ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 10, 2007

PROXY STATEMENT

The Board of Directors of Ruth's Chris Steak House, Inc. (the Company or Ruth's Chris) is soliciting proxies from its stockholders to be used at the annual meeting of stockholders to be held on Thursday, May 10, 2007, beginning at 1:00 p.m., at Ruth's Chris Steak House (Lake Mary), 80 Colonial Center Parkway, Sanford, Florida 32746, and at any postponements or adjournments thereof. This proxy statement contains information related to the annual meeting. This proxy statement, a proxy card and the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 are being mailed to stockholders on or about April 18, 2007. The fiscal year ended December 31, 2006 is referred to as fiscal 2006 in this proxy statement.

ABOUT THE ANNUAL MEETING

Why did I receive these materials?

Our Board of Directors is soliciting proxies for the 2007 annual meeting of stockholders. You are receiving a proxy statement because you owned shares of our common stock on April 2, 2007, and that entitles you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. This proxy statement describes the matters on which we would like you to vote and provides information on those matters so that you can make an informed decision.

The notice of annual meeting, proxy statement and proxy are being mailed to stockholders on or about April 18, 2007.

What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, our Board and Board committees, the compensation of directors and executive officers for fiscal 2007 and other information that the Securities and Exchange Commission requires us to provide annually to our stockholders.

How may I obtain Ruth's Chris's 10-K and other financial information?

A copy of our 2006 Annual Report, which includes our 2006 Form 10-K, is enclosed.

Stockholders can access the 2006 Form 10-K, our other filings with the SEC and our corporate governance and other information on the investor relations page of our website at www.ruthschris.com.

Stockholders may request another free copy of our 2006 Annual Report, which includes our 2006 Form 10-K, from:

Ruth s Chris Steak House, Inc.

Attn: Chief Financial Officer

500 International Parkway, Suite 100

Heathrow, Florida 32746

(407) 333-7440

We will also furnish any exhibit to the 2006 Form 10-K if specifically requested.

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the accompanying notice of annual meeting. In addition, management will report on our fiscal 2006 performance and respond to appropriate questions from stockholders.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on April 2, 2007, which is referred to herein as the Record Date, are entitled to receive notice of and to participate in the annual meeting. If you were a stockholder of record on the Record Date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

How many votes do I have?

You will be entitled to one vote for each outstanding share of Ruth s Chris common stock you owned as of the Record Date on each matter considered at the meeting. As of the Record Date, there were 23,183,138 shares of the Company s common stock outstanding and eligible to vote. There is no cumulative voting.

Who can attend the meeting?

Subject to space availability, all stockholders as of the Record Date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration will begin at 12:00 noon, and seating will begin at 12:30 p.m. If you attend, please note that you may be asked to present valid picture identification, such as a driver s license or passport. Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the meeting.

Please also note that if you hold your shares in street name (that is, through a broker, bank or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date and check in at the registration desk at the meeting.

Please let us know if you plan to attend the meeting by marking the appropriate box on the enclosed proxy card.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the common stock outstanding on the Record Date will constitute a quorum, permitting the conduct of business at the meeting. As of the Record Date, 23,183,138 shares of common stock, representing the same number of votes, were outstanding. Thus, the presence of the holders of common stock representing at least 11,591,570 votes will be required to establish a quorum.

Table of Contents

Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

How do I vote?

If you are a holder of record (that is, your shares are registered in your own name with our transfer agent), you can vote either *in person* at the annual meeting or *by proxy* without attending the annual meeting. We urge you to vote by proxy even if you plan to attend the annual meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you attend the meeting in person, you may vote at the meeting and your proxy will not be counted. You can vote by proxy by any of the following methods.

Voting by Proxy Card. Each stockholder may vote by proxy by using the enclosed proxy card. When you return a proxy card that is properly signed and completed, the shares of Common Stock represented by your proxy will be voted as you specify on the proxy card.

Voting by Telephone or Through the Internet. If you are a registered stockholder (that is, if you own Common Stock in your own name and not through a broker, bank or other nominee that holds Common Stock for your account in a street name capacity), you may vote by proxy by using either the telephone or Internet methods of voting. Proxies submitted by telephone or through the Internet must be received by 5 p.m., Eastern Standard time, on May 9, 2007. Please see the proxy card provided to you for instructions on how to access the telephone and Internet voting systems.

If you hold your shares in street name, you must either direct the bank, broker or other record holder of your shares as to how to vote your shares, or obtain a proxy from the bank, broker or other record holder to vote at the meeting. Please refer to the voter instruction cards used by your bank, broker or other record holder for specific instructions on methods of voting, including by telephone or using the Internet.

Your shares will be voted as you indicate. If you return the proxy card but you do not indicate your voting preferences, then the individuals named on the proxy card will vote your shares in accordance with the recommendations of the Board. The Board and management do not now intend to present any matters at the annual meeting other than those outlined in the notice of the annual meeting. Should any other matter requiring a vote of stockholders arise, stockholders returning the proxy card confer upon the individuals named on the proxy card discretionary authority to vote the shares represented by such proxy on any such other matter in accordance with their best judgment.

Can I change my vote after I return my proxy card?

