PART I

The Blackhawk Fund, including all its subsidiaries, are collectively referred to herein as "The Blackhawk Fund," "Blackhawk," "the Company," "us," or "we".

Item 1. DESCRIPTION OF BUSINESS

General

We were incorporated in November 1998 in the state of Nevada as USA Telcom and subsequently changed our name in 2000 to USA Telcom Internationale. In 2004, we changed our name to ZannWell, Inc. and, in 2005, we changed our name to Blackhawk Fund.

Our executive offices are located at 1802 N. Carson Street, Suite 212-3018. Our telephone number is (775) 887-0670.

Changes in Control

2004

On November 29, 2004, a change in control occurred as the result of the acquisition of our series A, series B and series C preferred stock by Palomar Enterprises, Inc., a Nevada corporation ("Palomar").

Pursuant to that certain capital Stock Purchase Agreement dated November 9, 2004, between Robert C. Simpson, our then-sole director and officer and Palomar, on November 29, 2004, Palomar acquired from Dr. Simpson 19,000,000 shares of our series A preferred stock, 10,000,000 shares of our series B preferred stock and 10,000,000 shares of our Series C preferred stock. Each share of the series A preferred stock is convertible into ten shares of our common stock. The shares of the series A preferred stock do not have voting rights. Each share of the series B preferred stock is convertible into two hundred shares of our common stock. On all matters submitted to a vote of the holders of the Common Stock, a holder of the Series B Preferred Stock is entitled to one vote per share of the Series B Preferred Stock held by such holder. The series C preferred stock is not convertible into our common shares. Each share of the series C preferred stock entitles the holder to 100 votes of our common stock on all matters brought before our stockholders.

All of the preferred shares acquired by Palomar carried a legend restricting the transfer thereof under the Securities Act of 1933, as amended. Palomar used \$380,000 of its working capital as consideration for the preferred shares purchased by it pursuant to the Capital Stock Purchase Agreement.

Concurrently with the stock purchase transaction, Robert C. Simpson, our then-sole director and officer, nominated Steve Bonenberger and Brent Fouch as directors. Steve Bonenberger was also elected president and chief executive

officer and Brent Fouch was elected Secretary and chief financial officer. Following the election of Messrs. Bonenberger and Fouch as our officers and directors, Robert C. Simpson resigned his positions as our director and officer.

2008

On April 24, 2008, in connection with the consummation of the purchase and sale of our Series C Preferred Stock, we entered into a stock purchase agreement with Terminus, Inc. and Palomar Enterprises, Inc. whereby Terminus purchased 10,000,000 shares of our Series C Preferred Stock from Palomar Enterprises, Inc. Each share of Series C Preferred Stock was entitled to 100 votes per share. As of the date thereof, we had approximately 562,293,791 million shares of our common stock outstanding. As a result, the sale of the Series C Preferred Stock by Palomar to Terminus effectively transferred Palomar's control of the company to Terminus, giving Terminus approximately 62% of all votes entitled to be cast in any matter requiring or permitting a vote of stockholders. The funds for the acquisition were obtained pursuant to the issuance of the \$550,000 promissory note. The sale of the shares of Series C Preferred Stock was exempt from registration under the Securities Act of 1933, as amended, pursuant to Section 4(1) of the Securities Act (under the so-called "4(1 ½) exemption" of the Securities Act).

On April 24, 2008, in connection with the stock purchase agreement described above, Steve Bonenberger resigned as our President and Chief Executive Officer, and Brent Fouch resigned as our Secretary and Chief Financial Officer. In connection therewith, the board of directors increased the number of authorized directors from two to three and appointed Frank Marshik to fill the newly created vacancy on the board. The board of directors then appointed Mr. Marshik as our President, Chief Financial Officer, and Secretary. Thereafter, Mr. Bonenberger and Mr. Fouch resigned as directors. Their resignations as directors were not based on any disagreement with us on any matter relating to our operations, policies or practices. Mr. Marshik, as the sole remaining director, appointed Terry Ross to fill one of the two vacancies resulting from these resignations.

