MANAGEMENT INFORMATION CIRCULAR

Solicitation of Proxies

This management information circular is furnished in connection with the solicitation of proxies by the management of Goldcorp Inc. (the Company) for use at the annual and special meeting of shareholders (the Meeting) of the Company to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting. References in this management information circular to the Meeting include any adjournment or adjournments thereof. It is expected that the solicitation will be primarily by mail, however, proxies may also be solicited personally by regular employees of the Company and the Company may use the services of an outside proxy solicitation agency to solicit proxies. The cost of solicitation will be borne by the Company.

The board of directors of the Company (the Board) has fixed the close of business on March 20, 2006 as the record date, being the date for the determination of the registered holders of securities entitled to receive notice of the Meeting. Duly completed and executed proxies must be received by the Company's transfer agent at the address indicated on the enclosed envelope no later than 4:00 p.m. (Toronto time) on April 13, 2006, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjourned Meeting.

Unless otherwise stated, the information contained in this management information circular is as of March 20, 2006. All dollar amounts referenced herein, unless otherwise indicated, are expressed in United States dollars and Canadian dollars are referred to as C\$. All United States dollar amounts have been converted from Canadian dollars at an exchange rate of C\$1.00 equals US\$0.8577.

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers or directors of the Company. **A shareholder desiring to appoint some other person, who need not be a shareholder, to represent him at the Meeting, may do so by inserting such person's name in the blank space provided in the enclosed form of proxy or by completing another proper form of proxy and, in either case, depositing the completed and executed proxy at the office of the Company's transfer agent indicated on the enclosed envelope no later than 4:00 p.m. (Toronto time) on April 13, 2006, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjourned Meeting.**

A shareholder forwarding the enclosed proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

Edgar Filing: GOLDCORP INC - Form 6-K

A proxy given pursuant to this solicitation may be revoked by an instrument in writing executed by a shareholder or by a shareholder's attorney authorized in writing (or, if the shareholder is a corporation, by a duly authorized officer or attorney) and deposited either at the registered office of the Company (40 King Street West, Suite 2100, Toronto, ON M5H 3C2, Attention: Corporate Secretary) at any time up to and including the last business day preceding the day of the Meeting or with the Chairman of the Meeting on the day of the Meeting or in any other manner permitted by law.

Exercise of Discretion by Proxies

The persons named in the enclosed form of proxy will vote the shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **In the absence of such direction, such shares will be voted in favour of the passing of all the resolutions described below. The enclosed form of proxy confers discretionary authority upon the persons named**

therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the time of printing of this management information circular, management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Voting by Non-Registered Shareholders

Only registered shareholders of the Company or the persons they appoint as their proxies are permitted to vote at the Meeting. Most shareholders of the Company are non-registered shareholders (Non-Registered Shareholders) because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary (an Intermediary) that the Non-Registered Shareholder deals with in respect of the shares of the Company (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance with applicable securities law requirements, the Company will have distributed copies of the Notice of Meeting, this management information circular, the form of proxy and the request form (collectively, the Meeting Materials) to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

(i) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a voting instruction form) which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or

(ii) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and **deposit it with the Company, c/o CIBC Mellon Trust Company, 1066 West Hastings Street, Suite 1600, Vancouver, British Columbia, V6E 3X1.**

Edgar Filing: GOLDCORP INC - Form 6-K

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the shares of the Company they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the form of proxy and insert the Non-Registered Shareholder or such other person's name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or voting instruction form is to be delivered.**

A Non-Registered Shareholder may revoke a voting instruction form or a waiver of the right to receive Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive Meeting Materials and to vote which is not received by the Intermediary at least seven days prior to the Meeting.

Voting Securities and Principal Holders Thereof

As of March 17, 2006, 341,164,634 common shares (the Common Shares) in the capital of the Company are issued and outstanding. Each Common Share entitles the holder thereof to one vote on all matters to be acted upon at the Meeting. The record date for the determination of shareholders entitled to receive notice of the Meeting has been fixed at March 20, 2006. In accordance with the provisions of the *Business Corporations Act* (Ontario) (the OBCA), the Company will prepare a list of holders of Common Shares as of such record date. Each holder of Common Shares named in the list will be entitled to vote the shares shown opposite his or her name on the list at the Meeting, except to the extent that (a) the shareholder has transferred any of his or her shares after the record date, and (b) the transferee of those shares produces properly endorsed share certificates or otherwise establishes that he or she owns such shares and demands not later than ten days prior to the Meeting that his or her name be included in the list before the Meeting, in which case the transferee is entitled to vote his or her shares at the Meeting. All such holders of record of Common Shares are entitled either to attend and vote thereat in person the Common Shares held by them or, provided a completed and executed proxy shall have been delivered to the Company s transfer agent within the time specified in the attached Notice of Meeting, to attend and vote thereat by proxy the Common Shares held by them.

To the knowledge of the directors and executive officers of the Company, as of the date hereof, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, voting securities of the Company carrying more than 10% of the voting rights attached to any class of voting securities of the Company.

Report on Executive Compensation

Overall Compensation Philosophy

The following principles guide the Company's overall compensation philosophy:

- (a) compensation is determined on an individual basis by the need to attract and retain talented, high-achievers;
- (b) calculating total compensation is set with reference to the market for similar jobs in similar locations;
- (c) an appropriate portion of total compensation is variable and linked to achievements, both individual and corporate;
- (d) internal equity is maintained such that individuals in similar jobs and locations are treated fairly; and

(e) the Company supports reasonable expenses in order that employees continuously maintain and enhance their skills.

Compensation Committee Mandate

The Compensation Committee is established by the Board to assist the Board in fulfilling its responsibilities relating to human resources and compensation issues and to establish a plan of continuity for executive officers and other members of senior management (collectively, Executive Management). The Compensation Committee ensures that the Company has an executive compensation plan that is both motivational and competitive so that it will attract, hold and inspire performance of Executive Management of a quality and nature that will enhance the sustainable profitability and growth of the Company.

The Compensation Committee reviews and recommends the compensation philosophy and guidelines for the Company which include reviewing the compensation philosophy and guidelines (a) for Executive Management, for recommendation to the Board for its consideration and approval, and (b) relating to all employees, including annual salary and incentive policies and programs, and material new benefit programs, or material changes to existing benefit programs.

The Compensation Committee reviews on an annual basis the cash compensation, performance and overall compensation package for each executive officer. It then submits to the Board recommendations with respect to the basic salary, bonus and participation in share compensation arrangements for each executive officer. In November and December 2005, the Compensation Committee received a presentation from Mercer Human Resource Consulting (Mercer) regarding the current executive compensation environment, practices in today s market and investor expectations. Following consideration of the matters presented, discussions with management of the Company and receiving recommendations from management for 2005 bonuses and 2006 salaries for Executive Management and employees of the Company, the Compensation Committee made its recommendations to the Board for approval. In conducting its review of management s recommendations, the Compensation Committee was satisfied that all recommendations complied with the Compensation Committee s philosophy and guidelines set forth above.

The Compensation Committee s mandate with Mercer was established in 2005. During 2005, Mercer attended portions of some Compensation Committee meetings, as requested by the Chairman of the Compensation Committee. The Compensation Committee will agree annually, and on an as-needed basis, with input from management and Mercer, on the specific work to be undertaken by the consultant for the Compensation Committee and the fees associated with such work. All services provided by Mercer to the Company, beyond Mercer s role as advisor to the Compensation Committee, will require written pre-approval by the Chairman of the Compensation Committee outlining the scope of work and related fees. The Compensation Committee will not approve any such work that, in its view, could compromise Mercer s independence as advisor to the Compensation Committee. In this regard, some work currently done by Mercer for management will in future be included as part of the Compensation Committee s mandate. The Compensation Committee will disclose annually in its management information circular the work done by and the fees paid to Mercer for all work done for the Compensation Committee and any other work the Compensation Committee has approved.

During the financial year ended December 31, 2005, Mercer s fees as the Compensation Committee s advisor totaled approximately \$36,000. The Company also paid Mercer approximately \$8,750 during 2005 for services rendered in connection with the Company s employee benefit programs, including reviewing the Company s existing benefit programs for its Vancouver head office and Red Lake Mine employees, facilitating development of the Company s benefits philosophy and assisting with consolidating the Company s benefits programs.

Base Salary

In determining the base salary of an executive officer, the Compensation Committee places equal weight on the following factors:

- (a) the particular responsibilities related to the position;
- (b) salaries paid by comparable businesses;
- (c) the experience level of the executive officer; and
- (d) his or her overall performance.

