COMMUNITY BANCORP ANNOUNCES ASSETS OVER \$1 BILLION

WITH RECORD EARNINGS IN THE SECOND QUARTER OF 2006

LAS VEGAS, Nev. (MARKET WIRE) July 18, 2006

HIGHLIGHTS OF THE QUARTER

Loan growth of 71.3% year-over-year.

Deposit growth of 57.4% year-over-year.

Quarter net income up 86.3% year-over-year.

Quarter diluted earnings per share up 72.4% year-over-year.

Announced the signing of a definitive agreement to acquire Valley Bancorp, an in-market Las Vegas-based bank with \$407.7 million in assets as of March 31, 2006.

Community Bancorp (NASDAQ: CBON), the bank holding company for Community Bank of Nevada, with \$1.0 billion in assets, today announced financial results for the second quarter ended June 30, 2006.

Net income for the second quarter of 2006 increased 86.3% year-over-year to \$3.8 million, or \$0.50 per fully diluted share, compared with \$2.0 million, or \$0.29 per fully diluted share, for the same period in 2005, despite a reduction of \$0.06 per fully diluted share for the quarter due to the implementation of FASB Statement No. 123R. We recognized \$717 thousand in share-based compensation pretax expense for the first half of 2006, of which \$642 thousand was recognized in the second quarter of 2006.

Edgar Filing: Valley Bancorp - Form 425

Our return on average equity (ROE) and return on average assets (ROA) for the second quarter of 2006 were 13.35% and 1.52%, respectively, compared to 9.99% and 1.32%, respectively, for the second quarter of 2005. For the first half of 2006, ROE and ROA were 12.96% and 1.52%, respectively, compared to 11.03% and 1.44%, respectively, for the first half of 2005.

We are very encouraged by another strong quarter with 43.3% annualized organic loan growth for the first six months of the year. Over the past two years we have invested in the infrastructure to support our growth. Our

investment is paying off as additional scale has led to improved efficiencies, resulting in increased net income and profitability, said Edward M. Jamison, President, Chief Executive Officer and Chairman of the Board.

Our year to date progress parallels our strategic plan as we continue to expand our Las Vegas presence and build a platform that can accommodate additional volume from new high growth markets. Year to date, our assets grew \$116.8 million, or 26.2% on an annualized basis. In addition to our acquisition of Bank of Commerce in August 2005, and its three branches, as well as the recent announcement of our acquisition of Valley Bank and its five branches, we continue to open de novo branches in attractive locations and plan to open a branch in Centennial Hills in northwest Las Vegas by year end. This will give us 15 branches in our primary market. We welcome the future addition of Valley employees as they will be instrumental in assisting us in our continued growth for the balance of the year and into 2007, said Mr. Jamison.

Operating Results

During the second quarter of 2006, total interest and dividend income was \$19.3 million, compared with \$9.7 million in the same quarter of 2005 and \$36.0 million for the first half of 2006 compared to \$18.4 million for the first half of 2005. The increase in total interest and dividend income was primarily attributed to a 60.2% increase in average earning assets for the second quarter 2006 compared to the same quarter in 2005 and the escalation of the yields on those assets, as well as an increase in our net interest margin to 5.35% from 5.09%.

Total interest expense for the second quarter of 2006 was \$6.9 million, compared with \$2.3 million for the second quarter of 2005 and \$12.3 million for the first half of 2006 compared to \$4.5 million for the first half of 2005. The increase in total interest expense resulted from the growth in deposits and increased deposit rates. Also, in the first half of 2006, we increased our Federal Home Loan Bank (FHLB) long term borrowings by \$40 million to support our loan growth.

Net interest income for the second quarter of 2006 was \$12.4 million, an increase of 68.2% over \$7.4 million in the same quarter of 2005 and \$23.7 million for the first half of 2006, an increase of 70.3% over \$13.9 million for the first half of 2005.

The net interest margin increased to 5.37% for the first half of 2006 compared to 4.79% for the first half of 2005 and 5.35% for the second quarter of 2006 compared to 5.09% for the second quarter of 2005 based on the strong loan growth, the asset sensitivity of the balance sheet and a general rise in interest rates. Net interest margin decreased minimally from 5.39% for the first quarter of 2006, despite two interest rate increases during the second quarter of 2006.

Non-interest income was \$530 thousand for the second quarter of 2006, an increase of 26.5% over \$419 thousand in the second quarter of 2005 and \$1.1 million for the first half of 2006 compared to \$795 for the first half of 2005. The increase in non-interest income is primarily due to an increase in overdraft, wire and ATM fees attributed to the increased branch network, partially offset by a decrease in income from bank owned life insurance in the first half of 2006.

