PROXY STATEMENT

INTRODUCTION

This proxy statement (the *Proxy Statement*) is furnished in connection with the solicitation of proxies by the Board of Directors of MasterCard Incorporated (the *Company*) for use at the 2007 Annual Meeting of Stockholders of the Company to be held on Thursday, June 7, 2007 at 10:00 a.m. (local time), or any adjournment or postponement thereof (the *Annual Meeting*). The Company expects to mail this Proxy Statement and the accompanying proxy card on or about April 26, 2007 to the holders of record of the Company's Class A Common Stock, par value \$0.0001 per share (the *Class A Common Stock*), Class B Common Stock, par value \$0.0001 per share (the *Class B Common Stock*), and Class M Common Stock, par value \$0.0001 per share (the *Class M Common Stock*), as of the close of business on April 9, 2007 (the *Record Date*).

The Voting Stock. The holders of Class A Common Stock (the *Class A Stockholders*) are entitled to one vote per share on all matters on which stockholders generally are entitled to vote (except the election of up to three directors, who are elected by the holders of the Company's Class M Common Stock (the *Class M Directors*)). With respect to the election of directors at the Annual Meeting, the Class A Stockholders will vote as a separate class for the election of two Class A directors (the *Class A Directors*), each members of Class I of the Board of Directors, approval of the Amended and Restated 2006 MasterCard Incorporated Long Term Incentive Plan, approval of the amendment of Section 4.3 of our amended and restated certificate of incorporation and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2007. As of the Record Date, 79,748,393 shares of Class A Common Stock were outstanding.

Our amended and restated certificate of incorporation provides that, to the fullest extent permitted by law, the holders of Class B Common Stock (the *Class B Stockholders*) are not permitted to vote on any matter. However, Section 242 of the General Corporation Law of the State of Delaware entitles the Class B Stockholders to vote as a separate class on the amendment of Section 4.3 of our amended and restated certificate of incorporation because their rights will be adversely affected by such amendment. The Class B Stockholders will not be entitled to vote on the election of the two Class A Directors, approval of the Amended and Restated 2006 MasterCard Incorporated Long Term Incentive Plan or the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2007. As of the Record Date, 55,337,407 shares of Class B Common Stock were outstanding.

Although the Class M Common Stock is generally non-voting, the holders of Class M Common Stock (the *Class M Stockholders*) and together with the Class A Stockholders and Class B Stockholders, the *Voting Stockholders*) have the right to vote as a separate class on, among other

Edgar Filing: MASTERCARD INC - Form DEF 14A

things, specified significant corporate actions under our amended and restated certificate of incorporation. The proposed amendment of Section 4.3 of our amended and restated certificate of incorporation falls within the scope of matters that Class M Stockholders are entitled to vote on as a separate class. The Class M Stockholders, collectively, will have the right to cast 1,000 votes, with each Class M Stockholder entitled to the number of votes that is equal to the product of 1,000 multiplied by the stockholder's global proxy calculation for the twelve months ended June 30, 2006. The global proxy calculation is a fraction that is determined annually by a formula based on the relative level of revenues and transaction volume we generated from such stockholder. The sum of the global proxy calculation for all the Class M Stockholders is one.

Table of Contents

The Class M Stockholders will not be entitled to vote on the election of the two Class A Directors, approval of the Amended and Restated 2006 MasterCard Incorporated Long Term Incentive Plan or the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2007. As of the Record Date, 1,632 shares of Class M Common Stock were outstanding.

Quorum and Voting Requirements. The presence in person or by proxy at the Annual Meeting of the holders of:

a majority of the shares of Class A Common Stock outstanding and entitled as of the Record Date to vote on the election of two Class A Directors, the approval of the Amended and Restated MasterCard Incorporated 2006 Long Term Incentive Plan, the amendment of Section 4.3 of our amended and restated certificate of incorporation and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2007 will constitute a quorum of the Class A Common Stock with respect to these proposals;

a majority of the shares of Class B Common Stock outstanding and entitled as of the Record Date to vote on the amendment of Section 4.3 of our amended and restated certificate of incorporation will constitute a quorum of the Class B Common Stock with respect to this proposal; and

a majority in voting power of the Class M Common Stock outstanding and entitled as of the Record Date to vote on the amendment of Section 4.3 of our amended and restated certificate of incorporation will constitute a quorum of the Class M Common Stock with respect to this proposal.

Broker Authority to Vote Under Rules of the New York Stock Exchange (NYSE). Class A Stockholders who do not submit voting instructions to their brokers may still have their shares voted by their brokers under the following circumstances:

Routine items. The election of directors and ratification of the appointment of the independent registered public accounting firm are considered routine items. Generally, brokers that do not receive instructions from beneficial owners may vote on these proposals in their discretion.

Non-routine items. The approval of any other non-routine proposals may normally only be voted on by brokers who have received specific voting instructions from beneficial owners.

We believe that under the rules of the NYSE, the election of directors and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2007 are routine proposals on which brokers may vote. We believe that the approval of the Amended and Restated MasterCard Incorporated 2006 Long Term Incentive Plan and the approval of the amendment of Section 4.3 of our amended and restated certificate of incorporation are non-routine proposals on which brokers may not vote absent instruction from beneficial owners.

Broker Non-votes. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is not routine and the beneficial owner does not provide any instructions.

Election of Directors. You may vote for or withhold with respect to any or all director nominees. Votes that are withheld and broker non-votes will be excluded entirely from the vote and will have no effect on the outcome of the vote. The two nominees for Class A Directors receiving the

Edgar Filing: MASTERCARD INC - Form DEF 14A

greatest number of votes cast by Class A Stockholders will be elected to serve as Class A Directors and members of Class I of the Board of Directors of the Company.

Approval of the Amended and Restated MasterCard Incorporated 2006 Long Term Incentive Plan. Class A Stockholders may vote for, against or abstain with respect to the adoption of this proposal. In order to approve this proposal, the proportion of votes required is the affirmative vote of a majority of the votes cast, provided a majority of the outstanding shares of Class A Common Stock are voted. Abstentions and broker non-votes will have no impact on the outcome of the proposal as long as a majority of the outstanding shares of Class A Common Stock are voted.

Table of Contents

Approval of the Amendment of Section 4.3 of the Company's Amended and Restated Certificate of Incorporation. Class A Stockholders, Class B Stockholders and Class M Stockholders may vote for, against or abstain with respect to the adoption of this proposal. The adoption of the proposed amendment requires the affirmative vote of the holders of at least a majority of the outstanding shares of the Class A Common Stock, at least a majority of the outstanding shares of the Class B Common Stock and a majority of the votes cast by holders of the Class M Common Stock. Abstentions and broker non-votes by Class A Stockholders and Class B Stockholders will have the effect of votes against the proposal. Abstentions and broker non-votes by Class M Stockholders will have no impact on the outcome of the proposal.

Ratification of the Appointment of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm for 2007. Class A Stockholders may vote for, against or abstain with respect to the adoption of this proposal. The affirmative vote of a majority of the votes cast must be voted for this proposal in order for it to be adopted. Abstentions and broker non-votes will have no effect on the outcome of the proposal.

Stockholders Entitled to Vote. Only holders of record of our Class A Common Stock, Class B Common Stock and Class M Common Stock on the Record Date are entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof.

Voting Procedures. If a Voting Stockholder attends the Annual Meeting in person or sends a representative to the meeting with a signed proxy, that Voting Stockholder may vote or such representative may vote on the Voting Stockholder's behalf. Voting Stockholders unable to attend the Annual Meeting can ensure that their votes are cast at the meeting by signing and dating the enclosed proxy card and returning it in the envelope provided or by authorizing the individuals named on the proxy card to vote their shares by calling the toll-free telephone number or by using the Internet as described in the instructions included with the proxy card or voting form. When a proxy card is returned properly signed and dated or a Voting Stockholder's vote is authorized by telephone or Internet, the vote of the Voting Stockholder will be cast in accordance with the instructions on the proxy card or authorized by telephone or Internet. If a Voting Stockholder does not return a signed proxy card, authorize such Voting Stockholder's vote by telephone or Internet or attend the meeting in person or by representative and vote, no vote will be cast on behalf of that Voting Stockholder. For Class A Stockholders and Class B Stockholders, the enclosed proxy card indicates on its face the number of shares of Class A Common Stock and Class B Common Stock, respectively, registered in the name of each such holder at the close of business on April 9, 2007, which number corresponds to the number of votes such Voting Stockholder will be entitled to cast at the meeting. For Class M Stockholders, the enclosed proxy card indicates on its face the number of votes such Class M Stockholder will be entitled to cast at the Annual Meeting. The current global proxy calculation for each holder of Class M Common Stock is on file at the Company's principal office and will be made available to any stockholder of the Company upon request. See *The Voting Stock* above for further discussion of the voting power of Class A Common Stock, Class B Common Stock and Class M Common Stock.

Voting Stockholders are urged to mark the box on the proxy card to indicate how their vote is to be cast. If a Voting Stockholder returns a signed proxy card but does not indicate on the proxy card how it wishes to vote on a proposal, the vote represented by the proxy card will be cast FOR such proposal.

Pursuant to Section 212(c) of the General Corporation Law of the State of Delaware, Voting Stockholders may validly grant proxies over the Internet. Your Internet vote authorizes the named proxies on the proxy card to vote your shares in the same manner as if you had returned your proxy card. In order to vote over the Internet, follow the instructions provided on your proxy card or voting form.

Any Voting Stockholder who executes and returns a proxy card or authorizes its vote by telephone or by Internet may revoke the proxy before it is voted by:

Edgar Filing: MASTERCARD INC - Form DEF 14A

notifying in writing Noah J. Hanft, Secretary of MasterCard Incorporated, at 2000 Purchase Street, Purchase, New York 10577;

executing and returning a subsequent proxy;

Table of Contents

subsequently authorizing the individuals named on its proxy card to vote its interests by calling the toll-free telephone number or by using the Internet as described in the instructions included with its proxy card; or

appearing in person or by representative with a signed proxy and voting at the Annual Meeting.

Attendance in person or by representative at the Annual Meeting will not in and of itself constitute revocation of a proxy. **If you plan to vote your shares in person at the Annual Meeting, see the requirements set forth in Attending the Annual Meeting below.**

Unless contrary instructions are indicated on the proxy, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted as follows:

FOR the election of the two nominees named in this Proxy Statement to serve as Class A Directors and members of Class I of our Board of Directors;

FOR the approval of the Amended and Restated MasterCard Incorporated 2006 Long Term Incentive Plan;

FOR the approval of the amendment of Section 4.3 of the Company's amended and restated certificate of incorporation; and

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2007.

In the event a Voting Stockholder specifies a different choice on the proxy, that Voting Stockholder's shares will be voted in accordance with the specification so made.

The Company's 2006 Annual Report (the Annual Report), which includes the Company's Form 10-K for the year ended December 31, 2006 (the Form 10-K), as filed with the Securities and Exchange Commission (the SEC) on February 28, 2007, is enclosed herewith. Copies of the Form 10-K are also available through the Company's website at <http://www.mastercard.com>.

A copy of the Company's Annual Report will be furnished to you upon a request in writing to the Secretary of the Company at the address set forth below under Solicitation of Proxies.

Solicitation of Proxies. The Company will bear the costs of solicitation of proxies, including the cost of preparing, printing and mailing this Proxy Statement. In addition to the solicitation of proxies by use of the mail, proxies may be solicited from Voting Stockholders by directors, officers, employees and agents of the Company in person or by telephone, facsimile or other appropriate means of communication. The Company has engaged Georgeson Inc. to solicit proxies on behalf of the Company. The anticipated cost of Georgeson Inc.'s services is estimated to be approximately \$80,000.00 plus reimbursement of reasonable out-of-pocket expenses. No additional compensation, except for

Edgar Filing: MASTERCARD INC - Form DEF 14A

reimbursement of reasonable out-of-pocket expenses, will be paid to directors, officers and employees of the Company in connection with the solicitation. Any questions or requests for assistance regarding this proxy statement and related proxy materials may be directed to:

Householding. The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as householding, permits the Company to realize significant cost savings and reduces the amount of duplicate information stockholders receive. In accordance with notices sent to stockholders sharing a single address, the Company is sending only one Annual Report and Proxy Statement to that address unless the Company has received contrary instructions from a stockholder at that address. Any stockholders who object to or wish to begin householding may notify the Secretary of the Company orally or in writing at the telephone number or address, as applicable, set forth above. The Company will send an individual copy of the Annual Report and Proxy Statement to any stockholder who revokes its consent to householding within 30 days of the Company's receipt of such revocation.

Attending the Annual Meeting. If you are a holder of record and plan to attend the Annual Meeting, please indicate this when you vote. The top half of the proxy card is your admission ticket. When you arrive at the meeting, you will be asked to present photo identification, such as a driver's license. If you hold your shares in street name, typically through a brokerage account, you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or a letter from your bank or broker are examples of proof of ownership. If you want to vote your shares held in street name in person at the meeting, you must get a written proxy in your name from the broker, bank or other nominee that holds your shares.

ELECTION OF DIRECTORS

The Company's Board of Directors. The Company's Board of Directors currently consists of eleven members. The certificate of incorporation and the by-laws of the Company provide that up to three directors, but not more than one-quarter of all directors, are elected by the Class M Stockholders, voting separately as a class. The remaining members of the Board of Directors, including the Company's Chief Executive Officer, if nominated, are elected by the holders of Class A Common Stock, voting separately as a class.

At the Annual Meeting, two Class A Directors and no Class M Directors are to be elected to the Company's Board of Directors. The directors elected to the Company's Board of Directors will automatically be appointed as members of the board of directors of our operating subsidiary, MasterCard International Incorporated (MasterCard International).

Pursuant to the certificate of incorporation and the by-laws of the Company, the Board of Directors is divided into three classes (Class I, Class II and Class III), with each class serving for a staggered, three-year term. In addition, the certificate of incorporation provides that no more than one Class M Director may be allocated to a single class. Upon expiration of the term of a class of directors, directors in that class will be elected for three-year terms at the annual meeting of stockholders in the year in which their term expires. Accordingly, those directors who are nominated for re-election at the Annual Meeting belong to Class I and are expected to serve until the expiration of their terms at the Company's annual meeting of Stockholders in 2010. The other members of the Company's Board of Directors belong to Class II or III, as indicated in the table below, and will continue to serve on the Company's Board of Directors until the expiration of their terms in 2008 and 2009, respectively, or until their successor is elected.

The Company's European Board. The European Board currently consists of eighteen members. The certificate of incorporation and the by-laws of the Company provide that specified aspects of the Company's operations in Europe are managed by or under the direction of the Company's European Board, which is comprised of directors elected by the Class M Stockholders with their principal operations in the Company's Europe region (the European Class M Stockholders). In particular, our certificate of incorporation provides that the following specified aspects of the Company's operations in Europe will be managed by or under the direction of the European Board: (1) review of applications for membership (subject to guidelines established by the Board of Directors from time to time); (2) fines (subject to guidelines established by the Board of Directors from time to time); (3) intraregional operating rules (subject to guidelines established by the Board of Directors from time to time); (4) assessments and fees to the extent that such assessments and fees do not have an exclusionary effect (subject to guidelines established by the Board of Directors from time to time); (5) intraregional product and enhancement development to the extent that the development initiatives do not relate to competitively sensitive matters; (6) annual expense budget; (7) surplus funds; and (8) affinity and co-branding rules.

Our certificate incorporation also provides, however, that the Board of Directors, acting with at least a 75% majority, may withdraw the authority granted to the European Board in its entirety and may terminate the existence of the European Board if the European Class M Stockholders approve such withdrawal and termination by a majority of votes cast. In addition, the Board of Directors, acting with at least a 75% majority, may permanently withdraw from the European Board any specific authority granted to the European Board. The Board of Directors, acting with at least a two-thirds majority, may also override any decision or otherwise temporarily assume any authority granted to the European Board. Finally, the Board of Directors, acting with a simple majority, may override any decision or otherwise temporarily assume any authority granted to the European Board if, in the Board of Directors' sole judgment and discretion, any action or failure to take action by the European Board (1) could subject the Company to risk of legal or regulatory liability, (2) would be contrary to the global strategy, (3) would be reasonably likely to have an effect outside Europe or on U.S. commerce or (4) relates to any matter outside of the authority granted to the European Board.

Table of Contents

Each European Board director that is elected by the European Class M Stockholders serves for a two-year term. Any Class M Director who is designated as a director from our Europe region automatically becomes a member of the European Board until such Class M Director resigns or is removed from our Board of Directors. As provided in our certificate of incorporation and by-laws, the number of members of the European Board will be automatically adjusted to include such Class M Director if the number of members of the European Board would otherwise exceed the number fixed by the European Board. At the 2006 Annual Meeting, seventeen directors were elected to the Company's European Board, each to serve until the 2008 Annual Meeting or until his or her successor is elected and qualified. In addition, Norman McLuskie was automatically appointed to the European Board in connection with his election as a Class M director at the 2006 Annual Meeting pursuant to the Company's certificate of incorporation. Mr. McLuskie, a Class I director, will resign from the Board of Directors at the end of his term on June 7, 2007.

