WIN GLOBAL MARKETS, INC. AND ITS SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

U.S. dollars

NOTE 1: GENERAL:

- a. Win Global Markets, Inc. (formerly known as Win Gaming Media, Inc.) (the “Company”) was incorporated under the laws of the State of Nevada on April 23, 2002. Effective as of October 24, 2011, the Company changed its name to Win Global Markets, Inc. The Company’s shares are currently traded on the OTC Bulletin Board under the trading symbol WGMI.OB. The Company is engaged in offering online trading of binary options (see b. below).
- b. Since March 28, 2010, the Company has been offering online trading of binary options. Specifically, the Company markets its online binary options business towards customers who are seeking to realize profits from their trades within a short period of time.

Between March 28, 2010 and July 31, 2011, the Company offered online trading of binary options through two of its wholly-owned subsidiaries in Cyprus and Israel. Worldwide trading continues to be offered by WGM Services Ltd., a company registered in Cyprus (“WGM”), on www.globaloption.com. The same services were featured by B Option Ltd., an Israeli company (“B Option”), on www.options.co.il, until July 31, 2011. On July 31, 2011, B Option and Manex Online Trading Ltd., an Israeli company (“Manex”), signed a marketing partnership agreement by which B Option transferred to Manex its entire customer database in exchange for revenue share distributions of 58% to B Option and 42% to Manex. The agreement also provided that Manex was entitled to use B Option’s domain name www.options.co.il for marketing purposes and to attract and retain B Option’s customers. On April 19, 2012, B Option and Manex reached another agreement whereby Manex paid B Option approximately \$44,000 (in two equal installments, with the first in April 2012 and the second in May 2012) and the parties agreed that following the first payment, B Option would transfer the possession and ownership of the domain name www.option.co.il to Manex, and following the second payment, all obligations between the parties would be deemed satisfied. Both installments of the \$44,000 had been received as of May 2012.

In addition, since June 5, 2011, the Company has been offering online trading of binary options through the website www.eztrader.com which was part of the assets acquired from Venice Technologies Ltd., an Israeli company (“Venice”) (see Note 4 below).

On December 4, 2011, the Company entered into a securities purchase agreement with HV Markets Limited (“HV”), a British Virgin Islands company, pursuant to which the Company agreed to issue to HV an aggregate of 12,500,000 shares of its common stock for total consideration of \$1,250,000, of which \$995,000 was received by December 31, 2011, with the remainder to be received at closing. In addition, the Company agreed to issue warrants to purchase 6,250,000 shares of its common stock at an exercise price per share of \$0.10. No separate consideration was paid for the warrants. The warrants are exercisable six months after the date of issuance thereof, until five years from the date of issuance thereof. The closing was on February 6, 2012, with the Company having received the remainder of the \$1,250,000 proceeds as of such date. As a result, the amount of \$995,000 received by December 31, 2011 was recorded as a liability under “prepayment on account of shares”.

A special meeting of shareholders of the Company was held on January 25, 2012. The Company’s shareholders approved an amendment to the amended Articles of Incorporation of the Company to increase the number of authorized shares of its common stock from 75,000,000 shares, par value \$0.001 per share, to 150,000,000 shares, par value \$0.001 per share.

WIN GLOBAL MARKETS, INC. AND ITS SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

U.S. dollars

NOTE 1: GENERAL (cont.):

c. The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. The Company has suffered losses from operations and has negative cash flows from operations in 2011 and through the second quarter of 2012. The Company currently depends on the success of its binary options business, but has not generated sufficient revenues through August 14, 2012. In addition, in 2011 the Company purchased a customers database and certain software in respect of online trading of binary options, including the domain name www.eztrader.com, in order to leverage the Company's binary options business. The Company financed the purchase by an equity issuance. Unless the Company's binary options business provides the Company with the required cash flows in the near future, it will be under liquidity pressure and would be dependent on its shareholders by way of additional equity issuances or shareholder loans. The condensed consolidated financial statements do not include any adjustments that may result from the outcome of this uncertainty.