Current Business Plan

The Blackhawk Fund acquires and redevelops residential and commercial real estate for investment. Once we acquire a property, we redevelop and refurbish the properties, seeking to enhance the value of the properties. Once a property is refurbished, we seek to generate revenue by rental of the property, and we also seek to resell the properties if market conditions permit. We currently hold three properties in our real estate portfolio, although 2 of these properties are in the process of being distributed from our portfolio as discussed below under "Fiscal 2008 and First Quarter 2009 Developments."

Historically, we have also operated a media and television production division. In this division, we have sought to manage and implement proprietary media properties, including cable television shows, infomercials, online video magazines, and DVDs. However, as discussed below, management has determined that the ongoing media and television production operations are not viable, and accordingly has determined to discontinue the media and television production operations.

Upon completion of the change of control in April 2008 discussed above, our new management determined that our company has incurred operating and net losses in each of the last two fiscal years, had a working capital deficit as of the end of the latest fiscal year and as of the latest fiscal quarter, and has a large accumulated deficit. Accordingly, new management has commenced an analysis of each of our two business lines to determine the viability of each line during the second and third quarters of 2008. Within each line of business, management has evaluated and is evaluating historical and projected costs in running the line, existing and potential revenue streams, and the availability of additional capital for expansion of the business line. In particular, with respect to the real estate business, management is evaluating our current real estate portfolio in light of current market conditions, both in the real estate markets and the credit markets. Upon completion of the analysis, management will determine whether to seek to expand the business line or to discontinue or divest of the division.

As of the date of this report, management has determined that, based on its analysis of the foregoing factors, the media and television production operations are not viable. Accordingly, management has determined to discontinue the media and television production operations. Management is continuing the evaluation of our real estate business, the existing real estate portfolio valuations, the existing and potential rental possibilities, the current market values, and the existing financing arrangements. In addition, in light of the distress in the real estate markets, management is looking at potential real estate acquisition opportunities that, if consummated, would increase and diversify our real estate portfolio. Management is also considering diversifying into additional lines of business. In all cases, management may seek to form one or more partnerships, enter into one or more joint ventures, or conduct one or more strategic acquisitions.

Fiscal 2008 and First Quarter 2009 Developments

Distribution of Certain Real Property Held for Sale. In February 2009, we entered into settlement agreements with certain prior affiliated parties pursuant to which we transferred our condominium located in Carlsbad, CA and our residential property located in Oceanside, California. We entered into a settlement agreement with Angel Acquisition Corp. under which Angel agreed to cancel and forgive a promissory note made by us in the aggregate principal amount of \$841,828 in exchange for the Carlsbad condominium property. This property also is subject to a \$496,00 mortgage which is now the responsibility of Angel.. We also entered into a settlement agreement with Debbie Avey with whom we had previously entered into a joint venture in relation to the residential property in Oceanside, CA. Pursuant to the agreement, Ms. Avey released us from any and all liability pursuant to the joint venture as well as any liability associated with the 2 mortgage notes on this property (\$1,120,000 and \$320,000) in exchange for the property.

Purchase of Land in Riverside County, City of Desert Hot Spring. In December 2008, we purchased two parcels of undeveloped land in Riverside County, City of Desert Hot Springs for a purchase price of \$1,000 promissory note. The land approximates 3.5 acres. This property is zoned for residential dwellings. Management is determining whether to build finished lots or in the alternative to sell the land to a developer. The property has not yet been entitled.

Change in Control and Management. In April 2008, there was a change in control and in management of our company. See “Changes in Control—2008” above

April 2008 Financing. In April 2008, we, along with Terminus, Inc. as co-issuers, issued and sold to a single accredited investor: (i) a \$550,000 12% secured promissory note and (ii) 500,000 shares of our series A preferred stock. To secure payment of the note, Terminus pledge the 10,000,000 shares of its series C preferred stock.

