DESCRIPTION OF THE STOCKHOLDER MATTERS

Approval of the Certificate of Amendment to the Company's Certificate of Incorporation and related actions.

The Board of Directors (the "Board") by unanimous written consent dated as of August 1, 2007, and certain stockholders (the "Majority Stockholders"), owning a majority of issued and outstanding capital stock of the Company entitled to vote, by written consent dated as of August 1, 2007, approved and adopted resolutions to amend the Company's Certificate of Incorporation. The Certificate of Amendment to the Company's Certificate of Incorporation, to be filed on or about October 31, 2007 with the Secretary of State of the State of Delaware will increase the authorized capital of the Company to a total of 200,000,000 shares of stock, consisting of 199,000,000 shares of commons stock and 1,000,000 shares of preferred stock, and will not be effective earlier than 20 days after the mailing of this Information Statement.

Purpose of Proposed Share Increase

The Board of Directors has determined that the increase of the authorized capital of the Company to a total of 200,000,000 shares of stock, consisting of 199,000,000 shares of commons stock and 1,000,000 shares of preferred stock it will be in the best interests of the shareholders and is necessary to complete the transaction with Sector 10 Services USA, Inc.

Procedure for the Approval of the Certificate of Amendment to the Company's Certificate of Incorporation

The elimination of the need for a special meeting of the shareholders to approve the Amendment occurred when a majority of shares entitled to vote approved the Share Increase on August 1, 2007. In order to eliminate the costs and management time involved in holding a special meeting and in order to effect the Amendment as early as possible in order to accomplish the purposes of the Company, the Board of Directors of the Company voted to utilize the written consent of the majority shareholders of the Company.

Required Approvals Obtained

The Board, by its unanimous written consent (the "Board Consent"), adopted resolutions approving the Certificate of Amendment to the Company's Certificate of Incorporation to increase the authorized capital of the Company to a total of 200,000,000 shares of stock, consisting of 199,000,000 shares of commons stock and 1,000,000 shares of preferred stock. On the Record Date, the only issued and outstanding shares of the Company's capital stock entitled to vote on the proposed amendment were 29,148,294 shares of the Company's common stock, par value \$.0001 per share (the "Common Stock"), of which the Majority Stockholders held in excess of 51% of the total stock entitled to vote on the proposed amendment. On August 1, 2007, the Majority Stockholders, by written consent in lieu of a meeting, approved the Certificate of Amendment to the Company's Certificate of Incorporation, a copy of which is attached to this Information Statement as Exhibit A. No further consents, votes or proxies are or were necessary to effect the approval of Certificate of Amendment to the Company's Certificate of Incorporation.

Transaction with Sector 10 Services USA, Inc.

On June 22, 2007, **SKRM Interactive Inc.** entered into a Letter of Intent to acquire 75% of the stock of Sector 10 Services USA, Inc. ("SECTOR 10"), a Nevada corporation for 65,000,000 of the issued and outstanding shares of common stock of SKMI.

Sector 10 Services USA, Inc. seeks to become the leading provider of pre-deployed emergency life response equipment across all Major US cities. Sector 10 is the exclusive provider of Pericles LogiX System in the United States. Sector 10's core focus is on the first response solutions, utilizing two lines of patented products, Mobile Response Units ("MRU") and Stationary Response Units ("SRU").

Sector 10 Services USA, Inc. seeks to become the leading provider of pre-deployed emergency life response equipment across all Major US cities. Sector 10 Services is the exclusive provider of Pericles LogiX System in the United States and Canada .

Sector 10 Services USA Inc. is uniquely positioned and charged to market and address the city centric emergency needs of all across the US and Canadian Cities with the Pericles LogiX System a structured and integrated emergency solution designed to pre-deploy emergency emergency and disaster response equipment to make US cities safer. Sector 10 Services USA Inc is the exclusive provider of the Pericles LogiX System in the US along with the SRU and MRU product line, organizing safety services to cities across the USA. Sector 10's initial MRU design has been developed, produced, nationally test marketed and sold.

PRODUCT/SERVICES:

Sector 10 Services USA Inc. core focus is on first response solutions, utilizing two lines of patented products, Mobile response Units (MRU) and Stationary Response Units (SRU). Both product lines represent a leap forward in emergency response systems and evacuation aids. These unique comprehensive products represent a *new product category* for brand development.

Sector 10 Services USA inc. intends to provide replenishment & maintenance, customer service and education and training services. (Including EPA, OSHA, NIOSH & NFPA rules/guidelines). To expedite sales, the company will facilitate financial solutions through private or municipal leases

Major markets defined by the company include Multi-Story Buildings, Construction/Industrial Sites, Schools, Hospitals, Hazmat/Decontamination First Responder Teams

The Multi-Story Building market is the initial target market for Sector 10 Services USA Inc. Customers will primarily be the building owners and managers, institutions and the building tenants. Targeting the top 20 building managers in the U.S. is central to the sales implementation strategy. This complements the 80/20 principle, where a small number of building managers will make up over 80% of the market place. There are over 6 million U.S. buildings, 943,000 are over 7 stories and 400,000 are skyscrapers. This market alone represents the potential of up to \$104 billion

COMPETITION:

There is no apparent direct competition for the MRU concept at this time. Sector 10 has not identified any enterprise currently manufacturing or marketing a pre-packaged, pre-deployable MRU. Competition is incorrectly identified as the 30,000 products in the existing emergency and safety industry. The numbers of these products are loosely bound fragmented mixture of inventors, distributors and manufacturers in an old distribution market. Sector 10 intends to provide a *new channel of distribution* in the marketplace. The distributors of the thousands of existing medical safety and communications products are potential customers of Sector 10 because the MRU is a new way to communicate, store, deliver, deploy and stage emergency relief and products. Those who specialize in safety and emergency products are typically a division or subsidiary of a larger organization.

