(1) Other than the Company's investments listed in footnote 7 below (subject to the limitations set forth therein), the Company does not Control any of its portfolio companies, for the purposes of the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the Investment Company Act). In general, under the Investment Company Act, the Company would Control a portfolio company if the Company owned more than 25% of its outstanding voting securities (i.e., securities with the right to elect directors) and/or had the power to exercise control over the management or policies of such portfolio company. All of the Company's portfolio company investments, which as of March 31, 2013 represented 152% of the Company's net assets or 95% of the Company's total assets, are subject to legal restrictions on sales.

(2) These assets are pledged as collateral for the Revolving Credit Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than the Company's obligations under the Revolving Credit Facility (see Note 5 to the consolidated financial statements).

(3) These assets are owned by the Company's consolidated subsidiary Ares Capital CP Funding LLC (Ares Capital CP), are pledged as collateral for the Revolving Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than Ares Capital CP's obligations under the Revolving Funding Facility (see Note 5 to the consolidated financial statements).

(4) These assets are owned by the Company's consolidated subsidiary Ares Capital JB Funding LLC (ACJB), are pledged as collateral for the SMBC Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than ACJB's obligations under the SMBC Funding Facility (see Note 5 to the consolidated financial statements).

(5) Investments without an interest rate are non-income producing.

(6) As defined in the Investment Company Act, the Company is deemed to be an Affiliated Person of a portfolio company because it owns 5% or more of the portfolio company's outstanding voting securities or it has the power to exercise control over the management or policies of such portfolio company (including through a management agreement). Transactions during the year ended March 31, 2013 in which the issuer was an Affiliated company (but not a portfolio company that the Company Controls) are as follows:

* Together with GE Global Sponsor Finance LLC and General Electric Capital Corporation (together, "GE"), the Company co-invests through the Senior Secured Loan Fund LLC d/b/a the Senior Secured Loan Program (the "SSLP"). The SSLP is capitalized as transactions are completed and all portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required); therefore, although the Company owns more than 25% of the voting securities of the SSLP, the Company does not believe that it has control over the SSLP (for purposes of the Investment Company Act or otherwise) because, among other things, these voting securities do not afford the Company the right to elect directors of the SSLP or any other special rights (see Note 4 to the consolidated financial statements).

(8) Non-U.S. company or principal place of business outside the U.S. and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

(9) Excepted from the definition of investment company under Section 3(c) of the Investment Company Act and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

(10) In the first quarter of 2011, the staff of the Securities and Exchange Commission (the "Staff") informally communicated to certain business development companies the Staff's belief that certain entities, which would be classified as an investment company under the Investment Company Act but for the exception from the definition of investment company set forth in Rule 3a-7 promulgated under the Investment Company Act, could not be treated as eligible portfolio companies (as defined in Section 2(a)(46) of the Investment Company Act). Subsequently, in August 2011 the Securities and Exchange Commission issued a concept release (the "Concept Release") which states that "[a]s a

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

general matter, the Commission presently does not believe that Rule 3a-7 issuers are the type of small, developing and financially troubled businesses in which Congress intended BDCs primarily to invest and requested comment on whether or not a 3a-7 issuer should be considered an eligible portfolio company. Ares Capital provided a comment letter in respect of the Concept Release and continues to believe that the language of Section 2(a)(46) of the Investment Company Act permits a business development company to treat as eligible portfolio companies entities that rely on the 3a-7 exception. However, given the current uncertainty in this area (including the language in the Concept Release) and subsequent discussions with the Staff, Ares Capital has, solely for purposes of calculating the composition of its portfolio pursuant to Section 55(a) of the Investment Company Act, identified these entities in the Company's schedule of investments as non-qualifying assets should the Staff ultimately disagree with Ares Capital's position.

(11) Variable rate loans to the Company's portfolio companies bear interest at a rate that may be determined by reference to either LIBOR or an alternate base rate (commonly based on the Federal Funds Rate or the Prime Rate), at the borrower's option, which reset annually (A), semi-annually (S), quarterly (Q), bi-monthly (B), monthly (M) or daily (D). For each such loan, the Company has provided the interest rate in effect on the date presented.

(12) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 5.00% on \$15 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.

(13) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.00% on \$20 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.

(14) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 4.00% on \$64 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.

(15) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 1.13% on \$19 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.

(16) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.00% on \$30 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.

(17) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.75% on \$72 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.

(18) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.13% on \$56 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.

(19) The Company is entitled to receive a fixed fee upon the occurrence of certain events as defined in the credit agreement governing the Company's debt investment in the portfolio company. The fair value of such fee is included in the fair value of the debt investment.

(20) Loan was on non-accrual status as of March 31, 2013.

(21) Loan includes interest rate floor feature.

(22) In addition to the interest earned based on the stated contractual interest rate of this security, the certificates entitle the holders thereof to receive a portion of the excess cash flow from the SSLP's loan portfolio, which may result in a return to the Company greater than the contractual stated interest rate.

- (1) Other than the Company's investments listed in footnote 7 below (subject to the limitations set forth therein), the Company does not Control any of its portfolio companies, for the purposes of the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the Investment Company Act). In general, under the Investment Company Act, the Company would Control a portfolio company if the Company owned more than 25% of its outstanding voting securities (i.e., securities with the right to elect directors) and/or had the power to exercise control over the management or policies of such portfolio company. All of the Company's portfolio company investments, which as of December 31, 2012 represented 149% of the Company's net assets or 93% of the Company's total assets, are subject to legal restrictions on sales.
- (2) These assets are pledged as collateral for the Revolving Credit Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than the Company's obligations under the Revolving Credit Facility (see Note 5 to the consolidated financial statements).
- (3) These assets are owned by the Company's consolidated subsidiary Ares Capital CP Funding LLC (Ares Capital CP), are pledged as collateral for the Revolving Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than Ares Capital CP's obligations under the Revolving Funding Facility (see Note 5 to the consolidated financial statements).
- (4) These assets are owned by the Company's consolidated subsidiary Ares Capital JB Funding LLC (ACJB), are pledged as collateral for the SMBC Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than ACJB's obligations under the SMBC Funding Facility (see Note 5 to the consolidated financial statements).
- (5) Investments without an interest rate are non-income producing.
- (6) As defined in the Investment Company Act, the Company is deemed to be an Affiliated Person of a portfolio company because it owns 5% or more of the portfolio company's outstanding voting securities or it has the power to exercise control over the management or policies of such portfolio company (including through a management agreement). Transactions during the year ended December 31, 2012 in which the issuer was an Affiliated company (but not a portfolio company that the Company Controls) are as follows:

* Together with GE Global Sponsor Finance LLC and General Electric Capital Corporation (together, "GE"), the Company co-invests through the Senior Secured Loan Fund LLC d/b/a the Senior Secured Loan Program (the "SSLP"). The SSLP is capitalized as transactions are completed and all portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required); therefore, although the Company owns more than 25% of the voting securities of the SSLP, the Company does not believe that it has control over the SSLP (for purposes of the Investment Company Act or otherwise) because, among other things, these voting securities do not afford the Company the right to elect directors of the SSLP or any other special rights (see Note 4 to the consolidated financial statements).

- (8) Non-U.S. company or principal place of business outside the U.S. and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.
- (9) Excepted from the definition of investment company under Section 3(c) of the Investment Company Act and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

In the first quarter of 2011, the staff of the Securities and Exchange Commission (the "Staff") informally communicated to certain business development companies the Staff's belief that certain entities, which would be classified as an "investment company" under the Investment Company Act but for the exception from the definition of "investment company" set forth in Rule 3a-7 promulgated under the Investment Company Act, could not be treated as eligible portfolio companies (as defined in Section 2(a)(46) of the Investment Company Act). Subsequently, in August 2011 the Securities and Exchange Commission issued a concept release (the "Concept Release") which states that "[a]s a general matter, the Commission presently does not believe that Rule 3a-7 issuers are the type of small, developing and financially troubled businesses in which Congress intended BDCs primarily to invest" and requested comment on whether or not a 3a-7 issuer should be considered an "eligible portfolio company". Ares Capital provided a comment letter in respect of the Concept Release and continues to believe that the language of Section 2(a)(46) of the Investment Company Act permits a business development company to treat as "eligible portfolio companies" entities that rely on the 3a-7 exception. However, given the current uncertainty in this area (including the language in the Concept Release) and subsequent discussions with the Staff, Ares Capital has, solely for purposes of calculating the composition of its portfolio pursuant to Section 55(a) of the Investment Company Act, identified these entities in the Company's schedule of investments as "non-qualifying assets" should the Staff ultimately disagree with Ares Capital's position.

- (11) Variable rate loans to the Company's portfolio companies bear interest at a rate that may be determined by reference to either LIBOR or an alternate base rate (commonly based on the Federal Funds Rate or the Prime Rate), at the borrower's option, which reset annually (A), semi-annually (S), quarterly (Q), bi-monthly (B), monthly (M) or daily (D). For each such loan, the Company has provided the interest rate in effect on the date presented.

- (12) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 5.00% on \$16 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (13) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.50% on \$12 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (14) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 4.00% on \$65 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (15) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 1.13% on \$19 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (16) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.00% on \$73 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (17) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.13% on \$56 million aggregate principal amount of a first out tranche of the portfolio company's senior term debt previously syndicated by the Company into first out and last out tranches, whereby the first out tranche will have priority as to the last out tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (18) The Company is entitled to receive a fixed fee upon the occurrence of certain events as defined in the credit agreement governing the Company's debt investment in the portfolio company. The fair value of such fee is included in the fair value of the debt investment.
- (19) Loan was on non-accrual status as of December 31, 2012.
- (20) Loan includes interest rate floor feature.
- (21) In addition to the interest earned based on the stated contractual interest rate of this security, the certificates entitle the holders thereof to receive a portion of the excess cash flow from the SSLP's loan portfolio, which may result in a return to the Company greater than the contractual stated interest rate.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

As of March 31, 2013

(unaudited)

(in thousands, except per share data, percentages and as otherwise indicated;

for example, with the words million, billion or otherwise)

1. ORGANIZATION

Ares Capital Corporation (the Company or ARCC) is a specialty finance company that is a closed-end, non-diversified management investment company incorporated in Maryland. The Company has elected to be regulated as a business development company under the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the Investment Company Act). The Company has elected to be treated as a regulated investment company, or a RIC, under the Internal Revenue Code of 1986, as amended (the Code) and operates in a manner so as to qualify for the tax treatment applicable to RICs.

The Company's investment objective is to generate both current income and capital appreciation through debt and equity investments. The Company invests primarily in first lien senior secured loans (including unitranche loans, which are loans that combine both senior and mezzanine debt, generally in a first lien position), second lien senior secured loans and mezzanine debt, which in some cases includes an equity component. To a lesser extent, the Company also makes equity investments.

The Company is externally managed by Ares Capital Management LLC (Ares Capital Management or the Company's investment adviser), a wholly owned subsidiary of Ares Management LLC (Ares Management), a global alternative asset manager and a Securities and Exchange Commission (SEC) registered investment adviser. Ares Operations LLC (Ares Operations or the Company's administrator), a wholly owned subsidiary of Ares Management, provides the administrative services necessary for the Company to operate.

Interim financial statements are prepared in accordance with United States generally accepted accounting principles (GAAP) for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Articles 6 or 10 of Regulation S-X. In the opinion of management, all adjustments, consisting solely of normal recurring accruals considered necessary for the fair presentation of financial statements for the interim period presented, have been included. The current period's results of operations will not necessarily be indicative of results that ultimately may be achieved for the fiscal year ending December 31, 2013.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in conformity with GAAP, and include the accounts of the Company and its consolidated subsidiaries. The consolidated financial statements reflect all adjustments and reclassifications that, in the opinion of management, are necessary for the fair presentation of the results of the operations and financial condition as of and for the periods presented. All significant intercompany balances and transactions have been eliminated.

Cash and Cash Equivalents

Cash and cash equivalents include funds from time to time deposited with financial institutions and short-term, liquid investments in a money market fund. Cash and cash equivalents are carried at cost which approximates fair value.

Concentration of Credit Risk

The Company places its cash and cash equivalents with financial institutions and, at times, cash held in money market accounts may exceed the Federal Deposit Insurance Corporation insured limit.

Investments

Investment transactions are recorded on the trade date. Realized gains or losses are measured by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment without regard to unrealized gains or losses previously recognized, and include investments charged off during the period, net of recoveries. Unrealized gains or losses primarily reflect the change in investment values, including the reversal of previously recorded unrealized gains or losses when gains or losses are realized.

Table of Contents

Investments for which market quotations are readily available are typically valued at such market quotations. In order to validate market quotations, the Company looks at a number of factors to determine if the quotations are representative of fair value, including the source and nature of the quotations. Debt and equity securities that are not publicly traded or whose market prices are not readily available (i.e., substantially all of the Company's investments) are valued at fair value as determined in good faith by the Company's board of directors, based on, among other things, the input of the Company's investment adviser, audit committee and independent third-party valuation firms that have been engaged at the direction of the Company's board of directors to assist in the valuation of each portfolio investment without a readily available market quotation at least once during a trailing 12 month period (with certain de minimis exceptions) and under a valuation policy and a consistently applied valuation process. The valuation process is conducted at the end of each fiscal quarter, and a minimum of 50% of the Company's portfolio at fair value is subject to review by an independent valuation firm each quarter. In addition, the Company's independent registered public accounting firm reviews the Company's valuation process as part of their overall integrated audit.

As part of the valuation process, the Company may take into account the following types of factors, if relevant, in determining the fair value of the Company's investments: the enterprise value of a portfolio company (the entire value of the portfolio company to a market participant, including the sum of the values of debt and equity securities used to capitalize the enterprise at a point in time), the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flow, the markets in which the portfolio company does business, a comparison of the portfolio company's securities to any similar publicly traded securities, changes in the interest rate environment and the credit markets generally that may affect the price at which similar investments would trade in their principal markets and other relevant factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, the Company considers the pricing indicated by the external event to corroborate its valuation.

Because there is not a readily available market value for most of the investments in its portfolio, the Company values substantially all of its portfolio investments at fair value as determined in good faith by its board of directors, as described herein. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Additionally, the fair value of the Company's investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that the Company may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If the Company was required to liquidate a portfolio investment in a forced or liquidation sale, the Company could realize significantly less than the value at which the Company has recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the valuations currently assigned.

The Company's board of directors undertakes a multi-step valuation process each quarter, as described below:

- The Company's quarterly valuation process begins with each portfolio company or investment being initially valued by the investment professionals responsible for the portfolio investment in conjunction with the Company's portfolio management team.
- Preliminary valuations are reviewed and discussed with the Company's investment adviser's management and investment professionals, and then valuation recommendations are presented to the Company's board of directors.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

- The audit committee of the Company's board of directors reviews these valuations, as well as the input of third parties, including independent third-party valuation firms, with respect to the valuations of a minimum of 50% of the Company's portfolio at fair value.
- The Company's board of directors discusses valuations and ultimately determines the fair value of each investment in the Company's portfolio without a readily available market quotation in good faith based on, among other things, the input of the Company's investment adviser, audit committee and, where applicable, independent third-party valuation firms.

See Note 7 for more information on the Company's valuation process.

Table of Contents

Interest and Dividend Income Recognition

Interest income is recorded on an accrual basis and includes the accretion of discounts and amortization of premiums. Discounts from and premiums to par value on securities purchased are accreted/amortized into interest income over the life of the respective security using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts and amortization of premiums, if any.

