RE: Voyager Learning Profit Sharing Retirement Plan

We have audited the accompanying statements of net assets available for plan benefits of the Voyager Learning Profit Sharing Retirement Plan (Plan) as of December 31, 2007 and 2006, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for plan benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2007 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2007 financial statements as a whole.

VOYAGER LEARNING PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2007 and 2006

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Voyager Learning Profit Sharing Retirement Plan (Plan), formerly the ProQuest Profit Sharing Retirement Plan, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, which covered 1,469 and 2,744 participants at December 31, 2007 and 2006, respectively, is a defined contribution plan covering all full-time and certain part-time employees of Voyager Learning Company, formerly ProQuest Company, (Voyager ; ProQuest ; the Company). The Plan covered employees of National Archive Publishing Company (NAPC) and OEConnection, LLC (OEC) (collectively referred to as the Companies) prior to their withdrawal from the Plan in 2006. NAPC was spun off from ProQuest effective October 28, 2005 at which time it adopted the Plan as an unrelated employer. OEC was a joint venture that was entered into on July 1, 2001 between ProQuest and three other members.

Effective June 30, 2007, Voyager Learning Company merged into ProQuest Company and the surviving company was renamed Voyager Learning Company. The Plan was amended effective June 30, 2007 to change the name to the Voyager Learning Profit Sharing Retirement Plan.

Effective February 9, 2007, ProQuest Company sold its ProQuest Information and Learning segment (PIL) to Cambridge Information Group, Inc. Therefore, the PIL employees were no longer allowed to participate in the Plan. All assets and liabilities attributable to PIL employees were transferred out of the Plan on April 16, 2007. The total amount transferred out of the Plan was \$47,801,257.

Effective November 28, 2006, ProQuest Company sold ProQuest Business Solutions (PBS) to Snap-on Incorporated and PBS employees participation in the Plan ended as of that date. Participants with loan balances were transferred to the Snap-on plan April 13, 2007. The total amount transferred out of the Plan was \$2,305,801.

Effective August 17, 2006, OEC employees were no longer allowed to participate in the Plan. OEC established its own defined contribution plan and during 2006, all assets and liabilities attributable to OEC employees were transferred out of the Plan. The total amount transferred out of the Plan was \$3,834,748.

Effective March 1, 2006, NAPC employees were no longer allowed to participate in the Plan. NAPC established its own defined contribution plan and during 2006, all assets and liabilities attributable to NAPC employees were transferred out of the Plan. The total amount transferred out of the Plan was \$23,256,500.

NOTES TO FINANCIAL STATEMENTS

December 31, 2007 and 2006

NOTE 1 DESCRIPTION OF THE PLAN (Continued)

Effective March 9, 2006, the Voyager Learning Company Stock Fund, formerly the ProQuest Company Stock Fund, was frozen to new investments.

Employees are immediately eligible to participate in the Plan and may join or elect deferral percentage or investment election changes on any business day, effective at the next payroll processing date. The Plan is participant directed, and, therefore, participants are allowed to select the investment funds to which they wish to contribute. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants electing to make contributions to the Plan may contribute not less than 1% and no more than 50% of compensation. Contributions are limited in accordance with IRS regulations. Participants may allocate their contributions among the Plan's funds, including 19 funds offered through Fidelity Investments, a party-in-interest investment, and the Voyager Learning Company Stock Fund (prior to March 9, 2006), also a party-in-interest to the plan. Participants who were employees of OEC or NAPC were not permitted to invest in the Company Stock Fund.

For 2007 and 2006, the Company contributed 1% of eligible participants' annual compensation and an additional 1% to 2% based on the level of employee contributions. Additional amounts may be contributed at the option of the Company's board of directors. No such additional amounts were contributed to the Plan for the years ended December 31, 2007 or 2006.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company contribution and plan earnings. Gains and losses resulting from market appreciation or depreciation, interest, and dividends are allocated on the basis of participants' account balances.

Vesting: Participants are immediately vested in their contributions and the Company contributions, as well as any investment earnings on these contributions.

Payment of Benefits: Upon termination of employment with the Companies or other specified events, a participant may elect to receive an amount equal to the value of the participant's interest in his or her account in either a lump-sum amount or in installments.

Participant Loans: Participants can borrow the lesser of \$50,000 or 50% of their vested account balance, subject to IRS limitations. Principal and interest are generally repaid through payroll deductions. The interest rate for participant loans is equal to the prime rate plus 1%, which was 7.25% and 8.25% as of December 31, 2007 and 2006, respectively.

