PROXY STATEMENT

INTRODUCTION

This proxy statement and the accompanying proxy are being mailed by Pluristem Therapeutics Inc., or the Company, to the holders of record of the Company's outstanding shares of common stock, \$0.00001 par value, or Common Stock, commencing on or about June 2, 2008. The accompanying proxy is being solicited by the Board of Directors of the Company, or the Board, for use at the annual meeting of stockholders of the Company, or the Meeting, to be held on the 26th day of June 2008 at 5:00 p.m. local time, at our offices, Matam Advanced Technology Park Building No. 20, Haifa, Israel, 31905 and at any adjournment or postponement thereof. The cost of solicitation of proxies will be borne by the Company. Directors, officers and employees of the Company may assist in the solicitation of proxies by mail, telephone, telefax, in person or otherwise, without additional compensation. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting materials to the owners of stock held in their names and the Company will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of such proxy materials.

The Board has fixed May 1, 2008 as the record date for the Meeting. Only stockholders of record on May 1, 2008, or the Record Date, are entitled to notice of and to vote at the Meeting or any adjournment or postponement thereof. On May 1, 2008, there were issued and outstanding 6,939,715 shares of Common Stock. Each share of Common Stock is entitled to one vote per share.

The Company's Bylaws provide that a quorum shall consist of the representation at the Meeting, in person or by proxy, of stockholders entitled to vote at least thirty three and one third percent (33 1/3%) of the stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy. The affirmative vote of the holders of a majority of the votes present in person or represented by proxy is required for the election of each of the director nominees, for the amendment of our amended Articles of Incorporation to authorize 10,000,000 shares of preferred stock, par value \$0.00001, with such series, rights, preferences, privileges and restrictions as may be designated from time to time by our Board of Directors and for the approval of any other business which may properly be brought before the Meeting or any adjournment or postponement thereof. A majority means that such actions require more than 50% of the votes cast to be approved.

Edgar Filing: PLURISTEM THERAPEUTICS INC - Form DEF 14A

All shares of Common Stock represented in person or by valid proxies received by the Company prior to the date of, or at, the Meeting will be counted for purposes of determining the presence of a quorum for taking action on the proposals set forth below and be voted as specified in the proxies or voting instructions. With regard to the election of directors, votes may be cast for or against particular director nominees, left blank or stockholders may abstain from voting for each nominee. Votes that are left blank will be voted FOR the election of the directors named on the proxy and the amendment of our amended Articles of Incorporation; abstentions are not considered votes cast and thus have no effect on the election of directors; abstentions and broker non-votes are not considered votes cast for the purpose of adopting the proposed amendment to our Articles of Incorporation and thus have no effect on the election of directors. With regard to other matters that may properly come before the Meeting, votes will be cast at the discretion of the proxies.

- 1 -

Abstentions may be specified on all proposals and will be counted as present for purposes of determining a quorum. Submitted proxies which are left blank and broker non-votes will also be counted as present for purposes of determining a quorum, but are not counted for purposes of determining whether a proposal has been approved in matters where the proxy does not confer the authority to vote on such proposal, and thus have no effect on its outcome. Broker non-votes are shares held by a broker or nominee which are represented at the Meeting, but with respect to which the broker or nominee is not empowered to vote on a particular proposal. Brokers have discretion to vote matters that are considered routine such as the election of directors, provided the broker giving or authorizing the giving of the proxy has no knowledge of any contest as to the action to be taken at the Meeting and provided such action is adequately disclosed to stockholders and does not include authorization for a merger, consolidation or any other matter which may affect substantially the rights or privileges of such stock. Amending the Company's Articles of Incorporation to authorize shares of preferred stock is not considered a routine matter and therefore if a broker is not empowered to vote this proposal, such broker has no discretion to vote this matter.

Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by our Secretary, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

On or about June 2, 2008, this proxy statement, together with the related proxy card, is being mailed to our stockholders of record as of the Record Date. Our annual report to our stockholders for the fiscal year ended June 30, 2007, or Fiscal 2007, including our financial statements, is being mailed together with this proxy statement to all of our stockholders of record as of the Record Date. In addition, we have provided brokers, dealers, banks, voting trustees and their nominees, at our expense, with additional copies of our annual report so that our record holders could supply these materials to our beneficial owners as of the Record Date.

IMPORTANT: If your shares are held in the name of a brokerage firm, bank, nominee or other institution, you should provide instructions to your broker, bank, nominee or other institution on how to vote your shares. Please contact the person responsible for your account and give instructions for a proxy to be completed for your shares.

