INFORMATION STATEMENT

This Information Statement is being furnished to the stockholders of Cogent Communications Group, Inc., a Delaware corporation (the Company or Cogent), in connection with an amendment to the Company's Fourth Amended and Restated Certificate of Incorporation, as amended (Existing Charter), to revise the antidilution provisions of the Company's existing Series G Participating Convertible Preferred Stock and the Series H Participating Convertible Preferred Stock in connection with the issuance of 3,700.5 shares of Series M Participating Convertible Preferred Stock. The Company has issued shares of its Series M Preferred Stock, as defined below, and these shares will become convertible into shares of Common Stock upon the amendment of the Company's Existing Charter.

The Series M Preferred Stock was issued in connection with the Company's merger with Cogent Potomac, Inc., a wholly-owned subsidiary of the Company (Potomac), on October 26, 2004 (the Merger). This proposal is described in more detail in this Information Statement. This Information Statement will be first mailed to stockholders on or about December 23, 2004.

As a result of the issuance of Series M Preferred Stock in connection with the Merger and as described more fully in the proposal on p. 3 (the Proposal) and as set forth on the table on page 7, the current holders of the Company's Common Stock will be diluted. In addition, by electing to forego their anti-dilution protection, the holders of Series G Participating Convertible Preferred Stock and Series H Participating Convertible Preferred Stock will be diluted to a greater extent than if they had not foregone such anti-dilution protection. As of November 30, 2004, assuming no anti-dilution adjustment to the Series G Preferred Stock and Series H Preferred Stock, as defined below, and the conversion of all of the Company's convertible preferred stock (including the conversion of the shares of Series M Preferred Stock at the conversion rate that will be applicable to such shares at the time that the proposed amendments to the Existing Charter becomes effective), the holders of the Series M Preferred Stock would hold approximately 17.1% of the total issued and outstanding equity of the Company, and the equity securities of the Company outstanding prior to the Merger would represent approximately 82.9% of the total issued and outstanding equity of the Company. If the anti-dilution provisions of the Series G Preferred Stock and Series H Preferred Stock had not been amended as described herein, the Series M Preferred Stock would represent approximately 15.4% of the total issued and outstanding equity of the Company, and the equity securities of the Company outstanding prior to the Merger would represent approximately 84.6% of the total issued and outstanding equity of the Company.

**WE ARE NOT ASKING YOU FOR A PROXY AND
YOU ARE REQUESTED NOT TO SEND A PROXY.**

Consent Date; Outstanding Shares; Voting Rights

It is anticipated that prior to the mailing of this information statement (the Consent Date), certain of the Company's stockholders, including holders of at least a majority of the Series G Preferred Stock and Series H Preferred Stock, each voting as a separate class, will act by written consent to approve the

Proposal described in this Information Statement. It is anticipated that on the Consent Date, the Company's issued and outstanding capital stock will consist of:

- 16,341,299 shares of common stock, par value \$.001 per share (the Common Stock), which was held by approximately 460 holders of record;
- 11,000 shares of Series F Participating Convertible Preferred Stock, par value \$.001 per share (the Series F Preferred Stock);
- 41,030 shares of Series G Participating Convertible Preferred Stock, par value \$.001 per share (the Series G Preferred Stock);
- 45,952 shares of Series H Participating Convertible Preferred Stock, par value \$.001 per share (the Series H Preferred Stock);
- 2,575 shares of Series I Participating Convertible Preferred Stock, par value \$.001 per share (the Series I Preferred Stock);
- 3,891 shares of Series J Participating Convertible Preferred Stock, par value \$.001 per share (the Series J Preferred Stock);
- 2,600 shares of Series K Participating Convertible Preferred Stock, par value \$.001 per share (the Series K Preferred Stock);
- 185.4 shares of Series L Participating Convertible Preferred Stock, par value \$.001 per share (the Series L Preferred Stock); and
- 3,700.5 shares of Series M Participating Convertible Preferred Stock, par value \$.001 per share (the Series M Preferred Stock).

Holders of shares of our Common Stock are entitled to one vote for every share held, and holders of our Series F Preferred Stock, Series G Preferred Stock, Series H Preferred Stock, Series I Preferred Stock, Series J Preferred Stock, Series K Preferred Stock and Series M Preferred Stock are entitled to a number of votes per share equal to the number of shares of Common Stock issuable upon conversion of such shares of preferred stock. The Series L Preferred Stock is not entitled to vote except as required by Delaware Law. Each share of Series F Preferred Stock is convertible into 6,200 shares of Common Stock; each share of Series G Preferred Stock is convertible into between 5,759 and 19,617 shares of Common Stock (depending on the specific terms of the sub-series); each share of Series H Preferred Stock is convertible into 769 shares of Common Stock; each share of Series I Preferred Stock is convertible into approximately 6,200 shares of Common Stock; each share of Series J Preferred Stock is convertible into 30,998 shares of Common Stock. Each share of Series K Preferred Stock is convertible into 6,200 shares of Common Stock; and each share of Series L Preferred Stock is convertible into 30,998 shares of Common Stock. Prior to the amendment of the Existing Charter described in the Proposal, the Series M Preferred Stock is not convertible into shares of our Common Stock, and as a result, holders of shares of our Series M Preferred Stock currently are not entitled to vote. After the amendment of the Existing Charter, each share of Series M Preferred Stock will be convertible into 30,998 shares of Common Stock.