Loans are generally placed on non-accrual status when principal or interest payments are past due 30 days or more or when there is reasonable doubt that principal or interest will be collected in full. Accrued and unpaid interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in management's judgment, are likely to remain current. The Company may make exceptions to this if the loan has sufficient collateral value and is in the process of collection.

Dividend income on preferred equity securities is recorded as dividend income on an accrual basis to the extent that such amounts are payable by the portfolio company and are expected to be collected. Dividend income on common equity securities is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly traded portfolio companies.

Payment-in-Kind Interest

The Company has loans in its portfolio that contain payment-in-kind (PIK) provisions. The PIK interest, computed at the contractual rate specified in each loan agreement, is added to the principal balance of the loan and recorded as interest income. To maintain the Company's status as a RIC, this non-cash source of income must be paid out to stockholders in the form of dividends, even though the Company has not yet collected the cash.

Capital Structuring Service Fees and Other Income

The Company's investment adviser seeks to provide assistance to its portfolio companies and in return the Company may receive fees for capital structuring services. These fees are generally only available to the Company as a result of the Company's underlying investments, are normally paid at the closing of the investments, are generally non-recurring and are recognized as revenue when earned upon closing of the investment. The services that the Company's investment adviser provides vary by investment, but generally include reviewing existing credit facilities, arranging bank financing, arranging equity financing, structuring financing from multiple lenders, structuring financing from multiple equity investors, restructuring existing loans, raising equity and debt capital, and providing general financial advice, which concludes upon closing of the investment. Any services of the above nature subsequent to the closing would generally generate a separate fee payable to the Company. In certain instances where the Company is invited to participate as a co-lender in a transaction and does not provide significant services in connection with the investment, a portion of loan fees paid to the Company in such situations will be deferred and amortized over the estimated life of the loan. The Company's investment adviser may also take a seat on the board of directors of a portfolio company, or observe the meetings of the board of directors without taking a formal seat.

Other income includes fees for management and consulting services, loan guarantees, commitments, amendments and other services rendered by the Company to portfolio companies. Such fees are recognized as income when earned or the services are rendered.

Foreign Currency Translation

The Company's books and records are maintained in U.S. dollars. Any foreign currency amounts are translated into U.S. dollars on the following basis:

- (1) Fair value of investment securities, other assets and liabilities at the exchange rates prevailing at the end of the period.
- (2) Purchases and sales of investment securities, income and expenses at the exchange rates prevailing on the respective dates of such transactions, income or expenses.

Results of operations based on changes in foreign exchange rates are separately disclosed in the statement of operations, if any. Foreign security and currency translations may involve certain considerations and risks not typically associated with investing in U.S. companies and U.S. government securities. These risks include, but are not limited to, currency fluctuations and revaluations and future adverse political, social and economic developments, which could cause investments in foreign markets to be less liquid and prices more volatile than those of comparable U.S. companies or U.S. government securities.

Table of Contents

Equity Offering Expenses

The Company's offering costs, excluding underwriters' fees, are charged against the proceeds from equity offerings when received.

Debt Issuance Costs

Debt issuance costs are amortized over the life of the related debt instrument using the straight line method, which closely approximates the effective yield method.

U.S. Federal Income Taxes

The Company has elected to be treated as a RIC under the Code and operates in a manner so as to qualify for the tax treatment applicable to RICs. To qualify as a RIC, the Company must, among other things, timely distribute to its stockholders at least 90% of its investment company taxable income, as defined by the Code, for each year. The Company, among other things, has made and intends to continue to make the requisite distributions to its stockholders, which will generally relieve the Company from U.S. federal income taxes.

Depending on the level of taxable income earned in a tax year, the Company may choose to carry forward taxable income in excess of current year dividend distributions from such income into the next tax year and pay a 4% excise tax on such income, as required. To the extent that the Company determines that its estimated current year annual taxable income will be in excess of estimated current year dividend distributions, the Company accrues excise tax, if any, on estimated excess taxable income as such taxable income is earned.

Certain of the Company's consolidated subsidiaries are also subject to U.S. federal and state income taxes.

Dividends to Common Stockholders

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount to be paid out as a dividend is determined by the Company's board of directors each quarter and is generally based upon the earnings estimated by management. Net realized capital gains, if any, are generally distributed, although the Company may decide to retain such capital gains for investment.

The Company has adopted a dividend reinvestment plan that provides for reinvestment of any distributions the Company declares in cash on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, if the Company's board of directors authorizes, and the Company declares, a cash dividend, then the Company's stockholders who have not opted out of the Company's dividend reinvestment plan will

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

have their cash dividends automatically reinvested in additional shares of the Company's common stock, rather than receiving the cash dividend. The Company intends to use primarily newly issued shares to implement the dividend reinvestment plan (so long as the Company is trading at a premium to net asset value). If the Company's shares are trading at a significant enough discount to net asset value and the Company is otherwise permitted under applicable law to purchase such shares, the Company intends to purchase shares in the open market in connection with the Company's obligations under the dividend reinvestment plan. However, the Company reserves the right to issue new shares of the Company's common stock in connection with the Company's obligations under the dividend reinvestment plan even if the Company's shares are trading below net asset value.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of actual and contingent assets and liabilities at the date of the financial statements and the reported amounts of income or loss and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include the valuation of investments.

3. AGREEMENTS

Investment Advisory and Management Agreement

The Company is party to an investment advisory and management agreement (the "investment advisory and management agreement") with Ares Capital Management. Subject to the overall supervision of the Company's board of directors, Ares Capital Management provides investment advisory and management services to the Company. For providing these services, Ares Capital Management receives a fee from the Company consisting of two components: a base management fee and an incentive fee.

The base management fee is calculated at an annual rate of 1.5% based on the average value of the Company's total assets (other than cash or cash equivalents but including assets purchased with borrowed funds) at the end of the two most recently completed calendar quarters. The base management fee is payable quarterly in arrears.

The incentive fee has two parts. The first part is calculated and payable quarterly in arrears based on the Company's pre-incentive fee net investment income for the quarter. Pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees such as commitment, origination, structuring, diligence and consulting fees or other fees that the Company receives from portfolio companies but excluding fees for providing managerial assistance) accrued during the calendar quarter, minus operating expenses for the quarter (including the base management fee, any expenses payable under the administration agreement, and any interest expense and dividends paid on any outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature such as market discount, debt instruments with PIK interest, preferred stock with PIK dividends and zero coupon securities, accrued income that the Company has not yet received in cash. The Company's investment adviser is not under any obligation to reimburse the Company for any part of the incentive fees it received that was based on accrued interest that the Company never actually received.

Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses, unrealized capital appreciation, unrealized capital depreciation or income tax expense related to realized gains. Because of the structure of the incentive fee, it is possible that the Company may pay an incentive fee in a quarter where the Company incurs a loss. For example, if the Company receives pre-incentive fee net investment income in excess of the hurdle rate (as defined below) for a quarter, the Company will pay the applicable incentive fee even if the Company has incurred a loss in that quarter due to realized and/or unrealized capital losses.

Pre-incentive fee net investment income, expressed as a rate of return on the value of the Company's net assets (defined as total assets less indebtedness and before taking into account any incentive fees payable during the period) at the end of the immediately preceding calendar quarter, is compared to a fixed hurdle rate of 1.75% per quarter. If market credit spreads rise, the Company may be able to invest its funds in debt instruments that provide for a higher return, which may increase the Company's pre-incentive fee net investment income and make it easier for the Company's investment adviser to surpass the fixed hurdle rate and receive an incentive fee based on such net investment income. To the extent the Company has retained pre-incentive fee net investment income that has been used to calculate this part of the incentive fee, it is also included in the amount of the Company's total assets (other than cash and cash equivalents but including assets purchased with borrowed funds) used to calculate the 1.5% base management fee.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

The Company pays its investment adviser an incentive fee with respect to the Company's pre-incentive fee net investment income in each calendar quarter as follows:

- no incentive fee in any calendar quarter in which the Company's pre-incentive fee net investment income does not exceed the hurdle rate;
- 100% of the Company's pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 2.1875% in any calendar quarter. The Company refers to this portion of its pre-incentive fee net investment income (which exceeds the hurdle rate but is less than 2.1875%) as the "catch-up" provision. The "catch-up" is meant to provide the Company's investment adviser with 20% of the pre-incentive fee net investment income as if a hurdle rate did not apply if this net investment income exceeded 2.1875% in any calendar quarter; and
- 20% of the amount of the Company's pre-incentive fee net investment income, if any, that exceeds 2.1875% in any calendar quarter.

These calculations are adjusted for any share issuances or repurchases during the quarter.

The second part of the incentive fee (the "Capital Gains Fee"), is determined and payable in arrears as of the end of each calendar year (or, upon termination of the investment advisory and management agreement, as of the termination date) and is calculated at the end of each applicable year by subtracting (a) the sum of the Company's cumulative aggregate realized capital losses and aggregate unrealized capital depreciation from (b) the Company's cumulative aggregate realized capital gains, in each case calculated from October 8, 2004 (the date the Company completed its initial public offering). Realized capital gains and losses include gains and losses on investments and foreign currencies, as well as gains and losses on extinguishment of debt and other assets. If such amount is positive at the end of such year, then the Capital Gains Fee for such year is equal to 20% of such amount, less the aggregate amount of Capital Gains Fees paid in all prior years. If such amount is negative, then there is no Capital Gains Fee for such year.

The cumulative aggregate realized capital gains are calculated as the sum of the differences, if positive, between (a) the net sales price of each investment in the Company's portfolio when sold and (b) the accreted or amortized cost basis of such investment.

The cumulative aggregate realized capital losses are calculated as the sum of the amounts by which (a) the net sales price of each investment in the Company's portfolio when sold is less than (b) the accreted or amortized cost basis of such investment.

The aggregate unrealized capital depreciation is calculated as the sum of the differences, if negative, between (a) the valuation of each investment in the Company's portfolio as of the applicable Capital Gains Fee calculation date and (b) the accreted or amortized cost basis of such investment.

Notwithstanding the foregoing, as a result of an amendment to the capital gains portion of the incentive fee under the investment advisory and management agreement that was adopted on June 6, 2011, if the Company is required by GAAP to record an investment at its fair value as of the time of acquisition instead of at the actual amount paid for such investment by the Company (including, for example, as a result of the application of the acquisition method of accounting), then solely for the purposes of calculating the Capital Gains Fee, the accreted or amortized cost basis of an investment shall be an amount (the "Contractual Cost Basis") equal to (1) (x) the actual amount paid by the Company for such investment plus (y) any amounts recorded in the Company's financial statements as required by GAAP that are attributable to the accretion of such investment plus (z) any other adjustments made to the cost basis included in the Company's financial statements, including PIK interest or additional amounts funded (net of repayments) minus (2) any amounts recorded in the Company's financial statements as required by GAAP that are attributable to the amortization of such investment, whether such calculated Contractual Cost Basis is higher or lower than the fair value of such investment (as determined in accordance with GAAP) at the time of acquisition.

The Company defers cash payment of any incentive fee otherwise earned by the Company's investment adviser if during the most recent four full calendar quarter period ending on or prior to the date such payment is to be made the sum of (a) the aggregate distributions to the Company's stockholders and (b) the change in net assets (defined as total assets less indebtedness and before taking into account any incentive fees payable during the period) is less than 7.0% of the Company's net assets (defined as total assets less indebtedness) at the beginning of such period. Any deferred incentive fees are carried over for payment in subsequent calculation periods to the extent such payment is payable under the investment advisory and management agreement.

The Capital Gains Fee payable to the Company's investment adviser as calculated under the investment advisory and management agreement (as described above) for the three months ended March 31, 2013 was \$0. However, in accordance with GAAP, the Company had an accrued capital gains incentive fee of \$65,546 as of March 31, 2013 that is not currently due under the investment advisory and management agreement. GAAP requires that the capital gains incentive fee accrual consider the cumulative aggregate unrealized capital appreciation in the calculation, as a capital gains incentive fee would be payable if such unrealized capital appreciation were realized, even though such unrealized capital

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

appreciation is not permitted to be considered in calculating the fee actually payable under the investment advisory and management agreement. This GAAP accrual is calculated using the aggregate cumulative realized capital gains and losses and aggregate cumulative unrealized capital depreciation included in the calculation of the Capital Gains Fee plus the aggregate cumulative unrealized capital appreciation. If such amount is positive at the end of a period, then GAAP requires the Company to record a capital gains fee equal to 20% of such cumulative amount, less the aggregate amount of actual Capital Gains Fees paid or capital gains incentive fees accrued under GAAP in all prior periods. As of March 31, 2013, the Company has paid Capital Gains Fees since inception totaling \$15,986, of which \$11,523 was paid in the first quarter of 2013. The resulting accrual for any capital gains incentive fee under GAAP in a given period may result in an additional expense if such cumulative amount is greater than in the prior period or a reversal of previously recorded expense if such cumulative amount is less than in the prior period. If such cumulative amount is negative, then there is no accrual. There can be no assurance that such unrealized capital appreciation will be realized in the future.

For the three months ended March 31, 2013, base management fees were \$23,218, incentive fees related to pre-incentive fee net investment income were \$23,836, and the reduction of incentive fees related to capital gains calculated in accordance with GAAP was \$(3,751).

Table of Contents

As of March 31, 2013, \$112,600 was included in management and incentive fees payable in the accompanying consolidated balance sheet, of which \$47,054 is currently payable to the Company's investment adviser under the investment advisory and management agreement.

For the three months ended March 31, 2012, base management fees were \$19,986, incentive fees related to pre-incentive fee net investment income were \$20,685 and incentive fees related to capital gains accrued in accordance with GAAP were \$5,701.

Administration Agreement

The Company is party to an administration agreement, referred to herein as the administration agreement, with its administrator, Ares Operations. Pursuant to the administration agreement, Ares Operations furnishes the Company with office equipment and clerical, bookkeeping and record keeping services at the Company's office facilities. Under the administration agreement, Ares Operations also performs, or oversees the performance of, the Company's required administrative services, which include, among other things, providing assistance in accounting, legal, compliance, operations, technology, and investor relations, being responsible for the financial records that the Company is required to maintain and preparing reports to its stockholders and reports filed with the SEC. In addition, Ares Operations assists the Company in determining and publishing its net asset value, assists the Company in providing managerial assistance to its portfolio companies, oversees the preparation and filing of the Company's tax returns and the printing and dissemination of reports to its stockholders, and generally oversees the payment of its expenses and the performance of administrative and professional services rendered to the Company by others. Payments under the Company's administration agreement are equal to an amount based upon its allocable portion of Ares Operations' overhead and other expenses (including travel expenses) incurred by Ares Operations in performing its obligations under the administration agreement, including the Company's allocable portion of the compensation of certain of its officers (including the Company's chief compliance officer, chief financial officer, general counsel, treasurer and assistant treasurer) and their respective staffs. The administration agreement may be terminated by either party without penalty upon 60 days' written notice to the other party.

For the three months ended March 31, 2013 and 2012, the Company incurred \$2,592 and \$2,320, respectively, in administrative fees. As of March 31, 2013, \$2,592 of these fees were unpaid and included in accounts payable and other liabilities in the accompanying consolidated balance sheet.

