Dear Stockholder:

The Proxy has been revised to correct some minor errors in table entries and totals, namely:

1. On page 7, the total shares for Mr. Michael Linton were added incorrectly and the correct total is 103,143, instead of 52,087.
2. On page 16, Mr. Richard Mandeborg's total target cash incentive potential was added incorrectly and the total is \$106,250, instead of \$100,000, bringing the percentage to 47% instead of 44%.
3. On page 16, Mr. Timothy Krozek's actual cash incentive paid for Q4 2010 is \$10,181, instead of \$8,750, and Mr. Krozek's total target cash incentive potential was summed incorrectly and should be \$124,115, instead of \$175,000.
4. There are additional errors in the table on page 24, and the totals should be as follows:

Joshua Pickus – total is 7,113,608, instead of 1,660,752.

Shelly Shaffer – total is 1,681,977, instead of 403,953.

Anthony Rodio – total is 859,688, instead of 325,257.

Timothy Krozek – total is 610,724, instead of 431,468.

PROXY STATEMENT FOR
2011 ANNUAL MEETING OF STOCKHOLDERS
To be Held on May 25, 2011

General

The enclosed Proxy Statement is solicited on behalf of the Board of Directors (the “Board”) of Support.com, Inc. (“Support.com” or “the Company”) for use at the Annual Meeting of Stockholders (the “Annual Meeting”), to be held at our principal executive offices located at 1900 Seaport Boulevard, 3rd Floor, Redwood City, California, 94063, on Wednesday, May 25, 2011, at 12:00 p.m., Pacific Time, and at any adjournments or postponements thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders.

Our principal executive offices are located at the address listed at the top of the page, and the telephone number there is (650) 556-9440.

Record Date, Voting and Quorum

Our Board fixed the close of business on April 5, 2011 as the Record Date for the determination of holders of our outstanding shares entitled to notice of, and to vote on, all matters presented at the Annual Meeting. Such stockholders will be entitled to one vote for each share held on each matter submitted to a vote at the Annual Meeting. As of the Record Date, there were approximately 48,233,143 shares of our Common Stock issued and outstanding. This Proxy Statement, the accompanying form of proxy card and the Company’s annual report to stockholders are first being mailed on or about April 28, 2011 to all stockholders of record at the close of business on April 5, 2011.

The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of our Common Stock issued and outstanding on the Record Date. Shares that are voted “FOR” or “AGAINST” a proposal or marked “ABSTAIN” are treated as being present at the Annual Meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting. Broker “non-votes” are also included for purposes of determining whether a quorum of shares of Common Stock is present at the Annual Meeting. A broker “non-vote” occurs when a nominee holding shares of common stock for the beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Required Vote

On all matters, each share has one vote. Directors are elected by a plurality vote. Therefore, the nominees for the seven director seats who receive the most affirmative votes of shares outstanding as of the Record Date that are present in person or represented by proxy at the Annual Meeting will be elected to serve as directors. With respect to the proposal regarding the election of our directors, neither broker “non-votes” nor abstentions are included in the tabulation of the voting results and, therefore, they do not have the effect of votes “AGAINST” such proposal. The proposals to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2011 and to approve the ESPP require the affirmative vote of the holders of a majority of the outstanding shares as of the Record Date that are present in person or represented by proxy at the Annual Meeting and voted on such matters. Therefore, neither broker “non-votes” nor abstentions are included in the tabulation of the voting results

and, accordingly, they do not have the effect of votes “AGAINST” such proposals. The proposal for the advisory vote on our named executive officer compensation is advisory and an affirmative vote of the holders of a majority of the outstanding shares as of the Record Date that are present in person or represented by proxy at the Annual Meeting and entitled to vote will signify an approval. Broker “non-votes” and abstentions will not count as votes in favor of the advisory vote on named executive officer compensation, and abstentions, but not “broker non-votes,” will have the effect of votes “AGAINST” such proposal. The advisory vote on the frequency for future advisory votes on our named executive officer compensation shall be determined by whichever of the choices — annually, every other year or every three years — receives the greatest number of votes cast. Therefore, neither broker “non-votes” nor abstentions are included in the tabulation of the voting results and, accordingly, they will not affect the outcome of such proposal.

Voting

Stockholders who have their shares in “street name,” meaning the name of a broker or other nominee who is the record holder, must either direct the record holder of their shares to vote their shares or obtain a proxy from the record holder to vote their shares at the Annual Meeting.

Table of Contents

Stockholders may vote their shares:

- by attending the Annual Meeting and voting their shares of Common Stock in person;
- by completing the enclosed proxy card, signing and dating it and mailing it in the enclosed postage-prepaid envelope;
- by following the instructions for Internet voting printed on your proxy card; or
 - by using the telephone number printed on your proxy card.

Our Board is asking you to give your proxy to Joshua Pickus, our President and Chief Executive Officer, and Greg Wrenn, our Senior Vice President, General Counsel and Secretary. Giving your proxy to Mr. Pickus and Mr. Wrenn means that you authorize Mr. Pickus, Mr. Wrenn or either of them to vote your shares at the Annual Meeting. You may vote "FOR" or "AGAINST" the proposals or in the case of Proposal No. 3, to choose from one, two or three years, or abstain from voting. All valid proxies received prior to the Annual Meeting will be voted. All shares represented by a proxy will be voted, and where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If no choice is indicated on the proxy, the shares will be voted (i) "FOR" the proposal to elect Shawn Farshchi, Mark Fries, Michael Linton, J. Martin O'Malley, Joshua Pickus, Toni Portmann and Jim Stephens to the Board until our 2012 Annual Meeting of stockholders and thereafter until their successors are elected and qualified, (ii) "FOR" the proposal to adopt and approve the ESPP, (iii) "FOR" the proposal to appoint Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2011, (iv) "FOR" the proposal to approve on an advisory basis, our named executive officer compensation, (v) "FOR" the proposal to hold an advisory vote on the frequency of future advisory votes on our named executive officer compensation every three (3) years; and (vi) as the proxy holders may determine in their discretion with respect to any amendments or variations to these matters and any other matters that properly come before the Annual Meeting.

Stockholders who have questions or requests for assistance in completing or submitting proxy cards should contact Carolyn Bass, Investor Relations, at (415) 445-3232.

Revocability of Proxies

A stockholder giving a proxy has the power to revoke his or her proxy, at any time prior to the time it is voted, by:

- delivering to our principal offices (Attention: Investor Relations) a written instrument that revokes the proxy;
- submitting another properly completed proxy with a later date; or
- attending the Annual Meeting and voting in person.

Simply attending the Annual Meeting will not constitute revocation of your proxy. If your shares are held in the name of a broker or other nominee who is the record holder, you must follow the instructions of your broker or other nominee to revoke a previously given proxy.

The form of proxy accompanying this Proxy Statement confers discretionary authority upon the named proxy holders with respect to amendments or variations to the matters identified in the accompanying Notice of Annual Meeting and with respect to any other matters which may properly come before the Annual Meeting. As of the date of this Proxy Statement, management knows of no such amendment or variation or of any matters expected to come before the Annual Meeting which are not referred to in the accompanying Notice of Annual Meeting.

Attendance at the Annual Meeting

Only holders of the shares of our outstanding Common Stock, their proxy holders, and guests we may invite may attend the Annual Meeting. If you wish to attend the Annual Meeting in person but you hold your shares through someone else, such as a broker, you must bring proof of your ownership and photo identification to the Annual Meeting. For example, you could bring an account statement showing that you beneficially owned shares of our Common Stock as of the Record Date as acceptable proof of ownership. You must also contact your broker and follow its instructions in order to vote your shares at the Annual Meeting. If you hold your shares through a broker you may not vote your shares at the Annual Meeting unless you have first followed the procedures outlined by your broker.

