**Table of Contents**Kubota Corporation  
and Subsidiaries**1. Review of Operations and Financial Condition****1. Review of operations****(1) Summary of the results of operations for the year under review**

For the year ended March 31, 2010, revenues of Kubota Corporation and subsidiaries (hereinafter, the Company) decreased ¥176.8 billion [16.0%], to ¥930.6 billion from the prior year.

In the domestic market, revenues decreased ¥47.5 billion [8.7 %], to ¥501.7 billion from the prior year. Revenues in Farm & Industrial Machinery decreased mainly due to depressed sales of engines and construction machinery, while sales of tractors and farm machinery increased. Revenues in Water & Environment Systems decreased due to a decrease in sales of pipe related products such as ductile iron pipes and plastic pipes, and a decrease in sales of environment related products. Revenues in Social Infrastructure and Other also decreased.

Revenues in overseas markets decreased ¥129.3 billion [23.2 %], to ¥429.0 billion from the prior year. In Farm & Industrial Machinery, revenues in Asia outside Japan favorably increased centering on combine harvesters and rice transplanters, however, revenues in North America and Europe decreased due to a decrease in sales of tractors, engines and construction machinery. Accordingly, total revenues in Farm & Industrial Machinery substantially decreased. On the other hand, revenues in Water & Environment Systems largely increased due to increased sales of ductile iron pipes and pumps. Revenues in Social Infrastructure decreased mainly due to a decrease in sales of industrial castings, and revenues in Other decreased. The ratio of overseas revenues to consolidated revenues was 46.1 %, 4.3 percentage points lower than the prior year.

Operating income decreased ¥33.1 billion [32.2 %], to ¥69.7 billion from the prior year. Operating income in Farm & Industrial Machinery substantially decreased due to declined revenues in North America and Europe, and the appreciation of the yen. On the other hand, operating income in Water & Environment Systems increased sharply due to price declines of raw materials and absent of recorded losses related to the Anti-Monopoly Law in the prior year. Operating income in Social Infrastructure largely decreased affected by decreased capital spending, while operating income in Other increased.

Income before income taxes and equity in net income of affiliated companies decreased ¥9.8 billion [11.7 %], to ¥73.5 billion. Other income (expenses) improved due to turn from foreign exchange loss into foreign exchange gain and a decrease in valuation loss on other investment, while operating income decreased. Income taxes were ¥26.0 billion [representing an effective tax rate of 35.4 %], and equity in net income of affiliated companies was ¥0.4 billion. Accordingly, net income decreased ¥6.8 billion [12.5 %], to ¥47.9 billion. After deducting ¥5.6 billion of net income attributable to the noncontrolling interests, net income attributable to Kubota Corporation was ¥42.3 billion, ¥5.7 billion [11.9 %] lower than the prior year.

**(2) Review of operations by reporting segment****1) Farm & Industrial Machinery**

Revenues in Farm & Industrial Machinery were ¥616.7 billion, 18.3 % lower than the prior year, comprising 66.2 % of consolidated revenues. Domestic revenues decreased 2.3 %, to ¥229.6 billion, and overseas revenues decreased 25.5 %, to ¥387.1 billion. This segment comprises farm equipment, engines and construction machinery.

In the domestic market, demand for farm equipment in the first half of the year under review was sluggish on the background of decreased off-farm income resulting from economic slump and uncertainty over the agricultural policy of government. On the other hand, demand for farm equipment in the latter half of the year under review was brisk due to implementation of governmental subsidy for leasing agricultural machinery. On the other hand, market conditions for construction machinery remained severe with lack of recovery of investment in construction. In this circumstance, the Company actively introduced new products and implemented promotional sales activity, and sales of tractors and farm machinery increased. However, sales of engine and construction machinery decreased substantially.