Yes. If you are a stockholder of record, you may revoke or change your vote at any time before the proxy is exercised by filing with the Secretary of the Company a notice of revocation or another proxy bearing a later date or by attending the annual meeting and voting in person. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares, by attending the meeting and voting in person. In either case, the powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

How are we soliciting this proxy?

We are soliciting this proxy on behalf of our Board of Directors by mail and will pay all expenses associated with this solicitation. We have retained Broadridge Financial Solutions, Inc. to aid in the solicitation of proxy materials for a fee of \$5,000 plus expenses. In addition to mailing these proxy materials, certain of our officers and other employees may, without compensation other than their regular compensation, solicit proxies by further

Table of Contents

mailing or personal conversations, or by telephone, facsimile or other electronic means. We will also, upon request, reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their reasonable out-of-pocket expenses for forwarding proxy materials to the beneficial owners of our common stock and to obtain proxies.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board's recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote FOR each of the proposals.

Will stockholders be asked to vote on any other matters?

To the knowledge of the Company and its management, stockholders will vote only on the matters described in this proxy statement. However, if any other matters properly come before the meeting, the persons named as proxies for stockholders will vote on those matters in the manner they consider appropriate.

What vote is required to approve each item?

Election of Directors. Directors are elected by a plurality of the votes cast at the meeting, which means that the five nominees who receive the highest number of properly executed votes will be elected as directors, even if those nominees do not receive a majority of the votes cast. Each share of our common stock is entitled to one vote for each of the director nominees. A properly executed proxy marked "withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Approval of Independent Auditors. The ratification of the appointment of KPMG LLP to serve as the Company's independent auditors for fiscal 2007 requires the affirmative vote of the majority of the votes cast.

A properly executed proxy marked "abstain" with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a vote against the ratification.

How are votes counted?

In the election of directors, you may vote FOR all or some of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. You may not cumulate your votes for the election of directors.

For the other items of business, you may vote FOR, AGAINST or ABSTAIN. If you elect to ABSTAIN, the abstention has the same effect as a vote AGAINST. If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions are considered votes cast and thus have the same effect as votes against the matter. The Company has supplied copies of its proxy materials for its 2007 annual meeting of stockholders to the broker, bank or other nominee holding your shares of record, and they have the responsibility to send these proxy materials to you.

Table of Contents

If you are a beneficial owner and your broker, bank or other nominee holds your shares in its name, the broker, bank or other nominee is permitted to vote your shares on the election of directors and the ratification of the appointment of KPMG LLP as our independent auditor, even if the broker, bank or other nominee does not receive voting instructions from you.

What happens if a nominee for director declines or is unable to accept election?

If you vote by proxy, and if unforeseen circumstances make it necessary for the Board to substitute another person for a nominee, the individuals named on the proxy card will vote your shares for that other person.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please vote your shares applicable to each proxy card and voting instruction card that you receive.

Where can I find the voting results of the annual meeting?

The Company intends to announce the preliminary voting results at the annual meeting and publish the final results in its quarterly report on Form 10-Q for the quarter ending July 1, 2007.

How may I obtain a copy of Ruth s Chris Bylaw provisions regarding stockholder proposals and director nominations?

You may contact the Corporate Secretary at our principal executive offices for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates. Our Bylaws are also available on our website at www.ruthschris.com.

PROPOSALS SUBMITTED FOR STOCKHOLDER VOTE

ITEM 1 ELECTION OF DIRECTORS

The Company's Certificate of Incorporation provides that the number of directors which shall constitute the Board of Directors shall be fixed from time to time by resolution adopted by the affirmative vote of a majority of the total number of directors then in office. The number of authorized directors as of the date of this Proxy Statement is five. The Board currently is composed of five directors, with each director serving until the next annual meeting or until his or her successor is elected. The five candidates nominated by the Board for election as directors at the 2007 annual meeting of stockholders are identified below, each of whom is currently a member of the Board.

If you sign your proxy or voting instruction card but do not give instructions with respect to voting for directors, your shares will be voted for the five persons recommended by the Board. If you wish to give specific instructions with respect to voting for directors, you may do so by indicating your instructions on your proxy or voting instruction card.

All of the nominees have indicated to the Company that they will be available to serve as directors. If any nominee named herein for election as a director should for any reason become unavailable to serve prior to the annual meeting, the Board will, prior to the annual meeting, (i) reduce the size of the Board to eliminate the position for which that person was nominated, (ii) nominate a new candidate in place of such person and vote in favor of the new candidate all shares represented by stockholder proxies received by the Board, unless authority to vote for all candidates nominated by the Board is withheld, or (iii) leave the place vacant to be filled at a later time. The information presented below for the director nominees has been furnished to the Company by the director nominees and directors.

