PROXY STATEMENT

This proxy statement is being furnished to our stockholders beginning on or about January 24, 2006, in connection with the solicitation of proxies by the Power Efficiency Corporation Board of Directors to be used at our Annual Meeting of Stockholders, or the Annual Meeting, to be held at 10:00 a.m. (Pacific Time) on Thursday, February 16, 2006 at Las Vegas Country Club, 3000 Joe W. Brown Dr., Las Vegas, Nevada 89109, and at all adjournments or postponements of the Annual Meeting for the purposes listed in the preceding Notice of Annual Meeting of Stockholders.

QUESTIONS AND ANSWERS ABOUT THE MEETING

What am I voting on?

Proposal 1: The election of five directors for terms expiring at the next Annual Meeting; and

Proposal 2: To ratify the selection of Sobel & Company LLC as our independent registered public accounting firm for the year ending December 31, 2005.

We are not aware of any other matters that will be voted on. If a matter does properly come before the Annual Meeting, the persons named as the proxy in the accompanying form of proxy will vote the proxy at their discretion.

What is the board's voting recommendation?

Our board of directors recommends a vote:

FOR each of the five nominated directors; and

FOR the ratification of Sobel & Company LLC as our independent registered public accounting firm for the year ending December 31, 2005.

What is the vote required for each proposal?

Proposal 1: The election of the five nominated directors requires the affirmative vote of the plurality of votes cast by the holders of our common stock present, or represented, at the Annual Meeting; and

Proposal 2: The ratification of Sobel & Company LLC as our independent registered public accounting firm for the year ending December 31, 2005, requires a majority of our common stock present, or represented, at the Annual Meeting.

Who can vote?

The record holders of our common stock on the close of business as of January 24, 2006, the record date, are entitled to notice of and to vote at the Annual Meeting or any adjournments thereof. As of the record date, 23,439,266 shares of our common stock were issued and outstanding. As of the record date, we had approximately 186 stockholders of record. Each outstanding share of our common stock is entitled to one vote upon each matter presented. A list of stockholders entitled to vote will be available for inspection by any record stockholder at our corporate headquarters at 3900 Paradise Road, Suite 283, Las Vegas, Nevada 89109 prior to or at our Annual Meeting.

What constitutes a quorum?

In order to conduct our Annual Meeting, a majority of the outstanding shares entitled to vote must be represented in person or by proxy. This is known as a quorum. Abstentions and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, referred to as broker non-votes, will count toward establishing a quorum.

Table of Contents

How do I vote?

There are two ways to vote:

By completing and mailing the enclosed proxy card; or

By written ballot at our Annual Meeting.

If you are a beneficial owner and your broker holds your shares in its name, the broker is permitted to vote your shares on each of the proposals even if the broker does not receive voting instructions from you.

If your shares are held in the name of a broker, bank or other holder of record, you are invited to attend our Annual Meeting, but may not vote at our Annual Meeting unless you have first obtained a proxy, executed in the stockholders' favor, from the holder of record.

What does it mean if I get more than one proxy?

It means your shares are held in more than one account. Please vote all proxies to ensure all your shares are counted.

Can I change my vote or revoke my proxy?

You can change your vote or revoke your proxy at any time prior to the closing of the polls, by:

Returning a later-dated proxy card;

Voting in person at our Annual Meeting; or

Notifying our Secretary by written revocation letter.

Our Secretary is John (BJ) Lackland. Any revocation should be filed with him at our corporate headquarters at 3900 Paradise Road, Suite 283, Las Vegas, Nevada 89109.

Edgar Filing: POWER EFFICIENCY CORP - Form DEF 14A

Attendance at our Annual Meeting will not in itself constitute revocation of a proxy. All shares entitled to vote and represented by properly completed proxies timely received and not revoked will be voted as you direct. If no direction is given, the proxies will be voted as our board recommends.

Who conducts the proxy solicitation?

Our board of directors is soliciting these proxies. We will bear the cost of the solicitation of proxies. Our regular employees may solicit proxies by mail, by telephone, personally or by other communications, without compensation apart from their normal salaries.