NOTE 2: BASIS OF PRESENTATION:

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments including non-recurring adjustments attributable to reorganization and severance and impairment considered necessary for a fair presentation have been included. Operating results for the six and three months ended June 30, 2012 are not necessarily indicative of the results that may be expected for the year ending December 31, 2012. For further information, reference is made to the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 (the "Annual Report").

The interim condensed consolidated financial statements incorporate the financial statements of the Company and all of its subsidiaries. All significant intercompany balances and transactions have been eliminated on consolidation.

NOTE 3: SIGNIFICANT ACCOUNTING POLICIES:

- a. The significant accounting policies applied in the annual consolidated financial statements of the Company as of December 31, 2011 contained in the Company's Annual Report are applied consistently in these condensed consolidated financial statements.
- b. These financial statements should be read in conjunction with the audited annual financial statements of the Company as of December 31, 2011 and their accompanying Notes.
- c. The Company accounts for stock based compensation to employees in accordance with Financial Accounting Standards Board ("FASB") ASC Topic 718, "Stock Compensation". The Company measures and recognizes compensation expense for share-based awards based on estimated fair values on the date of grant using the Black-Scholes option-pricing model. This option pricing model requires that the Company make several estimates, including the option's expected life and the price volatility of the underlying stock.

WIN GLOBAL MARKETS, INC. AND ITS SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

U.S. dollars

NOTE 3: SIGNIFICANT ACCOUNTING POLICIES (cont.):

c. (cont.):

The following table shows the total stock-based compensation charges included in the Condensed Consolidated Statements of Operations:

	Six months ended June 30, 2012		Three months ended June 30, 2011	
	Unaudited		Unaudited	
General and administrative expenses	\$ 37,136	\$ 82,100	\$ 17,472	\$ 39,725

d. A summary of the Company's share option activity to employees and directors, and related information is as follows:

	Six months ended June 30, 2012		2011	
	Unaudited		Unaudited	
	Number of options	Weighted average exercise price \$	Number of options	Weighted average exercise price \$
Outstanding at the beginning of the year	7,505,261	0.44	6,152,261	0.17
Granted*	600,000	0.1	-	-
Forfeited	-	-	-	-
Outstanding at the end of the quarter	8,105,261	0.50	6,152,261	0.17
Options exercisable at the end of the quarter	7,330,261	0.50	5,140,728	0.18

*The fair value of each option granted in 2012 is \$0.11 and is estimated on the date of grant, using the Black-Scholes option-pricing model with the following weighted average assumptions: dividend yield of 0% for all years; expected volatility - 210%; risk-free interest rate - 5.0%; expected life 5 years; expected forfeiture for options granted to employees - 0%.

WIN GLOBAL MARKETS, INC. AND ITS SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

U.S. dollars

NOTE 4: ACQUISITION:

On May 4, 2011, WGM and Venice entered into a Purchase Agreement (the "Venice Agreement"), pursuant to which WGM agreed to purchase Venice's customer database (including liability to customers) and online trading of binary options software, including the domain name www.eztrader.com, for \$625,000 in cash. On May 5, 2011, WGM and Venice amended the Venice Agreement such that of the aggregate consideration of \$625,000 (excluding a derivative instrument of \$64,000 as explained below) contemplated to be paid to Venice under the Venice Agreement, \$500,000 was paid in cash at closing on June 5, 2011. With respect to the remainder of the payment in the amount of \$125,000, Venice had the option to either (i) receive the consideration on September 1, 2011, or (ii) receive 1,562,500 shares of the Company's common stock by such date. This option was recorded as a derivative in the amount of \$64,000. On September 1, 2011, the Company paid the remaining \$125,000 and issued 1,562,500 shares to one of our shareholders in respect thereof. Upon payment of the \$125,000, the derivative was charged to finance expenses.

The amount attributed to the customer database was \$866,000 (including liability to customers amounting to \$458,000) and to the software was \$281,000.

The software platform is being amortized over a 3 year period and the customer database over 1 year, each of which represents their economic useful life.

The balance of intangible assets includes the unamortized amount of the software platform which amounted to \$179,528, and the fully amortized customer database.