Employees

We currently employ one person. None of our employees are represented by a labor union, and we have not entered into a collective bargaining agreement with any union. We have not experienced any work stoppages and consider the relations with our employees to be good.

PART II

Item 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Until January 3, 2005, our common stock was quoted on the OTC Bulletin Board under the symbol ZWLL.OB. On January 3, 2005, in connection with our name change and 1-800 reverse stock split, our symbol changed to BHWF.OB.

These quotations reflect inter-dealer prices, without mark-up, mark-down or commission, and may not represent actual transactions. The following table shows the high and low bid prices for our common stock for each quarter since January 1, 2007 as reported by the OTC Bulletin Board.

We consider our stock to be “thinly traded” and any reported sale prices may not be a true market-based valuation of our stock. Some of the bid quotations from the OTC Bulletin Board set forth below may reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not represent actual transactions.

2008 (OTC Bulletin Board)	High Bid	Low Bid
First quarter	\$ 0.002	\$ 0.001
Second quarter	0.001	0.001
Third quarter	0.00	0.10
Fourth quarter	0.00	0.00
2007 (OTC Bulletin Board)	High Bid	Low Bid
First quarter	\$ 0.048	\$ 0.015
Second quarter	0.019	0.009
Third quarter	0.015	0.008
Fourth quarter	0.015	0.0005

As of March 31, 2009 there were approximately 35 record holders of our common stock. This does not include an indeterminate number of shareholders whose shares are held by brokers in street name.

We have not paid cash dividends since our inception and we do not contemplate paying dividends in the foreseeable future.

Shares eligible for future sale could depress the price of our common stock and lower the value of your investment. Sales of substantial amounts of our common stock, or the perception that such sales could occur, could adversely affect prevailing market prices for shares of our common stock.

SECTION 15(G) OF THE EXCHANGE ACT

The shares of our common stock are covered by Section 15(g) of the Exchange Act, and Rules 15g-1 through 15g-6 promulgated thereunder, which impose additional sales practice requirements on broker-dealers who sell our securities to persons other than established customers and accredited investors.

Rule 15g-2 declares unlawful any broker-dealer transactions in “penny stocks” unless the broker-dealer has first provided to the customer a standardized disclosure document.

Rule 15g-3 provides that it is unlawful for a broker-dealer to engage in a “penny stock” transaction unless the broker-dealer first discloses and subsequently confirms to the customer the current quotation prices or similar market information concerning the penny stock in question.

Rule 15g-4 prohibits broker-dealers from completing “penny stock” transactions for a customer unless the broker-dealer first discloses to the customer the amount of compensation or other remuneration received as a result of the penny stock transaction.

Rule 15g-5 requires that a broker-dealer executing a “penny stock” transaction, other than one exempt under Rule 15g-1, disclose to its customer, at the time of or prior to the transaction, information about the sales person’s compensation.

Our common stock may be subject to the foregoing rules. The application of the “penny stock” rules may affect our stockholders’ ability to sell their shares because some broker-dealers may not be willing to make a market in our common stock because of the burdens imposed upon them by the “penny stock” rules.

The maximum aggregate number of shares of common stock that may be issued and sold under all awards granted under the 2005 Stock Plans is 975,000,000 shares, and as of December 31, 2008, we have issued 362,388,021 shares under the plan, and there are no options outstanding under these plans.

General

The Blackhawk Fund acquires and redevelops residential and commercial real estate for investment. Once we acquire a property, we redevelop and refurbish the properties, seeking to enhance the value of the properties. Once a property is refurbished, we seek to generate revenue by rental of the property, and we also seek to resell the properties if market conditions permit. We currently hold two properties in our real estate portfolio.

Historically, we have also operated a media and television production division. In this division, we have sought to manage and implement proprietary media properties, including cable television shows, infomercials, online video magazines, and DVDs. However, as discussed below, management has determined that the ongoing media and television production operations are not viable, and accordingly has determined to discontinue the media and television production operations.

