PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
Tuesday, September 12, 2006

Our annual meeting of stockholders will be held on Tuesday, September 12, 2006 at the Conference Room on the Lower Level at 1400 Old Country Road, Westbury, New York at 10:00 a.m.

Our Board of Directors is soliciting your proxy to vote your shares of common stock at the annual meeting. This proxy statement, which was prepared by our management for the Board, contains information about the matters to be considered at the meeting or any adjournments or postponements of the meeting and is first being sent to stockholders on or about July 24, 2006.

ABOUT THE MEETING

What is being considered at the meeting?

You will be voting

•

for the election of nine directors for a term of 1 year or until their successors are elected and qualified

•

to ratify the appointment of Grant Thornton LLP as auditors for fiscal 2007

•

on a stockholder proposal, if presented at the meeting

In addition, our management will report on our performance during fiscal 2006 and respond to your questions.

The Board of Directors does not intend to present to the meeting any matters not referred to in the form of proxy. If any proposal not set forth in this Proxy Statement should be presented for action at the meeting, and is a matter which should come before the meeting, it is intended that the shares represented by proxies will be voted with respect to such matters in accordance with the judgment of the persons voting them.

Who is entitled to vote at the meeting?

You may vote if you owned stock as of the close of business on July 17, 2006. Each share of stock is entitled to one vote.

How do I vote?

You can vote in two ways:

1.

By attending the meeting; or

2.

By completing, signing and returning the enclosed proxy card.

Can I change my mind after I vote?

Yes, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You can do this by (1) signing another proxy with a later date and returning it to us prior to the meeting, or (2) voting again at the meeting.

What if I return my proxy card but do not include voting instructions?

Proxies that are signed and returned but do not include voting instructions will be voted **FOR** the election of the nominee directors, **FOR** ratification of the appointment of Grant Thornton as auditors for fiscal 2007 and **AGAINST** the stockholder proposal.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is American Stock Transfer & Trust Company, 800-937-5449.

Will my shares be voted if I do not provide my proxy?

Yes, for certain matters, if they are held in a brokerage account. Your shares may be voted under certain circumstances if they are held in the name of the brokerage firm. Brokerage firms generally have the authority to vote customers unvoted shares, which are called broker non-votes, on certain routine matters. Shares represented by broker non-votes will be counted as voted by the brokerage firm in the election of directors and for the ratification of the appointment of Grant Thornton as auditors for fiscal 2007. When a brokerage firm votes its customer's unvoted shares, these shares are also counted for purposes of establishing a quorum. Broker non-votes will not be voted with respect to any stockholder proposal presented at the meeting.

If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by mail. In order for us to conduct our meeting, a majority of our outstanding shares as of July 17, 2006 must be present at the meeting, in person or by proxy. This is referred to as a quorum. On July 17, 2006, we had 5,749,299 shares issued and outstanding, excluding treasury shares.

What vote is required to approve each of the matters to be considered at the meeting?

Directors are elected by a plurality of the votes cast. Plurality means that the nine individuals who receive the highest number of votes will be elected as directors. Abstentions will have no effect on the voting outcome with respect to the election of directors. Broker non-votes will be voted for the election of the director nominees.

The approval of the other proposals—the appointment of Grant Thornton LLP as auditors of Nathan's for fiscal 2007 and the stockholder proposal—requires that a majority of the shares of common stock present and voting be voted for the proposal. A properly executed proxy marked ABSTAIN with respect to such a matter will not be voted, although it will be counted for the purpose of determining if there is a quorum present. Accordingly, an abstention will have the effect of a negative vote. Broker non-votes will be voted for the ratification of the appointment of Grant Thornton as auditors for fiscal 2007 and will not be voted for the stockholder proposal if presented at the meeting.

Who will count the votes?

Representatives of American Stock Transfer & Trust Company, the transfer agent for our common stock, will tabulate the votes.

Director Independence

The Board of Directors has determined that each of Messrs. Eide, Genson, Leistner, Petrocelli and Raich are independent in accordance with Nasdaq rules. To determine independence, the Board of Directors adopted and applied the categorical standards of independence included in NASD Rule 4200(a)(15), which includes a series of objective tests, such as that the director is not an employee of the company and has not engaged in various types of business dealings with the company.

All of the standing committees of the Board are composed of independent directors. These committees are: the Audit Committee, the Compensation Committee and the Nominating Committee.