Dissenters' Rights of Appraisal

Under the laws of the State of Delaware and the Company's governing documents, stockholders will not have the right to dissent and obtain payment for their shares in connection with the proposals described in this Information Statement.

Note Regarding Share and Per Share Data

In connection with the completion of the merger of Allied Riser Communications Corporation (Allied Riser) with a subsidiary of the Company in February 2002, the Company completed a ten-for-one reverse stock split with respect to its Common Stock. All share and per-share information contained in and accompanying this Information Statement reflects the occurrence of that reverse stock split.

PROPOSAL

AMENDMENT OF THE COMPANY S CERTIFICATE OF INCORPORATION

The Board of Directors has unanimously adopted, subject to stockholder approval, Amendment No. 3 to the Fourth Amended and Restated Certificate of Incorporation of the Company, as amended, a copy of which is attached hereto as Appendix A (the Charter Amendment) in connection with the authorization and issuance of Series M Preferred Stock.

The Charter Amendment has already been approved by stockholders holding a sufficient number of shares of preferred stock and Common Stock for approval. The Charter Amendment was recommended to the stockholders by the Board of Directors as a result of the negotiations in connection with the Merger described in this Information Statement under the heading Description of the Merger. The Merger allowed the Company to acquire the business of Aleron Broadband Services LLC, a provider of dial-up Internet access, including approximately \$18.5 million in cash. Stockholder approval of the Charter Amendment was a condition to completion of the transaction, as the parties receiving Series M Preferred Stock were unwilling to see the Series M Preferred Stock issued to them in connection with the Merger diluted by the provisions of the Company s charter that would be triggered absent the Charter Amendment. Because the Merger was advantageous to the Company, the Board recommended the Charter Amendment to the stockholders in order to prevent the Series M Preferred Stock from triggering the anti-dilution provisions of the charter, and the major stockholders, who would have benefited from the triggering of the anti-dilution provisions, consented. Specifically, the Charter Amendment will amend each of the certificates of designation of the Series G Preferred Stock and the Series H Preferred Stock to exclude from the definition of Additional Shares of Common Stock the issuance of the Series M Preferred Stock.

The Charter Amendment will become effective upon its filing with the Secretary of State of the State of Delaware.

DESCRIPTION OF OUR BUSINESS

We are a leading facilities-based provider of low-cost, high-speed Internet access and Internet Protocol connectivity. Our network has been designed and optimized to transmit data using Internet Protocol, which provides us with significant cost and performance advantages over legacy networks. We deliver our services to more than 7,000 small and medium-sized businesses, communications service providers, and other bandwidth-intensive organizations in North America and Europe. Our primary service is providing Internet access at a speed of 100 Megabits per second, much faster than typical Internet access currently offered to businesses, and is delivered through our own facilities running all the way to our customers' premises.

Our network is comprised of in-building riser facilities, metropolitan optical fiber networks, metropolitan traffic aggregation points and intercity transport facilities. The network is physically connected entirely through our facilities to over 950 buildings in which we provide our on-net services, including over 800 multi-tenant office buildings. The term on-net means services provided to customers or buildings that are directly connected to our fiber optic network, utilizing Ethernet interfaces. We also provide on-net services in carrier-neutral colocation facilities, data centers and single-tenant office buildings. Because of our network architecture, we are not dependent on local telephone companies to serve our on-net customers. In addition to providing our on-net services, we also provide Internet connectivity to customers that are not located in buildings directly connected to our network. We serve these off-net customers using other carriers' facilities to provide the last mile portion of the link from our customers' premises to our network.

Our network allows us to respond to the growing demand for low-cost, high-speed Internet connectivity. On average, we currently serve approximately 4% of the tenants in each of our multi-tenant on-net buildings. We believe our multi-tenant on-net buildings have an average of 45 tenants. In addition, we currently serve less than 1% of the approximate 172,000 small and medium-sized businesses in the geographic regions in which we offer our off-net services. We also operate 29 data centers comprising over 300,000 square feet throughout North America and Europe that allow customers to colocate their equipment and access our network. We intend to continue to expand our addressable market by selectively adding buildings to our network.

DESCRIPTION OF THE MERGER

The Merger

In October 2004, our wholly-owned subsidiary merged with Cogent Potomac, Inc. ("Potomac"). We issued 3,700 shares of our newly authorized Series M Preferred Stock in exchange for all of the outstanding common shares of Potomac. The Series M Preferred Stock will, upon the filing of the Charter Amendment, convert into approximately 114.7 million shares of our Common Stock and has rights and privileges similar to our Series J Preferred Stock. Prior to the Merger, Potomac had acquired the majority of the assets of Aleron Broadband Services, LLC, a Nevada limited liability company ("Aleron"). Aleron was headquartered in Chantilly, Virginia and provided Internet access and dial-up services on a wholesale basis. The acquired assets included net cash of approximately \$18.5 million, all of Aleron's employees nationwide, all of Aleron's customer contracts, customer accounts receivable and certain network equipment. Assumed liabilities include certain vendor relationships, accounts payable, and accrued liabilities. We intend to integrate these acquired assets into our operations and onto our broadband network.

