Item 2.02. Results of Operations and Financial Condition.

On July 23, 2014, 8x8, Inc., or the Company, issued a press release announcing its financial results for the three months ended June 30, 2014. A copy of this press release is furnished as Exhibit 99.1 to this report. The press release should be read in conjunction with the statements regarding forward-looking statements, which are included in the text of the release.

In addition to disclosing financial results calculated in accordance with U.S. generally accepted accounting principles (GAAP), management also presents information regarding the Company's performance over comparable periods based on net income and net income per share, exclusive of non-cash tax adjustments, stock-based compensation and amortization of acquired intangible assets. Because management discloses financial measures calculated without taking into account these items, these financial measures are characterized as "non-GAAP financial measures" under Securities and Exchange Commission rules.

Non-cash tax adjustments represented the difference between the amount of taxes the Company expects to pay and the GAAP tax provision each period. Management excludes non-cash tax adjustments because they are non-cash transactions.

Stock-based compensation charges represent non-cash charges related to equity awards granted by the Company. Although these are recurring charges to the Company's operations, management has excluded stock-based compensation expense because it relies on valuations based on future events, such as the market price of the Company's common stock, that are difficult to predict and are affected by market factors that are largely not within the control of the Company. Thus, management believes that excluding these charges facilitates comparisons of the Company's operational performance in different periods, as well as with similarly determined non-GAAP financial measures of comparable companies.

Amortization of acquired intangible assets results from the Company's acquisitions of Contactual, Inc. and Zerigo, Inc. in fiscal 2012 and Voicenet Solutions Limited in fiscal 2014. Amortization of acquired intangible assets was excluded because it was a non-cash expense that the Company does not consider part of ongoing operations when assessing the Company's financial performance.

Management and the Company's board of directors will continue to analyze these non-GAAP financial measures to assess the business and compare operating results to the Company's performance objectives. For example, the Company's budgeting and planning process utilizes these non-GAAP financial measures, along with other types of financial information.

The Company discloses these non-GAAP financial measures to the public as an additional means by which investors can assess the Company's performance and to identify the Company's operating results for investors on the same basis applied by management. The non-GAAP financial measures disclosed by the Company should not be considered a substitute for, or superior to, financial measures calculated in accordance with GAAP, and the financial results calculated in accordance with GAAP and reconciliations to those financial statements should be carefully evaluated. The non-GAAP financial measures used by the Company may be calculated differently from, and therefore may not

be comparable to, similarly titled measures used by other companies. The Company has provided reconciliations of the non-GAAP financial measures to the most directly comparable GAAP financial measures in the press release furnished as Exhibit 99.1.

Moreover, although these non-GAAP financial measures adjust expense, they should not be viewed as a pro forma presentation reflecting the elimination of the underlying share-based compensation programs, which are an important element of the Company's compensation structure. GAAP requires that all forms of share-based payments should be valued and included, as appropriate, in results of operations. Management believes these expenses are a material part of the Company's operating results.

Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Effective July 17, 2014, the role and responsibilities of Mr. Huw Rees have been modified, and his job title has been changed from Senior Vice President of Business Development to Vice President of Customer Advocacy & Referral Programs, which is not an executive officer position at the Company.

Item 9.01. Financial Statements and Exhibits

(d) Exhibits.

99.1 Press Release dated July 23, 2014

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Date: July 23, 2014
