PROXY STATEMENT FOR 2014 ANNUAL MEETING OF STOCKHOLDERS

May 21, 2014

INFORMATION CONCERNING SOLICITATION AND VOTING

Your vote is very important. For this reason our Board of Directors is requesting that you permit your shares of common stock to be represented at our 2014 Annual Meeting of Stockholders by the proxies named on the enclosed proxy card. This proxy statement contains important information for you to consider in deciding how to vote on the matters brought before the meeting. The date of this proxy statement is April 21, 2014. The proxy statement and form of proxy are first being mailed to our stockholders on or about April 21, 2014.

Important Notice Regarding The Availability Of Proxy Materials For The Stockholder Meeting To Be Held On May 21, 2014: This Proxy Statement, along with our 2013 Annual Report to Stockholders are available on the following website: <http://materials.proxyvote.com/90385V>.

General Information

Ultra Clean Holdings, Inc., referred to in this proxy statement as Ultra Clean, the Company or we, is soliciting the enclosed proxy for use at our Annual Meeting of Stockholders to be held May 21, 2014 at 2:30 p.m., Pacific time or at any adjournment thereof for the purposes set forth in this proxy statement. Our annual meeting will be held at the offices of Davis Polk & Wardwell LLP, 1600 El Camino Real, Menlo Park, California 94025.

Who May Attend and Vote at Our Annual Meeting

All holders of our common stock, as reflected in our records at the close of business on April 3, 2014, the record date for voting, may attend and vote at the meeting. To attend the annual meeting, you must present photo identification for admittance. If you are not a stockholder of record but hold shares as a beneficial owner in street name, you must also provide proof of beneficial ownership as of the record date, such as your most recent account statement prior to the record date, a copy of the voting instruction card provided by your broker, bank, trustee, or nominee, or other similar evidence of ownership.

Each share of common stock that you owned on the record date entitles you to one vote on each matter properly brought before the meeting. As of the record date, there were issued and outstanding 30,014,212 shares of our common stock, \$0.001 par value.

Holding Shares as a Beneficial Owner (or in Street Name)

Most stockholders are considered the beneficial owners of their shares, that is, they hold their shares through a broker, bank or nominee rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially or in street name.

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares. If you are a stockholder of record, we are sending paper copies of the proxy materials directly to you. As our stockholder of record, you have the right to grant your voting proxy directly to us by mailing the enclosed proxy card, to vote on the Internet or by telephone, or to vote in person at the annual meeting.

Table of Contents

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or nominee, you are considered the beneficial owner of shares held in street name, and the proxy statement is being forwarded to you by or on behalf of your broker, bank or nominee (who is considered the stockholder of record with respect to those shares). As the beneficial owner, you have the right to direct your broker, bank, or nominee how to vote by following the instructions you receive from your broker, bank or nominee. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting unless you request, complete and deliver a proxy from your broker, bank or nominee.

How to Vote

You may vote in person at the meeting or by proxy. You may vote by proxy over the Internet, by telephone or by mail if you complete and return the enclosed proxy card. We recommend that you vote by proxy even if you plan to attend the meeting. You may change your vote at the meeting even if you have previously submitted a proxy.

How Proxies Work

This proxy statement is furnished in connection with the solicitation of proxies by us for use at the annual meeting and at any adjournment of that meeting. If you give us your proxy you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some or none of our director candidates. You may also vote for or against the other proposals, or you may abstain from voting.

If you give us your proxy but do not specify how your shares shall be voted on a particular matter, your shares will be voted:

FOR the election of each of the named nominees for director;

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm;

FOR the approval of the compensation of our named executive officers; and

with respect to any other matter that may come before the annual meeting, as recommended by our Board of Directors or otherwise in the proxies' discretion.

Changing Your Vote

You have the right to revoke your previously submitted proxy at any time before your proxy is exercised at the annual meeting.

