Our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, including audited financial statements, is included herewith. Such Annual Report and financial statements are not a part of this Proxy Statement.

This Proxy Statement was first sent or given to shareholders on October 5, 2010.

QUESTIONS AND ANSWERS ABOUT THE MEETING

What is the purpose of the 2010 Annual Meeting of Shareholders?

The purpose of the annual meeting is to allow you to vote on the matters outlined in the accompanying Notice of Annual Meeting of Shareholders, including the election of the Board and the ratification of the appointment of Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global Limited, as our independent auditors for the fiscal year ending December 31, 2011.

Who is entitled to vote?

Only shareholders of record at the close of business on the record date, September 20, 2010 (the "Record Date"), are entitled to vote at the annual meeting, or at any adjournments or postponements of the annual meeting.

What are the Board's recommendations on the proposals?

The Board recommends a vote FOR each of the proposals.

How do I vote?

Either (1) mail your completed and signed proxy card(s) to Digital Power Corporation, 41324 Christy Street, Fremont, CA 94538, Attention: Corporate Secretary, (2) call the toll-free number printed on your proxy card(s) and follow the recorded instructions or (3) visit the website indicated on your proxy card(s) and follow the on-line instructions. If

you are a registered shareholder and attend the meeting, then you may deliver your completed proxy card(s) or vote in person. If your shares are held by your broker or bank, in “street name”, then you will receive a form from your broker or bank seeking instructions as to how your shares should be voted. If you do not instruct your broker or bank how to vote, then your broker or bank will vote your shares if it has discretionary power to vote on a particular matter.

Can I change my vote after I return my proxy card?

Yes. You have the right to revoke your proxy at any time before the annual meeting by notifying our Corporate Secretary in writing at Digital Power Corporation, 41324 Christy Street, Fremont, California 94538, voting in person, or returning a proxy card with a later date. Those voting by internet or by telephone may also revoke their proxy either by voting in person at the annual meeting or by voting and submitting their proxy at a later time by internet or by telephone. If you have instructed a broker to vote your shares, you must follow your broker's directions in order to change those instructions.

Who will count the vote?

Our Corporate Secretary will count the votes and act as the inspector of election. Computershare Transfer & Trust is our transfer agent for our common stock. Computershare Transfer & Trust will tally the proxies and provide this information at the time of the annual meeting.

What shares are included on the proxy card(s)?

The shares on your proxy card(s) represent ALL of your shares.

What does it mean if I get more than one proxy card?

If your shares are registered differently and are in more than one account, then you will receive more than one proxy card. Complete, sign and return all proxy cards, or electronically transmit all proxy cards, to ensure that all your shares are voted. We encourage you to have all accounts registered under the same name and address whenever possible. You can accomplish this by contacting our transfer agent, Computershare Transfer & Trust, located at 350 Indiana Street, Suite 800, Golden, Colorado 80401, phone (303) 986-5400, fax (303) 986-2444, or, if your shares are held by your broker or bank in "street name", by contacting the broker or bank who holds your shares.

How many shares can vote?

Only shares of common stock may vote. As of the Record Date, there were 6,678,968 shares of common stock issued and outstanding.

Each share of common stock is entitled to one vote. However, with respect to the election of directors, California law provides that a shareholder, or his or her proxy, may cumulate votes; that is, each shareholder has that number of votes equal to the number of shares owned, multiplied by the number of directors to be elected, and the shareholder may cumulate such votes for a single candidate or distribute such votes among as many candidates as he or she deems appropriate. A shareholder may cumulate votes only for a candidate or candidates whose name(s) has/have been properly placed in nomination prior to the voting, and only if the shareholder has given notice at the meeting, prior to the voting, of his or her intention to cumulate votes for the candidates in nomination. Our designated proxy holders have discretionary authority to cumulate votes represented by the proxies received in the election of directors. These proxy holders intend to vote all proxies received by them in such manner that will assure the election of as many of the nominees described under "Proposal No. 1 - Election of Board of Directors" as possible.

What is a "quorum"?