Director Independence. Pursuant to the corporate governance listing standards of the NYSE, a majority of the Board of Directors (and each member of the Audit, Human Resources and Compensation and Nominating and Corporate Governance Committees) must be independent. The Board of Directors has adopted director

Table of Contents

independence standards, which are contained in the Company's Corporate Governance Guidelines, to assist in its determination of director independence. No director will be considered independent unless the Board affirmatively determines that the director has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). When making independence determinations, the Board of Directors broadly considers all relevant facts and circumstances, as well as any other facts and considerations specified by the NYSE, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the Company. When assessing the materiality of a director's relationship with the Company, the Board of Directors considers the issue not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships (among others). In addition, the Board of Directors applies the independence standards set by the NYSE, which are included in the independence guidelines set forth below.

The Board of Directors has established the following guidelines to assist it in determining director independence :

A director will not be independent if: (i) the director is, or has been within the last three years, employed by the Company, or an immediate family member of the director is, or has been within the last three years, employed by the Company as an executive officer; (ii) the director or an immediate family member of the director has received more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way on continued service); (iii) (a) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor, (b) the director is currently employed by such a firm, (c) the director has an immediate family member who is currently employed by such a firm and participates in the firm's audit, assurance or tax compliance (but not tax planning) practice, or (d) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time; (iv) the director or an immediate family member of the director is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executives serve on that company's compensation committee; or (v) the director is a current employee, or an immediate family member of the director is a current executive officer, of another company that has made payments to, or receives payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or two percent of the consolidated gross revenues of such other company.

The following commercial or charitable relationships will not be considered to be material relationships that would impair a director's independence: (i) relationships involving the provision of products or services either by or to the Company or its subsidiaries or affiliates and involving a director, his or her immediate family members, or a company or charitable organization of which the director or an immediate family member is (or, at the time of the transaction, was) a partner, shareholder, officer, employee or director so long as the following condition is satisfied: the products and services are being provided in the ordinary course of business and on substantially the same terms and conditions, including price, as would be available to similarly situated customers; (ii) if a director is an executive officer or an employee, or whose immediate family member is an executive officer, of another company that makes payments to, or receives payment from, the Company for property or services in an amount which, in any single fiscal year, are less than the greater of \$1,000,000 or two percent of the consolidated gross revenues of such other company; (iii) if a director beneficially owns, or is an employee of another company that beneficially owns, less than 10% of the Company's common equity; (iv) if a director is an executive officer or an employee of another company to which the Company is indebted, and the total amount of the indebtedness is less than one percent of the total consolidated assets of the company for which he or she serves as an executive officer or an employee; and (v) if a

Table of Contents

director serves as an officer, director or trustee of a charitable organization, and the Company's discretionary charitable contributions to the organization are less than the greater of \$1,000,000 or two percent of that organization's consolidated gross revenues.

Notwithstanding the foregoing, no relationship required to be disclosed by the Company pursuant to Item 404 of Regulation S-K shall be treated as categorically immaterial. The Board of Directors reviews annually all commercial, charitable and other relationships of directors.

For the purpose of applying these director independence standards, an immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home.

The Board of Directors has determined that Messrs. Carlucci, Fung, Haythornthwaite, McLuskie, Olivie, Schwartz, Tan and Tian and Ms. Karch qualify as independent directors within the meaning of Section 303A.02 of the NYSE Listed Company Manual and under the independence requirements adopted by the Board of Directors as set forth above. In the course of the Board's determination regarding the independence of each non-management director, it considered any transactions, relationships and arrangements as required by Section 303A.02 of the NYSE Listed Company Manual and under the independence requirements adopted by the Board of Directors as set forth above. In reaching the determination that Ms. Karch and Messrs. McLuskie and Tan are independent, the Board of Directors considered the fact that Ms. Karch is Director Emeritus of McKinsey & Company, a director of The Corporate Executive Board Company and a Trustee of the Westchester Land Trust, that Mr. McLuskie is a director of certain subsidiaries of Royal Bank of Scotland Group and that Mr. Tan is a co-founder and minority owner of Cassis International Pte Ltd. The Company contributed approximately \$200 to the Westchester Land Trust. Although service as a director of another company alone is not a material relationship that would impair a director's independence, the above listed relationships were reviewed by the Board of Directors. Furthermore, although each of the other companies listed above has business relationships with the Company, sales to and purchases from these companies amount to less than the greater of \$1 million or 2% of that company's consolidated gross revenues during each of 2006, 2005 and 2004. During all relevant years, none of these relationships were of an amount or nature to impede the exercise of independent judgment of Ms. Karch or Messrs. McLuskie or Tan.

Nomination of Directors. Candidates for nomination to the Board of Directors of the Company are selected by the Nominating and Corporate Governance Committee (the Nominating Committee), based on the Nominating Committee's review of candidates in accordance with the Nominating Committee's charter. The Nominating Committee also considers director candidates recommended by individual stockholders. The process by which the Committee evaluates candidates submitted by stockholders does not differ from the process it follows for evaluating other nominees. The Nominating Committee also nominates individuals for election as members of the European Board.

When considering the qualifications of a nominee, the Nominating Committee may take into account other factors such as strength of character, maturity of judgment, career specialization and the extent of international experience. For additional information on the nomination process, see the charter for the Nominating Committee and the Company's Corporate Governance Guidelines, which are located on the Company's website at <http://www.mastercard.com>.

The nominees for re-election at the Annual Meeting were approved by the Nominating Committee after evaluating their qualifications and service on the Board of Directors. The Nominating Committee recommended each nominee for approval by the entire Board of Directors.

To nominate individuals to be elected as directors at the 2008 Annual Meeting, stockholders may submit recommendations for nomination in writing to the Secretary of the Company at the address set forth above under Introduction Solicitation of Proxies by the first deadline set forth under Other Matters Deadline for Submitting Proposals for Next Year's Annual Meeting. The Secretary will forward all bona fide

recommendations received by such date to the Nominating Committee for its consideration. Stockholder recommendations should include: (a) as to each person whom the stockholder proposes to nominate for election or re-election as a director or as a member of the European Board all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities and Exchange Act of 1934, as amended (the Exchange Act), including such person's written consent to being named in the proxy statement as a nominee and to serving as a director or as a member of the European Board if elected, and a statement affirming that such proposed nominee is qualified to serve as a director or as a member of the European Board of the Company under the Company's by-laws; and (b) as to the stockholder making the recommendation and the beneficial owner, if any, on whose behalf the nomination is made (i) the name and address of such stockholder, as they appear on the Company's books, and of such beneficial owner, (ii) the class and number of shares of the Company, which are owned beneficially and of record by such stockholder and such beneficial owner, (iii) a representation that the stockholder intends to appear in person or by proxy at the meeting to propose such nomination and (iv) a representation whether the stockholder or the beneficial owner, if any, intends or is a part of a group that intends (A) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to elect the nominee and/or (B) otherwise to solicit proxies from stockholders in support of such nomination. The foregoing requirements will be deemed to have been satisfied by a stockholder if the stockholder has notified the Company of his or her intention to present a nomination at an annual meeting in accordance with applicable provisions of the Exchange Act and such stockholder's nomination has been included in a proxy statement that has been prepared by the Company to solicit proxies for such annual meeting. The Nominating Committee may request such additional information from the nominee or the stockholder as it deems appropriate.

Non-Management Director Meetings. The non-management directors are afforded a regular opportunity to meet in executive session, or more frequently upon request of any non-management director. The Board of Directors holds regularly scheduled meetings in executive session without management present. The Chairman of the Board of Directors ordinarily presides at such sessions.

Stockholders and other interested parties may contact any member (or all members) of the Board of Directors (including, without limitation, the director that presides over the executive sessions of non-management directors, or the non-management directors as a group), any Board committee or any chair of any such committee by mail or electronically. To communicate with the Board of Directors, any individual directors or any group or committee of directors, correspondence should be addressed to the Board or any such individual directors or group or committee of directors by either name or title. All such correspondence can be sent by e-mail to General_Counsel@mastercard.com or by mail to MasterCard Incorporated, Board of Directors, 2000 Purchase Street, Purchase, NY 10577.

Table of Contents**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis****Overview**

This Compensation Discussion and Analysis describes the material elements of compensation for MasterCard's executive officers named in the Summary Compensation Table. Our Compensation Committee is primarily responsible for ensuring on behalf of the Board of Directors that the compensation and benefit programs of the Company are fair and appropriate to attract, retain and motivate our employees, including our named executive officers.

Composition of the Compensation Committee

As a result of our IPO in May 2006, we transformed from a private share corporation to a publicly-traded company. At the time of our IPO, most of our directors resigned to enable us to have a Board of Directors represented by a geographically diverse group of individuals who are independent under the rules of the NYSE and SEC and, with the exception of one Class M director who may serve on the Compensation Committee, who have no affiliation with any of our member banks or any affiliate of a member bank. Therefore, the composition of the Compensation Committee changed at the time of our IPO, and accordingly, the compensation determinations on executive compensation payouts discussed in this Executive Compensation section, other than the actual performance-based cash bonuses for 2006 and 2007 compensation determinations, were approved by the pre-IPO Compensation Committee. The table below identifies the persons who served on the Compensation Committee during 2006, before and after our IPO.

Pre-IPO

Donald Boudreau, Committee Chair
William Aldinger
Baldomero Falcones
Robert Pearce

Post-IPO

David R. Carlucci, Committee Chair
Manoel Luiz Ferrão de Amorim
Bernard S.Y. Fung
Marc Olivié

At December 31, 2006, the Compensation Committee was composed of four members of the Board of Directors, each of whom was a non-employee director for purposes of Rule 16b-3 under the Exchange Act, an outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), and determined by the Board of Directors to be independent directors within the meaning of Section 303A.02 of the NYSE Listed Company Manual and under the independence requirements adopted by the Board of Directors as set forth in Board of Directors and Corporate Governance Director Independence. Manoel Luiz Ferrão de Amorim was appointed to the Compensation Committee at the time of the IPO and ended his service on the Compensation Committee and the Board of Directors effective March 26, 2007. Tan Teong Hean was appointed to the Board of Directors in January 2007 and appointed to the Compensation Committee in February 2007.

The Compensation Committee's Responsibilities

Edgar Filing: MASTERCARD INC - Form DEF 14A

The Compensation Committee is responsible for, among other things:

reviewing annually and approving the Company's compensation and benefits philosophy and strategy to ensure that our employees are treated equitably and rewarded appropriately for their contributions to the Company's growth and profitability;

ensuring that our executive compensation strategy supports the Company's objectives and stockholder interests;

reviewing the Company's compensation and benefit programs and policies, including design, administration, participation and compliance;

reviewing and approving company-wide annual and long-term cash or equity incentive compensation plans and ensuring they are administered in a manner consistent with our compensation strategy;

Table of Contents

reviewing and approving corporate goals and objectives for our Chief Executive Officer and other executive officers' compensation, including annual and long-term performance objectives;

reviewing annually and determining total compensation for our Chief Executive Officer and evaluating his performance in light of established goals and objectives; and

reviewing and approving with our Chief Executive Officer, his recommendations with respect to the individual elements of total compensation for our executive officers and key management other than our Chief Executive Officer.

The Compensation Committee regularly reviews the Company's executive compensation and benefits policies and practices and monitors applicable new rules and evolving best practices. The Compensation Committee has retained its own outside compensation consultant, Towers Perrin, to: (1) assist with the development of peer group companies for comparison of executive compensation, (2) conduct benchmarking of executive officer compensation, and (3) advise on executive compensation and equity plan design. Towers Perrin also provides consulting services to the Company, including actuarial and survey-related services. In retaining Towers Perrin, the Compensation Committee considered the other services it provides to the Company and determined that those services would not affect its independence. During 2006, the Compensation Committee met five times and, during a majority of those meetings, also met in executive session without management present.

At the end of each fiscal year, the Compensation Committee reviews and makes decisions on the elements and amount of compensation for our named executive officers.

More information about the Compensation Committee can be found under "Committees of the Board of Directors - Human Resources and Compensation." The Compensation Committee's charter is available on the Company's website at <http://www.mastercard.com>.

The Company's Compensation Principles

The Company's compensation decisions for our named executive officers, which are approved by the Compensation Committee, are based on the following core principles:

Executive officer goals should be linked with customer and stockholder interests. The Company's compensation policies are designed to align the interests of our executive officers with those of our customers and our stockholders. For example, for 2006, for our named executive officers to be eligible for a payout under our Senior Executive Annual Incentive Compensation Plan (SEAICP), the Company first had to meet a pre-determined internal minimum adjusted earnings before interest, taxes, depreciation and amortization (EBITDA) target. Upon achievement of the minimum adjusted EBITDA target, the amount of the payout was solely based upon achievement of pre-determined quantitative and qualitative corporate performance goals during 2006, which included executing against key account plans, delivering against global priorities, achieving net income targets, improving the ratio of income to revenue, net revenue growth and return on equity and enhancing organizational capabilities, including establishing a new corporate governance structure in light of our IPO. In addition, cash bonus awards for 2007 are funded based on equal weightings of the Company's net income and return on equity (ROE) against predetermined net income and ROE targets. Actual awards are then determined by the Compensation Committee.

Pay should be performance-based. We provide a total compensation program consisting of fixed and variable pay, with an emphasis on variable pay to reward short- and long-term performance versus pre-established goals and objectives.

Compensation opportunities must be competitive to attract and retain talented employees. Each year, the Compensation Committee assesses the competitiveness of total compensation levels for executives to enable us to successfully attract and retain executive talent.

Table of Contents**Peer Groups**

In 2003, the Compensation Committee established peer groups to assist the Compensation Committee in assessing the competitiveness of the Company's compensation practices for its executive officers. The Compensation Committee considered a number of different potential peer groups from which it selected what it believes is the most relevant peer group for the Company. The Compensation Committee established one peer group for assessing the compensation for Robert Selander, the Company's President and Chief Executive Officer, and a separate peer group for other executive officers. In selecting the peer groups, the Compensation Committee considers companies representative of the types of organizations from which the Company recruits, and to which the Company loses, executive talent.

The Compensation Committee determined that the peer group for Mr. Selander would be composed of three different types of companies: full-service banks or bank holding companies, processors and other diversified financial services companies and companies with recognized global brands. The full-service banks or bank holding companies were chosen because they represent the complexities inherent in managing a financial enterprise with multiple revenue sources. The processors and other diversified financial services companies that were chosen represent peers that engage in sectors in which the Company conducts its primary business. The Compensation Committee chose companies with global brands because they reflect the fact that MasterCard is a well-known brand with significant emphasis on marketing. For 2006, the peer group for Mr. Selander consisted of the following companies:

| Full-Service Banks or Bank Holding Companies | Processors and Other Diversified Financial Services Companies | Global Brands |
|---|--|----------------------|
| The Bank of New York | Alliance Data Systems Corp. | BP |
| Capital One Financial Corp. | Americredit Corp. | Caterpillar |
| Golden West Financial Corp. | Certegy | Kellogg |
| Marshall & Ilsley Corp. | CheckFree Holdings | Levi Strauss |
| Mellon Financial Corp. | Countrywide Financial Corp. | Motorola |
| National City Corp. | First Data Corp. | Nike |
| PNC Financial Services Group | Fiserv | PepsiCo |
| SunTrust Banks | Synovus Financial Corp. | Sun Microsystems |
| | Total System Services | Tiffany |
| | | Xerox |
| | | Yahoo! |

MBNA Corporation, Metris Corporation and Providian Financial Corporation were originally part of the peer group, but were acquired by other entities in 2005.

The compensation of our other named executive officers is compared to a similar but separate peer group. The peer group reviewed by the Compensation Committee for other named executive officers includes a number of financial services and general industry firms that reflect a similar size, scope and complexity to that of the Company. Additionally, these peer companies are participants in the proprietary survey database of the Compensation Committee's consultants so that pay data for executive positions can be analyzed and reported to the Compensation Committee. Accordingly, the peer group does not include competitors that do not participate in the survey on executive officer compensation. For 2006, the peer group for the named executive officers, other than our Chief Executive Officer, consisted of 41 companies in financial services (credit card companies, banks, processors and insurance companies) with assets ranging from \$15 billion to \$110 billion and annual revenues between \$3 billion and \$25 billion. The peer group also consisted of 127 general industry firms with annual revenues ranging from \$10 billion to \$20 billion.

Edgar Filing: MASTERCARD INC - Form DEF 14A

On an annual basis, the Compensation Committee intends to evaluate and, if appropriate, modify the peer group to ensure that it remains representative of the Company's peers based on factors that the Compensation Committee deems appropriate.

