The enclosed proxy is solicited on behalf of the Board of Directors of Digital Power and is revocable by you at any time prior to the voting of such proxy. Our Annual Report on Form 10-KSB for the fiscal year ended December 31, 2007, including audited financial statements, is included in this mailing. Such Annual Report and financial statements are not a part of this proxy statement.

This proxy statement was first mailed to shareholders on October 8, 2008.

QUESTIONS AND ANSWERS ABOUT THE MEETING

What is the purpose of the 2008 Annual Meeting of Shareholders?

The purpose of the annual meeting is to allow you to vote on the matters outlined in the accompanying Notice of Annual Meeting of Shareholders, including the election of the Board of Directors, and ratifying the appointment of Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global Limited, as our independent auditors for the fiscal year ending December 31, 2009.

Who is entitled to vote?

Only shareholders of record at the close of business on the record date, September 22, 2008 (the “Record Date”), are entitled to vote at the annual meeting, or any postponements or adjournments of the annual meeting.

What are the Board’s recommendations on the proposals?

The Board recommends a vote **FOR** each of the proposals.

How do I vote?

Sign and date each proxy card you receive and return it in the postage-prepaid envelope enclosed with your proxy materials. If you are a registered shareholder and attend the meeting, then you may deliver your completed proxy

card(s) in person.

If your shares are held by your broker or bank, in “street name”, then you will receive a form from your broker or bank seeking instructions as to how your shares should be voted. If you do not instruct your broker or bank how to vote, then your broker or bank will vote your shares if it has discretionary power to vote on a particular matter.

-4-

Can I change my vote after I return my proxy card?

Yes. You have the right to revoke your proxy at any time before the annual meeting by notifying our Corporate Secretary in writing at Digital Power Corporation, 41324 Christy Street, Fremont, California 94538, voting in person, or returning a proxy card with a later date. If you have instructed a broker to vote your shares, you must follow your broker's directions in order to change those instructions.

Who will count the vote?

Our Corporate Secretary will count the votes and act as the inspector of election. Our transfer agent, Computershare Transfer & Trust, is the transfer agent for our common stock. Computershare Transfer & Trust will tally the proxies and provide this information at the time of the annual meeting.

What shares are included on the proxy card(s)?

The shares on your proxy card(s) represent ALL of your shares.

What does it mean if I get more than one proxy card?

If your shares are registered differently and are in more than one account, then you will receive more than one proxy card. Sign and return all proxy cards to ensure that all your shares are voted. We encourage you to have all accounts registered under the same name and address whenever possible. You can accomplish this by contacting our transfer agent, Computershare Transfer & Trust, located at 350 Indiana Street, Suite 800, Golden, Colorado 80401, phone (303) 986-5400, fax (303) 986-2444, or, if your shares are held by your broker or bank in "street name", then by contacting the broker or bank who holds your shares.

How many shares can vote?

Only shares of common stock may vote. As of the Record Date, there were 6,615,708 shares of common stock issued and outstanding.

Each share of common stock is entitled to one vote at the annual meeting, except with respect to the election of directors. In elections of directors, California law provides that a shareholder, or his or her proxy, may cumulate votes; that is, each shareholder has that number of votes equal to the number of shares owned, multiplied by the number of directors to be elected, and the shareholder may cumulate such votes for a single candidate, or distribute such votes among as many candidates as he or she deems appropriate. However, a shareholder may cumulate votes only for a candidate or candidates whose names have been properly placed in nomination prior to the voting, and only if the shareholder has given notice at the meeting, prior to the voting, of his or her intention to cumulate votes for the candidates in nomination. Our designated proxy holders have discretionary authority to cumulate votes represented by the proxies received in the election of directors. These proxy holders intend to vote all proxies received by them in such manner that will assure the election of as many of the nominees described under "Proposal No. 1 - Election of Board of Directors" as possible.

What is a "quorum"?

A "quorum" is a majority of the outstanding shares entitled to vote. A quorum may be present in person or represented by proxy to transact business at the annual meeting. For the purposes of determining a quorum, shares held by brokers or nominees for whom we receive a signed proxy will be treated as present even if the broker or nominee does not have discretionary power to vote on a particular matter, or if instructions were never received from the beneficial owner. These shares are called "broker non-votes." Abstentions will be counted as present for quorum purposes.

What is required to approve each proposal?

For the election of the Board of Directors, once a quorum has been established, the nominees for director who have received the most votes will become directors. Holders owning a majority of the shares present or represented and entitled to vote at the annual meeting must approve the ratification of the appointment of Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global Limited, as our independent auditors for the fiscal year ending December 31, 2009.

-5-

If a broker indicates on his or her proxy that he or she does not have discretionary authority to vote on a particular matter, then the affected shares will be treated as not present and not entitled to vote with respect to that matter, even though the same shares may be considered present for quorum purposes and may be entitled to vote on other matters.