Senior Secured Loan Program

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

The Company co-invests in first lien senior secured loans of middle market companies with GE Global Sponsor Finance LLC and General Electric Capital Corporation (together, "GE") through an unconsolidated Delaware limited liability company, the Senior Secured Loan Fund LLC (d/b/a the "Senior Secured Loan Program") or the "SSLP". The SSLP is capitalized as transactions are completed and all portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required). The Company provides capital to the SSLP in the form of subordinated certificates (the "SSLP Certificates").

As of March 31, 2013 and December 31, 2012, the SSLP had available capital of \$9.0 billion of which approximately \$6.2 billion and \$6.3 billion in aggregate principal amount was funded at March 31, 2013 and December 31, 2012, respectively. As of March 31, 2013 and December 31, 2012, the Company had agreed to make available to the SSLP approximately \$1.8 billion of which approximately \$1.3 billion and \$1.2 billion was funded, respectively. Investment of any unfunded amount must still be approved by the investment committee of the SSLP described above.

As of March 31, 2013 and December 31, 2012, the SSLP had total assets of \$6.2 billion and \$6.3 billion, respectively. As of March 31, 2013 and December 31, 2012, GE's investment in the SSLP consisted of senior notes of \$4.7 billion and \$4.8 billion, respectively, and SSLP Certificates of \$179 million and \$178 million, respectively. The SSLP Certificates are junior in right of payment to the senior notes held by GE. As of March 31, 2013 and December 31, 2012, the Company and GE owned 87.5% and 12.5%, respectively, of the outstanding SSLP Certificates. The SSLP's portfolio consisted of first lien senior secured loans to 37 and 36 different borrowers as of March 31, 2013 and December 31, 2012, respectively. As of March 31, 2013 and December 31, 2012, the portfolio was comprised of all first lien senior secured loans to U.S. middle-market companies and none of these loans was on non-accrual status. As of March 31, 2013 and December 31, 2012, the largest loan to a single borrower in the SSLP's portfolio in aggregate principal amount was \$327.9 million and \$330.0 million, respectively, and the five largest loans to borrowers in the SSLP each totaled \$1.4 billion. The portfolio companies in the SSLP are in industries similar to the companies in the Company's portfolio.

Table of Contents

The amortized cost and fair value of the SSLP Certificates held by the Company was \$1.2 billion and \$1.3 billion, respectively, as of March 31, 2013 and December 31, 2012. The SSLP Certificates pay a weighted average coupon of approximately LIBOR plus 8.0% and also entitle the holders thereof to receive a portion of the excess cash flow from the loan portfolio, which may result in a return to the holders of the SSLP Certificates that is greater than the contractual coupon. The Company's yield on its investment in the SSLP at fair value was 15.2% and 15.4% as of March 31, 2013 and December 31, 2012, respectively. For the three months ended March 31, 2013 and 2012, the Company earned interest income of \$48.6 million and \$43.3 million, respectively, from its investment in the SSLP Certificates. The Company is also entitled to certain fees in connection with the SSLP.

Effective March 30, 2012, Ares Capital Management assumed from the Company the role of co-manager of the SSLP. However, this change did not impact the Company's economics in respect of its participation in the SSLP and Ares Capital Management does not receive any remuneration in respect of its co-manager role.

5. DEBT

In accordance with the Investment Company Act, with certain limited exceptions, the Company is only allowed to borrow amounts such that its asset coverage, as calculated in accordance with the Investment Company Act, is at least 200% after such borrowing. As of March 31, 2013 the Company's asset coverage was 283%.

The Company's outstanding debt as of March 31, 2013 and December 31, 2012 were as follows:

The total unaccreted discount for the February 2016 Convertible Notes, the June 2016 Convertible Notes, the 2017 Convertible Notes and the 2018 Convertible Notes was \$24,550, \$10,501, \$3,966 and \$6,861, respectively, as of March 31, 2013. The total unaccreted discount for the February 2016 Convertible Notes, the June 2016 Convertible Notes, the 2017 Convertible Notes and the 2018 Convertible Notes was \$26,479, \$11,239, \$4,188 and \$7,171, respectively, as of December 31, 2012.
- (5) Represents the aggregate principal amount outstanding less the unaccreted purchased discount initially recorded as a part of the Allied Acquisition (as defined below). The total unaccreted purchased discount on the 2047 Notes was \$48,745 and \$48,801 as of March 31, 2013 and December 31, 2012, respectively.

The weighted average stated interest rate and weighted average maturity, both on aggregate principal amount, of all the Company's outstanding debt as of March 31, 2013 were 5.5% and 9.6 years, respectively, and as of December 31, 2012 were 5.5% and 9.8 years, respectively.

Revolving Credit Facility

In December 2005, the Company entered into a senior secured revolving credit facility (as amended and restated, the *Revolving Credit Facility*), which allows the Company to borrow up to \$900,000 as of March 31, 2013 at any one time outstanding. As of March 31, 2013, the end of the revolving period and the stated maturity date for the *Revolving Credit Facility* were May 4, 2015 and May 4, 2016, respectively. The *Revolving Credit Facility* also includes a feature that as of March 31, 2013 allows, under certain circumstances, for an increase in the size of the facility to a maximum of \$1,350,000. See Note 15 for subsequent events relating to the *Revolving Credit Facility*. The *Revolving Credit Facility* generally requires payments of interest at the end of each LIBOR interest period, but no less frequently than quarterly, on LIBOR based loans, and monthly payments of interest on other loans. From the end of the revolving period to the stated maturity date, the Company is required to repay outstanding principal amounts under the *Revolving Credit Facility* on a monthly basis in an amount equal to 1/12th of the outstanding principal amount at the end of the revolving period.

Under the *Revolving Credit Facility*, the Company is required to comply with various covenants, reporting requirements and other customary requirements for similar revolving credit facilities, including, without limitation, covenants related to: (a) limitations on the incurrence of additional indebtedness and liens, (b) limitations on certain investments, (c) limitations on certain restricted payments, (d) maintaining a certain minimum stockholders' equity, (e) maintaining a ratio of total assets (less total liabilities other than indebtedness) to total indebtedness of the Company and its consolidated subsidiaries of not less than 2.0:1.0, (f) limitations on pledging certain unencumbered assets, and (g) limitations on the creation or existence of agreements that prohibit liens on certain properties of the Company and certain of its subsidiaries. These covenants are subject to important limitations and exceptions that are described in the documents governing the *Revolving Credit Facility*. Borrowings under the *Revolving Credit Facility* (and the incurrence of certain other permitted debt) are also subject to compliance with a borrowing base that applies different advance rates to different types of assets in the Company's portfolio that are pledged as collateral. As of March 31, 2013, the Company was in compliance in all material respects with the terms of the *Revolving Credit Facility*.

As of March 31, 2013 and December 31, 2012, there were no amounts outstanding under the *Revolving Credit Facility*. The *Revolving Credit Facility* also provides for a sub-limit for the issuance of letters of credit for up to an aggregate amount of \$125,000. As of March 31, 2013 and December 31, 2012, the Company had \$45,223 and \$43,667, respectively, in standby letters of credit issued through the *Revolving Credit Facility*. The amount available for borrowing under the *Revolving Credit Facility* is reduced by any standby letters of credit issued. As of March 31, 2013, there was \$854,777 available for borrowing (net of standby letters of credit issued) under the *Revolving Credit Facility*.

After May 4, 2012 and as of March 31, 2013, subject to certain exceptions, the interest rate charged on the Revolving Credit Facility is based on LIBOR plus an applicable spread of 2.25% or a base rate (as defined in the agreements governing the Revolving Credit Facility) plus an applicable spread of 1.25%. See Note 15 for subsequent events relating to the Revolving Credit Facility. Prior to and including May 4, 2012, the interest rate charged on the Revolving Credit Facility was based on LIBOR plus an applicable spread of between 2.50% and 4.00% or on a base rate plus an applicable spread of between 1.50% and 3.00%, in each case, based on a pricing grid depending upon the Company's credit ratings. As of March 31, 2013, the one, two, three and six month LIBOR was 0.20%, 0.24%, 0.28% and 0.44%, respectively. As of December 31, 2012, the one, two, three and six month LIBOR was 0.21%, 0.25%, 0.31% and 0.51%, respectively. In addition to the stated interest expense on the Revolving Credit Facility, after May 4, 2012, the Company is required to pay a commitment fee of 0.375% per annum on any unused portion of the Revolving Credit Facility and a letter of credit fee of 2.50% per annum on letters of credit issued, both of which are payable quarterly. Prior to and including May 4, 2012, the commitment fee was 0.50%, and the letter of credit fee was 3.25%.

Revolving Funding Facility

In October 2004, the Company established through its consolidated subsidiary, Ares Capital CP Funding LLC (Ares Capital CP), a revolving funding facility (as amended, the Revolving Funding Facility), which allows Ares Capital CP to borrow up to \$620,000 at any one time outstanding. The Revolving Funding Facility is secured by all of the assets held by, and the membership interest in, Ares Capital CP. The end of the reinvestment period and the stated maturity date for the Revolving Funding Facility are April 18, 2015 and April 18, 2017, respectively. The Revolving Funding Facility also includes a feature that allows, under certain circumstances for an increase in the Revolving Funding Facility to a maximum of \$865,000.

Amounts available to borrow under the Revolving Funding Facility are subject to a borrowing base that applies different advance rates to different types of assets held by Ares Capital CP. Ares Capital CP is also subject to limitations with respect to the loans securing the Revolving Funding Facility, including restrictions on sector concentrations, loan size, payment frequency and status, collateral interests, loans with fixed rates and loans with certain investment ratings, as well as restrictions on portfolio company leverage, which may also affect the borrowing base and therefore amounts available to borrow. The Company and Ares Capital CP are also required to comply with various covenants, reporting requirements and other customary requirements for similar facilities. These covenants are subject to important limitations and exceptions that are described in the agreements governing the Revolving Funding Facility. As of March 31, 2013, the Company and Ares Capital CP were in compliance in all material respects with the terms of the Revolving Funding Facility.

As of March 31, 2013 and December 31, 2012, there was \$280,000 and \$300,000 outstanding, respectively, under the Revolving Funding Facility. After a January 25, 2013 amendment to the Revolving Funding Facility, the interest charged on the Revolving Funding Facility is based on applicable spreads ranging from 2.25% to 2.50% over LIBOR and ranging from 1.25% to 1.50% over base rate (as defined in the agreements governing the Revolving Funding Facility) in each case, determined monthly based on the composition of the borrowing base relative to outstanding borrowings under the Revolving Funding Facility. From January 18, 2012 through January 25, 2013, the interest rate charged on the Revolving Funding Facility was based on LIBOR plus an applicable spread of 2.50% or on a base rate plus an applicable spread of 1.50%. Prior to January 18, 2012, the interest rate charged on the Revolving Funding Facility was based on LIBOR plus an applicable spread of between 2.25% and 3.75% or on a base rate plus an applicable spread of between 1.25% to 2.75%, in each case, based on a pricing grid depending upon

the Company's credit ratings. As of March 31, 2013 and December 31, 2012, the interest rate in effect was based on one month LIBOR, which was 0.20% and 0.21%, respectively. Ares Capital CP is also required to pay a commitment fee of between 0.50% and 1.75% depending on the size of the unused portion of the Revolving Funding Facility.

SMBC Funding Facility

In January 2012, the Company established through its consolidated subsidiary, Ares Capital JB Funding LLC (ACJB), a revolving funding facility (as amended, the SMBC Funding Facility) with ACJB, as the borrower, Sumitomo Mitsui Banking Corporation (SMBC), as the administrative agent, collateral agent, and lender, which allows ACJB to borrow up to \$400,000 at any one time outstanding. The SMBC Funding Facility is secured by all of the assets held by ACJB. The end of the reinvestment period and the stated maturity date for the SMBC Funding Facility are September 14, 2015 and September 14, 2020, respectively. The reinvestment period and the stated maturity date are both subject to two one-year extensions by mutual agreement.

Amounts available to borrow under the SMBC Funding Facility are subject to a borrowing base that applies an advance rate to assets held by ACJB. The Company and ACJB are also required to comply with various covenants, reporting requirements and other customary requirements for similar facilities. These covenants are subject to important limitations and exceptions that are described in the documents governing the SMBC Funding Facility. As of March 31, 2013, the Company and ACJB were in compliance in all material respects with the terms of the SMBC Funding Facility.

As of March 31, 2013 and December 31, 2012, there were no amounts outstanding under the SMBC Funding Facility. Subject to certain exceptions, the interest rate charged on the SMBC Funding Facility is based on one month LIBOR plus an applicable spread of 2.125% or a base rate (as defined in the agreements governing the SMBC Funding Facility) plus an applicable spread of 1.125%. As of March 31, 2013 and December 31, 2012, one month LIBOR was 0.20% and 0.21%, respectively. ACJB is not required to pay a commitment fee until September 15, 2013, at which time ACJB will be required to pay a commitment fee of 0.50% depending on the size of the unused portion of the SMBC Funding Facility.

The components of interest and credit facility fees expense, cash paid for interest expense, average interest rates (i.e., rate in effect plus the spread) and average outstanding balances for the SMBC Funding Facility were as follows:

Debt Securitization

In July 2006, through ARCC Commercial Loan Trust 2006, a vehicle serviced by the Company's consolidated subsidiary, ARCC CLO 2006 LLC ("ARCC CLO"), the Company completed a \$400,000 debt securitization (the "Debt Securitization") and issued approximately \$314,000 aggregate principal amount of asset backed notes to third parties (the "CLO Notes") that were secured by a pool of middle market loans that were purchased or originated by the Company. In June 2012, the Company repaid in full the \$60,049 aggregate principal amount outstanding of the CLO Notes and terminated or discharged the agreements governing the Debt Securitization.

The interest charged under the Debt Securitization was based on three month LIBOR and spreads ranged from 0.25% to 0.70% depending on the class of the note.

Unsecured Notes*Convertible Unsecured Notes*

In January 2011, the Company issued \$575,000 aggregate principal amount of unsecured convertible senior notes that mature on February 1, 2016 (the February 2016 Convertible Notes), unless previously converted or repurchased in accordance with their terms. In March 2011, the Company issued \$230,000 aggregate principal amount of unsecured convertible senior notes that mature on June 1, 2016 (the June 2016 Convertible Notes), unless previously converted or repurchased in accordance with their terms. In March 2012, the Company issued \$162,500 aggregate principal amount of unsecured convertible senior notes that mature on March 15, 2017 (the 2017 Convertible Notes), unless previously converted or repurchased in accordance with their terms. In the fourth quarter of 2012, the Company issued \$270,000 aggregate principal amount of unsecured convertible senior notes that mature on January 15, 2018 (the 2018 Convertible Notes and together with the 2017 Convertible Notes, February 2016 Convertible Notes and the June 2016 Convertible Notes, the Convertible Unsecured Notes), unless previously converted or repurchased in accordance with their terms. The Company does not have the right to redeem the Convertible Unsecured Notes prior to maturity. The February 2016 Convertible Notes, the June 2016 Convertible Notes, the 2017 Convertible Notes and the 2018 Convertible Notes bear interest at a rate of 5.750%, 5.125%, 4.875% and 4.750%, respectively, per year, payable semi-annually.