Table of Contents**Program Elements**

The elements of our executive compensation program consist of base salary, annual incentive and long-term incentive compensation. The Company's philosophy generally is to target compensation levels between the median and 75th percentile of the blended peer groups for the named executive officers, as described above. While the Compensation Committee reviews the compensation paid to executive officers at the peer groups, the Compensation Committee also considers other factors, including the experience and performance of each named executive officer.

The Compensation Committee makes decisions on executive compensation from a total direct compensation perspective, which generally includes base salary, annual incentive and long-term incentive compensation. In assessing and determining compensation for our named executive officers, the Compensation Committee examines competitive data for each of the various compensation elements and makes decisions after considering each individual element and its effect on total compensation. For example, in 2006, the Compensation Committee reduced the target annual cash incentive award of Mr. Selander, but increased his target long-term equity award. The resultant mix of annual compensation to long-term compensation placed Mr. Selander's targeted total direct compensation within the 50th and 75th percentile of the peer group. Tally sheets showing, for each named executive officer, the individual compensation elements, amounts of each element, total compensation, participation in benefit programs and perquisites and other personal benefits were reviewed by the Compensation Committee in 2007.

Prior to our IPO in May 2006, the Compensation Committee decided for the first time to make equity awards part of the compensation to our executive officers. Each employee below the executive management level who was employed by the Company on the date of the IPO received a special, one-time Founders Grant of 100 restricted stock units (RSUs) to provide an incentive for all of our employees to enhance stockholder value. The Founders Grant vests on the third anniversary of the date of grant, subject to continued employment with the Company on the vesting date. No special Founders Grant was made to our named executive officers. Annual grants of stock options and RSUs were made in 2006 to named executive officers and other key employees in lieu of any cash-based long-term awards. The Compensation Committee made these grants because it believes that having executives who have a significant equity stake in the Company aligns their interests with those of our stockholders. The Compensation Committee determined that, in addition to the annual grants made for 2006 to named executive officers and other key managers of the Company, each individual who was a participant in the Executive Incentive Plan or the Senior Executive Incentive Plan (collectively, the EIP), which were cash-based long-term incentive plans, would have an opportunity to convert existing cash awards into RSUs. Accordingly, we offered all participating employees, including the named executive officers, the choice of converting the remaining 20% of the previously-granted 2002-2004, 2003-2005 and 2004-2006 EIP awards into RSUs at the time of our IPO. In addition, the 2005-2007 EIP award was mandatorily converted into RSUs at the time of our IPO. In each case, a 20% conversion premium was added and the converted units retained the same vesting schedule as the original awards they replaced. The Compensation Committee determined that a 20% conversion premium was appropriate principally for two reasons: (1) the EIP required a replacement of equal or greater value in the event of unilateral termination of the plan, and (2) the Compensation Committee, after consultation with its compensation consultants, had previously applied a reduction factor to the competitive peer group long-term incentive data based on the assumption that the MasterCard cash plan had less volatility than the stock-based plans of companies whose shares were traded in the open market. The Grants of Plan-Based Awards table enumerates the 2006 grants and the prior long-term awards that were converted at the time of our IPO.

Base Salary. Base salaries for named executive officers are generally established between the median and 75th percentile of the competitive market. The Compensation Committee determines base salaries using competitive market data to reflect the contribution of the individual in the management hierarchy. All salaried employees are eligible for annual merit increases based primarily on performance of their job responsibilities and their position relative to the job market. Base salaries are generally held constant for senior level executives once market competitive levels have been achieved, subject to competitive factors and/or changing job responsibilities.

Table of Contents

Annual Incentive. We provide our named executive officers with an opportunity to earn cash incentive awards through the SEAICP. These awards are designed to reward the attainment of specific performance measures during a fiscal year. The Compensation Committee generally establishes target annual incentives between the median and 75th percentile of the competitive market. Each named executive officer's target SEAICP opportunity is determined based on competitive market practices and internal equity considerations.

Performance goals for our named executive officers for 2006 under the SEAICP were established in the beginning of 2006. For 2006, for our named executive officers to be eligible for a payout under the SEAICP, the Company first had to meet a pre-determined internal minimum adjusted EBITDA target. Upon achievement of the minimum adjusted EBITDA target, the amount of the payout was solely based upon achievement of pre-determined quantitative and qualitative corporate performance goals during 2006, which included executing key account plans, working toward global priorities, achieving net income targets, improving the ratio of income to revenue, net revenue growth, and return on equity and enhancing organizational capabilities, including establishing a new corporate governance structure in light of our IPO. Based on our fiscal year 2006 performance, the SEAICP was funded at maximum levels for named executive officers. Bonuses were ultimately paid out between target and maximum amounts for each of the named executive officers, as the Compensation Committee exercised some level of negative discretion in all cases. Negative discretion is applied by the Compensation Committee in the event that the funding mechanism for the plan exceeds the amount that the Compensation Committee believes represents appropriate compensation to the named executive officers.

The table below sets forth the threshold, target, maximum and actual payout under our SEAICP for 2006 for each of our named executive officers:

| | <u>Threshold</u> | <u>Target</u> | <u>Maximum</u> | <u>Actual</u> |
|---------------------|------------------|---------------|----------------|---------------|
| Robert W. Selander | \$ 675,000 | \$ 1,350,000 | \$ 3,375,000 | \$ 3,000,000 |
| Chris A. McWilton | \$ 250,000 | \$ 500,000 | \$ 1,000,000 | \$ 900,000 |
| Alan J. Heuer | \$ 375,000 | \$ 750,000 | \$ 1,500,000 | \$ 1,300,000 |
| Christopher D. Thom | \$ 250,000 | \$ 500,000 | \$ 1,000,000 | \$ 0(1) |
| W. Roy Dunbar | \$ 300,000 | \$ 600,000 | \$ 1,200,000 | \$ 810,000 |
| Michael W. Michl | \$ 202,500 | \$ 405,000 | \$ 810,000 | \$ 600,000 |
| Noah J. Hanft | \$ 202,500 | \$ 405,000 | \$ 810,000 | \$ 800,000 |

- (1) Mr. Thom was not employed by the Company on the date of the payout of awards for 2006 and will receive payment in lieu of an award under the SEAICP as part of his severance payment. See Potential Payments Upon Termination or Change-in-Control for a description of the amounts payable to Mr. Thom.

Long-Term Incentive. RSUs and stock options were granted to employees and executives of the Company in May 2006 in dollar-denominated amounts, since the Company's stock was not yet publicly traded when the grants were approved by the Compensation Committee. Under the MasterCard Incorporated 2006 Long-Term Incentive Plan (LTIP), the exercise price for options granted at the time of the IPO was the IPO price of \$39 per share. The Compensation Committee authorized the awards of RSUs to be converted from dollar-denominated amounts to numbers of units at the time of the IPO using the IPO price as the conversion price. For grants in 2007 and in subsequent years, the LTIP requires stock option grants to have an exercise price equal to the closing price of our Class A Common Stock on the date of grant. Additionally, beginning with the 2007 equity grants, named executive officer participation in the LTIP is conditioned upon a participant signing a non-solicitation and non-competition agreement with the Company that is effective for the greater of twelve months after his or her termination from the Company or the remaining vesting period of any award held by such participant who has retired.

The Compensation Committee determined that for 2006 Mr. Selander should receive an LTIP award that was composed of 50% in value in stock options and 50% in value in RSUs. In making its determination, the Compensation Committee considered certain peer group information, which suggested a weighting of equity-

Table of Contents

based awards of 60% in stock options and 40% in other equity-based awards. Given the number of shares available for granting and a more recent trend away from stock options, the Compensation Committee determined that a split of 50% in each type of award was appropriate. The Compensation Committee also considered the effects of a Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (Revised 2004), Share-Based Payment (FAS 123R), on the Company's accounting for stock-based payments, and considered that the grant of RSUs would not qualify for a deduction under Section 162(m) of the Internal Revenue Code for performance-based compensation. Finally, the Compensation Committee considered the policy of having a Chief Executive Officer and other named executive officers receive a significant portion of their total direct compensation in equity awards to motivate and provide an incentive for these officers and to align their interests with those of our stockholders. With no prior stock price history or volatility to determine an actual Black-Scholes value for the stock options, the Compensation Committee decided on a ratio of options for three shares to each share represented by RSUs, equating to a Black-Scholes ratio of 33.3%, approximately the median of Black-Scholes ratios for companies within the S&P 500 Index. Subsequently, a Black-Scholes value was determined for the fair value of the options as of grant date. Assumptions used in the valuation of the stock options are included in footnote 16 to the Company's audited financial statements for the fiscal year ended December 31, 2006 included in the Company's Form 10-K. Each of the other named executive officers, except for Mr. Thom, received equity awards that consisted of stock options and RSUs.

Under the EIP, the Compensation Committee determined that the 80% portion of the award granted for the 2004-2006 performance period that was payable in January 2007 would not be converted at the time of the IPO to RSUs, but rather would be paid out in cash. The Compensation Committee made this decision because the performance cycle was more than 75% completed by the time of the IPO. Based on the Company's performance over the 2004-2006 performance period, performance units were valued between target and maximum levels. Performance was evaluated against qualitative and quantitative targets over the three-year performance period. The EIP has now been replaced with the LTIP and no other cash payments to named executive officers are expected to be made under the EIP in the future.

Year-end Process

Compensation decisions for the named executive officers for the current year are generally discussed in the fourth quarter of the prior year and approved in the first quarter of the current year, when earnings for the prior year have been determined and the related fiscal year-end financial statements have been audited.

In connection with annual compensation decisions, Mr. Selander presents compensation recommendations for the named executive officers other than himself to the Compensation Committee for its review and discussion. Mr. Selander also provides a summary of individual and company performance and an assessment of each executive officer's potential and core competencies. When the discussion relates to Mr. Selander's performance and compensation, Mr. Selander is excused from the meeting. The Chief Administrative Officer and the Chairman of the Compensation Committee then lead the discussion on Mr. Selander's performance and make a recommendation to the Compensation Committee concerning Mr. Selander's base salary, annual incentive target and long-term incentive target for the ensuing year and the amount of bonus payout for the most recently-completed year. The Compensation Committee also receives a presentation by its compensation consultant, which includes compensation information from the peer group companies, and discusses compensation matters with the consultant. The Compensation Committee then makes compensation determinations for named executive officers pending a satisfactory outcome of the year-end financial statement audit.

Other Compensation

The other elements of compensation include perquisites and other personal benefits, deferred compensation and other benefits.

Table of Contents

Perquisites and Other Personal Benefits. For 2006, perquisite allowances were approved for each of the named executive officers. The allowances were designed to give each named executive officer a discretionary amount to spend. In 2006, the perquisite allowance was not eligible for a tax gross up. For security reasons, the Company also pays for home security systems and monitoring for a number of the named executive officers. For more information on perquisites and other personal benefits provided to our named executive officers, refer to the All Other Compensation table in this proxy statement. The Compensation Committee periodically reviews the level of perquisites and other personal benefits provided to our named executive officers.

Deferred Compensation. In 2006, all employees, including the named executive officers, who exceeded an annual compensation threshold of \$175,000 during 2005, were eligible to defer a portion of future compensation into a non-qualified deferred compensation arrangement, referred to as the MasterCard Deferral Plan. None of the named executive officers elected to defer compensation in 2006. Our management and the Compensation Committee will continue to monitor developments in Congress regarding deferred compensation programs and plan to assess the utility of maintaining a deferred compensation plan in the future.

The Company maintains the Value Appreciation Plan (VAP), a frozen incentive compensation plan established in 1995 for executive officers and other key employees. Annual awards were granted to VAP participants from 1995 through 1998, entitling participants to receive on their exercise of vested rights the net appreciation of a portfolio of bank stocks through September 30, 2004 and, beginning on October 1, 2004, earnings on investments in third-party investment vehicles. Participants have been fully vested in the VAP since 2004. In 1999, the VAP was replaced by the EIP. Although contributions to the VAP have been discontinued, assets remain in the plan and vested rights must be exercised by participants no later than January 31, 2008.

Additionally, awards of RSUs converted from the EIP in connection with the IPO and other RSUs granted in 2006 that are not forfeitable by, and have not been released to, the named executive officers are considered deferred compensation. Information regarding these payments can be found in the Nonqualified Deferred Compensation table.

Other Benefits. The Company maintains several other benefit plans and programs in which named executive officers are eligible to participate. These include the MasterCard Accumulation Plan (MAP), the Shared Profit and Savings Plan, the Retirement Restoration Plan, a Supplemental Executive Retirement Plan (SERP) and our health and welfare programs. The Company desires to provide competitive benefits to all employees of the Company. The Compensation Committee is responsible for reviewing specific benefit arrangements for named executive officers and other key employees to determine competitiveness in the market, as well as to ensure that these programs are consistent with management's objectives to attract, retain and motivate high-performing employees.

The MAP is a tax-qualified defined benefit pension plan that provides benefits using a cash balance formula. Generally all U.S. employees of the Company, including named executive officers, are eligible to participate in this plan. Under the cash balance formula, a deferred account is established for each participant, to which a percentage of the participant's eligible compensation is credited, 4.5% for the first four years of service increasing to 12% for the twentieth through the thirtieth year and zero thereafter. Certain participants who were both participants in the MAP, and at least 50 years of age on December 31, 2000, are entitled to minimum pay credits of 9%, commencing at age 50, and up to a maximum of 14% at age 60 and greater. Eligible compensation includes a participant's base salary and bonuses. In addition to the pay credits, a participant's account under the MAP receives investment credits based on the yield on 30-Year Treasury securities.

The Shared Profit and Savings Plan is a retirement plan for U.S. employees, including named executive officers. The components of the plan include a 401(k) feature with employee contribution, an employer matching contribution and a profit sharing award based on the Company's net income.

Table of Contents

The Retirement Restoration Plan is a non-tax-qualified restoration plan for certain highly-compensated employees, including named executive officers. Section 415 of the Internal Revenue Code generally places a limit on the amount of pension that can be paid annually from a tax-qualified plan (for 2006, \$175,000) as well as on the amount of annual earnings that can be used to calculate a pension benefit (for 2006, \$220,000). The Retirement Restoration Plan pays eligible employees retirement benefits equal to the difference between the amount payable under our tax-qualified plans and the amount they would have received without the limits imposed by Section 415 of the Internal Revenue Code.

The Company also maintains a supplemental defined benefit pension plan, the SERP, for its key executives. Currently, participation in the SERP is restricted solely to the named executive officers. Participants in the SERP may receive an annual benefit at retirement equal to a designated percentage of the participant's final 48 month average base pay (determined as of the vesting date), expressed as a life-annuity, reduced by a benefit under a hypothetical prior employer benefit plan and the amount of benefits received under the MAP, the Retirement Restoration Program and Social Security. The designated percentages are 100% for the Chief Executive Officer, Mr. Selander, and 80% for all other participants. To the extent that the offsets are greater than the aggregate SERP benefit, a participant would not receive a payout under the SERP. Participants in the SERP generally vest in their benefits upon the attainment of age 60 and four years of SERP participation while employed by the Company.

CEO Compensation and Performance

Mr. Selander's fiscal year 2006 compensation consisted of base salary, an annual incentive award and a long-term incentive award. The Compensation Committee determined the level for each of these elements using methods consistent with those used for our other named executive officers.

During the fiscal year ended December 31, 2006, MasterCard achieved several significant milestones, including:

successful completion of our IPO, which transformed the Company from a private share corporation to a publicly-traded company;

establishment of The MasterCard Foundation;

revenue growth of 13.2%, from \$2.9 billion in 2005 to \$3.3 billion in 2006;

achievement of full-year gross dollar volume (GDV) of nearly \$2 trillion;

net income of \$50 million, or \$0.37 per share, based upon generally accepted accounting principles in the United States (taking account of a \$395 million non-cash expense resulting from the donation of shares of the Company's Class A common stock to The MasterCard Foundation at the time of the IPO, a \$25 million reserve for litigation settlements and \$7 million in interest income earned on IPO proceeds held until redemption of the Company's shares of Class B Common Stock), or net income of \$457 million, or \$3.37 per share, adjusting for the aforementioned items; and

celebration of our 40th anniversary and successful launch of MasterCard Worldwide, a new corporate brand.

Edgar Filing: MASTERCARD INC - Form DEF 14A

Despite these milestones during 2006, the Compensation Committee decided not to increase Mr. Selander's base salary. However, in light of the significant achievements of the Company in 2006, including achievement of corporate goals that allowed the SEAICP to be funded at maximum levels, and Mr. Selander's role in those achievements, in March 2007, Mr. Selander received an SEAICP award of \$3,000,000 in respect of 2006. In addition, Mr. Selander received a long-term incentive award of stock options and performance share units valued at \$5,000,000 for 2007.