## Edgar Filing: KUBOTA CORP - Form 6-K

In overseas markets, sales of tractors significantly decreased. In Asia outside Japan, although tractor sales were steady in terms of quantity, sales of tractors decreased affected by the appreciation of the yen. Moreover, sales of tractors in North America and Europe decreased substantially due to a stagnation of the markets and the appreciation of the yen. Sales of construction machinery and engines decreased substantially owing to sharp decline of demand in North America and Europe. On the other hand, sales of combine harvesters and rice transplanters increased owing to significant increase in sales in China and Thailand.

**2) Water & Environment Systems**

Revenues in Water & Environment Systems decreased 4.8 %, to ¥222.9 billion from the prior year, comprising 24.0 % of consolidated revenues. Domestic revenues decreased 9.0 %, to ¥198.1 billion, and overseas revenues increased 49.1 %, to ¥24.9 billion. This segment comprises pipe-related products (ductile iron pipes, plastic pipes, valves, and other products) and environment-related products (environmental plants, pumps and other products).

In the domestic market, sales of pipe-related products such as ductile iron pipes and plastic pipes decreased due to shrinkage of public investments and sluggish demand in housing market. Sales of environment-related products also decreased from the prior year mainly due to a decrease in sales of waste engineering products.

In overseas markets, export sales of ductile iron pipes to the Middle East favorably increased and sales of valves and pumps also increased steadily.

**3) Social Infrastructure**

Revenues in Social Infrastructure decreased 26.8 %, to ¥63.3 billion from the prior year, comprising 6.8 % of consolidated revenues. Domestic revenues decreased 28.3 %, to ¥47.0 billion, and overseas revenues decreased 22.1 %, to ¥16.3 billion. This segment consists of industrial castings, spiral welded steel pipes, vending machines, electronic equipped machinery, and air-conditioning equipment.

In the domestic market, sales of all products in this segment, primarily industrial castings and spiral welded steel pipes, decreased affected by substantial declines in capital spending. In overseas markets, sales of industrial castings largely decreased.

**4) Other**

Revenues in Other decreased 14.3 %, to ¥27.7 billion from the prior year, comprising 3.0 % of consolidated revenues. Domestic revenues decreased 12.7 %, to ¥26.9 billion, and overseas revenues decreased 47.9 %, to ¥0.8 billion. This segment comprises construction, services and other businesses.

Sales of construction decreased due to sluggish investment in construction and sales in other businesses in this segment largely decreased.

\* The Company adopted the FASB Accounting Standards Codification (ASC) 810, Consolidation . Upon this adoption, Net income presented in the consolidated financial statements until the year ended March 31, 2009 was renamed Net income attributable to Kubota Corporation to conform to ASC 810.

\* The Company adopted ASC 280, Segments Reporting . Upon this adoption, the segments previously classified into Internal Combustion Engine and Machinery , Pipes, Valves, and Industrial Castings , Environmental Engineering , and Other were currently classified into Farm & Industrial Machinery , Water & Environment Systems , Social Infrastructure , and Other .

**Table of Contents**Kubota Corporation  
and Subsidiaries**(3) Prospect for the Next Fiscal Year**

The Company forecasts consolidated revenues for the year ending March 31, 2011 at ¥1,000.0 billion, ¥69.4 billion higher than the year under review. Domestic revenues are forecast to increase due to increase of revenues in Farm & Industrial Machinery, and Social Infrastructure, while revenues in Water & Environment Systems and Other are expected to be the same level as the year under review. Overseas revenues are forecast to increase substantially due to an increase of revenues in Farm & Industrial Machinery, in which revenues in Asia outside Japan will continue to grow favorably and revenues in North America and Europe are also expected to increase.

The Company forecasts operating income of ¥90.0 billion, an increase of ¥20.3 billion from the year under review, mainly due to an increase in revenues. The Company expects income from continuing operation before income taxes and equity in net income of affiliated companies for the next fiscal year to be ¥90.0 billion, an increase of ¥16.5 billion from the year under review. Net income attributable to Kubota Corporation is forecast to be ¥52.0 billion, an increase of ¥9.7 billion from the year under review. (The forecasts are based on the assumption of an exchange rate of ¥90=US\$1.)