In certain circumstances, the Convertible Unsecured Notes will be convertible into cash, shares of the Company's common stock or a combination of cash and shares of its common stock, at the Company's election, at their respective conversion rates (listed below as of March 31, 2013) subject to customary anti-dilution adjustments and the requirements of their respective indenture (the Convertible Unsecured Notes Indentures). Prior to the close of business on the business day immediately preceding their respective conversion date (listed below), holders may convert their Convertible Unsecured Notes only under certain circumstances set forth in the Convertible Unsecured Notes Indentures. On or after their respective conversion dates until the close of business on the scheduled trading day immediately preceding their respective maturity date, holders may convert their Convertible Unsecured Notes at any time. In addition, if the Company engages in certain corporate events as described in their respective Convertible Unsecured Notes Indenture, holders of the Convertible Unsecured Notes may require the Company to repurchase for cash all or part of the Convertible Unsecured Notes at a repurchase price equal to 100% of the principal amount of the Convertible Unsecured Notes to be repurchased, plus accrued and unpaid interest through, but excluding, the required repurchase date.

Certain key terms related to the convertible features for each of the Convertible Unsecured Notes are listed below.

The Convertible Unsecured Notes Indentures contain certain covenants, including covenants requiring the Company to comply with Section 18(a)(1)(A) as modified by Section 61(a)(1) of the Investment Company Act and to provide financial information to the holders of the Convertible Unsecured Notes under certain circumstances. These covenants are subject to important limitations and exceptions that are described in the Convertible Unsecured Notes Indentures. As of March 31, 2013, the Company was in compliance in all material respects with the terms of the Convertible Unsecured Notes Indentures.

The Convertible Unsecured Notes are accounted for in accordance with Accounting Standards Codification (ASC) 470-20. Upon conversion of any of the Convertible Unsecured Notes, the Company intends to pay the outstanding principal amount in cash and to the extent that the conversion value exceeds the principal amount, the Company has the option to pay in cash or shares of the Company's common stock (or a combination of cash and shares) in respect of the excess amount, subject to the requirements of the Convertible Unsecured Notes Indentures. The Company has determined that the embedded conversion options in the Convertible Unsecured Notes are not required to be separately accounted for as a derivative under GAAP. In accounting for the Convertible Unsecured Notes, the Company estimated at the time of issuance that the values of the debt and equity components were approximately 93% and 7%, respectively, for each of the February 2016 Convertible Notes and the June 2016 Convertible Notes, approximately 97% and 3%, respectively, for the 2017 Convertible Notes and approximately 98% and 2%, respectively, for the 2018 Convertible Notes. The original issue discount equal to the equity components of the Convertible Unsecured Notes was recorded in capital in excess of par value in the accompanying consolidated balance sheet. As a result, the Company records interest expense comprised of both stated interest expense as well as accretion of the original issue discount. Additionally, the issuance costs associated with the Convertible Unsecured Notes were allocated to the debt and equity components in proportion to the allocation of the proceeds and accounted for as debt issuance costs and equity issuance costs, respectively.

At the time of issuance, the debt issuance costs and equity issuance costs for the February 2016 Convertible Notes were \$15,778 and \$1,188, respectively, for the June 2016 Convertible Notes were \$5,913 and \$445, respectively, for the 2017 Convertible Notes were \$4,813 and \$149, respectively, and for the 2018 Convertible Notes were \$5,712 and \$116, respectively. At the time of issuance and as of March 31, 2013, the equity component, net of issuance costs as recorded in the capital in excess of par value in the accompanying consolidated balance sheet for the February 2016 Convertible Notes, the June 2016 Convertible Notes, the 2017 Convertible Notes and the 2018 Convertible Notes was \$39,062, \$15,654, \$4,724 and \$5,243, respectively.

As of March 31, 2013, the components of the carrying value of the Convertible Unsecured Notes, the stated interest rate and the effective interest rate were as follows:

	February 2016 Convertible Notes	June 2016 Convertible Notes	2017 Convertible Notes	2018 Convertible Notes
Principal amount of debt	\$ 575,000	\$ 230,000	\$ 162,500	\$ 270,000
Original issue discount, net of accretion	(24,550)	(10,501)	(3,966)	(6,861)
Carrying value of debt	\$ 550,450	\$ 219,499	\$ 158,534	\$ 263,139
Stated interest rate	5.75%	5.125%	4.875%	4.750%
Effective interest rate(1)	7.1%	6.4%	5.4%	5.2%

(1) The effective interest rate of the debt component of the Convertible Unsecured Notes is equal to the stated interest rate plus the accretion of original issue discount.

February 2022 Notes

In February 2012, the Company issued \$143,750 aggregate principal amount of senior unsecured notes that mature on February 15, 2022 (the February 2022 Notes). The February 2022 Notes bear interest at a rate of 7.00% per year, payable quarterly and all principal is due upon maturity. The February 2022 Notes may be redeemed in whole or in part at any time or from time to time at the Company's option on or after February 15, 2015, at a par redemption price of \$25.00 per security plus accrued and unpaid interest. Total proceeds from the issuance of the February 2022 Notes, net of underwriting discounts and offering costs, were \$138,338.

October 2022 Notes

In September 2012 and October 2012, the Company issued \$182,500 aggregate principal amount of senior unsecured notes that mature on October 1, 2022 (the October 2022 Notes). The October 2022 Notes bear interest at a rate of 5.875% per year, payable quarterly and all principal is due upon maturity. The October 2022 Notes may be redeemed in whole or in part at any time or from time to time at the Company's option on or after October 1, 2015, at a par redemption price of \$25.00 per security plus accrued and unpaid interest. Total proceeds from the issuance of the October 2022 Notes, net of underwriting discounts and offering costs, were \$176,054.

2040 Notes

In October 2010, the Company issued \$200,000 aggregate principal amount of senior unsecured notes that mature on October 15, 2040 (the 2040 Notes). The 2040 Notes bear interest at a rate of 7.75% per year, payable quarterly and all principal is due upon maturity. The 2040 Notes may be redeemed in whole or in part at any time or from time to time at the Company's option on or after October 15, 2015, at a par redemption price of \$25.00 per security plus accrued and unpaid interest. Total proceeds from the issuance of the 2040 Notes, net of underwriting discounts and offering costs, were \$192,664.

2047 Notes

As part of the acquisition of Allied Capital Corporation (Allied Capital) in April 2010 (the Allied Acquisition), the Company assumed \$230,000 aggregate principal amount of senior unsecured notes due on April 15, 2047 (the 2047 Notes). The 2047 Notes bear interest at a rate of 6.875%, payable quarterly and all principal is due upon maturity. The 2047 Notes may be redeemed in whole or in part at any time or from time to time at the Company's option, at a par redemption price of \$25.00 per security plus accrued and unpaid interest and upon the occurrence of certain tax events as described in the indenture governing the 2047 Notes. As of March 31, 2013 and December 31, 2012 the outstanding principal was \$230,000 and the carrying value was \$181,255 and \$181,199, respectively. The carrying value represents the principal amount of the 2047 Notes less the unaccreted purchased discount initially recorded as a part of the Allied Acquisition.

The components of interest expense and cash paid for interest expense for the February 2022 Notes, the October 2022 Notes, the 2040 Notes and the 2047 Notes are as follows:

	For the three months ended March 31,			
	2013		2012	
Stated interest expense	\$	13,024	\$	9,505
Accretion of original issue discount		56		51
Amortization of debt issuance costs		349		146
Total interest expense	\$	13,429	\$	9,702
Cash paid for interest expense	\$	10,344	\$	7,828

The February 2022 Notes, the October 2022 Notes, the 2040 Notes and the 2047 Notes contain certain covenants, including covenants requiring the Company to comply with Section 18(a)(1)(A) as modified by Section 61(a)(1) of the Investment Company Act and to provide financial information to the holders of such notes under certain circumstances. These covenants are subject to important limitations and exceptions set forth in the indentures governing such notes. As of March 31, 2013, the Company was in compliance in all material respects with the terms of the indentures governing the February 2022 Notes, the October 2022 Notes, the 2040 Notes and the 2047 Notes.

Table of Contents

The Convertible Unsecured Notes and the Unsecured Notes are the Company's senior unsecured obligations and rank senior in right of payment to its existing and future indebtedness that is expressly subordinated in right of payment to the Convertible Unsecured Notes and the Unsecured Notes; equal in right of payment to the Company's existing and future unsecured indebtedness that is not expressly subordinated; effectively junior in right of payment to any of its secured indebtedness (including existing unsecured indebtedness that the Company later secures) to the extent of the value of the assets securing such indebtedness; and structurally junior to all existing and future indebtedness (including trade payables) incurred by the Company's subsidiaries, financing vehicles or similar facilities.

6. COMMITMENTS AND CONTINGENCIES

The Company has various commitments to fund investments in its portfolio as described below.

As of March 31, 2013 and December 31, 2012, the Company had the following commitments to fund various revolving and delayed draw senior secured and subordinated loans, including commitments to fund which are at (or substantially at) the Company's discretion:

	As of	
	March 31, 2013	December 31, 2012
Total revolving and delayed draw commitments	\$ 516,962	\$ 466,630
Less: funded commitments	(98,499)	(107,121)
Total unfunded commitments	418,463	359,509
Less: commitments substantially at discretion of the Company	(28,194)	(6,000)
Less: unavailable commitments due to borrowing base or other covenant restrictions	(2,231)	(571)
Total net adjusted unfunded revolving and delayed draw commitments	\$ 388,038	\$ 352,938

Included within the total revolving and delayed draw commitments as of March 31, 2013 were commitments to issue up to \$63,875 in standby letters of credit through a financial intermediary on behalf of certain portfolio companies. Under these arrangements, if the standby letters of credit were to be issued, the Company would be required to make payments to third parties if the portfolio companies were to default on their related payment obligations. As of March 31, 2013, the Company had \$43,058 in standby letters of credit issued and outstanding under these commitments on behalf of the portfolio companies, of which no amounts were recorded as a liability on the Company's balance sheet as such letters of credit are considered in the valuation of the investments in the portfolio company. Of these letters of credit \$42,992 expire in 2013 and \$66 expire in 2014.

As of March 31, 2013 and December 31, 2012, the Company was party to subscription agreements to fund equity investments in private equity investment partnerships as follows:

	As of	
	March 31, 2013	December 31, 2012
Total private equity commitments	\$ 134,738	\$ 131,042
Less: funded private equity commitments	(71,021)	(66,533)

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

Total unfunded private equity commitments	63,717	64,509
Less: private equity commitments substantially at discretion of the Company	(48,000)	(53,088)
Total net adjusted unfunded private equity commitments	\$ 15,717	\$ 11,421

In addition, as of each of March 31, 2013 and December 31, 2012, the Company had outstanding guarantees or similar obligations on behalf of certain portfolio companies totaling \$800.

In the ordinary course of business, the Company may sell certain of its investments to third party purchasers. In particular, in connection with the sale of certain controlled portfolio company equity investments (as well as certain other sales) the Company has, and may continue to do so in the future, agreed to indemnify such purchasers for future liabilities arising from the investments and the related sale transaction. Such indemnification provisions may give rise to future liabilities.

Table of Contents

As of March 31, 2013, one of the Company's portfolio companies, Ciena Capital LLC ("Ciena"), had one non-recourse securitization Small Business Administration ("SBA") loan warehouse facility, which has reached its maturity date but remains outstanding. Ciena is working with the providers of the SBA loan warehouse facility with regard to the repayment of that facility. Allied Capital had previously issued a performance guaranty (which the Company succeeded to as a result of the Allied Acquisition) whereby the Company must indemnify the warehouse providers for any damages, losses, liabilities and related costs and expenses that they may incur as a result of Ciena's failure to perform any of its obligations as loan originator, loan seller or loan servicer under the warehouse facility. As of March 31, 2013, there are no known issues or claims with respect to this performance guaranty.

7. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company follows ASC 825-10, which provides companies the option to report selected financial assets and liabilities at fair value. ASC 825-10 also establishes presentation and disclosure requirements designed to facilitate comparisons between companies that choose different measurement attributes for similar types of assets and liabilities and to more easily understand the effect of the company's choice to use fair value on its earnings. ASC 825-10 also requires entities to display the fair value of the selected assets and liabilities on the face of the balance sheet. The Company has not elected the ASC 825-10 option to report selected financial assets and liabilities at fair value. With the exception of the line items entitled "other assets" and "debt", which are reported at amortized cost, all assets and liabilities approximate fair value on the balance sheet. The carrying value of the line items entitled "interest receivable", "receivable for open trades", "payable for open trades", "accounts payable" and "accrued expenses", "management and incentive fees payable" and "interest and facility fees payable" approximate fair value due to their short maturity.

The Company also follows ASC 820-10, which expands the application of fair value accounting. ASC 820-10 defines fair value, establishes a framework for measuring fair value in accordance with GAAP and expands disclosure of fair value measurements. ASC 820-10 determines fair value to be the price that would be received for an investment in a current sale, which assumes an orderly transaction between market participants on the measurement date. ASC 820-10 requires the Company to assume that the portfolio investment is sold in its principal market to market participants or, in the absence of a principal market, the most advantageous market, which may be a hypothetical market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact. In accordance with ASC 820-10, the Company has considered its principal market as the market in which the Company exits its portfolio investments with the greatest volume and level of activity. ASC 820-10 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. In accordance with ASC 820-10, these inputs are summarized in the three broad levels listed below:

- Level 1 Valuations based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.
- Level 2 Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.
- Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

In addition to using the above inputs in investment valuations, the Company continues to employ the net asset valuation policy approved by the Company's board of directors that is consistent with ASC 820-10 (see Note 2). Consistent with the Company's valuation policy, it evaluates the source of inputs, including any markets in which the Company's investments are trading (or any markets in which securities with similar attributes are trading), in determining fair value. The Company's valuation policy considers the fact that because there is not a readily available market value for most of the investments in the Company's portfolio, the fair value of the investments must typically be determined using unobservable inputs.

The Company's portfolio investments (other than as discussed below in the following paragraph) are typically valued using two different valuation techniques. The first valuation technique is an analysis of the enterprise value (EV) of the portfolio company. Enterprise value means the entire value of the portfolio company to a market participant, including the sum of the values of debt and equity securities used to capitalize the enterprise at a point in time. The primary method for determining EV uses a multiple analysis whereby appropriate multiples are applied to the portfolio company's EBITDA (net income before net interest expense, income tax expense, depreciation and amortization). EBITDA multiples are typically determined based upon review of market comparable transactions and publicly traded comparable companies, if any. The second method for determining EV uses a discounted cash flow analysis whereby future expected cash flows of the portfolio company are discounted to determine a present value using estimated discount rates (typically a weighted average cost of capital based on costs of debt and equity consistent with current market conditions). The EV analysis is performed to determine the value of equity investments, the value of debt investments in portfolio companies where the Company has control or could gain control through an option or warrant security, and to determine if there is credit impairment for debt investments. If debt investments are credit impaired, an EV analysis may be used to value such debt investments; however, in addition to the methods outlined above, other methods such as a liquidation or wind-down analysis may be utilized to estimate enterprise value. The second valuation technique is a yield analysis, which is typically performed for non-credit impaired debt investments in portfolio companies where the Company does not own a controlling equity position. To determine fair value using a yield analysis, a current price is imputed for the investment based upon an assessment of the expected market yield for a similarly structured investment with a similar level of risk. In the yield analysis, the Company considers the current contractual interest rate, the maturity and other terms of the investment relative to risk of the company and the specific investment. A key determinant of risk, among other things, is the leverage through the investment relative to the enterprise value of the portfolio company. As debt investments held by the Company are substantially illiquid with no active transaction market, the Company depends on primary market data, including newly funded transactions, as well as secondary market data with respect to high yield debt instruments and syndicated loans, as inputs in determining the appropriate market yield, as applicable.