A "quorum" is a majority of the outstanding shares entitled to vote. A quorum may be present in person or represented by proxy to transact business at the annual meeting. For the purposes of determining a quorum, shares held by brokers or nominees for whom we receive a signed or electronically transmitted proxy will be treated as present even if the

broker or nominee does not have discretionary power to vote on a particular matter, or if instructions were never received from the beneficial owner. These shares are called “broker non-votes.” Abstentions will be counted as present for quorum purposes.

What is required to approve each proposal?

For the election of the Board, once a quorum has been established, the nominees for director who have received the most votes will become directors. Holders owning a majority of the shares present or represented and entitled to vote at the annual meeting must approve the ratification of the appointment of Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global Limited, as our independent auditors for the fiscal year ending December 31, 2011.

If a broker indicates on its proxy that it does not have discretionary authority to vote on a particular matter, then the affected shares will be treated as not present and not entitled to vote with respect to that matter, even though the same shares may be considered present for quorum purposes and may be entitled to vote on other matters.

How will we solicit proxies?

We will distribute the proxy materials and solicit votes. We will also bear the cost of soliciting proxies. These costs will include the expense of preparing and mailing proxy solicitation materials for the meeting, and reimbursements paid to brokerage firms and others for their reasonable out-of-pocket expenses for forwarding proxy solicitation materials to shareholders. Proxies may also be solicited by our directors, officers, and employees, without additional compensation, in person, by telephone, by facsimile or by internet.

Our Board has fixed the authorized number of directors at five. As of the date of this Proxy Statement, our directors are Amos Kohn, Ben-Zion Diamant, Israel Levi, Yeheskel Manea and Terry Steinberg. Effective as of the date of the 2010 Annual Meeting of Shareholders, Mr. Steinberg's term will expire, and he will not stand for re-election to the Board.

Smith for election as directors at the 2010 Annual Meeting, each to serve until the 2011 Annual Meeting or until his earlier death, resignation or removal. Below is information concerning such nominees, including information as to their age and business experience as of the Record Date. Unless otherwise instructed, our designated proxy holders will vote the proxies received by them for the five nominees named below. If any of our nominees are unable or decline to serve as a director at the time of the annual meeting, the proxies will be voted for any nominee designated by the present Board to fill the vacancy. Each nominee has agreed to serve as a director, if elected.

We believe that Mr. Levi's executive-level experience, his spearheading of industry-first products and technology developments that have helped build the broadband infrastructure, and his service on our Board since 2008 give him the qualifications and skills to serve as one of our directors.

We believe that Mr. Smith's business development and executive-level experience, including his management experience at Digital Power, as well as his service as a member of our Advisory Board since 2002, give him the qualifications to serve as one of our directors.

#### Family Relationships

Two of Mr. Manea's children are married to two of Mr. Diamant's children. Mr. Diamant's son, Ran Diamant, who is also Mr. Manea's son-in-law, serves as the Corporate Secretary and Controller of Telkoor Power Supplies Ltd., a key supplier to Digital Power and a wholly-owned subsidiary of our largest shareholder, Telkoor. ## Vote Required and Recommendation of the Board

Directors are elected by the affirmative vote of the holders of a plurality of shares present or represented and entitled to vote thereon at the annual meeting.

The Board recommends that shareholders vote FOR each of the nominees listed above.

## Board Meetings and Committees

As of the date of this Proxy Statement, our Board is composed of five members and maintains the following three standing committees: (1) the Audit Committee; (2) the Compensation Committee; and (3) the Nomination and Governance Committee. The membership and the function of each of the committees are described below. Our Board may from time to time establish a new committee or dissolve an existing committee depending on the circumstances. Current copies of the charters for the Audit Committee and the Nomination and Governance Committee can be found on our website at [www.digipwr.com](http://www.digipwr.com).