**2. Financial condition****(1) Assets, liabilities and equity**

Total assets at the end of March 2010 amounted to ¥1,409.0 billion, an increase of ¥23.2 billion from the end of the prior year. As for current assets, cash and cash equivalent increased, while inventories and notes and account receivables decreased. As for investments and long-term finance receivables, long-term finance receivables increased associated with business expansion in Thailand, and other investment increased affected by recovery of stock market. Other assets decreased mainly due to a decrease of long-term deferred tax assets.

Regarding liabilities, current liabilities substantially decreased mainly due to a decrease in short-term borrowings and a decrease in accounts payables associated with production adjustment. As for long-term liabilities, long-term debt largely increased due to issuance of corporate bond by overseas subsidiaries, while accrued retirement and pension costs decreased.

As for equity, retained earnings increased steadily due to net income, and accumulated other comprehensive income improved due to an increase in unrealized gains on securities affected by rise of stock prices. As a result, shareholders' equity ratio was 44.5 %, 2.8 percentage points higher than the prior year end.

**(2) Cash flows**

Net cash provided by operating activities during the year under review was ¥119.1 billion, and cash inflow increased ¥141.6 billion from the prior year. Cash inflow in the prior year substantially decreased due to discontinued sales of trade receivable in North America. Cash inflow in the year under review largely increased due to a decrease in inventories and notes and accounts receivables as well as the absence of the effect of above-mentioned discontinuation of sales of trade receivables.

Net cash used in investing activities was ¥43.4 billion, a decrease of ¥30.6 billion from the prior year. Cash outflow substantially decreased due to a decrease in purchases of fixed assets, increases in proceeds from sales and redemption of investments and slowdown of increase in finance receivables.

Net cash used in financing activities was ¥34.7 billion, and cash inflow decreased ¥119.5 billion from the prior year. In the prior year, the Company increased fund raisings by interest bearing debt as a result of discontinuation of sales of trade receivables. Cash inflow in the year under review largely decreased due to the absence of substantial fund raising in the prior year.

Including the effect of exchange rate, cash and cash equivalents at the end of March 2010 were ¥111.4 billion, an increase of ¥41.9 billion from the prior year.

Interest coverage ratio [times] Notes.	12.4	

Equity ratio based on market capitalization : market capitalization / total assets

Interest coverage ratio : cash flows provided by operating activities / interest paid

Each ratio is calculated based on the figures in the consolidated financial statements. Market capitalization is calculated based on closing price at the end of the fiscal year multiplied by the number of shares outstanding at the end of fiscal year, excluding treasury stock. Net cash provided by operating activities are the amount of operating cash flows in the consolidated statements of cash flows. Interest-bearing debt includes short-term borrowings, current portion of long-term debt, and long-term debt in the consolidated balance sheets. Additionally, interest paid is the amount of interest paid in the consolidated statements of cash flows.

### **3. Matter concerning profit allocation**

#### **(1) Basic policy related to the Company's profit allocation**

The Company's basic policy for the return of profit to shareholders is to maintain stable dividends or raise dividends together with share buy-back and retirement of treasury stock. The Company recognizes returning profit to shareholders is one of the most important missions and will strive to expand it, considering requirements of maintaining sound business operations as well as adapting to the future business environment.

#### **(2) Matter concerning profit allocation for this fiscal year and next fiscal year**

The Company has decided to pay ¥5 per common share as year-end cash dividends. Accordingly, including the interim dividend of ¥7 per common share already paid, the total dividends for the entire fiscal year will be ¥12 per common share.

Specific amount of cash dividends for the year ending March 31, 2011 will be decided based on the development of business performance.