Our website address is included several times in this proxy statement as a textual reference only and the information in our website is not incorporated by reference into this proxy statement.

The numbers of shares in this proxy statement have been adjusted to reflect the one for two hundred reverse stock split we effected on November 26, 2007.

PROPOSAL NO. 2 AMENDMENT TO THE COMPANY S ARTICLES OF INCORPORATION TO AUTHORIZE SHARES OF PREFERRED STOCK

Proposed Amendment

The Company s amended Articles of Incorporation, or the Amended Articles, presently authorize the Company to issue 30,000,000 shares of Common Stock par value \$0.00001 each. The Amended Articles currently do not authorize any preferred stock of the Company. NRS 78.035 of the Nevada Revised Statutes provides that the number of shares a corporation is authorized to issue and, if more than one class or series of stock is authorized, the classes, the series and the number of shares of each class or series which the corporation is authorized to issue shall be set forth in such corporation s Articles of Incorporation, unless the Articles authorize the board of directors to fix and determine the classes, series and numbers of each class or series.

Our Board has unanimously approved, and unanimously recommends that the stockholders of the Company approve, a proposal to amend Article FOURTH of our Amended Articles to authorize 10,000,000 shares of preferred stock, par value \$0.00001, with such series, rights, preferences, privileges and restrictions as may be designated from time to time by our Board. The full text of Article FOURTH of the Articles of Incorporation as proposed to be amended by this proposal is as follows:

The aggregate number of shares which the corporation shall have authority to issue is: (i) Thirty Million (30,000,000) shares of common stock, par value \$0.00001 each (the Common Stock), and (ii) Ten Million (10,000,000) shares of preferred stock, par value \$0.00001 each, which may be issued in one or more series at the discretion of the Board of Directors (the Preferred Stock). The Board of Directors is hereby vested with authority to fix by resolution or resolutions the designations and the powers, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions thereof, including without limitation the dividend rate, conversion or exchange rights, redemption price and liquidation preference, of any series of shares of Preferred Stock, and

to fix the number of shares constituting any such series, and to increase or decrease the number of shares of any such series (but not below the number of shares thereof then outstanding). In case the number of shares of any such series shall be so decreased, the shares constituting such decrease shall resume the status which they had prior to the adoption of the resolution or resolutions originally fixing the number of shares of such series. All shares of any one series shall be alike in every particular except as otherwise provided by these Articles of Incorporation or the Nevada Revised Statutes.

Reasons for and Effect of the Proposed Amendment

The proposed amendment to the Amended Articles will create 10,000,000 authorized shares of preferred stock, or the Preferred Stock, the terms, rights and features of which are to be determined by the Board upon issuance. The authorization of such Preferred Stock would permit the Board to authorize and issue Preferred Stock from time to time in one or more series.

Subject to the provisions of our Amended Articles and the limitations prescribed by law, the Board would be expressly authorized, at its discretion, to adopt resolutions to issue shares, to fix the number of shares constituting any series and to provide for or change the voting powers, designations, preferences and relative, participating, optional or other special rights, qualifications, limitations or restrictions thereof, including dividend rights, dividend rates, redemption prices, conversion rights and liquidation preferences of the shares constituting any series of the Preferred Stock, in each case without any further action or vote by the stockholders. The Board would be required to make any determination to issue shares of Preferred Stock in good faith and with a view to the interests of the Company. The amendment to the Amended Articles would give the Board flexibility, without further stockholder action, to issue Preferred Stock on such terms and conditions as the Board deems to be in the interests of the Company.

The amendment will provide the Company with increased financial flexibility in meeting future capital requirements by providing another type of security in addition to our Common Stock, as it will allow Preferred Stock to be available for issuance from time to time and with such features as determined by the Board for any proper corporate purpose. It is anticipated that such purposes may include the issuance of Preferred Stock for cash as a means of obtaining capital for use by the Company, or issuance as part or all of the consideration required to be paid by the Company for acquisitions of other businesses or assets.

- 5 -

Any issuance of Preferred Stock with voting rights could, under certain circumstances, have the effect of delaying or preventing a change in control of the Company by increasing the number of outstanding shares entitled to vote and by increasing the number of votes required to approve a change in control of the Company. Shares of voting or convertible Preferred Stock could be issued, or rights to purchase such shares could be issued, to render more difficult or discourage an attempt to obtain control of the Company by means of a tender offer, proxy contest, merger or otherwise. The ability of the Board to issue such additional shares of Preferred Stock, with the rights and preferences it deems advisable, could discourage an attempt by a party to acquire control of the Company by tender offer or other means. Such issuance could therefore deprive stockholders of benefits that could result from such an attempt, such as the realization of a premium over the market price that such an attempt could cause. Moreover, the issuance of such additional shares of Preferred Stock to persons friendly to the Board could make it more difficult to remove incumbent managers and directors from office even if such change were to be favorable to stockholders generally.