ITEM 2 THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2007

The Audit Committee has appointed KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 30, 2007, and has further directed that the Board submit the selection of KPMG LLP for ratification by the stockholders at the annual meeting. During fiscal year 2006, KPMG LLP served as the Company s independent registered public accounting firm and also provided certain tax and other audit-related services. See Principal Accountant Fees and Services on page 36. This proposal is put before the stockholders because, though the stockholder vote is not binding on the Audit Committee, the Audit Committee and the Board believe that it is good corporate practice to seek stockholder ratification of the Audit Committee s appointment of the independent auditors. If the appointment of KPMG LLP is not ratified, the Audit Committee will evaluate the basis for the stockholders vote when determining whether to continue the firm s engagement, but may ultimately determine to continue the engagement of the firm or another audit firm without re-submitting the matter to stockholders. Even if the appointment of KPMG LLP is ratified, the Audit Committee may in its sole discretion terminate the engagement of the firm and direct the appointment of another independent auditor at any time during the year if it determines that such an appointment would be in the best interests of our Company and our stockholders. Representatives of KPMG LLP are expected to attend the annual meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

Our Board recommends a vote FOR the ratification of the appointment of KPMG LLP as the Company s independent registered public accounting firm for fiscal year 2007. If the appointment is not ratified, our Audit Committee will consider whether it should select another independent registered public accounting firm.

ITEM 3 OTHER MATTERS

As of the date of this proxy statement, the Company knows of no business that will be presented for consideration at the 2007 annual meeting other than the items referred to above. If any other matter is properly brought before the meeting for action by stockholders, proxies in the enclosed form returned to the Company will be voted in accordance with the recommendation of the Board or, in the absence of such a recommendation, in accordance with the best judgment of the proxy holder.

Table of Contents

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Composition

Our amended and restated Certificate of Incorporation provides that our Board of Directors shall consist of such number of directors as determined from time to time by resolution adopted by a majority of the total number of directors then in office. Our Board of Directors currently consists of five members. Any additional directorships resulting from an increase in the number of directors may only be filled by the directors then in office. The term of office for each director will be until his successor is elected and qualified or until his earlier death, resignation or removal. Elections for directors will be held annually.

Number of Meetings of the Board of Directors

The Board held five meetings during 2006. Directors are expected to attend Board meetings and meetings on committees for which they serve, and to spend time needed and meet as frequently as necessary to properly discharge their responsibilities. The standing committees of the Board, which were established in connection with the Company's initial public offering in August 2005, held an aggregate of ten meetings during the year. Each director attended at least 90% of the aggregate number of meetings of the Board and the Board committees on which he or she served during the period.

Attendance at Annual Meetings of the Stockholders

All directors and director nominees are encouraged to attend the annual meeting of the stockholders.

Director Independence

Certain rules of The Nasdaq Global Market require that the Board be comprised of a majority of independent directors, that the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee each be comprised solely of independent directors, as defined under the Nasdaq rules.

Based upon the information submitted by each of its directors, and following the recommendation of the Nominating and Corporate Governance Committee, the Board has determined that each of the director nominees standing for election except Craig S. Miller, our Chairman, President and Chief Executive Officer, has no relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is an independent director as defined in the marketplace rules of The Nasdaq Global Market. In determining the independence of our directors, the Board has adopted independence standards that mirror exactly the criteria specified by applicable laws and regulations of the Securities and Exchange Commission (the SEC) and The Nasdaq Global Market rules.

Executive Sessions

The Company requires the non-management directors to meet in executive sessions on a periodic basis without management. The presiding director, for purposes of leading these meetings, is the Chairman of the Nominating and Corporate Governance Committee, which currently is Bannus B. Hudson. He can be contacted by writing to: Bannus B. Hudson, c/o Ruth's Chris Steak House, Inc. Corporate Secretary, 500 International Parkway, Suite 100, Heathrow, Florida 32746. In 2006, our nonmanagement directors held two executive sessions.

Communications between Stockholders and the Board

Stockholders may send communications to the Company's directors as a group or individually, by writing to those individuals or the group: c/o the Corporate Secretary, 500 International Parkway, Suite 100, Heathrow, Florida 32746. The Corporate Secretary will review all correspondence received and will forward all correspondence that is relevant to the duties and responsibilities of the Board or the business of the Company to the intended director(s). Examples of inappropriate communication include business solicitations, advertising and communication that is frivolous in nature, relates to routine business matters (such as product inquiries,

Table of Contents

complaints or suggestions), or raises grievances that are personal to the person submitting the communication. Upon request, any director may review communication that is not forwarded to the directors pursuant to this policy.

The Board has adopted a policy for submitting concerns regarding the Company's accounting or auditing matters. Reports may be sent to the Audit Committee through one of the following means: (1) calling the Company's Ethics Hotline at (866) 887-2403, which is available 24 hours per day, 365 days per year, and leaving a recorded message, (2) writing to the Audit Committee, c/o the General Counsel of Ruth's Chris Steak House, Inc. at 500 International Parkway, Suite 100, Heathrow, Florida 32746, USA or (3) emailing the Audit Committee at auditcommittee@ruthschris.com. In each case, reports will be received by the Company's General Counsel who will forward the message to the Audit Committee. The confidentiality of all reports will be maintained to the extent consistent with law.

Committees of the Board of Directors

Our board currently has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The composition, duties and responsibilities of these committees are set forth below. Committee members hold office for a term of one year.