The 3,700.5 shares of the Series M Preferred Stock will be convertible into approximately 114.7 million shares of Common Stock upon filing the Charter Amendment.

Terms of the Series M Preferred Stock

A summary of certain of the rights and preferences of the Series M Preferred Stock is set forth below. The complete designation of the rights and preferences of the Series M Preferred Stock is set forth in the certificate of designation in the form attached hereto as Appendices B.

Dividends

The holders of the Series M Preferred Stock will be entitled to receive out of legally available funds, dividends (on an as-converted-to-Common-Stock basis) payable when and if dividends are declared by the Board of Directors with respect to the Common Stock. The Company has no current plan, proposal or arrangement, written or otherwise, to pay dividends with respect to the Common Stock.

Conversion

Each share of the Series M Preferred Stock may be converted into shares of Common Stock at the election of its holder at any time after the Charter Amendment becomes effective (the "Convertibility Date").

After the Convertibility Date, each share of the Series M Preferred Stock will be automatically converted into approximately 30,998 shares of Common Stock upon the affirmative election of the holders of at least two thirds of the outstanding shares of the Series M Preferred Stock. Each share of the Series M Preferred Stock is convertible into approximately 30,998 shares of Common Stock and will be convertible into an aggregate of approximately 114.7 million shares of Common Stock representing approximately 17.1% of the fully diluted authorized and outstanding shares of Common Stock as of the completion of the Merger (assuming conversion of all of the Company's issued and outstanding securities that are convertible into Common Stock and exercise of all outstanding options and warrants or any other rights to purchase or acquire other equity interests in the Company).

The conversion price will be subject to adjustment as provided in the paragraph below (relating to antidilution). The Series M Preferred Stock will be automatically converted into Common Stock, at its then applicable conversion rate in the event of an underwritten public offering of shares of the Company at a total offering of not less than \$50 million at a post-money valuation of the Company of \$500 million (a "Qualifying PO").

Sinking Fund Provisions

The Series M Preferred Stock is not subject to sinking fund provisions.

Restrictions on Alienability

The Series M Preferred Stock is not subject to restrictions on alienability.

Antidilution

Proportional adjustments will be made for stock splits, stock dividends, recapitalizations, and the like. The conversion price of the Series M Preferred Stock will be adjusted on a weighted average basis for issuances of additional equity securities at a purchase price below the then-effective applicable conversion price of the Series M Preferred Stock (subject to exceptions). In addition, if there is an adjustment to the conversion price of the Series F Preferred Stock, the Series G Preferred Stock, the Series H Preferred Stock, the Series I Preferred Stock, the Series J Preferred Stock, the Series K Preferred Stock, the Series L Preferred Stock, or the Series M Preferred Stock, then all such series of preferred stock shall receive the same proportional adjustment.

Voting Rights and Protective Provisions

After the Convertibility Date, the Series M Preferred Stock will vote together with the Common Stock and not as a separate class, except as required by law with respect to any amendment or waiver of any provisions of the Company's charter or bylaws that adversely affects the rights, preferences and privileges of the Series M Preferred Stock. Each share of the Series M Preferred Stock will have a number of votes equal to the number of shares of Common Stock then issuable upon conversion of such share on all matters except for the election of directors for which the Series M Preferred Stock will have no vote.

Liquidation Preference; Participation

Upon an acquisition, dissolution, liquidation, or winding up of the Company, the holders of the Series M Preferred Stock and the other holders of preferred stock of the Company shall be entitled to receive, out of the assets of the Company remaining after all of the Company's debts and liabilities have been paid or otherwise provided for, but before any payments have been made to the holders of Common Stock, an amount payable in cash on account of each share of Series M Preferred Stock plus any declared but unpaid dividends amounts equal to and with the preference as follows: (1) the holders of the Series F Preferred Stock, Series G Preferred Stock, Series I Preferred Stock, Series J Preferred Stock, Series K Preferred Stock, Series L Preferred Stock and Series M Preferred Stock will be entitled to receive on a pari passu basis a return of an amount equal to the amount paid, or deemed to have been paid, for such preferred stock; (2) the holders of the Series G Preferred Stock will be entitled to \$82 million, the holders of Series I Preferred Stock will be entitled to receive approximately \$5.2 million, the Series J Preferred Stock will be entitled to receive \$38.9 million, the holders of Series K Preferred Stock will be entitled to receive \$5.2 million, the holders of Series L Preferred Stock will be entitled to receive approximately \$1.9 million, the holders of Series M Preferred Stock will be entitled to receive approximately \$37.0 million and the holders of the Series H Preferred Stock will receive \$9.1 million; (3) the holders of the Series F Preferred Stock shall receive \$18.1 million; and (4) the holders of the Series F Preferred Stock, Series G Preferred Stock, Series H Preferred Stock, Series I Preferred Stock, Series J Preferred Stock, Series K Preferred Stock, Series L Preferred Stock and Series M Preferred Stock will be entitled to share with the holders of Common Stock in any remaining proceeds on an as converted to Common Stock basis.

An acquisition includes a merger, consolidation, or sale of all or substantially all of the assets of the Company in any transaction or series of related transactions in which the stockholders of the Company do not own 50% of the voting power of the surviving corporation.