Our Board held three meetings during the year ended December 31, 2009. During that year, the Audit Committee held three meetings, the Compensation Committee held three meetings, and the Nomination and Governance Committee did not hold any meetings. During the year ended December 31, 2009, all of the directors attended at least 75% of the meetings of the Board held during their tenure and 75% of the meetings, if any, of the Board committees upon which they served and held during their tenure. We encourage, but do not require, our Board members to attend the annual meeting of shareholders. All of our directors attended our 2009 Annual Meeting of Shareholders.

### Audit Committee

Messrs. Levi, Manea, and Steinberg currently comprise the Audit Committee of our Board. Effective as of the date of the 2010 Annual Meeting of Shareholders, Mr. Smith, if elected as a director, shall replace Mr. Steinberg as a member of such committee. Our Board has determined that each of the current members of the Audit Committee and Mr. Smith satisfy the requirements for independence and financial literacy under the standards of the Securities and Exchange Commission (the "SEC") and the NYSE Amex. Our Board has also determined that Mr. Manea qualifies as an "audit committee financial expert" as defined in SEC regulations and satisfies the financial sophistication requirements set forth in the NYSE Amex Rules.

The Audit Committee is responsible for, among other things, selecting and hiring our independent auditors, and approving the audit and pre-approving any non-audit services to be performed by our independent auditors; reviewing the scope of the annual audit undertaken by our independent auditors and the progress and results of their work; reviewing our financial statements, internal accounting and auditing procedures, and corporate programs to ensure compliance with applicable laws; and reviewing the services performed by our independent auditors to determine if the services rendered are compatible with maintaining the independent auditors' impartial opinion.

### Compensation Committee

Messrs. Levi, Manea, and Steinberg currently comprise the Compensation Committee of our Board. Effective as the date of the 2010 Annual Meeting of Shareholders, Mr. Smith, if elected as a director, shall replace Mr. Steinberg as a member of such committee. Our Board has determined that each of the current members of the Compensation Committee and Mr. Smith satisfy the requirements for independence under the standards of the SEC and the NYSE Amex.

The Compensation Committee is responsible for, among other things, reviewing and approving executive compensation policies and practices; reviewing and approving salaries, bonuses and other benefits paid to our officers, including our Chief Executive Officer and Chief Financial Officer; and administering our stock option plans and other benefit plans.

## Nomination and Governance Committee

Messrs. Levi, Manea, and Steinberg currently comprise the Nomination and Governance Committee of our Board. Effective as of the date of the 2010 Annual Meeting of Shareholders, Mr. Smith, if elected as a director, shall replace Mr. Steinberg as a member of such committee. Our Board has determined that each of the current members of the Nomination and Governance Committee and Mr. Smith satisfy the requirements for independence under the standards of the SEC and the NYSE Amex.

The Nomination and Governance Committee is responsible for, among other things, assisting our Board in identifying prospective director nominees and recommending nominees for each annual meeting of shareholders to the Board; developing and recommending governance principles applicable to our Board; overseeing the evaluation of our Board and management; and recommending potential members for each Board committee to our Board.

Board candidates are considered according to various criteria such as their broad-based business and professional skills, experiences, personal integrity and judgment, global business and social perspective, and concern for the long-term interests of our shareholders. In addition, directors must have time available to devote to Board activities and to enhance their knowledge of the power-supply industry. Accordingly, we seek to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities.

While the Nomination and Governance Committee does not have a formal policy on diversity for members of the Board, it considers diversity of background, experience and qualifications in evaluating prospective Board members, as it believes that various points of view contribute to a more effective, engaged Board and to better decision-making processes.

## Consideration of Director Nominees

You may propose director candidates for consideration by the Nomination and Governance Committee. Any such recommendations must comply with our bylaws and should include the nominee's name and qualifications for Board membership. The recommendation should be directed to the Corporate Secretary, c/o Digital Power Corporation, 41324 Christy Street, Fremont, California 94538.

## Code of Ethics

We have adopted a Code of Ethical Conduct that applies to our principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions. The Code of Ethical Conduct is designed to deter wrongdoing and to promote honest and ethical conduct and compliance with applicable laws and regulations. The full text of our Code of Ethical Conduct is published on our website at [www.digipwr.com](http://www.digipwr.com). We will disclose any substantive amendments to the Code of Ethical Conduct or any waivers, explicit or implicit, from a provision of the Code on our website or in a Current Report on Form 8-K.

