Item 8.01. Other Events.

Transfer of Reportable Segment and Change in Methodology for Market and Sub-Market Data

As previously reported, in the beginning of the third quarter of 2007, we moved our nanotechnology measurement business from our electronic measurement segment to our bio-analytical measurement segment to more closely align with the new materials sciences business in that segment.

In addition, the order and revenue information included in Management's Discussion and Analysis for the three years ended October 31, 2006, has been adjusted to reflect a new methodology for defining communications test, general purpose test, life sciences and chemical analysis as the markets and sub-markets into which our products are sold.

Pursuant to guidance provided by the Securities and Exchange Commission, we have recast in Exhibit 99.1 filed with this Current Report on Form 8-K the following items that were contained in our Annual Report on Form 10-K for the year ended October 31, 2006 (Annual Report on Form 10-K), to reflect the changes referenced above: Item 1, Business, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, Item 8, Financial Statements and Supplementary Data and Item 15, Exhibits and Financial Statement Schedules. In addition, since it is the subject of the Report of Independent Registered Public Accounting Firm, we have included Management's Report on Internal Control over Financial Reporting in Item 8. It has not been changed from the disclosure in the Annual Report on Form 10-K.

Further, we have recast in Exhibit 99.2 filed with this Current Report on Form 8-K the following items that were contained in our Quarterly Report on Form 10-Q for the quarter ended January 31, 2007 (First Quarter Report) to reflect the changes referenced above: Item 1, Condensed Consolidated Financial Statements (Unaudited) and Item 2 Management's Discussion and Analysis of Financial Conditions and Results of Operations (Unaudited). We have also recast in Exhibit 99.3 filed with this Current Report on Form 8-K the following items that were contained in our Quarterly Report on Form 10-Q for the quarter ended April 30, 2007 (Second Quarter Report) to reflect the changes referenced above: Item 1, Condensed Consolidated Financial Statements (Unaudited) and Item 2 Management's Discussion and Analysis of Financial Conditions and Results of Operations (Unaudited).

This filing does not reflect any subsequent information or events other than adjustments to reflect the updated segment information in conjunction with the change in business structure and the change in methodology for defining the markets and sub-markets for our products as specifically described above. The recast included in the exhibits to this Current Report on Form 8-K reflect changes to the Annual Report on Form 10-K, First Quarter Report and Second Quarter Report as a result of the change in business structure and the change in methodology for defining the markets and sub-markets for our products as specifically described above.