Board of Directors and Committee Meetings

There were five meetings of the Board of Directors during the fiscal year ended March 26, 2006. In fulfilling its responsibilities for identifying and evaluating nominees for director, the Nominating Committee takes into account the prior experience of director nominees and its application to their responsibilities as a director of Nathan's; however, there are no stated minimum qualifications for director nominees. The Nominating Committee will consider nominee recommendations made by stockholders provided that the names of such nominees, accompanied by relevant biographical information, are submitted in accordance with the procedures set forth below under Stockholder Nominees for Director. PROPOSAL 3
RATIFICATION OF APPOINTMENT OF GRANT THORNTON LLP
AS AUDITORS FOR FISCAL 2007

Our audit committee charter provides that the audit committee shall appoint annually a firm of independent registered public accountants to serve as auditors. In July 2006, the audit committee appointed Grant Thornton LLP to act as auditors for our fiscal year ending March 25, 2007 and our fiscal year ending March 30, 2008. Grant Thornton LLP has served as Nathans' auditors since 2002.

Although the audit committee has sole authority to appoint auditors, it would like to know the opinion of the stockholders regarding its appointment of Grant Thornton LLP as auditors for fiscal 2007. For this reason, stockholders are being asked to ratify this appointment. If the stockholders do not ratify the appointment of Grant Thornton LLP as auditors for fiscal 2007, the audit committee will take that fact into consideration, but may, nevertheless, continue to retain Grant Thornton LLP. Additionally, even if the stockholders ratify the appointment of Grant Thornton LLP, the audit committee in its discretion may select a different independent registered public accounting firm to serve as auditors at any time during the year if it determines that such a change would be in the best interests of Nathans' and its stockholders. The audit committee intends to ask the stockholders to ratify the appointment of Grant Thornton as auditors for fiscal 2008 at the 2007 Annual Meeting of Stockholders.

The board of directors recommends a vote FOR ratification of the appointment of Grant Thornton LLP as auditors for fiscal 2007.

Grant Thornton LLP acted as the Company's independent registered public accounting firm for the fiscal year ended March 26, 2006. Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting and will be given the opportunity to make a statement if they desire to do so. They will also be available to respond to appropriate questions.

Audit Committee Pre-Approval:

The Audit Committee has pre-approved all audit services and permitted non-audit services provided by the independent registered public accounting firm, and the compensation, fees and terms for such services. The Committee also has determined not to adopt any blanket pre-approval policy but instead to require that the Committee pre-approve the compensation and terms of service for audit services provided by the independent

registered public accounting firm and any changes in terms and compensation resulting from changes in audit scope, company structure or other matters. The Committee has also determined to require pre-approval by the Audit Committee or its Chairman of the compensation and terms of service for any permitted non-audit services provided by the independent registered public accounting firm.

AUDIT COMMITTEE REPORT

As required by its written charter, a copy of which is attached as Exhibit A, which sets forth its responsibilities and duties, the Audit Committee reviewed and discussed the audited financial statements with Nathan's management and discussed with Grant Thornton LLP, Nathan's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended.

The Audit Committee has received from Grant Thornton the written disclosures and the letter required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee has discussed with Grant Thornton that firm's independence. Based upon these discussions with management and the independent registered public accounting firm, the Audit Committee recommended to Nathan's that the audited consolidated financial statements for Nathan's be included in Nathan's Annual Report on Form 10-K for the fiscal year ended March 26, 2006 for filing with the Securities and Exchange Commission.

The Audit Committee has also reviewed and discussed the fees paid to Grant Thornton during the last fiscal year for audit and non-audit services, which are set forth above under "Audit Fees," and has discussed with the independent registered public accounting firm its independence.

Brian S. Genson

Independence of Audit Committee

We have an Audit Committee established in accordance with Section 3(a)(58) of Exchange Act. Our Audit Committee consists of Robert J. Eide (Chairman), Barry Leistner and Brian S. Genson, each of whom is independent, as defined by Rule 4200(a)(15) of the NASD listing standards.