Redemption

The Series M Preferred Stock will not be redeemable.

Registration Rights Agreement and Stockholders Agreement

The holders of the Series F Preferred Stock, Series G Preferred Stock, Series I Preferred Stock, Series J Preferred, Series K Preferred Stock, Series L Preferred Stock and Series M Preferred Stock are parties to a Seventh Amended and Restated Registration Rights Agreement with the Company, that provides for, among other things, registration rights with respect to Common Stock issued to the parties to the agreement. The holders of the Series F Preferred Stock, Series G Preferred Stock, Series I Preferred Stock, Series J Preferred Stock, Series K Preferred Stock, Series L Preferred Stock and Series M Preferred Stock are also parties to a Fifth Amended and Restated Stockholders Agreement, that provides for, among other things, an agreement by these parties to vote shares of Common Stock held by them for directors of the Company so as to elect as directors of the Company persons designated by certain of the parties to such agreement as well as the right to participate on a proportional basis in any future equity offerings by the Company.

Dilutive Effect on Holders of Common Stock

Due to the issuance of the Series M Preferred Stock in connection with the Merger, the equity interests of our existing Common Stockholders and preferred stockholders, as a percentage of the total number of shares of the Company's Common Stock assuming conversion of the preferred stock, has been diluted.

			Percentage of Outstanding Common Stock Owned (Assuming Conversion of Preferred Stock)											
			Before Issuance of Series M Preferred Stock				After Issuance of Series M Preferred Stock (assuming no anti-dilution adjustment to Series G and Series H Preferred Stock)				After Issuance of Series M Preferred Stock (assuming anti-dilution adjustment to Series G and Series H Preferred Stock)			
Existing Class of Equity Securities														
Common Stock				2.95	%			2.44	%			2.20	%	
Preferred Stock and Other				97.05	%			80.42	%			82.39	%	
Series M Preferred Stock								17.14	%			15.41	%	

Additionally, in the event of any dissolution, liquidation, or winding up of the Company, at least \$55.5 million will be paid in cash to holders of the Series M Preferred Stock, approximately \$2.8 million will be paid in cash to holders of the Series L Preferred Stock, approximately \$7.8 million will be paid in cash to holders of the Series K Preferred Stock, at least \$7.7 million will be paid in cash to holders of the Series I Preferred Stock, at least \$58.4 million will be paid in cash to holders of the Series J Preferred Stock, at least \$29.1 million will be paid in cash to the holders of the Series F Preferred Stock, at least \$123.1 million will be paid in cash to the holders of the Series G Preferred Stock and at least \$7.9 million will be paid in cash to the holders of the Series H Preferred Stock before any payment is made to the holders of Common Stock.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of shares of the Company's capital stock as of November 30, 2004, (1) assuming that the Series M Preferred Stock was convertible on that date and (2) assuming conversion of all of the shares of the Series F Preferred Stock, Series G Preferred Stock, Series H Preferred Stock, Series I Preferred Stock, Series J Preferred Stock, Series K Preferred Stock, Series L Preferred Stock and Series M Preferred Stock into Common Stock at their then effective conversion rates, by:

- each stockholder known to us to be a beneficial owner of more than 5% of any class of voting capital stock;
- each of our directors;
- each of our named executive officers; and
- all of our executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares subject to options, warrants and securities convertible into common stock held by that person that are exercisable as of November 30, 2004 or exercisable within 60 days thereof are deemed beneficially owned. Except as indicated in the footnotes to this table, we believe that each stockholder named in the following table has sole voting and investment power with respect to the shares set forth opposite such stockholder's name, except to the extent shared by a spouse under applicable law. This table is based on information supplied by officers, directors and principal stockholders. As of November 30, 2004, assuming conversion of all of the Series F Preferred Stock, Series G Preferred Stock, Series H Preferred Stock, Series I Preferred Stock, Series J Preferred Stock, Series K Preferred Stock and Series L Preferred Stock into Common Stock at their then effective conversion rates, there would have been 536.2 million shares of Common Stock outstanding. If the Series M Preferred Stock had been convertible as of November 30, 2004, and assuming conversion of all of the outstanding preferred stock of the Company, including the Series M Preferred Stock, into Common Stock at its then effective conversion rate, there would have been 650.9 million shares of Common Stock outstanding.

Upon conversion of only a portion of the number of shares of Series M Preferred Stock represented by a certificate surrendered for conversion, the Corporation shall issue and deliver to or upon the written order of the holder of the certificate so surrendered for conversion, at the expense of the Corporation, a new certificate covering the number of shares of Series M Preferred Stock representing the unconverted portion of the certificate so surrendered.

(e) *Adjustment for Stock Splits and Combinations.* If the Corporation shall at any time or from time to time after the date that the first share of the Series M Preferred Stock is issued (the *Original Issue Date*) effect a subdivision of the outstanding Common Stock without a corresponding subdivision of the Series M Preferred Stock, the Conversion Price in effect immediately before that subdivision with respect to the Series M Preferred Stock shall be proportionately decreased. Conversely, if the Corporation shall at any time or from time to time after the Original Issue Date combine the outstanding shares of Common Stock into a smaller number of shares without a corresponding combination of the Series M Preferred Stock, the Conversion Price in effect immediately before the combination with respect to the Series M Preferred Stock shall be proportionately increased. Any adjustment under this Article 4(e) shall become effective at the close of business on the date the subdivision or combination becomes effective.