**2. Management Policies**

**1. Basic management policy**

Ever since our establishment in 1890, the Company has worked to provide various products that contribute to people's lives and communities around the world, such as iron piping for modern water service facilities, agricultural machinery and equipment for increased food production and labor savings, and environmental facilities that improve harmony between humankind and the environment. The Company has its management principle that the Company contributes to the development of society and the preservation of the earth's environment through its products, technology, and services that provide the foundation for society and for affluent lifestyles. While adhering to this management principle, the Company is implementing management policies that are focused on prioritizing allocation of its resources, emphasizing agility in its operations and strengthening consolidated operations. Through these measures, the Company aims to improve its adaptability to respond with flexibility to the changing times, resulting in a high enterprise value.

**2. Principal Business Policies for Medium-to-Long Term Growth in Profit**

The Company will implement the following measures in order to achieve medium- to long-term growth amid the difficult business environment.

**(1) Management Emphasizing the Front-line of Business with Focus on technology and manufacturing Capabilities**

Bolstering the capabilities for developing technologies and manufacturing proficiency that are fundamental aspects of a manufacturer is essential to prevail against increasingly fierce global competition. The Company will identify the types of technologies it should possess from a medium- to long-term standpoint, and put in place structures that will provide the proper framework for manufacturing to promote globalization. Through this effort, the Company will implement management emphasizing the front-lines of business with focus on technology and manufacturing capabilities.

**(2) Enhancement of CSR Management**

The sustainable growth and development of the Company requires not only continual improvements to earning capacity but also ceaseless contributions to the development of society and conservation of the global environment. From this standpoint, the Company is implementing the following measures to further strengthen its CSR management.

Through such actions as implementing measures to counter global warming, giving greater consideration to recycling of resources, and developing products and technologies that help conserve the environment, the Company will raise the level of its environmental protection activities, and bolster measures to reduce the load on the global environment.

To adapt to the rapid globalization of business and other developments, the Company will pursue diversity management, and proactively utilize a wide range of human resources varying in such aspects as gender, age and nationality.

The Company will conduct assiduous risk management for financial reporting, quality control, environmental conservation, fair trade, compliance, and other functions that are a fundamental part of corporate activity, and will improve the quality of operational processes through the establishment and strengthening of internal controls.

**(3) Improvement of Capabilities to Respond to Fluctuations in the Global Economy**

With the rapid growth of its overseas business, the impact on the Company resulting from trends in the global economy, fluctuations in exchange rates, and other factors has become exceedingly large. Establishing a business structure that will allow for a flexible and rapid response to changes in the global business environment has become an important issue for the Company.

Expansion of overseas production and the appropriate placement of production facilities are necessary to strengthen the Company's ability to respond to fluctuations in the global economy. The Company have already proactively established new production facilities and expanded existing plants mainly in Southeast Asia, and going forward will pursue a program for optimal placement of production facilities on a worldwide scale. The Company will also actively work to strengthen ties between production facilities, and standardize production methods and other aspects of manufacturing.

Globalization of procurement is another important measure in terms of lessening the impact from fluctuations in exchange rates, and strengthening competitiveness. There is still ample room for expansion of global purchasing. The Company will pursue optimization of purchasing together with the optimization of production.

Thorough cost reduction is essential to secure profit in a business environment where expanding sales is difficult. The Company will continue to move forward, with nothing sacred, in implementing its systematic and comprehensive cost reduction program.

**(4) Acceleration of Globalization**

The Company will continue to devote management resources to its overseas business operations and accelerate their expansion particularly in Asia outside Japan.

Specifically, The Company will utilize the products and technologies of the Water & Environment Systems segment in a comprehensive manner in pursuit of overseas business development. The global market for water and the environmental businesses is expected to grow considerably, and is forecast to expand particularly rapidly in China and other areas of Asia outside Japan. The Company will work with passion and spirit to develop new markets without falling behind the pace of market growth.