Bonus Payments

Executive officers are eligible for annual cash bonuses, after taking into account and giving equal weight to, financial performance, attainment of certain corporate objectives and individual performance.

In taking into account the financial performance aspect, it is recognized that executive officers cannot control certain factors, such as interest rates and the international market for gold, silver, copper and industrial minerals produced by the Company. When applying the financial performance criteria, the Compensation Committee considers factors over which the executive officers can exercise control, such as meeting budget targets established by the Board at the beginning of each year, controlling costs, taking successful advantage of business opportunities and enhancing the competitive and business prospects of the Company. In determining payout amounts, significant weight is given to market comparable information and the advice of the Company's external compensation advisor.

During the financial year ended December 31, 2005, bonuses were awarded to the following executive officers of the Company: Ian W. Telfer, President and Chief Executive Officer, in the amount of C\$1,000,000; Peter D. Barnes, Executive Vice-President and Chief Financial Officer, in the amount of C\$300,000; and Eduardo Luna, Executive Vice-President, in the amount of C\$250,000.

Long-Term Incentives

It is the compensation philosophy of the Company to provide a market based blend of base salaries, bonuses and an equity incentive component in the form of options. Base salaries and bonuses have been at the relatively low end of the scale compared to industry peers with a greater emphasis placed on options. The Company believes that the option component serves to further align the interests of management with the interests of the Company's shareholders.

During the financial year ended December 31, 2005, the Board, on the recommendation of the Compensation Committee, granted stock options to executive officers of the Company as follows:

Edgar Filing: GOLDCORP INC - Form 6-K

| Name of Officer | Title of Officer | Number of Options |
|--------------------|--|-------------------|
| Ian W. Telfer | President and Chief Executive Officer | 1,400,000 |
| Peter D. Barnes | Executive Vice-President and Chief Financial Officer | 300,000 |
| Russell C. Barwick | Executive Vice-President and Chief Operating Officer | 300,000 |
| Eduardo Luna | Executive Vice-President | 300,000 |
| Rohan Hazelton | Corporate Controller | 90,000 |
| John Begeman | Former Vice-President, Western Operations | 75,000 |
| | | 2,465,000 |

All of these options were granted at an exercise price of C\$19.23 (\$16.49), vest over a period of three years from their date of grant (commencing on June 29, 2005 for Messrs. Telfer, Barnes, Barwick and Luna and commencing on June 29, 2006 for Messrs. Hazelton and Begeman) and expire on June 29, 2015. The exercise price of the options is determined based on the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the date of grant in accordance with the terms of the Stock Option Plan.

Chief Executive Officer Compensation

The Compensation Committee:

- (a) periodically reviews the terms of reference for the Company's Chief Executive Officer and recommends any changes to the Board for approval;
- (b) reviews corporate goals and objectives relevant to the compensation of the Chief Executive Officer and recommends them to the Board for approval;
- (c) leads the annual Chief Executive Officer review/evaluation process and reports the results of the process to the Board;
- (d) based on the results of the Chief Executive Officer's evaluation, recommends CEO compensation to the Board for approval; and
- (e) reviews, and if appropriate recommends to the Board for approval, any agreements between the Company and the Chief Executive Officer, including those addressing retirement, termination of employment or other special circumstances, as appropriate.

The components of the Chief Executive Officer's compensation are the same as those which apply to the other senior executive officers of the Company, namely base salary, bonus and long-term incentives in the form of stock options. The Chairman of the Compensation Committee presents recommendations of the Compensation Committee to the Board with respect to the Chief Executive Officer's compensation. In setting the Chief Executive Officer's salary, the Compensation Committee received recommendations from an independent compensation consulting firm and reviewed salaries paid to other senior officers in the Company, salaries paid to other chief executive officers in the industry and the Chief Executive Officer's impact on the achievement of the Company's objectives for the previous financial year. The Compensation Committee was satisfied that all such recommendations comply with the Compensation Committee's policy which is both motivational and competitive to put the Company in a position to attract, retain and inspire performance of executive officers of a quality and nature that will enhance the sustainable profitability and growth of the Company. During the financial year ended December 31, 2005, Mr. Telfer's base salary was C\$750,000 and he was granted a cash bonus of C\$1,000,000 in recognition of his contribution to the development of the Company. During the financial year ended December 31, 2005, Mr. Telfer was also granted options to purchase 1,400,000 Common Shares under the Stock Option Plan (see Option Grants During the Financial Year Ended December 31, 2005 table above for further details). Effective January 1, 2006, Mr. Telfer's annual base salary was increased to C\$1,000,000.

(2) Based on the maximum number of Common Shares reserved for issuance upon exercise of options under the Stock Option Plan of 12,500,000 and upon exercise of Restricted Share Rights under the Restricted Share Plan of 500,000.

Stock Option Plan

The Stock Option Plan was approved by the Company's shareholders at the Company's annual and special meeting of shareholders held on May 16, 2005. A copy of the Stock Option Plan is available under the Company's profile on SEDAR at www.sedar.com.

The Stock Option Plan is designed to advance the interests of the Company by encouraging employees, officers and consultants to have equity participation in the Company through the acquisition of Common Shares. The aggregate maximum number of Common Shares that may be reserved for issuance under the Stock Option Plan is 12,500,000, representing approximately 3.10% of the issued and outstanding Common Shares (on a fully-diluted basis). Options to purchase an aggregate of 5,095,000 Common Shares, representing approximately 1.5% of the issued and outstanding Common Shares, are currently outstanding under the Stock Option Plan and no Common Shares were issued during the year ended December 31, 2005 upon exercise of options granted under the Stock Option Plan. This leaves 7,405,000 Common Shares, representing approximately 2.2% of the issued and outstanding Common Shares, available for issuance under the Stock Option Plan. Any options granted under the Stock Option Plan and which have been cancelled or terminated in accordance with the terms of the Stock Option Plan without having been exercised will again be available for re-granting under the Stock Option Plan. However, any options granted under the Stock Option Plan and exercised will not be available for re-granting under the Stock Option Plan.

Under the Stock Option Plan, stock options may be granted to employees, officers and consultants of the Company and designated affiliates. In determining the terms of each grant of stock options, consideration is given to the participant's present and potential contribution to the success of the Company. The exercise price per share is not to be less than the volume weighted average trading price of the Common Shares on the TSX, or another stock exchange where the majority of the trading volume and value of the Common Shares occurs, for the five trading days immediately preceding the day the option is granted. The exercise period for each stock option is not to be more than ten years. Options may be granted subject to vesting requirements. The maximum number of Common Shares issuable to insiders, at any time, pursuant to the Stock Option Plan and any other security based compensation arrangements of the Company is 10% of the total number of Common Shares then outstanding. The maximum number of Common Shares issuable to insiders, within any one year period, pursuant to the Stock Option Plan and any other security based compensation arrangements of the Company is 10% of the total number of Common Shares then outstanding. The Stock Option Plan is administered by the Board in consultation with the Compensation Committee.

Options are not assignable, except with the permission of the Company, and terminate: (i) within 30 days following the termination of an optionee's employment, with or without cause, or the retirement of an optionee from the Company; and (ii) within a period of time up to 12 months following the death of an optionee, as determined by the Board, subject to any extension or acceleration of the right to exercise at the sole discretion of the Board. In the event of a change of control which results in the termination of an optionee's eligibility to participate in the Stock Option Plan, the Board has the authority to permit participants to exercise their options within the original term.

Under the Stock Option Plan, the Board may from time to time amend or revise the terms of the Stock Option Plan or may discontinue the Stock Option Plan at any time. Subject to receipt of requisite shareholder and regulatory approval, the Board may make amendments to the Stock Option Plan to change the maximum number of Common Shares issuable under the Stock Option Plan and to change the provisions relating to insider restrictions, insider re-pricing and the extension of insider options. All other amendments to the Stock Option Plan may be made by the

Edgar Filing: GOLDCORP INC - Form 6-K

Board without obtaining shareholder approval, such amendments, including re-pricing of non-insider options or adding a cashless exercise feature of an option.

Restricted Share Plan

The Restricted Share Plan was approved by the Company's shareholders at the Company's annual and special meeting of shareholders held on May 16, 2005. A copy of the Restricted Share Plan is available under the Company's profile on SEDAR at www.sedar.com.