Solicitation of Proxies

In addition to solicitation by mail, our directors, officers and employees may solicit proxies by telephone, other electronic means or in person. These people will not receive compensation for their services, but we will reimburse them for their out-of-pocket expenses. We will bear the cost of printing and mailing proxy materials, including the reasonable expenses of brokerage firms and others for forwarding the proxy materials to beneficial owners of Common Stock. We have also retained Morrow & Co., LLC, 470 West Avenue, Stamford, CT 06902, a proxy solicitation firm, to assist in the solicitation of proxies for a fee of approximately \$10,000 to \$15,000, plus out-of-pocket expenses.

Table of Contents

Other Business

We are not currently aware of any business to be acted upon at the Annual Meeting other than the matters discussed in this Proxy Statement. Under our amended and restated bylaws, business transacted at the Annual Meeting is limited to matters relating to the purposes stated in the Notice of Annual Meeting, which is provided at the beginning of this Proxy Statement. If other matters do properly come before the Annual Meeting, or at any adjournment of the Annual Meeting, we intend that shares of our outstanding Common Stock represented by properly submitted proxies will be voted by and at the discretion of the persons named as proxies on the proxy card. In addition, the grant of a proxy will confer discretionary authority on the persons named as proxies on the proxy card to vote in accordance with their best judgment on procedural matters incident to the conduct of the Annual Meeting.

WHETHER OR NOT YOU EXPECT TO ATTEND THE ANNUAL MEETING IN PERSON, YOU ARE REQUESTED TO COMPLETE, DATE, AND SIGN THE PROXY CARD AND RETURN IT PROMPTLY, OR VOTE BY TELEPHONE OR VIA THE INTERNET BY FOLLOWING THE DIRECTIONS ON THE PROXY CARD. BY RETURNING YOUR PROXY CARD OR VOTING BY PHONE OR THE INTERNET PROMPTLY, YOU CAN HELP US AVOID THE EXPENSE OF FOLLOW-UP MAILINGS TO ENSURE A QUORUM IS PRESENT AT THE ANNUAL MEETING. STOCKHOLDERS OF RECORD WHO ATTEND THE ANNUAL MEETING MAY REVOKE A PRIOR PROXY AND VOTE THEIR SHARES IN PERSON AS SET FORTH IN THIS PROXY STATEMENT.

STOCKHOLDER MATTERS

Stockholder Communications with our Board

Our Board believes it is in the best interest of the Company and our stockholders to maintain a policy of open communication between our stockholders and the Board. Accordingly, our Board has adopted the following procedures for stockholders who wish to communicate with the Board:

Stockholders who wish to communicate with the Board or with specified directors should do so by sending any communication to The Board of Directors, c/o Investor Relations, Support.com, Inc., 1900 Seaport Boulevard, 3rd Floor, Redwood City, California 94063, or by sending an email to IR@support.com.

Any such communication must state the number of shares beneficially owned by the stockholder making the communication. The Investor Relations department will forward such communication to the full Board or to any individual director or directors to whom the communication is directed, unless the communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Investor Relations department (after consultation with the Company's legal department, if appropriate) shall have the authority to discard the communication or take appropriate legal action regarding the communication.

Stockholder Proposals

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2011 Annual Meeting must be received by our corporate secretary, at our corporate offices at 1900 Seaport Boulevard, 3rd Floor, Redwood City, California 94063, no less than fifty (50) days nor more than seventy-five (75) days prior to the Annual Meeting; provided, however, that in the event that less than sixty-five (65) days' notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be so received not later than the close of business on the 15th day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made. These requirements apply whether or not a stockholder seeks to include the proposal in our 2011 proxy statement relating to any such annual meeting. Therefore,

proposals of stockholders of the Company that are intended to be presented by such stockholders for consideration at the 2012 annual meeting of stockholders must be submitted to the Company no less than fifty (50) days nor more than seventy-five (75) days prior to the 2012 annual meeting. If less than sixty-five (65) days' notice or prior public disclosure of the date of the 2012 annual meeting is given or made to stockholders, then the deadline will instead be the close of business on the 15th day following notice of the date of the 2012 annual meeting or public disclosure of such date, whichever occurs first.

For each matter the stockholder proposes to bring before the annual meeting, the stockholder's notice to our corporate secretary must include specific information called for in our bylaws. For a proposal to be included in our proxy, such proposal will also need to comply with SEC regulations such as Rule 14a-8 of the Exchange Act regarding the inclusion of stockholder proposals in any Company-sponsored proxy materials.

Table of Contents

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board is committed to sound and effective corporate governance practices designed to serve the best interests of the Company and our stockholders. These governance principles and procedures are reflected in our Corporate Governance Guidelines (the “Guidelines”). Among other matters, the Guidelines address the composition of the Board, Board operations, director qualifications and independence, director responsibilities, Board committees, Board and management evaluation, and management succession planning. The Guidelines are available on our website at:

<http://corp.support.com/sites/default/files/Corporate%20Governance%20Guidelines.pdf>

Copies of the Guidelines are also available in print upon written request to Support.com, Inc., Attention: Corporate Secretary, 1900 Seaport Boulevard, 3rd Floor, Redwood City, California 94063.

Code of Ethics

Integrity is one of our core values. The Board has adopted a Code of Ethics and Business Conduct (the “Code of Ethics”) applicable to our employees, officers and directors. The Code of Ethics is designed to deter wrongdoing and to promote honest and ethical conduct. The Code of Ethics includes standards designed to ensure full, accurate, and timely disclosure in reports filed with the Securities and Exchange Commission, promote compliance with laws, eliminate or properly manage conflicts of interest, encourage prompt internal reporting of violations of the Code of Ethics, and ensure accountability for the adherence to the Code of Ethics. The Code of Ethics is available on our website at:

<http://corp.support.com/sites/default/files/Code%20of%20Ethics.pdf>

Copies of the Code of Ethics are also available in print upon written request to Support.com, Inc., Attention: Corporate Secretary, 1900 Seaport Boulevard, 3rd Floor, Redwood City, California 94063.

Director Independence

It is our policy that a majority of our directors be independent. The Board has determined that six of our seven directors are independent, namely our Chairman Mr. Stephens and Messrs. Farshchi, Fries, Linton, O’Malley and Ms. Portmann, based upon the listing standards of the NASDAQ Global Select Market and applicable laws and regulations. Our Board has also determined that the only director who is standing for election to the Board and is not independent is Mr. Pickus, our President and Chief Executive Officer.

Board Leadership and Risk Oversight

The Board has determined that having an independent director serve as Chairman of the Board is in the best interest of stockholders at this time. As a result, positions of Chairman of the Board and Chief Executive Officer are not currently held by the same person. This structure promotes active participation of the independent directors in setting agendas and establishing priorities for the work of the Board. This leadership structure also is believed to be preferred by a significant number of the Company’s stockholders. While the Board believes its current leadership structure is appropriate at this time, the Board may determine in the future that the positions of Chief Executive Officer and Chairman of the Board should be held by the same individual.

The Board is primarily responsible for the oversight of risks that could affect the Company. This oversight is conducted principally through committees of the Board, as disclosed in the descriptions of each of the committees below and in the charters of each of the committees, but the full Board has retained responsibility for general oversight of risks. The Board satisfies this responsibility by requiring each committee chair to regularly report to the Board regarding the committee's considerations and actions, and by requiring officers responsible for oversight of particular risks within the Company to report on a regular basis as well.

In addition to regular required reporting from committees and officers, the Board also hears from third-party advisors in order to maintain oversight of risks that could affect the Company, including reviews with the Company's independent registered public accounting firm and compliance experts for internal controls and tax, as well as outside counsel, compensation consultants, insurance brokers and others. These advisors are consulted on a periodic basis and as particular issues arise in order to provide the Board with the benefit of independent expert advice and insights on risk-related matters.

The Board conducts regularly scheduled meetings throughout the year, and also acts at special meetings and by unanimous written consent, as may be appropriate. In fiscal 2010 the Board held eleven meetings. During their respective terms, all directors attended at least 75% of the aggregate number of meetings of the Board and of the committees on which such directors served in fiscal 2010. Director attendance at the Company's Annual Meeting is encouraged but not required. The following directors attended the 2010 Annual Meeting of stockholders: Shawn Farshchi, Mark Fries, Michael Linton, J. Martin O'Malley, Joshua Pickus and Jim Stephens.

