Item 8.01. Other Events

In the third quarter of 2008, City National Corporation will record other-than-temporary impairment of its investments in perpetual preferred securities issued by the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac). As a result, the company expects to take a non-cash, after-tax charge of between \$12 million and \$13 million to third-quarter 2008 earnings.

This move follows recent actions by the U.S. Treasury Department and the Federal Housing Finance Agency.

City National's perpetual preferred investments in Fannie Mae and Freddie Mac are included in securities available for sale at a previously disclosed cost of \$23.6 million. That is equal to about 1 percent of the company's investment portfolio. These securities are currently trading at between 5 percent and 10 percent of par value.

City National does not hold any common stock or other equity securities issued by Fannie Mae or Freddie Mac.