Table of Contents

For other portfolio investments such as investments in collateralized loan obligations and the SSLP Certificates, discounted cash flow analysis is the primary technique utilized to determine fair value. Expected future cash flows associated with the investment are discounted to determine a present value using a discount rate that reflects estimated market return requirements.

The following tables summarize the significant unobservable inputs the Company used to value the majority of its investments categorized within Level 3 as of March 31, 2013 and December 31, 2012. The tables are not intended to be all-inclusive, but instead capture the significant unobservable inputs relevant to the Company's determination of fair values.

Total	\$ 5,914,657				

Changes in market yields, discount rates or EBITDA multiples, each in isolation, may change the fair value of certain of the Company's investments. Generally, an increase in market yields or discount rates or decrease in EBITDA multiples may result in a decrease in the fair value of certain of the Company's investments.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Additionally, the fair value of the Company's investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that the Company may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If the Company was required to liquidate a portfolio investment in a forced or liquidation sale, it could realize significantly less than the value at which the Company has recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the valuations currently assigned.

8. STOCKHOLDERS EQUITY

There were no sales of the Company's equity securities for the three months ended March 31, 2013. See Note 15 for subsequent events relating to an equity offering completed subsequent to March 31, 2013.

The following table summarizes the total shares issued and proceeds received in public offerings of the Company's common stock net of underwriting discounts and offering costs for the three months ended March 31, 2012:

	Shares issued	Offering price per share	Proceeds net of underwriting and offering costs
January 2012 public offering	16,422	\$ 15.41(1)	\$ 252,415
Total for the three months ended March 31, 2012	16,422	\$ 15.41	\$ 252,415

(1) The shares were sold to the underwriters for a price of \$15.41 per share, which the underwriters were then permitted to sell at variable prices to the public.

The Company used the net proceeds from the above public equity offering to repay outstanding indebtedness and for general corporate purposes, which included funding investments in accordance with its investment objective.

9 EARNINGS PER SHARE

The following information sets forth the computations of basic and diluted net increase in stockholders' equity resulting from operations per share for the three months ended March 31, 2013 and 2012:

	For the three months ended March 31,	
	2013	2012
Net increase in stockholders' equity resulting from operations available to common stockholders:	\$ 80,342	\$ 105,547
Weighted average shares of common stock outstanding - basic and diluted	248,658	217,044
Basic and diluted net increase in stockholders' equity resulting from operations per share:	\$ 0.32	\$ 0.49

For the purpose of calculating diluted earnings per share, the average closing price of the Company's common stock for the three months ended March 31, 2013 and 2012, and for the period from the time of issuance of the 2017 Convertible Notes through March 31, 2012 was each less than the conversion price in effect for such period for each applicable series of the Convertible Unsecured Notes and therefore, the underlying shares for the intrinsic value of the embedded options in the Convertible Unsecured Notes had no impact on this calculation.

10. DIVIDENDS AND DISTRIBUTIONS

The following table summarizes the Company's dividends declared during the three months ended March 31, 2013 and 2012:

Date Declared	Record Date	Payment Date	Per Share Amount	Total Amount
February 27, 2013	March 15, 2013	March 29, 2013	\$ 0.38	\$ 94,488
Total declared for the three months ended March 31, 2013			\$ 0.38	\$ 94,488
February 28, 2012	March 15, 2012	March 30, 2012	\$ 0.37	\$ 81,974
Total declared for the three months ended March 31, 2012			\$ 0.37	\$ 81,974

The Company has a dividend reinvestment plan that was amended effective March 28, 2012, whereby the Company may buy shares of its common stock in the open market or issue new shares in order to satisfy dividend reinvestment requests. Prior to the amendment, if the Company issued new shares to implement the dividend reinvestment plan, the issue price was equal to the closing price of its common stock on the dividend record date. As a result of the amendment, when the Company issues new shares in connection with the dividend reinvestment plan,

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

the issue price is equal to the closing price of its common stock on the dividend payment date. Dividend reinvestment plan activity for the three months ended March 31, 2013 and 2012, was as follows:

	For the three months ended March 31,			
	2013		2012	
Shares issued		243		323
Average price per share	\$	18.10	\$	16.35

11. RELATED PARTY TRANSACTIONS

In accordance with the investment advisory and management agreement, the Company bears all costs and expenses of the operation of the Company and reimburses its investment adviser for certain of such costs and expenses incurred in the operation of the Company. For the three months ended March 31, 2013 and 2012, the investment adviser incurred such expenses totaling \$1,215 and \$909, respectively. As of March 31, 2013, \$1,159 was unpaid and such payable is included in accounts payable and accrued expenses in the accompanying consolidated balance sheet.

Table of Contents

The Company has entered into separate subleases with Ares Management and Ivy Hill Asset Management, L.P. (IHAM), a wholly owned portfolio company of the Company, pursuant to which Ares Management and IHAM sublease approximately 15% and 20%, respectively, of the Company's New York office space for a fixed rent equal to 15% and 20%, respectively, of the base annual rent payable by the Company under the Company's lease for this space, plus certain additional costs and expenses. For the three months ended March 31, 2013 and 2012, such amounts payable to the Company totaled \$418 and \$368, respectively.

In April 2012, the Company entered into an office sublease with Ares Commercial Real Estate Management LLC (ACREM), a wholly owned subsidiary of Ares Management and manager of Ares Commercial Real Estate Corporation, pursuant to which the Company is subleasing approximately 12% of ACREM's Chicago office space for a fixed rent equal to 12% of the basic annual rent payable by ACREM under its office lease, plus certain additional costs and expenses. For the three months ended March 31, 2013, such amounts incurred under this sublease by the Company to ACREM totaled \$13.

As of March 31, 2013, Ares Investments Holdings LLC, an affiliate of Ares Management, owned approximately 2.9 million shares of the Company's common stock representing approximately 1.1% of the total shares outstanding as of March 31, 2013.

See Notes 3 and 12 for descriptions of other related party transactions.

12. IVY HILL ASSET MANAGEMENT, L.P.

The Company has made investments in its portfolio company, IHAM, which became a SEC registered investment adviser, effective March 30, 2012, as well as in certain vehicles managed by IHAM. As of March 31, 2013, IHAM managed 13 vehicles and served as the sub-manager/sub-servicer for three other vehicles (these vehicles managed or sub-managed/sub-serviced by IHAM are collectively, the IHAM Vehicles).

As of March 31, 2013, the Company's total investment in IHAM at fair value was \$267,839, including unrealized appreciation of \$96,878. As of December 31, 2012, the Company's total investment in IHAM at fair value was \$294,258 including unrealized appreciation of \$123,297. For the three months ended March 31, 2013 and 2012, the Company received distributions consisting entirely of dividend income from IHAM of \$27,363 and \$4,762, respectively. The dividend income for the three months ended March 31, 2013 included an additional dividend of \$17,363 that was paid in addition to the quarterly dividend generally paid by IHAM. IHAM paid the additional dividend out of accumulated earnings that had previously been retained by IHAM.

From time to time, IHAM or certain IHAM Vehicles may purchase investments from the Company or sell investments to it. For any such purchases or sales by the IHAM Vehicles from or to the Company, the IHAM Vehicles must obtain approval from third parties unaffiliated with the Company or IHAM, as applicable. During the three months ended March 31, 2013, the Company purchased \$91,527 of investments from certain of the IHAM Vehicles. During the three months ended March 31, 2012, IHAM or certain of the IHAM Vehicles purchased investments from the Company for total consideration of \$6,162.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

IHAM is party to an administration agreement, referred to herein as the IHAM administration agreement, with Ares Operations. Pursuant to the IHAM administration agreement, Ares Operations provides IHAM with, among other things, office facilities, equipment, clerical, bookkeeping and record keeping services, services relating to the marketing and sale of interests in vehicles managed by IHAM, services of, and oversight of, custodians, depositories, accountants, attorneys, underwriters and such other persons in any other capacity deemed to be necessary. Under the IHAM administration agreement, IHAM reimburses Ares Operations for all of the actual costs associated with such services, including Ares Operations allocable portion of overhead and the cost of its officers, employees and respective staff in performing its obligations under the IHAM administration agreement.

(3) For the three months ended March 31, 2013, the total return based on market value equaled the increase of the ending market value at March 31, 2013 of \$18.10 per share from the ending market value at December 31, 2012 of \$17.50 per share plus the declared dividends of \$0.38 per share for the three months ended March 31, 2013, divided by the market value at December 31, 2012. For the three months ended March 31, 2012, the total return based on market value equaled the increase of the ending market value at March 31, 2012 of \$16.35 per share from the ending market value at December 31, 2011 of \$15.45 per share, plus the declared dividends of \$0.37 per share for the three months ended March 31, 2012, divided by the market value at December 31, 2011. Total return based on market value is not annualized. The Company's shares fluctuate in value. The Company's performance changes over time and currently may be different than that shown. Past performance is no guarantee of future results.

(4) For the three months ended March 31, 2013, the total return based on net asset value equaled the change in net asset value during the period plus the declared dividends of \$0.38 per share for the three months ended March 31, 2013, divided by the beginning net asset value at January 1, 2013. For the three months ended March 31, 2012, the total return based on net asset value equaled the change in net asset value during the

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

period plus the declared dividends of \$0.37 per share for the three months ended March 31, 2012 divided by the beginning net asset value. These calculations are adjusted for shares issued in connection with the dividend reinvestment plan and the issuance of common stock in connection with any equity offerings. Total return based on net asset value is not annualized. The Company's performance changes over time and currently may be different than that shown. Past performance is no guarantee of future results.

(5) The ratios reflect an annualized amount.

(6) For the three months ended March 31, 2013, the ratio of operating expenses to average net assets consisted of 2.35% of base management fees, 2.03% of incentive fees, 3.99% of the cost of borrowing and 0.96% of other operating expenses. For the three months ended March 31, 2012, the ratio of operating expenses to average net assets consisted of 2.39% of base management fees, 3.15% of incentive fees, 3.92% of the cost of borrowing and other operating expenses of 1.05%. These ratios reflect annualized amounts.

(7) The ratio of net investment income to average net assets excludes income taxes related to realized gains.

14. LITIGATION

The Company is party to certain lawsuits in the normal course of business. In addition, Allied Capital was involved in various legal proceedings that the Company assumed in connection with the Allied Acquisition. Furthermore, third parties may try to seek to impose liability on the Company in connection with the activities of its portfolio companies. While the outcome of any such legal proceedings cannot at this time be predicted with certainty, the Company does not expect that these legal proceedings will materially affect its business, financial condition or results of operations.

15. SUBSEQUENT EVENTS

The Company's management has evaluated subsequent events through the date of issuance of the consolidated financial statements included herein. There have been no subsequent events that occurred during such period that would require disclosure in this Form 10-Q or would be required to be recognized in the Consolidated Financial Statements as of and for the three months ended March 31, 2013, except as disclosed below.

In April 2013, the Company completed a public add-on equity offering (the April 2013 Offering) pursuant to which the Company sold 19,148 shares of common stock at a price of \$17.43 per share to the participating underwriters. Total proceeds from the April 2013 Offering, net of estimated offering expenses payable by the Company, were approximately \$333.2 million.

In May 2013, the Company entered into an amendment to the Revolving Credit Facility. The amendment, among other things, (1) extended the end of the revolving period from May 4, 2015 to May 4, 2017, (2) extended the stated maturity date from May 4, 2016 to May 4, 2018, (3) reduced the interest rate charged from LIBOR plus an applicable spread of 2.25% or a base rate (as defined in the agreements governing the Revolving Credit Facility) plus an applicable spread of 1.25% to LIBOR plus an applicable spread of 2.00% or a base rate plus an applicable spread of 1.00% and (4) increased total commitments to \$930,000 as well as provided for a feature that allows the Company, under certain circumstances, to increase the size of the Revolving Credit Facility to a maximum of \$1,400,000.

Item 2. Management's Discussion And Analysis Of Financial Condition And Results Of Operations.

The information contained in this section should be read in conjunction with our financial statements and notes thereto appearing elsewhere in this Quarterly Report. In addition, some of the statements in this report (including in the following discussion) constitute forward-looking statements, which relate to future events or the future performance or financial condition of Ares Capital Corporation (the Company, ARCC, Ares Capital, we, us, or our). The forward-looking statements contained in this report involve a number of risks and uncertainties, including statements concerning:

- our, or our portfolio companies', future business, operations, operating results or prospects;
- the return or impact of current and future investments;
- the impact of a protracted decline in the liquidity of credit markets on our business;
- the impact of fluctuations in interest rates on our business;

- the impact of changes in laws or regulations (including the interpretation thereof) governing our operations or the operations of our portfolio companies;
- the valuation of our investments in portfolio companies, particularly those having no liquid trading market;
- our ability to recover unrealized losses;
- market conditions and our ability to access alternative debt markets and additional debt and equity capital;
- our contractual arrangements and relationships with third parties;
- Middle East turmoil and the potential for rising energy prices and its impact on the industries in which we invest;
- the general economy and its impact on the industries in which we invest;
- the uncertainty surrounding the strength of the U.S. economic recovery;
- European sovereign debt issues;
- the financial condition of and ability of our current and prospective portfolio companies to achieve their objectives;
- our expected financings and investments;

- our ability to successfully complete and integrate any acquisitions;
- the adequacy of our cash resources and working capital;
- the timing, form and amount of any dividend distributions;
- the timing of cash flows, if any, from the operations of our portfolio companies; and
- the ability of our investment adviser to locate suitable investments for us and to monitor and administer our investments.

We use words such as anticipates, believes, expects, intends, will, should, may and similar expressions to identify forward-looking statements, although not all forward looking statements include these words. Our actual results and condition could differ materially from those expressed in the forward-looking statements for any reason, including the factors set forth in Risk Factors in our annual report on Form 10-K for the fiscal year ended December 31, 2012.

We have based the forward-looking statements included in this Quarterly Report on information available to us on the date of this Quarterly Report, and we assume no obligation to update any such forward-looking statements. Although we undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, you are advised to consult any additional disclosures that we may make directly to you or through reports that we have filed or in the future may file with the Securities and Exchange Commission (SEC), including annual reports on Form 10-K, registration statements on Form N-2, quarterly reports on Form 10-Q and current reports on Form 8-K.

OVERVIEW

We are a specialty finance company that is a closed-end, non-diversified management investment company incorporated in Maryland. We have elected to be regulated as a business development company (BDC) under the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the Investment Company Act).

We are externally managed by Ares Capital Management LLC (Ares Capital Management or our investment adviser), a wholly owned subsidiary of Ares Management LLC (Ares Management), a global alternative asset manager and a SEC registered investment adviser, pursuant to our investment advisory and management agreement. Ares Operations LLC (Ares Operations or our administrator), a wholly owned subsidiary of Ares Management, provides certain administrative and other services necessary for us to operate.

Our investment objective is to generate both current income and capital appreciation through debt and equity investments. We invest primarily in first lien senior secured loans (including unitranche loans), second lien senior secured loans and mezzanine debt, which in some cases includes an equity component like warrants.