Change of Control and Change in Management

On April 24, 2008, we entered into a stock purchase agreement with Terminus, Inc. and Palomar Enterprises, Inc. pursuant to which Terminus purchased 10,000,000 shares of our Series C Preferred Stock from Palomar for \$363,000. As a result, the sale of the Series C Preferred Stock by Palomar to Terminus effectively transferred Palomar's control of our company to Terminus.

Concurrently, Steve Bonenberger resigned as our President and Chief Executive Officer, and Brent Fouch resigned as our Secretary and Chief Financial Officer. In connection therewith, the board of directors increased the number of authorized directors from two to three and appointed Frank Marshik to fill the newly created vacancy on the board. The board of directors then appointed Mr. Marshik as our President, Chief Financial Officer, and Secretary. Thereafter, Mr. Bonenberger and Mr. Fouch resigned as directors. Mr. Marshik, as the sole remaining director, appointed Terry Ross to fill one of the two vacancies resulting from these resignations.

On August 19, 2008, the board of directors reduced the number of authorized directors from three (3) to one (1). Concurrently therewith, Terry Ross resigned as a director. Mr. Ross' resignation was not due to any

disagreements with The Blackhawk Fund on matters relating to its operations, policies, and practices.

Plan of Operation

Our new management determined that our company has incurred operating and net losses in each of the last two fiscal years, had a working capital deficit as of the end of the latest fiscal year and as of the latest fiscal quarter, and has a large accumulated deficit. Accordingly, new management commenced an analysis of each of our two business lines to determine the viability of each line during the second and third quarters of 2008. Within each line of business, management has evaluated and is evaluating historical and projected costs in running the line, existing and potential revenue streams, and the availability of additional capital for expansion of the business line. In particular, with respect to the real estate business, management is evaluating our current real estate portfolio in light of current market conditions, both in the real estate markets and the credit markets. Upon completion of the analysis, management will determine whether to seek to expand the business line or to discontinue or divest of the division.

In 2008, management determined that, based on its analysis of the foregoing factors, the media and television production operations are not viable. Accordingly, management has determined to discontinue the media and television production operations. Management is continuing the evaluation of our real estate business, the existing real estate portfolio valuations, the existing and potential rental possibilities, the current market values, and the existing financing arrangements. In addition, in light of the distress in the real estate markets, management is looking at potential real estate acquisition opportunities that, if consummated, would increase and diversify our real estate portfolio. Management is also considering diversifying into additional lines of business. In all cases, management may seek to form one or more partnerships, enter into one or more joint ventures, or conduct one or more strategic acquisitions.

Critical Accounting Policies

The discussion and analysis of our financial conditions and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with generally accepted accounting principles in the United States. The preparation of financial statements requires managers to make estimates and disclosures on the date of the financial statements. On an on-going basis, we evaluate our estimates, including, but not limited to, those related to revenue recognition. We use authoritative pronouncements, historical experience, and other assumptions as the basis for making judgments. Actual results could differ from those estimates. We believe the following critical accounting policies affect our more significant judgments and estimates in the preparation of our consolidated financial statements. A summary of our critical accounting policies can be found in the notes to our annual financial statements included this report.

Results of Operations

Basis of Presentation

The following table sets forth, for the periods indicated, certain unaudited selected financial data:

	Year Ended December 31,	
	2008	2007
Revenues	\$ 31,765	\$ 305,908
Costs of Sales	—	234,231
General and administrative	344,462	2,208,360
Interest Expense	632,483	181,968
Operating income (loss)	\$ (945,180)	\$ (2,318,651)

Comparison of the year ended December 31, 2008 and 2007

Net sales. Our revenues were \$31,765 for the year ended December 31, 2008, as compared to \$305,908 for the year ended December 31, 2007. This decrease resulted from lower demand for our media products and services which resulted in our decision to cease our media operations. The decrease also resulted from a lack of sales of any real estate properties held for development. Our revenues were generated from rental income from our real estate properties and revenues from our former media operations.