Table of Contents

Executive Sessions

Our independent directors meet at least three times per year in executive session without management or non-independent directors present.

Committees of the Board of Directors

Our Board delegates certain responsibilities to committees of independent directors. The Board has a standing Nominating and Governance Committee, Compensation Committee, and Audit Committee. Members of these committees are selected by the Board upon the recommendation of the Nominating and Governance Committee. The charter of each of these standing Board committees is available through our website at:

<http://www.support.com/about/investor-relations/corporategovernance>

Committee charters are also available in print upon written request to Support.com, Inc., Attention: Corporate Secretary, 1900 Seaport Boulevard, 3rd Floor, Redwood City, California 94063.

Nominating and Governance Committee

The Nominating and Governance Committee's primary functions are to seek and recommend to the Board qualified candidates for election or appointment to the Board, and to oversee matters of corporate governance, including the evaluation of the Board's performance and processes and assignment of members to committees established by the Board.

From January 2010 to July 2010, the members of the Nominating and Governance Committee were Messrs. Eichler, Stephens, and Fries. Upon Mr. Eichler's resignation from the Board in July 2010, Mr. Linton was appointed to the Nominating and Governance Committee. From July 2010 to February 2011, the members of the Nominating and Governance Committee were Messrs. Linton, Fries, and Stephens. In February 2011, Ms. Portmann was appointed to the Nominating and Governance Committee, and accordingly the members of the Nominating and Governance Committee are currently Messrs. Linton, Fries, Stephens, and Ms. Portmann. Mr. Fries serves as Chair of the Committee. The Nominating and Governance Committee held two meetings during 2010.

Compensation Committee

Our Compensation Committee's principal responsibilities are to determine all compensation of Named Executive Officers of the Company; act as plan administrator for our equity incentive plans; review the annual performance of the Chief Executive Officer; and provide guidance to the Chief Executive Officer for the annual performance appraisals of other Named Executive Officers.

From January 2010 to July 2010, the members of the Compensation Committee were Messrs. O'Malley, Stephens, Fries, and Linton. Upon Mr. Eichler's resignation from the Board in July 2010, Mr. Farshchi was appointed to the Compensation Committee and Messrs. O'Malley and Fries stepped down. From July 2010 to February 2011, the members of the Compensation Committee were Messrs. Farshchi, Linton, and Stephens. In February 2011, Ms. Portmann was appointed to the Compensation Committee, and accordingly the members of the Compensation Committee are currently Messrs. Farshchi, Linton, Stephens, and Ms. Portmann. Mr. Linton serves as Chair of the Compensation Committee. The Compensation Committee held seven meetings during 2010.

Audit Committee

The Audit Committee assists the Board in its general oversight of our financial reporting, internal controls and audit functions, and is directly responsible for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm. The Audit Committee's primary functions are to approve the provision of all auditing services and to approve the terms and fees of all non-audit services provided by the independent registered public accounting firm; meet and consult with the independent registered public accounting firm; advise and assist the Board in evaluating the independent registered public accounting firm; review the financial statements to be included in filings with the SEC; and establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters.

From January 2010 to July 2010, the members of the Audit Committee were Messrs. Eichler, Farshchi and O'Malley. Upon Mr. Eichler's resignation from the Board in July 2010, Mr. Fries was appointed to the Audit Committee and accordingly since July 2010 the members of the Audit Committee have been Messrs. Farshchi, O'Malley, and Fries. Mr. O'Malley serves as Chair of the Committee. The Board has determined that Mr. O'Malley is a financial expert, as defined under SEC rules. In addition, the Board has determined that each member of the Audit Committee is financially literate and has the requisite financial sophistication as required by the applicable listing standards of the NASDAQ Global Select Market. The Audit Committee held eight meetings during 2010.

Additional information regarding the Audit Committee is included in the "Report of the Audit Committee of the Board of Directors" below.

Table of Contents

Director Qualifications

The primary qualifications for service on the Board are a distinguished record of leadership and success, and an ability to make substantial contributions to the Board and Support.com. The Nominating and Governance Committee periodically reviews with the Board the appropriate skills and characteristics required of Board members, and will continue to do so, as the Company and its needs continue to change in the pursuit of its long-term strategic objectives. The assessment of Board candidates includes, but is not limited to, consideration of relevant industry experience, general business experience, relevant financial experience, and compliance with independence and other qualifications necessary to satisfy any applicable securities and tax laws and the rules and regulations thereunder, as well as the rules of the NASDAQ Global Select Market.

Further, specific consideration is given to, among other things, diversity of background and the experience a candidate would bring to the Board, as stated in the Corporate Governance Guidelines adopted April 2008. The Board defines “diversity” for this purpose to include both background and experience in business, as well as in terms of the Company’s standing policies promoting diversity and non-discrimination based on factors such as race, color, national origin, religion, sexual orientation, and gender.

Director Nominations

The Nominating and Governance Committee considers and recommends candidates for Board membership. Candidates may be suggested by Board members, management, or our stockholders. The Nominating and Governance Committee also has, on occasion, retained third-party executive search firms to identify independent director candidates. After completing an evaluation and review of a director candidate, the Nominating and Governance Committee makes a recommendation to the full Board, and the Board determines whether the candidate should be nominated as a director.

The Nominating and Governance Committee will consider director candidates recommended by our stockholders. Such nominations should be directed to the Nominating and Governance Committee, c/o Corporate Secretary, at our principal executive offices: 1900 Seaport Boulevard, 3rd Floor, Redwood City, CA 94063. In addition, the stockholder must give notice of a nomination to our Corporate Secretary at the same address, and such notice must be received not less than 120 days before any meeting of stockholders called for the election of directors. However, if less than 100 days notice of the meeting is given to stockholders, such nomination must be mailed or delivered to the Corporate Secretary not later than the close of business on the 7th day following the day on which the notice of meeting was mailed.

For each proposed nominee who is not an incumbent director, the stockholder’s notice must set forth specific information called for in our bylaws. There have been no recent material changes to the procedures by which stockholders may recommend nominees for the Board.

Compensation Committee Interlocks and Insider Participation

Under the securities laws of the United States, Support.com’s directors, executive officers and any persons holding more than 10% of the our common stock are required to report their initial ownership of our common stock and any

subsequent changes in that ownership to the Securities and Exchange Commission. Specific due dates for these reports have been established and we are required to identify in this Proxy Statement those persons who failed to timely file these reports. Based solely on a review of Forms 3, 4 and 5 and any amendments thereto furnished to us, we believe that all of the Section 16 filing requirements were timely satisfied for 2010, with the exception that, due to administrative error, Shelly Schaffer's Form 4 for transactions occurring on November 4, 2010 was filed on November 9, 2010 and Anthony Rodio's Form 4 for transactions occurring on December 7, 2010 was filed on December 13, 2010.

Certain Relationships and Related-Party Transactions

We have a process for review and approval of any relationships and transactions in which we and our directors, executive officers, 5% stockholders or their immediate family members ("Related Persons") are participants to determine whether those Related Persons may have a direct or indirect material interest. We collect and update information about the affiliations of our executive officers and directors annually through Director & Officer Questionnaires and use the list of known related parties to identify any transactions with related persons. In addition, at the close of each fiscal quarter we survey our Finance, Legal and Executive staff for knowledge of transactions with Related Persons. Our Ethics Committee reviews any such related party transactions, under the supervision of the Audit Committee. Our Ethics Committee is comprised of our General Counsel and our Chief Financial Officer.

DIRECTOR COMPENSATION

We compensate our six independent, non-employee directors for serving on our Board. We do not pay Mr. Pickus, the only Company employee serving as a director, any additional compensation for serving on our Board. Our Board reviews from time to time the compensation we pay to our non-employee directors and recommends, as appropriate, adjustments to such compensation. The compensation we pay to our non-employee directors consists of two components: equity and cash.