The Restricted Share Plan provides that Restricted Share Rights may be granted by a committee (the Committee) which administers the Restricted Share Plan to employees, officers, directors and consultants of the Company as a discretionary payment in consideration of past services to the Company. The current intention of the Company is to use the Restricted Share Plan for grants of Restricted Share Rights to the non-executive directors of the Company as part of their annual retainer at the rate of 3,500 Restricted Share Rights per director each year. An aggregate of 500,000 Common Shares have been reserved for issuance under the Restricted Share Plan, representing approximately 0.12% of the issued and outstanding Common Shares (on a fully-diluted basis). Restricted Share Rights to purchase an aggregate of 10,503 Common Shares, representing less than one percent of the issued and outstanding Common Shares, are currently outstanding under the Restricted Share Plan and no Common Shares were issued during the year ended December 31, 2005 upon exercise of rights granted under the Restricted Share Plan. This leaves 489,497 Common Shares, representing approximately 0.12% of the issued and outstanding Common Shares, available for issuance under the Stock Option Plan. The maximum number of Common Shares issuable to insiders, at any time, pursuant to the Restricted Share Plan and any other security based compensation arrangements of the Company is 10% of the total number of Common Shares then outstanding. The maximum number of Common Shares issuable to insiders, within any one year period, pursuant to the Restricted Share Plan and any other security based compensation arrangements of the Company is 10% of the total number of Common Shares then outstanding.

A Restricted Share Right is exercisable into one Common Share at the end of a restricted period of time wherein a Restricted Share Right cannot be exercised as determined by the Committee (Restricted Period).

Under the Restricted Share Plan, the Board may from time to time amend or revise the terms of the Restricted Share Plan or may discontinue the Restricted Share Plan at any time. Subject to receipt of requisite shareholder and regulatory approval, the Board may make amendments to the Restricted Share Plan to change the maximum number of Common Shares issuable under the Restricted Share Plan and to change the provisions relating to insider restrictions. All other amendments to the Restricted Share Plan may be made by the Board without obtaining shareholder approval, such amendments including an amendment to the restricted period of a Restricted Share Right or an amendment to the termination provisions of a Restricted Share Right.

In the event of a participant's retirement or termination during a Restricted Period, any Restricted Share Rights automatically terminate, unless otherwise determined by the Committee. In the event of the retirement or termination after the Restricted Period, any Restricted Share Rights will be immediately exercised without any further action by the participant and the Company will issue Restricted Shares and any dividends declared but unpaid to the participant. In the event of death or disability, such Restricted Share Rights will be immediately exercised.

If a participant holds Restricted Share Rights that are subject to a Restricted Period, the Committee will have the discretion to pay a participant cash equal to any cash dividends declared on the Common Shares at the time such dividends are ordinarily paid to holders of the Common Shares. The Company will pay such cash dividends, if any, to those participants that hold Restricted Share Rights that are no longer subject to a Restricted Period.

In the event of a change of control, all Restricted Share Rights will be immediately exercised notwithstanding the Restricted Period.

Corporate Governance Practices

In June 2005, National Policy 58-201 *Corporate Governance Guidelines* (the *Governance Guidelines*) and National Instrument 58-101 *Disclosure of Corporate Governance Practices* (the *Governance Disclosure Rule*) were adopted by the securities regulatory authorities in Canada. The *Governance Guidelines* deal with matters such as the constitution and independence of corporate boards, their functions, the effectiveness and education of board members and other items dealing with sound corporate governance practices. The *Governance Disclosure Rule* requires that, if management of an issuer solicits proxies from its security holders for the purpose of electing directors, specified disclosure of its corporate governance practices must be included in its management information circular.

The Company and the Board recognize the importance of corporate governance to the effective management of the Company and to the protection of its employees and shareholders. The Company's approach to significant issues of corporate governance is designed with a view to ensuring that the business and affairs of the Company are effectively managed so as to enhance shareholder value. The Board fulfills its mandate directly and through its committees at regularly scheduled meetings or as required. Frequency of meetings may be increased and the nature of the agenda items may be changed depending upon the state of the Company's affairs and in light of opportunities or risks which the Company faces. The directors are kept informed of the Company's operations at these meetings as well as through reports and discussions with management on matters within their particular areas of expertise.

The Company's corporate governance practices have been and continue to be in compliance with applicable Canadian and United States requirements. The Company continues to monitor developments in Canada and the United States with a view to further revising its governance policies and practices, as appropriate.

The following is a description of the Company's corporate governance practices which has been prepared by the Governance and Nominating Committee of the Board and has been approved by the Board.

Board of Directors

Independence of the Board

Eight out of the nine members of the Board are independent within the meaning of the *Governance Guidelines* and hold regularly scheduled meetings. Each of David R. Beatty, John P. Bell, Lawrence I. Bell, Douglas M. Holtby, Brian W. Jones, Antonio Madero, Donald R. M. Quick and Michael L. Stein are independent. Mr. Ian W. Telfer is not independent as he is an officer of the Company. The one proposed director nominee will be independent.

To facilitate the functioning of the Board independently of management, the following structures and processes are in place:

a non-executive Chairman has been elected;

there are no members of management on the Board, other than the President and Chief Executive Officer of the Company;

when appropriate, members of management, including the President and Chief Executive Officer, are not present for the discussion and determination of certain matters at meetings of the Board;

under the by-laws of the Company, any two directors may call a meeting of the Board;

the President and Chief Executive Officer's compensation is considered, in his absence, by the Compensation Committee at least once a year; and

in addition to the standing committees of the Board, independent committees are appointed from time to time, when appropriate.

Chairman of the Board

The Chairman of the Board (Mr. Holtby) is an independent director. The primary roles of the Chairman are to chair all meetings of the Board and shareholder meetings, and to manage the affairs of the Board, including ensuring the Board is organized properly, functions effectively and meets its obligations and responsibilities. The Chairman's responsibilities include, without limitation, ensuring that the Board works together as a cohesive team with open communication; and working together with the Governance and Nominating Committee to ensure that a process is in place by which the effectiveness of the Board, its committees and its individual directors can be evaluated on a regular basis. The Chairman also acts as the primary spokesperson for the Board, ensuring that management is aware of concerns of the Board, shareholders, other stakeholders and the public, and, in addition, ensuring that management strategies, plans and performance are appropriately represented to the Board. The Chairman also maintains communications with the Company's Director, Legal.

Meetings of the Board and Committees of the Board

The Board meets a minimum of four times per year, usually every quarter and following the annual meeting of the Company's shareholders. Each committee of the Board meets at least once each year or more frequently as deemed necessary by the applicable committee. The frequency of the meetings and the nature of the meeting agendas are dependent upon the nature of the business and affairs which the Company faces from time to time. The following table provides details regarding director attendance at Board and committee meetings held during the financial year ended December 31, 2005.

(2) Mr. McEwen resigned from the Board effective October 29, 2005, four Board meetings having been held in 2005 subsequent to his resignation.

(3) Mr. Telfer is not a member of any committee of the Board.

(4) As a result of various competing commitments, Mr. Madero did not attend five out of the 17 Board meetings held, two out of the four Compensation Committee meetings held and two out of the three Sustainability, Environment, Health and Safety Committee meetings held. However, following each of such meetings, Mr. Madero contacted the Chairman of the Board or the Chairman of the applicable committee and was extensively briefed on the matters transacted at such meetings.

The independent directors hold regularly scheduled meetings at which non-independent directors and members of management do not attend. The Board's policy is to hold in-camera meetings at the end of each Board or committee of the Board meeting. During the financial year ended December 31, 2005, the independent directors held four meetings without Ian W. Telfer or other members of management in attendance.

As of the date hereof, six out of the nine directors have attained these director investment requirements. See Election of Directors below for details regarding security holdings of the Company's directors.

Board Mandate

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics (the "Code") for its directors, officers and employees. The Governance and Nominating Committee has responsibility for monitoring compliance with the Code by ensuring all directors, officers and employees receive and become thoroughly familiar with the Code and acknowledge their support and understanding of the Code. Any non-compliance with the Code is to be reported to the Company's Chief Financial Officer (for the purpose of the Code, the Company's Chief Financial Officer acts as the Director, Risk) or other appropriate person. In addition, the Board conducts regular audits to test compliance with the Code. A copy of the Code may be accessed under the Company's profile at www.sedar.com or on the Company's website at www.goldcorp.com.

The Board takes steps to ensure that directors, officers and employees exercise independent judgment in considering transactions and agreements in respect of which a director, officer or employee of the Company has a material interest, which include ensuring that directors, officers and employees are thoroughly familiar with the Code and, in particular, the rules concerning reporting conflicts of interest and obtaining direction from the Company's Director, Risk regarding any potential conflicts of interest.