Cost of Sales. Costs of sales were \$0 for the year ended December 31, 2008, as compared to \$234,231 for the year ended December 31, 2007, all of which resulted from our media operations.

General and administrative. General and administrative expenses decreased to \$344,462 for the year ended December 31, 2008 from \$2,208,360 for the year ended December 31, 2007. This decrease resulted from a significant reduction in shares and options issued for services in 2008 as compared to 2007.

Interest. Interest expense increased to \$632,483 for the year ended December 31, 2008 from \$181,968 for the year ended December 31, 2007. This increase resulted primarily from the issuance of 500,000 shares of Series A Preferred Stock, valued at \$500,000, in connection with our change of control financing.

Net loss. We incurred an operating loss of \$945,180 for the year ended December 31, 2008, compared to a net loss of \$2,318,651 for the year ended December 31, 2007. The reduction in net loss resulted primarily from a significant reduction in shares and options issued for services in 2008 as compared to 2007. The reduction was offset by the issuance of 500,000 shares of Series A Preferred Stock, valued at \$500,000, in connection with our change of control financing.

Liquidity and Capital Resources

We have financed our operations, debt service, and capital requirements through cash flows generated from operations and through issuance of debt and equity securities. Our working capital deficit at December 31, 2008 was \$1,012,594, and we had cash of \$11,161 as of December 31, 2008.

We used \$247,796 of net cash in operating activities for the year ended December 31, 2008, compared to using \$969,640 in the year ended December 31, 2007. The net loss of \$945,180 was offset by non-cash expenses of \$505 in depreciation and amortization, \$92,300 of stock and options issued for services, \$500,000 of stock issued for interest in connection with the change in control financing, an increase of \$103,750 in accounts payable, and an increase of \$829 in prepaid financing costs.

We generated \$3,550 net cash flows from investing activities for the year ended December 31, 2008, whereas we used \$88,365 in net cash flows from investing activities for the year ended December 31, 2007. The cash flow generated from investing activities related to the disposition of certain equipment.

Net cash flows provided by financing activities were \$253,026 for the year ended December 31, 2008, compared to net cash flows provided by financing activities of \$1,048,638 for the year ended December 31, 2007. This increase in net cash provided by financing activities is due to proceeds from the exercise of stock options and receipt of stock subscriptions of \$186,260, proceeds from a note payable of \$26,251, and proceeds from related party notes payable of \$40,151.

Capital Requirements

Our financial statements for the fiscal year ended December 31, 2008 state that we have incurred significant losses, have a negative capital, and a negative current ratio. These factors, among others indicate that we may not be able to continue as a going concern. We believe that, as of the date of this report, in order to fund our plan of operations over the next 12 months, we will need to fund operations out of cash flows generated from operations, from the borrowing of money, and from the sale of additional securities. It is possible that we will be unable to obtain sufficient additional capital through the borrowing of money or the sale of our securities as needed.

Part of our growth strategy may include diversifying into additional lines of business, forming one or more partnerships, entering into one or more joint ventures, or conducting one or more strategic acquisitions, which may require us to raise additional capital. We do not currently have binding agreements or understandings to acquire any other companies.

We intend to retain any future earnings to pay our debts, finance the operation and expansion of our business and any necessary capital expenditures, and for general corporate purposes.

