The9 Limited Reports First and Second Quarter 2013 Unaudited Financial Results

Shanghai, China September 5, 2013. The9 Limited (NASDAQ: NCTY) (The9), an online game developer and operator, announced its unaudited financial results for the first quarter ended March 31, 2013 and the second quarter ended June 30, 2013 today.

Financial Highlights:

Net revenues in the first quarter of 2013 amounted to RMB19.9 million (US\$3.2 million), representing a 7% increase from RMB18.6 million (US\$3.0 million) in the fourth quarter of 2012. Net revenues in the second quarter of 2013 amounted to RMB26.2 million (US\$4.3 million), representing a 32% increase from RMB19.9 million (US\$3.2 million) in the first quarter of 2013

In the first quarter of 2013, net loss attributable to holders of ordinary shares was RMB114.1 million (US\$18.6 million), representing a 2% decrease from a net loss of RMB115.9 million (US\$18.9 million) in the fourth quarter of 2012. In the second quarter of 2013, net loss attributable to holders of ordinary shares was RMB167.8 million (US\$27.3 million), representing a 47% increase from RMB114.1 million (US\$18.6 million) in the first quarter of 2013, including an impairment loss on investments of RMB32.8 million (US\$5.3 million) recorded in the second quarter of 2013.

Management Comments:

Jun Zhu, Chairman and Chief Executive Officer of The9 said, "Our net losses in the first and second quarters of 2013 in part reflected our ongoing investments related to the development and upcoming launch of our widely anticipated new games, Firefall and Qiji2. In the second half of 2013, we expect to commence the marketing campaign for Firefall in the U.S. and Europe. We also plan to launch Qiji2 in China in the second half of 2013. We have great expectation for these two games on which we have invested more than \$100 million in the past three years."

Discussion of The9's Unaudited First and Second Quarter 2013 Results

Net Revenues

Our net revenues in the first quarter of 2013 amounted to RMB19.9 million (US\$3.2 million), representing a 7% increase from RMB18.6 million (US\$3.0 million) in the fourth quarter of 2012 and a 59% decrease from RMB48.6 million (US\$7.9 million) in the first quarter of 2012. The increase from the previous quarter was primarily due to an increase in net revenues from Firefall close beta testing. The decrease from the first quarter of 2012 was primarily due to a decrease in net revenues from ShenXianZhuan.

Our net revenues in the second quarter of 2013 amounted to RMB26.2 million (US\$4.3 million), representing a 32% increase from RMB19.9 million (US\$3.2 million) in the first quarter of 2013 and a 52% decrease from RMB54.8 million (US\$8.9 million) in the second quarter of 2012. The increase from the previous quarter was primarily due to an increase in net revenues from the games newly launched in the first quarter, including Firefall close beta testing, Planetside2 and ReXueWuShuang (a new web game). The decrease from the first quarter of 2012 was primarily due to a decrease in net revenues from ShenXianZhuan, partially offset by the net revenues from our newly launched games.

Gross Profit (Loss)

Our gross loss in the first quarter of 2013 amounted to RMB0.8 million (US\$0.1 million), representing a 38% decrease from RMB1.3 million (US\$0.2 million) in the fourth quarter of 2012. We recorded a gross profit of RMB32.8 million (US\$5.3 million) in the first quarter of 2012. The decrease from the fourth quarter of 2012 was primarily due to the increase in net revenues from the games newly launched in the first quarter of 2013. We had a gross loss in the first quarter of 2013 compared to a gross profit in the same quarter in 2012, primarily reflected a decrease in net revenues from ShenXianZhuan and an increase of amortization costs related to Firefall in the first quarter of 2013.

Our gross profit in the second quarter of 2013 amounted to RMB3.0 million (US\$0.5 million), compared to gross loss of RMB0.8 million (US\$0.1 million) in the first quarter of 2013. Such gross profit in the second quarter of 2013 represented a 92% decrease from a gross profit of RMB38.8 million (US\$6.3 million) in the second quarter of 2012. The difference between the first two quarters in 2013 reflected the increase in net revenues from the newly launched games. The year-over-year decrease was primarily due to a decrease in net revenues from ShenXianZhuan and an increase of amortization costs related to Firefall.