Equity. On the date that an individual first becomes a non-employee director, we grant him or her an option to purchase 40,000 shares of our common stock. These grants are currently made under our 2010 Equity and Performance Incentive Plan (the “2010 Plan”). These options vest in equal monthly installments over a 48-month period. Historically, at the conclusion of each regular annual meeting of our stockholders, each continuing non-employee director received a grant of an option to purchase 10,000 shares of our common stock.

Each option granted to non-employee directors, other than the initial 40,000 share grant, immediately vests and is exercisable on the date of grant. Options granted to non-employee directors have an exercise price equal to the closing price of our common stock on the NASDAQ Global Select Market on the date of grant and a term of seven years. All other option grants to non-employee directors that are not otherwise immediately vested at the time of grant immediately and fully vest upon a change of control.

Cash Retainer. We pay non-employee directors an annual retainer of \$30,000 for serving as a director and an additional annual retainer of \$10,000 to each of the chairs of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. We pay an additional annual retainer of \$20,000 to the Chairman of the Board. The retainers are paid quarterly.

The following table sets forth a summary of the compensation paid to our non-employee directors for service in 2010. The compensation we paid to Mr. Pickus for service in 2010 is included in the 2010 Summary Compensation Table below showing the compensation for our Named Executive Officers. Mr. Pickus received no additional compensation for 2010 in respect of his service as a member of our Board.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

This discussion and analysis of our 2010 executive compensation program may include forward-looking statements, and should be read together with the compensation tables and related disclosures that follow.

Support.com is a leading independent provider of online care for the digital home and small business.

Support.com was founded in 1997 under the name SupportSoft, Inc. as an enterprise software provider focused on technical support organizations. In 2007 we launched our consumer services business. In June 2009 we sold our enterprise business, changed our name to Support.com, Inc. and focused our efforts purely on the consumer and small business market.

As further discussed in this section, our executive compensation program was redesigned in 2009 in light of the sale of our enterprise software business and the transformation of the Company into a smaller operation focused on a high-growth consumer business. This included in 2009 a reduction in cash compensation for executive officers, and a greater emphasis at the time on long-term equity-based incentives. Our program is designed to reward our executive officers, consistent with our peer group and market, when they contribute to the achievement of our business objectives and create long-term stockholder value.

This executive compensation program and philosophy continued without material changes through 2010, and we believe it has contributed substantially to the achievements of the Company during this period.

The following discussion and analysis explains our executive compensation program and policies for our executives listed in the Summary Compensation Table below for fiscal year 2010. We refer to these senior executives as our Named Executive Officers.

For 2010, our Named Executive Officers were:

Name	Title
Joshua Pickus	President and Chief Executive Officer
Shelly Schaffer	Chief Financial Officer and Executive Vice President of Finance and Administration
Anthony Rodio	Executive Vice President, Chief Operating Officer
Timothy Krozek(1)	Senior Vice President, Business Development & Program Management
Richard Mandeberg(2)	Former Executive Vice President, Chief Revenue Officer

(1)Mr. Krozek joined the Company on April 15, 2010 and became an Executive Officer on October 26, 2010 upon the expansion of his responsibilities to include program management operations as well as business development.

(2)Mr. Mandeberg left his employment with the Company on April 30, 2010. From April 30, 2010, until August 31, 2010, Mr. Mandeberg was an independent contractor performing transition services on behalf of the Company.

Executive Compensation Philosophy and Objectives

The Executive Compensation plan is designed to attract and retain talented executives that will lead the Company in achieving its business goals and objectives and in creating long-term shareholder value. In keeping with our philosophy of aligning pay with performance, a significant portion of our Named Executive Officers' compensation is "at risk" and comprised of both short-term performance-based cash incentives and long-term equity awards. For us, "at risk" compensation consists of incentive cash compensation that is directly linked to performance against quarterly objectives set by the Compensation Committee, and interests in stock option grants priced at or above fair market value on the grant date, and vesting over multi-year periods or in some cases upon achievement of performance milestones.

The principal elements of our executive compensation program are

- base salary;

Table of Contents

- short-term, performance-based cash incentive awards;
- long-term, equity-based awards; and
- other benefits customary for our peer group.

We believe long-term stock option grants are particularly effective as a means of aligning the interests of our Named Executive Officers with those of our stockholders as these awards are designed to drive both long-term company performance and retention of key executives. We believe this because the equity awards will not deliver any return to our executives unless our stock price increases after the time the award is made. Accordingly, we will normally seek to establish long-term equity incentives as a significant ongoing component of our executive compensation program. We also believe that short-term cash incentives are an important and effective way to align Named Executive Officer pay with company performance because short-term cash incentives are actually earned only when our Named Executive Officers help us achieve our specific short-term business objectives.

Analysis of 2010 Executive Compensation

Base Salary

Base salary is the baseline cash compensation that we pay to our Named Executive Officers throughout the year. Base salaries provide our Named Executive Officers with a predictable level of income. We pay base salaries to attract and retain strong talent in our market. The Compensation Committee determines individual Named Executive Officer salaries and does not apply any specific formula. In determining appropriate base salaries, in addition to reviewing the peer company data compiled by Compensia, Inc. (“Compensia”), an independent compensation consultant, and market data from industry compensation surveys such as the Radford survey and other sources, the Compensation Committee generally considers:

- the scope of responsibility and experience of the executive officer;
- the individual performance of each existing executive officer;
 - competitive market compensation;
 - internal equitable considerations;
- the significance of the individual to the achievement of our corporate objectives; and

in the case of Named Executive Officers other than the Chief Executive Officer, the Chief Executive Officer’s recommendation as to compensation.

Base salaries are reviewed annually by the Compensation Committee along with other elements of executive compensation.

The annual base salary amounts for our Named Executive Officers for 2010 are set forth in the table below and remained unchanged through 2010 from their levels at the end of 2009 for officers employed at that time:

For more information about our Named Executive Officers' base salaries for 2010, see the 2010 Summary Compensation Table below.

Short-Term, Performance-Based Cash Incentive Awards

We pay short-term performance-based cash incentives in 2010 under our Executive Incentive Compensation Plan to attract and retain talented executives who will help us achieve our business objectives, and to align executive pay with achievement against near-term company performance objectives. In determining appropriate short-term cash incentive opportunities for each Named Executive Officer, in addition to reviewing market data from industry compensation surveys such as Radford, and data from Compensia as an independent compensation consultant, the Compensation Committee assesses the same factors that are considered in determining base salary. Actual payouts for our short-term cash incentive awards for each Named Executive Officer are based on the achievement of specified company financial targets and individual objectives established at the beginning of each quarter as determined by the Compensation Committee.

Table of Contents

For 2010, our short-term cash incentive award payout approach was as follows:

• incentive compensation for Company financial targets was paid on a straight-line sliding scale if the Company achieved between the minimum threshold of 70% (achievements under 70% received no payout) and the maximum achievement of 130% (achievements over 130% received 130% payout).

• targets specific to individual performance were not eligible for achievement levels above 100% of target, but could be assigned partial credit based on actual achievement;

• incentive compensation for program revenue and software revenue and margin targets was paid on a straight-line sliding scale if the Company achieved between the minimum threshold of 80% (achievements under 80% received no payout) and the maximum achievement of 120% (achievements over 120% received 120% payout);

• business development targets for deals closed could be earned above or below annual targets on a straight-line sliding scale based on the Company's determination of deal value, up to 300% of the target.

The Compensation Committee determines in its sole discretion if, and to what extent, objectives are achieved and bonuses are payable. Pursuant to the Executive Incentive Compensation Plan, the Compensation Committee reserves the right to amend or discontinue the plan at any time in the best interests of the Company.

For 2010, the terms of our Named Executive Officers' short-term cash incentive awards and the payments made with respect to those awards were as follows:

For more information about our short-term cash incentive awards and payouts for 2010, see the 2010 Summary Compensation Table and 2010 Grants of Plan-Based Awards Table below.