Table of Contents**Stock Option Grant Practices**

The Compensation Committee has adopted a policy with respect to equity awards that contains procedures to prevent stock option backdating or other timing issues. Under the policy, the Compensation Committee has exclusive authority to grant equity awards to our named executive officers and other employees. The policy also provides that annual equity grants to employees will be made on March 1 each year. If March 1 falls on a weekend, the last business day prior to March 1 will be the effective date of the grant. The exercise price for any stock options granted will be the closing price of our Class A Common Stock on the NYSE on the grant date. Grants of equity awards to new employees or to reflect promotions or other special events may be made during other times in the year. If an employee joins the Company and has been offered stock-based awards as part of his compensation, approval from the Compensation Committee will be sought at the next regularly scheduled Compensation Committee meeting and the exercise price of any stock options will be the closing price of our Class A Common Stock on the NYSE on the date of the Compensation Committee's approval of the award, unless the Company is in a company-imposed black-out period under its insider trading policy. Under the Company's insider trading policy, named executive officers, other employees with access to material non-public information about the Company and directors are prohibited from engaging in transactions in the Company's securities during black out periods, and the Compensation Committee's policy with respect to option grants that occur on dates other than March 1 is consistent with the Company's insider trading policy. In such case, the grant date would be the fourth trading day on the NYSE after the Company publicly releases its earnings for its most recent fiscal quarter.

Stock Ownership Guidelines; Hedging Prohibition

The Compensation Committee believes that stock ownership guidelines are important for the purpose of aligning the interests of named executive officers and key employees with the interests of stockholders. Therefore, in December 2006, the Compensation Committee adopted executive stock ownership guidelines. These ownership guidelines cover approximately 70 key managers and executives, including the named executive officers. The guidelines encourage ownership of one to six times the individual's base salary in stock. Under the guidelines, Mr. Selander is encouraged to hold at least six times his base salary in stock, our Chief Operating Officer at least five times his base salary in stock and the other named executive officers at least four times their base salary in stock. For purposes of these guidelines, shares of the Company's common stock held directly or indirectly by the named executive officer are included; however, restricted stock, RSUs, performance share units and unexercised stock options held by the named executive officer are excluded. Each employee is given three years to attain these ownership levels. The guidelines are waived once an executive reaches the age of 62. In general, the Compensation Committee does not consider any previous awards when determining the compensation of the named executive officers. However, if an executive officer does not meet the stock ownership guidelines described above, the Compensation Committee may direct a larger percentage of the executive officer's future compensation into equity-based compensation.

Under the Company's Code of Conduct, employees are not permitted to hedge their economic exposure to the Company's stock that they own, meaning that employees may not engage in trading in or writing options, buying puts, calls, other derivative securities, short selling or similar types of transactions in the Company's securities.

Tax Implications

Deductibility of Executive Compensation. As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which requires that public companies meet specific criteria in order to deduct, for federal income tax purposes, compensation over \$1,000,000 paid to the Chief Executive Officer and the next four highest compensated executive officers. We believe that compensation paid under the SEAICP and the LTIP are generally fully deductible for federal income tax purposes. However, the award of RSUs granted at the time of our IPO upon

Table of Contents

conversion of performance unit awards that had previously been granted under our EIP was not eligible for the deduction under Section 162(m) because the RSUs were converted at a 20% premium to the EIP performance units and were time-based instead of performance-based. In addition, the award of RSUs granted in 2006 was not eligible for the deduction under Section 162(m) because such awards were time-based instead of performance-based. The Compensation Committee believes that its primary responsibility is to provide a compensation program that attracts, retains and rewards the executive talent needed for the Company's success. Consequently, as it did in 2006, in any year the Compensation Committee may authorize compensation in excess of \$1,000,000 that is not performance-based under Section 162(m). The Compensation Committee recognizes that the loss of a tax deduction may be unavoidable in these circumstances.

Nonqualified Deferred Compensation. On October 22, 2004, the American Jobs Creation Act of 2004 was signed into law, changing the tax rules applicable to nonqualified deferred compensation arrangements. While the final regulations have not become effective yet, the Company believes that it is operating in good faith compliance with the statutory provisions that were effective January 1, 2005 in order to avoid the imposition of excise taxes.

2007 Compensation

On February 5, 2007, the Compensation Committee approved performance targets for the year ended December 31, 2007 that will be used to determine amounts of cash bonus awards that may be paid to named executive officers under the SEAICP. The cash bonus awards for 2007 under the SEAICP are based on the Company's achievement of predetermined net income and return on equity targets and the actual bonus award payout amounts will be based on an equal weighting of the level of performance achieved against such targets. The Compensation Committee may reduce award amounts at its discretion. The Compensation Committee set the 2007 annual incentive awards (as a percentage of base salary) under the SEAICP for our named executive officers as follows:

| Name | Performance Level Achieved | | |
|--------------------|----------------------------|--------|---------|
| | Threshold | Target | Maximum |
| Robert W. Selander | 75% | 150% | 375% |
| Chris A. McWilton | 50% | 100% | 250% |
| Alan J. Heuer | 50% | 100% | 250% |
| W. Roy Dunbar | 50% | 100% | 250% |
| Michael W. Michl | 45% | 90% | 225% |
| Noah J. Hanft | 45% | 90% | 225% |

Performance below threshold would result in no cash bonus payout.

On March 1, 2007, the Compensation Committee granted the following aggregate dollar amounts of stock options, performance units and RSUs to our named executive officers:

| Name | Stock Options | Performance | Restricted Stock | Total |
|------|---------------|-------------|------------------|-------|
| | | Units | Units | |

Edgar Filing: MASTERCARD INC - Form DEF 14A

| | | | | |

| Robert W. Selander | \$ 2,500,000 | \$ 2,500,000 | | \$ 5,000,000 |
| Chris A. McWilton | \$ 500,000 | \$ 500,000 | \$ 750,000 | \$ 1,750,000 |
| Alan J. Heuer | \$ 1,350,000 | \$ 1,350,000 | | \$ 2,700,000 |
| W. Roy Dunbar | \$ 850,000 | \$ 850,000 | | \$ 1,700,000 |

The stock option awards have an exercise price of \$106.29 per share (the closing price of the Company's Class A Common Stock on the NYSE on the grant date) and vest in four equal annual installments beginning on March 1, 2008. The stock option awards have a term of ten years.

Performance units were converted from the dollar amount shown above to performance units based on a share price of \$106.29. The ultimate number of shares to be received by the named executive officer upon vesting will be determined by the Company's performance against predetermined net income and return on equity goals for the three-year period commencing January 1, 2007. Vesting of the performance units and the release of the underlying shares will occur on or about February 28, 2010.

RSUs were converted from the dollar amount shown to units based on a share price of \$106.29 and will vest on February 28, 2010, provided that the named executive officers remain employed by the Company on such date.

Severance Agreements

The Company has entered into employment agreements with each of the named executive officers, which provide severance under certain circumstances. For a discussion of these severance arrangements, refer to the section of this proxy statement entitled "Potential Payments Upon Termination or Change-in-Control."

Table of Contents**SUMMARY COMPENSATION TABLE**

The following table summarizes the total compensation paid or earned by each of the seven members of the Company's Policy Committee for the fiscal year ended December 31, 2006 (named executive officers), which includes our principal executive officer, principal financial officer and the three most highly compensated executive officers. As discussed in footnotes (1), (2) and (3) to the Summary Compensation Table, amounts in the Stock Awards, Option Awards and Non-Equity Incentive Plan Compensation columns may not be comparable among the named executive officers because certain of our named executive officers are retirement-eligible, while others are not. Whether a named executive officer is retirement-eligible or not affects the amount of compensation we report in these columns.

Edgar Filing: MASTERCARD INC - Form DEF 14A

- (1) Represents the amount of compensation cost recognized by the Company in fiscal 2006 for: (i) an award of RSUs resulting from the conversion of performance unit awards that had previously been granted under the EIP into shares of the Company's Class A common stock in connection with the IPO (the EIP Awards) from the Company's adoption of FAS 123R following the IPO and (ii) an award of RSUs for 2006 (the 2006 Awards) as though the awards were subject to FAS 123R for the entire year, although prior to the IPO in May 2006, the 2006 Awards were being accounted for as cash awards. The awards referenced above were each granted at the IPO price of \$39.00 per share. For Messrs. Selander, Heuer, Thom and Michl, who are each retirement-eligible, the amount represents (i) the grant date fair value of the 2006 Awards and (ii) costs of the modification of the EIP Awards from cash awards to equity awards in accordance with FAS 123R, including the 20% premium for the conversion of the EIP Awards into RSUs partially offset by performance score changes. For Messrs. McWilton, Dunbar and Hanft, who are not retirement-eligible, the amount represents the pro-rata portion of the costs recognized in 2006 for: (i) the 2006 Awards as if they were subject to FAS 123R for the entire year, (ii) the EIP Awards after the conversion of the awards to RSUs, and (iii) costs of the modification of the EIP Awards from cash awards to equity awards in accordance with FAS 123R, including the 20% premium for the conversion of the EIP Awards into RSUs partially offset by performance score changes. For Mr. Hanft, the 2006 Awards have accelerated expense recognition due to the fact that he will reach retirement age prior to the original vesting schedule. Assumptions used in the calculation of this amount are included in footnote 16 to the Company's audited financial statements for the fiscal year ended December 31, 2006 included in its Annual Report on Form 10-K filed with the SEC.
- (2) Represents the amount of compensation cost recognized by the Company in fiscal 2006 related to stock options granted in fiscal 2006 as though they were subject to FAS 123R for the entire year, although prior to the IPO in May 2006, the awards were being accounted for as cash awards. For Messrs. Selander, Heuer and Michl, who are each retirement-eligible, the amount represents the grant date fair value in accordance with FAS 123R. For Mr. Hanft, the amount represents the accelerated expense recognition due to the fact that he will reach retirement age prior to the original vesting schedule. For Messrs. McWilton and Dunbar, the amount represents the pro-rata portion of the costs recognized in 2006. Assumptions used in the calculation of this amount are included in footnote 16 to the Company's audited financial statements for the fiscal year ended December 31, 2006 included in its Annual Report on Form 10-K filed with the SEC.

Table of Contents**PENSION BENEFITS**

The following table shows the present value of accumulated benefits payable to each of our named executive officers, including the number of years of service credited to such named executive officer, under the MAP and the SERP determined using interest rate and mortality rate assumptions consistent with those used in our financial statements. - (2) Amounts represent the cash portion of the 2004-2006 EIP award not converted to RSUs. For Mr. Selander, amount also represents a bonus earned in 1999 but deferred until, and paid in, 2006 of \$1,045,996.
- (3) For Messrs. Selander, Heuer, Thom and Michl, amounts represent the year-end value of: (i) RSUs granted at the time of our IPO upon conversion of performance unit awards for the performance periods 2003-2005, 2004-2006 and 2005-2007 that had previously been granted under our EIP and (ii) other RSUs granted during 2006, all of which were not forfeitable by the named executive officer due to vesting or meeting criteria for eligible retiree status and had not been released to the named executive officer as of December 31, 2006. For Messrs. McWilton, Dunbar and Hanft, amounts represent the vested portion of the year-end value of RSUs granted at the time of the IPO upon conversion of performance unit awards for the performance period 2005-2007 that had not been released to the named executive officer as of December 31, 2006. All of such awards are also described in the All Other Stock Awards column of the Grants of Plan-Based Awards table, and are calculated for purposes of this Nonqualified Deferred Compensation table using a per share price of \$98.49, the December 29, 2006 closing market price on the NYSE of the Class A Common Stock. Also included in the totals for Messrs. Heuer, Thom and Michl are previously deferred compensation amounts (including investment gains) under the MasterCard Deferral Plan of \$1,865,630, \$355,564 and \$690,802, respectively.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Employment Agreements and Change-in-Control Agreements

Employment Agreements

The Company is party to an employment agreement with each of the named executive officers. Mr. Selander's employment agreement and a form of employment agreement for the other named executive officers have been previously filed with the SEC.

Mr. Selander. Under the terms of Mr. Selander's employment agreement, Mr. Selander's employment will automatically terminate if he: (1) retires; (2) dies; or (3) becomes disabled. In addition, both he and the Company can terminate the agreement for any reason upon 90 days prior written notice. During the employment term, Mr. Selander is eligible to participate in the Company's plans and arrangements on a level commensurate with his position. The agreement provides that if Mr. Selander's employment is terminated either by the Company other than for cause or by him for specified reasons, in addition to any earned, but unpaid base salary and vested entitlements under any Company plans, he would be entitled to, subject to his execution of a release of liability in favor of the Company:

A pro rata portion of his target bonus;

Severance pay in the form of base salary continuation and his average annual incentive bonus, received over the prior three years, for a period of 36 months;

Immediate vesting under the SERP;

Continued vesting of any long-term incentive awards; and

Outplacement assistance.

For terminations by reason of death or disability, Mr. Selander would be entitled to his target annual bonus (pro rated in the case of disability).

Mr. Selander would be subject to non-competition and non-solicitation covenants for a minimum period of 12 months, up to 36 months.

On February 28, 2005, the Company entered into an addendum agreement with Mr. Selander, which modified his employment agreement. The addendum agreement provides for a retention payment of \$10,000,000 to Mr. Selander provided that he remains employed by the Company in good standing until a date to be established by our Board of Directors that is no earlier than April 9, 2010, but no later than April 9, 2011 (the Retention Date), meets certain performance standards and provides requested assistance in identifying his successor and transitioning his responsibilities to such person. Under certain circumstances Mr. Selander may be entitled to a pro rata portion of the retention payment if his

Edgar Filing: MASTERCARD INC - Form DEF 14A

employment is terminated prior to the Retention Date. Mr. Selander's receipt of the retention payment is further conditioned upon his agreement to generally applicable 36 month non-compete and non-solicitation covenants, subject to shorter periods if he is terminated for cause or if he resigns as a result of a change in the strategic direction of the Company to which he objects, and his execution of a release of liability in favor of the Company.

Messrs. McWilton, Heuer, Dunbar, Michl and Hanft. Under the terms of Messrs. McWilton's, Heuer's, Dunbar's, Michl's and Hanft's agreements, the applicable executive's employment will automatically terminate if he dies or becomes disabled. In addition, both the executive and the Company can terminate the agreement for any reason upon 90 days' prior written notice. During the employment term, the executive is eligible to participate in the Company's plans and arrangements on a level commensurate with his position. The agreement provides that if the executive's employment is terminated prior to retirement at age 65, either by the Company other than for cause or by the applicable executive for specified reasons, in addition to any earned, but unpaid base salary and vested entitlements under any Company plans, the applicable executive would be entitled to:

A pro rata portion of his target bonus;

Severance pay in the form of base salary continuation and his average annual incentive bonus, received over the prior two years, for a period of 24 months, subject, in each of Mr. McWilton's, Mr. Dunbar's and Mr. Hanft's case, to him being retained on the payroll until retirement for a maximum of four years and paid additional pay in lieu of severance over the period until he is eligible to retire (without any increase in the amount otherwise payable);

Under specified circumstances, continued participation in the Company's health, life insurance and disability plans and Company payment of COBRA premiums;

Immediate SERP vesting; and

Immediate vesting of any equity awards converted from performance unit awards that had been previously granted under the EIP and continued vesting of any other long-term incentive awards with respect to Messrs. Heuer and Michl.

For terminations by reason of death, disability or retirement, and specified voluntary terminations, the executive (or his estate and/or beneficiary in the case of death) would be entitled to unpaid base salary, vested entitlements under any Company plans and a pro rata portion of his target bonus.

The executive would be subject to non-competition and non-solicitation covenants for a minimum period of 12 months, up to the full length of the severance period.

Change-in-Control Agreements

The Company has approved a Change-in-Control Agreement for all of the named executive officers. Under the Change-in-Control Agreement, if an executive officer's employment is terminated without cause or for good reason (as defined in the Change-in-Control Agreement) during the six-month period preceding or the two-year period following a change in control of the Company, the executive will be entitled to the following:

A severance payment equal to two times the average base salary and bonus (three times in the case of the President and Chief Executive Officer), payable over a 24-month period (36 months in the case of the President and Chief Executive Officer), subject, in each of Mr. McWilton's, Mr. Dunbar's and Mr. Hanft's case, to him being retained on the payroll until retirement for a maximum of four years and paid additional compensation in lieu of severance until the executive is eligible to retire (without any increase in the amount otherwise payable);

Continued coverage under the executive's individual long-term disability plan for the applicable period discussed above;

Continued coverage in the medical, dental and vision care plans for up to 18 months;

Lump sum payment equal to the value of unvested qualified plan benefits;

Outplacement assistance; and

Edgar Filing: MASTERCARD INC - Form DEF 14A

An excise tax gross-up for any taxes incurred as a result of Section 4999 of the Internal Revenue Code.

The executive would be subject to a covenant not to compete and not to solicit employees for up to 24 months (36 months in the case of the President and Chief Executive Officer).

Below are tables showing the potential payments upon termination of employment or a change in control of the Company for each of the named executive officers assuming the event took place on December 29, 2006, the last business day of our 2006 fiscal year. Following the tables are footnotes that provide additional information with respect to other potential payments and benefits.