## Board Leadership Structure and Role in Risk Oversight

Our Board as a whole is responsible for our risk oversight. Our executive officers address and discuss with our Board our risks and the manner in which we manage or mitigate such risks. While our Board has the ultimate responsibility for our risk oversight, our Board works in conjunction with its committees on certain aspects of its risk oversight responsibilities. In particular, our Audit Committee focuses on financial reporting risks and related controls and procedures; our Compensation Committee evaluates the risks associated with our compensation philosophy and programs and strives to create compensation practices that do not encourage excessive levels of risk taking that would be inconsistent with our strategies and objectives; and our Nomination and Governance Committee oversees risks

associated with our Code of Ethical Conduct.

We currently separate the positions of President/Chief Executive Officer and Chairman of the Board. The Board believes that such structure is in the best interest of the Company at this time, as it allows for a more effective monitoring and objective evaluation of the performance of management.

## Director Independence

Our Board has undertaken a review of the independence of each director and director nominee and has determined that Messrs. Manea, Levi, Steinberg and Mr. Smith are independent, and that each director who serves on each of its committees is independent, as such term is defined by standards of the SEC and the NYSE Amex. Messrs. Kohn and Diamant do not meet the independence standards above because they are or were within the past three years employees and executive officers of Digital Power.

## Director Compensation

Independent directors receive \$10,000 annually for serving on the Board. The director designated by the Board as the Audit Committee financial expert receives an additional annual fee of \$5,000 for serving as the financial expert.

Upon joining our Board, each independent director also receives a grant of an option under our 2002 Stock Option Plan to purchase 10,000 shares of our common stock. In addition, subject to Board approval, each independent director may be granted, on an annual basis, an option to purchase an additional 10,000 shares of our common stock. Options vest over a four-year period, 25% per year. Each option has an exercise price equal to the fair market value of our common stock on the grant date and a maximum term of ten years, subject to earlier termination upon the cessation of service as a director.

The table below sets forth, for each non-employee director, the total amount of compensation related to his service during the year ended December 31, 2009:

Name	Director Compensation

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT AUDITORS

## General

Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global Limited (“E&Y”), has served as our independent registered public accounting firm since 2002 and has been appointed by the Audit Committee to continue as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

Shareholder ratification of E&Y as our independent registered public accounting firm is not required by our bylaws or otherwise. The Board is seeking such ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection of E&Y as our independent registered public accounting firm, the Audit Committee will consider whether to retain that firm for the year ending December 31, 2011. Even if the selection is ratified, we may appoint a different independent registered public accounting firm during the year if the Audit Committee determines that such a change would be in the best interests of Digital Power and our shareholders. We do not expect a representative of E&Y to be present at the annual meeting or otherwise be available to make a statement or respond to questions.

E&Y also serves as the independent auditors of Telkoor, our largest shareholder. The auditing of our and Telkoor's financial statements are handled by separate teams within E&Y.

#### Fees and Services

The following table shows the aggregate fees billed to us for professional services by E&Y for the fiscal years ended December 31, 2009 and 2008:

All Other Fees	\$ -0-	\$ -0-

## REPORT OF THE AUDIT COMMITTEE

In accordance with Securities and Exchange Commission regulations, this Audit Committee report is not deemed to be filed with the SEC.

The Audit Committee oversees the financial reporting process for Digital Power on behalf of the Board. In fulfilling its oversight responsibilities, the Audit Committee reviews Digital Power's internal accounting procedures, consults with, and reviews the services provided by, Digital Power's independent auditors, and makes recommendations to the Board regarding the appointment of independent auditors. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles.