The Board encourages and promotes an overall culture of ethical business conduct by promoting compliance with applicable laws, rules and regulations; providing guidance to directors, officers and employees to help them recognize and deal with ethical issues; promoting a culture of

open communication, honesty and accountability; and ensuring awareness of disciplinary action for violations of ethical business conduct.

Nomination of Directors

The Governance and Nominating Committee, which is composed entirely of independent directors, is responsible for identifying and recruiting new candidates for nomination to the Board. The process by which the Board anticipates that it will identify new candidates is through recommendations of the Governance and Nominating Committee whose responsibility it is to develop, and annually update and recommend to the Board for approval, a long-term plan for Board composition that takes into consideration the following: (a) the independence of each director; (b) the competencies and skills the Board, as a whole, should possess; (c) the current strengths, skills and experience represented by each director, as well as each director's personality and other qualities as they affect Board dynamics; and (d) the strategic direction of the Company.

The Governance and Nominating Committee's responsibilities include periodically reviewing the charters of the Board and the committees of the Board; assisting the Chairman of the Board in carrying out his responsibilities; considering and, if thought fit, approving requests from directors for the engagement of independent counsel in appropriate circumstances; preparing and recommending to the Board a set of corporate governance guidelines, a Code of Business Conduct and Ethics and annually a Statement of Corporate Governance Practices to be included in the Company's management information circular; annually reviewing the Board's relationship with management to ensure the Board is able to, and in fact does, function independently of management; assisting the Board by identifying individuals qualified to become Board members and members of Board committees; leading the Board in its annual review of the Board's performance; and assisting the Board in monitoring compliance by the Company with legal and regulatory requirements.

Majority Voting for Election of Directors

The Board has adopted a policy regarding majority voting for the election of directors. The proposed policy is described under Election of Directors in this management information circular.

Compensation

The Compensation Committee, which is composed entirely of independent directors, among other things, may determine appropriate compensation for the Company's directors, officers and employees. The process by which appropriate compensation is determined is through periodic and annual reports from the Compensation Committee on the Company's overall compensation and benefits philosophies.

The Compensation Committee's responsibilities include reviewing and making recommendations to the directors regarding any equity or other compensation plan and regarding the total compensation package of the Company's Chief Executive Officer, considering and approving the recommendations of the Chief Executive Officer regarding the total compensation packages for the other officers of the Company, and preparing and recommending to the Board annually a Report on Executive Compensation to be included in the Company's management information circular.

Edgar Filing: GOLDCORP INC - Form 6-K

During the financial year ended December 31, 2005, the Compensation Committee retained Mercer to provide assistance to the Compensation Committee in determining compensation for the Company's directors and executive officers and to provide advice to the Compensation Committee on policy recommendations prepared by management. See Report on Executive Compensation Compensation Committee Mandate above for further details regarding the engagement of Mercer by the Compensation Committee and by the Company.

Committees of the Board

The Board has the following four standing committees:

the Audit Committee;

the Compensation Committee;

the Governance and Nominating Committee; and

the Sustainability, Environment, Health and Safety Committee.

All of the committees are independent of management and report directly to the Board. From time to time, when appropriate, *ad hoc* committees of the Board may be appointed by the Board. The current membership of each standing committee of the Board is as follows:

Audit Committee Messrs. Holtby (Chair), L. Bell and Jones

Compensation Committee Messrs. Stein (Chair), J. Bell, Madero and Dr. Quick

Governance and Nominating Committee Messrs. Beatty (Chair), L. Bell, Holtby and Stein

Sustainability, Environment, Health and Safety Committee Messrs. L. Bell (Chair), J. Bell, Madero and Dr. Quick

Audit Committee

The purposes of the Audit Committee are to assist the Board's oversight of:

the integrity of the Company's financial statements;

the Company's compliance with legal and regulatory requirements;

the qualifications and independence of the Company's independent auditors; and

the performance of the independent auditors and the Company's internal audit function.

Further information regarding the Audit Committee is contained in the Company's annual information form (the AIF) dated March 20, 2006 under the heading "Audit Committee" and a copy of the Audit Committee charter is attached to the AIF as Schedule A. The AIF is available under the Company's profile at www.sedar.com.

Compensation Committee

The purposes of the Compensation Committee are to make recommendations to the Board relating to the compensation of:

the members of the Board (in consultation with the Governance and Nominating Committee to ensure that good governance practices are adhered to in making recommendations for the compensation of members of the Board);

the Company's Chief Executive Officer; and

members of senior management of the Company.

Governance and Nominating Committee

The purposes of the Governance and Nominating Committee are to:

identify and recommend individuals to the Board for nomination as members of the Board and its committees (other than the Governance and Nominating Committee); and

develop and recommend to the Board a set of corporate governance principles applicable to the Company.

Sustainability, Environment, Health and Safety Committee

The purposes of the Sustainability, Environment, Health and Safety Committee are to assist the Board in its oversight of sustainability, environment, health and safety matters, including monitoring the implementation and management of the Company's policies, procedures and practices relating to sustainability, environment, health and safety matters.

In particular, the Sustainability, Environment, Health and Safety Committee has the authority and responsibility for:

reviewing the corporate and operational sustainability, environment, health and safety policies, procedures and practices with management as to their appropriateness and effectiveness, and report to management and the Board on recommendations;

oversee that the sustainability, environment, health and safety policies, procedures and practices are in place, operational and supported by sufficient resources;

receive and review periodic operational and compliance reports from management in relation to sustainability, environment, health and safety matters, and report to management and the Board with any recommendations relating to those reports;

review material incidents relating to sustainability, environment, health and safety matters, and report to management and the Board with any recommendations relating to those incidents;

promote and support improvements to the Company's sustainability, environment, health and safety performance and record; and

review sustainability, environment, health and safety audits.

Board Assessments

The Board is committed to regular assessments of the effectiveness of the Board, the Chairman of the Board, the committees of the Board and the individual directors. The Governance and Nominating Committee annually reviews and makes recommendations to the Board regarding evaluations of the Board, the Chairman of the Board, the committees of the Board and the individual directors. During 2005, the Governance and Nominating Committee designed a written questionnaire that was sent to each director. The questionnaire asked directors to rate the Board practices under the following three headings:

1. Board (and committee) skills, culture and operations as they perceive them today;

2. The Board effectiveness today in:

helping to set the Company's strategic direction,

ensuring custody of financial reporting and disclosure, and

evaluating and compensating senior executives; and

3. The Board's accomplishments during the current year and its goals for the coming year.

Under each section the directors were encouraged to add their comments.

The questionnaires were compiled by an independent advisor, circulated to all members of the Governance and Nominating Committee and discussed in detail amongst the members of the Governance and Nominating Committee.

Concurrently with the written survey, the Chairman of the Board held formal discussions with each director about the operations of the Board and the performance of each director.

The overall conclusion from these questionnaires and formal discussions was that the Board was working effectively since the Company's merger with Wheaton in April 2005. A number of improvements have been implemented as a result of these Board assessments, including a Chairman's roundtable before each Board meeting, an expansion of the Board's skill sets in financial expertise and a continuous review of the quality of Board briefings.

Indebtedness of Directors and Executive Officers

Other than the indebtedness of certain officers of one of the Company's subsidiaries set forth in the following table, none of the Company's directors, executive officers or employees, or former directors, executive officers or employees, nor any associate of such individuals, is as at the date hereof, or has been, during the financial year ended December 31, 2005, indebted to the Company or any of its subsidiaries in connection with a purchase of securities or otherwise. In addition, no indebtedness of these individuals to another entity has been the subject of a guarantee, support agreement, letter of credit or similar arrangement or understanding of the Company or any of its subsidiaries.

Effective July 30, 2002, Section 402 of the United States *Sarbanes-Oxley Act of 2002* precludes the Company from directly or indirectly, including through a subsidiary, extending or maintaining credit, arranging for the extension of credit, or renewing an extension of credit, in the form of a personal loan to or for any director or executive officer of such companies. The prohibition on personal loans to executive officers does not apply to loans outstanding on July 30, 2002 provided there is no material modification of any term of such indebtedness or any renewal of such indebtedness after July 30, 2002. The Company does not extend credit to any of its current directors or executive officers.

Other than as disclosed below, no (a) director or executive officer of the Company who has held such position at any time since January 1, 2005; (b) proposed nominee for election as a director of the Company; or (c) associate or affiliate of a person in (a) or (b) has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

As at the date hereof, insiders of the Company hold an aggregate of 81,250 Series A common share purchase warrants and 50,000 Series B common share purchase warrants, each representing less than one percent of the outstanding Series A common share purchase warrants and Series B common share purchase warrants, respectively.