NOTE 5: RECENTLY ADOPTED ACCOUNTING STANDARDS:

In December 2011, the FASB issued ASU 2011-11, Balance Sheet (Topic 210), and Disclosures about Offsetting Assets and Liabilities, which requires companies to disclose information about financial instruments that have been offset and related arrangements to enable users of their financial statements to understand the effect of those arrangements on their financial position. Companies will be required to provide both net (offset amounts) and gross information in the notes to the financial statements for relevant assets and liabilities that are offset. ASU 2011-11 is effective for fiscal years, and interim periods within those years, beginning on or after January 1, 2013. The Company does not expect the adoption of ASU 2011-11 in the first quarter of 2013 to have an impact on its financial position, results of operations, or cash flows.

NOTE 6: RELATED PERSON TRANSACTIONS:

As of June 30, 2012, the Company had outstanding management fees and advances to be repaid to Mr. Shimon Citron, the Company's CEO (personally and through his private company), in the aggregate amount of \$107,795.

NOTE 7: SUBSEQUENT EVENTS:

On August 9, 2012, Shahar Ben Moshe announced that he will be resigning from his position as Chief Financial Officer of the Company, effective August 31, 2012.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Forward Looking Statements

The statements contained in this Quarterly Report on Form 10-Q that are not historical facts are "forward-looking statements". The business and operations of Win Global Markets, Inc., or the Company, we, us, or our, are subject to substantial risks, which increase the uncertainty described in the forward-looking statements contained in this Quarterly Report on Form 10-Q. Such forward-looking statements may be identified by, among other things, the use of forward-looking terminology such as "believes," "intends," "plan," "expects," "may," "will," "should," or "anticipates" or the negative thereof or other variations thereon or comparable terminology, or by discussions of strategy that involve risks and uncertainties. In particular, our statements regarding future financings and the potential growth of our markets and business outlook are examples of such forward-looking statements. The forward-looking statements include risks and uncertainties, including, but not limited to, our future growth being dependent upon the success of our new business activity in the field of binary options and other factors, including future financings, and general economic conditions and regulatory developments, not within our control. Further information on potential factors that could cause actual results and developments to be materially different from those expressed in or implied by such statements is described in Item 1A, "Risk Factors" of our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 (our "Annual Report"), and expressed from time to time in our filings with the Securities and Exchange Commission (the "SEC"). The forward-looking statements are made only as of the date of this filing, and, except as required by law, we undertake no obligation to update such forward-looking statements to reflect subsequent events or circumstances. Readers are also urged to carefully review and consider the various disclosures we have made in this Quarterly Report on Form 10-Q and our other filings with the SEC, including our Annual Report.

Overview

Our unaudited condensed consolidated financial statements are stated in United States Dollars (US\$) and are prepared in accordance with U.S. generally accepted accounting principles.

You should read the following discussion of our financial condition and results of operations together with the unaudited condensed consolidated financial statements and the notes to unaudited condensed consolidated financial statements included elsewhere in this Quarterly Report on Form 10-Q.

We are engaged in the business of offering worldwide online trading of binary options. We entered the binary options business in November 2009, and since March 2010, we have been offering online trading of binary options through our wholly-owned Cypriot subsidiary, WGM Services Ltd. ("WGM"). Worldwide trading is being offered by WGM on www.globaloption.com and www.eztrader.co.il.

We derive most of our income from offering worldwide online trading of binary options, and we continue to generate marginal income from revenue sharing arrangements in the interactive gaming industry, through third parties.

RESULTS OF OPERATIONS FOR SIX AND THREE MONTHS ENDED JUNE 30, 2012 COMPARED TO SIX AND THREE MONTHS ENDED JUNE 30, 2011.

Revenues and Cost of Revenues

During the six and three months ended June 30, 2012, we generated revenues from our binary options business and additional marginal revenues from our revenue sharing arrangements with Lodgnet Interactive Corporation (“Lodgnet”) and Manex (as defined below), each as described below. During the six and three months ended June 30, 2011, we generated marginal revenues from our binary options business and our revenue sharing arrangements with Lodgnet.