In accordance with Statements on Accounting Standards (SAS) No. 61, discussions were held with management and the independent auditors regarding the acceptability and the quality of the accounting principles used in the reports. These discussions included the clarity of the disclosures made therein, the underlying estimates and assumptions used in the financial reporting, and the reasonableness of the significant judgments and management decisions made in developing the financial statements. In addition, the Audit Committee has discussed with the independent auditors their independence from Digital Power and its management. The independent auditors provided the written disclosures and the letter required by Independence Standards Board Standard No. 1.

The Audit Committee has also met and discussed with Digital Power's management, and with its independent auditors, issues related to the overall scope and objectives of the audits conducted, the internal controls used by Digital Power, and the selection of Digital Power's independent auditors. In addition, the Audit Committee discussed with the independent auditors, with and without management present, the specific results of audit investigations and examinations and the auditors' judgments regarding any and all of the above issues.

Pursuant to the reviews and discussions described above, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2009, for filing with the Securities and Exchange Commission.

Respectfully submitted,

## Employee Stock Ownership Plan

We adopted an ESOP in conformity with ERISA requirements. As of December 31, 2009, the ESOP owned, in the aggregate, 167,504 shares of our common stock. All eligible employees participate in the ESOP based on the employee's level of compensation and length of service. Participation in the ESOP is subject to vesting over a six-year period. Our shares of common stock owned by the ESOP are voted by the ESOP trustees. Messrs. Diamant and Kohn are the current trustees of the ESOP.

## Stock Option Plans

Our stock option plans currently consist of the Digital Power 2002, 1998, and 1996 Incentive Share Option Plans (the "Stock Option Plans"). The purpose of the Stock Option Plans is to encourage stock ownership by employees, officers, and directors by giving them a greater personal interest in the success of the business and by providing them an added incentive to advance in their employment or service to Digital Power. The Stock Option Plans provide for the grant of either incentive or non-statutory stock options. The exercise price of any stock option granted under the Stock Option Plans may not be less than 100% of the fair market value of our common stock on the date of grant.

To the extent that an incentive stock option may be exercised in any given year for more than \$100,000, the option will be deemed to be a non-statutory stock option. Generally, our stock option agreements permit cashless exercises where options are exercised and the underlying common stock is sold on the same day. Unless otherwise provided by

the Board, an option granted under the Stock Option Plans is exercisable for ten years. The Stock Option Plans are administered by the Compensation Committee, which has discretion to determine optionees, the number of shares to be covered by each option, the exercise schedule and other terms of the options. The Stock Option Plans may be amended, suspended, or terminated by the Board, but no such action may impair rights under a previously granted option. Each incentive stock option is exercisable, during the lifetime of the optionee, only so long as the optionee remains employed with us. In general, no option is transferable by the optionee other than by will or by the laws of descent and distribution.

As of December 31, 2009, of the 2,272,000 shares of our common stock authorized under the Stock Option Plans, a total of 688,905 options were available for grant. In addition, options to purchase 825,240 shares of common stock were issued and outstanding at that date.

#### 401(k) Plan

We have adopted a tax-qualified employee savings and retirement plan, or 401(k) plan, which generally covers all of our full-time employees. Pursuant to the 401(k) plan, employees may make voluntary contributions to the plan up to a maximum of 6% of eligible compensation. The 401(k) plan permits, but does not require, matching contributions by Digital Power on behalf of plan participants. We match contributions at the rate of \$0.25 for each \$1.00 contributed, up to 6% of the base salary. We are also permitted under the plan to make discretionary contributions. The 401(k) plan is intended to qualify under Sections 401(k) and 401(a) of the Internal Revenue Code of 1986, as amended. Contributions to such a qualified plan are deductible to Digital Power when made, and neither the contributions nor the income earned on those contributions is taxable to plan participants until withdrawn. All 401(k) plan contributions are credited to separate accounts maintained in trust.

#### Employment Agreements

##### Employment Agreement with Amos Kohn

Effective June 1, 2008, the Company entered into an employment agreement with Amos Kohn, its President and Chief Executive Officer (the "Employment Agreement"). Pursuant to the Employment Agreement, Mr. Kohn was entitled to receive an initial annual base salary of \$175,000 and was granted a stock option to purchase 50,000 shares of the Company's common stock at a price equivalent to the fair market value of the Company's shares on the date that the option grant was approved by the Company's Board pursuant to the Company's 2002 Digital Power Incentive Share Option Plan.