Audit Committee Financial Expert

We currently do not have an audit committee financial expert. Nevertheless, the Audit Committee has available to it the financial education and experience of Charles Raich, an independent director under NASD listing standards, to perform the functions of an audit committee financial expert. Mr. Raich has the financial education and experience necessary to qualify as an audit committee financial expert; however, Mr. Raich is ineligible to serve on the Audit Committee because, as the managing partner of Raich, Ende, Malter & Co., LLP, an independent public accounting firm which received fees from Nathan's in respect of tax services (an aggregate \$108,000 in fiscal 2006), Mr. Raich is deemed to receive indirect compensation from Nathan's. Therefore, Mr. Raich is not independent for the purposes of Securities Exchange Act Rule 10A-3 and is ineligible to serve as a member of the Audit Committee.

PROPOSAL 4 STOCKHOLDER PROPOSAL

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL

People for the Ethical Treatment of Animals (PETA), 501 Front St., Norfolk, Va., 23510, beneficial owner of 550 shares of Common Stock, has notified the Company that it intends to present a resolution at the Annual Meeting. As required by the Securities and Exchange Commission, the resolution is included below exactly as submitted. The Board of Directors and the Nathan's accept no responsibility for the proposed resolution and supporting statement.

For the reasons stated in the Statement of Opposition below, the Board of Directors recommends that you vote **AGAINST** this Stockholder Proposal.

Stockholders Resolution

WHEREAS, cardiovascular disease is the leading cause of death in the United States; and

WHEREAS, the consumption of meat has been conclusively linked to heart disease, obesity, and diabetes, and the American Dietetic Association (ADA) states that consumers who abstain from meat have lower rates of death from ischemic heart disease, lower blood cholesterol levels, lower blood pressure, and lower rates of hypertension, type 2 diabetes, and prostate and colon cancer ; and

WHEREAS, according to Dr. Walter Willett, chair of the Harvard School of Public Health's Department of Nutrition, 80 percent of the cases of coronary heart disease and 90 percent of type 2 diabetes are preventable exponentially surpassing the numbers of preventable deaths associated with such hazards as asbestos and dioxin which is why Dr. Willet strongly encourages people to reduce their consumption of red meat; and

WHEREAS, fast-service restaurants have acknowledged the potential liabilities associated with obese, unhealthy customers and the corporate responsibility for educating consumers about nutrition for example, McDonald's initiated a Balanced Lifestyles Commitment that offers healthier options; and

WHEREAS, Nathan's signature, promotional event is its Hot Dog-Eating Contest which rewards gluttonous consumption of fat and cholesterol-laden food which in 2005 was won by a man who devoured 49 hot dogs containing more than 986 grams of fat, 379 grams of saturated fat, and 1,736 milligrams of cholesterol; and

WHEREAS, Nathan's acknowledges that its customers are concerned about health by publicizing that its French fries are cooked in 100% Cholesterol Free oil yet doesn't offer a single cholesterol-free or meat-free entrée in its restaurants or branded product line; and

WHEREAS, shareholders and consumers are sensitive to the potential hazards of food products such as genetically modified foods, and informed consumers have responded to the conclusive evidence of the perils of meat by cutting it out of their diets the ADA reports that approximately 25 percent of U.S. adults eat 4 or more meatless meals weekly, and a 2005 CBS News study found that nearly 10 percent of Americans have stopped eating meat entirely; and

WHEREAS, according to the National Restaurant Association, eight out of 10 restaurants have responded to this demand for healthy food by offering meat-free options, and leading meat companies similarly have recognized the importance of this market: Schneider's offers a full line of vegetarian meat products; ConAgra purchased LightLife, which produces vegetarian deli meats and hot dogs; Kellogg's bought Worthington Foods, which produces more than 30 vegetarian meats; and Oscar Mayer acquired Boca, a leading producer of vegetarian meats; and

WHEREAS, leading quick-service restaurants Burger King, Denny's, Johnny Rockets, and Subway all offer vegetarian entrees.

NOW, THEREFORE, BE IT RESOLVED that shareholders request that the board of directors issue a report to shareholders by March 2007, prepared at reasonable cost and omitting proprietary information, on the feasibility of Nathan's developing a healthy-options initiative, particularly regarding the economic viability of introducing meat-free entrees (such as vegetarian hot dogs) in its restaurants and branded product line.

Board of Directors Statement in Opposition of Proposal Number 4

The Board recommends that stockholders reject the stockholder proposal. The Board believes that the proposal is not in the best interest of stockholders and opposes it for the following reasons.

