(1) Amount indicated represents 25% of the amount of Issuer's common shares held by a family owned limited liability company. The reporting person increased his ownership of the limited liability company, which owns other assets in addition to shares of the Issuer. The shares of the Issuer's common stock held by the limited liability have been previously reported.

(2) Consideration was paid for the increased interest in the limited liability company. The referenced price of the Issuer's common stock was the market price of the stock on the date of the transaction, which was \$12.51.

(3) Indirect holdings include 316,292 shares of the Issuer held by the limited liability company referenced above, and 332,594 shares of a limited liability company in which the reporting person has voting control.

Amendment filed due to typographical error. A dollar sign was inadvertently inserted in Box 5.
