Edgar Filing: MER TELEMANAGEMENT SOLUTIONS LTD - Form 6-K

In the last two years we successfully implemented our new billing and interconnect solutions worldwide and we started to gain market recognition which exposes us to new market opportunities and increases our chances of closing new contracts. We started implementations of our TEM solution for several customers in the US and Europe in 2006 and we are about to complete them during 2007.

In 2006, we expanded our presence in the US telemanagement market by acquiring TelSoft Solutions, a California based telemanagement solutions company. We believe that their large customer installed base in the US is a key to our success with our new TEM offerings.

"We see the market opportunities and are ready to leverage our solutions. We are looking forward to improve both our top and bottom line performance," concluded Mr. Bar.