Nathan's first priority has always been to provide a menu defined by variety and quality to best meet consumer preferences. In addition to its established products, Nathan's continually evaluates new products. In the course of its evaluations, Nathan's is cognizant of consumer trends, including a trend toward perceived healthier products. In addition to its well-established, signature products, Nathan's offers for sale in many of its restaurants up to seven chicken products, six fish products, and five salad, soup, and vegetable products. Additionally, in all restaurants French fries are prepared in cholesterol-free oil, as conceded in the stockholder proposal. Nevertheless, the healthfulness of a product is only one of the factors Nathan's takes into consideration; the product must meet Nathan's high-quality standards, the product must be able to be prepared with ease using the equipment available in the restaurants, there must be sufficient consumer demand for the product, and the sale of the product must be profitable for Nathan's.

Both as part of its ongoing exploration of new products and in response to a proposal by P.E.T.A. made in September, 2005, to consider the addition of meatless hot dogs to its menu, Nathan's contacted certain manufacturers of meatless hot dogs and hamburgers. Nathan's obtained samples of meatless hot dogs and hamburgers to determine if these products could meet Nathan's criteria, as set forth in the preceding paragraph, and be deemed suitable as an addition to restaurant menus. Nathan's representatives determined that the taste and texture of the products tested were not acceptable.

Nathan's intends to continue to explore the addition to its menu of meatless products. In making any determination regarding the advisability of adding a particular product, Nathan's will consider market trends, consumer demand and profit margins in order to fulfill its obligation to act in the best interests of its stockholders. Nathan's intends to add to its menu meatless products that meet the company's criteria for new products, that consumers enjoy and that can be sold at a reasonable profit margin. Therefore, Nathan's believes the type of study requested in this proposal would be expensive, time-consuming and unnecessary. Nathan's is committed to adding new products and providing healthful alternatives to consumers.

FOR THE FOREGOING REASONS, YOUR BOARD OF DIRECTORS BELIEVES THAT THIS PROPOSAL IS NOT IN THE BEST INTEREST OF THE COMPANY AND ITS STOCKHOLDERS AND UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL.

Employment Contracts

We entered into a new employment agreement with Howard M. Lorber, our Chairman and Chief Executive Officer, effective as of January 1, 2005. The agreement expires December 31, 2009. Pursuant to the agreement, Mr. Lorber receives a base salary of \$250,000 and an annual bonus equal to 5 percent of our consolidated pre-tax earnings in excess of \$5,000,000 for such fiscal year. The agreement further provides for a three-year consulting period after the termination of employment during which Mr. Lorber will receive a consulting fee of \$225,000 per year. The employment agreement also provides Mr. Lorber the right to participate in employment benefits offered to other Nathan's executives. In connection with the execution of the agreement, we issued to Mr. Lorber 50,000 shares of restricted common stock.

In the event that Mr. Lorber's officer's employment is terminated without cause, he is entitled to receive his salary and bonus for the remainder of the contract term. The employment agreement further provides that in the event there is a change in the control, as defined in the agreement, Mr. Lorber has the option, exercisable within one year after such event, to terminate his employment agreement. Upon such termination, he has the right to receive a lump sum cash payment equal to the greater of (A) his salary and annual bonuses for the remainder of the employment term (including a prorated bonus for any partial fiscal year), which bonus shall be equal to the average of the annual bonuses awarded to him during the three fiscal years preceding the fiscal year of termination; or (B) 2.99 times his salary and annual bonus for the fiscal year immediately preceding the fiscal year of termination, as well as a lump sum cash payment equal to the difference between the exercise price of any exercisable options having an exercise price of less than the then current market price of our common stock and such then current market price. In addition, we will provide Mr. Lorber with a tax gross-up payment to cover any excise tax due. In the event of termination due to Mr. Lorber's death or disability, he is entitled to receive an amount equal to his salary and annual bonuses for a three-year period, which bonus shall be equal to the average of the annual bonuses awarded to him during the three fiscal years preceding the fiscal year of termination.

In December 1992, we entered into an employment agreement with Wayne Norbitz, for a term expiring on December 31, 1996, providing for an annual base salary of \$288,750, as amended to date, and various benefits, including participation in our executive bonus program. The agreement also provides, among other things, that, if Mr. Norbitz is terminated without cause, we will pay Mr. Norbitz an amount equal to his then annual salary and benefits for a six-month period following delivery of the termination notice plus a severance benefit of one year's annual compensation. The agreement, as amended, provides that Mr. Norbitz shall have the right, exercisable for a six-month period, to terminate the agreement and receive an amount equal to three times his compensation during the most recent fiscal year, less \$100, in the event of a change in control of the company. The employment agreement was extended through December 31, 1997, on the original terms and automatically renews for successive one year periods unless 180 days prior written notice is delivered to Mr. Norbitz. No such non-extension notice has been delivered to date.