During the financial year ended December 31, 2005, the Company sold its holdings in three marketable securities to a company owned by Robert McEwen, the former non-Executive Chairman and Chief Executive Officer of the Company. These were non-brokered transactions which were executed at market value based on the average of the TSX closing price for the ten trading days prior to the sale agreements, resulting in proceeds to the Company totaling approximately \$4 million. During the financial year ended December 31, 2005, the Company sold its share ownership of Lexam Explorations Inc. to a company owned by Mr. McEwen for proceeds of \$300,000.

Number of Directors

The OBCA provides that, where a minimum and maximum number of directors of a company is provided for in its articles, the directors of a company may, if empowered by special resolution of the shareholders of the company, by resolution determine the number of directors within the minimum and maximum and the number of directors to be elected at the annual meeting of the shareholders of the company. Management is of the view that this flexibility is in the best interests of the Company.

At the Meeting, shareholders will be asked to consider and, if deemed appropriate, to pass, with or without variation, a special resolution in the form set out below (the Number of Directors Resolution), subject to such amendments, variations or additions as may be approved at the Meeting, empowering the directors of the Company to determine by resolution the number of directors of the Company within the minimum and maximum number set forth in the articles and the number of directors to be elected at the annual meeting of shareholders of the Company.

The Board and management recommend the adoption of the Number of Directors Resolution. To be effective, the Number of Directors Resolution must be approved by not less than two-thirds of the votes cast by the holders of Common Shares present in person, or represented by

Edgar Filing: GOLDCORP INC - Form 6-K

proxy, at the Meeting. **Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the Common Shares represented by such form of proxy, properly executed, for the Number of Directors Resolution.**

The text of the Number of Directors Resolution to be submitted to shareholders at the Meeting is set forth below:

NOW THEREFORE BE IT RESOLVED THAT:

1. The directors of the Company be and they hereby are authorized and empowered to determine the number of directors of the Company within the minimum and maximum number set forth in

the articles and the number of directors of the Company to be elected at the annual meeting of shareholders of the Company; and

2. any director or officer of the Company is hereby authorized and directed, acting for, in the name of and on behalf of the Company, to execute or cause to be executed, under the seal of the Company or otherwise, and to deliver or cause to be delivered, such other documents and instruments, and to do or cause to be done all such other acts and things, as may in the opinion of such director or officer of the Company be necessary or desirable to carry out the intent of the foregoing resolution.

Election of Directors

The Company's Articles of Arrangement provide that the Board consist of a minimum of three and a maximum of ten directors. The Board currently consists of nine directors. At the Meeting, the nine persons named hereunder will be proposed for election as directors of the Company (the Nominees). **Unless authority to do so is withheld, the persons named in the accompanying proxy intend to vote for the election of the Nominees.** Management does not contemplate that any of the Nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, it is intended that discretionary authority will be exercised by the persons named in the accompanying proxy to vote the proxy for the election of any other person or persons in place of any Nominee or Nominees unable to serve. Each director elected will hold office until the close of the first annual meeting of shareholders of the Company following his election or until his successor is duly elected or appointed unless his office is earlier vacated in accordance with the by-laws of the Company. All of the Nominees, other than Bev Briscoe, were elected at the last annual and special meeting of the Company's shareholders held on May 16, 2005.

Majority Voting for Directors. The Board has adopted a policy stipulating that if the votes in favour of the election of a director nominee at a shareholders' meeting represent less than a majority of the shares voted and withheld, the nominee will submit his or her resignation promptly after the meeting, for the Governance and Nominating Committee's consideration. The Governance and Nominating Committee will make a recommendation to the Board after reviewing the matter, and the Board's decision to accept or reject the resignation offer will be disclosed to the public. The nominee will not participate in any Governance and Nominating Committee or Board deliberations on the resignation offer. The policy does not apply in circumstances involving contested director elections.

The following table sets forth the name, province/state and country of residence, principal occupation, date they first became a director of the Company and number of shares beneficially owned by each Nominee. The statement as to the Common Shares beneficially owned, directly or indirectly, or over which control or direction is exercised by the Nominees is in each instance based upon information furnished by the Nominee concerned and is as at March 20, 2006.

Early Warrant Exercise Transaction

Unless the context otherwise suggests, references to Warrants in this section of the management information circular refer to the following five series of common share purchase warrants of the Company: the First Warrants, the Series A Warrants, the Series B Warrants, the Series C Warrants and the U.S. Dollar Warrants, details of which are set out below under Distribution of New Warrants to Warrantheolders Upon Early Exercise of Warrants (the holders of the First Warrants, the Series A Warrants, the Series B Warrants, the Series C Warrants and the U.S. Dollar Warrants are collectively referred to herein as the Warrantheolders).

Distribution of New Warrants to Warrantheolders Upon Early Exercise of Warrants

The Company proposes to provide to Warrantheolders up to 8,681,890 additional common share purchase warrants of the Company (the New Warrants) upon the early exercise of the Warrants. Each New Warrant will entitle the holder to purchase one Common Share at a price equal to 150% of the volume weighted average trading price (the VWAP) of the Common Shares on the TSX for the five trading days ending on the last trading day of the Early Exercise Period (as defined herein) (the Early Exercise Expiry Date), rounded to the nearest \$0.25, at any time before 5:00 p.m. (Vancouver time) on the date which is five years following the Early Exercise Expiry Date, subject to adjustment in certain events. The following table sets forth certain details regarding each series of Warrants:

| Series of Warrants | Expiry Date (1) | Exercise Basis per Warrant | Exercise Price per Warrant | Exercise Price per Share |
|----------------------|-----------------|----------------------------|----------------------------|--------------------------|
| First Warrants | May 13, 2009 | 2.08 Common Shares | C\$ 20.00 | C\$ 9.62 |
| Series A Warrants | May 30, 2007 | 0.25 of a Common Share | C\$ 1.65 | C\$ 6.60 |
| Series B Warrants | August 25, 2008 | 0.25 of a Common Share | C\$ 3.10 | C\$ 12.40 |
| Series C Warrants | May 30, 2007 | 0.25 of a Common Share | C\$ 1.65 | C\$ 6.60 |
| U.S. Dollar Warrants | April 30, 2007 | 2.08 Common Shares | US\$ 25.00 | US\$ 12.02 |

(1) The Warrants expire at 5:00 p.m. (Toronto time) on the respective expiry dates.

The First Warrants are governed by the terms of an amended and restated common share purchase warrant indenture dated as of August 1, 2005 (the First Warrant Indenture) between the Company and CIBC Mellon Trust Company (the Warrant Agent). The Series A Warrants are governed by the terms of a common share purchase warrant indenture dated as of April 15, 2005 (the Series A Warrant Indenture) between the Company and the Warrant Agent. The Series B Warrants are governed by the terms of a common share purchase warrant indenture dated as of April 15, 2005 (the Series B Warrant Indenture) between the Company and the Warrant Agent. The Series C Warrants are governed by the terms of a common share purchase warrant indenture dated as of April 15, 2005 (the Series C Warrant Indenture) between the Company and the Warrant Agent. The U.S. Dollar Warrants are governed by the terms of an amended and restated common share purchase warrant indenture dated as of August 1, 2005 (the U.S. Dollar Warrant Indenture), and collectively with the First Warrant Indenture, the Series A Warrant Indenture, the Series B Warrant Indenture and the Series C Warrant Indenture, the Warrant Indentures) between the Company and the Warrant Agent.

Subject to the Company receiving all required approvals, including the requisite approval of the Warrantheolders to amend the respective Warrant Indentures that govern the Warrants (the amendments to the Warrant Indentures are collectively referred to herein as the Warrant Amendments) and the requisite approval of the shareholders of the Company (the Shareholders) to issue the New Warrants, each Warrant will entitle the holder thereof to acquire the number of underlying common shares of the Company (the Common Shares) otherwise issuable upon the exercise of the respective Warrants and a fraction of a New Warrant as set forth in the table below, in the event that such holder exercises such holder's Warrants during a period of 30 days (the Early Exercise Period) following the date of the Warrant Amendments.

| Series of Warrants | Fraction of a New Warrant for Each Warrant Exercised during the Early Exercise Period |
|----------------------|---|
| First Warrants | 0.44 |
| Series A Warrants | 0.01 |
| Series B Warrants | 0.08 |
| Series C Warrants | 0.01 |
| U.S. Dollar Warrants | 0.32 |

The Warrant Amendments will be effected pursuant to the terms of supplemental warrant indentures (the Supplemental Indentures) to be entered into between the Company and the Warrant Agent.