OPPORTUNITY/RISK:

America's war on terrorism provides extraordinary demand for this technology. Sector 10 Services USA, Inc has over 40,000 qualified leads in 7 target markets. The total U.S. market valuation for this new product category is estimated to be \$154 billion. Sector 10 has created and introduced a method of deployment for the MRU to create a nationwide unified community response program. The deployment plan directly links the emergency response community to the private sector with systems to communicate, aid and escape. Sector 10 Services USA, inc. believes every major city

within the US could be linked under its national response program.

8

Sector 10 Services USA, Inc. central challenge will be to generate and manage operational and revenue growth. The company's marketing plan and business plan is designed to allow for necessary adjustments and ongoing review without impeding sales efforts.

Upon Completion of the transaction, the following shall assume the office indicated and as Directors of the Company

BIOGRAPHIES:

Pericles DeAvila, President

Pericles DeAvila is the inventor of the imaginative Pericles LogiX System and the Mobile and Stationary Response Units (or MRU and SRU) products, the first self-contained emergency response systems in the emergency and safety market. He has had years of entrepreneurial experience nationally and internationally. His experience in leading large groups of people was expanded when he continued his construction experience as the commercial/industrial construction manager on large projects in Silicon Valley CA and in the Seattle WA area.

He founded DeAvila Homes, a condominium development company and was co-founder of Dagcon General Construction, a 375-employee subcontractor in the San Francisco area in the mid 1990's. Mr. DeAvila created a futurist team of architectural, engineering minds to convert existing residential construction methods into new cost effective, time efficient construction erecting technologies. These efforts lead to the construction of metal frame residential homes in the Bay Area.

His experience in the industry has allowed him participation and completion of projects with budgets of over \$400 million each.

He is fluent in Portuguese, Italian, French, Spanish, as well as English. He is the recipient of a Congressional National Leadership Award and was appointed as special advisor to the Chairman of the Congressional Committee on the Business Advisory Council.

Alan Rouleau, Vice President

Alan Rouleau is a construction industry professional in Seattle, WA. Mr. Rouleau has more than 25 years of multifaceted experience in the leadership of business and construction operations. He is an accomplished, successful professional in major program/general management roles over teams of eight plus professionals. He was the founder of a drywall company in 1984 that serviced the residential and light commercial industry in the Manchester, NH area.

As a highly sought after professional he has enjoyed working on projects such as the Adobe Waterfront, the most aggressive futuristic architectural design by MBBJ in the Seattle area. He also lead a team of one hundred plus construction professionals responsible for construction and scheduling for a two year contract at Safeco Field in Seattle, WA.

His experience includes the development and implementation of safety plans in all types of construction scenarios. This process includes assessment, accident prevention, designating competence training and resource allocation to help companies become more profitable by implementing practical safety plans.

Mr. Rouleau served in the USMC from 1978-1982 MOS: Scout/Sniper and is the recipient of a humanitarian award. Mr. Rouleau is an avid sportsman and globe trekker. He has traveled to 39 countries and has climbed some of the world's largest mountains, such as Mt. Kenya in Africa and Mont Blanc in Europe. He is fluent in French.

Cristy A. DeAvila, Secretary/Treasurer

Ms. DeAvila is a technology professional possessing a comprehensive knowledge of telecommunications and data convergence industry trends to enhance business processes. She is an experienced liaison between regulators, vendors, commercial customers and international business owners. Her strong business knowledge and interpersonal skills demonstrate innovative thinking, strategic planning and project directives. Most recently she served as the Vice President over a 120 million dollar budget of COGS and pricing for UCN, a technology company in Utah.

Ms. DeAvila has had a very successful career as an executive in the telecommunications industry. She was Director of Long Distance Services for McLeod USA Communications, Inc. She had corporate responsibility for contract negotiations and vendor/sales relationships. She provided technical expertise and support for product development. Ms. DeAvila managed six departments of network administration including project development, traffic engineering , provisioning, private line optimization, line costs and vendor relations. She had line cost responsibility of \$15 million per month and was able to institute a cost reduction program resulting in a \$3.5 million savings to the company. Auditing charges and managing disputed charges by vendors was also one of her responsibilities. She also directed the design and implementation of a WEB based traffic analysis system.

Ms. DeAvila was also the Director of Network Services for Access Communications, Inc. She had complete responsibility for contract negotiations and vendor/sales relationships. She was also responsible for product and sales support for technical, pricing and costing requirements. She developed & submitted over \$4 million of liability and expense reports monthly. Ms. DeAvila was also responsible for the development and delivery of all employee-training requirements. She designed and developed the sales and marketing collateral for the company. She was also the key contact for investors and large customer support for the company. She is the spouse of Pericles DeAvila.