Long-Term Equity Awards

We periodically make long-term equity awards at the discretion of the Compensation Committee to our Named Executive Officers to encourage them to work to create long-term value for our stockholders through sustained performance.

In light of equity awards made in 2009, which were accompanied by decreases in cash compensation, for our Named Executive Officers in association with a major transformation in the business of the Company, no new equity grants were made to Named Executive Officers in 2010 with the exception of a new hire grant made to Mr. Krozek when he joined the Company.

On April 12, 2010, our Compensation Committee adopted a policy stating the Compensation Committee's general intention to structure any future equity-based awards granted to Named Executive Officers during calendar years 2010, 2011 and 2012 such that a substantial portion (in this case, at least 50% on a share basis) of equity awards to named executive officers are performance-based. This same proportion may not apply to new hire grants in the event Named Executive Officers leave and must be replaced in the future depending on the competitive hiring market at the time, but any subsequent grants would include a substantial portion of performance-based shares. For the purposes of this paragraph, "performance-based" equity awards are either (1) time-based awards with a grant price equal to at least 125% of fair market value at the time of the grant, or (2) equity awards that are earned or paid out based on the achievement of other Company performance targets. The Compensation Committee intends to use performance criteria and hurdle rates that may be disclosed in the Company's periodic regulatory filings so that stockholders will know the minimum level of performance required for any equity grants to be earned.

Other Benefits

We also provide our Named Executive Officers with certain employee benefits that are generally consistent with both the employee benefits we provide to all of our employees and that are provided by other employers in Silicon Valley. These benefits consist of a tax-qualified defined contribution plan, which we refer to as our 401(k) plan (to which we do not make any employer contributions), health benefits, life insurance benefits, and other welfare benefits. We do not provide any special employee benefits for our Named Executive Officers other than increased life insurance coverage equal to \$300,000 per person, which increased coverage is also available to each of our employees who hold a position equal to or above the director level. Our employees who hold a position below the director level receive \$150,000 in life insurance coverage per person.

The Role of Consultants and Benchmarking Data

Historically the Compensation Committee reviewed data from a variety of sources to determine and set executive compensation, including benchmarking data and compensation information from peer companies, industry surveys, and outside compensation consultants. In 2009, the Compensation Committee together with members of our management team and the advice of an independent compensation consultant, Compensia, Inc., conducted a formal benchmarking review for purposes of: evaluating our executive compensation program as whole, in light of the sale of the Enterprise business; evaluating our individual Named Executive Officer compensation; and amending the Executive Incentive Compensation Plan.

In 2010, the Compensation Committee continued to review publicly filed data and solicit advice of Compensia as an independent compensation consultant. The Compensation Committee elected not to change the philosophy, design, or amount of executive compensation for Named Executive Officers in 2010.

Table of Contents

Compensia has been engaged directly by the Compensation Committee only to make recommendations on appropriate executive and director compensation levels, to design and implement incentive plans, and to provide information on industry and peer group pay practices. Compensia is independent of Support.com’s directors and officers, and has not been retained by the Board, any committee, or by management of the Company to provide any other services. Compensia’s fees for its services in 2010 were substantially below \$120,000.

Peer Group Analysis

For 2010, the Compensation Committee continued to use the peer group of companies identified in 2009 through the research and recommendations of Compensia. The peer group used for compensation benchmarking purposes during 2010 includes:

Acorn Energy, Inc.	Global Med Technologies, Inc.	Sonic Foundry, Inc.
Artificial Life, Inc.	Health Grades, Inc.	Unify Corporation
BIO-key International, Inc.	Intelli-Check – Mobilisa, Inc.	USA Technologies, Inc.
Bridgeline Software, Inc.	KIT digital, Inc.	Versant Corporation
Cover-All Technologies Inc.	Pervasive Software Inc.	WidePoint Corporation
Digimarc Corporation	Procera Networks, Inc.	
eGain Communications Corporation	Salary.com, Inc.	

In general, the Compensation Committee and our human resources department use the third quartile as a guideline for establishing individual compensation elements, as well as total compensation, for each of our Named Executive Officers. We have generally benchmarked compensation against the third quartile because we have found a need to pay cash compensation in the third quartile in order to attract top executive talent. When factoring in our pay for performance philosophy and our use of “at risk” compensation, we have found that our compensation packages generally remain in the third quartile of peer companies.

Tax Implications of Compensation Policies

Section 162(m) of the Internal Revenue Code generally places a limit of \$1,000,000 on the amount of compensation we may deduct for federal income tax purposes in any one year with respect to the compensation we pay to certain of our most highly compensated officers. In order to maintain flexibility in compensating our executive officers in a manner designed to promote achievement of Company goals, the Compensation Committee will not necessarily limit executive compensation to that which is deductible under Section 162(m) of the Internal Revenue Code. However, we currently expect that our executive officers will earn compensation less than \$1,000,000 per year in the foreseeable future.

Employment Arrangements, Termination of Employment Arrangements and Change in Control Arrangements

We have employment arrangements with our Named Executive Officers to assist with attraction and retention. The following paragraphs summarize the employment-related agreements for our current Named Executive Officers and provide additional information that we believe is helpful to an understanding of the information disclosed in the compensation tables and narratives below. For more information about post-termination payments under these employment arrangements, see “Potential Payments Upon Termination or Change-in-Control” below.

Joshua Pickus

On April 6, 2006, Mr. Pickus was appointed our President and Chief Executive Officer. In connection with this appointment, we entered into an offer letter with Mr. Pickus. This offer letter was amended and restated on December 23, 2008, and subsequently on July 28, 2009. Our arrangement with Mr. Pickus provided for him to receive an annual base salary of \$350,000 and a short-term cash incentive target of \$300,000 for 2006. Our Compensation Committee did not change Mr. Pickus' annual base salary or short-term cash incentive target for either 2007 or 2008. In connection with the sale of our enterprise business and the transformation of the business of the Company, Mr. Pickus' annual base salary was reduced to \$325,000 effective July 1, 2009 and his cash incentive potential was reduced from \$300,000 to \$170,000. These changes were made in connection with the other changes to our named executives' equity compensation in 2009.

Under the terms of our agreement with Mr. Pickus, in 2006, we granted Mr. Pickus an option to purchase 1,300,000 shares of common stock, which option vested in equal monthly installments over 48 months. Under the terms of our arrangement with Mr. Pickus, in 2006, we also granted Mr. Pickus two additional options, each providing for a right to purchase 200,000 shares of common stock, vesting in equal monthly installments over 48 months, subject to Mr. Pickus' continued employment. These two additional options to purchase 200,000 shares of common stock only become exercisable, to the extent vested, following the date as of which the fair market value of our common stock has first equaled or exceeded \$6 per share, and \$9 per share, respectively, for 20 consecutive trading days. As of the date of this Proxy Statement, the fair market value of our common stock has exceeded \$6 per share for 20 consecutive trading days, so one option grant for 200,000 shares of common stock will be fully exercisable as it vests over time, subject to Mr. Pickus' continued employment. Mr. Pickus' offer letter was amended again following the sale of our enterprise business in order to, among other things, reduce the price per share threshold referred to above to \$4.50 per share. As of the date of this Proxy Statement the fair market value of common stock has exceeded the established price for the established period of time. Each of these grants of 200,000 options was eligible for tender and was tendered under the stock option exchange program in 2009. Mr. Pickus has been granted additional stock options, as reflected in the table of outstanding equity awards below.