Off-Balance Sheet Arrangements

On April 24, 2008, the Company and Terminus, Inc., as co-issuers, issued and sold to a single accredited investor: (i) a \$550,000 12% secured promissory note and (ii) 500,000 shares of the Company's Series A Preferred Stock. To secure payment of the note, Terminus pledged the 10,000,000 shares of the Company's Series C Preferred Stock. The Company is considered a guarantor of the note, and accordingly, has treated the note as a contingent liability. In the event that Terminus defaults on the note, the Company will become unconditionally liable for repayment of all principal and interest then due under the note and will incur an expense for the full amount of all such principal and interest. The purpose of the Company's guarantee of the note was to facilitate the change in control transaction.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
The Blackhawk Fund
Carson City, Nevada

We have audited the accompanying balance sheet of The Blackhawk Fund (“Blackhawk” or the “Company”) as of December 31, 2008 and 2007 and the related statements of operations, stockholders’ deficit, and cash flows for the years then ended. These financial statements are the responsibility of Blackhawk’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Blackhawk as of December 31, 2008 and 2007 and the results of its operations and its cash flows for the period described in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that Blackhawk will continue as a going concern. As discussed in Note 9 to the financial statements, Blackhawk has suffered recurring losses from operations and a net capital deficiency that raise substantial doubt about its ability to continue as a going concern. Management’s plans in regard to these matters are also described in Note 9. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

THE BLACKHAWK FUND
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The Blackhawk Fund (“Blackhawk” or the “Company”) was organized on November 5, 1998 in Nevada as USA Telecom. In 1998, the entity amended its articles of incorporation to change its name to USA Telcom, in 2000 it amended its articles of incorporation to change its name to USA Telcom Internationale, in 2004 it amended its articles of incorporation to change its name to ZannWell Inc., and in January 2005, it amended its articles of incorporation to change its name to Blackhawk Fund. For the year ended December 31, 2008 the Company was in the business of residential and commercial real estate acquisition and development.

Cash and cash equivalents

The Company considers all cash on hand and in banks, including accounts in book overdraft positions, certificates of deposit and other highly- liquid investments with maturities of three months or less, when purchased, to be cash and cash equivalents.

Research and development expenses

Research and development expenses are charged to operations as incurred. There were no research and development costs incurred in the periods.

Advertising expenses

Advertising and marketing expenses are charged to operations as incurred there were no expenses in 2008 or 2007.

Revenue recognition

The Company generates revenue from the sale of real estate, brokerage commissions, and rental income from rental properties. Revenues from real estate sales and commissions are recognized on execution of the sales contract. The Company records gross commissions on the sales of properties closed. The Company pays the broker of record five percent of all transactions and 100 percent of personal sales. This is in accordance with standard procedures. The Company compensates its independent agents on a sliding scale between 70 and 80 percent based on productivity. The Company also recognizes sales when it sells properties that have been held for sale when their renovation is complete. Revenue is recognized at “closing”.

The Company has not recognized any revenue from its new business plan other than rental income.

Income Taxes

The Company utilizes the asset and liability method of accounting for income taxes. Temporary differences represent differences in the recognition of assets and liabilities for tax and financial reporting purposes, primarily accumulated depreciation and amortization.

As of December 31, 2008, the deferred tax asset is related solely to the Company’s net operating loss carry forward and is fully reserved.

Earnings (loss) per share

Basic earnings (loss) per share are computed by dividing the net income (loss) by the weighted-average number of shares of common stock and common stock equivalents (primarily outstanding options and warrants). Common stock equivalents represent the dilutive effect of the assumed exercise of the outstanding stock options and warrants, using the treasury stock method. The calculation of fully diluted earnings (loss) per share assumes the dilutive effect of the exercise of outstanding options and warrants at either the beginning of the respective period presented or the date of issuance, whichever is later. As of December 31, 2008, the Company's outstanding warrants are considered anti-dilutive.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the accounting period. Actual results could differ from those estimates.