You may revoke your proxy by resubmitting your vote on a later date on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the meeting will be counted), by signing and returning a new proxy card with a later date, by attending the meeting and voting in person or by giving written notice to our Secretary that you wish to revoke your previously submitted proxy.

Important Notice Regarding Delivery of Stockholder Documents

Only one proxy statement, annual report and set of accompanying materials, if applicable, is being delivered by us to multiple stockholders sharing an address, who have consented to receiving one set of such materials, until we receive contrary instructions from one or more of such stockholders. We will deliver, promptly upon written or oral request, a separate copy of such materials to a stockholder at a shared address to which a single copy of such materials was delivered. A stockholder who wishes to receive a separate copy of the proxy statement and accompanying materials now or in the future, or stockholders sharing an address who are receiving multiple copies of the proxy statement and accompanying materials and wish to receive a single copy of such materials, should submit a request to Broadridge, c/o Household Department, 51 Mercedes Way, Edgewood, NY 11717 or call 800-542-1061.

Table of Contents

Attending in Person

Any stockholder of record may vote in person at the annual meeting of our stockholders. All meeting attendees will be required to present a valid, government-issued photo identification, such as a driver's license or passport, in order to enter the meeting.

If you are a beneficial owner and your shares are held in the name of your broker, bank or nominee, you must bring a proxy from your broker, bank or nominee in order to vote in person.

Votes Needed to Hold the Meeting and Approve Proposals

In order to carry on the business of the annual meeting, stockholders entitled to cast a majority of the votes at a meeting of stockholders must be represented at the meeting, either in person or by proxy. In accordance with Delaware law, only votes cast for a matter constitute affirmative votes. A properly executed proxy marked "abstain" with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Since abstentions will not be votes cast for a particular proposal, they will have the same effect as negative votes or votes against that proposal. Broker non-votes are also counted for the purpose of determining the presence of a quorum. Broker non-votes occur when shares held by a broker on behalf of a beneficial owner are not voted with respect to a particular proposal, which generally occurs when the broker has not received voting instructions from the beneficial owner and lacks the discretionary authority to vote the shares itself.

Election of Directors. The election of directors requires a plurality of the votes cast for the election of directors. Plurality means that the six nominees who receive the highest number of votes will be elected as directors. In the election of directors, votes may be cast in favor of or withheld from any or all nominees. Brokers do not have discretionary authority to vote shares without instructions from beneficial owners in the election of directors. Therefore, beneficial owners who are not stockholders of record and who want their vote to be counted in the election of directors must give voting instructions to their bank, broker or nominee before the date of the annual meeting.

Ratification of the appointment of our independent registered public accounting firm. The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the proposal will be required to ratify the appointment of our independent registered public accounting firm for the current fiscal year. We believe that the ratification of our independent registered public accounting firm is a routine proposal for which brokers may vote shares held on behalf of beneficial owners who have not given voting instructions with respect to that proposal.

Advisory vote on the compensation of our named executive officers. The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the proposal will be required to approve, by an advisory vote, the compensation of our named executive officers for fiscal year 2013. The advisory vote on the compensation of our named executive officers is not considered a routine proposal; therefore brokers lack the discretionary authority to vote shares without instructions from beneficial owners for this proposal.

Approval of any other matter properly submitted to the stockholders at the annual meeting generally will require the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on that matter.

Security Ownership of Certain Beneficial Owners and Management

The table below sets forth information as of March 28, 2014 regarding the beneficial ownership (as defined by Rule 13d-3(d)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) of our common stock by:

each person or group known by us to own beneficially more than five percent of our common stock;

Table of Contents

each of our directors, director nominees and named executive officers individually; and

all directors and executive officers as a group.