(f) *Adjustment for Common Stock Dividends and Distributions.* If the Corporation at any time or from time to time after the Original Issue Date makes, or fixes a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in additional shares of Common Stock, in each such event, unless an equivalent dividend is paid to the holders of the Series M Preferred Stock in respect of such stock, the Conversion Prices that are then in effect shall be decreased as of the time of such issuance or, in the event such record date is fixed, as of the close of business on such record date, to the price determined by multiplying each Conversion Price then in effect by a fraction (1) the numerator of which is the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and (2) the denominator of which is the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issuable in payment of such dividend or distribution; provided, however, that if such record date is fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, each Conversion Price shall be recomputed accordingly as of the close of business on such record date and thereafter each Conversion Price shall be adjusted pursuant to this Article 4(f) to reflect the actual payment of such dividend or distribution; and provided further, that if an adjustment has been made to any Conversion Price on the fixing of the record date for a dividend or distribution, no additional adjustment shall be made when such dividend is paid or distribution is made.

(g) *Adjustments for Other Dividends and Distributions.* If the Corporation at any time or from time to time after the Original Issue Date makes, or fixes a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in securities of the Corporation other than shares of Common Stock, in each such event, unless an equivalent dividend is paid to the holders of the Series M Preferred Stock in respect of such stock, provision shall be made so that the holders of Series M Preferred Stock shall receive upon conversion thereof, in addition to the number of shares of Common Stock receivable thereupon, the amount of other securities of the Corporation which they would have received had their shares of Series M Preferred Stock been converted into Common Stock

on the date of such event and had they thereafter, during the period from the date of such event to and including the conversion date, retained such securities receivable by them as aforesaid during such period, subject to all other adjustments called for during such period under this Article 4 with respect to the rights of the holders of such shares of Series M Preferred Stock or with respect to such other securities by their terms; provided, however, that if such a provision has been made on the fixing of the record date for a dividend or distribution, no additional provision shall be made when such dividend is paid or distribution is made.

(h) *Adjustment for Reclassification. Exchange and Substitution.* If at any time or from time to time after the Original Issue Date, the Common Stock issuable upon the conversion of the Series M Preferred Stock is changed into the same or a different number of shares of any class or classes of stock, whether by recapitalization, reclassification or otherwise (other than a subdivision or combination of shares or stock dividend or a reorganization, merger, consolidation or sale of assets provided for elsewhere in this Article 4), in any such event each holder of shares of Series M Preferred Stock shall have the right thereafter to convert such stock into the kind and amount of stock and other securities and property receivable upon such recapitalization, reclassification or other change by holders of the maximum number of shares of Common Stock into which such Series M Preferred Stock could have been converted immediately prior to such recapitalization, reclassification or change, all subject to further adjustment as provided herein or with respect to such other securities or property by the terms thereof.

(i) *Sale of Shares Below Applicable Conversion Price.*

(1) If at any time or from time to time after the Original Issue Date, the Corporation issues or sells, or is deemed by the express provisions of this subsection (i) to have issued or sold, Additional Shares of Common Stock (as hereinafter defined), other than (i) pursuant to a transaction described in Articles 4(e)-(h) above for which adjustment was made as provided in the applicable Article or (ii) the issuance of Common Stock, or options or warrants to purchase Common Stock, issued to financial institutions or lessors in connection with commercial credit arrangements, equipment financings or similar transactions, as approved by two-thirds (2/3rds) of the then sitting members of the Board of Directors, in any event for an Effective Price (as hereinafter defined) less than the then-effective Conversion Price, then in each such case the then existing Conversion Price shall be reduced, as of the opening of business on the date of such issue or sale (or such deemed issuance or sale), to a price determined by multiplying the then Conversion Price by a fraction (the *Adjustment Factor*) (i) the numerator of which shall be (A) the number of shares of Common Stock deemed outstanding (as defined below) immediately prior to such issue or sale, plus (B) the number of shares of Common Stock which the Aggregate Consideration received (as defined in subsection (j)(2)) by the Corporation for the total number of Additional Shares of Common Stock so issued would purchase at such Conversion Price and (ii) the denominator of which shall be the number of shares of Common Stock deemed outstanding (as defined below) immediately prior to such issue or sale plus the total number of Additional Shares of Common Stock so issued. For the purposes of the preceding sentence, the number of shares of Common Stock deemed to be outstanding as of a given date shall be the sum of (A) the number of shares of Common Stock actually outstanding and (B) the number of shares of Common Stock issuable upon conversion of the then outstanding Preferred Stock and the exercise of all outstanding rights, warrants and options to purchase Common Stock or Convertible Securities (as defined below). Notwithstanding the foregoing, if at any time or from time to time after the Original Issue Date, the Corporation adjusts the conversion price of the Series F Participating Convertible Preferred Stock, any sub-series of the Series G Participating Convertible Preferred Stock, the Series H Participating Convertible Preferred Stock, the Series I Participating Convertible Preferred Stock, the Series J Participating Convertible Preferred Stock, the Series K Participating Convertible Preferred Stock or the Series L Participating Convertible Preferred Stock or pursuant to