NOTE 2 - STOCK BASED COMPENSATION

Prior to January 1, 2006, we accounted for stock based compensation under Statement of Financial Accounting Standards No. 123 Accounting for Stock-Based Compensation (FAS 123). As permitted under this standard, compensation cost was recognized using the intrinsic value method described in Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees (APB 25). Effective January 1, 2006, the Company has adopted Statement of Financial Accounting Standards No. 123 (Revised 2004), Share-Based Payment (FAS 123R) and applied the provisions of the Securities and Exchange Commission Staff Accounting Bulletin No. 107 using the modified-prospective transition method. Prior periods were not restated to reflect the impact of adopting the new standard. As a result of the adoption of FAS 123R, stock-based compensation expense recognized during the year ended December 31, 2008 includes compensation expense for all share-based payments granted on or prior to, but not yet vested as of December 31, 2006, based on the grant date fair value estimated in accordance with the original provisions of FAS 123, and compensation cost for all share-based payments granted on or subsequent to January 1, 2006, based on the grant date fair value estimated in accordance with the provisions of FAS 123R.

Beginning on January 1, 2006, any future excess tax benefits derived from the exercise of stock options will be recorded prospectively and reported as cash flows from financing activities in accordance with FAS 123R.

During the year ended December 31, 2008, the Company recorded stock based consulting expense of \$92,300, as determined under FASB 123R.

NOTE 3 - PROPERTY - HELD FOR SALE/FIXED ASSETS

In late March 2006, the Company purchased a condominium located in Carlsbad, California for \$625,083. The Company intends to renovate and sell the condo. Since the Company intends to sell the condominium upon completion of the planned renovations, it has been designated as "held-for-sale." Therefore, it will be carried at the lower cost or fair value (net of expected sales costs) during the renovation period and will not be depreciated. Major improvements and renovations are capitalized.

In June of 2006, the Company entered into a joint venture agreement to renovate and then sell a residential home located in Oceanside, California. The Company is a 50% joint venture partner, but has the right to exercise control. The Company is 100% responsible for improvement costs, with these costs to be reimbursed upon sale and any remaining profits split 50/50. The Company has valued the house at the original value of the liability assumed of \$1,000,000. As the intention on this property is identical described above the description related to "held for sale" no depreciation applies. The Company has capitalized improvements on this property of \$149,817.

In 2008 the Company paid \$1,000 for a property in foreclosure.

NOTE 4 - COMMON STOCK

During the year ended December 31, 2008, the company issued 221,100,000 shares of common stock under its stock option plan resulting in an expense of \$92,300 and cash received \$186,260.

The Company has valued the convertible shares using the Black-Scholes model and has recognized a financing expense equivalent to the stated value of the Series A Preferred Stock of \$500,000.

Series B Preferred Stock

On April 24, 2008, the Company amended the certificate of designation establishing the Company's Series B Preferred Stock. Pursuant to this amendment, the Company's Series B Preferred Stock now contains on limitation on conversions such that no holder of Series B Preferred Stock can convert such shares into the Company's common stock if such conversion would result in the holder owning in excess of 4.99% of the Company's issued and outstanding common stock.

Series C Preferred Stock

On April 24, 2008, the Company amended the certificate of designation for its Series C Preferred Stock. Pursuant to the Amendment, on all matters submitted to a vote of the holders of the common stock, including, without limitation, the election of directors, a holder of shares of the Series C Preferred Stock shall be entitled to the number of votes on such matters equal to the product of (a) the number of shares of the Series C Preferred Stock held by such holder, (b) the number of issued and outstanding shares of the Company's common stock, on a fully-diluted basis, as of the record date for the vote, or, if no such record date is established, as of the date such vote is taken or any written consent of stockholders is solicited, and (c) 0.0000002.

On April 24, 2008, the Company and Terminus, Inc., as co-issuers, issued and sold to a single accredited investor: (i) a \$550,000 12% secured promissory note and (ii) 500,000 shares of the Company's Series A Preferred Stock. To secure payment of the note, Terminus pledged the 10,000,000 shares of the Company's Series C Preferred Stock. The Company is considered a guarantor of the note, and accordingly, has treated the note as a contingent liability.

NOTE 7- CONTINGENT LIABILITY

On April 24, 2008, the Company and Terminus, Inc. as co-issuers, issued and sold to a single accredited investor (1) a \$550,000 12% secured promissory note and (2) 500,000 shares of the Company's Series A Preferred Stock.
