Eltek Awarded It s Largest Ever High-End PCB Order from the U.S.

Receives a \$1.8 million follow-on order from a tier one U.S. industrial manufacturer which is expected to be delivered in 2008.

PETACH-TIKVA, Israel, February 05, 2008 Eltek Ltd. (NasdaqCM: ELTK), the leading Israeli manufacturer of advanced circuitry solutions, today announced that a major U.S. industrial manufacturer has placed a frame order for flex rigid PCBs that will be used in the production of advanced industrial equipment. Shipments under this \$1,830,000 order are expected to be made during 2008.

Arieh Reichart, President and Chief Executive Officer of Eltek, said This is the largest order we have received from a U.S.-based customer and takes our global growth initiatives to another level. As a follow-on order from a prestigious customer, it marks a strategic and quantitative milestone for our company and provides us with a great start to 2008. We expect that this order will further improve our revenue mix and associated operating margins, and increase our overall corporate productivity and visibility.

Amnon Shemer, CFO of Eltek added In order to better serve the needs of our customers, we have signed a Vendor Managed Inventory (VMI) Agreement with this customer, subject to which this frame order has been issued. Pursuant to the VMI agreement, Eltek provides the customer with required quantities based on forecasts and actual pulls from inventory maintained by Eltek.

We believe in mutual cooperation with our customers, and pleased that this unique arrangement has already brought us cumulative sales of \$ 1.4 million, and the additional \$1.8 million dollar frame order provides additional proof that our service to our valued customers is a key to fruitful long term relations for the benefit to both parties. Mr. Shemer concluded.

About the Company

Eltek is Israel s leading manufacturers of printed circuit boards (PCB), the core circuitry of most electronic devices. It specializes in the complex high-end of PCB manufacturing, i.e., HDI, multi-layered and flex-rigid boards. Eltek s technologically advanced circuitry solutions are used in today s increasingly sophisticated and compact electronic products. For more information, visit Eltek s internet site at www.eltekglobal.com.