Table of Contents

Pursuant to Mr. Pickus' amended and restated offer letter, in the event of his involuntary termination, Mr. Pickus would be entitled to severance pay equal to 12 months of salary and 50% of his target short-term cash incentive in effect for the fiscal year in which he is terminated. If Mr. Pickus is involuntary terminated within 12 months following a change of control of the company, Mr. Pickus would be entitled to severance pay equal to 12 months of salary, 100% of his target short-term cash incentive in effect for the fiscal year in which he is terminated and the immediate vesting and exercisability of all of Mr. Pickus' option grants. In addition, if any amount payable to Mr. Pickus is subject to the excise tax imposed by Internal Revenue Code Section 4999 or similar state tax or assessment, we will pay Mr. Pickus an amount necessary to place Mr. Pickus in the same after-tax position had no such excise tax been imposed or assessed, as well as an amount to pay the income and excise taxes resulting from the payment of the excise tax amount. Under the terms of the offer letter, the maximum amount payable by us resulting from excise taxes imposed on Mr. Pickus is \$1,500,000.

Shelly Schaffer

Ms. Schaffer assumed the title of Chief Financial Officer on March 13, 2008. In connection with her employment, we entered into an offer letter with Ms. Schaffer. Our arrangement with Ms. Schaffer provided for her to receive an annual base salary of \$265,000 and a short-term cash incentive target of \$132,500 for 2008. Following the sale of our enterprise business, Ms. Schaffer's base salary was reduced to \$255,000 and her short term cash incentive target was reduced to \$92,000, in each case effective as of July 1, 2009. In addition, effective March 4, 2008, Ms. Schaffer was granted an option to purchase 449,000 shares of our common stock. Twenty-five percent of this option vested one full year after the grant date, and thereafter the option vested in equal monthly installments over the following 36 months, subject to Ms. Schaffer's continued employment. The foregoing grant was eligible for tender and was tendered under the stock option exchange program in 2009. Ms. Schaffer has been granted additional stock options, as reflected in the table of outstanding equity awards below.

Pursuant to the terms of Ms. Schaffer's offer letter, as amended and restated following the sale of our enterprise business, if Ms. Schaffer is terminated without cause or resigns for good reason, Ms. Schaffer would be entitled to severance pay equal to six months of base salary and 50% of the short-term cash incentive target in effect for the year in which she is terminated. If such termination or resignation follows within 12 months of a change of control of the company, Ms. Schaffer would also be entitled to vest immediately in 75% of any remaining unvested shares in her stock option equity awards.

Anthony Rodio

Mr. Rodio became our Chief Operating Officer for our consumer business effective August 4, 2008. Mr. Rodio's offer letter was amended and restated on October 6, 2008 for Internal Revenue Code Section 409A purposes and to amend certain other terms. Under the terms of our offer letter with Mr. Rodio, he was entitled to an annual salary of \$220,000 and an annual potential target short-term cash incentive of \$55,000. Effective November 1, 2007, our Compensation Committee increased Mr. Rodio's annual base salary to \$240,000. Mr. Rodio's annual potential target short-term cash incentive continued to be 25% of his annual base salary, meaning that his annual incentive target increased to \$60,000. Our Compensation Committee did not change Mr. Rodio's annual base salary or short-term cash incentive target for 2008. In January 2009, his base salary was increased by \$10,000; however, as discussed elsewhere in this Proxy Statement in relation to the sale of our enterprise business, the cash compensation paid to our Named Executive Officers, and the incentive compensation available to our Named Executive Officers, including Mr. Rodio, was reduced in July 2009 in connection with the restructuring of our compensation program to align compensation with our revised peer group, and to focus a larger portion on equity awards. Mr. Rodio's base salary was reduced to \$240,000 during 2009 and his incentive compensation target was set at \$85,000. In addition, effective September 6, 2006, Mr. Rodio was granted an option to purchase 399,000 shares of common stock. Twenty-five percent of this option vested one full year after the grant date, and thereafter the option vests in equal monthly installments over the

following 36 months, subject to Mr. Rodio's continued employment. Mr. Rodio has been granted additional stock options, as reflected in the table of outstanding equity awards below.

Pursuant to the terms of Mr. Rodio's offer letter, if Mr. Rodio is terminated without cause or resigns for good reason, Mr. Rodio would be entitled to severance pay equal to six months of base salary and 50% of the short-term cash incentive target in effect for the year in which he is terminated. If such termination or resignation followed a change of control of the company, Mr. Rodio would also be entitled to vest in 50% of any remaining unvested shares underlying his initial grant of the option to purchase 399,000 shares of common stock, and other grants are subject to the standard change of control provisions under the applicable equity plan documents.

Richard Mandeberg

Mr. Mandeberg terminated his employment on April 30, 2010, and received a severance payment of \$162,500.00. From April 30, 2010, until August 31, 2010, Mr. Mandeberg was an independent contractor performing transition services on behalf of the Company.

Timothy Krozek

Mr. Krozek, who was appointed our Senior Vice President of Business Development beginning April 15, 2010, became an Executive Officer effective October 26, 2010. In connection with his employment, we entered into an offer letter with Mr. Krozek. Under the negotiated terms of our offer letter with Mr. Krozek, he was entitled to an annual salary of \$225,000 and a potential short-term cash incentive bonus of up to \$175,000 per year. Pursuant to the terms of Mr. Krozek's offer letter, if Mr. Krozek is terminated without cause or resigns for good reason, Mr. Krozek would be entitled to severance pay equal to six months of base salary and 50% of the short-term cash incentive target in effect for the year in which he is terminated. If such termination or resignation follows within 12 months of a change of control of the company, Mr. Krozek would also be entitled to vest immediately in 33% of any remaining unvested shares in his stock option equity awards. Our Compensation Committee did not change Mr. Krozek's annual base salary or short-term cash incentive target for 2010 after he was hired. Effective April 15, 2010, Mr. Krozek was granted an option to purchase 400,000 shares of common stock as a new hire grant. Twenty-five percent of this new hire option grant vests one full year after the grant date, and thereafter the option vests in equal monthly installments over the following 36 months, subject to Mr. Krozek's continued employment.

Compensation-Related Risk Analysis

During march of 2011, the Company's management, in conjunction with the Company's legal, accounting, human resources and finance departments, undertook a quantitative and qualitative review of the Company's compensation policies and practices that applied to all Company employees whose compensation includes any variable or incentive compensation element, as well as policies and practices of different groups that mitigate or balance such incentives. As part of this review, these parties reviewed, considered, and analyzed the extent to which, if any, the Company's compensation policies and practices might create risks for the Company, and relevant controls and mitigating factors.

After conducting this review, management found that none of the Company's compensation policies and practices for its employees creates any risks that are reasonably likely to have a material adverse effect on the Company. The Board has reviewed the results of management's analysis and concurs with management's assessment.

- (1) The amounts disclosed in column (f) for 2010 represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 of the stock option awards granted in 2010, excluding the effect of certain forfeiture assumptions. Amounts reported in this column for 2009 and 2008 have been recomputed in this same manner. We estimate the fair value of stock options granted using the Black-Scholes option pricing model. This pricing model requires a number of complex assumptions including volatility, expected term, risk-free interest rate, and expected dividends. Since the sale of our Enterprise business, we have based our expected volatility calculation on available Company-specific volatility for the period following the sale of our Enterprise business with the volatility of a peer group. The relative weight given to Company-specific volatility increases each reporting period, while the relative weighting for our peer group's volatility decreases. Given the expected life of our stock grants, we expect company-specific volatility to wholly account for our volatility estimates beginning in 2013. The expected term represents the period that our stock options are expected to be outstanding and was determined based on historical experience of similar stock options considering the contractual terms of the stock options, vesting schedules and expectations of future employee behavior. The average assumptions used to calculate the fair value of stock options granted in 2010 were volatility of 66.6% risk-free interest rate of 1.7%, expected dividend of 0%, and expected life of 3.6 years, and in 2009 were volatility of 63.1%, risk-free interest rate of 2.0%, expected dividend of 0%, and expected life of 3.6 years. For more information about the assumptions used for stock options awarded, please refer to our audited financial statements located in our Annual Report on Form 10-K for the year ended December 31, 2010. The stock option awards granted in 2009 include options granted pursuant to the exchange offer described in our previously filed proxy statement for the year ended December 31, 2009.
- (2) The amounts disclosed in column (g) for 2010 reflect the aggregate short-term cash incentive awards earned for all four quarters of the 2010 fiscal year under the annual incentive plan. Payouts for earned awards were made both in 2010 and 2011.
- (3) Our employees may participate in our 401(k) plan, which is a tax-qualified defined contribution plan. REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements for fiscal year 2010 with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

Table of Contents

The Audit Committee reviewed with the Company's independent registered public accountants, Ernst & Young LLP, who are responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under U.S. generally accepted auditing standards and in compliance with Statement on Auditing Standards No. 114. In addition, the Audit Committee has discussed with the independent registered public accountants the accountants' independence from management and the Company, including the matters provided to the Audit Committee by the independent registered public accountants in the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board.