What happens if I abstain?

Proxies marked “abstain” will be counted as shares present for the purpose of determining the presence of a quorum, but for purposes of determining the outcome of a proposal, shares represented by such proxies will not be treated as affirmative votes.

How will we solicit proxies?

We will distribute the proxy materials and solicit votes. We will also bear the cost of soliciting proxies. These costs will include the expense of preparing and mailing proxy solicitation materials for the meeting, and reimbursements paid to brokerage firms and others for their reasonable out-of-pocket expenses for forwarding proxy solicitation materials to shareholders. Proxies may also be solicited by our directors, officers, and employees, without additional compensation, in person, by telephone, or by facsimile.

Board candidates are considered according to various criteria such as their broad-based business and professional skills, experiences, personal integrity and judgment, global business and social perspective, and concern for the long-term interests of our shareholders. In addition, directors must have time available to devote to Board activities and to enhance their knowledge of the power-supply industry. Accordingly, we seek to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities.

Consideration of Director Nominees

You may propose director candidates for consideration by the Nominating and Governance Committee. Any such recommendations must comply with our bylaws and should include the nominee's name and qualifications for Board membership. Director Independence

Our Board of Directors has undertaken a review of the independence of each director and director nominee and has determined that Messrs. Manea, Kiryati and Steinberg are independent, and that each director who serves on each of its committees is independent, as such term is defined by standards of the SEC and AMEX. Messrs. Diamant and Kohn do not meet the independence standards above because they are or were within the past three years employees and executive officers of Digital Power.

Director Compensation

Independent directors receive \$10,000 annually for serving on the Board of Directors. The director designated by the Board as the Audit Committee financial expert receives an additional annual fee of \$5,000 for serving as the financial expert.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT AUDITORS

General

Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global Limited ("E&Y"), has served as our independent registered public accounting firm since 2002 and has been appointed by the Audit Committee to continue as our independent registered public accounting firm for the fiscal year ending December 31, 2009.

Shareholder ratification of E&Y as our independent registered public accounting firm is not required by our bylaws or otherwise. The Board of Directors is seeking such ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection of E&Y as our independent registered public accounting firm, the Audit Committee will consider whether to retain that firm for the year ending December 31, 2009. Even if the selection is

ratified, we may appoint a different independent registered public accounting firm during the year if the Audit Committee determines that such a change would be in the best interests of Digital Power and our shareholders. We do not expect a representative of E&Y to be present at the annual meeting or otherwise be available to make a statement or respond to questions.

E&Y also serves as the independent auditors of Telkooor Telecom Ltd., our largest shareholder. The auditing of our financial statements and Telkooor Telecom Ltd.'s financial statements are handled by separate teams within E&Y.

-10-

This category includes the aggregate fees billed in each of the last two fiscal years for assurance and related services by the independent auditors that are reasonably related to the performance of the audits or reviews of the financial statements and are not reported above under "Audit Fees," and generally consist of fees for other engagements under professional auditing standards, accounting and reporting consultations, internal control-related matters, and audits of employee benefit plans.

The Audit Committee's policy is to pre-approve all services provided by our independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee may also pre-approve particular services on a case-by-case basis. Our independent auditors are required to report periodically to the Audit Committee regarding the extent of services they provide in accordance with such pre-approval.

Vote Required and Recommendation of the Board

The ratification of the appointment of E&Y requires the affirmative vote of the holders of a majority of shares present or represented and entitled to vote thereon at the annual meeting.

The Board of Directors recommends that shareholders vote **FOR** the ratification of appointment of the independent auditors.

REPORT OF THE AUDIT COMMITTEE

In accordance with Securities and Exchange Commission regulations, this Audit Committee report is not deemed to be filed with the SEC.

The Audit Committee oversees the financial reporting process for Digital Power on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Audit Committee reviews Digital Power's internal accounting procedures, consults with, and reviews the services provided by Digital Power's independent auditors, and makes recommendations to the Board regarding the appointment of independent auditors. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles.

In accordance with Statements on Accounting Standards (SAS) No. 61, discussions were held with management and the independent auditors regarding the acceptability and the quality of the accounting principles used in the reports. These discussions included the clarity of the disclosures made therein, the underlying estimates and assumptions used in the financial reporting, and the reasonableness of the significant judgments and management decisions made in developing the financial statements. In addition, the Audit Committee has discussed with the independent auditors their independence from Digital Power and its management. The independent auditors provided the written disclosures and the letter required by Independence Standards Board Standard No. 1.

These persons are required to furnish us with copies of all Section 16(a) forms they file. Based solely upon a review of these forms, we believe that all Section 16(a) filing requirements were met during the year ended December 31, 2007, except for the purchase of 5,000 shares of our common stock in October 2007 pursuant to the exercise of options by Mr. Leo Yen, our then Chief Financial Officer.