Article 4(i)(1) of the Certificate of Designations, Preferences and Relative, Participating, Optional and Other Special Rights and Qualifications, Limitations and Restrictions of such Preferred Stock, the Conversion Price shall be reduced (in lieu of any applicable adjustment pursuant to the first sentence of this subsection (i)(1)), as of the opening of business on the date of such adjustment, to a price determined by multiplying the Conversion Price in effect prior to the applicable issue or sale (or deemed issue or sale) by the smallest of the Adjustment Factor, the Series F Adjustment Factor, the Series G Controlling Adjustment Factor, the Series H Adjustment Factor, the Series I Adjustment Factor, the Series J Adjustment Factor, the Series K Adjustment Factor and the Series L Adjustment Factor, as applicable (the smallest such adjustment factor shall be known as the *Controlling Adjustment Factor*).

(2) For the purpose of making any adjustment required under this Article 4(i), the *Aggregate Consideration* received by the Corporation for any issue or sale of securities shall (A) to the extent it consists of cash, be computed at the net amount of cash received by the Corporation after deduction of any underwriting or similar commissions, compensation or concessions paid or allowed by the Corporation in connection with such issue or sale but without deduction of any expenses payable by the Corporation, (B) to the extent it consists of property other than cash, be computed at the fair value of that property as determined in good faith by the Board of Directors, and (C) if Additional Shares of Common Stock, Convertible Securities or rights or options to purchase either Additional Shares of Common Stock or Convertible Securities are issued or sold together with other stock or securities or other assets of the Corporation for a consideration which covers both, be computed as the portion of the consideration so received that may be reasonably determined in good faith by the Board of Directors to be allocable to such Additional Shares of Common Stock, Convertible Securities or rights or options.

(3) For the purpose of the adjustment required under this Article 4(i), if the Corporation issues or sells any rights or options for the purchase of, or stock or other securities convertible into, Additional Shares of Common Stock (such convertible stock or securities being herein referred to as *Convertible Securities*) and if the Effective Price of such Additional Shares of Common Stock is less than the effective Conversion Price, the Corporation shall be deemed to have issued at the time of the issuance of such rights or options or Convertible Securities the maximum number of Additional Shares of Common Stock issuable upon exercise or conversion thereof and to have received as consideration for the issuance of such shares an amount equal to the total amount of the consideration, if any, received by the Corporation for the issuance of such rights or options or Convertible Securities, plus, in the case of such rights or options, the minimum amounts of consideration, if any, payable to the Corporation upon the exercise of such rights or options, plus, in the case of Convertible Securities, the minimum amounts of consideration, if any, payable to the Corporation upon the conversion thereof (other than by cancellation of liabilities or obligations evidenced by such Convertible Securities); provided that if in the case of Convertible Securities the minimum amounts of such consideration cannot be ascertained, but are a function of antidilution or similar protective clauses, the Corporation shall be deemed to have received the minimum amounts of consideration without reference to such clauses; provided further that if the minimum amount of consideration payable to the Corporation upon the exercise or conversion of rights, options or Convertible Securities is reduced over time or on the occurrence or non-occurrence of specified events other than by reason of antidilution adjustments, the Effective Price shall be recalculated using the figure to which such minimum amount of consideration is reduced; provided further that if the minimum amount of consideration payable to the Corporation upon the exercise or conversion of such rights, options or Convertible Securities is subsequently increased, the Effective Price shall be again recalculated using the increased minimum amount of consideration payable to the Corporation upon the exercise or conversion of such rights, options or Convertible Securities. No readjustment in respect of any rights, options or Convertible Securities pursuant to this Article 4(i) shall have the

effect of increasing the Conversion Price to an amount which exceeds the lower of (i) the Conversion Price that was in effect on the original adjustment date or (ii) the Conversion Price that would have resulted from any issuance of Additional Shares of Common Stock between the original adjustment date and the date of such readjustment for which no adjustment was made. No further adjustment of the Conversion Price, as adjusted upon the issuance of such rights, options or Convertible Securities, shall be made as a result of the actual issuance of Additional Shares of Common Stock on the exercise of any such rights or options or the conversion of any such Convertible Securities. If any such rights or options or the conversion privilege represented by any such Convertible Securities shall expire without having been exercised, the Conversion Price as adjusted upon the issuance of such rights, options or Convertible Securities shall be readjusted to the Conversion Price which would have been in effect had an adjustment been made on the basis that the only Additional Shares of Common Stock so issued were the Additional Shares of Common Stock, if any, actually issued or sold on the exercise of such rights or options or rights of conversion of such Convertible Securities, and such Additional Shares of Common Stock, if any, were issued or sold for the consideration actually received by the Corporation upon such exercise, plus the consideration, if any, actually received by the Corporation for the granting of all such rights or options, whether or not exercised, plus the consideration received for issuing or selling the Convertible Securities actually converted, plus the consideration, if any, actually received by the Corporation (other than by cancellation of liabilities or obligations evidenced by such Convertible Securities) on the conversion of such Convertible Securities, provided that such readjustment shall not apply to prior conversions of Series M Preferred Stock.