The tables reflect the 2006 target payout under the SEAICP for annual incentive award payments. In the tables, the equity awards shown for the named executive officer represent the value of unvested RSUs and stock options that would vest in the event of termination or change in control, as applicable, based on the \$98.49 per

Table of Contents

share closing price of our Class A Common Stock on the NYSE on December 29, 2006. In the event of a change in control, all unvested RSUs and stock options held by a named executive officer would immediately become vested. If a named executive officer who is retirement-eligible is terminated without cause or terminates his employment for good reason, all unvested RSUs and stock options would continue to vest according to the terms of the award. If a named executive officer who is not retirement-eligible is terminated without cause or terminates his employment for good reason, all unvested RSUs and stock options would not become vested.

Retirement benefits indicated below include values from the MAP and SERP programs.

The MAP values represent the vested balance at the time of termination due to death, termination for cause, voluntary termination, termination without cause, termination for good reason and change in control termination. Because the MAP allows a period of disability to be included in the calculation of vesting service, the MAP value shown for disability termination is the MAP balance regardless of current vested status.

In the event of a participant's disability retirement or termination of employment for any reason other than death, in each case, after attaining age 60 and four years of SERP participation, the SERP pays out a lump sum present value of the net SERP benefit actuarially increased from the date of attainment of age 60 and four years of SERP participation to termination of employment. In the event a participant dies while employed and after attaining age 60 and at least four years of SERP participation, the SERP pays out a lump sum equal to the present value of an immediate net SERP benefit actuarially increased from the date of attainment of age 60 and four years of SERP participation to termination of employment. In the event a participant's employment terminates prior to attaining age 60 and at least four years of SERP participation, the participant is not entitled to any benefit under the SERP, unless the participant has died while employed or there has been a change in control or, pursuant to the employment agreement, the participant is terminated without cause or leaves for good reason. For instance, in the event a participant dies while employed and prior to attaining age 60 and four years of SERP participation, the SERP pays out a lump sum present value of 75% of a deferred net SERP benefit payable at age 60. In the event a participant's employment is terminated without cause or the participant resigns for good reason within two years after a change in control, the SERP benefit is fully vested and paid as a lump sum determined in the same manner as in a termination of employment due to death, except that 100% of the net SERP benefit is paid if the change in control occurs before attainment of age 60 and four years of SERP participation. The SERP benefit is generally payable six months after a termination of employment.

- (1) For Mr. Selander, the amount would be paid over a 36-month period and is equal to three times the sum of his 2006 base salary and the average of bonuses paid to him for services in 2003, 2004 and 2005. For the other named executive officers (except for Mr. Heuer), the amount would be paid over a 24-month period and is equal to two times the sum of his 2006 base salary and the average of bonuses paid to him for services in 2004 and 2005. For Mr. Heuer, who has attained the age of 65, retirement-eligible, no cash severance payout would be made. For all named executive officers, cash severance reflects the present value of this calculation using a discount rate of 5.89%.
- (2) Mr. Selander is entitled to a \$10,000,000 retention payment if he remains employed by the Company in good standing until a date to be established by the Board of Directors that is not earlier than April 9, 2010, but no later than April 9, 2011. For termination of employment due to death, disability, by the Company without cause or by Mr. Selander for good reason, the amount is pro-rated for service from July 1, 2004 through December 29, 2006.
- (3) Includes continued health and welfare benefits, namely: health insurance, dental insurance, vision insurance, individual life insurance, and individual disability insurance for 16 months following termination (18 months for Messrs. McWilton, Heuer and Hanft), outplacement assistance and excise tax gross-ups. The excise tax gross-up is applicable only if termination of employment is in connection with a change-in-control and the payout limit under Section 280G of the Internal Revenue Code is exceeded.
- (4) SERP amounts differ from the amounts indicated in the Pension Benefits table due to modified actuarial assumptions (i.e. 2007 lump sum interest rates for termination due to a change in control event versus the assumed valuation rate and pre-commencement discount rate used in the Pension Benefits table).

Mr. Thom's employment was terminated effective January 29, 2007. His last day of active employment was October 31, 2006, followed by a ninety-day notice period ending on his date of termination. In accordance with the terms of his employment agreement, Mr. Thom is entitled to severance of two years' base salary, payable over 24 months in bi-monthly installments, for a payment of \$1,200,000. In addition, Mr. Thom is entitled to receive two payments of \$722,500, each representing the average of the bonus awards that he received in fiscal years 2004 and 2005. Mr. Thom will also receive his target bonus of \$416,667 for 2006, which has been pro-rated for his active service in 2006. The value of Mr. Thom's RSUs, which vested as of January 29, 2007, was \$12,042,099 based on the \$109.74 per share closing price of our Class A Common Stock on the NYSE on that day. Mr. Thom's retirement benefits are valued at \$3,305,211 and consist of payments of \$297,211 under the MAP and \$3,008,000 under the SERP. The SERP benefit is payable when Mr. Thom attains the age of 60.

DIRECTOR COMPENSATION

We use cash and stock-based compensation to attract and retain qualified persons to serve on our Board of Directors. We set compensation for non-employee directors in light of the time commitment and prior experience levels we expect of our directors.

Background

In May 2006, we completed our IPO, which transformed the Company from a private share corporation to a publicly-traded company. From January 1, 2006 until our IPO on May 25, 2006, our Board of Directors was composed of seventeen members, including our Chief Executive Officer, Robert Selander. At the time of our IPO, our Board was reconstituted to eight members, including Messrs. Selander and Norman McLuskie, who were retained from the pre-IPO Board. All other directors who served prior to the IPO resigned in connection with the IPO to enable us to have a Board of Directors represented by a geographically diverse group of individuals who are independent under the rules of the NYSE and the SEC and, with the exception of our Class M directors, who are not affiliated with any of our member banks or any affiliate of a member bank.

Compensation Paid to Non-Employee Directors

Pre-IPO Non-Employee Directors

Cash Compensation

Directors who were not employees of the Company who served prior to our IPO during 2006 were to receive an annual retainer of \$45,000, with quarterly payments of \$11,250. Since most of the pre-IPO directors resigned at the time of our IPO, these non-employee directors received \$11,250 as a retainer for their service during 2006. Norman McLuskie also received a retainer of \$1,250 for serving as Chairman of the Audit Committee and Robert Willumstad also received a retainer of \$625 for serving as Vice Chairman of the Board of Directors. Pre-IPO non-employee directors also received a \$1,500 meeting fee for attendance at Board meetings, a \$1,000 meeting fee for attendance at committee meetings and a \$500 meeting fee for telephonic meetings. In addition, customary expenses for attending Board and committee meetings were reimbursed.

Stock-Based Compensation

Stock-based compensation was not paid to non-employee directors for service on the Board of Directors prior to the IPO.

The following table summarizes the total compensation of each of our non-employee directors who served prior to our IPO as directors during our fiscal year ended December 31, 2006.

PROPOSAL 2

APPROVAL OF THE AMENDED AND RESTATED MASTERCARD INCORPORATED

2006 LONG TERM INCENTIVE PLAN

Introduction

In 2005, the Board of Directors adopted the LTIP. Our stockholders approved the LTIP on November 28, 2005. On February 6, 2007, the Board of Directors approved an amendment to the LTIP to change the definition of "Fair Market Value" under the LTIP from the average of the high and low prices of the Company's Class A Common Stock on the day immediately preceding the grant date to the closing price for the Class A Common Stock on the NYSE on the grant date. Among other reasons, this amendment was effected to conform the LTIP to the recent changes to the executive compensation disclosure rules promulgated by the SEC. Stockholder approval of this immaterial amendment to the definition of "Fair Market Value" under the LTIP was not required under the rules of the NYSE. Effective April 5, 2007, the Board of Directors approved, effective upon stockholder approval at the Annual Meeting, additional amendments to the LTIP. The material provisions of the proposed amendments would do the following:

Increase the number of shares of Class A Common Stock that may be issued under the LTIP from 5,300,000 to 11,550,000. The purpose of this amendment is to ensure that the Company has the flexibility to meet its foreseeable future needs for awards to be granted under the LTIP.

Extend the term of the LTIP one year, such that the LTIP will expire on December 31, 2016.

Provide that the \$10,000,000 limitation on target awards that may be granted to a Participant (as defined below) for any three-year performance period applies only to cash awards. However, grants of restricted stock would remain subject to the annual per-person limitation of 500,000 shares and grants of other stock-based awards would remain subject to the annual per-person limitation of 650,000 shares. The purpose of this amendment is to prevent a clawback of a stock-based award granted for a three-year performance period if the value of the Company's Class A Common Stock appreciates significantly over such a period, and therefore, aligns a Participant's interests with those of the Company's stockholders.

Clarify that the Compensation Committee has the authority to limit Participant eligibility to persons who execute a non-competition and/or non-solicitation agreement and to condition vesting or payment of any award under the LTIP on execution of and/or compliance with such an agreement. The purpose of this amendment is to provide the Compensation Committee with the ability to require a non-competition or non-solicitation agreement as a condition to eligibility, grant or vesting of an Award.

Broaden the definition of "Cause" termination under the LTIP. The purpose of this amendment is to clarify that a breach by a Participant of certain additional policies of the Company would constitute grounds for "Cause" termination and a resulting forfeiture of certain Awards under the LTIP.

Clarify that exercisability or vesting of Awards accelerates on a Participant's death within six months after the date of grant, but not on a Participant's disability or retirement within six months after the date of grant. The purpose of this amendment is to avoid forfeiture of Awards due to a Participant's death.

Edgar Filing: MASTERCARD INC - Form DEF 14A

Provide that upon termination due to disability or retirement, if circumstances exist at the time of termination that would constitute Cause under the terms of the LTIP, any Awards held by the Participant may not continue to be exercisable. The purpose of this amendment is to provide a mechanism for forfeiture of an Award even if the Participant is disabled or retirement-eligible, if he or she engaged in conduct that would permit the Company to terminate the person for Cause.

Provide that restricted stock, RSUs and performance units will generally be subject to a restriction period not less than three years from the date of grant and that not more than five percent (5%) of the total restricted stock, RSUs and performance units granted in any year will be subject to restrictions for a period of less than three years from the date of grant. The purpose of this amendment is to generally

Table of Contents

require a minimum of three years to elapse before an Award of restricted stock, RSUs or performance units fully vests and to limit the number of such Awards that may be granted in any year that could have a vesting period of less than three years to no more than 5% of such Awards.

Expressly permit the Company to effect a net issuance of shares to satisfy the required statutory minimum tax withholding obligations of the Company. The purpose of this amendment is to clarify and ensure that the Company has flexibility under the LTIP to satisfy its tax withholding obligations.

Provide that the Compensation Committee has authority to amend, alter or discontinue the LTIP, subject to the limitations in the LTIP.

Make certain other changes to the LTIP, as provided in Appendix A to this Proxy Statement.

In addition, stockholder approval of the LTIP, as amended and restated, would also include approval of the amendment to the definition of Fair Market Value, discussed above, that was approved by the Board of Directors at its February 6, 2007 meeting.

The Compensation Committee and the Board of Directors continues to believe that stock-based incentives are in the best interests of the Company and its stockholders as they align the long-term interests of executives and employees with those of the stockholders. The Compensation Committee and the Board of Directors also believe that stock-based incentives are an important component of the compensation programs of the financial services companies with which the Company must compete for employee and executive talent. As a result, the Compensation Committee and the Board has found that stock-based incentives are necessary to attract and retain employees throughout the Company, and stock-based incentives continue to be a significant component of the Company's overall compensation program. The Board is seeking approval of the amendments to enable the Company to continue to offer the incentives necessary to attract and retain the employees needed to support the Company's future growth and success.

The Board of Directors directed that the Company submit the LTIP, as amended and restated, for approval at the Annual Meeting. The following discussion refers to the LTIP, as amended and restated, assuming the amendments described above are approved by the affirmative vote of a majority of the votes cast, provided a majority of the outstanding share of Class A Common Stock are voted at the Annual Meeting. A copy of the LTIP, marked to show changes effected by the proposed amendments, is attached as Appendix A to this Proxy Statement.

The following is a summary of the LTIP, as amended and restated. This summary is qualified in its entirety by reference to the full text of the LTIP, a copy of which is attached as Appendix A.

General

The LTIP is designed to promote the long-term financial success of the Company and increase stockholder value by allowing Participants to share in the growth and success of the Company through ownership in the Company and other long-term incentives. The LTIP allows the Company to continue to offer its employees long-term and qualified performance-based compensation in the form of equity compensation.

Edgar Filing: MASTERCARD INC - Form DEF 14A

The LTIP is an omnibus plan that provides for a variety of types of Awards (as defined below) to maintain flexibility. The LTIP permits the granting of (i) non-qualified stock options (NQSOs), (ii) incentive stock options (ISOs) as defined in Section 422 of the Internal Revenue Code (the Code), (iii) stock appreciation rights (SARs), (iv) restricted stock, (v) RSUs, (vi) performance units, and (vii) other stock-based awards. (The NQSOs, ISOs, SARs, restricted stock, restricted stock units, performance units, and other stock-based awards are referred to collectively as Awards). The LTIP is designed to meet the requirements for deductibility under Section 162(m) of the Code for Awards that are intended to qualify as qualified performance-based compensation under that provision.

Table of Contents

The total number of shares of Class A Common Stock available for Awards under the LTIP is 11,550,000 shares of Class A Common Stock. Although the LTIP permits the issuance of shares of Class B Common Stock, no shares of Class B Common Stock have been reserved for issuance under the LTIP and awards of shares of Class B Common Stock are not currently anticipated.

Summary of the LTIP

Purpose. The Purpose of the LTIP is to promote the long-term financial success of the Company and increase stockholder value by allowing Participants to share in the growth and success of the Company through ownership in the Company and other long-term incentives.

Awards. The LTIP authorizes grants of awards payable in cash or shares of common stock of the Company. The Awards need not be uniform, may be combined with other Awards, and may be granted at one time and on more than one occasion to the same Participant.

Limits on LTIP Awards. The Board of Directors has reserved 11,550,000 shares of Class A Common Stock for issuance under the LTIP. Of this number, no more than 500,000 shares may be issued pursuant to grants of ISOs during the term of the LTIP.

The Compensation Committee has authority to include as available for distribution Class A Common Stock subject to an Award that has been forfeited or has otherwise terminated without issuance of Class A Common Stock, Class A Common Stock subject to an Award that has settled in cash, and Class A Common Stock received or retained by the Company in connection with the exercise of stock option or SAR, including for satisfaction of any tax liability.

Administration. The LTIP is administered by the Compensation Committee or such other committee or subcommittee designated by the Board of Directors to administer the LTIP. The members of the Compensation Committee will each be a non-employee director within the meaning of Rule 16b-3 under the Exchange Act, an independent director for purposes of the NYSE listing requirements, and an outside director for purposes of Section 162(m) (in the case of grants intended to qualify under Section 162(m)).

Eligible Participants. Any employee of the Company or an affiliate of the Company is eligible to be designated by the Compensation Committee as a Participant in the LTIP. The Compensation Committee may require that, in order to be eligible as a Participant, an employee must execute a non-competition agreement and a non-solicitation agreement. The Company generally expects that Awards under the LTIP will be made to senior executives and key managers and contributors of the Company, a group of approximately 250 employees, who have executed a non-competition and non-solicitation agreement.

Types of LTIP Awards

The LTIP provides a variety of equity and equity-based Awards to preserve flexibility. The types of Awards that may be issued under the LTIP are described below.

Stock Options

Stock options granted under the LTIP may be either NQSOs or ISOs. The price of any stock option granted may not be less than the fair market value (or in the case of certain ISOs, 110 percent of the fair market value) of the Company's Class A Common Stock on the date the stock option is granted. The stock option price is payable in cash or certified check, Class A Common Stock of the Company, through a broker-assisted cashless exercise, by any other method approved by the Compensation Committee, or any combination of the foregoing. The standard form of payment of the exercise price is by delivery of cash by a broker-dealer as a cashless exercise. The Participant will have the rights of a stockholder after giving written notice of exercise and paying the option price, once the shares are recorded as having been issued and transferred.

Table of Contents

The Compensation Committee determines the terms of each stock option grant (including the vesting schedule) at the time of the grant. The aggregate fair market value (determined as of the date of the grant) of the shares of Class A Common Stock subject to ISOs that are exercisable by any Participant for the first time in any calendar year may not be larger than \$100,000. All stock options will terminate no later than 10 years (or, in the case of certain ISOs, 5 years) from the date of the grant. Pursuant to the terms of the LTIP, the Compensation Committee may accelerate the vesting of stock options. In general, unless the Compensation Committee otherwise specifies at grant, a stock option expires upon the earlier of (i) its stated expiration date or (ii) 120 days after termination of service (unless termination is due to death, disability, retirement, or Cause), or such other period specified in the Award agreement. Unless provided in the Award agreement or determined by the Compensation Committee, on a Participant's termination of employment due to (i) death during the period in which the option is exercisable, options held by the Participant will become immediately exercisable and remain exercisable during the original option term, (ii) disability or retirement more than six months after the date of grant (unless circumstances exist at the time of termination that would constitute Cause), any option held by the Participant will continue to be exercisable by the Participant as if there was no termination of employment, and (iii) termination for Cause, the Participant will forfeit all options. Stock options will not include any feature allowing deferral of income beyond the date of exercise (other than through the receipt of restricted stock at exercise). Stock options will not contain reload rights or be subject to repricing.