The Supplemental Indentures will also provide that, in the event that at least $66\frac{2}{3}$ percent of the Warrants outstanding on the date of the Warrant Amendments of any series of Warrants are exercised during the

Early Exercise Period, any Warrants of such series that have not been voluntarily exercised during the Early Exercise Period will be exchanged, without any further action on the part of the holder thereof, including payment of the exercise price thereof or any other additional consideration, for (a) a fraction of a Common Share equal to the following: (i) the five date VWAP ending on the Early Exercise Expiry Date (the Five Day VWAP) multiplied by the exercise basis of the applicable Warrants (the Exercise Basis), less the exercise price of the applicable Warrants, divided by (ii) the Five Day VWAP; and (b) a fraction of a New Warrant as follows: 0.22 of a New Warrant for each First Warrant, 0.005 of a New Warrant for each Series A Warrant, 0.04 of a New Warrant for each Series B Warrant, 0.005 of a New Warrant for each Series C Warrant and 0.16 of a New Warrant for each U.S. Dollar Warrant. The Common Shares and New Warrants issuable in exchange for Warrants not voluntarily exercised during the Early Exercise Period are collectively referred to herein as the Exchange Shares and the Exchange Warrants , respectively. Any Warrants to be exchanged for Exchange Shares and Exchange Warrants shall be automatically exchanged immediately following 5:00 p.m. (Vancouver time) on the Early Exercise Expiry Date, and shall immediately thereafter be cancelled and be of no further force or effect.

In the event that less than 66 ²/₃ percent of any series of the outstanding Warrants are exercised during the Early Exercise Period, each unexercised Warrant of such series will continue to entitle the holder to acquire the number of Common Shares currently issuable upon exercise until the expiry date of such series pursuant to their original respective terms.

Background and Reasons for the Warrant Amendments

As of March 20, 2006, 2,998,750 First Warrants, 48,958,522 Series A Warrants, 64,132,324 Series B Warrants, 46,543,723 Series C Warrants and 3,990,100 U.S. Dollar Warrants were issued and outstanding, of which, two insiders of the Company held an aggregate of 81,250 Series A Warrants, representing less than one percent of the outstanding Series A Warrants, and one insider of the Company held 50,000 Series B Warrants, representing less than one percent of the outstanding Series B Warrants. As of March 20, 2006, 341,164,634 Common Shares were issued and outstanding, of which 232,936, representing less than one percent of the outstanding Common Shares, were held by insiders of the Company.

Management of the Company has reviewed Goldcorp's capital structure and considered the possibility of the early exercise of the Warrants in order to simplify the capital structure of the Company and align the Company's capital needs with the proceeds from the exercise of the Warrants. The Company believes that the trading pattern of the Warrants is currently substantially the same as the trading pattern of the Common Shares, and that the trading price of the Warrants does not include a significant option value component in addition to the intrinsic or the in-the-money value of the Warrants. Further, management believes that the market for the Warrants is relatively illiquid and that it is unlikely that a liquid trading market for the Warrants will develop prior to the expiry of the Warrants. The following table compares the trading price and the intrinsic value of each series of Warrants for the 20 trading days ending on March 17, 2006.

-
- (1) 20 day volume weighted average trading price as at March 17, 2006 of the respective Warrants.
- (2) 20 day Volume weighted average trading price as at March 17, 2006 of the Common Shares on the TSX multiplied by the Exercise Basis of the respective Warrants less the exercise price of the respective Warrants.
- (3) Canadian dollar equivalents calculated based on the closing exchange rate for Canadian dollars in terms of the United

States dollar, as quoted by the Bank of Canada on March 17, 2006, of US\$1.00 = C\$1.1589.

On March 20, 2006, the directors of the Company approved the submission of the Warrant Amendments to Warrantheolders and Shareholders for their approval.

The Company believes that the transaction contemplated would have the following benefits to the Company, the Warrantheolders and the Shareholders:

- (a) the early exercise of the Warrants would simplify the capital structure of the Company and increase the Company's financial strength and flexibility;
- (b) the early exercise of the Warrants would align the Company's current capital needs with the proceeds to be realized upon the exercise of the Warrants;
- (c) in the event that all of the Warrants are exercised during the Early Exercise Period, the Company would receive gross proceeds of approximately \$460 million to repay debt;
- (d) the transaction contemplated enables the Company to access significant proceeds at an attractive cost of capital relative to an equity financing such as a public offering or a private placement;
- (e) the estimated expenses associated with the Warrant Amendments of C\$5.2 million are significantly less than the estimated expenses and underwriting fees which would be incurred in connection with an equity financing such as a public offering or private placement;
- (f) the issuance of the New Warrants will result in less dilution to the Shareholders than an equity financing such as a public offering or private placement which would likely be priced at a discount to the trading price of the Common Shares;
- (g) the early exercise of the Warrants would increase the Company's public float, which management believes may increase the trading liquidity of the Common Shares;

(h) management believes the early exercise of the Warrants should provide the Warrantholders with the benefits of a more liquid trading market for the Common Shares and the New Warrants versus the relatively illiquid trading market for the Warrants; and

(i) the Warrant Amendments would provide the Warrantholders with the opportunity to fully liquidate their investment for Common Shares in a transaction which provides Warrantholders with a premium to the theoretical or Black-Scholes value of the Warrants, the intrinsic or in-the-money value of the Warrants and the trading price of the Warrants prior to the announcement of the Warrant Amendments.

Fairness Opinions

In connection with the proposed Warrant Amendments, the Company has engaged GMP Securities L.P. (GMP) and BMO Nesbitt Burns Inc. (BMO NB) and collectively the Financial Advisors) to act as financial advisors to the Company in connection with the issuance of the New Warrants to Warrantholders. BMO NB has provided an opinion (the Warrantholder Fairness Opinion) as to the fairness of the issuance of the New Warrants pursuant to the Warrant Amendments, from a financial point of view, to the Warrantholders, excluding insiders of the Company. GMP has provided an opinion (the Shareholder Fairness Opinion) as to the fairness of the issuance of the New Warrants, from a financial point of view, to the Shareholders, excluding insiders of the Company.

BMO NB determined that the issuance of the New Warrants to Warrantholders would be fair, from a financial point of view, to the Warrantholders, excluding insiders of the Company, if the probable aggregate value of the Common Shares underlying each series of Warrants and the New Warrants to be issued to Warrantholders pursuant to the Supplemental Indentures following the Warrant Amendments

would exceed the probable aggregate value available to the Warrantholders in respect of the Warrants if the Company were to maintain, in all material respects, the status quo, including its current debt and equity capital structure (the Status Quo Alternative). BMO NB did not take into account any tax consequences or the possibility of a tax liability in connection with the transactions proposed by the Warrant Amendments or the disposition of Warrants by the Warrantholders.

GMP determined that the issuance of the New Warrants to Warrantholders would be fair, from a financial point of view, to the Shareholders, excluding insiders of the Company, if the probable aggregate value of the Common Shares to Shareholders as at the date of the Shareholder Fairness Opinion, after the issuance of the New Warrants to Warrantholders, would exceed the probable aggregate value available to the Shareholders on such date under the Status Quo Alternative. GMP did not take into account any tax consequences or the possibility of a tax liability in connection with the transactions proposed by the Warrant Amendments or the disposition of Warrants by the Warrantholders.

The Shareholder Fairness Opinion is dated as of March 20, 2006 and was delivered to the board of directors of the Company. Based upon and subject to the assumptions made and the matters considered in the Shareholder Fairness Opinion, GMP is of the opinion that, as of March 20, 2006, the issuance of the New Warrants to Warrantholders is fair, from a financial point of view, to the Shareholders, excluding insiders of the Company. The Shareholder Fairness Opinion is based upon a variety of factors and assumptions and must be considered as a whole. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. A copy of the Shareholder Fairness Opinion is attached as Schedule C to this management information circular and should be read in its entirety.

In addition to providing the Warrantholder Fairness Opinion and the Shareholder Fairness Opinion, the general services covered by the engagement of GMP and BMO include providing analysis and advice to the Company in connection with the Warrant Amendments, assisting management with marketing and participating in the preparation and review of documentation in connection with the proposed Warrant Amendments.

