Item 1.01. Entry into a Material Definitive Agreement.

On March 18, 2010, Global Trek Xploration, (the “Company”), a subsidiary of GTX Corp., entered into a License Agreement with Aetrex Worldwide, Inc. (“Aetrex”) pursuant to which we granted Aetrex the right to embed our GPS tracking device into certain footwear products manufactured and sold by Aetrex. Aetrex is widely recognized as the global leader in pedorthic footwear and foot orthotics. The purpose of the License Agreement is to grant Aetrex the right to embed the Company’s GPS tracking device into certain footwear products manufactured and sold by Aetrex. These GPS enabled tracking shoes will track the wearer’s location through the GPS tracking services offered by the Company.

Under the License Agreement, the Company granted Aetrex certain exclusive and non-exclusive rights to (i) embed the Company’s portable GPS tracking system device into footwear, and (ii) manufacture, sell and distribute in the “Territory” certain footwear containing the GPS tracking system device. Aetrex was granted (a) the exclusive rights to embed the Company’s GPS tracking devices into all adult (male and female) footwear and into insoles, and (b) the non-exclusive rights to embed the tracking devices into athletic footwear and military footwear. The “Territory” consists of the following: Aetrex has the exclusive rights to North America (USA, Canada, Mexico), the Middle East (Turkey, Qatar, Saudi Arabia, UAE, Iraq, Israel, Jordan, Cyprus, and Egypt), the European Union, Australia, New Zealand, Japan, and Greece, and the non-exclusive rights to all other countries.

The rights granted to Aetrex under the License Agreement will remain in effect for four years, commencing on the date the Company ships the first GPS tracking device to Aetrex for use in Aetrex’s footwear. Aetrex has agreed to purchase a substantial number of GPS tracking devices from the Company for use with certain of its footwear products. In order to retain its exclusive rights, Aetrex must purchase 156,000 devices from us over the four-year term of the license agreement commencing with 6,000 GPS tracking devices in the first year, 25,000 devices during the second year, 50,000 devices during the third year, and 75,000 devices during the fourth year. The end-users of the GPS enabled Aetrex shoes, predominately seniors afflicted with dementia, will also pay us a monthly service fee, a portion of which will be shared with Aetrex. Based on the currently anticipated price at which Aetrex will purchase the GPS tracking devices from the Company, plus the monthly service revenues that the Company is projected to receive from users of the Aetrex GPS-enabled shoes, the Company expects to generate multiple millions of dollars of gross revenues from this agreement if Aetrex purchases at least the minimum amounts specified in the agreement. No assurance can be given that Aetrex will purchase the minimum amounts of the Company’s GPS units required for them to maintain the exclusivity as specified in the license agreement. The agreement will automatically renew for additional one year periods if Aetrex’s annual purchase of the number of the GPS tracking devices in the preceding year was at least one hundred and fifteen percent (115%) of the prior year’s minimum purchase requirement.

In order to activate the tracking features of the Aetrex shoes, the user of the shoes will have to purchase a monthly cellular connection plan from the Company. The Company will be responsible for the cellular/GPS activation, for arranging and providing cellular connection services and for collecting the monthly fees. The Company will receive and retain the recurring monthly fees received from users of the Aetrex embed tracking footwear, although the Company has agreed to remit a varying portion of those monthly fees to Aetrex. The Company will also be solely responsible for the manufacture, production and supply/sale to Aetrex of the licensed GPS tracking devices, and for repairs, replacements, after-service, and warranties pursuant to its product and services warranties.
