Item 1.01 Entry Into a Material Definitive Agreement.

On September 8, 2006, the Board of Directors of Universal Compression Holdings, Inc. (the "Company"), based upon advice from a third party compensation consultant, adjusted the stock option grant methodology utilized to compensate its directors who are not employees of the Company. Previously, the Company's non-employee directors have been awarded annual grants of options utilizing a fixed number of shares under the Company's Incentive Stock Option Plan, which last year was 7,500. The Board elected to move to a grant-date value with a target award equal to \$125,000 (with an assumed option valuation rate as a percentage of face value) rounded to the nearest 100 options. No other modifications were made to the Company's director compensation arrangements.