To a lesser extent, we also make preferred and/or common equity investments, which have generally been non-control equity investments, of less than \$20 million (usually in conjunction with a concurrent debt investment). However, we may increase the size or change the nature of these investments.

Since our initial public offering on October 8, 2004 through March 31, 2013, our realized gains have exceeded our realized losses by approximately \$206 million (excluding the one-time gain on the acquisition of Allied Capital Corporation (the "Allied Acquisition") and gains/losses from the extinguishment of debt and other assets). For this same time period, our exited investments have resulted in an aggregate cash flow realized internal rate of return to us of approximately 13% (based on original cash invested, net of syndications, of approximately \$7.0 billion and total proceeds from such exited investments of approximately \$8.5 billion). Approximately 72% of these exited investments resulted in an aggregate cash flow realized internal rate of return to us of 10% or greater. Internal rate of return is the discount rate that makes the net present value of all cash flows related to a particular investment equal to zero. Internal rate of return is gross of expenses related to investments as these expenses are not allocable to specific investments. Investments are considered to be exited when the original investment objective has been achieved through the receipt of cash and/or non-cash consideration upon the repayment of a debt investment or sale of an investment or through the determination that no further consideration was collectible and, thus, a loss may have been realized. These internal rates of return results are historical results relating to our past performance and are not necessarily indicative of future results, the achievement of which cannot be assured.

Table of Contents

As a BDC, we are required to comply with certain regulatory requirements. For instance, we generally have to invest at least 70% of our total assets in qualifying assets, including securities and indebtedness of private U.S. companies and certain public U.S. companies, cash, cash equivalents, U.S. government securities and high-quality debt investments that mature in one year or less. We also may invest up to 30% of our portfolio in non-qualifying assets, as permitted by the Investment Company Act. Specifically, as part of this 30% basket, we may invest in entities that are not considered eligible portfolio companies (as defined in the Investment Company Act), including companies located outside of the United States, entities that are operating pursuant to certain exceptions under the Investment Company Act, and publicly traded entities whose public equity market capitalization exceeds the levels provided for under the Investment Company Act.

We have elected to be treated as a regulated investment company (RIC) under the Code, and operate in a manner so as to qualify for the tax treatment applicable to RICs. To qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements and timely distribute to our stockholders generally at least 90% of our investment company taxable income, as defined by the Code, for each year. Pursuant to this election, we generally will not have to pay corporate level taxes on any income that we distribute to our stockholders provided that we satisfy those requirements.

(2) Includes investment commitments to the SSLP to make co-investments with General Electric Capital Corporation and GE Global Sponsor Finance LLC (together, "GE") in first lien senior secured loans of middle market companies of \$21.0 million and \$66.0 million for the three months ended March 31, 2013 and 2012, respectively.

(3) See "Senior Secured Loan Program" below and Note 4 to our consolidated financial statements for the three months ended March 31, 2013 for more detail on the SSLP.

(4) Number of new investment commitments represents each commitment to a particular portfolio company.

(5) Weighted average yield of debt and other income producing securities at fair value is computed as the (a) annual stated interest rate or yield earned plus the net annual amortization of original issue discount and market discount earned on accruing debt and other income producing securities, divided by (b) total debt and other income producing securities at fair value. Weighted average yield of debt and other income producing securities at amortized cost is computed as the (a) annual stated interest rate or yield earned plus the net annual amortization of original issue discount and market discount earned on accruing debt and other income producing securities, divided by (b) total debt and other income producing securities at amortized cost.

(6) Represents fair value for investments in the portfolio as of the most recent prior quarter end, if applicable.

As of March 31, 2013 and December 31, 2012, our investments consisted of the following:

Ares Capital Management, our investment adviser, employs an investment rating system to categorize our investments. In addition to various risk management and monitoring tools, our investment adviser grades the credit risk of all investments on a scale of 1 to 4 no less frequently than quarterly. This system is intended primarily to reflect the underlying risk of a portfolio investment relative to our initial cost basis in respect of such portfolio investment (i.e., at the time of acquisition), although it may also take into account under certain circumstances the performance of the portfolio company's business, the collateral coverage of the investment and other relevant factors. Under this system, investments with a grade of 4 involve the least amount of risk to our initial cost basis. The trends and risk factors for this investment since origination or acquisition are generally favorable, which may include the performance of the portfolio company or a potential exit. Investments graded 3 involve a level of risk to our initial cost basis that is similar to the risk to our initial cost basis at the time of origination or acquisition. This portfolio company is generally performing as expected and the risk factors to our ability to ultimately recoup the cost of our investment are neutral to favorable. All investments or acquired investments in new portfolio companies are initially assessed a grade of 3. Investments graded 2 indicate that the risk to our ability to recoup the initial cost basis of such investment has increased materially since origination or acquisition, including as a result of factors such as declining performance and non-compliance with debt covenants; however, payments are generally not more than 120 days past due. An investment grade of 1 indicates that the risk to our ability to recoup the initial cost basis of such investment has substantially increased since origination or acquisition, and the portfolio company likely has materially declining performance. For debt investments with an investment grade of 1, most or all of the debt covenants are out of compliance and payments are substantially delinquent. For investments graded 1, it is anticipated that we will not recoup our initial cost basis and may realize a substantial loss of our initial cost basis upon exit. For investments graded 1 or 2, our investment adviser enhances its level of scrutiny over the monitoring of such portfolio company. Our investment adviser grades the investments in our portfolio at least each quarter and it is possible that the grade of a portfolio investment may be reduced or increased over time.

Set forth below is the grade distribution of our portfolio companies as of March 31, 2013 and December 31, 2012:

(dollar amounts in millions)	As of							
	March 31, 2013				December 31, 2012			
	Fair Value	%	Number of Companies	%	Fair Value	%	Number of Companies	%
Grade 1	\$ 78.6	1.3%	9	5.8%	\$ 75.1	1.3%	9	5.9%
Grade 2	187.5	3.1%	11	7.0%	136.7	2.3%	9	5.9%
Grade 3	5,184.8	86.0%	123	78.9%	5,108.8	86.2%	121	79.7%
Grade 4	579.6	9.6%	13	8.3%	604.0	10.2%	13	8.5%
	\$ 6,030.5	100.0%	156	100.0%	\$ 5,924.6	100.0%	152	100.0%

As of March 31, 2013 and December 31, 2012, the weighted average grade of the investments in our portfolio at fair value was 3.0 and 3.1, respectively.

As of March 31, 2013, loans on non-accrual status represented 2.3% and 0.6% of the total investments at amortized cost and at fair value, respectively. As of December 31, 2012, loans on non-accrual status represented 2.3% and 0.6% of the total investments at amortized cost and at fair value, respectively.

Senior Secured Loan Program

The Company co-invests in first lien senior secured loans of middle market companies with GE through an unconsolidated Delaware limited liability company, the Senior Secured Loan Fund LLC (d/b/a The Senior Secured Loan Program) or the SSLP. The SSLP is capitalized as

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

transactions are completed and all portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required). The Company provides capital to the SSLP in the form of subordinated certificates (the SSLP Certificates).

As of March 31, 2013 and December 31, 2012, the SSLP had available capital of \$9.0 billion of which approximately \$6.2 billion and \$6.3 billion in aggregate principal amount was funded, respectively. As of March 31, 2013 and December 31, 2012, the Company had agreed to make available to the SSLP approximately \$1.8 billion of which approximately \$1.3 billion and \$1.2 billion was funded, respectively. Investment of any unfunded amount must still be approved by the investment committee of the SSLP as described above.

Table of Contents

As of March 31, 2013 and December 31, 2012, the SSLP had total assets of \$6.2 billion and \$6.3 billion, respectively. As of March 31, 2013 and December 31, 2012, GE's investment in the SSLP consisted of senior notes of \$4.7 billion and \$4.8 billion, respectively, and SSLP Certificates of \$179 million and \$178 million, respectively. The SSLP Certificates are junior in right of payment to the senior notes held by GE. As of March 31, 2013 and December 31, 2012, the Company and GE owned 87.5% and 12.5%, respectively, of the outstanding SSLP Certificates.

As of March 31, 2013 and December 31, 2012, the SSLP's portfolio was comprised of all first lien senior secured loans to U.S. middle-market companies and none of these loans was on non-accrual status. The portfolio companies in the SSLP are in industries similar to the companies in the Company's portfolio.

Below is a summary of the SSLP's portfolio, followed by a listing of the individual first lien senior secured loans in the SSLP's portfolio as of March 31, 2013 and December 31, 2012:

The amortized cost and fair value of the SSLP Certificates held by the Company was \$1.2 billion and \$1.3 billion, respectively, as of March 31, 2013 and December 31, 2012. The SSLP Certificates pay a weighted average contractual coupon of three month LIBOR plus approximately 8.0% and also entitle the holders thereof to receive a portion of the excess cash flow from the underlying loan portfolio, which may result in a return to the holders of the SSLP Certificates that is greater than both the contractual coupon on the SSLP Certificates as well as the weighted average yield on the SSLP's portfolio of 7.7% and 8.0% as of March 31, 2013 and December 31, 2012, respectively. The Company's yield on its investment in the SSLP at fair value was 15.2% and 15.4% as of March 31, 2013 and December 31, 2012, respectively. For the three months ended March 31, 2013 and 2012, the Company earned interest income of \$48.6 million and \$43.3 million, respectively, from its investment in the SSLP Certificates.

The Company is also entitled to certain fees in connection with the SSLP. For the three months ended March 31, 2013 and 2012, in connection with the SSLP, the Company earned capital structuring service fees and sourcing, management and other fees totaling \$7.9 million and \$13.9 million, respectively.

Effective March 30, 2012, Ares Capital Management assumed from the Company the role of co-manager of the SSLP. However, this change did not impact the Company's economics in respect of its participation in the SSLP and Ares Capital Management does not receive any remuneration in respect of its co-manager role.

RESULTS OF OPERATIONS

For the three months ended March 31, 2013 and 2012

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

Operating results for the three months ended March 31, 2013 and 2012 are as follows:

(in millions)	For the three months ended March 31,			
	2013		2012	
Total investment income	\$	195.1	\$	167.7
Total expenses		92.2		88.0
Net investment income before income taxes		102.9		79.7
Income tax expense, including excise tax		3.8		2.7
Net investment income		99.1		77.0
Net realized gains (losses) on investments		11.7		(7.7)
Net unrealized gains (losses) on investments		(30.4)		36.2
Net increase in stockholders' equity resulting from operations	\$	80.4	\$	105.5

Net income can vary substantially from period to period due to various factors, including acquisitions, the level of new investment commitments, the recognition of realized gains and losses and unrealized appreciation and depreciation. As a result, quarterly comparisons of net income may not be meaningful.

Investment Income

(in millions)	For the three months ended March 31,			
	2013		2012	
Interest income from investments	\$	144.2	\$	132.9
Capital structuring service fees		6.0		17.7
Dividend income		32.1		9.2
Management and other fees		4.5		4.9
Other income		8.3		3.0
Total investment income	\$	195.1	\$	167.7

The increase in interest income from investments for the three months ended March 31, 2013 from the comparable period in 2012 was primarily due to the increase in the size of the portfolio, which increased from an average of \$5.1 billion at amortized cost for the three months ended March 31, 2012 to an average of \$5.9 billion at amortized cost for the comparable period in 2013. Even though new investment commitments increased slightly from \$384 million for the three months ended March 31, 2012 to \$410 million for the comparable period in 2013, capital structuring service fees decreased for the three months ended March 31, 2013 as compared to the comparable period in 2012 primarily due to the decrease in the average capital structuring service fees received on new investments, which decreased from 4.6% for the three months ended March 31, 2012 to 1.5% for the comparable period in 2013. The decrease in the average capital structuring service fees percentage during the three months ended March 31, 2013 as compared to the comparable period in 2012 was primarily due to a higher amount of refinancing activity in existing portfolio companies as opposed to investments made in new portfolio companies. For the three months ended March 31, 2013, dividend income included \$27.4 million from the Company's investment in Ivy Hill Asset Management, L.P. (IHAM) as compared to \$4.7 million for the comparable period in 2012. The dividend from IHAM for the three months ended March 31, 2013 included an additional dividend of \$17.4 million that was paid in addition to the quarterly dividend generally paid by IHAM. IHAM paid the additional dividend out of accumulated earnings that had previously been retained by IHAM. The increase in other income for the three months ended March 31, 2013 from the comparable period in 2012 was primarily attributable to higher amendment fees.

Operating Expenses

(in millions)	For the three months ended March 31,

Total interest and credit facility fees expense	\$	39.4	\$	32.8

Stated interest expense for the three months ended March 31, 2013 increased from the comparable period in 2012 due to the increase in the average principal amount of debt outstanding and an increase in our weighted average stated interest rate. For the three months ended March 31, 2013, our average principal debt outstanding was \$2.1 billion as compared to \$2.0 billion for the comparable period in 2012, and the weighted average stated interest rate on our debt was 5.8% for the three months ended March 31, 2013 as compared to 5.1% for the comparable period in 2012. The higher weighted average stated interest rate for 2013 relates to having borrowed, on a relative basis, less from our lower-cost floating rate revolving debt facilities and having more debt outstanding under our fixed rate term debt obligations.

The increase in base management fees and incentive fees related to pre-incentive fee net investment income for the three months ended March 31, 2013 from the comparable period in 2012 were primarily due to the increase in the size of the portfolio and in the case of incentive fees, the related increase in pre-incentive fee net investment income.

For the three months ended March 31, 2013, we recorded a reduction of \$3.8 million in the capital gains incentive fee expense accrual calculated in accordance with GAAP. For the three months ended March 31, 2012, the capital gains incentive fee expense accrual calculated in accordance with GAAP was \$5.7 million. The capital gains incentive fee accrued under GAAP includes an accrual related to unrealized capital appreciation, whereas the capital gains incentive fee actually payable under our investment advisory and management agreement does not. There can be no assurance that such unrealized capital appreciation will be realized in the future. The accrual for any capital gains incentive fee under GAAP in a given period may result in an additional expense if such cumulative amount is greater than in the prior period or a reduction of previously recorded expense if such cumulative amount is less than in the prior period. If such cumulative amount is negative, then there is no accrual. As of March 31, 2013, the total capital gains incentive fee liability calculated in accordance with GAAP was \$65.5 million (included in management and incentive fees payable in the consolidated balance sheet). However, as of March 31, 2013, there was no capital gains fee actually payable under our investment advisory and management agreement. See Note 3 to the Company's consolidated financial statements for the three months ended March 31, 2013 for more information on the incentive and base management fees.

Professional fees include legal, accounting, valuation and other professional fees incurred related to the management of the Company. Administrative fees represent fees paid to Ares Operations for our allocable portion of overhead and other expenses incurred by Ares Operations in performing its obligations under the administration agreement, including our allocable portion of the cost of certain of our executive officers and their respective staffs. Other general and administrative expenses include rent, insurance, depreciation, director's fees and other costs.

Income Tax Expense, Including Excise Tax

The Company has elected to be treated as a RIC under the Code and operates in a manner so as to qualify for the tax treatment applicable to RICs. To qualify as a RIC, the Company must, among other things, timely distribute to its stockholders generally at least 90% of its investment company taxable income, as defined by the Code, for each year. In order to maintain its RIC status, the Company, among other things, has made and intends to continue to make the requisite distributions to its stockholders which will generally relieve the Company from U.S. federal income taxes.

