Consent Agreement Disclosure

On December 10, 2002, the Board of Directors of Community Bank (the "Bank"), the bank subsidiary of Community Bancshares, Inc. ("the Company"), entered into an agreement with the Alabama State Banking Department (the "Department"). The agreement provides that the Board of Directors will take certain actions regarding (i) an investigation into payments made in connection with several construction projects of the Bank, (ii) approval and management of payments and loans involving directors, officers and employees and (iii) expense controls and review of financial statements.

With respect to the investigation of construction payments, the Audit Committee, with the assistance of independent accountants and counsel, will determine whether any directors, officers or employees improperly benefited from payments made by the Bank for construction projects. If improper benefits were received, the Audit Committee will determine the amount of such benefits, fix an

appropriate rate of interest due to the Bank on the principal amount of any benefit, require restitution of the amount of the benefit, plus accrued interest and investigate any apparent negligence on the part of Bank employees with regard to improper payments. Subject to certain extension provisions, the Bank will report the Audit Committee's findings to the Department for its review and concurrence in January, 2003.

The Board has agreed, among other things, to require Board approval of all extensions of credit to insiders, as defined in Regulation O of the Board of Governors of the Federal Reserve System. The Board has also agreed to implement certain procedures for managing existing loans to insiders, including limitations on renewals, methods of collection of certain loans to insiders and obtaining current appraisals on collateral securing such loans. In addition, the Board has agreed to limit future extensions of credit and any payments other than ordinary compensation to any director, officer or employee who, after investigation, is deemed to owe restitution to the Bank or whose loans have been made subject to limitations discussed above, to consult with the Department regarding settlement of litigation and to obtain prior approval for sales or transfers of Banks assets benefiting any director, officer or employee deemed to owe restitution.

As a part of an effort to control the Bank's expenses, the Board will direct the Audit Committee to review for adequacy and appropriateness bills paid by the Bank for professional services from 1998 to the present, to recover fees improperly paid, if any, for the benefit of third parties and to establish additional procedures for the payment of future bills. The Audit Committee will require quarterly and annual reports from its auditors regarding the adequacy of the Bank's loan loss reserve.
