Item 1.01 Entry into a Material Definitive Agreement

The information provided in Item 2.03 of this Current Report on Form 8-K is incorporated by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On September 22, 2004, CSG closed on a \$100 million, five-year senior secured revolving credit facility (the 2004 Revolving Credit Facility) with a syndicate of domestic and international banks. There were no borrowings made under the facility at closing and none have occurred to date. The purpose of the 2004 Revolving Credit Facility is to provide CSG with timely access to additional capital and liquidity as it manages its business going forward. Borrowings under the 2004 Revolving Credit Facility are subject to a variety of affirmative and negative covenants, including financial condition covenants. As of September 22, 2004, based upon the covenants in the credit agreement, CSG had access to 100% or \$100 million of the 2004 Revolving Credit Facility. The interest rate on future borrowings under the 2004 Revolving Credit Facility are chosen at CSG 's option and are based upon a base rate or adjusted LIBOR rate, plus an applicable margin. The applicable margin is based upon a calculated leverage ratio as defined in the credit agreement. The unused commitment balance of the 2004 Revolving Credit Facility is subject to a commitment fee whose rate is based upon the calculated leverage ratio. The 2004 Revolving Credit Facility is collateralized by substantially all of the CSG 's domestic tangible and intangible assets, and the stock of certain CSG subsidiaries.