Who will count the votes?

Our board of directors will appoint one or more persons to serve as the inspector(s) of elections to tabulate the votes cast by proxy or in person at the Annual Meeting. The inspector(s) of elections will also determine whether or not a quorum is present.

Do I have any appraisal rights in connection with any matter to be acted upon?

No. Our stockholders do not have appraisal rights in connection with any matter to be acted upon.

Who can help answer my questions?

If you have any questions about the Annual Meeting or the proposals to be voted on at the Annual Meeting, or if you need additional copies of this proxy statement or copies of any of our public filings referred to in this proxy statement, you should contact our Secretary, John (BJ) Lackland, at (702) 697-0377. BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

Our business affairs are conducted under the direction of our board of directors. The role of our board of directors is to effectively govern our affairs for the benefit of our stockholders and, to the extent appropriate under governing law, of other constituencies, which include our employees, customers, suppliers and creditors. Our board strives to ensure the success and continuity of our business through the selection of a qualified management team. It is also responsible for ensuring that our activities are conducted in a responsible ethical manner. Our board of directors has two standing committees, an audit committee and a compensation committee.

Our board of directors met nine times in 2004 and twelve times in 2005. All of the incumbent directors attended all or all but one of the meetings during the period for which they have been a director and the meetings held by committees of the board of directors on which they serve.

We do not have a policy that requires directors to attend our annual meetings of stockholders.

Audit Committee

Our entire board of directors currently functions as our audit committee. Our audit committee, among other things:

selects the independent auditors, considering independence and effectiveness;

Table of Contents

discusses the scope and results of the audit with the independent auditors and reviews with management and the independent auditors our interim and year-end operating results;

considers the adequacy of our internal accounting controls and audit proceeds;

reviews and approves all audit and non-audit services to be performed by the independent auditors; and

administers the whistleblower policy.

The audit committee has the sole and direct responsibility for appointing, evaluating and retaining our independent auditors and for overseeing their work.

Up to December 31, 2004, we had a separately-designated standing audit committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act). Until recently, Mr. Lackland was the sole member and chairman of the committee. In September 2004, Mr. Lackland became our Interim Chief Financial Officer and therefore had to resign from the audit committee. At that time, Mr. Rick Pulford, a director, became the sole member of the audit committee on a temporary basis, and as of December 31, 2004, Mr. Pulford was the committee's sole member. As Mr. Pulford agreed only to serve on the audit committee on a temporary basis, on February 10, 2005, the board of directors dissolved the audit committee because there were no independent directors willing to serve on it. The board of directors desires to locate and form an audit committee as soon as willing and qualified directors can be identified and retained. Until that time, the board of directors as a whole will take on the audit committee functions.

Compensation Committee

The sole member of our compensation committee is Raymond Skiptunis, who qualifies as an independent director under current NASDAQ and SEC rules and regulations. Mr. Skiptunis chairs the compensation committee. Our compensation committee, among other things:

recommends to the board of directors the compensation level of the executive officers;

reviews and makes recommendations to our board of directors with respect to our equity incentive plans;

establishes and reviews general policies relating to compensation and benefits of our employees.

COMPENSATION OF DIRECTORS

In 2005, non-employee directors received 100,000 options per year for their board service.

Edgar Filing: POWER EFFICIENCY CORP - Form DEF 14A

Depending on the anticipated workload and organization, the board of directors may elect to increase the compensation for committee members and/or all non-executive board members.

COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of our executive officers currently serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

PROCESS FOR STOCKHOLDERS TO SEND COMMUNICATIONS TO OUR BOARD OF DIRECTORS

Because we have always maintained open channels of communication with the stockholders, we do not have a formal policy as to providing a process for stockholders to send communications to the board of directors. However, if a stockholder would like to send a communication to our board of directors, please address the letter to the attention of the board of directors and it will be distributed to each director.

RECOMMENDATION OF THE BOARD OF DIRECTORS

Our board of directors recommends that you vote **FOR** all the director nominees.