Stock Appreciation Rights

A SAR entitles the Participant, upon settlement, to receive a payment based on the excess of the value of a share of Class A Common Stock of the Company on the date of settlement over the base price of the SAR, multiplied by the number of SARs being settled. SARs may be granted alone or in addition to other Awards. The base price of a SAR may not be less than the fair market value of a share of Class A Common Stock of the Company on the date of grant. The Compensation Committee will determine the vesting requirements and the payment and other terms of a SAR. Vesting may be based on the continued service of the Participant for specified time periods or on the attainment of specified business performance goals established by the Compensation Committee or both. Pursuant to the terms of the LTIP, the Compensation Committee may accelerate the vesting of SARs. SARs may be payable in cash or in Class A Common Stock of the Company. A SAR will terminate no later than ten years from the date of the grant. In general, unless the Compensation Committee specifies a longer or shorter period when the Award is granted, a SAR expires upon the earlier of (i) its stated expiration date or (ii) 120 days after termination of service (unless termination is due to death, disability, retirement, or Cause). A SAR will be forfeited or terminated under the same circumstances as options under LTIP, unless otherwise provided in an Award agreement. SARs will not include any feature allowing deferral of income beyond the date of exercise.

Restricted Stock

A restricted stock Award represents shares of Class A Common Stock of the Company that are issued subject to restrictions on transfer and vesting requirements as determined by the Compensation Committee. Vesting requirements may be based on the continued service of the Participant for specified time periods or on the attainment of specified business performance goals established by the Committee. Restricted stock will be subject to restrictions for a period set forth in the Award agreement, which period generally will be a minimum of three years from the date of grant. The Compensation Committee may accelerate the vesting of restricted stock. Subject to the transfer restrictions and vesting requirements of the Award, the Participant will have the same rights as one of the Company's stockholders, including all voting and dividend rights, during the restriction period, although the Compensation Committee may provide that restricted stock certificates will be held in escrow during the restriction period (and forfeited or distributed depending on whether applicable performance goals or service restrictions have been met). Unless the Compensation Committee specifies otherwise, if a Participant terminates service other than by reason of death, disability, or retirement before the restricted stock vests, the restricted stock Award will be forfeited. Unless provided in the Award agreement or determined by the Compensation Committee, on a Participant's termination of employment due to (i) death during the period in

Table of Contents

which the restricted stock is subject to restrictions, restricted stock held by the Participant will immediately vest and (ii) disability or retirement more than six months after the date of grant (unless circumstances exist at the time of termination that would constitute Cause), any restricted stock held by the Participant will continue to vest as if there was no termination of employment.

Restricted Stock Units

An Award of restricted stock units, or RSUs, provides the Participant the right to receive a payment based on the value of a share of Class A Common Stock of the Company. RSUs may be subject to such vesting requirements, restrictions and conditions to payment as the Compensation Committee determines are appropriate. Vesting requirements may be based on the continued service of the Participant for a specified time period or on the attainment of specified business performance goals established by the Compensation Committee. RSUs will be subject to restrictions for a period set forth in the Award agreement, which period generally will be a minimum of three years from the date of grant. The Compensation Committee may accelerate the vesting of RSUs. RSU Awards are payable in cash or in shares of Class A Common Stock of the Company. Participants receiving RSUs will not have, with respect to such RSUs, any of the rights of a stockholder of the Company, although Participants may receive dividend equivalents. Unless the Compensation Committee specifies otherwise, if a Participant terminates service other than by reason of death, disability, or retirement before the RSU vests, the RSU Award will be forfeited. Unless provided in the Award agreement or determined by the Compensation Committee, on a Participant's termination of employment due to (i) death during the period in which the RSUs are subject to restrictions, RSUs held by the Participant will immediately vest and (ii) disability or retirement more than six months after the date of grant (unless circumstances exist at the time of termination that would constitute Cause), any RSUs held by the Participant will continue to vest as if there was no termination of employment.

Other Stock-Based Awards

The Compensation Committee is authorized to make other stock awards or awards based on or settled in Class A Common Stock, which may be subject to other terms and conditions, which may vary from time to time and among Participants, as the Compensation Committee in its discretion may determine.

Performance Units

An Award of performance units provides the Participant the right to receive cash or shares of Class A Common Stock of the Company if specified terms and conditions are met. Participants receiving performance units will not have, with respect to such performance stock units, any of the rights of a stockholder of the Company, although participants may receive dividend equivalents. Performance units will be subject to restrictions for a period set forth in the Award agreement, which period generally will be a minimum of three years from the date of grant. Unless the Committee specifies otherwise when the Award is granted, if a Participant terminates service other than by reason of death, disability, or retirement, the performance unit will be forfeited. Unless provided in the Award agreement or determined by the Compensation Committee, on a Participant's termination of employment due to (i) death during the period in which the performance units are subject to a performance period, performance units held by the Participant will immediately vest and be paid out at a target level of performance and (ii) disability or retirement more than six months after the date of grant (unless circumstances exist at the time of termination that would constitute Cause), any performance units held by the Participant will continue to vest as if there was no termination of employment.

No more than five percent (5%) of the total restricted stock, RSUs and performance units granted in any year will be subject to restrictions for a period of less than three years from the date of grant.

Table of Contents

Performance-Based Awards

Performance units and other Awards granted under the LTIP may be granted in a form that qualifies for the qualified performance-based compensation exception under Section 162(m). It is intended that Awards under the LTIP to covered employees will constitute qualified performance-based compensation for purposes of Section 162(m). In the event such performance-based Awards are made, the LTIP requires that the Awards be granted or vested contingent on the attainment of performance goals for a performance period, that performance goals must be established in writing before completion of 25 percent of the performance period (or such earlier period as required by Section 162(m)), that the goals provide an objective standard for computing the compensation payable on attainment of the goal, that the terms of the formula do not permit discretion to increase the amount payable on attainment of a goal, and that the Compensation Committee certify in writing prior to payout that the goals have been satisfied.

The LTIP requires the performance goals to be based upon one or more of the following objective business criteria:

revenue;

earnings (including earnings before interest, taxes, depreciation and amortization, earnings before interest and taxes, and earnings before or after taxes);

operating income;

net income;

profit margins;

earnings per share;

return on assets;

return on equity;

return on invested capital;

economic value-added;

stock price;

gross dollar volume;

total shareholder return;

market share;

book value;

expense management;

cash flow; and

customer satisfaction.

These targets may relate to the Company, its affiliated employers, subsidiaries, or one or more of its divisions or units, or a combination of the foregoing and may be applied on an absolute or relative basis.

The maximum cash target award payable to any Participant for any three-year performance period cannot exceed \$10,000,000. In the case of performance above target, the maximum award payable for any three-year performance period cannot exceed \$20,000,000. Maximums will be adjusted for longer or shorter performance periods. The maximum number of shares of restricted stock awarded to a Participant for a fiscal year cannot exceed 500,000 shares and the maximum shares for which options, SARs, RSUs, performance units, and other stock-based compensation may be granted for a fiscal year will not exceed 650,000.

Table of Contents

Non-Competition and Non-Solicitation Agreements

The Compensation Committee may condition eligibility to participate in the LTIP and receipt of benefits specified in an Award agreement, such as vesting, payment and exercisability of Awards, on the Participant's execution of, compliance with and/or certification of compliance with a non-competition and/or non-solicitation agreement.

Effect of Change in Control

Awards under the LTIP generally are subject to special provisions upon the occurrence of a change in control (as defined in the LTIP) transaction with respect to the Company. Under the LTIP, if specified types of terminations of employment occur in connection with a change in control (i) any outstanding stock options and SARs under the LTIP will become fully exercisable, (ii) any remaining restrictions applicable to restricted stock and RSUs will lapse and such restricted stock and RSUs will become free of restrictions, fully vested and transferable, and (iii) any performance goals or other condition applicable to performance units will be deemed to be satisfied in full at a target level of performance with the Common Stock or cash subject to such Award being fully distributable.

No Repricing or Reloads

The LTIP specifically prohibits repricing or reloads of outstanding stock options.

Limited Transferability

Unless otherwise determined by the Compensation Committee, all Awards or Class A Common Stock subject to an Award under the LTIP are nontransferable except (i) upon death, either by the Participant's will or the laws of descent and distribution or through a beneficiary designation, (ii) pursuant to a qualified domestic relations order, or (iii) pursuant to a transfer to a family member that is expressly permitted by the Compensation Committee. Awards will be exercisable during the Participant's lifetime only by the Participant, the Participant's representative, or a permitted transferee.

Adjustments for Corporate Changes

In the event of recapitalizations, reclassifications or other specified events affecting the Company or its shares of Class A Common Stock, appropriate and equitable adjustments may be made by the Committee to the number of shares of Class A Common Stock of the Company available for grant, as well as to other maximum limitations under the LTIP (e.g., exercise prices and number of Awards), and the number of shares of Class A Common Stock of the Company or other rights and prices under outstanding Awards.

Term, Amendment and Termination

The LTIP has a term expiring on December 31, 2016. The Compensation Committee may amend, alter, or discontinue the LTIP, but it may not do so in a manner that would impair the rights of a Participant in an outstanding Award without the Participant's consent, unless the amendment is made to comply with applicable law, stock exchange rules or accounting rules. Additionally, material amendments to the LTIP will require stockholder approval to the extent required by the rules of the NYSE or other applicable national securities exchange or market that regulates the securities of the Company.

LTIP Benefits

Future benefits under the LTIP are not currently determinable. The Compensation Committee has discretionary authority to grant Awards pursuant to the LTIP and there is no provision for automatic grants.

Table of Contents

Tax Treatment of Awards

The following discussion of the United States federal income tax implications of Awards under the LTIP is based on the provisions of the Code (and any relevant rulings and regulations issued under the Code) as of the date of this Proxy Statement.

Non-Qualified Stock Options

A NQSO results in no taxable income to the optionee or deduction to the Company at the time it is granted. An optionee exercising such a stock option will, at that time, realize taxable compensation in the amount of the difference between the stock option price and the then fair market value of the shares of Class A Common Stock. Subject to the applicable provisions of the Code, a deduction for federal income tax purposes will be allowable to the Company in the year of exercise in an amount equal to the taxable compensation recognized by the optionee.

The optionee's basis in such shares of Class A Common Stock is equal to the sum of the stock option price plus the amount includible in his or her income as compensation upon exercise. Any gain (or loss) upon subsequent disposition of the shares of Class A Common Stock will be a long-term or short-term gain (or loss), depending upon the holding period of the shares of Class A Common Stock.

Incentive Stock Options

An ISO results in no taxable ordinary income to the optionee or deduction to the Company at the time the ISO is granted or exercised. However, the excess of the fair market value of the shares of Class A Common Stock acquired over the stock option price is an item of adjustment in computing the alternative minimum taxable income of the optionee. If the optionee holds the shares of Class A Common Stock received as a result of an exercise of an ISO for at least two years from the date of the grant and one year from the date of exercise, then the gain realized on disposition of the shares of Class A Common Stock is treated as a long-term capital gain. If the shares of Class A Common Stock are disposed of during this period, however, (i.e., a disqualifying disposition), then the optionee will include in income, as compensation for the year of the disposition, an amount equal to the excess, if any, of the fair market value of the shares of Class A Common Stock received upon exercise of the stock option over the stock option price (or, if less, the excess of the amount realized upon disposition over the stock option price). The excess, if any, of the sale price over the fair market value on the date of exercise will be a short-term capital gain. In such case, the Company will be entitled to a deduction, generally in the year of such a disposition, for the amount includible in the optionee's income as compensation. The optionee's basis in the shares of Class A Common Stock acquired upon exercise of an ISO is equal to the stock option price paid, plus any amount includible in his or her income as a result of a disqualifying disposition.

Stock Appreciation Rights

Generally, the recipient of a SAR will not recognize taxable income at the time the SAR is granted. When an employee receives the appreciation inherent in the SAR, either in cash or stock, the amount of the cash, or the value of the stock, as applicable, will be taxed as ordinary income to the employee at the time it is received. In general, there will be no federal income tax deduction allowed to the Company upon the grant or termination of a SAR. However, upon the settlement of the SAR, the Company will be entitled to a deduction equal to the amount of ordinary income the recipient is required to recognize as a result of the settlement.

Other Awards

The current United States federal income tax consequences of other Awards authorized under the LTIP are generally in accordance with the following: (i) the fair market value of restricted stock is generally subject to ordinary income tax at the time the restrictions lapse (unless the Participant elects taxation at grant, pursuant to Section 83(b)), (ii) the amount of cash paid (or the fair market value of the shares of Class A Common Stock

Table of Contents

issued) to settle RSUs and performance units is generally subject to ordinary income tax. In each of the foregoing cases, the Company will generally be entitled to a corresponding federal income tax deduction at the same time the Participant recognizes ordinary income.

Section 162(m)

As described above, Awards granted under the LTIP may qualify as qualified performance-based compensation under Section 162(m) in order to preserve federal income tax deductions by the Company with respect to annual compensation required to be taken into account under Section 162(m) that is in excess of \$1,000,000 and paid to the Chief Executive Officer and the other named executive officers employed at the end of the fiscal year. To qualify for this exception, stock options and other Awards must be granted under the LTIP by a committee consisting solely of three or more outside directors within the meaning of Section 162(m) and satisfy the LTIP's limit on the amount that may be awarded to any one Participant during any calendar year. In addition, for Awards other than stock options to qualify as qualified performance-based compensation, the issuance or vesting of the Award, as the case may be, must be contingent upon satisfying one or more of the performance criteria listed in the LTIP, and in the above description of Performance-Based Awards, as established and certified by a committee consisting solely of three or more outside directors.

Section 409A

The LTIP has been designed so that Awards thereunder either are not subject to the deferred compensation rules of Section 409A or, if subject to Section 409A, are compliant with Section 409A. Awards subject to Section 409A, but not compliant with Section 409A, could result in accelerated taxation of the Awards and an additional 20 percent tax and interest charge tax to the Participant. These potential penalties on the Participant could reduce the value of grants subject to Section 409A and adversely affect the Company's ability to achieve the LTIP's purposes.

Deferral of Income

The LTIP also allows the Compensation Committee to provide in an Award agreement that Participants may elect to defer income associated with RSUs and performance units. However, such deferrals will only be permitted to be made in compliance with Section 409A. If such a deferral election is permitted and is made, the Participant will not be taxed on income associated with an Award until it is distributed and the Company will be entitled to any tax deduction at the same time.

PROPOSAL 3

APPROVAL OF THE AMENDMENT OF SECTION 4.3 OF THE COMPANY S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

General

The Company s Board of Directors has approved the amendment of section 4.3 of the Company s amended and restated certificate of incorporation to:

Provide that the Company may from time to time permit, subject to any conditions that it may determine in its sole discretion to impose (including, without limitation, any requirements the Company may impose to facilitate the orderly entry of converted shares of Class A Common Stock into the public trading market), holders of shares of Class B Common Stock to convert such shares into an equal number of shares of Class A Common Stock (each, a Conversion Transaction) prior to May 31, 2010; provided, however, that the Company shall not authorize a Conversion Transaction if such transaction, given pro forma effect (1) would cause the percentage equal to the number of issued and outstanding shares of Class B Common Stock divided by the sum of the number of issued and outstanding shares of Class A Common Stock and Class B Common Stock, based on the number of shares outstanding as of the end of the prior fiscal quarter or such other more recent date to be established at the discretion of the Company, to fall below 15% or (2) taken together with all other Conversion Transactions effected during such calendar year, would cause the percentage equal to the number of issued and outstanding shares of Class B Common Stock divided by the sum of the number of issued and outstanding shares of Class A Common Stock and Class B Common Stock, based on the number of shares outstanding as of December 31 of the prior calendar year, to decrease by more than 10 percentage points.

Remove the right of first refusal of Class A members and affiliate members of MasterCard International, a membership corporation, set forth in Section 4.3(E).

Create an exception to the prohibition against members of MasterCard International beneficially owning Class A Common Stock set forth in Section 4.3(K)(1), to allow such members to own shares of Class A Common Stock for a transitory period no longer than 30 days following a Conversion Transaction. Members of MasterCard International will not be permitted to vote any shares of Class A Common Stock beneficially owned by them.

Delete Section 4.3(F), which provides for the redemption of Class B Common Stock following the consummation of the Company s initial public offering, since this redemption has already occurred and the provision is now obsolete.