Employee Stock Ownership Plan

We adopted an Employee Stock Ownership Plan, or ESOP, in conformity with ERISA requirements. As of December 31, 2007, the ESOP owned, in the aggregate, 167,504 shares of our common stock. All eligible employees participate in the ESOP based on the employee's level of compensation and length of service. Participation in the ESOP is subject to vesting over a six-year period. Our shares of common stock owned by the ESOP are voted by the ESOP trustees. Mr. Diamant is the current trustee of the ESOP.

Stock Option Plans

Our stock option plans currently consist of the Digital Power 2002, 1998, and 1996 Stock Option Plans (the "Plans"). The purpose of the Plans is to encourage stock ownership by employees, officers, and directors by giving them a greater personal interest in the success of the business and by providing them an added incentive to advance in their employment or service to Digital Power. The Plans provide for the grant of either incentive or non-statutory stock options. The exercise price of any stock option granted under the Plans may not be less than 100% of the fair market value of our common stock on the date of grant.

To the extent that an incentive stock option may be exercised in any given year for more than \$100,000, the option will be deemed to be a non-statutory stock option. Generally, our stock option agreements permit cashless exercises where options are exercised and the underlying common stock is sold on the same day. Unless otherwise provided by the Board, an option granted under the Plans is exercisable for ten years. The Plans are administered by the Compensation Committee, which has discretion to determine optionees, the number of shares to be covered by each option, the exercise schedule and other terms of the options. The Plans may be amended, suspended, or terminated by the Board, but no such action may impair rights under a previously granted option. Each incentive stock option is exercisable, during the lifetime of the optionee, only so long as the optionee remains employed with us. In general, no option is transferable by the optionee other than by will or by the laws of descent and distribution.

As of December 31, 2007, a total of 2,272,000 shares of our common stock were reserved for issuance under the Plans, and of this number, options to purchase 950,190 shares of common stock were issued and were outstanding at that date.

401(k) Plan

We have adopted a tax-qualified employee savings and retirement plan, or 401(k) plan, which generally covers all of our full-time employees. Pursuant to the 401(k) plan, employees may make voluntary contributions to the plan up to a maximum of 6% of eligible compensation. The 401(k) plan permits, but does not require, matching contributions by Digital Power on behalf of plan participants. We match contributions at the rate of \$0.25 for each \$1.00 contributed, up to 6% of the base salary. We are also permitted under the plan to make discretionary contributions. The 401(k) plan is intended to qualify under Sections 401(k) and 401(a) of the Internal Revenue Code of 1986, as amended. Contributions to such a qualified plan are deductible to Digital Power when made, and neither the contributions nor the income earned on those contributions is taxable to plan participants until withdrawn. All 401(k) plan contributions are credited to separate accounts maintained in trust.

Employment Agreements

Employment Agreement with Amos Kohn

We entered into an employment agreement effective June 1, 2008, with Mr. Amos Kohn, our President and Chief Executive Officer. Under this agreement, Mr. Kohn will receive an initial annual base salary of \$175,000. He will also receive a stock option to purchase 50,000 shares of our common stock at a price equivalent to the fair market value of

our shares on the date that the option grant is approved by the Board pursuant to our 2002 Stock Option Plan. If certain performance objectives are met and if Mr. Kohn serves continuously as our President and Chief Executive Officer through June 1, 2009, he will be granted an additional option to purchase 100,000 shares of our common stock at a price equivalent to the fair market value of our shares on the date that such option grant is approved by the Board. Mr. Kohn is eligible to participate in our standard employee group benefits.

-15-

If Mr. Kohn serves continuously as our President and Chief Executive Officer and (i) if certain performance objectives are met during 2008, his base salary during 2009 will increase to \$200,000 or he will receive a bonus in the amount of \$87,500; (ii) if certain performance objectives are met during 2009, he will receive a bonus equal to his then base salary times a fraction, the numerator of which is Digital Power's gross profit for 2009 and denominator of which is Digital Power's gross revenue for 2009; and (iii) if certain performance objectives are met during 2010, he will receive a bonus equal to his then base salary times a fraction, the numerator of which is Digital Power's gross profit for 2010 and denominator of which is Digital Power's gross revenue for 2010.

If on or after January 1, 2009, (i) Mr. Kohn is terminated by Digital Power without cause or (ii) a change in control of Digital Power (as defined in the agreement) occurs and Mr. Kohn resigns with good reason within six months following such change in control, Mr. Kohn would be entitled to the following benefits: four to eight months of his then base salary, depending on whether certain performance goals have been achieved; health benefits for up to four months following termination; and acceleration of one year's worth of vesting of any outstanding stock options.