Table of Contents**PROPOSAL 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our Audit Committee has selected Sobel & Company, LLC, an independent registered public accounting firm, to audit our financial statements for the fiscal year ending December 31, 2005. Sobel & Company LLC audited our financial statements for the fiscal year ended December 31, 2004. Although stockholder approval of the selection of Sobel & Company, LLC is not required by law, our board of directors believes that it is advisable to give stockholders the opportunity to ratify this selection. We expect that representatives of Sobel & Company, LLC will be present at the Annual Meeting, with the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders. In the event of a negative vote on this proposal by the stockholders, the Audit Committee will consider whether it is appropriate in the future to consider the selection of other independent registered public accounting firms.

Indemnification Agreements

We will enter and expect to continue to enter into indemnification agreements with our directors and officers. Generally, these agreements attempt to provide the maximum protection permitted by law with respect to indemnification.

Limitation of Liability and Indemnification of Directors and Officers

Our certificate of incorporation provides that the personal liability of our directors shall be limited to the fullest extent permitted by the provisions of Section 102(b)(7) of the General Corporation Law of the State of Delaware, or the DGCL. Section 102(b)(7) of the DGCL generally provides that no director shall be liable personally to us or our stockholders for monetary damages for breach of fiduciary duty as a director, provided that our certificate of incorporation does not eliminate the liability of a director for (i) any breach of the director's duty of loyalty to us or our stockholders; (ii) acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law; (iii) acts or omissions in respect of certain unlawful dividend payments or stock redemptions or repurchases; or (iv) any transaction from which such director derives improper personal benefit. The effect of this provision is to eliminate our rights and the rights of our stockholders through stockholders' derivative suits on our behalf, to recover monetary damages against a director for breach of her or his fiduciary duty of care as a director including breaches resulting from negligent or grossly negligent behavior except in the situations described in clauses (i) through (iv) above. The limitations summarized above, however, do not affect our or our stockholders' ability to seek non-monetary remedies, such as an injunction or rescission, against a director for breach of her or his fiduciary duty.

In addition, our certificate of incorporation and bylaws provide that we shall, to the fullest extent permitted by Section 145 of the DGCL, indemnify all directors and officers who we may indemnify pursuant to Section 145 of the DGCL. Section 145 of the DGCL permits a company to indemnify an officer or director who was or is a party or is threatened to be made a party to any proceeding because of his or her position, if the officer or director acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of such company and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. We have entered into indemnification agreements with our directors and officers consistent with indemnification to the fullest extent permitted under the DGCL.

We maintain a directors' and officers' liability insurance policy covering certain liabilities that may be incurred by our directors and officers in connection with the performance of their duties. The entire premium for such insurance is paid by us.

Insofar as indemnification for liabilities arising under the Securities Act, our directors and officers, and persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Rules adopted by the SEC under Section 16(a) of the Securities Exchange Act require our officers and directors, and persons who own more than 10% of the issued and outstanding shares of our equity securities, to file reports of their ownership, and changes in ownership, of such securities with the SEC on Forms 3, 4 or 5, as appropriate. Such persons are required by the regulations of the SEC to furnish us with copies of all forms they file pursuant to Section 16(a).

Based solely upon a review of Forms 3, 4 and 5 and amendments thereto furnished to us during our most recent fiscal year, and any written representations provided to us, we believe that all of the officers, directors, and owners of more than ten percent of the outstanding shares of our common stock are in compliance with Section 16(a) of the Exchange Act for the year ended December 31, 2004.

- (1) Each option vests over a three-to-five year period, with some already vested, and some yet to be vested. The exercise price of each option shown in the table was equal to or greater than the fair market value of the stock on the date of grant, and all options have ten-year terms. Vesting for each option accelerates in the event of a change of control, including a merger, sale or liquidation.
- (2) In 2005, we granted options to purchase a total of 11,450,000 shares to employees, directors and consultants under our stock option plan.
- (3) The potential realizable value of the options granted is calculated by multiplying the difference between the exercise price of the option and the market value per share of the underlying stock (assuming a 5% or 10%, as the case may be, compounded annual increase of the stock price from the date of grant to the final expiration of the option) by the number of shares underlying the options granted. The price appreciation assumptions are required disclosures under the rules of the Commission and are not to be viewed as any expectation or prediction by us of the future value of the underlying common stock.