Audit Committee. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Policy and Procedure

Our legal and finance departments are primarily responsible for developing and implementing processes and controls to obtain information from our directors, executive officers and significant shareholders regarding related-party transactions and then determining, based on the facts and circumstances, whether we or a related-party has a direct or indirect material interest in these transaction. The Audit Committee is responsible for review, approval, or ratification of related-person transactions between Ruth's Chris Steak House, Inc. or its subsidiaries and related persons. Under SEC rules, a related person is a director, officer, nominee for director, or 5% stockholder of the company since the beginning of the last fiscal year and their immediate family members. In the course of its review and approval or ratification of a related-party transaction, the Audit Committee considers:

the nature of the related party's interest in the transaction;

the material terms of the transaction, including, the amount involved and type of transaction;

the importance of the transaction to the related-party and to the Company;

whether the transaction would impair the judgment of a director or executive officer to act in our best interest and the best interest of our stockholders; and

any other matters the Audit Committee deems appropriate.

Any member of the Audit Committee who is a related-party with respect to a transaction under review may not participate in the deliberations or vote on the approval or ratification of the transaction. However, such a director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction.

Since December 26, 2005, we have not been a party to, and we have no plans to be a party to, any transaction or series of similar transactions in which the amount involved exceeded or will exceed \$120,000 and in which any current director, executive officer, holder of more than 5% of our capital stock, or any member of the immediate family of any of the foregoing, had or will have a direct or indirect material interest, other than in connection with the transactions described below.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Objectives and Program Structure

Our executive compensation philosophy, policies, plans and programs are under the direction of the Compensation Committee (for purposes of this analysis, the Committee) of our Board of Directors. The Committee is responsible for determining the compensation elements and amounts paid to named executive officers. In this Proxy Statement, the individuals who served as our Chief Executive Officer and Chief Financial Officer during fiscal 2006, as well as other individuals included in the Summary Compensation Table on page 27, are referred to as the named executive officers.

Generally, the types of compensation and benefits provided to named executive officers are similar to those provided to executive officers of other nationwide restaurant companies. The Committee's overall philosophy is to create value for our stockholders by using all elements of executive compensation to reinforce a results-oriented management culture focusing on our level of earnings, performance as compared to our annual operating plan and industry competitors, the achievement of longer-term strategic goals and objectives and specific individual performance. Accordingly, our executive compensation program has been designed to achieve the following objectives:

reinforce a results-oriented management culture with total executive compensation that varies according to performance;

focus executive officers on both annual and long-term business results with the goal of enhancing stockholder value;

align the interests of our executives and stockholders through equity-based compensation awards; and

provide executive compensation packages that attract, retain and motivate individuals of the highest qualifications, experience and ability.

Elements of Compensation

Consistent with our compensation objectives described above, our executive compensation program is designed to be similar to the programs that are offered at nationwide restaurant companies comparable to us. While comparing our compensation to other companies may not always be totally appropriate due to aspects of our business and the uniqueness of some of our objectives, we generally believe that this is an important part of the Committee's decision making process.

Table of Contents

The total compensation program for the named executive officers includes base salary, annual performance-based cash incentive compensation under our management bonus plan, long-term equity incentive compensation under our 2005 Long-Term Equity Incentive Plan, benefits and perquisites. The Committee compares the Company's senior management compensation levels with those of a group of companies in industries related to the Company and similar-size companies in the general food service industry. The Committee also considers Company performance, both operational and financial (using a variety of financial measures), to create and set compensation levels. It is the Committee's practice to target each of these elements to deliver compensation to each executive and all executives as a group within the mid-level range of compensation for persons having similar responsibilities at companies in the comparison group.

We have typically allocated the majority of the total annual compensation paid to the named executive officers to base salary and bonus payments, with a smaller portion allocated to equity incentive awards. We do this primarily so that we can compete with compensation packages provided by nationwide hospitality companies similar to ours, and we believe this increases our ability to retain our senior management.

A significant portion of the compensation paid to executive officers is designed to reward them based on our financial performance compared to financial objectives, the growth of the Company, and increased stockholder value, as reflected in increases in the Company's share price. Our base salary structure and its periodic salary reviews are designed to reward individual achievement and performance, and our overall performance. Our Management Incentive Plan is designed to reward executive officers for achievement of annual objectives tied to increased operating income performance in line with our budget, while the equity component of their compensation, in the form of stock options, is designed to reward relative total stockholder return, and corresponding stock price improvement over the grant-date stock price.

Base Salary

Base salary is established based on the experience, skills, knowledge and responsibilities required of the executive officers in their roles. When establishing the base salaries of the executive officers, a number of factors are considered, including Company performance, the years of service of the individual, the individual's duties and responsibilities, the ability to replace the individual, the base salary at the individual's prior employment, market data on similar positions with competitive companies, and information derived from our directors' experience at other companies. We seek to maintain base salaries that are competitive with the marketplace and that allow us to attract and retain executive talent.

Salaries for executive officers are reviewed by the board on an annual basis, at the time of a promotion or other change in level of responsibilities, as well as when competitive circumstances may require. Typically, our human resources department will compile a report of benchmark data for executive positions in the hospitality industry. This data is generally based on information provided to us by the Chain Restaurant Compensation Association, an organization that provides compensation and benefits information to the restaurant industry. This report includes a presentation of the minimum, median and maximum salaries provided by hospitality companies that are similar in size and operation to our Company. The Chief Executive Officer then reviews this data and provides salary increase recommendations to the Committee, based on this data and the other considerations mentioned in the preceding paragraph. The Committee then discusses these recommendations with the Chief Executive Officer and the human resources department and makes a recommendation to the Board, which the Board will consider and approve, if appropriate.

