insurance on behalf of any person who is or was or has agreed to become a Director or officer of the Corporation, or is or was serving at the request of the Corporation as a Director or officer of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him or her and incurred by him or her or on his or her behalf in any such capacity, or arising out of his or her status as such, whether or not the Corporation would have the power to indemnify him or her against such liability under the provisions of this Article, provided that such insurance is available on commercially reasonable terms consistent with then prevailing rates in the insurance market.

Section 6.08. Subrogation. In the event of payment under this Article VI, the Corporation shall be subrogated to the extent of such payment to all of the rights of recovery of the indemnitee, who shall execute all documents, and do all acts, that as the Corporation may reasonably request to secure such rights, including the execution of such documents as the Corporation may reasonably request to enable the Corporation effectively to bring suit to enforce such rights.

Section 6.09. Employees and Agents. The Board of Directors, or any officer authorized by the Board of Directors generally or in the specific case to make indemnification decisions, may cause the Corporation to indemnify any present or former employee or agent of the Corporation in such manner and for such liabilities as the Board of Directors may determine, up to the fullest extent permitted by the DGCL and other applicable law.

If this Article or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the Corporation shall nevertheless indemnify each Director or officer as to costs, charges and expenses (including attorneys' fees), judgments, fines and amounts paid in settlement with respect to any proceeding, whether, civil, criminal, administrative, investigative or otherwise, including an action by or in the right of the Corporation, to the fullest extent permitted by any applicable portion of this Article that shall not have been invalidated and to the fullest extent permitted by applicable law.