Total revenues for the six months ended June 30, 2012 increased by 436% to \$955,168 from \$218,869 in the six months ended June 30, 2011. Total revenues for the three months ended June 30, 2012 increased by 401% to \$570,577 from \$142,389 for the three months ended June 30, 2011. These increases are mainly attributable to the operation of our acquired website www.eztrader.com from which the majority of our revenues during the six and three months ended June 30, 2012 were generated. Our revenues from Lodgnet revenue sharing remained marginal in both periods. As described below, our revenues from Manex revenue sharing ended in May 2012 and no future revenue is expected from revenue sharing with Manex.

Cost of revenues for the six months ended June 30, 2012 increased by 237% to \$797,156 from \$336,731 for the six months ended June 30, 2011. Cost of revenues for the three months ended June 30, 2012 increased by 255% to \$458,732 from \$180,188 for the three months ended June 30, 2011. These increases are attributable to the cost of operating our binary options business, including employee payroll, and additional costs of revenues resulting from the significant growth in our acquired website www.eztrader.com.

Selling and Marketing

Selling and marketing expenses for the six months ended June 30, 2012 increased by 446% to \$885,467 from \$198,415 for the six months ended June 30, 2011. Selling and marketing expenses for the three months ended June 30, 2012 increased by 472% to \$477,035 compared to \$101,121 for the three months ended June 30, 2011. The increases in selling and marketing expenses are attributable to marketing expenses, primarily consisting of online advertisement, of our online trading of binary options sites.

General and Administrative

General and administrative expenses for the six months ended June 30, 2012 increased by 208% to \$918,146 from \$442,299 for the six months ended June 30, 2011. General and administrative expenses for the three months ended June 30, 2012 increased by 149% to \$388,582 from \$261,516 for the three months ended June 30, 2011. The increases in general and administrative expenses are primarily attributable to the amortization of intangible assets acquired in 2011, as discussed in Note 4 to our condensed consolidated financial statements, and the expansion of our binary options business in 2012.

Net Loss Attributable to the Company

Net loss attributable to the Company for the six months ended June 30, 2012 was \$1,666,417 compared to a net loss of \$760,477 for the six months ended June 30, 2011. Net loss for the three months ended June 30, 2012 was \$756,805 compared to a net loss of \$395,263 for the three months ended June 30, 2011. Net loss per share from operations for the six months ended June 30, 2012 and June 30, 2011 was \$0.02. Net loss per share from operations for the three months ended June 30, 2012 and June 30, 2011 was \$0.01. Net loss for the six and three months ended June 30, 2012 and 2011 was primarily attributable to the costs of our operations in the binary options business, including hiring

employees and extensive online advertisement, each in a much higher capacity in 2012 due to our acquired website www.eztrader.com. Our weighted average number of shares of common stock used in computing basic and diluted net loss per share for the six months ended June 30, 2012 was 72,200,322, while the number of shares of common stock used in computing basic and diluted net income per share for the three months ended June 30, 2012 was 74,741,531. Our weighted average number of shares of common stock used in computing basic and diluted net loss per share for the six months ended June 30, 2011 was 37,110,698, while the number of shares of common stock used in computing basic and diluted net income per share for the three months ended June 30, 2011 was 38,152,364. The increase in our outstanding shares is due to our equity issuances in 2011 and February 2012, as described below.

Liquidity and Capital Resources

As of June 30, 2012, our total current assets were \$319,744 and our total current liabilities were \$1,122,001. On June 30, 2012, we had an accumulated deficit of \$21,789,084. We currently finance our operations through revenues from our binary options business. In addition, on February 6, 2012 we closed an equity issuance to one investor for total consideration of \$1,250,000, with \$995,000 having been received by us as of December 31, 2011, and the remainder of which having been received on February 6, 2012. Our February 2012 equity issuance is more fully described below and in our Current Report on Form 8-K dated February 6, 2012 and incorporated herein by reference.

We had a negative working capital of \$802,257 on June 30, 2012 compared with a positive working capital of \$191,696 on December 31, 2011. Cash and cash equivalents on June 30, 2012 were \$67,728, a decrease of \$700,341 from the \$768,069 reported on December 31, 2011. The decrease in cash is primarily attributable to our cost of operations, including payroll related to our employees and extensive marketing expenses.