In accordance with applicable rules of the Securities and Exchange Commission (the "SEC"), beneficial ownership includes voting or investment power with respect to securities and includes the shares issuable pursuant to stock options that are exercisable, and shares of restricted stock and restricted stock units that vest, within 60 days of March 28, 2014. Shares issuable pursuant to the exercise of stock options, and shares of restricted stock and restricted stock units that vest, in the 60 days following March 28, 2014, are deemed outstanding for the purpose of computing the ownership percentage of the person holding such options, or shares of restricted stock or restricted stock units, but are not deemed outstanding for computing the ownership percentage of any other person. The percentage of beneficial ownership for the following table is based on 29,910,985 shares of common stock outstanding as of March 28, 2014.

The address of each of the named individuals in the table below is c/o Ultra Clean Holdings, Inc., 26462 Corporate Avenue, Hayward, CA 94545 unless otherwise indicated below. 2002 to 2003 and, prior to that, held various management and executive roles at Raychem Corporation (acquired by Tyco International in 1999) from 1984 to 2001, including corporate vice president of Raychem and managing director of Tyco Ventures. Ms. Liggett has been a director of MTS Systems Corporation since 2010 and was a director of Immersion Corporation from 2005 to 2011. She also currently serves on the board of directors of the Purdue University School of Engineering Advisory Board. Ms. Liggett holds a bachelor of science in chemical engineering from Purdue University, a masters of science in engineering and manufacturing systems from Stanford University and a masters degree in business administration from the Stanford University Graduate School of Business. Ms. Liggett's qualifications to serve on our Board of Directors include her chief executive officer and management experience in a variety of technical industrial companies. She has managed worldwide businesses, partnerships, and international joint ventures. She also has public company and private company operating and board experience, and expertise in strategy, operations, new product development, sales, marketing, and business development for highly technical businesses.

There are no family relationships among any of our directors and executive officers. There are no arrangements or understandings between any of our directors and us pursuant to which such director was or is to be selected as a director or nominee. Information related to the compensation of our Board of Directors can be found under "Director Compensation" below.

Board Recommendation

Our Board of Directors recommends that you vote FOR each of the nominees to the Board of Directors set forth in this Proposal 1.

Structure of Board of Directors and Corporate Governance Information

Director Independence. We are required to comply with the director independence rules of the NASDAQ Stock Market ("NASDAQ") and the SEC. These rules require that the board of directors of a listed company be composed of a majority of independent directors and that the audit committee, compensation committee and nominating and corporate governance committee be composed solely of independent directors.

Our Board of Directors has determined that Susan H. Billat, John Chenault, David T. ibnAle, and Emily Maddox Liggett, are each independent in accordance with applicable NASDAQ and SEC rules. Accordingly, a majority of our current Board of Directors is independent as required by NASDAQ rules and, upon election of each of our director nominees at the 2014 annual meeting of stockholders, a majority of our Board of Directors will be independent as required by NASDAQ rules.

Director Responsibilities. We are governed by our Board of Directors and its various committees that meet throughout the year. Our Board of Directors currently consists of five directors. However, in accordance with our bylaws, our Board of Directors has approved an increase in the size of the Board of Directors by one seat, subject to the election of Ms. Liggett, our nominee for director who does not currently serve as a director, at the 2014 annual meeting of stockholders. During 2013, there were four meetings of our Board of Directors. We expect directors to attend and prepare for all meetings of the Board of Directors and the meetings of the committees on which they serve. Each of our directors attended more than 75% of the aggregate number of meetings of the Board of Directors and the committees on which he or she served during 2013.

Board Leadership Structure. Our corporate governance guidelines allow for the flexibility to combine or separate the offices of chairman and the chief executive officer to best serve the interests of the Company and its stockholders. We currently have a board leadership structure under which our CEO also serves as Chairman of our Board of Directors. Our Board of Directors believes this structure is, and has been, an efficient and successful leadership model for the Company promoting clear accountability and effective decision-making. Our Board of Directors believes that Mr. Granger has conducted his duties as Chairman effectively to date. Our Board of Directors recognizes that a different leadership model may be warranted under different circumstances. Accordingly, our Board of Directors periodically reviews its leadership structure.