Non-interest expense was \$6.6 million for the quarter ending June 30, 2006, an increase of 42.2% over \$4.6 million for the second quarter ending June 30, 2005 and \$12.3 million for the first half of 2006 compared to \$8.1 million for the first half of 2005. The increase was primarily attributable to expenses associated with salaries and employee benefits due to the addition of new employees from the acquisition of Bank of Commerce, the opening of the Russell Office and the investment in key personnel. In addition, the expense associated with the implementation of FAS 123R and additional grants of stock options in the second quarter of 2006 impacted earnings before tax by \$642 thousand for the second quarter of 2006. Also contributing to the increase were professional fees related to our compliance with Section 404 of Sarbanes-Oxley and other requirements of being a public company. The occupancy expenses associated with operating the expanded branch network also

impacted our non-interest expense, which increased 114.0% to \$1.6 million in the first half of 2006 from \$727 thousand in the first half of 2005. In addition, we recognized \$381 thousand in expense in the first half of 2006 due to the amortization of the core deposit intangible associated with our Bank of Commerce merger in August 2005.

Our efficiency ratio improved to 51.1% for the second quarter of 2006 compared to 59.6% for the second quarter of 2005 and 49.6% for the first half of 2006 compared to 54.9% for the first half of 2005 despite increased occupancy and salary costs related to our growth.

Balance Sheet Management

Our gross loans increased 71.3% (43.3% annualized organic growth) to \$806.9 million compared to \$471.1 million as of June 30, 2005 and increased 21.6%, or \$143.5 million, in the first half of 2006 compared to \$663.4 million as of December 31, 2005. Construction and land development loans represented the largest increase, with an increase of 114.9% to \$442.4 million from \$205.9 million as of June 30, 2005. Commercial and industrial loans grew 50.6% to \$120.9 million from \$80.3 million a year ago. Real estate secured loans represented 84% of total loans at June 30, 2006, compared to 82% of total loans as of June 30, 2005.

Total deposits were \$793.4 million at June 30, 2006 (18.9% annualized organic growth), up from \$504.1 million at June 30, 2005 and \$725.1 million at December 31, 2005. The year over year increase in deposits was attributable primarily to the acquisition of Bank of Commerce and the focus on supplementing core deposits with wholesale funding.

Stockholders' equity increased by 39.9% to \$114.2 million at June 30, 2006, compared to \$81.6 million at June 30, 2005 and up by 7.0% from \$106.7 million at December 31, 2005. The year over year increase is primarily due to the issuance of stock for the Bank of Commerce acquisition in August 2005 and the increase in net income. Book value per share was \$15.46 at June 30, 2006, compared to \$12.08 at June 30, 2005 and \$14.47 at December 31, 2005.

We continue to operate with a philosophy that if our market provides jobs and population growth among the highest in the nation, we as management have an obligation to assemble a team of banking professionals that also come with very high expectations. We are most pleased that through the first half of 2006, our earnings and balance sheet growth reflect the satisfaction of these high standards we have established, said Larry Scott, President of Community Bank of Nevada and Chief Operating Officer.

The prospect of adding the attractive branch network, balance sheet and very talented employees of Valley Bank in the fourth quarter of 2006, provides us great optimism. As Southern Nevada is forecasted to retain its ranking in economic expansion over the short term, we believe that we are extremely well positioned to increase our percentage of market share, said Mr. Scott.

Asset Quality and Capital Ratios

As a result of conducting our quarterly allowance for loan losses (ALLL) analysis, which considers asset quality, loan growth, changes in loan mix and other qualitative factors, it was determined that a \$625 thousand addition to the provision for loan losses was appropriate based on the strong loan growth for the second quarter of 2006 compared to a \$91 thousand addition during the second quarter of 2005 and a \$982 thousand addition for first quarter of 2006. As of June 2006, our non-performing loans (NPLs) increased to \$1.7 million compared to \$626 thousand as of June 2005, and from \$915 thousand at December 31, 2005. The percentage of NPLs to total loans increased to 0.21% at June 30, 2006, compared to 0.13% at June 30, 2005. Additionally, we reported net recoveries of \$7 thousand for the three months ended June 30, 2006 compared to net charge-offs of

\$179 thousand for the same period in 2005 and net recoveries of \$6 thousand for the first half of 2006 compared to net charge-offs of \$156 thousand for the first half of 2005.

The board and senior management recognize that the maintenance of asset quality is fundamental to the sound operation of the bank. We monitor very closely the ability of our borrowers to deal with higher interest rates in the current economic climate, and the impact those rates will ultimately have on overall economic activity. Senior management stresses the importance of maintaining discipline in the underwriting process, and the fruits of such discipline are reflected in the sound asset quality numbers evident in the second quarter. Such numbers, combined with strong capital ratios, robust management oversight of the credit process, and a sensitivity to a fluid economic environment, support the quarter-end ALLL level of 1.21%, stated Don Bigger, Executive VP, Credit Administrator.

