**NEXT, INC.**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**1. Organization and Operations of Company**

Next, Inc., ( **NEXT** or the **Company** ) is the parent company of (i) Next Marketing, Inc., ( **Next Marketing** ), (ii) Blue Sky Graphics, Inc., ( **Blue Sky** ), (iii) CMJ Ventures, Inc. ( **CMJ** ), and (iv) Lil Fan, Inc. ( **Lil Fan**). The Company is a creative and innovative sales and marketing organization that designs, develops, markets and distributes licensed and branded promotional products and imprinted sportswear primarily through key licensing agreements and the Company's own proprietary designs. See Note 8 of the Notes to Condensed Consolidated Financial Statements for a description of the Lil Fan acquisition.

**2. Basis of Presentation and Summary of Significant Accounting Policies**

*Basis of Presentation*

The condensed consolidated financial statements contained herein have been prepared in accordance with generally accepted accounting principles for interim financial statements, the instructions to Form 10-QSB and Item 310 of Regulation S-B. Accordingly, these financial statements do not include all the information and footnotes required by generally accepted accounting principles for annual financial statements. In addition, certain comparative figures presented have been reclassified to conform the prior year's data to the Company's current financial statements. In the opinion of management, the accompanying condensed consolidated financial statements contain all the adjustments necessary (consisting only of normal recurring accruals) to fairly present the financial position of the Company at August 31, 2003, and its results of operations and cash flows for the nine months ended August 31, 2002 and 2003. Operating results for the nine months ended August 31, 2003 are not necessarily indicative of the results that may be expected for the fiscal year ending November 30, 2003.

*Principles of Consolidation*

The accompanying unaudited condensed consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All significant intercompany balances and transactions have been eliminated.

*Customer Base*

NEXT has, over the last two years, developed a large, diverse, and distinguished customer base of traditional retailers, ranging from national as well as large regional chains, specialty retailers, corporate accounts, college bookstores, motor sports, souvenir and gift shops, and golf shops. This expansion has been achieved through the acquisition of CMJ and Lil Fan and their respective substantive customer base, the introduction of additional major product lines and distribution channels, such as the Motor Sports Division, which sells to a national auto dealers network consisting of approximately 6,000 dealers, as well as expansion of its traditional national retail merchant customer base. As a result of the

## Edgar Filing: NEXT INC/TN - Form 10QSB

expansion, the Company has lessened its dependence on any one large customer or distribution channel. During the nine months ended August 31, 2003, the Company's sales to one of its largest customers, which emerged from chapter 11 bankruptcy protection on May 6, 2003, were \$3,569,214 (26.5% of sales) compared to \$2,868,151 (35.9% of sales) for the same period last year. While the Company expects that the dependency on this customer will decrease in future periods, there can be no assurance that the Company's efforts will be successful. The Company's management believes that its credit risk exposure, based on current information available on the financial strength of its customers and previously recorded reserves, is limited. Such estimate could change in the future.

### *New Pronouncements*

SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets ; SFAS No. 145, Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections ; SFAS No.

**Table of Contents**

141, Business Combinations, SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities and SFAS No.148, Accounting for Stock Based Compensation, FASB Interpretation No. 45, Guarantor's Accounting and Disclosure requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, FASB Interpretation No. 46, Consolidation for Variable Interest Entities all became effective for the Company during 2002. The provisions and interpretations of these pronouncements, that are applicable to the Company, had no material effect on the Company's financial statements.

SFAS No. 142, Goodwill and Other Intangible Assets became effective for the Company during 2002. SFAS 142 requires, among other things, the discontinuance of goodwill amortization. In addition, the standard includes provisions for the reclassification of certain existing recognized intangibles as goodwill, reassessment of the useful lives of existing recognized intangibles, reclassification of certain intangibles out of previously reported goodwill and the identification of reporting units for purposes of assessing potential future impairment of goodwill. SFAS 142 also requires the Company to complete a transitional goodwill impairment test six months from the date of adoption. The provisions of these interpretations that are applicable to the Company were implemented on a prospective basis as of January 1, 2002, which had no material effect on the Company's financial statements.

**3. Inventories**

Inventory is valued at the lower of cost or market. Cost is determined by the first-in, first-out method, and market represents the lower of replacement cost or net realizable value. Inventories as of August 31, 2003 consisted of the following:

Raw materials	\$ 4,320,136
Work in process	203,159
Finished goods	592,294

	<hr/>

**4. Deferred and Income Taxes**

Income taxes have been computed in accordance with Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes ( SFAS 109 ). This standard requires, among other things, recognition of future tax expenses or benefits, measured using enacted tax rates, attributable to taxable or deductible temporary differences between financial statements and income tax reporting bases of assets and liabilities.