(4) Additional Shares of Common Stock shall mean, with respect to shares of Series M Preferred Stock, all shares of Common Stock issued by the Corporation or deemed to be issued pursuant to this Article 4(i), whether or not subsequently reacquired or retired by the Corporation other than (1) shares of Common Stock issued upon conversion of any Preferred Stock, (2) up to 10,000 shares of Common Stock issued or issuable pursuant to options, warrants or other rights (as adjusted for any stock splits, reverse stock splits, recapitalizations and similar capital events) issued to employees, officers or directors of, or consultants or advisors to the Corporation or any Subsidiary pursuant to stock purchase or stock option plans or other arrangements that are approved by the Board of Directors, (3) up to 2,000,000 shares of Common Stock issued or issuable pursuant to options, warrants or other rights (as adjusted for any stock splits, reverse stock splits, recapitalizations and similar capital events) issued to investors in or lenders to the Corporation, (4) additional convertible debt or equity issued in exchange for, upon conversion of, or as paid-in-kind interest payment on, the 7.50% convertible notes due 2007 of Allied Riser Communications Corporation outstanding on the Original Issue Date and in accordance with the terms of such convertible notes as in effect on the Original Issue Date, (5) up to 3,000 shares of Series I Participating Convertible Preferred Stock and the shares of Common Stock issued or issuable upon the conversion thereof, (6) up to 3,891 shares of Series J Participating Convertible Preferred Stock and the shares of Common Stock issued or issuable upon the conversion thereof, (7) up to 2,600 shares of Series K Participating Convertible Preferred Stock and the shares of Common Stock issued or issuable upon the conversion thereof, (8) up to 185.4 shares of Series L Participating Convertible Preferred Stock and the shares of Common Stock issued or issuable upon the conversion thereof, and (9) up to 4,000 shares of Series M Preferred Stock and the shares of Common Stock issued or issuable upon the conversion thereof.

(5) The Effective Price of Additional Shares of Common Stock shall mean the quotient determined by dividing the total number of Additional Shares of Common Stock issued or sold, or deemed to have been issued or sold by the Company under this Article 4(i), into the Aggregate Consideration received, or deemed to have been received by the Company for such issue under this Article 4(i), for such Additional Shares of Common Stock.

(j) *Accountants' Certificate of Adjustment.* In each case of an adjustment or readjustment of the Conversion Price for the number of shares of Common Stock or other securities issuable upon conversion of the Series M Preferred Stock, the Corporation, at its expense, shall compute such adjustment or readjustment in accordance with the provisions hereof and prepare a certificate showing such adjustment or readjustment, and shall mail such certificate, by first class mail, postage prepaid, to each registered holder of shares of Series M Preferred Stock at the holder's address as shown in the Corporation's books. The certificate shall set forth such adjustment or readjustment, showing in detail the facts upon which such adjustment or readjustment is based, including a statement of (1) the consideration received or deemed to be received by the Corporation for any Additional Shares of Common Stock issued or sold or deemed to have been issued or sold, (2) the Applicable Conversion Price for such series in effect prior to and after giving effect to such adjustment or readjustment, (3) the number of Additional Shares of Common Stock and (4) the type and amount, if any, of other property which at the time would be received upon conversion of such shares of such Series M Preferred Stock.

(k) *Notices of Record Date.* Upon (i) any taking by the Corporation of a record of the holders of any class of securities for the purpose of determining the holders thereof who are entitled to receive any dividend or other distribution, or (ii) any capital reorganization of the Corporation, any reclassification or recapitalization of the capital stock of the Corporation, any merger or consolidation of the Corporation with or into any other corporation, any Change of Control Transaction, any sale of all or substantially all of the Corporation's assets or any voluntary or involuntary dissolution, liquidation or winding up of the Corporation, the Corporation shall mail to each holder of Series M Preferred Stock at least twenty (20) days prior to the record date specified therein a notice specifying (1) the date on which any such record is to be taken for the purpose of such dividend or distribution and a description of such dividend or distribution, (2) the date on which any such reorganization, reclassification, consolidation, merger, dissolution, liquidation or winding up is expected to become effective, and the material terms of such transaction, and (3) the date, if any, that is to be fixed as to when the holders of record of Common Stock (or other securities) shall be entitled to exchange their shares of Common Stock (or other securities) for securities or other property deliverable upon such reorganization, reclassification, consolidation, merger, dissolution, liquidation or winding up.

(l) *Automatic Conversion.*

(1) On or after the Convertibility Date, each share of Series M Preferred Stock shall automatically be converted into shares of Common Stock, based on the Conversion Price, at any time upon the affirmative election of the holders of at least eighty percent (80%) of the outstanding shares of the Series M Preferred Stock, the Series L Participating Convertible Preferred Stock, the Series K Participating Convertible Preferred Stock, the Series J Participating Convertible Preferred Stock, the Series I Participating Convertible Preferred Stock and Series G Participating Convertible Preferred Stock voting together as a single class, provided, however, that the Series M Preferred Stock shall not be converted pursuant to the first sentence of this Section 4(l)(1) unless all of the shares of the Series L Participating Convertible Preferred Stock, the Series K Participating Convertible Preferred Stock, the Series J Participating Convertible Preferred Stock, the Series I Participating Convertible Preferred Stock and the Series G Participating Convertible Preferred Stock are automatically converted into shares of Common Stock at the same time as the Series M Preferred Stock is converted. Each share of Series M Preferred Stock shall automatically be converted into shares of Common Stock based on the Conversion Price immediately upon the closing of a firmly underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, as amended, covering the offer and sale of Common Stock for the account of the Corporation in which (i) the aggregate pre-money valuation of the Corporation is at least five hundred million dollars (\$500,000,000); and (ii) the gross cash proceeds (before underwriting discounts, commissions and

fees) are at least fifty million dollars (\$50,000,000) (a *Qualified Offering*). Upon such automatic conversion, any declared and unpaid dividends shall be paid in accordance with the provisions of Article 5.