Depending on the level of taxable income earned in a tax year, we may choose to carry forward taxable income in excess of current year dividend distributions from such current year taxable income into the next tax year and pay a 4% excise tax on such income, as required. To the extent that the Company determines that its estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such income, the Company accrues excise tax on estimated excess taxable income as such taxable income is earned. For the three months ended March 31, 2013 and 2012, a net expense of \$3.0 million and \$2.0 million was recorded for U.S. federal excise tax, respectively.

Certain of our consolidated subsidiaries are subject to U.S. federal and state income taxes. For the three months ended March 31, 2013 and 2012, we recorded a tax expense of approximately \$0.8 million and \$0.7 million, respectively, for these subsidiaries.

Net Realized Gains/Losses

During the three months ended March 31, 2013, the Company had \$235.7 million of sales, repayments or exits of investments resulting in \$11.7 million of net realized gains. Net realized gains of \$11.7 million on investments were comprised of \$11.7 million of gross realized gains and \$0.0 million of gross realized losses.

FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

The Company's liquidity and capital resources are generated primarily from the net proceeds of public offerings of equity and debt securities, advances from the Revolving Credit Facility, the Revolving Funding Facility and the SMBC Funding Facility (each as defined below and together, the Facilities), net proceeds from the issuance of other securities, including convertible unsecured notes as well as cash flows from operations.

As of March 31, 2013, the Company had \$102.5 million in cash and cash equivalents and \$2.2 billion in total debt outstanding at carrying value (\$2.3 billion at principal amount). Subject to leverage and borrowing base restrictions, the Company had approximately \$1.6 billion available for additional borrowings under the Facilities as of March 31, 2013.

We may from time to time seek to retire or repurchase our common stock through cash purchases, as well as retire, cancel or purchase our outstanding debt through cash purchases and/or exchanges, in open market purchases, privately negotiated transactions or otherwise. Such repurchases or exchanges, if any, will depend on prevailing market conditions, our liquidity requirements, contractual and regulatory restrictions and other factors. The amounts involved may be material. In addition, we may from time to time enter into additional debt facilities, increase the size of existing facilities or issue additional debt securities, including unsecured debt and/or debt securities convertible into common stock. Any such incurrence or issuance would be subject to prevailing market conditions, our liquidity requirements, contractual and regulatory restrictions and other factors. In accordance with the Investment Company Act, with certain limited exceptions, we are only allowed to borrow amounts such that our asset coverage, calculated pursuant to the Investment Company Act, is at least 200% after such borrowing.

Equity Issuances

There were no sales of our equity securities for the three months ended March 31, 2013. See *Recent Developments* as well as Note 15 to our consolidated financial statements for the three months ended March 31, 2013 for more information on an equity offering completed subsequent to March 31, 2013.

As of March 31, 2013, total equity market capitalization for the Company was \$4.5 billion compared to \$4.4 billion as of December 31, 2012.

The weighted average stated interest rate and weighted average maturity, both on aggregate principal amount, of all our debt outstanding as of March 31, 2013 were 5.5% and 9.6 years, respectively and as of December 31, 2012 were 5.5% and 9.8 years, respectively. The ratio of total carrying value of debt outstanding to stockholders' equity as of March 31, 2013 and December 31, 2012 was 0.55:1.00.

In accordance with the Investment Company Act, with certain limited exceptions, we are only allowed to borrow amounts such that our asset coverage, as calculated in accordance with the Investment Company Act, is at least 200% after such borrowing. As of March 31, 2013, our asset coverage was 283%.

Revolving Credit Facility

In December 2005, we entered into a senior secured revolving credit facility (as amended and restated, the *Revolving Credit Facility*), which allows us to borrow up to \$900 million as of March 31, 2013 at any one time outstanding. As of March 31, 2013, the end of the revolving period and the stated maturity date for the *Revolving Credit Facility* were May 4, 2015 and May 4, 2016, respectively. The *Revolving Credit Facility* also provides for a feature that as of March 31, 2013 allows us, under certain circumstances, to increase the size of the facility to a maximum of \$1.35 billion. As of March 31, 2013, the interest rate charged on the *Revolving Credit Facility* was based on LIBOR plus an applicable spread of 2.25% or a *base rate* (as defined in the agreements governing the *Revolving Credit Facility*) plus an applicable spread of 1.25%. Additionally, we are required to pay a commitment fee of 0.375% per annum on any unused portion of the *Revolving Credit Facility*. As of March 31, 2013, there were no amounts outstanding under the *Revolving Credit Facility* and we were in compliance in all material respects with the terms of the *Revolving Credit Facility*. See *Recent Developments*, as well as Note 15 to our consolidated financial statements for the three months ended March 31, 2013 for more information on a recent amendment to the *Revolving Credit Facility*.

Table of Contents

Revolving Funding Facility

In October 2004, we established through Ares Capital CP, a revolving funding facility (as amended, the *Revolving Funding Facility*), which allows Ares Capital CP to borrow up to \$620 million at any one time outstanding. The Revolving Funding Facility is secured by all of the assets held by, and its membership interest in, Ares Capital CP. The end of the reinvestment period and the stated maturity date for the Revolving Funding Facility are April 18, 2015 and April 18, 2017, respectively. The Revolving Funding Facility also provides for a feature that allows, under certain circumstances, for an increase in the size of the facility to a maximum of \$865 million. The interest rate charged on the Revolving Funding Facility is one month LIBOR plus an applicable spread ranging from 2.25% to 2.50% over LIBOR and ranging from 1.25% to 1.50% over base rate, (as defined in the agreements governing the Revolving Funding Facility) in each case, determined monthly based on the composition of the borrowing base relative to outstanding borrowings under the facility. Additionally, we are required to pay a commitment fee of between 0.50% and 1.75% depending on the size of the unused portion of the Revolving Funding Facility. As of March 31, 2013, the principal amount outstanding under the Revolving Funding Facility was \$280.0 million and we and Ares Capital CP were in compliance in all material respects with the terms of the Revolving Funding Facility.

SMBC Funding Facility

In January 2012, we established through our consolidated subsidiary, Ares Capital JB Funding LLC, (*ACJB*), a revolving funding facility (as amended, the *SMBC Funding Facility*), which allows ACJB to borrow up to \$400 million at any one time outstanding. The SMBC Funding Facility is secured by all of the assets held by ACJB. The end of the reinvestment period and the stated maturity date for the SMBC Funding Facility are September 14, 2015 and September 14, 2020, respectively. The reinvestment period and the stated maturity date are both subject to two one-year extensions by mutual agreement. The interest rate charged on the SMBC Funding Facility is based on one month LIBOR plus an applicable spread of 2.125% or a base rate (as defined in the agreements governing the SMBC Funding Facility) plus an applicable spread of 1.125%. ACJB is not required to pay a commitment fee until September 15, 2013, at which time ACJB is required to pay a commitment fee of 0.50% depending on the size of the unused portion of the SMBC Funding Facility. As of March 31, 2013, there were no amounts outstanding under the SMBC Funding Facility and we and ACJB were in compliance in all material respects with the terms of the SMBC Funding Facility.

Convertible Unsecured Notes

In January 2011, we issued \$575 million aggregate principal amount of unsecured convertible senior notes that mature on February 1, 2016, unless previously converted or repurchased in accordance with their terms (the *February 2016 Convertible Notes*). In March 2011, we issued \$230 million aggregate principal amount of unsecured convertible senior notes that mature on June 1, 2016, unless previously converted or repurchased in accordance with their terms (the *June 2016 Convertible Notes*). In March 2012, we issued \$162.5 million aggregate principal amount of unsecured convertible senior notes that mature on March 15, 2017, unless previously converted or repurchased in accordance with their terms (the *2017 Convertible Notes*). In the fourth quarter of 2012, we issued \$270.0 million aggregate principal amount of unsecured convertible senior notes that mature on January 15, 2018, unless previously converted or repurchased in accordance with their terms (the *2018 Convertible Notes* and together with the February 2016 Convertible Notes, the June 2016 Convertible Notes and the 2017 Convertible Notes, the *Convertible Unsecured Notes*). We do not have the right to redeem the Convertible Unsecured Notes prior to maturity. The February 2016 Convertible Notes, the June 2016 Convertible Notes, the 2017 Convertible Notes and the 2018 Convertible Notes bear interest at a rate of 5.750%, 5.125%, 4.875% and 4.750%, respectively, per year, payable semi-annually.

In certain circumstances, the Convertible Unsecured Notes will be convertible into cash, shares of our common stock or a combination of cash and shares of our common stock, at our election, at their respective conversion rates (listed below as of March 31, 2013) subject to customary

Unsecured Notes

February 2022 Notes

In February 2012, we issued \$143.8 million in aggregate principal amount of senior unsecured notes, which bear interest at a rate of 7.00% per year and mature on February 15, 2022 (the February 2022 Notes). The February 2022 Notes require payment of interest quarterly, and all principal is due upon maturity. These notes are redeemable in whole or in part at any time or from time to time at our option on or after February 15, 2015, at a par redemption price of \$25.00 per security plus accrued and unpaid interest.

October 2022 Notes

In September 2012 and October 2012, we issued \$182.5 million in aggregate principal amount of senior unsecured notes, which bear interest at a rate of 5.875% per year and mature on October 1, 2022 (the October 2022 Notes). The October 2022 Notes require payment of interest quarterly and all principal is due upon maturity. These notes are redeemable in whole or in part at any time or from time to time at our option on or after October 1, 2015, at a par redemption price of \$25.00 per security plus accrued interest and unpaid interest.

2040 Notes

In October 2010, we issued \$200.0 million in aggregate principal amount of senior unsecured notes which bear interest at a rate of 7.75% and mature on October 15, 2040 (the 2040 Notes). The 2040 Notes require payment of interest quarterly, and all principal is due upon maturity. These notes are redeemable in whole or in part at any time or from time to time at our option on or after October 15, 2015, at a par redemption price of \$25.00 per security plus accrued and unpaid interest.

2047 Notes

As part of the Allied Acquisition, we assumed \$230.0 million aggregate principal amount of senior unsecured notes which bear interest at a rate of 6.875% and mature on April 15, 2047 (the 2047 Notes and together with the February 2022 Notes, the October 2022 Notes and the 2040 Notes, the Unsecured Notes). The 2047 Notes require payment of interest quarterly, and all principal is due upon maturity. These notes are redeemable in whole or in part at any time or from time to time at our option, at a par redemption price of \$25.00 per security plus accrued and unpaid interest and upon the occurrence of certain tax events as described in the indenture governing the 2047 Notes.

As of March 31, 2013 we were in compliance in all material respects with the terms of the indentures governing the Unsecured Notes.

The Convertible Unsecured Notes and the Unsecured Notes are our senior unsecured obligations and rank senior in right of payment to our existing and future indebtedness that is expressly subordinated in right of payment to the Convertible Unsecured Notes and the Unsecured Notes; equal in right of payment to our existing and future unsecured indebtedness that is not expressly subordinated; effectively junior in right of payment to any of our secured indebtedness (including existing unsecured indebtedness that we later secure) to the extent of the value of the assets securing such indebtedness; and structurally junior to all existing and future indebtedness (including trade payables) incurred by our subsidiaries, financing vehicles or similar facilities.

See Note 5 to our consolidated financial statements for the three months ended March 31, 2013 for more detail on the Company's debt obligations.

Table of Contents**OFF BALANCE SHEET ARRANGEMENTS**

The Company has various commitments to fund investments in its portfolio, as described below.

As of March 31, 2013 and December 31, 2012, the Company had the following commitments to fund various revolving and delayed draw senior secured and subordinated loans, including commitments to fund which are at (or substantially at) the Company's discretion:

(in millions)	As of	
	March 31, 2013	December 31, 2012
Total revolving and delayed draw commitments	\$ 517.0	\$ 466.6
Less: funded commitments	(98.5)	(107.1)
Total unfunded commitments	418.5	359.5
Less: commitments substantially at discretion of the Company	(28.2)	(6.0)
Less: unavailable commitments due to borrowing base or other covenant restrictions	(2.2)	(0.6)
Total net adjusted unfunded revolving and delayed draw commitments	\$ 388.1	\$ 352.9

Included within the total revolving and delayed draw commitments as of March 31, 2013 were commitments to issue up to \$63.9 million in standby letters of credit through a financial intermediary on behalf of certain portfolio companies. Under these arrangements, if the standby letters of credit were to be issued, the Company would be required to make payments to third parties if the portfolio companies were to default on their related payment obligations. As of March 31, 2013, the Company had \$43.1 million in standby letters of credit issued and outstanding under these commitments on behalf of the portfolio companies, of which no amounts were recorded as a liability on our balance sheet as such letters of credit are considered in the valuation of the investments in the portfolio company. Of these letters of credit, \$43.0 million expire in 2013 and \$0.1 million expire in 2014.

As of March 31, 2013 and December 31, 2012, the Company was party to subscription agreements to fund equity investments in private equity investment partnerships as follows:

(in millions)	As of	
	March 31, 2013	December 31, 2012
Total private equity commitments	\$ 134.7	\$ 131.0
Less: funded private equity commitments	(71.0)	(66.5)
Total unfunded private equity commitments	63.7	64.5
Less: private equity commitments substantially at discretion of the Company	(48.0)	(53.1)
Total net adjusted unfunded private equity commitments	\$ 15.7	\$ 11.4

In addition, as of March 31, 2013 and December 31, 2012, the Company had outstanding guarantees or similar obligations on behalf of certain portfolio companies totaling \$0.8 million.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

In the ordinary course of business, we may sell certain of our investments to third party purchasers. In particular, in connection with the sale of certain controlled portfolio company equity investments (as well as certain other sales) we have, and may continue to do so in the future, agreed to indemnify such purchasers for future liabilities arising from the investments and the related sale transaction. Such indemnification provisions may give rise to future liabilities.

As of March 31, 2013, one of the Company's portfolio companies, Ciena Capital LLC ("Ciena"), had one non-recourse securitization Small Business Administration ("SBA") loan warehouse facility, which has reached its maturity date but remains outstanding. Ciena is working with the providers of the SBA loan warehouse facility with regard to the repayment of that facility. Allied Capital Corporation ("Allied Capital") had previously issued a performance guaranty (which Ares Capital succeeded to as a result of the Allied Acquisition) whereby Ares Capital must indemnify the warehouse providers for any damages, losses, liabilities and related costs and expenses that they may incur as a result of Ciena's failure to perform any of its obligations as loan originator, loan seller or loan servicer under the warehouse facility. As of March 31, 2013, there were no known issues or claims with respect to this performance guaranty.

RECENT DEVELOPMENTS

In April 2013, we completed a public add-on equity offering (the April 2013 Offering) pursuant to which we sold 19.1 million shares of common stock at a price of \$17.43 per share to the participating underwriters. Total proceeds from the April 2013 Offering, net of estimated offering expenses payable by us, were approximately \$333.2 million.

In May 2013, we entered into an amendment to the Revolving Credit Facility. The amendment, among other things, (1) extended the end of the revolving period from May 4, 2015 to May 4, 2017, (2) extended the stated maturity date from May 4, 2016 to May 4, 2018, (3) reduced the interest rate charged from LIBOR plus an applicable spread of 2.25% or a base rate (as defined in the agreements governing the Revolving Credit Facility) plus an applicable spread of 1.25% to LIBOR plus an applicable spread of 2.00% or a base rate plus an applicable spread of 1.00% and (4) increased total commitments to \$930 million as well as provided for a feature that allows us, under certain circumstances, to increase the size of the Revolving Credit Facility to a maximum of \$1,400 million.