NOTES TO FINANCIAL STATEMENTS

December 31, 2007 and 2006

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements include the accounts of the Voyager Learning Profit Sharing Retirement Plan. The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual amounts may differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term in the estimated fair value of the Plan's investment in employer securities.

Valuation of Investments and Income Recognition: The Plan's investments are stated at fair value. Quoted market prices are used to value shares of mutual funds and common stocks traded on a national exchange. The fair values of the Plan's interests in stable value funds are based upon the net asset values of such funds reflecting all investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported by the Plan trustee. The fair values of the fully benefit responsive investment contract has been estimated with a discounted cash flows methodology, utilizing current rates of return available for similar contracts, with comparable credit risks, as of the respective financial statement dates. Money market fund investments and participant loans are reported at cost which approximates fair value.

Net assets available for plan benefits reflects the Plan's interest in the contract value of the Managed Income Portfolio II Fund, because the Plan's allocable share of the difference between fair value and contract value for this investment is presented as a separate adjustment in the statement of net assets available for plan benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The fair value of the Plan's investments is based on the beginning-of-the-year value of the Plan's investments plus actual contributions (including transfers from other plans) and allocated investment income (loss), less actual distributions and allocated administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income on investments is recognized as earned.

NOTES TO FINANCIAL STATEMENTS

December 31, 2007 and 2006

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Effect of Newly Issued But Not Yet Effective Accounting Standards: In September 2006, the FASB issued Statement No. 157, *Fair Value Measurements*. This Statement defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. This Statement establishes fair value hierarchy about the assumptions used to measure fair value and clarifies assumptions about risk and the effect of a restriction on the sale or use of an asset. The standard is effective for fiscal years beginning after November 15, 2007. In February 2008, the FASB issued Staff Position (FSP) 157-2, *Effective Date of FASB Statement No. 157*. This FSB delays the effective date of FAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value on a recurring basis (at least annually) to fiscal years beginning after November 15, 2008, and interim periods within those fiscal years. The impact of adoption of FASB Statement No. 157 on the Plan's net assets available for benefits and changes in net assets available for benefit is not anticipated to be material.

In February 2007, the FASB issued Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities*. The standard provides reporting entities with an option to report selected financial assets and liabilities at fair value and establishes presentation and disclosure requirements designed to facilitate comparisons between reporting entities that choose different measurement attributes for similar types of assets and liabilities. The new standard is effective for the Plan on January 1, 2008. The Plan did not elect the fair value option for any financial assets or financial liabilities as of January 1, 2008.

Risks and Uncertainties: The Plan provides for various investment options in any combination of Voyager Common Stock, a common/collective fund, a privately managed equity fund, mutual funds, or a money market fund. The underlying investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Contributions: The Company contributed \$781,137 and \$2,718,621 to the Plan for the years ended December 31, 2007 and 2006, respectively. These contributions were calculated in accordance with the terms of the Plan. The participant contributions and rollovers totaled \$4,306,082 and \$9,825,389 for the years ended December 31, 2007 and 2006, respectively.

Payment of Benefits: Benefit distributions are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Costs: Investment manager fees are offset against earnings on the related investments and allocated to participants. Participants were charged administrative fees, primarily for loan administration, of \$10,675 and \$22,490 in 2007 and 2006, respectively. The privately managed stock portfolio incurred management and administrative fees of \$206,267 and \$109,501 in 2007 and 2006 respectively. The Company paid certain other administrative expenses of the Plan.

NOTE 3 TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated July 22, 2003 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The related trust is, therefore, exempt from tax under Section 501(a) of the Code. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the related trust is exempt from income taxes. In January 2007, the Plan filed for a new letter of determination with the Internal Revenue Service.

NOTE 7 PARTIES IN INTEREST

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company and certain others. At December 31, 2007 and 2006, certain investments of the Plan were held in investment funds which were managed by Fidelity, the trustee of the Plan. Therefore, these transactions represent exempt party-in-interest transactions which are not prohibited by the Department of Labor. Expenses in the amount of \$216,942 were paid to Wachovia Trust Company, Private Capital Management, Fidelity Investments, and REDW Trust Company which qualify as party-in-interest transactions. The Plan held 9,224 and 31,462 shares of common stock issued by Voyager Learning Company (formerly ProQuest Company) as of December 31, 2007 and 2006, which qualifies as a party-in-interest investment. The Voyager Learning Company (formerly ProQuest Company) common stock depreciated in value by \$50,437 and \$736,702 for the plan years ended December 31, 2007 and 2006. Further, participant loans qualify as party-in-interest transactions.