(2) On or after the Convertibility Date, upon the occurrence of an event specified in paragraph (1) above, the outstanding shares of Series M Preferred Stock shall be converted automatically without any further action by the holders of such shares and whether or not the certificates representing such shares are surrendered to the Corporation or its transfer agent; provided, however, that the Corporation shall not be obligated to issue certificates evidencing the shares of Common Stock issuable upon such conversion unless the certificates evidencing such shares of Series M Preferred Stock are either delivered to the Corporation or its transfer agent as provided below, or the holder notifies the Corporation or its transfer agent that such certificates have been lost, stolen or destroyed and executes an agreement satisfactory to the Corporation to indemnify the Corporation from any loss incurred by it in connection with such certificates. Upon the occurrence of such automatic conversion of the Series M Preferred Stock the holders of Series M Preferred Stock shall surrender the certificates representing such shares at the office of the Corporation or any transfer agent for the Series M Preferred Stock. Thereupon, there shall be issued and delivered to such holder promptly at such office and in its name as shown on such surrendered certificate or certificates, a certificate or certificates for the number of shares of Common Stock into which such shares of Series M Preferred Stock surrendered were convertible on the date on which such automatic conversion occurred, and the Corporation shall promptly pay in cash or, at the option of the Corporation, Common Stock (at the Common Stock's fair market value determined by the Board as of the date of such conversion), or, at the option of the Corporation, both, all declared and unpaid dividends on such shares of Series M Preferred Stock being converted, to and including the date of such conversion.

(m) *Fractional Shares.* No fractional shares of Common Stock shall be issued upon conversion of Series M Preferred Stock. All shares of Common Stock (including fractions thereof) issuable upon conversion of more than one share of Series M Preferred Stock by a holder thereof shall be aggregated for purposes of determining whether the conversion would result in the issuance of any fractional share. If, after the aforementioned aggregation, the conversion would result in the issuance of any fractional share, the Corporation shall, in lieu of issuing any fractional share, pay cash equal to the product of such fraction multiplied by the Common Stock's fair market value (as determined by the Board) on the date of conversion.

(n) *Reservation of Stock Issuable Upon Conversion.* The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of Common Stock, solely for the purpose of effecting the conversion of the shares of the Series M Preferred Stock, such number of its shares of Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding shares of the Series M Preferred Stock. If at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of the Series M Preferred Stock, the Corporation will take such corporate action as may, in the opinion of its counsel, be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purpose.

(o) *Notices.* Any notice required by the provisions of this Article 4 shall be in writing and shall be deemed effectively given: (i) upon personal delivery to the party to be notified, (ii) when sent by confirmed telex or facsimile if sent during normal business hours of the recipient; if not, then on the next business day, (iii) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (iv) one (1) day after deposit with a nationally recognized overnight courier, having

specified next day of delivery, with written verification of receipt. All notices shall be addressed to each holder of record at the address of such holder appearing on the books of the Corporation.

(p) *Payment of Taxes.* The Corporation shall pay all taxes imposed by the State of Delaware (or any other jurisdiction in which the Company is then located or conducting business) (other than taxes based upon income) and other governmental charges that may be imposed with respect to the issue or delivery of shares of Common Stock upon conversion of any shares of Preferred Stock.

(q) *Dilution or Impairment.* The Corporation shall not, without the appropriate vote of the stockholders under the General Corporation Law of the State of Delaware and Article 7 of this Certificate, amend its Certificate of Incorporation or participate in any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, for the purpose of avoiding or seeking to avoid the observance or performance of any of the terms to be observed or performed hereunder by the Corporation, but shall at all times in good faith assist in carrying out all such action as may be reasonably necessary or appropriate in order to protect the conversion rights of the holders of the Series M Preferred Stock against dilution or other impairment.

5. Dividend Rights.

(a) In the event dividends are paid on any share of Common Stock, Pari Passu Stock or Junior Stock, the Company shall pay an additional dividend on all outstanding shares of Series M Preferred Stock in an amount equal per share (on an as-if-converted to Common Stock basis) to the amount paid or set aside for each share of Common Stock, Pari Passu Stock or Junior Stock.

(b) The provisions of Article 5(a) shall not apply to a dividend payable in Common Stock.

6. Residual Rights.

All rights accruing to the outstanding shares of the Corporation not expressly provided for to the contrary herein or in Article IV of the Certificate of Incorporation shall be vested in the Common Stock.

7. Amendment.

No provision of this Certificate may be amended, modified or waived without the written consent or affirmative vote of the holders of at least a majority of the then outstanding shares of the Series M Preferred Stock.