In September 2005, in connection with our relocation to Heathrow, Florida, the Committee reviewed the base salary of Messrs. Pennison, O'Keefe and Cattell. We increased Mr. Pennison's base salary by approximately 5% and increased the base salary for Messrs. O'Keefe and Cattell by 18%. The base salary for these individuals did not increase during our year-end review. At the end of 2005, the Committee reviewed the base salaries for the other named executive officers. Mr. Miller's base salary was increased by 20% and Mr. Stiles base salary was increased by approximately 15%. In reviewing these base salaries, in addition to the company-related factors described above, the Committee considered the need to retain and relocate these individuals as our Company

Table of Contents

recovered from the effects of Hurricane Katrina and considered the cost of living increase in central Florida. Therefore, we currently expect that future percentage increases in base salary will be below these levels.

Annual Bonuses

Our performance-based annual incentive awards focus on closely aligning rewards with results. The philosophy of our performance-based annual incentive awards is simple: a basic reward for reaching minimum expectations, and an upside for reaching the Company's goals. Cash incentive opportunity for management employees is determined on an annual basis and is targeted at median competitive levels based upon the comparison group of companies discussed above.

Pursuant to current employment agreements, each named executive officer has a specified target annual cash bonus and is eligible for an annual cash bonus up to an amount equal to a specified percentage of such executive's salary. The percentage of base salary for each annual cash bonus is established based on the individual's level of responsibility. Mr. Miller's target cash bonus is 70% of his base salary, Mr. Stiles' target cash bonus is 50% of his base salary, Mr. Cattell's target cash bonus is 40% of his base salary, Mr. Pennison's target cash bonus is 40% of his base salary, Mr. O'Keefe's target cash bonus is 40% of his base salary and Ms. Jackson's target cash bonus is 40% of her base salary. The actual cash bonuses payable to our executive officers may be less than or greater than the target cash bonus, depending on the operational performance, the individual's performance and certain other factors that may be considered by the board and the Committee. The target cash bonuses are subject to additional multipliers as defined in our Management Bonus Plan described below.

In fiscal 2005, we adopted a Management Bonus Plan pursuant to which certain of our employees are eligible to receive cash bonuses based on personal and Company performance over the course of each fiscal year. The Management Bonus Plan's purpose is to encourage a consistent high standard of excellence and continued employment by officers and management personnel of the Company. Our President and Chief Executive Officer, Chief Operating Officer, Executive Vice Presidents, Senior Vice Presidents, Vice Presidents, Regional Vice Presidents, Home Office Directors and Managers are eligible to participate in the Management Bonus Plan. Annual bonus awards under the Management Bonus Plan are determined by the Compensation Committee, subject to approval by the Board, based on (i) the financial performance of the Company during the applicable fiscal year as measured against the Board's previously approved plan with targeted earnings per share or other Board-approved thresholds adjusted for changes in accounting policies and non-recurring extraordinary transactions and (ii) individual performance. Target bonus awards are as follows:

70% of base salary paid during the fiscal year for the President and Chief Executive Officer;

50% of base salary paid during the fiscal year for the Executive Vice President;

40% of base salary paid during the fiscal year for Senior Vice Presidents;

35% of base salary paid during the fiscal year for Vice Presidents;

25% of base salary paid during the fiscal year for Regional Vice Presidents;

20% of base salary paid during the fiscal year for Home Office Directors; and

15% of base salary paid during the fiscal year for Managers.

Each award may, subject to recommendation by the Compensation Committee and approval of the Board, be increased up to 50%, based on our Company's performance. Each award may also be increased by an additional 50% based on personal performance, again subject to recommendation by the Compensation Committee and approval of the Board. In the event of death, disability, retirement or a change in control of the Company, the bonus award is determined based solely on the target award percentage applicable to the base salary actually paid to or

earned by the participant prior to such event. The Committee also periodically considers bonuses outside of the bonus plan, based on both individual and corporate performance.

Long-Term Incentive Awards

The Company's equity programs are designed to encourage creation of long-term value for our stockholders, employee retention and stock ownership. The programs currently consist of stock option grants and restricted stock awards. Our equity incentive programs promote a long-term focus on results and align employee and stockholder interests.

Executive officers receive a portion of their overall targeted compensation in the form of equity, in order to align interests of management and stockholders and promote a focus on long-term results. The Committee generally targets certain amounts of option awards upon hire and promotion for executives and other management personnel based on the level of those individuals. In addition, in August of each year, which is the anniversary of our initial public offering, the Committee reviews the amounts of incentive equity held by our executives and management and provides for additional incentive equity grants (in amounts that are based upon the positions held by the executives and management) to executives and management.

In 2006, the only equity-based awards that were granted to our named executive officers were stock options granted under the 2005 Long-Term Equity Incentive Plan. The Committee chose stock option grants as our form of equity compensation in 2006 because the Committee believes that stock options are a good means to align the interests of the executive officers and our stockholders over the long term, and the Committee considered the benefit of continuing with stock options to maintain consistency with the equity grants previously received by the named executive officers. Accordingly, the grant-date value of the stock options is at risk because it may decline over the vesting period if the Company's financial performance does not improve and there is a corresponding decrease in the stock price. We may in the future grant other equity-based awards depending on the circumstances.