The ultimate realization of deferred tax assets is dependent upon the attainment of forecasted results of operations. Management has taken these and other factors into consideration in recording the deferred tax estimate. The tax effects of temporary differences that give rise to significant portions of the deferred tax asset and liabilities at August 31, 2003 are as follows:

Current asset: Accounts receivable reserves	\$ 31,954
Net operating loss carryforwards	285,529

The agreement called for monthly payments of interest at a nationally published prime rate plus .5% (4.5% at August 31, 2003) collateralized by accounts receivable and inventory. Certain assets of the Company and personal guarantees of the Company's major stockholders collateralized the Credit Facility. On September 30, 2003 the Company refinanced the AmSouth Credit Facility. See NOTE 9 of the Notes to the Condensed Consolidated Financial Statements.

On January 16, 2003, the Company refinanced certain of its notes payable to First Federal Savings Bank and Frances Slocum Bank. These loans, aggregating \$2,534,663, were refinanced at an aggregate principal of \$3,000,000 with First Federal Savings Bank ( New Note ). The New Note bears interest at 6.5% and has a monthly payment of principal and interest of \$26,000 with a balloon payment of \$2,647,805 due on January 15, 2006. The refinancing provided positive cash flow compared to the cash outlay required by the notes prior to refinancing.

**NEXT** is actively engaged in discussions with various potential acquisition targets and expects to grow through strategic acquisitions of complementary businesses. The Company has embarked on an aggressive acquisition program that targets companies servicing other segments of the promotional products and imprinted sportswear industry not currently serviced by the Company. It is anticipated that such strategic acquisition targets will enable the Company to more effectively utilize its marketing and sales expertise, acquire the ability to cross distribute its branded products and licenses throughout a wider distribution base, lessen its dependency on the seasonality of retail customers and reduce overall operating costs by consolidating its services and distribution facilities, to the extent feasible.

Fan, Inc. (Lil Fan), Stan Howard & Associates, Inc. (SH&A) and Stanley R. Howard, the Company, through a subsidiary, acquired all of the operating assets of Lil Fan and the right sell directly all of the products previously sold by Stan Howard & Associates.

Lil Fan is a full line design and merchandising company primarily focusing children's and youth licensed college and motor sports products. The company currently has licenses for over 120 major university and colleges as well as the Indianapolis Motor Speedway, International Speedway Corporation, and Garfield amongst its other licenses. Lil Fan has an extensive customer base including major college bookstore chains (Follett's, Barnes & Noble, College Bookstores of America, and Nebraska Book Company); national department stores such as J.C. Penney's, Dillard's, and Von Maur; significant auto racing events such as the Indianapolis 500, Brickyard 400, Daytona 500, National Hot Rod Association; and also ships to over 200 United States military bases around the world through a vendor agreement with both military buying units: NEXCOM and AAFES.

Consideration for the acquisition was: \$237,500 in cash, 180,000 shares of Next, Inc. common stock, up to an additional 270,000 shares of Next, Inc. on a deferred basis (November 30, 2004, 2005, and 2006) pursuant to an earn-out arrangement, and the assumption of certain defined liabilities. The financial terms of the transaction were determined by negotiation between representatives of the Company, representatives of Stan Howard & Associates and Lil Fan, and Stanley R Howard. The cash portion of the purchase price was funded from cash generated from a sale of common stock and warrants to a group of private investors and from the operations of the Company. The Company intends to continue to operate the business of Lil Fan after the acquisition but will consolidate the production and financial functions to reduce cost and maximize resources.

to (a) the inclusion of Lil Fan sales (b) expansion of the Next Marketing customer base of new national retail merchants (c) the successful introduction of E-Commerce sales and (d) expansion of Motor Sports sales. Management believes that future sales growth will continue primarily through the diversification and expansion of the Company's customer base and its expanded product offerings.

### *Cost of Sales*

Cost of sales was 69.4% of the Company's sales for the three months ended August 31, 2003 compared to 65.0% for the three months ended August 31, 2002. Cost of sales was 70.0% for the nine months ended August 31, 2003 compared to 70.2% for the nine months ended August 31, 2002. This reduction in cost as a percentage of sales resulted primarily from lower unit cost incurred by the Company for raw materials, combined with the favorable product mix of sales, and production efficiencies due to higher unit output results in lower unit overhead cost.

Expenses included in cost of sales were primarily raw materials, labor, shipping supplies, and the depreciation of both the Company's principal manufacturing facility in Indiana and its equipment.

### *Operating and Other Expenses*

The majority of the increase in expenses was primarily due to general and administrative expenses for Lil Fan for the three months ended August 31, 2003, which were \$37,658 (.8% of sales) compared to no expenses for the three months ended August 31, 2002. General and administrative expenses were \$1,565,008 (11.6% of sales) for the nine months ended August 31, 2003 compared to \$1,164,710 (14.6%) for the nine months ended August 31, 2002. The increase in royalty expense was directly related to sales increase and sales mix with higher royalty expense percentages which is one of the Company's primary sales and marketing expansion strategy. Commissions increased as a greater percentage of sales due to an increase in sales generated by outside sales representatives.

Total expenses incurred by the Company for such internal and outside professional services for the three months ended August 31, 2003 and 2002 were \$156,336 and \$291,185 respectively.