The Audit Committee discussed with the Company's independent registered public accountants the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls (and remediation efforts made in connection with these evaluations) and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board has approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the Securities and Exchange Commission. The Audit Committee has also retained Ernst & Young LLP to serve as the Company's independent registered public accountants for the year ending December 31, 2011.

PROPOSAL NO. 2

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) AND Section 14A of the Exchange Act enables our stockholders to vote to approve, on an advisory basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with the SEC’s rules.

As we discuss above under the caption “Compensation Discussion and Analysis” the core objectives of our executive compensation program are to: (i) attract and retain talented executives who will lead us to achieve our business objectives and create long-term stockholder value; (ii) to align executive compensation incentives with periodic and long-term company performance goals and stockholder return; and (iii) compensate our executive officers based on their overall performance. Under this program, the principal elements of our executive compensation program are base salary, short-term performance-based cash incentive awards earned on a quarterly basis, long-term equity awards earned based on our review of full-year performance, which equity awards then vest over time, and other benefits customary for our peer group. Our executive compensation is discussed in further detail above under the caption “Executive Compensation and Related Information” and information about the fiscal year 2010 compensation of our Named Executive Officers is provided

We are asking our stockholders to indicate their support for the compensation of our Named Executive Officers as described in this Proxy Statement. This proposal, commonly known as a “say-on-pay” proposal is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we ask our stockholders to vote “FOR” the following resolution at our annual meeting:

“RESOLVED, that the compensation paid to the Company’s Named Executive Officers, as disclosed in the Company’s proxy statement for the 2011 Annual Meeting of Stockholders pursuant to SEC rules and regulations, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

Approval of the advisory vote on our named executive officer compensation requires the affirmative vote of the holders of a majority of the outstanding shares that are present in person or represented by proxy, and entitled to vote, at the Annual Meeting. The say-on-pay vote is advisory and, therefore, not binding on the Company, the Compensation Committee or the Board. However, the Board and the Compensation Committee value the opinion of our stockholders and will consider the outcome of the vote when considering future executive compensation arrangements.

The Board recommends a vote “FOR” approval of the compensation of our Named Executive Officers as described in this Proxy Statement.

PROPOSAL NO. 3

ADVISORY VOTE ON THE FREQUENCY OF THE FUTURE ADVISORY VOTES ON
NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Act and Section 14A of the Exchange Act enables our stockholders to indicate, on an advisory basis, on the frequency that advisory votes on the compensation of our Named Executive Officers should be held pursuant to the SEC's compensation disclosure rules, such as Proposal No 2, in this Proxy Statement. Proposal No. 3, allows stockholders to indicate whether they would prefer an advisory vote on Named Executive Officer compensation once every one, two, or three years. Alternatively, stockholders may abstain from casting a vote. This is Proposal is commonly known as the "say on frequency" proposal.

The Board believes it is most appropriate to conduct an advisory vote on executive compensation once every three years and, therefore, for the reasons stated below, the Board recommends that you vote for a three-year interval for the advisory vote on executive compensation.

As described above under the caption "Executive Compensation and Related Information — Compensation Discussion and Analysis," our executive compensation program is designed to achieve a balance of short-term and long-term goals. To this end, the compensation committee combines short-term cash incentive awards featuring quarterly performance goals with long-term equity awards, which vest over time and in some cases upon achievement of performance milestones or the appreciation of our stock price. The Board believes that holding the advisory vote on executive compensation once every three years will encourage a long-term focus on our executive compensation policies and practices, thereby promoting long-term value creation and is also reflective of long sales cycles and the time it takes major accounts to achieve full deployment of our services. In contrast, an advisory vote on executive compensation every year or every two years may foster a short-term focus and undermine our ability to offer appropriate forms of long-term compensation.

Additionally, the Board believes that holding the advisory vote every three years will allow for a meaningful evaluation period of performance under our compensation practices since any adjustments in pay practices will take time to implement and be reflected in the financial performance and the price of our common stock. For these reasons the Board believes that an advisory vote on executive compensation more frequently than every three years would not allow stockholders to compare executive compensation, or modifications thereof, to our performance. Lastly, the Board believes that holding the advisory vote once every three years will allow the compensation committee an adequate period of time to assess the results of past advisory votes and consider modifications to our compensation program that it views as appropriate. Such analysis may not be feasible on an annual or biennial basis, and the Board believes that both the compensation committee and our stockholders would benefit from having more time for a thoughtful and constructive analysis and review of the Company's compensation program.

When you vote on your preferred voting frequency of the stockholder "say on pay" vote, you may cast your vote for your preferred voting frequency by choosing amongst the following four options: once every one (1) year, once every (2) two years, once every (3) three years, or you may abstain from voting. Stockholders are not, however, voting to approve or disapprove the Board's recommendation below regarding this Proposal No. 3.

The option of once every year, once every two years or once every three years that receives the highest number of votes cast by stockholders at the Annual Meeting will be the frequency for the advisory vote on Named Executive Officer compensation that has been selected by stockholders. This vote is advisory and, therefore, not binding, and the Board may decide in the future that it is in our best interests and in the best interests of our stockholders to hold an advisory vote on Named Executive Officer compensation more or less frequently, as applicable, than the option approved by our stockholders.

The Board recommends a vote “FOR” the option of ONCE EVERY THREE (3) years under Proposal No. 3 — the frequency with which our Company will hold future advisory votes on Named Executive Officer compensation.

PROPOSAL NO. 4

APPROVAL OF THE SUPPORT.COM
EMPLOYEE STOCK PURCHASE PLAN

On February 8, 2011, the Board approved the Support.com Employee Stock Purchase Plan (the "ESPP") and reserved 1,000,000 shares of Support.com common stock, \$0.0001 par value, for issuance under the ESPP, subject to approval by the Company's stockholders at the 2011 annual meeting. If so approved, the ESPP will be effective May 15, 2011 and will have a term of ten years from the effective date. The purpose and benefits of the plan are described below.

Support.com stockholders are being asked to approve the ESPP and the Board's reservation of shares under the ESPP for the purpose of qualifying such shares for special tax treatment under Section 423 of the Internal Revenue Code of 1986, as amended (the "Code").

The principal features of the ESPP are summarized below. The following summary of the ESPP does not purport to be a complete description of all of the provisions of the ESPP. It is qualified in its entirety by reference to the complete text of the ESPP, which has been attached as Annex A to this Proxy Statement. Any Support.com stockholder who wishes to obtain a copy of the ESPP may do so upon written request to the Secretary at Support.com's principal executive offices.

Summary of the ESPP

General. The purpose of the ESPP is to provide employees of Support.com and its designated subsidiaries and affiliates with an opportunity to purchase Support.com common stock and, therefore, to have an additional incentive to contribute to the prosperity of Support.com. The ESPP is intended to qualify as an "employee stock purchase plan" under Section 423 of the Code. Accordingly, the provisions of the ESPP will be construed in a manner consistent with the requirements of Section 423 of the Code and the related regulations.