Pursuant to the existing provisions of Section 4.3, the holders of Class B Common Stock are generally permitted to convert these shares into an equivalent number of shares of Class A Common Stock in connection with a sale of such shares commencing on May 31, 2010. The proposed amendment of Section 4.3 of the Company s amended and restated certificate of incorporation would provide the Company with the flexibility to permit the holders of Class B Common Stock to convert their shares into an equal number of shares of Class A Common Stock from time to time prior to such date, subject to the limitations that no such transaction, given pro forma effect (1) would cause the percentage equal to the number of issued and outstanding shares of Class B Common Stock divided by the sum of the number of issued and outstanding shares of Class A Common Stock and Class B Common Stock, based on the number of shares outstanding as of the end of the prior fiscal quarter or such other more recent date to be established at the discretion of the Company, to fall below 15% or (2) taken together with all other Conversion Transactions effected during such calendar year, would cause the percentage equal to the number of issued and outstanding shares of Class B Common Stock divided by the sum of the number of issued and outstanding shares of Class A Common Stock and Class B Common Stock, based on the number of shares outstanding as of December 31 of the prior calendar year, to decrease by more than 10 percentage points. While

the Company is under no obligation to permit any such transaction and may determine not to do so even if this Proposal is approved, the proposed amendment would allow the Company to permit one

or more orderly disposition transactions by the Class B Stockholders in order to mitigate the adverse impact on the trading market for the Class A Common Stock that could otherwise result from the introduction of these holders' shares into that market commencing on May 31, 2010.

Subject to stockholder approval of the proposed amendment of Section 4.3 of the Company's amended and restated certificate of incorporation, the Company's Board of Directors has approved the conversion of up to 13.4 million shares of Class B Common Stock into an equal number of shares of Class A Common Stock in 2007. To partially offset the issuance of Class A Common Stock in connection with such Conversion Transactions, the Company's Board of Directors has also authorized, subject to stockholder approval of the proposed amendment of Section 4.3 of the Company's amended and restated certificate of incorporation, the repurchase in open market transactions or through privately negotiated transactions of shares of Class A Common Stock in an aggregate amount not to exceed \$500 million in 2007.

Under the provisions of the Company's amended and restated certificate of incorporation, the adoption of the proposed amendment requires the affirmative vote of the holders of at least a majority of the outstanding shares of the Class A Common Stock of the Company, at least a majority of the outstanding shares of the Class B Common Stock of the Company and at least a majority of the votes cast by holders of the Class M Common Stock of the Company.

If our stockholders approve the proposed amendment of Section 4.3 of the Company's amended and restated certificate of incorporation, we intend to file a certificate of amendment with the Delaware Secretary of State following our annual meeting of stockholders. The certificate of amendment will become effective on the date the filing is accepted by the Delaware Secretary of State. Please note, however, that the proposed plan to file a certificate of amendment may be abandoned by our Board of Directors without further action by the stockholders, at any time before or after the annual meeting, including after stockholder approval of the proposed amendment, if for any reason our Board of Directors deems it advisable.

The proposed amended version of Section 4.3 of the amended and restated certificate of incorporation, marked to show all changes from that section as currently in effect, is included as Appendix B to this Proxy Statement.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE AMENDMENT OF SECTION 4.3 OF THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION.

OTHER MATTERS

Management does not know of any business to be transacted at the Annual Meeting other than as indicated herein. Should any such matter properly come before the Annual Meeting for a vote, the persons designated as proxies will vote thereon in accordance with their best judgment.

You are urged to promptly sign, date and return the enclosed proxy card in the accompanying postage-paid envelope or authorize the individuals named on your proxy card to vote your interests by calling the toll-free telephone number or by using the Internet as described in the instructions included with your proxy card.

Deadline for Submitting Proposals for Next Year's Annual Meeting. Stockholders may submit proposals on matters appropriate for stockholder action at future Annual Meetings of the Company in accordance with SEC regulations and the provisions of our by-laws.

Pursuant to Rule 14a-8 under the Exchange Act, holders of either: (1) at least \$2,000 in market value, or (2) 1% of the Company's securities entitled to be voted on the proposal (the "Voting Stock"), who have held such shares of Voting Stock for at least one year, who continue to hold those shares of Voting Stock through the date of the annual meeting of stockholders may submit a proposal for inclusion in the Company's proxy materials for use in connection with such annual meeting. In order to be eligible for consideration, the holder must transmit the proposal, along with: (1) his or her name, (2) address, (3) the number of shares of Voting Stock that he or she holds of record or beneficially, (4) the dates on which the shares of Voting Stock were acquired, (5) documentary support for claims of beneficial ownership of Voting Stock and (6) a written statement that the holder intends to continue to hold the Voting Stock through the date of the annual meeting, in writing, by certified mail return receipt requested, to the Secretary of the Company, at the address set forth above under "Introduction Solicitation of Proxies." Proposals that stockholders seek to have included in the proxy statement for the 2008 Annual Meeting of Stockholders must be received by the Company no later than December 26, 2007. Proposals should be directed to the attention of the Secretary at the address set forth above under "Introduction Solicitation of Proxies."

With respect to matters not included in the proxy statement pursuant to Rule 14a-8 under the Exchange Act, the Company's By-laws require advance notice. Specifically, pursuant to Article I, Section 12 of the Company's By-laws, in order for business to be properly brought before an annual meeting (other than business specified in the proxy material), notice of such business must be received by the Company not less than ninety (90) days nor more than one hundred and twenty (120) days prior to the anniversary date of the immediately preceding annual meeting, and must contain the information required by our by-laws as set forth in "Board of Directors and Corporate Governance Nomination of Directors" above. In the event that the annual meeting is advanced by more than twenty (20) days or delayed by more than seventy (70) days from the anniversary of the immediately preceding annual meeting, notice by the stockholder, in order to be timely, must be received no earlier than the 120th day prior to the annual meeting and not later than the close of business on the 90th day prior to such annual meeting or the tenth day following the day on which such notice of the date of the annual meeting was first publicly announced, whichever occurs first. As a result, if the Company's Annual Meeting of Stockholders for 2008 is within 30 days before or after the anniversary date of the Annual Meeting, then notice of a stockholder nomination for candidates for the Board of Directors or any other stockholder proposal must be received by the Company between March 20, 2008 and April 19, 2008.

Rule 14a-4(c)(1) promulgated under the Exchange Act ("Rule 14a-4(c)(1)") governs the Company's use of its discretionary proxy voting authority with respect to a stockholder proposal that is not addressed in the Company's proxy statement. The rule provides that if a proponent of a proposal fails to notify the company at least 45 days prior to the first anniversary date of the date of mailing of the prior year's proxy statement (or a date specified in an advance notice provision in the company's by-laws), then the company will be permitted to use its discretionary voting authority when the proposal is raised at the meeting, without any discussion of the

Table of Contents

matter in the proxy statement. Since the Company has an advance notice provision in its By-laws, as discussed in the preceding paragraph, the 45-day period under Rule 14a-4(c)(1) does not apply. With respect to the Company's 2008 Annual Meeting of Stockholders, assuming such meeting occurs within 30 days before or after the anniversary date of the Annual Meeting, if the Company is not provided notice of a stockholder proposal (other than stockholder proposals included in the proxy statement pursuant to Rule 14a-8 under the Exchange Act) by April 3, 2008, the Company will be permitted to use its discretionary voting authority as outlined above.

Additionally, holders of shares of Voting Stock desiring to have proposals submitted for consideration at future meetings of the stockholders should consult the applicable rules and regulations of the SEC, including Rule 14a-8 under the Exchange Act, with respect to such proposals, including the permissible number and length of proposals, the circumstances in which the Company is permitted to exclude proposals and other matters governed by such rules and regulations.

A proxy granted by a Voting Stockholder will give discretionary authority to the proxies to vote on any matters introduced pursuant to the above by-law notice provisions, subject to applicable rules of the SEC.

Copies of our by-laws are available through the Company's website at <http://www.mastercard.com>, or may be obtained from the Secretary.

1) any sale, lease or exchange of all or substantially all of the Corporation's assets or of any subsidiary of the Corporation, in each case which requires the approval of the stockholders of the Corporation under the DGCL, or approval of any sale, lease or exchange of all or substantially all of the assets of MasterCard International Incorporated (*MasterCard International*);

2) the consummation of any merger or consolidation of the Corporation or any approval of the consummation of any merger or consolidation of MasterCard International, in either case, (a) with any other corporation or entity prior to the date that is 20 years and 11 months following the date of the consummation of the Corporation's initial public offering of the Class A Common Stock (the *Initial Public Offering*), or (b) with (i) any competitor of the Corporation, as determined by the Board in its sole discretion, (ii) any Member (as defined below) or (iii) any financial institution that is eligible to become a Member, as determined by the Board in its sole discretion;

Common Stock; (b) shares of any other class or series of stock of the Corporation entitled to vote generally in the election of directors (which, for the avoidance of doubt, shall not include Class M Common Stock) (*Other Voting Stock*) representing more than 15% of the aggregate outstanding shares or voting power of such class or series of Other Voting Stock; or (c) shares of Class A Common Stock and/or Other Voting Stock representing more than 15% of the aggregate voting power of all the then outstanding shares of stock of the Corporation entitled to vote at an election of directors, voting as a single class, or (ii) any Member or Similar Person (as defined below) to Beneficially Own any share of Class A Common Stock or Other Voting Stock; and

(b) For so long as any shares of Class M Common Stock are outstanding, holders of outstanding Class M Common Stock, voting separately as a class, shall be entitled to elect a number of directors of the Corporation (each, a *Class M Director*) that is equal to the lesser of (x) three and (y) the product of $\frac{1}{4}$ multiplied by the total number of directors that will be in office immediately following such election (rounded down to the nearest whole number). For so long as any shares of Class M Common Stock are outstanding, any Class M Director may be removed without cause by the affirmative vote of at least a majority in voting power of all the then outstanding shares of Class M Common Stock, voting separately as a class.

(c) The aggregate number of votes that may be cast by all holders of the Class M Common Stock shall on all matters equal 1000 and each holder of Class M Common Stock, without regard to the number of shares of Class M Common Stock held by such holder, shall be entitled to that number of votes or fraction thereof that equals the product of 1000 multiplied by such holder's Global Proxy Calculation, as such term is defined in, and determined in accordance with this Section 4.3(A)(3)(c). For purposes of determining the number of votes, or fraction thereof, to which each holder of Class M Common Stock shall be entitled, the Global Proxy Calculation for each such holder of Class M Common Stock shall be equal to the sum obtained by adding (A) .25 multiplied by a fraction, the numerator of which is such holder's Gross Dollar Volume (GDV) and the denominator of which is the Corporation's Gross Dollar Volume (GDV) attributable to all holders of Class M Common Stock of the Corporation, plus (B) .25 multiplied by a fraction, the numerator of which is such holder's Gross Acquiring Volume (GAV) and the denominator of which is the Corporation's Gross Acquiring Volume (GAV) attributable to all holders of Class M Common Stock of the Corporation, plus (C) .50 multiplied by a fraction, the numerator of which is the sum of (1) the Revenues Paid by such holder to the Corporation and its consolidated subsidiaries relating to all matters other than travelers cheque programs, plus (2) two times the Revenues Paid by the holder to the Corporation and its consolidated subsidiaries relating to travelers cheque programs, and the denominator of which is the sum of (1) the Revenues Paid by all holders of Class M Common Stock to the Corporation and its consolidated subsidiaries relating to all matters other than travelers cheque programs, plus (2) two times the Revenues Paid by all holders of Class M Common Stock to the Corporation and its consolidated subsidiaries relating to travelers cheque programs, in each case for the applicable period. No Gross Dollar Volume (GDV) or Gross Acquiring Volume (GAV) shall be attributable to travelers cheque programs for purposes of the Global Proxy Calculation. The Board may fix a record date for the purposes of determining those holders of Class M Common Stock of record whose Gross Dollar Volume (GDV), Gross Acquiring Volume (GAV) and Revenues Paid shall be included in determining a Global Proxy Calculation for a particular period, which record date shall not be more than 30 days prior to the end of any such period. Only actual, as opposed to estimated, Gross Dollar Volume (GDV) and Gross Acquiring Volume (GAV) and Revenues Paid information will be used in determining the Global Proxy Calculation for each holder of Class M Common Stock.

The Global Proxy Calculation shall be calculated for each successive 12-month period beginning on July 1, 2005; *provided, however*, that for Global Proxy Calculations for periods ending after June 30, 2007, the Board

Table of Contents

may elect to use the Corporation's fiscal year as the basis for the Global Proxy Calculation; and *provided, further*, that the Board may elect to use any other 12-month period as the basis for the Global Proxy Calculation if it determines in its sole and absolute discretion that such election is necessary or desirable. The Corporation, acting through relevant employees selected by the Chief Executive Officer from time to time, shall compute the Global Proxy Calculation for each holder of Class M Common Stock for each applicable 12-month period and the results of such computation will be on file at the Corporation's principal office and will be made available to any stockholder of the Corporation upon request 180 days after the end of the 12-month period to which the computation relates. The Global Proxy Calculation for any 12-month period shall remain in effect for any and all matters until the calculation for a more recent 12-month period is made available by the Corporation. The Board may make such interpretations with respect to the implementation of the Global Proxy Calculation as it may determine to be necessary or desirable in its sole and absolute discretion and shall have the final authority, which may be delegated to the officers of the Corporation, to determine the Global Proxy Calculation for any period in its sole and absolute discretion, and any such determination shall be final and binding for all purposes unless the Board determines that an error was made in the computation, in which case the computation shall be corrected in accordance with the directions of the Board.

1. 3. Type 2 shall include the following percentages of all volumes for regional debit brands owned solely by the Corporation on cards that include a Maestro® and/or Cirrus® logo; provided that such cards are subject to volume-based assessments or card fee assessments; and *provided, further*, that for calculations for the 12-month periods ending June 30, 2005, 2006 and 2007, there is a binding written commitment to remove all acceptance brand logos, other than the Maestro® brand logo, the Cirrus® brand logo or a Permitted Purse Brand logo, on the cards not later than July 1, 2007:

a. 40% of such volumes for the 12-month period ending June 30, 2005;

b. 30% of such volumes for the 12-month period ending June 30, 2006;

c. 20% of such volumes for the 12-month period ending June 30, 2007; and

d. 10% of such volumes for subsequent years.

4. Type 3 shall include 1% of (i) volumes for regional debit brands not owned by the Corporation on cards that include a Maestro® and/or Cirrus® brand logo and are subject to volume-based assessments or card fee assessments and (ii) volumes for balance and commercial funds transfers relating to cards that are subject to volume-based assessments or card fee assessments.

Edgar Filing: MASTERCARD INC - Form DEF 14A

For each Global Proxy Calculation, all Volumes described above will be included in calculating Gross Dollar Volume and Gross Acquiring Volume whether those Volumes are assessed directly or the cards to which they relate are subject to card fee assessments of the type contemplated by the applicable type of Volume. In addition, for each Global Proxy Calculation performed with respect to periods ending on or prior to June 30, 2005, Volumes of the types described above will be included even if they are not subject to volume-based or card fee assessments. References to a brand shall include any successors to that brand.

For purposes of determining the Global Proxy Calculation, the conversion of Euros into U.S. dollars will be based on the average exchange rate during the twenty-day period ending on the day prior to the applicable measurement date (the *Prevailing Exchange Rate*), provided that during all periods prior to June 30, 2007, the Prevailing Exchange Rate shall be \$.9565 U.S. = 1 Euro for so long as 1 Euro is not less than \$.9065 U.S. and not greater than \$1.0065 U.S. (the *Currency Conversion Band*). In the event that the Prevailing Exchange Rate does not fall within the Currency Conversion Band, the currency conversion rate to convert Euros to U.S. Dollars will be \$.9565 adjusted by the difference between such Prevailing Exchange Rate and the upper/lower limit of the Currency Conversion Band, as applicable.

For purposes of determining the Global Proxy Calculation during the period set forth in the preceding paragraph, amounts denominated in the currency of a country within the Europe Region (as defined in the Integration Agreement) other than the Euro shall first be converted into Euros and subsequently converted into U.S. dollars in accordance with the previous paragraph.

Notwithstanding any other provision hereof, for purposes of determining the Global Proxy Calculation for each stockholder for each of the seven years after June 30, 2005, (i) \$100 million will be subtracted from the denominator of the Revenues Paid component of the Global Proxy Calculation relating to all matters other than travelers cheque programs, irrespective of whether the Corporation earned such amount as revenues under U.S. GAAP, and (ii) an Adjustment Amount will be subtracted from the numerator of the Revenues Paid component of the Global Proxy Calculation relating to all matters other than travelers cheque programs, irrespective of whether the stockholder paid such amount in revenues to the Corporation. Adjustment Amount means: (a) for each stockholder that is designated on the books and records of the Corporation (which shall be conclusive and binding for all purposes) as part of the U.S. Region of the Corporation (a U.S. Stockholder), an amount calculated by multiplying \$100 million by a fraction, the numerator of which is the Revenues Paid by such U.S. Stockholder to the Corporation and its consolidated subsidiaries prior to adjustment pursuant to this Section and the denominator of which is the Revenues Paid by all U.S. Stockholders to the Corporation and its consolidated subsidiaries prior to adjustment pursuant to this Section; and (b) for each other stockholder of the Corporation, zero.