The Employment Agreement also provides that Mr. Kohn was to be granted an option to purchase 100,000 shares of the Company's common stock at a price equivalent to the fair market value of the Company's shares on the date that such option grant was approved by the Board, if (1) certain performance goals of the Company were met during the year ended December 31, 2008 and (2) Mr. Kohn served continuously as the Company's President and Chief Executive Officer through June 30, 2009. While Mr. Kohn did serve continuously as the Company's President and Chief Executive Officer through June 30, 2009, and continues to serve in such capacity, certain of the stated performance goals for the Company for 2008 were not achieved. On August 11, 2009, the Compensation Committee of the Board (the "Compensation Committee") determined that, since the shortfall from the performance goals was not material, Mr. Kohn should be granted an option to purchase 50,000 shares of the Company's common stock in lieu of the 100,000 shares of the Company's common stock provided for in the Employment Agreement. The option vests in equal annual installments over a four-year period. The Compensation Committee also determined that, in the event certain performance goals for the Company for the year ending December 31, 2009 were met, Mr. Kohn would be entitled to receive an option grant with respect to the remaining 50,000 shares. Such performance goals for the Company for 2009 were not satisfied.

In addition, the Employment Agreement provides that if Mr. Kohn serves continuously as the Company's President and Chief Executive Officer and (i) if certain performance objectives were met during 2008, his base salary during 2009 would increase to \$200,000 or he would receive a bonus in the amount of \$87,500; (ii) if certain performance objectives were met during 2009, he would receive a bonus equal to his then base salary times a fraction, the numerator of which is the Company's gross profit for 2009 and the denominator of which is the Company's gross revenue for 2009; and (iii) if certain performance objectives are met during 2010, he will receive a bonus equal to his then base salary times a fraction, the numerator of which is the Company's gross profit for 2010 and the denominator

of which is the Company's gross revenue for 2010. Effective January 1, 2009, Mr. Kohn's base salary was increased to \$200,000; although, as discussed above, the performance goals for the Company during 2008 were not met, the Compensation Committee determined that, since the shortfall from the performance goals was not material, Mr. Kohn would receive an increase in his base salary to \$200,000. As indicated above, the performance goals for the Company for 2009 were not satisfied.

Also pursuant to the Employment Agreement, if on or after January 1, 2009, (i) Mr. Kohn is terminated by the Company without cause or (ii) a change in control of the Company (as defined in the Employment Agreement) occurs, and Mr. Kohn resigns with good reason within six months following such change in control, Mr. Kohn will be entitled to the following benefits: four to eight months of his then base salary, depending on whether certain performance goals have been achieved; health benefits for up to four months following termination; and acceleration of one year's worth of vesting of any outstanding stock options.

In the fiscal years ended December 31, 2009 and 2008, we purchased approximately \$2,531,000 and \$4,571,000, respectively, of products from Telkoor Power Supplies Ltd. ("TPS"), a wholly-owned subsidiary of Telkoor. We have no written agreement for the purchase of these products, other than purchase orders that are placed in the ordinary course of business when the products are needed.

On August 25, 2010, Digital Power and its wholly-owned subsidiary, Digital Power Limited ("DPL") entered into an agreement with TPS, pursuant to which, among other things, (1) TPS sold, assigned and conveyed to DPL all of its right, title and interest in and to the intellectual property associated with the Compact Peripheral Component Interface 600 W AC/DC power supply series (the "Assets") and (2) DPL granted to TPS an irrevocable license to sell the Assets in the State of Israel on an exclusive basis, for which TPS agreed to pay to DPL royalty fees. In consideration for the intellectual property, DPL paid to TPS \$480,000.

Mr. Diamant is our Chairman of the Board of Directors and is the Chief Executive Officer and the majority shareholder of Telkoor. Telkoor is one of our principal shareholders.