Operating activities used cash of \$905,172 in the six months ended June 30, 2012. Cash used by operating activities in the six months ended June 30, 2012 resulted primarily from operating our binary options business, including marketing expenses and payroll for our employees. To improve our liquidity position in the future, we laid off certain of our employees during the quarter ended June 30, 2012.

Investing activity used cash in the six months ended June 30, 2012 of \$24,835 due to the purchase of \$40,571 of fixed assets.

Financing activities provided cash of \$229,666 in the six months ended June 30, 2012, which is primarily due to the final installment of \$255,000 received from our February 2012 equity issuance, as further discussed below.

On December 4, 2011, as amended on December 21, 2011, we entered into a securities purchase agreement (the "SPA") with HV Markets Limited (the "HV"), a British Virgin Islands company, effective December 1, 2011, for total consideration of \$1,250,000, of which \$995,000 had been received by us as of December 31, 2011, and the remainder to be received at closing. The closing occurred on February 6, 2012, by which date we had received the entire consideration of \$1,250,000. Pursuant to the SPA, we agreed to sell to HV an aggregate of 12,500,000 shares of our common stock at a price of \$0.10 per share and agreed to issue a warrant to purchase 6,250,000 shares of our common stock (the "Warrant"), at an exercise price per share of \$0.10. No separate consideration was paid for the Warrant. The Warrant will be exercisable on or after August 6, 2012, until five years from the date of issuance thereof. The SPA provides HV with the right to designate a board member to our Board of Directors. Gustavo Perrotta was designated to be a member of our Board of Directors by HV and, on May 16, 2012, was elected to the Board of Directors by the current members of the Board of Directors.

On July 31, 2011, our wholly owned subsidiary, B Option Ltd., an Israeli company ("B Option"), and Manex Online Trading Ltd., an Israeli company ("Manex"), signed a marketing partnership agreement by which B Option transferred to Manex its entire customer database in exchange for revenue share distributions of 58% to B Option and 42% to Manex. The agreement also provided that Manex was entitled to use B Option's domain name www.options.co.il for marketing purposes and to attract and retain B Option's customers. On April 19, 2012, B Option and Manex reached another agreement whereby Manex paid B Option approximately \$44,000 (in two equal installments, with the first in April 2012 and the second in May 2012) and the parties agreed that following the first payment, B Option would transfer the possession and ownership of the domain name www.option.co.il to Manex, and following the second payment, all obligations between the parties would be deemed satisfied. Both installments of the \$44,000 had been received as of May 2012.

Outlook

We believe that our future success will depend upon our ability to enhance our binary options business. Our current anticipated levels of revenues and cash flow are subject to many uncertainties and cannot be assured. In order to have sufficient cash to meet our anticipated requirements for the next twelve months, we will be dependent upon our ability to obtain additional financing. The inability to generate sufficient cash from operations or to obtain required additional funds could require us to curtail our operations. There can be no assurance that acceptable financing to fund our ongoing operations can be obtained on suitable terms, if at all. If we are unable to obtain the financing necessary to support our operations, we may be unable to continue as a going concern. In that event, we may be forced to cease operations and our stockholders could lose their entire investment in our company.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this Quarterly Report on Form 10-Q, we carried out an evaluation, under the supervision and with the participation of our management, our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of our disclosure controls and procedures as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended. Based on that evaluation and the material weakness described below, our management concluded that we did not maintain effective disclosure controls and procedures as of June 30, 2012. Our management has identified control deficiencies regarding a lack of segregation of duties and a need for a stronger internal control environment. Our management believes that these deficiencies, which in the aggregate constitute a material weakness, are due to the small size of our staff, which makes it challenging to maintain adequate disclosure controls.

Changes in Internal Control Over Financial Reporting

There has been no change in our internal control over financial reporting during the second quarter of 2012 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II — OTHER INFORMATION

Item 5. Other Information.

On August 9, 2012, Shahar Ben Moshe announced that he will be resigning from his position as Chief Financial Officer of the Company, effective August 31, 2012.
