

Item 8.01. Other Events.

The purpose of this item is to disclose certain information regarding the possible principal terms and conditions of a possible refinancing that Revlon Consumer Products Corporation ("RCPC"), the wholly owned operating subsidiary of Revlon, Inc. ("Revlon" and, together with RCPC the "Company"), is exploring as to its existing credit facilities. Such information includes term sheets that RCPC is discussing with the potential lenders involved in such refinancing.

As referred to in the Company's Current Reports on Form 8-K filed with the SEC on February 24, 2010 and earlier on February 25, 2010, RCPC participated in a meeting on February 25, 2010 at approximately 2:30 p.m. New York time with a group of potential lenders in connection with the launch of a possible refinancing of RCPC's existing 2006 bank term loan facility and asset-based revolving credit facility (the "2010 Proposed Refinancing"). As part of the Company's strategy to continue to improve its capital structure, the 2010 Proposed Refinancing would, among other things, extend the maturity of these credit facilities, which are RCPC's next debt maturities, due on January 15, 2012.

In connection with the 2010 Proposed Refinancing, among other things, it is expected that RCPC's 2006 term loan facility, with \$815 million aggregate principal amount outstanding at December 31, 2009, would be replaced with a new approximately \$800 million, 7-year term loan facility (the "Proposed 2010 Term Loan Facility"). The 2010 Proposed Refinancing is also expected to include replacing RCPC's 2006 revolving credit facility, with nil outstanding borrowings at December 31, 2009, with a new approximately \$140 million, 4-year asset-based, multi-currency revolving credit facility (the "Proposed 2010 Revolving Credit Facility" and together with the Proposed 2010 Term Loan Facility, the "Proposed 2010 Credit Facilities").

RCPC expects to use the proceeds of the Proposed 2010 Term Loan Facility, plus other available cash, to repay in full the approximately \$815 million of outstanding indebtedness under its existing term loan facility, and to pay approximately \$15 million of fees and expenses expected to be incurred in connection with consummating the Proposed 2010 Refinancing.

The summary terms of the Proposed 2010 Term Loan Facility and the Proposed 2010 Revolving Credit Facility are attached to this Form 8-K as Exhibits 99.1 and 99.2, respectively, and are incorporated by reference into this Item 8.01.

The Proposed 2010 Credit Facilities are expected to close and fund in early- to mid-March 2010. Consummation of the refinancing is subject to market and other customary conditions, including, among other things, the execution of definitive documentation and perfection of security interests in collateral. There can be no assurances that the possible refinancing will be finalized and closed.

Item 7.01. Regulation FD Disclosure.

- all other cash flows in 2010, including changes in working capital, are anticipated to result in cash usage of approximately \$25 million, including the impact of approximately \$15 million of pension expense and approximately \$25 million of pension cash contributions.