While the amendment may have anti-takeover ramifications, the Board believes that the financial flexibility offered by the amendment outweighs any disadvantages. For example, having authorized Preferred Stock would allow our Board to conduct one or more registered or unregistered offerings to raise needed capital without the need to call a special meeting of our stockholders to authorize such issuances. The ability to determine the rights and preferences of a given series of Preferred Stock on a case-by-case basis also allows the Board great flexibility in determining such things as, whether the stock would be redeemable by us at a given date or convertible into shares of our Common Stock. Further, to the extent that the amendment may have anti-takeover effects, the amendment may encourage persons seeking to acquire the Company to negotiate directly with the Board enabling the Board to consider the proposed transaction in a manner that best serves the stockholders' interests.

While the Company may consider issuing Preferred Stock in the future for the corporate purposes mentioned above, the Company presently has no plans, agreements or understanding with any person to effect any such issuance, and the Company may never issue any Preferred Stock. Therefore, the terms of any Preferred Stock that may be issued in the future cannot be stated. However, it is likely that the terms and conditions of any Preferred Stock, as designated in a Certificate of Designation, would include preferences and rights superior to those of the holders of Common Stock. Such terms might include special voting rights, special conversion rights and redemption or other rights which may, among other things, provide the holders of Preferred Stock with a disproportionate share of earnings distributed by way of dividends or of the proceeds of a sale or liquidation of the Company as well as disproportionate rights of approval with respect to certain kinds of transactions, compared to those of the holders of Common Stock.

Required Vote

The affirmative vote of the holders of a majority of the votes present in person or represented by proxy is required for the amendment of the Company's Amended Articles.

The Board recommends a vote FOR the proposal to amend the Company's Amended Articles.

CORPORATE GOVERNANCE

Our Board has two standing committees: the Audit Committee and the Compensation Committee.

- 6 -

Our Audit Committee held one meeting during Fiscal 2007. During Fiscal 2007 the Audit Committee had no obligation to meet. However, since the end of Fiscal 2007 the Audit Committee has met five times.

Nominating/Corporate Governance; Director Candidates. The Company does not have a Nominating Committee or Corporate Governance Committee or any committees of a similar nature, nor any charter governing the nomination process. Our Board does not believe that such committees are needed for a company our size. However, our independent directors will consider stockholder suggestions for additions to our Board.

All directors nominees to the Board are selected and recommended to the Board by a majority of independent directors of the Company. In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our independent directors will apply criteria including the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. No particular criteria will be a prerequisite or will be assigned a specific weight. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

The Company has never received communications from stockholders recommending individuals to any of our independent directors. Therefore we do not yet have a policy with regard to the consideration of any director candidates recommended by stockholders.

In Fiscal 2007, we did not pay a fee to any third party to identify or evaluate, or assist in identifying or evaluating, potential nominees for our Board. We have not received any recommendations from stockholders for Board nominees. All of the nominees for election at the Meeting are current members of our Board.

- 7 -

Mr. Doron Shorer, one of our independent directors and the Chairman of our Audit Committee, with the assistance of our outside counsel, is primarily responsible for monitoring communications from our stockholders and for providing copies or summaries to the other directors as he considers appropriate. Communications are forwarded to all directors if they relate to substantive matters and include suggestions or comments that Mr. Shorer considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board should address such communications to: Board of Directors c/o Pluristem Therapeutics, Ltd. at the address on the first page of this proxy statement.

Pre-Approval Policies and Procedures

None of the audit-related fees billed in Fiscal 2007 and during the twelve months ended on June 30, 2006 related to services provided under the de minimis exception to the SEC's audit committee pre-approval requirements.

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy generally provides that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Except as disclosed herein, no director, executive officer, principal shareholder holding at least 5% of our common shares, or any family member thereof, had any material interest, direct or indirect, in any transaction, during Fiscal 2007, or any currently proposed transaction, in which the amount involved in the transaction exceeded or exceeds the lesser of \$120,000 or one percent of the average of our total assets at the year end for the last two completed fiscal years.

He is also the founder and Chief Technology Officer of our subsidiary, Pluristem, Ltd. The amount of consideration received by Dr. Meretzki was determined as a result of arm's length negotiation and represents the value that management believes would have resulted from negotiations with a non-affiliate for the same assignment of rights.