The Committee chose to grant the stock options on August 9, 2006 since that date was the first anniversary of our initial public offering and we review option holdings and additional option grants for our executive officers and management in August of each year. We made grants to certain named executive officers on that date in excess of what certain other executives received in order to catch their level of equity incentive holdings up to what our executives generally hold. Each such grant allows the executive officer to acquire shares of the Company's common stock, subject to the completion of a five-year vesting period (20% of options vest each year). These shares may be acquired at a fixed price per share (the fair market value on the grant date) and have a ten-year term. For information on options granted to named executive officers during fiscal 2006, see "Grants of Plan Based Awards" on page 29.

From time to time, we also grant restricted stock to encourage retention and reward performance. In fiscal 2004, restricted stock grants were made under the Company's 2004 Restricted Stock Plan and are subject to the completion of a five-year vesting period (20% of the restricted stock vests pro rata on a daily basis each year).

Benefits

The Company's global benefits philosophy for employees, including executive officers, is that benefits should provide employees protection from catastrophic events, should enable employees to plan for their futures and should be competitive in local markets in order to attract and retain a high-quality workforce. The types of benefits provided to the named executive officers consist of medical benefits plans, life and accidental death and dismemberment insurance plans, 401(k) matching contributions and automobile allowances. We have also provided relocation expenses incurred as a result of the movement of our headquarters to Heathrow Florida following Hurricane Katrina.

Although the Company's benefit programs are an integral part of the compensation package of the named executive officers, in 2006, benefits (net of relocation expenses) represented less than 5% of the total compensation of the named executive officers. See the "Summary Compensation Table" below.

Table of Contents

The Company maintains a non-qualified deferred compensation plan that is unsecured and allows certain high-level employees, including executive officers, to voluntarily defer receipt of their salary above specified amounts and bonus payments into accounts established under the plan. These accounts are credited with earnings from amounts invested in funds available under the Company's 401(k) plan, as selected by each participant.

Perquisites

The Company allows its executive officers to dine in its restaurants free of charge in order to permit those officers to conduct quality control tests.

Equity Compensation Plan Information

2004 Restricted Stock Plan

The 2004 Restricted Stock Plan provides for the grant of up to 1,167,487 shares of restricted stock to our officers, directors and employees and other persons who provide services to us, all of which were issued during 2004. This plan is administered by a committee of our board of directors, and, in the committee's absence, by our board of directors. This plan provides for the grant of shares of our common stock that may not be sold or disposed of, and that may be forfeited in the event of certain terminations of employment, prior to the end of a restricted period set forth in each restricted stock agreement as determined by our board of directors. Other than the foregoing, participants generally have all of the rights of a stockholder, unless the board determines otherwise. Each restricted stock agreement sets forth a vesting schedule, over which time the shares will vest in the holder thereof, and no longer be subject to the restrictions contained in the restricted stock agreement (other than a right of first refusal of the company in the case of a proposed transfer and a drag along right of the company in a proposed sale of the company approved by our board or a majority of our stockholders). The plan provides that shares of restricted stock not yet vested will vest upon a change in control. Upon a termination of employment, the company, and to the extent not exercised by the company, certain of our stockholders, have the right to acquire shares that have vested pursuant to this plan. All shares of restricted stock were purchased at the fair market value of our common stock, as determined by our board of directors, on the date of grant.

2000 Stock Option Plan

The 2000 Stock Option Plan provides for the grant of nonqualified stock options to our directors, officers and employees and other persons who provide services to us. A total of 1,765,981 shares of common stock are reserved for issuance under this plan. As of March 31, 2007, we have granted options to purchase 1,212,221 shares of common stock under this plan. These options vest pro rata on a daily basis over a five year period. Options granted under the 2000 Stock Option Plan are generally not transferable by the optionee, and must be exercised within 30 days after the end of an optionee's status as an employee, director or consultant of ours (other than a termination by us for cause, as defined in the 2000 Stock Option Plan), within 180 days after such optionee's termination by death or disability, or within 90 days after such optionee's retirement, but in no event later than the expiration of the option term. All options were granted at or above the fair market value of our common stock, as determined by our board of directors, on the date of grant. The term of all options granted under the 2000 Stock Option Plan may not exceed ten years. We anticipate that all future option grants will be made under our 2005 Long-Term Equity Incentive Plan, discussed below, and we do not intend to issue any further options under the 2000 Stock Option Plan.

2005 Long-Term Equity Incentive Plan

The 2005 Long-Term Equity Incentive Plan, which the Board approved in August 2005, provides for grants of stock options, restricted stock, restricted stock units, deferred stock units and other equity-based awards. Directors, officers and other employees of Ruth's Chris Steak House, Inc., as well as others performing services for us, are eligible for grants under the plan. The purpose of the equity incentive plan is to provide these individuals with incentives to maximize stockholder value and otherwise contribute to our success and to enable us to attract, retain and reward the best available persons for positions of responsibility.

Table of Contents

A total of 2,362,500 shares of our common stock, representing approximately 10% of our outstanding common stock on a fully-diluted basis, are available for issuance under the equity incentive plan. The number of shares available for issuance under the equity incentive plan is subject to adjustment in the event of a reorganization, stock split, merger or similar change in the corporate structure or the outstanding shares of common stock. In the event of any of these occurrences, we may make any adjustments we consider appropriate to, among other things, the number and kind of shares, options or other property available for issuance under the plan or covered by grants previously made under the plan. The shares available for issuance under the plan may be, in whole or in part, authorized and unissued or held as treasury shares.