The aggregate number of shares that may be issued under the ESPP is one million (1,000,000) shares of common stock, which may be authorized but unissued or reacquired shares, or any combination thereof, subject to proportionate adjustment in the event of a merger, consolidation, reorganization, reincorporation, recapitalization, reclassification, stock dividend, stock split, reverse stock split, split-up, split-off, spin-off, combination of shares, exchange of shares, or similar change in the capital structure of Support.com, or in the event of payment of a dividend or distribution to the stockholders of Support.com in a form other than stock (excepting regular, periodic cash dividends) that has a material effect on the fair market value of our shares of common stock.

The closing market price for a share of common stock as of April 5, 2011, was \$5.50 per share.

Administration. The ESPP is administered by the Compensation Committee (the "Committee") or such other committee as may be appointed by the Board. The Committee has full power to interpret the ESPP, and the decisions of the Board and the Committee are final and binding upon all participants.

The Compensation Committee will have the power, in its discretion, to adopt one or more sub-plans of the ESPP as it deems necessary or desirable to comply with the laws or regulations, tax policy, accounting principles or custom of foreign jurisdictions applicable to employees of a subsidiary business entity of Support.com. Any of the provisions of any such sub-plan may supersede the provisions of this ESPP, other than the provisions governing the number and type of shares subject to the ESPP. Except as superseded by the provisions of a sub-plan, the provisions of the ESPP will govern such sub-plan. To comply with the laws of a foreign jurisdiction, the Compensation Committee will have the power, in its discretion, to grant purchase rights in an separate offering to citizens or residents of a non-U.S.

jurisdiction (without regard to whether they are also citizens of the United States or resident aliens) that provide terms that are less favorable or different than the terms of purchase rights granted to employees resident in the United States.

Eligibility. Any employee of Support.com or any Support.com subsidiary or affiliate designated by the Committee who is regularly employed for at least 20 hours per week and more than five months in a calendar year on an Entry Date (as defined below) is eligible to participate in the ESPP during the Offering Period (as defined below) beginning on that Entry Date, subject to administrative rules established by the Committee. However, no employee is eligible to participate in the ESPP to the extent that, immediately after the grant, that employee would have owned 5% of either the voting power or the value of Support.com's common stock, and no employee's rights to purchase Support.com's common stock pursuant to the ESPP may accrue at a rate that exceeds \$25,000 or 2,000 shares per calendar year (or such lower number as the Committee may establish). Eligible employees become participants in the ESPP by filing with Support.com an enrollment agreement authorizing payroll deductions on a date set by the Committee prior to the applicable Entry Date. As of May 15, 2011, approximately 700 Support.com employees, including the four Named Executive Officers, will be eligible to participate in the 2011 ESPP.

Table of Contents

Participation in an Offering. The ESPP is implemented by offering periods lasting for six months (an "Offering Period"). If stockholders approve the ESPP, the first six-month Offering Period will begin on May 15, 2011. Common stock is purchased under the ESPP every six months on the last trading day of each Offering Period (a "Purchase Date"), unless the participant becomes ineligible, withdraws or terminates employment earlier. The Entry Date is the first trading day of the Offering Period. To participate in the ESPP, each eligible employee must authorize contributions pursuant to the ESPP, which will generally be collected through payroll deductions. Such payroll deductions may not exceed fifteen percent (15%) of a participant's eligible compensation and are also subject to the limitations discussed above. A participant may increase or decrease his or her rate of contribution through payroll deductions at any time, but at no time may such rate of contribution exceed fifteen percent (15%). Each participant who has elected to participate is automatically granted an option to purchase shares of common stock on his or her Entry Date. The option expires at the end of the Offering Period, upon termination of employment, or if the employee becomes ineligible, whichever is earlier, but is exercised at the end of each Offering Period to the extent of the contributions accumulated during such Offering Period. The number of shares that may be purchased by an employee in any Offering Period, subject to the limitations discussed above, may not exceed 1,000 shares of common stock. In addition, no participant will be granted a purchase right that permits his or her right to purchase shares of common stock under the ESPP to accrue at a rate that, when aggregated with such participant's rights to purchase shares under all other employee stock purchase plans of a participating company intended to meet the requirements of Section 423 of the Code, exceeds twenty-five thousand dollars (\$25,000) in fair market value (or such other limit, if any, as may be imposed by the Code) for each calendar year in which the purchase right is outstanding at any time.

Purchase Price; Shares Purchased. Shares of common stock may be purchased under the ESPP at a price not less than eighty-five percent (85%) of the lesser of (a) the Fair Market Value of a share of Stock on the Offering Date of the Offering Period or (b) the Fair Market Value of a share of Stock on the Purchase Date; however, the Committee has the discretion to adjust the purchase price in the future so long as it is not less than 85% of the fair market value of the common stock on the last trading day of the Offering Period. The number of whole shares of Support.com common stock a participant purchases in each Offering Period is determined by dividing the total amount of the participant's contributions during that Offering Period by the purchase price, subject to the 1,000 share limit.

Termination of Employment. Termination of a participant's employment for any reason, including death, immediately cancels his or her option and participation in the ESPP. In such event, the contributions credited to the participant's account will be returned without interest to him or her or, in the case of death, to the person or persons entitled to those contributions.

Adjustments upon Changes in Capitalization, Merger or Sale of Assets. In the event that Support.com common stock is changed by reason of any stock split, stock dividend, combination, recapitalization or other similar changes in Support.com's capital structure effected without the receipt of consideration, appropriate proportional adjustments may be made in the number of shares of stock subject to the ESPP, the number of shares of stock to be purchased pursuant to an option and the price per share of common stock covered by an option. Any such adjustment will be made by the Board, whose determination shall be conclusive and binding. In the event of a proposed sale of all or substantially all of the assets of Support.com or the merger or consolidation of Support.com with another company, the Board may determine that each option will be assumed by, or an equivalent option substituted by, the successor company or its affiliates, that the Purchase Date will be accelerated, or that all outstanding options will terminate and accumulated payroll deductions will be refunded.

Amendment and Termination of the Plan. The Board may terminate or amend the ESPP at any time, except that it may not increase the number of shares subject to the ESPP other than as described in the ESPP. The ESPP will continue until May 15, 2021, unless otherwise terminated by the Board.

Withdrawal. Generally, a participant may withdraw from the ESPP during an Offering Period prior to the change enrollment deadline established by the Committee. The Committee may establish rules limiting the frequency with which participants may withdraw and re-enroll in the plan and may establish a waiting period for participants wishing to re-enroll.

New Plan Benefits. Because benefits under the ESPP will depend on employees' elections to participate and the fair market value of Support.com common stock at various future dates, it is not possible to determine the benefits that will be received by executive officers and other employees if the ESPP is approved by the stockholders.

Non-employee directors are not eligible to participate in the ESPP.

U.S. Federal Income Tax Consequences

If Support.com stockholders approve this proposal, the ESPP, and the right of participants to make purchases thereunder, should qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the ESPP are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax and the amount of the tax will depend upon the holding period. If the shares are sold or otherwise disposed of more than two years from the applicable Entry Date and more than one year from the date of transfer of the shares to the participant, then the participant generally will recognize ordinary income measured as the lesser of (i) the excess of the amount received upon such sale or disposition over the purchase price, or (ii) an amount equal to 15% of the fair market value of the shares as of the Entry Date. Any additional gain should be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of this holding period, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period. Support.com is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent ordinary income is recognized by participants upon a sale or disposition of shares prior to the expiration of the holding period(s) described above. In all other cases, no deduction is allowed to Support.com.

The foregoing is only a summary of the effect of U.S. federal income taxation upon participants and Support.com with respect to the ESPP based on the U.S. Federal income tax laws in effect as of the date of this Proxy Statement. It is not intended to be exhaustive and does not discuss the tax consequences arising in the context of the employee's death or the income tax laws of any municipality, state or foreign country in which the employee's income or gain may be taxable or the gift, estate, or any tax law other than U.S. federal income tax law. Because individual circumstances may vary, Support.com advises all recipients to consult their own tax advisor concerning the tax implications of participation in the ESPP.

Vote Required

Approval of the ESPP requires the affirmative vote of a majority of the shares of Support.com common stock present in person or represented by proxy and voted on such matters.