Recommendation of the Board of Directors

The material factors considered by the directors of the Company which provided support for the conclusion that the issuance of the New Warrants to Warrantholders is fair to Warrantholders and Shareholders, excluding insiders of the Company, were:

- (a) in the event that holders of all Warrants exercise their Warrants during the Early Exercise Period, the Company would issue 8,681,890 New Warrants to Warrantholders which, if fully exercised, would represent approximately 2.5 percent of the issued and outstanding Common Shares as at March 17, 2006;

- (b) the Warrant Amendments provide Warrantholders with the opportunity to fully liquidate their investment for Common Shares in a transaction which provides Warrantholders with a premium to the theoretical or Black-Scholes value of the Warrants, the intrinsic or in-the-money value of the Warrants and the trading price of the Warrants prior to the announcement of the Warrant Amendments;

(c) the early exercise of the Warrants should provide the Warrantholders with the benefits of a more liquid trading market for the Common Shares and the New Warrants versus the relatively illiquid trading market for the Warrants;

(d) the Warrantholder Fairness Opinion to the directors of the Company provides that the issuance of the New Warrants to Warrantholders is fair, from a financial point of view, to the Warrantholders, excluding insiders of the Company, where fairness is defined only from the perspective that the proposal provides probable additional value versus the Status Quo Alternative for Warrantholders;

(e) the Shareholder Fairness Opinion to the directors of the Company provides that the

issuance of the New Warrants pursuant to the Warrant Amendments is fair, from a financial point of view, to the Shareholders, excluding insiders of the Company, where fairness is defined only from the perspective that the proposal provides probable additional value versus the Status Quo Alternative for Shareholders;

(f) if all of the Warrants are exercised during the Early Exercise Period, the proceeds from such early exercise would provide a cost effective alternative source of funds for the Company;

(g) in order to be effective, the Warrant Amendment for each series of Warrants must be approved by not less than $66\frac{2}{3}$ percent of the votes cast in respect of such Warrant Amendment by Warrantholders of each series of Warrants, respectively, excluding insiders of the Company;

(h) pursuant to the requirements of the TSX, the issuance of the New Warrants must be approved at a meeting of shareholders by a majority of the votes cast thereat by Disinterested Shareholders (as defined herein);

(i) in the event that not less than $66\frac{2}{3}$ percent of a series of outstanding Warrants are exercised during the Early Exercise Period, holders of unexercised Warrants of such series will receive a fraction of a Common Share equivalent in value to the intrinsic or in-the-money value of their Warrants plus a fraction of a New Warrant, without any payment of additional consideration or the exercise price in respect thereof; and

(j) in the event that less than $66\frac{2}{3}$ percent of any series of the outstanding Warrants are exercised during the Early Exercise Period, each unexercised Warrant of such series will continue to entitle the holder to acquire the number of Common Shares currently issuable upon exercise until the expiry date of such series pursuant to their original respective terms.

In light of the number and variety of factors considered by the directors of the Company in connection with their evaluation of the issuance of the New Warrants, the directors did not find it practicable to assign relative weights to the foregoing factors; accordingly, they did not do so.

In order to arrive at its recommendation, the directors of the Company obtained the advice of its legal counsel and the Financial Advisors, completed a detailed examination of the terms and conditions of the Warrant Amendments and completed a detailed examination of the Warrantholder Fairness Opinion and the Shareholder Fairness Opinion.

The directors of the Company have determined that the issuance of the New Warrants is in the best interests of the Company and is fair to Warrantholders and Shareholders, excluding insiders of the Company. **The directors of the Company recommend that Disinterested Shareholders vote in favour of the issuance of the New Warrants.**

Shareholder Approval

Pursuant to the requirements of the TSX, the issuance of the New Warrants to be issued upon the exercise of the Warrants requires the approval of a majority of the votes cast by the shareholders of the Company, excluding insiders of the Company and shareholders who are also Warrantheolders (the Disinterested Shareholders) at the Meeting.

As of March 20, 2006, insiders of the Company held an aggregate of 232,936 Common Shares, representing less than one percent of the outstanding Common Shares, which will be excluded for the purposes of the vote of the Disinterested Shareholders. The number of Common Shares held by shareholders who are also Warrantheolders will also be excluded for the purposes of the Disinterested Shareholders vote. The number of such Common Shares is not known by the Company as of the date of this management information circular.

At the Meeting, shareholders will be asked to consider and, if deemed appropriate, to pass, with or without variation, a resolution, in the form set out below (the Early Warrant Exercise Resolution), subject to such amendments, variations or additions as may be approved at the Meeting, approving the issuance of the New Warrants.

The directors of the Company and management recommend the adoption of the Early Warrant Exercise Resolution. To be effective, the Early Warrant Exercise Resolution must be approved by not less than a majority of the votes cast by the Disinterested Shareholders present in person, or represented by proxy, at the Meeting. **Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the Common Shares represented by such form of proxy, properly executed, for the Early Warrant Exercise Resolution.**

The text of the Early Warrant Exercise Resolution to be submitted to shareholders at the Meeting is set forth below:

BE IT RESOLVED THAT:

1. the issuance of up to an additional 8,681,890 common share purchase warrants of the Company (the New Warrants) upon the early exercise of five series of outstanding common share purchase warrants of the Company, as further described in the management information circular dated March 20, 2006, be and is hereby authorized and approved and any director or officer of the Company is hereby authorized and approved to execute and deliver for and in the name of and on behalf of the Company, under its corporate seal or otherwise, certificates representing the New Warrants;
2. any director or officer of the Company is authorized and directed to execute and deliver for and in the name of and on behalf of the Company, under its corporate seal or otherwise, all such certificates, instruments, agreements, notices and other documents and to do such other acts and things as, in the opinion of such person, may be necessary or desirable in connection with the issuance of the New Warrants, with the performance of the Company of its obligations in connection therewith, and to give effect to the foregoing and facilitate the implementation of the foregoing resolution; and
3. notwithstanding the passing of this resolution by the shareholders, the directors of the Company are hereby authorized and empowered without further notice to or approval of the shareholders not to proceed with the issuance of the New Warrants, as described in the management information circular dated March 20, 2006 or to revoke this resolution at any time prior to this resolution being effective.

In supplement of and not by way of limitation upon any rights conferred upon directors by the provisions of the Act, it is declared that no director shall be disqualified by his office from, or vacate his office by reason of, holding any office or place of profit under the Corporation or under any body corporate in which the Corporation shall be a shareholder or by reason of being otherwise in any way directly or indirectly interested or contracting with the Corporation either as vendor, purchaser or otherwise or being concerned in any contract or arrangement made or proposed to be entered into with the Corporation in which he is in any way directly or indirectly interested either as vendor, purchaser or otherwise nor shall any director be liable to account to the Corporation or any of its shareholders or creditors for any profit arising from any such office or place of profit; and, subject to the provisions of the Act, no contract or arrangement entered into by or on behalf of the Corporation in which any director shall be in any way directly or indirectly interested shall be avoided or voidable and no director shall be liable to account to the Corporation or any of its shareholders or creditors for any profit realized by or from any such contract or arrangement by reason of the fiduciary relationship existing or established thereby. The directors for the time being of the Corporation shall not be under any duty or responsibility in respect of any contract, act or transaction whether or not made, done or entered into in the name or on behalf of the Corporation, except such as shall have been submitted to and authorized or approved by the board. If any director or officer of the Corporation shall be employed by or shall perform services for the Corporation otherwise than as a director or officer or shall be a member of a firm or a shareholder, director or officer of a company which is employed by or performs services for the Corporation, the fact of his being a director or officer of the

6.04 Indemnity

Subject to the limitations contained in the Act, the Corporation shall indemnify a director or officer, a former director or officer, or a person who acts or acted at the Corporation's request as a director or officer of a body corporate of which the Corporation is or was a shareholder or creditor, and his heirs and legal representatives, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by him in respect of any civil, criminal or administrative action or proceeding to which he is made a party by reason of being or having been a director or officer of the Corporation or such body corporate, if

(a) he acted honestly and in good faith with a view to the best interest of the Corporation; and

The Corporation may enforce any lien that it has on shares registered in the name of a shareholder indebted to the Corporation by the sale of the shares thereby affected or by any other action, suit, remedy or proceeding authorized or permitted by law and, pending such enforcement, the Corporation may refuse to register a transfer of the whole or any part of such shares.

7.06 Non-recognition of Trusts

Subject to the provisions of the Act, the Corporation may treat as absolute owner of any share the person in whose name the share is registered in the securities register as if that person had full legal capacity and authority to exercise all rights of ownership, irrespective of any indication to the contrary through knowledge or notice or description in the Corporation's records or on the share certificate.