On September 30, 1999, in connection with our acquisition of Miami Subs, Miami Subs entered into an employment agreement with Donald L. Perlyn, for a term expiring on September 30, 2003, under which he currently receives annual base compensation of \$210,000, and certain other benefits, including participation in our executive bonus program. We guaranteed the obligations of Miami Subs under the agreement. The term of the agreement automatically extends for successive one year periods unless 180 days prior written notice is delivered by one party to the other. In the event that notice of non-extension is delivered, Mr. Perlyn is entitled to be paid an amount equal to his base salary as then in effect. The agreement also provides, among other things, that if Mr. Perlyn is terminated without cause, we will pay Mr. Perlyn an amount equal to three times his base salary as in effect at the time of his termination. As amended, the agreement provides that Mr. Perlyn shall have the right, exercisable for a thirty-day period, to terminate the agreement and receive an amount equal to three times his base salary, together with a pro rata portion of his bonus, for the most recent fiscal year, in the event of a change in control of Nathan's. No non-extension notice has been delivered to date.

Stock Option and Incentive Plans

We maintain various stock plans under which options vest as determined at the time of grant by the Board of Directors or the Compensation Committee, other than the Outside Director Plan under which options vested over a period of two years. In addition, the 2002 Stock Incentive Plan permits the grant of up to 100,000 shares of restricted stock, 50,000 of which have been granted to date. Restricted stock will be subject to such restrictions as the Compensation Committee may impose; provided, that the term of the restriction cannot be less than one year unless otherwise determined by the Compensation Committee. The term of each option is generally ten years and is determined at the time of grant by the Board of Directors or the Compensation Committee. The purchase price of the shares of common

stock subject to each option granted is not less than 100% of the fair market value of our common stock at the date of grant, except that under the 2001 Stock Option Plan the exercise price can be no less than 85% nor greater than 110% of the fair market value at the date of grant. The term of each option is generally ten years and is determined at the time of grant by the Board of Directors or the Compensation Committee. All of our stock plans provide that the Compensation Committee may adjust the number of shares under outstanding awards and for which future awards may be granted in the event of reorganization, stock split, reverse split, stock dividend, exchange or combination of shares, merger or any other change in capitalization. The participants in these plans are officers, directors and employees of, or consultants to, Nathans and its subsidiaries or affiliates, except that only non-employee directors received grants under the Outside Director Plan.

401(k) Savings Plan

We sponsor a retirement plan intended to be qualified under Section 401(k) of the Internal Revenue Code of 1986. All non-union employees over age 21 who have been employed by us for at least one year are eligible to participate in the plan. Employees may contribute to the plan on a tax deferred basis up to 20% of their total annual salary, but in no event more than the maximum permitted by the Internal Revenue Code (\$20,000 in calendar 2006, including \$5,000 catch-up contributions for employees 50 and over). Company contributions are discretionary. For the plan year ended December 31, 2005, we elected to make matching contributions at the rate of \$.25 per dollar contributed by each employee vesting at the cumulative rate of 20% per year of service starting one year after commencement of service and, accordingly, after six years of an employee's service with us, matching contributions are fully vested. As of March 26, 2006, approximately 68 employees had elected to participate in the plan. For the fiscal year ended March 26, 2006, we contributed approximately \$26,000 to the 401(k) plan, of which \$1,500 was a matching contribution for Mr. Norbitz and \$1,494 was a matching contribution for Mr. DeVos.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

During fiscal 2006, our Compensation Committee consisted of Messrs. Eide, Leistner and Genson. None of the Compensation Committee members are employees of Nathans or any of its subsidiaries.

Filings made by companies with the Securities and Exchange Commission sometimes incorporate information by reference. This means the company is referring you to information that has been previously filed with the SEC and that this information should be considered as part of the filing you are reading. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Policy

Nathan's cash compensation package for its executive officers consists of two components: (1) base salary; and (2) annual performance-based bonuses. Nathan's also provides stock option and restricted stock grants to its executive officers as a means to promote ownership in the company.