In the Farm & Industrial Machinery segment, The Company will focus on expansion in the Asian farm equipment business outside Japan, which has considerable growth potential. The Company will dynamically implement a range of measures to expand sales regions, enhance sales networks, diversify its product lineup, and increase local production. The Company will also establish the Kubota brand as the leading manufacturer of agricultural machinery in the Asian market, and aim to be a corporation that contributes to the resolution of food problems in Asia outside Japan.

**< Cautionary Statements with Respect to Forward-Looking Statements >**

This document may contain forward-looking statements that are based on management's expectations, estimates, projections and assumptions. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results may differ materially from what is forecast in forward-looking statements due to a variety of factors, including, without limitation: general economic conditions in the Company's markets, particularly government agricultural policies, levels of capital expenditures, both in public and private sectors, foreign currency exchange rates, continued competitive pricing pressures in the marketplace, as well as the Company's ability to continue to gain acceptance of its products.

3. Summary of accounting policies

## Edgar Filing: KUBOTA CORP - Form 6-K

The accompanying consolidated financial information has been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The consolidated segment information was previously prepared in accordance with a requirement of the Financial Instruments and Exchange Act in Japan. On March 31, 2010, the Company adopted the FASB Accounting Standards Codification (ASC) 280, Segments Reporting, and the consolidated segment information for the year ended March 31, 2009 has been reclassified to conform to ASC 280.

#### 4. Adoption of new accounting standards

The Financial Accounting Standards Board (FASB) announced the FASB Accounting Standards Codification (ASC) in June 2009. The Company adopted ASC on July 1, 2009. ASC restructured the existing US GAAP, and the adoption of ASC did not have an impact on the Company's consolidated results of operations and financial position.

The Company adopted ASC 810, Consolidation (former SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements - an amendment of ARB No. 51) effective April 1, 2009. Upon the adoption of ASC 810, noncontrolling interests, which were previously referred to as minority interests and classified between total liabilities and shareholders' equity on the consolidated balance sheets, are now included as a separate component of total equity. Net income is classified and attributed between noncontrolling interests and Kubota Corporation in the consolidated statements of income, and related presentation of consolidated statements of cash flows and other consolidated financial statements has been changed. Amounts in the prior consolidated financial statements have been reclassified or adjusted to conform to the current presentation.

Under ASC 810, changes in a parent's ownership interest while the parent retains its controlling financial interest in its subsidiary are accounted for as equity transactions. The adoption of ASC 810 resulted in a ¥3,909 million decrease of capital surplus at March 31, 2010.

5. The consolidated financial reports for the prior year have been reclassified to conform to the presentation for the year ended March 31, 2010.

**Notice on a distribution of retained earnings**

Please be advised that Kubota Corporation (hereinafter the Company) resolved at the Board of Directors Meeting held on May 11, 2010 that the Company would distribute retained earnings as the record date was March 31, 2010.

**1. Details of year-end dividend**

	Year-end dividend	Latest forecast (Released on February 9, 2010)	Comparable previous year (Year ended March 31, 2009)
	March 31, 2010	March 31, 2010	March 31, 2009
Record date	March 31, 2010	March 31, 2010	March 31, 2009
Dividend per common share	¥ 5	¥ 5	¥ 7
Amount of dividend	¥ 6,361 million		¥ 8,907 million
Date of payment	June 21, 2010		June 22, 2009
Resource of dividend	Retained earnings		Retained earnings

**2. Background**

The Company's basic policy for the return of profit to shareholders is to maintain stable dividends or raise dividends together with share buy-back and retirement of treasury stock. However, the Company has decided to pay ¥5 per common share as year-end dividend in consideration of the recent business conditions in severe business environment affected by the global financial crisis.

Accordingly, including the interim dividend of ¥7 per common share paid by the Company, the annual dividend per common share for the fiscal year ended March 31, 2010 will be ¥12.

	Interim dividend	Year-end dividend	(per common share) Annual dividend
This fiscal year (Year ended March 31, 2010)	¥ 7	¥ 5	¥ 12
Previous year (Year ended March 31, 2009)	¥ 7	¥ 7	¥ 14