Our compensation committee administers the equity incentive plan. Our Board also has the authority to administer the plan and to take all actions that the compensation committee is otherwise authorized to take under the plan. In 2006, the Board granted options to purchase an aggregate of 491,100 shares of our common stock under this plan, which have a weighted-average exercise price of \$18.56 per share and are subject to annual vesting over a five-year period.

The following is a summary of the material terms of the equity incentive plan, but does not include all of the provisions of the plan. For further information about the plan, we refer you to the equity incentive plan, which we have filed with the SEC as an exhibit to our Registration Statement on Form S-1 on August 8, 2005.

Eligibility. Our directors, officers and employees, as well as other individuals performing services for us, are eligible to receive grants under the equity incentive plan. However, only employees may receive grants of incentive stock options. In each case, the compensation committee will select the actual grantees.

Stock Options. Our compensation committee or the Board may award grants of incentive stock options conforming to the provisions of Section 422 of the Internal Revenue Code, and other, non-qualified stock options. The compensation committee may not, however, award to any one person in any calendar year options to purchase more than 1,181,250 shares of common stock, and it may not award incentive stock options first exercisable in any calendar year whose underlying shares have a fair market value greater than \$100,000, determined at the time of grant.

The exercise price of an option granted under the plan may not be less than 100% of the fair market value of a share of common stock on the date of grant, and the exercise price of an incentive stock option awarded to a person who owns stock constituting more than 10% of the company's voting power may not be less than 110% of such fair market value on such date.

Unless the compensation committee determines otherwise, the exercise price of any option may be paid in any or in any combination of the following ways:

in cash,

by delivery of shares of common stock with a fair market value on the date of exercise equal to the exercise price, and/or

by simultaneous sale through a broker of shares of common stock acquired upon exercise.

If a participant elects to deliver shares of common stock in payment of any part of an option's exercise price, the compensation committee may, in its discretion, grant the participant a reload option. The reload option entitles its holder to purchase a number of shares of common stock equal to the number so delivered. The reload option may also include, if the compensation committee chooses, the right to purchase a number of shares of common stock equal to the number delivered or withheld in satisfaction of any of the company's tax withholding requirements in connection with the exercise of the original option. The terms of each reload option will be the same as those of the original exercised option, except that the grant date will be the date of exercise of the original option, and the exercise price will be the fair market value of the common stock on the date of exercise.

Table of Contents

The compensation committee will determine the term of each option in its discretion. However, no term may exceed ten years from the date of grant or, in the case of an incentive stock option granted to a person who owns stock constituting more than 10% of the voting power of the company, five years from the date of grant. In addition, all options under the equity incentive plan, whether or not then exercisable, generally cease vesting when a grantee ceases to be a director, officer or employee of, or to otherwise perform services for, us. Options generally expire 30 days after the date of cessation of service, so long as the grantee does not compete with us during that 30-day period without our permission.

There are, however, exceptions depending upon the circumstances of cessation. In the case of a grantee's death or disability, a number of options equal to the sum of (1) the number of options that were exercisable on the date of the grantee's death or disability and (2) the number of options that would become exercisable within one year after the date of the grantee's death or disability, will become fully vested and exercisable and remain so for up to 180 days after the date of death or disability, provided the grantee does not compete with us during that 180-day period without our permission. In the event of retirement, a grantee's vested options will remain exercisable for up to 90 days after the date of retirement, while his or her unvested options may become fully vested and exercisable in the discretion of the compensation committee. In each of the foregoing circumstances, the board or compensation committee may elect to further extend the applicable exercise period in its discretion. Upon termination for cause, all options will terminate immediately. If we undergo a change in control, the compensation committee may provide that the options become exercisable and that such options may terminate if not exercised on the date of the change in control, and if a grantee is terminated from service within one year thereafter, all options will become fully vested and exercisable and remain so for up to one year after the date of termination. In addition, the compensation committee has the authority to grant options that will become fully vested and exercisable automatically upon a change in control of the company, whether or not the grantee is subsequently terminated.

Restricted Stock. Our compensation committee may award restricted stock subject to the conditions and restrictions, and for the duration, which will generally be at least six months, that it determines in its discretion and the name or names of which such members shall lapse. Unless the compensation committee determines otherwise, all restrictions on a grantee's restricted stock will lapse when the grantee ceases to be a director, officer or employee of, or to otherwise perform services for, the company, if the cessation occurs due to a termination within one year after a change in control of the company. In addition, unless the compensation committee determines otherwise, if a grantee ceases to be a director, officer or employee of, or to otherwise perform services for us due to death or disability during any period of restriction, in addition to the grantee's restricted stock in which restrictions have already lapsed, restrictions will lapse on all shares of restricted stock for which restrictions would have lapsed within one year following the date of restrictions. If termination of employment or service occurs for any other reason, all of a grantee's restricted stock as to which the applicable restrictions have not lapsed will be forfeited immediately.