Nathan's Compensation Committee is composed of directors who are not employees of Nathan's. The Compensation Committee is responsible for the approval and administration of the base salary level and annual bonus compensation programs, as well as the grant of stock options or restricted stock to executive officers and other key employees. In determining executive compensation levels, the Compensation Committee considers salary and bonus levels which will attract and retain qualified executives when considered with the other components of Nathan's compensation structure and rewarding executive officers for continuous improvement in their respective areas which contribute to continual increases in stockholder value.

Nathan's philosophy for granting stock options or restricted stock is based on the principles of encouraging executive officers to remain with Nathan's and to encourage ownership in Nathan's. This provides executive officers with a long-term interest in Nathan's overall performance and gives them an incentive to manage with a view toward maximizing long-term stockholder value.

Nathan's used the services of GK Partners, a compensation consulting firm, in establishing the terms of the employment agreement with Howard M. Lorber, the Chairman of the Board.

Base Salary

The base compensation of each of Messrs. Lorber, Norbitz and Perlyn is established by contract. Messrs. Lorber and Norbitz annually assess the performance of all other executive officers and Nathan's financial results. Based on such assessment, Mr. Norbitz or Mr. Lorber may recommend salary increases. Any recommendations regarding officer compensation are subject to the terms of any existing employment agreements. Any salary increases are reviewed and subject to approval by the Compensation Committee.

In determining executive officer salaries, the Compensation Committee reviews recommendations from Messrs. Lorber and Norbitz, including management's performance evaluations and Nathan's financial condition.

For more information regarding the compensation and employment arrangements of Messrs. Lorber and Norbitz and other executive officers, see Management Employment Contracts .

Annual Bonuses

Executive officers and other key employees are eligible to earn annual bonuses.

Management establishes annual performance goals for Nathan's growth and profitability. Based on these goals, management makes recommendations to the Compensation Committee as to the level of attainment of financial performance objectives necessary for bonus awards to be made to the executive officers. Management also evaluates whether each executive officer has met his specific objectives. These objectives are both quantitative in nature, such as sales and revenue goals and cost containment; and qualitative in nature, such as the development and retention of key personnel, assessment and development of quality products and services, and management effectiveness. The amount of the bonus paid to the executive for the prior fiscal year is also taken into consideration. If all of the company and individual goals are completely met, management generally recommends that the executive officer receive a bonus in an amount equal to or in excess of his prior year's bonus. To the extent either the company or the

individual's goals are only partially met, management generally recommends that a lesser bonus be paid.

At the end of each year, the Compensation Committee reviews the extent to which the company has actually attained its performance goals. The Compensation Committee also reviews recommendations by management regarding the extent to which each executive officer has met his individual objectives, regardless of whether such objectives are quantitative. The Committee makes its determination regarding executive officer bonuses based on the recommendations of management, the earnings of the company and taking into consideration the amount of the executive's bonus or raise for the prior year. Specific relative weights are not assigned to each factor.

Stock Option or Restricted Stock Grants

Options to purchase common stock or shares of restricted stock may be granted annually to executive officers and key employees under Nathan's various stock incentive plans. Grants are made at an option price of 100% of the market value on the date of grant. Restricted stock grants are subject to any restrictions that the Compensation Committee may impose; provided that the term of the restriction cannot be less than one year unless otherwise determined by the Compensation Committee. Nathan's philosophy in granting stock options or restricted stock is to increase executive officer ownership in Nathan's. Executive officers are incentivized to manage with a view toward maximizing long-term stockholder value. In determining the equity incentives to be granted annually to all recipients, including executive officers, the Compensation Committee considers the number of options or shares of restricted stock already held by the executive officer which are in or near-the-money and the performance of Nathan's during the immediately preceding year. To date, other than the grant of restricted stock to Mr. Lorber in connection with his entry into a new employment agreement, the Compensation Committee has only granted stock options to executive officers and key employees.

Compensation of Chief Executive Officer

Under the employment agreement between Nathan's and Howard M. Lorber, Chairman of the Board and Chief Executive Officer, Mr. Lorber receives a base salary of \$250,000 and an incentive bonus equal to five percent (5%) of the company's consolidated pre-tax earnings in excess of \$5,000,000. In light of this employment agreement, the Compensation Committee was not required to make any decision regarding Mr. Lorber's cash compensation.