The following table sets forth information concerning unexercised options and warrants and options held by our executive officers as of December 31, 2005, and their exercise of options and warrants during the six months ended June 30, 2004.

EQUITY COMPENSATION PLAN INFORMATION

As of December 31, 2005, we had an aggregate of 15,071,429 shares of common stock available for issuance under our stock plans. The following is a description of our plans.

2000 Stock Option and Restricted Stock Plan, or the 2000 Plan

The 2000 Plan, was adopted by our board of directors and our stockholders in 2000. On September 8, 2003, the 2000 Plan was amended and restated. As of December 31, 2005, no restricted shares of common stock have been issued, and none of the outstanding options to purchase 12,604,131 shares of our common stock have been exercised pursuant to the 2000 Plan.

Share Reserve. Under the 2000 Plan, we have initially reserved for issuance an aggregate of 15,000,000 shares.

Administration. The 2000 Plan is administered by the board of directors. The stock option awards qualify as performance-based-compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, or the Code, with two or more outside directors within the meaning of Section 162(m) of the Code. The board of directors has the power to determine the terms of the awards, including the exercise price, the number of shares subject to each award, the exercisability of the awards and the form of consideration payable upon exercise.

Eligibility. Awards under the 2000 Plan may be granted to any of our employees, directors or consultants or those of our affiliates.

Options. With respect to non-statutory stock options intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code and incentive stock options, the exercise price must be at least equal to the fair market value of our common stock on the date of grant. In addition, the exercise price for any incentive stock option granted to any employee owning more than 10% of our common stock may not be less than 110% of the fair market value of our common stock on the date of grant. The term of any stock option may not exceed ten years, except that with respect to any participant who owns 10% or more of the voting power of all classes of our outstanding capital stock, the term for incentive stock options must not exceed five years.

Stock Awards. The administrator may determine the number of shares to be granted and impose whatever conditions to vesting it determines to be appropriate, including performance criteria. The criteria may be based on financial performance, personal performance evaluations and/or completion of service by the participant. The administrator will determine the level of achievement of performance criteria. Unless the administrator determines otherwise, shares that do not vest typically will be subject to forfeiture or to our right of repurchase, which we may exercise upon the voluntary or involuntary termination of the participant's service with us for any reason, including death or disability.

Adjustments upon Merger or Change in Control. The 2000 Plan provides that in the event of a merger with or into another corporation or a change in control, including the sale of all or substantially all of our assets, and certain other events, our board of directors (or a committee of the board of directors) may, in its discretion, provide for some or all of:

assumption or substitution of, or adjustment to, each outstanding award;

acceleration of the vesting of options and stock appreciation rights;

termination of any restrictions on stock awards or cash awards; or

cancellation of awards in exchange for a cash payment to the participant.

Table of Contents

Amendment and Termination. The board of directors has the authority to amend, alter or discontinue the 2000 Plan, but no amendment will impair the rights of any award, unless mutually agreed to between the participant and the administrator.

The 1994 Plan

Prior to the adoption of the 2000 Plan, our board adopted a stock option plan reserving a total of 71,429 shares, which we refer to as the 1994 Plan. The 1994 Plan was adopted in 1994, however, no new grants from this plan are available. Options with respect to 66,232 shares are outstanding under the 1994 Plan as of December 31, 2004. The 1994 Plan provides for the issuance of non-statutory stock options to our employees, directors and consultants, with an exercise price equal to the fair market value of our common stock on the date of grant. All options granted under the 1994 Plan are fully vested. No additional options may be granted under the 1994 Plan.

On November 7, 2002, we entered into an employment and deferred compensation agreement with Raymond Siptunis, our Chief Executive Officer and Chief Financial Officer at the time. This number of shares equaled the amount of deferred compensation owing under the agreement divided by our stock price on January 8th, 2004.