Operating Expenses

In the first quarter of 2013, our operating expenses were RMB125.4 million (US\$20.4 million), representing a 16% decrease from RMB148.9 million (US\$24.3 million) in the fourth quarter of 2012 and a 19% decrease from RMB154.9 million (US\$25.2 million) in the first quarter of 2012. The decrease from the fourth quarter of 2012 was primarily due to a decrease in marketing expenses related to Firefall and Planetside 2, as well as a decrease in product development expenses related to Firefall, Qiji2 and mobile games. The decrease from the first quarter of 2012 was primarily due to a decrease in marketing expenses related to ShenXianZhuan, as well as a decrease in product development expenses as a result of our disposal of certain research and development entities in the third quarter of 2012. In the first quarter of 2013, our share-based compensation was RMB7.9 million (US\$1.3 million), compared to RMB8.2 million (US\$1.3 million) in the fourth quarter of 2012 and RMB9.0 million (US\$1.5 million) in the first quarter of 2012.

In the second quarter of 2013, our operating expenses were RMB149.4 million (US\$24.3 million), representing a 19% increase from RMB125.4 million (US\$20.4 million) in the first quarter of 2013 and a 12% decrease from RMB168.8 million (US\$27.5 million) in the second quarter of 2012. The increase from the first quarter of 2013 was primarily due to an increase in marketing expenses related to Planetside 2, an increase in product development expenses related to Firefall, Qiji2 and web games, and an increase in share-based compensation. The decrease from the second quarter of 2012 was primarily due to a decrease in marketing expenses related to ShenXianZhuan, as well as a decrease in product development expenses as a result of our disposal of certain research and development entities in the third quarter of 2012. In the second quarter of 2013, our share-based compensation was RMB11.8 million (US\$1.9 million), compared to RMB7.9 million (US\$1.3 million) in the first quarter of 2013 and RMB8.9 million (US\$1.5 million) in the second quarter of 2012.

Interest Income

Our interest income in the first quarter of 2013 was RMB3.6 million (US\$0.6 million), compared to RMB3.6 million (US\$0.6 million) in the fourth quarter of 2012 and RMB6.8 million (US\$1.1 million) in the first quarter of 2012. The decrease from the first quarter of 2012 was primarily due to a decrease in our cash balance.

Our interest income in the second quarter of 2013 was RMB2.2 million (US\$0.4 million), compared to RMB3.6 million (US\$0.6 million) in the first quarter of 2013 and RMB6.5 million (US\$1.1 million) in the second quarter of 2012. Such decreases were primarily due to decreases in our cash balance.

Impairment Loss on Investments

In the second quarter of 2013, we recognized an impairment loss of RMB32.8 million (US\$5.3 million) in relation to our investments in several early stage mobile game and application development companies in the U.S and China.

Net Loss Attributable to Holders of Ordinary Shares

As a result of the foregoing, in the first quarter of 2013, our net loss attributable to holders of ordinary shares was RMB114.1 million (US\$18.6 million), representing a 2% decrease from RMB115.9 million (US\$18.9 million) in the fourth quarter of 2012 and a 3% increase from RMB111.4 million (US\$18.1 million) in the first quarter of 2012. Our fully diluted loss per share and per ADS in the first quarter of 2013 was RMB4.79 (US\$0.78), compared to RMB4.73 (US\$0.77) in the fourth quarter of 2012 and RMB4.55 (US\$0.74) in the first quarter of 2012.

In the second quarter of 2013, our net loss attributable to holders of ordinary shares was RMB167.8 million (US\$27.3 million), representing a 47% increase from RMB114.1 million (US\$18.6 million) in the first quarter of 2013 and a 42% increase from RMB118.0 million (US\$19.2 million) in the second quarter of 2012. Our fully diluted loss per share and per ADS in the second quarter of 2013 was RMB7.34 (US\$1.20), compared to RMB4.79 (US\$0.78) in the first quarter of 2013 and RMB4.82 (US\$0.79) in the second quarter of 2012.