From April 1, 2013 through May 3, 2013, we made new investment commitments of \$388 million, of which \$376 million were funded. Of these new commitments, 74% were in first lien senior secured loans, 21% were investments in subordinated certificates of the SSLP, the proceeds of which were applied to co-investments with GE to fund first lien senior secured loans through the SSLP, and 5% were in second lien senior secured loans. Of the \$388 million of new investment commitments, 94% were floating rate and 6% were fixed rate. The weighted average yield of debt and other income producing securities funded during the period at amortized cost was 10.1%. We may seek to syndicate a portion of these new investment commitments, although there can be no assurance that we will be able to do so.

From April 1, 2013 through May 3, 2013, we exited \$27 million of investment commitments. Of these investment commitments, 100% were first lien senior secured loans. Of the \$27 million of exited investment commitments, 83% were floating rate, 5% were fixed rate and 12% were on non-accrual status. The weighted average yield of debt and other income producing securities exited or repaid during the period at amortized cost was 7.9%. On the \$27 million of investment commitments exited from April 1, 2013 through May 3, 2013, we recognized total net realized losses of approximately \$1 million.

In addition, as of May 3, 2013, we had an investment backlog and pipeline of approximately \$640 million and \$690 million, respectively. Investment backlog includes transactions approved by our investment adviser's investment committee and/or for which a formal mandate, letter of intent or a signed commitment have been issued, and therefore we believe are likely to close. Investment pipeline includes transactions where due diligence and analysis are in process, but no formal mandate, letter of intent or signed commitment have been issued. The consummation of any of the investments in this backlog and pipeline depends upon, among other things, one or more of the following: satisfactory completion of our due diligence investigation of the prospective portfolio company, our acceptance of the terms and structure of such investment and the execution and delivery of satisfactory transaction documentation. In addition, we may syndicate a portion of these investments. We cannot assure you that we will make any of these investments or that we will syndicate any portion of these investments.

CRITICAL ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in conformity with GAAP, and include the accounts of the Company and its consolidated subsidiaries. The consolidated financial statements reflect all adjustments and reclassifications that, in the opinion of management, are necessary for the fair presentation of the results of the operations and financial condition as of and for the periods presented. All significant intercompany balances and transactions have been eliminated.

Cash and Cash Equivalents

Cash and cash equivalents include funds from time to time deposited with financial institutions and short-term, liquid investments in a money market fund. Cash and cash equivalents are carried at cost which approximates fair value.

Concentration of Credit Risk

The Company places its cash and cash equivalents with financial institutions and, at times, cash held in money market accounts may exceed the Federal Deposit Insurance Corporation insured limit.

Table of Contents

Investments

Investment transactions are recorded on the trade date. Realized gains or losses are measured by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment without regard to unrealized gains or losses previously recognized, and include investments charged off during the period, net of recoveries. Unrealized gains or losses primarily reflect the change in investment values, including the reversal of previously recorded unrealized gains or losses when gains or losses are realized. Investments for which market quotations are readily available are typically valued at such market quotations. In order to validate market quotations, we look at a number of factors to determine if the quotations are representative of fair value, including the source and nature of the quotations. Debt and equity securities that are not publicly traded or whose market prices are not readily available (i.e., substantially all of our investments) are valued at fair value as determined in good faith by our board of directors, based on, among other things, the input of our investment adviser, audit committee and independent third-party valuation firms that have been engaged at the direction of our board of directors to assist in the valuation of each portfolio investment without a readily available market quotation at least once during a trailing 12 month period, (with certain de minimis exceptions) and under a valuation policy and a consistently applied valuation process. The valuation process is conducted at the end of each fiscal quarter, and a minimum of 50% of our portfolio at fair value is subject to review by an independent valuation firm each quarter. In addition, our independent registered public accounting firm reviews our valuation process as part of their overall integrated audit.

As part of the valuation process, we may take into account the following types of factors, if relevant, in determining the fair value of our investments: the enterprise value of a portfolio company (the entire value of the portfolio company to a market participant, including the sum of the values of debt and equity securities used to capitalize the enterprise at a point in time), the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flow, the markets in which the portfolio company does business, a comparison of the portfolio company's securities to any similar publicly traded securities, changes in the interest rate environment and the credit markets generally that may affect the price at which similar investments would trade in their principal markets and other relevant factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, we consider the pricing indicated by the external event to corroborate our valuation.

Because there is not a readily available market value for most of the investments in our portfolio, we value substantially all of our portfolio investments at fair value as determined in good faith by our board of directors, as described herein. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of our investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that we may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we could realize significantly less than the value at which we have recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the valuations currently assigned.

Our board of directors undertakes a multi-step valuation process each quarter, as described below:

- Our quarterly valuation process begins with each portfolio company or investment being initially valued by the investment professionals responsible for the portfolio investment in conjunction with our portfolio management team.

- Preliminary valuations are reviewed and discussed with our investment adviser's management and investment professionals, and then valuation recommendations are presented to our board of directors.
- The audit committee of our board of directors reviews these valuations, as well as the input of third parties, including independent third-party valuation firms, with respect to the valuations of a minimum of 50% of our portfolio at fair value.
- Our board of directors discusses valuations and ultimately determines the fair value of each investment in our portfolio without a readily available market quotation in good faith based on, among other things, the input of our investment adviser, audit committee and, where applicable, independent third-party valuation firms.

Interest and Dividend Income Recognition

Interest income is recorded on an accrual basis and includes the accretion of discounts and amortization of premiums. Discounts from and premiums to par value on securities purchased are accreted/amortized into interest income over the life of the respective security using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts and amortization of premiums, if any.

Table of Contents

Loans are generally placed on non-accrual status when principal or interest payments are past due 30 days or more or when there is reasonable doubt that principal or interest will be collected in full. Accrued and unpaid interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in management's judgment, are likely to remain current. The Company may make exceptions to this if the loan has sufficient collateral value and is in the process of collection.

Dividend income on preferred equity securities is recorded as dividend income on an accrual basis to the extent that such amounts are payable by the portfolio company and are expected to be collected. Dividend income on common equity securities is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly traded portfolio companies.

Payment-in-Kind Interest

The Company has loans in its portfolio that contain PIK provisions. The PIK interest, computed at the contractual rate specified in each loan agreement, is added to the principal balance of the loan and recorded as interest income. To maintain the Company's status as a RIC, this non-cash source of income must be paid out to stockholders in the form of dividends even though the Company has not yet collected the cash.

Capital Structuring Service Fees and Other Income

The Company's investment adviser seeks to provide assistance to our portfolio companies in connection with the Company's investments and in return the Company may receive fees for capital structuring services. These fees are generally only available to the Company as a result of the Company's underlying investments, are normally paid at the closing of the investments, are generally non-recurring and are recognized as revenue when earned upon closing of the investment. The services that the Company's investment adviser provides vary by investment, but generally include reviewing existing credit facilities, arranging bank financing, arranging equity financing, structuring financing from multiple lenders, structuring financing from multiple equity investors, restructuring existing loans, raising equity and debt capital, and providing general financial advice, which concludes upon closing of the investment. Any services of the above nature subsequent to the closing would generally generate a separate fee payable to the Company. In certain instances where the Company is invited to participate as a co-lender in a transaction and does not provide significant services in connection with the investment, a portion of loan fees paid to the Company in such situations will be deferred and amortized over the estimated life of the loan. The Company's investment adviser may also take a seat on the board of directors of a portfolio company, or observe the meetings of the board of directors without taking a formal seat.

Other income includes fees for asset management, management and consulting services, loan guarantees, commitments, amendments and other services rendered by the Company to portfolio companies. Such fees are recognized as income when earned or the services are rendered.

Foreign Currency Translation

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

The Company's books and records are maintained in U.S. dollars. Any foreign currency amounts are translated into U.S. dollars on the following basis:

- (1) Fair value of investment securities, other assets and liabilities at the exchange rates prevailing at the end of the period.
- (2) Purchases and sales of investment securities, income and expenses at the exchange rates prevailing on the respective dates of such transactions, income or expenses.

Results of operations based on changes in foreign exchange rates are separately disclosed in the statement of operations. Foreign security and currency translations may involve certain considerations and risks not typically associated with investing in U.S. companies and U.S. government securities. These risks include, but are not limited to, currency fluctuations and revaluations and future adverse political, social and economic developments, which could cause investments in foreign markets to be less liquid and prices more volatile than those of comparable U.S. companies or U.S. government securities.

Table of Contents

Equity Offering Expenses

The Company's offering costs, excluding underwriters' fees, are charged against the proceeds from equity offerings when received.

Debt Issuance Costs

Debt issuance costs are amortized over the life of the related debt instrument using the straight line method, which closely approximates the effective yield method.

U.S. Federal Income Taxes

The Company has elected to be treated as a RIC under the Code and operates in a manner so as to qualify for the tax treatment applicable to RICs. To qualify as a RIC, the Company must, among other things, timely distribute to its stockholders at least 90% of its investment company taxable income, as defined by the Code, for each year. The Company, among other things, has made and intends to continue to make the requisite distributions to its stockholders, which will generally relieve the Company from U.S. federal income taxes.

Depending on the level of taxable income earned in a tax year, we may choose to carry forward taxable income in excess of current year dividend distributions from such income into the next tax year and pay a 4% excise tax on such income, as required. To the extent that the Company determines that its estimated current year annual taxable income will be in excess of estimated current year dividend distributions, the Company accrues excise tax, if any, on estimated excess taxable income as such taxable income is earned.

Certain of our consolidated subsidiaries are subject to U.S. federal and state income taxes.

Dividends to Common Stockholders

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount to be paid out as a dividend is determined by our board of directors each quarter and is generally based upon the earnings estimated by management. Net realized capital gains, if any, are generally distributed, although we may decide to retain such capital gains for investment.

We have adopted a dividend reinvestment plan that provides for reinvestment of any distributions we declare in cash on behalf of our stockholders, unless a stockholder elects to receive cash. As a result, if our board of directors authorizes, and we declare, a cash dividend, then our stockholders who have not opted out of our dividend reinvestment plan will have their cash dividends automatically reinvested in additional

shares of our common stock, rather than receiving the cash dividend. We intend to use primarily newly issued shares to implement the dividend reinvestment plan (so long as we are trading at a premium to net asset value). If our shares are trading at a significant enough discount to net asset value and we are otherwise permitted under applicable law to purchase such shares, we intend to purchase shares in the open market in connection with our obligations under our dividend reinvestment plan. However, we reserve the right to issue new shares of our common stock in connection with our obligations under the dividend reinvestment plan even if our shares are trading below net asset value.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of actual and contingent assets and liabilities at the date of the financial statements and the reported amounts of income or loss and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include the valuation of investments.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We are subject to financial market risks, including changes in interest rates and the valuations of our investment portfolio.

Interest Rate Risk

Interest rate sensitivity refers to the change in our earnings that may result from changes in the level of interest rates. Because we fund a portion of our investments with borrowings, our net investment income is affected by the difference between the rate at which we invest and the rate at which we borrow. As a result, there can be no assurance that a significant change in market interest rates will not have a material adverse effect on our net investment income.

Table of Contents

As of March 31, 2013, approximately 14% of the investments at fair value in our portfolio bore interest at fixed rates, approximately 75% bore interest at variable rates, 10% were non-interest earning and 1% were on non-accrual status. Additionally, for the variable rate investments, 70% of these investments contained interest rate floors (representing 53% of total investments at fair value). The Facilities all bear interest at variable rates with no interest rate floors, while the Unsecured Notes and the Convertible Unsecured Notes bear interest at fixed rates.

We regularly measure our exposure to interest rate risk. We assess interest rate risk and manage our interest rate exposure on an ongoing basis by comparing our interest rate sensitive assets to our interest rate sensitive liabilities. Based on that review, we determine whether or not any hedging transactions are necessary to mitigate exposure to changes in interest rates.

While hedging activities may mitigate our exposure to adverse fluctuations in interest rates, certain hedging transactions that we may enter into in the future, such as interest rate swap agreements, may also limit our ability to participate in the benefits of lower interest rates with respect to our portfolio investments. In addition, there can be no assurance that we will be able to effectively hedge our interest rate risk.

Based on our March 31, 2013 balance sheet, the following table shows the annual impact on net income of base rate changes in interest rates (considering interest rate floors for variable rate instruments) assuming no changes in our investment and borrowing structure:

(in millions) Basis Point Change	Interest Income	Interest Expense	Net Income
Up 300 basis points	\$ 72.0	\$ 8.4	\$ 63.6
Up 200 basis points	\$ 28.8	\$ 5.6	\$ 23.2
Up 100 basis points	\$ (12.4)	\$ 2.8	\$ (15.2)
Down 100 basis points	\$ 4.8	\$ (0.6)	\$ 5.4
Down 200 basis points	\$ 4.7	\$ (0.6)	\$ 5.3
Down 300 basis points	\$ 4.7	\$ (0.6)	\$ 5.3

Based on our December 31, 2012 balance sheet, the following table shows the annual impact on net income of base rate changes in interest rates (considering interest rate floors for variable rate instruments) assuming no changes in our investment and borrowing structure:

(in millions) Basis Point Change	Interest Income	Interest Expense	Net Income
Up 300 basis points	\$ 62.8	\$ 9.0	\$ 53.8
Up 200 basis points	\$ 22.1	\$ 6.0	\$ 16.1
Up 100 basis points	\$ (14.8)	\$ 3.0	\$ (17.8)
Down 100 basis points	\$ 5.8	\$ (0.6)	\$ 6.4
Down 200 basis points	\$ 5.8	\$ (0.6)	\$ 6.4
Down 300 basis points	\$ 5.6	\$ (0.6)	\$ 6.2

Item 4. Controls and Procedures.

Edgar Filing: ARES CAPITAL CORP - Form 10-Q

As of the end of the period covered by this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's principal executive and financial officers, of the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Rule 13a-15 of the Securities Exchange Act of 1934). Based on that evaluation, the Company's principal executive and financial officers have concluded that our current disclosure controls and procedures are effective in timely alerting them of material information relating to the Company that is required to be disclosed by us in the reports it files or submits under the Securities Exchange Act of 1934.

There have been no changes in the Company's internal control over financial reporting during the three months ended March 31, 2013 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings.

We are party to certain lawsuits in the normal course of business. In addition, Allied Capital was involved in various legal proceedings that we assumed in connection with the Allied Acquisition. Furthermore, third parties may try to seek to impose liability on us in connection with the activities of our portfolio companies. While the outcome of any such legal proceedings cannot at this time be predicted with certainty, we do not expect that these legal proceedings will materially affect our business, financial condition or results of operations.

Item 1A. Risk Factors.

In addition to the other information set forth in this report, you should carefully consider the risk factors discussed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012, which could materially affect our business, financial condition and/or operating results. The risks described in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially and adversely affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

We did not sell any equity securities during the period covered in this report that were not registered under the Securities Act of 1933.

We did not repurchase any shares of our common stock during the period covered in this report.

Item 3. Defaults Upon Senior Securities.

Not applicable.

Item 4. Mine Safety Disclosures

Not applicable.