(B) Dividends and Distributions.

(1) Subject to applicable law and the rights, if any, of the holders of any outstanding series of Preferred Stock or any class or series of stock having a preference over or the right to participate with the Class A Common Stock and the Class B Common Stock with respect to the payment of dividends, dividends may be declared and paid on the Class A Common Stock and the Class B Common Stock out of the assets of the Corporation that are by law available therefor at such times and in such amounts as the Board in its discretion shall determine. Except as otherwise required by the DGCL, in any circumstance where the Corporation may declare dividends or otherwise make distributions (including, without limitation, any distribution on liquidation, dissolution or winding-up of the Corporation) on either the Class A Common Stock or Class B Common Stock, the Corporation shall declare the same per share dividends or make the same per share distributions, as the case may be, on such other class of Common Stock; *provided, however*, that if any such dividends or distributions are declared with respect to the Class A Common Stock in the form of additional shares of Class A Common Stock, such dividends or distributions shall be made with respect to the Class B Common Stock in the form of an equivalent number of shares of Class B Common Stock and if any such dividends or distributions are declared with respect to the Class B Common Stock in the form of additional shares of Class B Common Stock, such dividends or distributions shall be made with respect to the Class A Common Stock in the form of an equivalent number of shares of Class A Common Stock.

(2) Dividends or other distributions shall not be declared or paid on the Class M Common Stock.

(C) Ownership of Class B Common Stock. Class B Common Stock may only be held by (i) a Class A member or affiliate member of MasterCard International, (ii) the Corporation or a subsidiary thereof or (iii) a director, officer or employee of the Corporation or a subsidiary thereof. Any transfer or purported transfer that would result in a violation of the immediately preceding sentence shall be void *ab initio* and any shares of Class B Common Stock held in violation of this Section 4.3(C) may be redeemed by the Corporation, or its designee, at a price per share equal to the lesser of (i) the per share consideration paid in the transaction that resulted in such violative transfer (or, in the case of a devise, gift or other such transaction without consideration, the Market Price at the time of such devise or gift or other such transaction) and (ii) the Market Price on the date the Corporation, or its designee, elects to redeem such shares.

The Corporation may, in connection with any conversion pursuant to this Section 4.3(D)(1)(A), require such evidence as the Board may determine in its sole discretion, that following such conversion the shares shall not be Beneficially Owned by a Member ~~and that the holder of the Class B Common Stock to be converted to Class A Common Stock shall have previously offered to sell such shares of Class B Common Stock to the Class A members and affiliate members of MasterCard International in accordance with the procedures set forth in Section 4.3(E)~~ except as permitted pursuant to Section 4.3(D)(1)(B). The Board may from time to time establish such procedures as it may in its sole and absolute discretion determine to be necessary or desirable for the orderly conversion of Class B Common Stock, which procedures shall be binding upon the holders of Class B Common Stock.

- (B) Without limiting or expanding the rights conferred by Section 4.3(D)(1), the Corporation is hereby expressly authorized to permit holders of Class B Common Stock to convert such shares into an equal number of shares of Class A Common Stock (each, a Conversion Transaction), subject to any conditions the Corporation may determine to impose in its sole discretion including, without limitation, any requirements the Corporation may impose to facilitate the orderly entry of converted shares of Class A Common Stock into the public trading market, prior to the fourth anniversary of the date of the consummation of the Initial Public Offering; provided, however, that the Corporation shall not authorize a Conversion Transaction if such transaction, given pro forma effect (i) would cause the percentage equal to the number of issued and outstanding shares of Class B common stock divided by the sum of the number of issued and outstanding shares of Class A common stock and Class B common stock, based on the number of shares outstanding as of the end of the prior fiscal quarter or such other more recent date to be established at the discretion of the Corporation, to fall below 15% or (ii) taken together with all other Conversion Transactions effected during such calendar year, would cause the percentage equal to the number of issued and outstanding shares of Class B common stock divided by the sum of the number of issued and outstanding shares of Class A common stock and Class B common stock based on the number of shares outstanding as of December 31 of the prior calendar year (giving effect to any intervening dividend of additional shares or subdivision, combination or consolidation of outstanding shares) to decrease by more than 10 percentage points.
- (C) Following the occurrence of a conversion pursuant to Section 4.3(D)(1)(A) or 4.3(D)(1)(B) and prior to sale, Members shall be permitted to Beneficially Own Class A Common Stock for a period which shall not exceed 30 days (such period, the Transitory Ownership Period); provided, however, that during the Transitory Ownership Period, Members shall not be permitted to vote any shares of Class A Common Stock Beneficially Owned by them.

(3) As long as any shares of Class B Common Stock shall be outstanding, the Corporation shall reserve and keep available out of its authorized but unissued shares of Class A Common Stock, solely for the purpose of effecting the conversion of shares of Class B Common Stock, that number of shares of Class A Common Stock necessary to effect the conversion of all of the then outstanding shares of Class B Common Stock. If at any time the Board determines that the number of authorized but unissued shares of Class A Common Stock would be insufficient to effect the conversion of all of the then outstanding shares of Class B Common Stock, the Board shall use all reasonable efforts to cause the Corporation's authorized but unissued shares of Class A Common Stock to be increased to such number of shares as shall be sufficient to effect such conversion.

(4) Upon the occurrence of a conversion pursuant to Section 4.3(D)(1)(A) or 4.3(D)(1)(B), the Class B Common Stock so converted shall be retired and may not be reissued.

~~(2) In the event any Class A member or members or affiliate member or members of MasterCard International wish to purchase any of the shares of Class B Common Stock the converting holder has proposed to convert on the terms specified in the converting holder's offer, such Class A member or members or affiliate member or members of MasterCard International shall so notify the converting holder within five business days following the date of the offer by the converting holder made pursuant to clause (1) above and such converting holder shall thereupon sell such shares of Class B common stock to any such Class A member or members or affiliate member or members of MasterCard International on a first come, first served basis in accordance with the terms of such offer and the provisions hereof.~~

(F) Redemption of Class B Common Stock; Subsequent Public Offering.

(1) In the event that the Corporation shall consummate the Initial Public Offering, the Board shall, to the extent assets and funds are legally available therefor, cause the Corporation, on or prior to the date that is 90 days after the date of the consummation of the Initial Public Offering, to redeem that number of shares of Class B Common Stock that is equal to the aggregate number of shares of Class A Common Stock that the Corporation issues in the Initial Public Offering (including any shares sold pursuant to the underwriters' option to purchase additional shares) and in any substantially concurrent issuance of shares of Class A Common Stock to The MasterCard Foundation (as defined below), and such shares of Class B Common Stock shall be redeemable by the Corporation on such terms. The redemption price per share payable to holders of Class B Common Stock not designated on the books and records of the Corporation (which shall be conclusive and binding for all purposes) as belonging to the Corporation's United States region (the *Non-U.S. Holders*) shall be payable in cash in an amount equal to the quotient of (A) the product of (x) the aggregate cash proceeds that the Corporation receives in the Initial Public Offering (including any shares sold pursuant to the underwriters' option to purchase additional shares), net of underwriting discounts and commissions and other offering-related expenses as determined by the Board in its sole discretion (which expenses may include expenses and estimated expenses not yet paid) (the *Net Cash Proceeds*), multiplied by (y) the fraction obtained by dividing the aggregate number of shares of Class B Common Stock then held by the Non-U.S. Holders by the total number of shares of Class B Common Stock then outstanding, divided by (B) the aggregate number of shares of Class B Common Stock that is being redeemed from the Non-U.S. Holders. The redemption price per share payable to holders of Class B Common Stock designated on the books and records of the Corporation (which shall be conclusive and binding for all purposes) as belonging to the Corporation's United States region (the *U.S. Holders*) shall be payable in cash in an amount equal to the quotient of (A) the remainder of (x) the Net Cash Proceeds minus (y) the aggregate redemption price to be received by the Non-U.S. Holders minus (z) \$650 million, divided by (B) the aggregate number of shares of Class B Common Stock that is being redeemed from the U.S. Holders; provided, however, that if such calculation results in a negative number, the redemption price per share to be received by the U.S. Holders will equal zero. In effecting such redemption the Corporation shall redeem shares of Class B Common Stock from the holders thereof on a pro rata basis in proportion to the number of shares of Class B Common Stock held by each of them at the time of the consummation of the Initial Public Offering; provided, that the Corporation may round off to a full share the number of shares to be redeemed from any holder so that fractional interests of less than one-half share will be rounded down and fractional interests of one-half share or more will be rounded up.

(2) In the event that the Corporation shall consummate the Initial Public Offering but the underwriters in the Initial Public Offering shall not exercise in full their option to purchase additional shares in connection with the Initial Public Offering, the Corporation shall, subject to applicable law and to the Board's fiduciary duties (a) conduct a subsequent public offering of its Class A Common Stock on or prior to the second annual meeting of the Corporation following the Filing Time (the *Subsequent Public Offering*) and (b) to the extent assets and funds are legally available therefor, cause the Corporation, on or prior to the date that is 90 days after the date of the consummation of the Subsequent Public Offering, to redeem that number of shares of Class B Common Stock that is equal to the aggregate number of shares of Class A Common Stock that the Corporation issues in the Subsequent Public Offering, and such shares of Class B Common Stock shall be redeemable by the

Corporation on such terms; provided, that the number of shares of Class B Common Stock to be redeemed shall be reduced to the extent that such redemption would otherwise result in the number of shares of Class B Common Stock outstanding immediately following such redemption being less than 41% of the aggregate number of shares of Class A Common Stock and Class B Common Stock outstanding at the date of such redemption. The redemption price per share payable to all holders of Class B Common Stock shall be

~~payable in cash in an amount equal to the price per share of Class A Common Stock received by the Corporation in the Subsequent Public Offering, net of per share underwriting discounts and commissions and other per share offering related expenses as determined by the Board in its sole discretion (which expenses may include expenses and estimated expenses not yet paid). In effecting such redemption the Corporation shall redeem shares of Class B Common Stock from the holders thereof on a pro rata basis in proportion to the number of shares of Class B Common Stock held by each of them at the time of the consummation of the Subsequent Public Offering; *provided*, that the Corporation may round off to a full share the number of shares to be redeemed from any holder so that fractional interests of less than one half share will be rounded down and fractional interests of one half share or more will be rounded up.~~

~~(3) In effecting any redemption pursuant to this Section 4.3(F), the Corporation shall send written notice of redemption to the holders of the shares of Class B Common Stock redeemed and deposit, set aside or pay the redemption price therefor. The Board may establish such procedures as it may in its sole and absolute discretion determine to be necessary or desirable for the orderly redemption of Class B Common Stock pursuant to this Section 4.3(F), which procedures shall be binding upon the holders of Class B Common Stock.~~

(8) *Transfer of Class A Common Stock and/or Other Voting Stock in Trust*.

Such Transfer to the Trustee shall be deemed to be effective as of the close of business on the business day prior to the date of such purported Transfer or other event that results in the Transfer to the Trust pursuant to Section 4.3(K)(6). Any dividend or distribution so paid to the Trustee shall be held in trust for the Charitable Beneficiary. Upon such sale, the interest of the Charitable Beneficiary in the shares sold shall terminate and the Trustee shall distribute the net proceeds of the sale to the Prohibited Owner and to the Charitable Beneficiary as provided in this Section. The Prohibited Owner shall receive the lesser of (1) the price paid by the Prohibited Owner for the shares or, if the Prohibited Owner did not give value for the shares in connection with the event causing the shares to be held in the Trust (e.g., in the case of a gift, devise or other such transaction), the Market Price of the shares on the day of the event causing the shares to be held in the Trust and (2) the price per share received by the Trustee (net of any commissions and other expenses of sale) from the sale or other disposition of the shares held in the Trust. The Trustee may reduce the amount payable to the Prohibited Owner by the amount of dividends and distributions which have been paid to the Prohibited Owner and are owed by the Prohibited Owner to the Trustee pursuant to Section 4.3(K)(8)(c). Any net sales proceeds in excess of the amount payable to the Prohibited Owner shall be immediately paid to the Charitable Beneficiary. If, prior to the discovery by the Corporation that shares of Class A Common Stock and/or Other Voting Stock have been transferred to the Trustee, such shares are sold by a Prohibited Owner, then (i) such shares shall be deemed to have been sold on behalf of the Trust and (ii) to the extent that the Prohibited Owner received an amount for such shares that exceeds the amount that such Prohibited Owner was entitled to receive pursuant to this Section 4.3(K)(8)(d), such excess shall be paid to the Trustee upon demand.

(e) *Right to Redeem Stock Transferred to the Trustee.* Shares of Class A Common Stock and/or Other Voting Stock transferred to the Trustee may be redeemed by the Corporation, or its designee, at a price per share equal to the lesser of (i) the per share consideration paid in the transaction that resulted in such transfer to the Trust (or, in the case of a devise, gift or other such transaction without consideration, the Market Price at the time of such devise or gift or other such transaction) and (ii) the Market Price on the date the Corporation, or its designee, elects to redeem such shares. Corporation may reduce the amount payable to the Prohibited Owner by the amount of dividends and distributions which have been paid to the Prohibited Owner and are owed by the Prohibited Owner to the Trustee pursuant to 4.3(K)(8)(c). The Corporation may pay the amount of such reduction to the Trustee for the benefit of the Charitable Beneficiary. The Corporation shall have the right to redeem such shares until the Trustee has sold the shares held in the Trust pursuant to Section 4.3(K)(8)(d). Upon such a redemption, the interest of the Charitable Beneficiary in the shares shall terminate and the Trustee shall distribute the net proceeds of the redemption to the Prohibited Owner.

(f) *Designation of Charitable Beneficiaries.* By written notice to the Trustee, the Corporation shall designate one or more nonprofit organizations to be the Charitable Beneficiary of the interest in the Trust such that the shares of Class A Common Stock and/or Other Voting Stock held in the Trust would not violate the restrictions set forth in Sections 4.3(K)(1) or (2) in the hands of such Charitable Beneficiary.

(9) *Notice of Restricted Transfer.* Any Person who acquires or attempts or intends to acquire Beneficial Ownership of shares of Class A Common Stock and/or Other Voting Stock that will or may violate Sections 4.3(K)(1) or (2) or any Person who would have owned shares of Class A Common Stock and/or Other Voting Stock that resulted in a transfer to the Trust pursuant to the provisions of Section 4.3(K)(6) shall immediately give written notice to the Corporation of such event, or in the case of such a proposed or attempted transaction, give at least 15 days prior written notice, and shall provide to the Corporation such other information as the Corporation may request in order to determine the effect, if any, of such Transfer on the Corporation.

(10) *NYSE Transactions.* Nothing in this Section 4.3(K) shall preclude the settlement of any transaction entered into through the facilities of the New York Stock Exchange or any other national securities exchange or automated inter-dealer quotation system. The fact that the settlement of any transaction occurs shall not negate the effect of any other provision of this Section 4.3(K) and any transferee in such a transaction shall be subject to all of the provisions and limitations set forth in this Section 4.3(K).

(11) *Ambiguity.* In the case of an ambiguity in the application of any of the provisions of this Section 4.3(K), the Board of the Corporation shall have the power to determine the application of the provisions of this Section 4.3(K) with respect to any situation based on the facts known to it. In the event Section 4.3(K)(7) or (8) requires an action by the Board and this Amended and Restated Certificate of Incorporation fails to provide specific guidance with respect to such action, the Board shall have the power to determine the action to be taken so long as such action is not contrary to the provisions of Sections 4.3(K). Absent a decision to the contrary by the Board (which the Board may make in its sole and absolute discretion), if a Person would have (but for the remedies set forth in Section 4.3(K)(7)) acquired Beneficial Ownership of Class A Common Stock and/or Other Voting Stock in violation of Section 4.3(K)(1) or (2), such remedies (as applicable) shall apply first, to the shares of Class A Common Stock and/or Other Voting Stock which, but for such remedies, would have been owned directly by such Person, second, to the shares which, but for such remedies, would have been wholly Beneficially Owned (but not owned directly) by such Person, and thereafter, to the shares which, but for such remedies, would have been Beneficially Owned by such Person, pro rata among the Persons who directly own such shares of Class A Common Stock and/or Other Voting Stock based upon the relative number of the shares of Class A Common Stock and/or Other Voting Stock held by each such Person.

(12) *Enforcement.* The Corporation is authorized specifically to seek equitable relief, including injunctive relief, to enforce the provisions of this Section 4.3(K).

(13) *Non-Waiver.* No delay or failure on the part of the Corporation or the Board in exercising any right hereunder shall operate as a waiver of any right of the Corporation or the Board, as the case may be, except to the extent specifically waived in writing.

(L) *Legend.* Any certificate for shares of Common Stock shall bear a legend that the shares represented by such certificates are subject to the restrictions on transferability set forth herein.