Our capital ratios continue to be above the well-capitalized guidelines established by bank regulatory agencies.

Announced Acquisition

On June 28, 2006, the Company announced the signing of a definitive agreement to acquire Valley Bancorp, a community bank headquartered in Las Vegas, for approximately \$137 million in consideration consisting of an aggregate mix of 75% stock and 25% cash, subject to adjustment. The transaction is expected to close during the fourth quarter of 2006.

Business Strategy

Commenting on the outlook and business strategy for the company, Mr. Jamison said, "We are very encouraged by our second quarter results in growth in loans, assets, income and our net interest margin. With the current interest rate environment, the increase in our year over year net interest margin is indicative of our balance sheet sensitivity at this time. We anticipate closing on the Valley Bank transaction in the fourth quarter which should move us forward into 2007. The transaction is expected to be immediately accretive and is expected to be even more favorable as we look at the synergies and savings that may occur. We plan to continue our strategy of pursuing strong organic growth, opening new branch facilities and hiring the best available employees in the market place.

Mr. Jamison continued, "We anticipate leveraging our capital and improving the efficiency ratio, which will contribute to higher profitability. With strong capital, strong growth, excellent asset quality, talented management and growing profitability, we are excited about the future. Since our initial public offering, we have consistently stated that our plan was to broaden our branch footprint in our home market and look for special synergistic acquisitions in other high growth markets such as Arizona and the Inland Empire in Southern California. The acquisition of Valley Bank will expand our branch footprint in Las Vegas, while adding to the depth of our management team.

About Community Bancorp

Community Bancorp is a bank holding company that was established in 2002. Community Bank of Nevada, the only operating subsidiary of Community Bancorp, is a state chartered bank headquartered in Las Vegas, Nevada that began operations in 1995. We operate nine full service branches in southern Nevada and two loan production offices in Phoenix and San Diego.

Forward-Looking Statements

Statements concerning future performance, developments or events, expectations for growth and income forecasts, and any other guidance on future periods, constitute forward-looking statements that are subject to a number of risks and uncertainties. Actual results may differ materially from stated expectations. Specific factors include, but are not limited to, loan production, balance sheet management, the economic condition of the Las Vegas market, net interest margin, loan quality, the ability to control costs and expenses, interest rate changes and financial policies of the United States government, and general economic conditions. Additional information on these and other factors that could affect financial results are included in our Securities and Exchange Commission filings.

When used in this release, the words or phrases such as will likely result in, management expects that, will continue, is anticipated, estimate, projected, or similar expressions are intended to identify forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (PSLRA). Readers should not place undue reliance on the forward-looking statements, which reflect management's view only as of the date hereof. Community Bancorp undertakes no obligation to publicly revise these forward-looking statements to reflect subsequent events or circumstances. This statement is included for the express purpose of protecting Community Bancorp and PSLRA's safe harbor provisions.

Securities Law Matters

This News Release may be deemed to be solicitation material in respect to the proposed transaction between Community Bancorp and Valley Bancorp pursuant to an Agreement to Merge and Plan of Reorganization, dated as of June 28, 2006 by and among Community Bancorp and Valley Bancorp. While this News Release relates primarily to the second quarter 2006 financial results of Community Bancorp, because of the pending acquisition of Valley Bancorp, the filing of this News Release is being made in connection with Rules 165, 425 and 14a-12 promulgated by the Securities and Exchange Commission (SEC).

In connection with the proposed acquisition of Valley Bancorp, Community Bancorp will file with the SEC a registration statement on SEC Form S-4. The registration statement will contain a joint proxy statement/prospectus which will describe the proposed transaction and its proposed terms and conditions. Shareholders of Community Bancorp and Valley Bancorp are encouraged to read the registration material and proxy statement/prospectus before making any voting or investment decisions because these documents will contain important information about the transaction. A definitive joint proxy statement will be sent to the shareholders of Community Bancorp and Valley Bancorp seeking required shareholder approvals of Community Bancorp's acquisition of Valley Bancorp. A copy of the Agreement was filed with the SEC as an exhibit to Community Bancorp's 8-K filed June 30, 2006, a separate filing from the Form S-4. The registration statement, the Form 8-K and all other documents filed with the SEC in connection with the transaction will be available for free when filed, both on SEC's web-site (www.sec.gov) or by contacting Cathy Robinson, Executive Vice President and Chief Financial Officer, Community Bancorp, 400 South 4th Street, Las Vegas, Nevada 89101. Additionally, all forms filed with the SEC and additional shareholder information are available free of charge on Community Bancorp's web-site: www.communitybanknv.com. Community Bancorp posts these reports to its web-site as soon as reasonably practicable after filing them with the SEC. None of the information on or hyper-linked from Community Bancorp's web-site is incorporated into this News Release.