Restricted Stock Units; Deferred Stock Units. Our compensation committee may award restricted stock units subject to conditions and restrictions, and for the duration, which will generally be at least six months, that it determines in its discretion. Each restricted stock unit is equivalent in value to one share of common stock and entitles the grantee to receive one share of common stock for each restricted stock unit at the end of the applicable restricted stock unit's vesting period. Unless the compensation committee determines otherwise, all restrictions on a grantee's restricted stock units will lapse when the grantee ceases to be a director, officer or employee of, or otherwise perform services for, the company, if the cessation occurs due to a termination within one year after a change in control of the company or due to death, disability or retirement. In addition, the compensation committee has the authority to award restricted stock units with respect to which all restrictions shall lapse automatically upon a change in control of the company, whether or not the grantee is subsequently terminated. If termination of employment or service occurs for any other reason, all of a grantee's restricted stock units as to which the applicable restrictions have not lapsed will be forfeited immediately.

Table of Contents

Prior to the later of (1) the close of the tax year preceding the year in which restricted stock units are granted or (2) 30 days of first becoming eligible to participate in the plan (or, if earlier, the last day of the tax year in which the participant first becomes eligible to participate in the plan) and on or prior to the date the restricted stock units are granted, a grantee may elect to defer the receipt of all or a portion of the shares due with respect to the restricted stock units and convert such restricted stock units into deferred stock units. Subject to specified exceptions, the grantee will receive shares in respect of such deferred stock units at the end of the deferral period.

Performance Awards. Our compensation committee may grant performance awards contingent upon achievement by the company or divisions of set goals and objectives regarding specified performance criteria, such as, for example, return on equity, over a specified performance cycle, as designated by the compensation committee. Performance awards may include specific dollar-value target awards, performance units, the value of which is established by the compensation committee at the time of grant, and/or performance shares, the value of which is equal to the fair market value of a share of common stock on the date of grant. The value of a performance award may be fixed or fluctuate on the basis of specified performance criteria. A performance award may be paid out in cash and/or shares of our common stock or other securities.

Unless the compensation committee determines otherwise, if a grantee ceases to be a director, officer or employee of, or to otherwise perform services for, the company prior to completion of a performance cycle, due to death, disability or retirement, the grantee will receive the portion of the performance award payable to him or her based on achievement of the applicable performance criteria over the elapsed portion of the performance cycle. If termination of employment or service occurs for any other reason prior to completion of a performance cycle, the grantee will become ineligible to receive any portion of a performance award. If we undergo a change in control, a grantee will earn no less than the portion of the performance award that he or she would have earned if the applicable performance cycle had terminated as of the date of the change of control.

Vesting, Withholding Taxes and Transferability of All Awards. The terms and conditions of each award made under the equity incentive plan, including vesting requirements, will be set forth consistent with the plan in a written agreement with the grantee. Except in limited circumstances, no award under the equity incentive plan may vest and become exercisable within six months of the date of grant, unless the compensation committee determines otherwise.

Unless the compensation committee determines otherwise, a participant may elect to deliver shares of common stock, or to have us withhold shares of common stock otherwise issuable upon exercise of an option or upon grant or vesting of restricted stock or a restricted stock unit, in order to satisfy our withholding obligations in connection with any such exercise, grant or vesting.

Unless the compensation committee determines otherwise, no award made under the equity incentive plan will be transferable other than by will or the laws of descent and distribution or to a grantee's family member by gift or a qualified domestic relations order, and each award may be exercised only by the grantee, his or her qualified family member transferee, or any of their respective executors, administrators, guardians, or legal representatives.

Amendment and Termination of the Equity Incentive Plan. The board or the compensation committee may amend or terminate the equity incentive plan in its discretion, except that no amendment will become effective without prior approval of our stockholders if stockholder approval would be required by applicable law or regulations, including if required for continued compliance with the performance-based compensation exception of Section 162(m) of the Internal Revenue Code or by any listing requirement of the principal stock exchange on which our common stock is then listed. Furthermore, any amendment to the terms of an outstanding award may not materially and adversely affect any participant's rights or obligations under the equity incentive plan without the affected participant's consent. If not previously terminated by the board, the equity incentive plan will terminate on the tenth anniversary of its commencement.

Tax and Accounting Implications

Deductibility of Executive Compensation

The Committee has considered the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended, which generally limits the annual tax deductibility of compensation paid to each named executive officer to \$1 million. To the extent possible, the Committee intends to preserve the federal income tax deductibility, but may choose to provide compensation that may not be deductible if it believes that such payments are appropriate to ensure that our named executive officers receive total compensation that is competitive with our peer group, or reflects superior performance.

Accounting for Share-Based Compensation

Beginning on December 26, 2005, we began accounting for share-based payments in accordance with the requirements of SFAS No. 123(R), Share-Based Payment.

Trading in Our Stock

We have a policy which requires that our directors and executive officers do not participate in short-swing trading, short-selling or entering into any derivative securities related to their ownership of our common stock.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

The Compensation Committee:

Robin P. Selati

Carla R. Cooper

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of our compensation committee is currently an officer or employee of our company or any of our subsidiaries. There is no interlocking relationship between any of our executive officers and compensation committee, on the one hand, and the executive officers and compensation committee of any other companies, on the other hand, nor has any such interlocking relationship existed in the past.