7.07 Share Certificates

Every holder of one or more shares of the Corporation shall be entitled, at his option, to a share certificate, or to a non-transferable written acknowledgement of his right to obtain a share certificate, stating the number and class or series of shares held by him as shown on the securities register. Any share certificate shall be signed in accordance with paragraph 2.03 and need not be under the corporate seal; provided that, unless the board otherwise determines, certificates representing shares in respect of which a transfer agent and/or registrar has been appointed shall not be valid unless countersigned by or on behalf of such transfer agent and/or registrar. The signature of one of the signing officers or, in the case of share certificates which are not valid unless countersigned by or on behalf of a transfer agent and/or registrar, the signatures of both signing officers, may be printed or mechanically reproduced in facsimile upon share certificates and every such facsimile signature shall for all purposes be deemed to be the signature of the officer whose signature it reproduces and shall be binding upon the Corporation. A share certificate executed as aforesaid shall be valid notwithstanding that one or both of the officers whose facsimile signature appears thereon no longer holds office at the date of issue of the certificate.

7.09 Joint Shareholders

If two or more persons are registered as joint holders of any share, the Corporation shall not be bound to issue more than one certificate in respect thereof, and delivery of such certificate to one of such persons shall be sufficient delivery to all of them. Any one of such persons may give effectual receipts for the certificate issued in respect thereof or for any dividend, bonus, return of capital or other money payable or warrant issuable in respect of such shares.

In the case of joint holders any cheque issued shall, unless such joint holders otherwise direct, be made payable to the order of all of such joint holders and mailed to them at their recorded address. The mailing of such cheque as aforesaid, unless the same is not paid on due presentation, shall satisfy and discharge the liability for the dividend to the extent of the sum represented thereby plus the amount of any tax which the Corporation is required to and does withhold.

8.03 Non-receipt of Cheques

In the event of non-receipt of any dividend cheque by the person to whom it is sent as aforesaid, the Corporation shall issue to such person a replacement cheque for a like amount on such terms as to indemnity, reimbursement of expenses and evidence of non-receipt and of title as the board may from time to time prescribe, whether generally or in any particular case.

If the proposed Warrant Amendments are approved and holders of more than 66 2/3% of the outstanding Warrants exercise their Warrants during the Early Exercise Period, we understand that each outstanding Warrant that has not been exercised prior to the termination of the Early Exercise Period will be deemed to have been exercised, without any further action of the part of the Warrantholder thereof (including payment of the exercise price or any additional consideration therefor), for (a) a fraction of a Common Share equivalent in value to the intrinsic value of such Warrants based on the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the expiry of the Early Exercise Period; plus (b) one half of the fraction of a New Warrant issued to Warrantholders in such series who voluntarily exercised their Warrants during the Early Exercise Period as set forth in the table below.

In accordance with the terms of the Engagement Agreement, but subject to the exercise of professional judgement, and except as expressly described herein, GMP has not attempted to verify independently the completeness, accuracy or fair presentation of any of the Information.

Senior officers of the Corporation have represented to GMP in the Certificate, among other things, that (i) the Information provided to GMP, directly or indirectly, orally or in writing by the Corporation or any of its subsidiaries, associates or affiliates or their respective agents, advisors, consultants and representatives for the purpose of the Engagement Agreement, including in particular preparing the Fairness Opinion was, at the date the Information was provided to GMP, fairly and reasonably presented and is true and correct in all material respects, and did not, and does not, contain any untrue statement of a material fact (as such term is defined in the Securities Act (Ontario) in respect of the Corporation, its subsidiaries, associates or affiliates, their respective securities or the Warrant Amendments or omit to state a material fact in respect of the Corporation, its subsidiaries or the Warrant Amendments necessary to make the Information not misleading in light of the circumstances under which the Information was made or provided; (ii) with respect to forecasts, projections, estimates and budgets provided to GMP, they were prepared using the assumptions identified therein and were reasonably prepared on bases reflecting the best currently available estimates and judgements of management of Goldcorp or its associates and affiliates as to matters covered thereby and such forecasts, projections, estimates and budgets reasonably present the views of management of the financial prospects and forecasted performance of the Corporation, its subsidiaries, associates and affiliates and are

consistent with historical operating experience and accounting policies and procedures applied by Goldcorp; and (iii) since the dates on which the Information was provided to GMP, there has been no material change or new material fact which is of a nature as to render any portion of the Information untrue or misleading in any material respect, except for changes that have been updated by more current Information provided in writing to GMP.

GMP has assumed that all conditions precedent to the completion of the transactions contemplated by the Warrant Amendments can be satisfied in the time required and that all consents, exemptions or orders of third parties and relevant authorities will be obtained, without adverse condition or qualification, and that the Warrant Amendments can proceed as scheduled and without material additional cost to the Corporation or liability of the Corporation to third parties, that the procedures being followed to implement the Warrant Amendments are valid and effective, that all required documents will be distributed to the Shareholders and Warranholders in accordance with applicable laws and that the disclosure in such documents will be accurate and will comply with the requirements of applicable laws. GMP has also assumed that only the New Warrants as per the transaction terms described in this Fairness Opinion will be issued to Warranholders pursuant to the Warrant Amendments and that all draft documents referred to under Scope of Review above are accurate version, in all material respects, of the final form of such documents.

The Fairness Opinion is rendered on the basis of securities markets, economic, financial and general business conditions prevailing as at the date hereof and the condition and prospects, financial and otherwise, of the Corporation and its subsidiaries and affiliates, as they were reflected in the Information and as they have been represented to GMP in discussions with management of the Corporation. In its analyses and in preparing the Fairness Opinion, GMP made numerous assumptions with respect to industry performance, general business and economic conditions including the assumption that the trading price of the Common Shares will not change in any significant respect between the date hereof and the termination of the Early Exercise Period, and other matters, many of which are beyond the control of GMP or any party involved the transactions proposed by the Warrant Amendments.

The Fairness Opinion is provided as of the date hereof and GMP disclaims any undertaking or obligation to advise any person of any change in any fact or matter affecting the Fairness Opinion which may come or be brought to its attention after the date hereof. Without limiting the foregoing, in the event that there is any material change in any fact or matter affecting the Fairness Opinion after the date hereof, GMP reserves the right to change, modify or withdraw the Fairness Opinion.

GMP has not been engaged to provide and has not provided: (i) an opinion as to the fairness of the issuance of any securities of the Corporation other than the New Warrants; (ii) an opinion as to the fairness of the transactions contemplated by the Warrant Amendments, from a financial point of view, to holders of the Warrants; (iii) an opinion as to the relative fairness of the

issuance of the New Warrants to, among or as between holders of the Common Shares or the Warrants; (iv) an opinion concerning the future value or trading price of the any of the securities of Goldcorp, or of the securities of its subsidiaries, associates or affiliates following the completion of the Warrant Amendments; (v) a formal valuation or appraisal of Goldcorp, any of its subsidiaries, affiliates or associates, or any of the assets or securities thereof; or (vi) an opinion as to the process underlying the Warrant Amendments. Furthermore, the Fairness Opinion is not, and should not be construed as, advice or a recommendation to any holder of Warrants or Common Shares as to whether or not such Warrants or Common Shares should be held, sold or exercised or to use the voting rights provided in respect of the Warrant Amendments to vote for or against the Warrant Amendments.

The services of GMP and the Fairness Opinion have been provided solely to the Board of Directors of the Corporation in connection with the Warrant Amendments and may not be used by any other person or relied upon by any other person other than the Board of Directors and the Corporation without the express prior written consent of GMP.

GMP believes that its analyses must be considered as a whole and that selecting portions of the analyses or the factors considered by GMP, without considering all factors and analyses together, could create a misleading view of the process underlying the Fairness Opinion. The preparation of an opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Any attempt to do so could lead to undue emphasis on any particular factor or analysis. This Fairness Opinion is not to be construed as a recommendation to any holder of Common Shares as to whether to vote in favour of the Warrant Amendments.

Approach to Fairness

For the purposes of the Fairness Opinion, GMP considered that the issuance of the New Warrants to Warranholders would be fair, from a financial point of view, to Shareholders (excluding insiders of the Company) if the probable aggregate value of the Common Shares to Shareholders as at the date hereof, after the issuance of the New Warrants to Warranholders, would exceed the probable aggregate value available to the Shareholders, if the Corporation were to maintain, in all material respects, the status quo, including its current debt and equity capital structure. GMP did not take into account any tax consequences or possibility of a tax liability in connection with the transactions proposed by the Warrant Amendments or the disposition of Warrants by the Warranholders.

Conclusion

Based on and subject to the foregoing and such other factors as GMP considered relevant, GMP is of the opinion that, as of the date hereof, the issuance of the New Warrants to Warranholders is fair, from a financial point of view, to the holders of the Common Shares of Goldcorp (excluding insiders of the Corporation).

Yours very truly,
