Commission File No. 001-07763

April 22, 2013

Dear Fellow Employees:

I am excited to inform you that earlier this morning we announced that Met-Pro Corporation and CECO Environmental Corp. have entered into an Agreement and Plan of Merger whereby CECO Environmental will be acquiring Met-Pro Corporation in a cash and stock transaction. This is a strategically and financially compelling combination that brings together our two highly complementary and successful businesses thereby creating a strong, diverse platform for future growth. Furthermore, it offers significant value to all shareholders as the combined company will have significant upside potential. A Met-Pro/CECO combination will create a \$300 million revenue business with significant financial strength that will support our continued organic growth strategies and provide a more robust acquisition capacity. In summary, it is a win-win for both companies.

Met-Pro and CECO are an excellent fit, as our portfolios are truly complementary and allow for product expansion. The combined entity will move us into a leadership position within the Product Recovery/Air Pollution Control sector and give us the ability to expand businesses domestically and internationally by benefiting from each company's strengths, including our operations and sales teams, and global manufacturing footprint. As you know, we are both small public companies. This merger provides increased size and greater financial stability to grow even further and build a more sustainable future for our employees, customers and other business partners. Please note that Met-Pro and CECO leadership have been discussing and evaluating this exciting opportunity for a significant period of time. Our in-depth analysis confirms our belief of positive shareholder value creation.

As in any transaction of this type, the consummation of the merger is subject to various conditions. The completion of the merger is currently expected to occur in the third quarter of this year. However, until the transaction is complete, Met-Pro Corporation and CECO Environmental will remain separate companies, and for all intents and purposes operate on a business as usual basis.

This exciting opportunity was made possible through the valuable contributions each of you has made to the significant success achieved by our companies. The key to our success has been, and will continue to be, our people. As we move forward, we ask that you continue to focus on your day-to-day responsibilities and on providing our customers with the exceptional quality

and service they have come to expect. Our combined future is bright and brings with it many long term opportunities that would not be available if we remained separate.

Your dedication and accomplishments have made this exciting opportunity possible. Thank you for all you have done and for your efforts going forward. As always, it is an honor and a privilege to work with each of you.

Sincerely,

Jeff Lang

CECO Environmental

### **Forward Looking Statements**

Information in this document contains forward-looking statements, which involve a number of risks and uncertainties. CECO Environmental Corp. ( CECO ) and Met-Pro Corporation ( Met-Pro ) caution readers that any forward-looking information is not a guarantee of future performance and that actual results could differ materially from those contained in the forward-looking information. All such forward-looking statements include, but are not limited to, statements about the benefits of the business combination transaction involving CECO and Met-Pro, including future financial and operating results, the new company's plans, objectives, expectations and intentions and other statements that are not historical facts.

The following factors, among others, could cause actual results to differ from those set forth in the forward-looking statements: the failure of CECO or Met-Pro stockholders to approve the transaction; the risk that the businesses will not be integrated successfully; the risk that the cost savings and any other synergies from the transaction may not be fully realized or may take longer to realize than expected; disruption from the transaction making it more difficult to maintain relationships with customers, employees or suppliers; competition and its effect on pricing, spending, third-party relationships and revenues. Additional factors that may affect future results are contained in CECO's and Met-Pro's filings with the SEC. CECO and Met-Pro disclaim any obligation to update and revise statements contained in these materials based on new information or otherwise