Table of Contents

The Board also continually reviews the need for effective independent oversight. Each member of each of our Board of Director s standing committees is an independent director, and each independent director is actively involved in independent oversight. Our independent directors meet in executive session during each regularly scheduled quarterly meeting of our Board of Directors and periodically evaluate our Chairman and Chief Executive Officer. All directors have unrestricted access to management at all times and frequently communicate with the Chief Executive Officer and other members of management on a variety of topics. Given the above factors, our Board of Directors has determined that our leadership structure is appropriate and has not deemed it necessary or valuable to appoint an independent lead director at this time.

Corporate Governance. Our Board of Directors has adopted corporate governance guidelines. These guidelines address items such as the qualifications and responsibilities of our directors and director candidates and the corporate governance policies and standards applicable to us in general. In addition, we have adopted a code of business conduct and ethics that applies to all officers, directors and employees. Our corporate governance guidelines and our code of business conduct and ethics as well as the charters of the Nominating and Corporate Governance Committee, Audit Committee and Compensation Committee are available on our website at http://www.uct.com/investors/corporate_governance.htm.

Communicating with our Board of Directors. Any stockholder wishing to communicate with our Board of Directors may send a letter to our Secretary at 26462 Corporate Avenue, Hayward, CA 94545. Communications intended specifically for non-employee directors should be sent to the attention of the chair of the Nominating and Corporate Governance Committee.

Annual Meeting Attendance. Our Board of Directors has adopted a policy that all members should attend each annual meeting of stockholders when practical. All of our directors attended the 2013 annual meeting of stockholders.

Risk Oversight

Our Board of Directors plays an active role, as a whole and also at the committee level, in overseeing the management of our risks. Our Board of Directors regularly reviews reports from the management team on areas of material risk to the Company, including operational, financial, legal and strategic risks. Each of the committees of our Board of Directors also oversees the management of company risks that fall within the committee s areas of responsibility. The Audit Committee periodically reviews risks associated with financial reporting and internal controls, as well as risks associated with liquidity, customer credit, inventory reserves and insurance coverage. The Nominating and Corporate Governance Committee assists the Board in overseeing risks associated with board organization, membership and structure and corporate governance. The Compensation Committee assists the Board in reviewing whether any material risks arise from our compensation programs and in overseeing risks associated with succession planning for our executives.

Committees of our Board of Directors

Our Board of Directors has three principal committees. The following describes for each committee its current membership, the number of meetings held during 2013 and its mission:

Audit Committee. Among other matters, the Audit Committee:

hires and replaces our independent registered public accounting firm as appropriate;

evaluates the independence and performance of our independent registered public accounting firm, reviews and pre-approves any audit and non-audit services provided by our independent registered public accounting firm and approves fees related to such services;

reviews and discusses with management, the internal auditors and our independent registered public accounting firm our financial statements and accounting principles;

Table of Contents

oversees internal auditing functions and controls; and

prepares the Audit Committee report required by the rules of the SEC.

A copy of the Audit Committee's charter is available on our website at www.uct.com/investors/corporate_governance.htm.

The current members of the Audit Committee are John Chenault (chair), Susan H. Billat and David T. ibnAle. Our Board of Directors has determined that each member of the committee satisfies both the SEC's additional independence requirement for members of audit committees and the other requirements of NASDAQ for members of audit committees. The Board of Directors has also concluded that each member of the Audit Committee qualifies as an audit committee financial expert as defined by SEC rules and has the financial sophistication required by NASDAQ. The Audit Committee met four times in 2013.

Compensation Committee. Among other matters, our Compensation Committee:

oversees our compensation and benefits policies generally, including equity compensation plans;

evaluates senior executive performance and reviews our management succession plan;

oversees and sets compensation for our senior executives; and

reviews and recommends inclusion of the Compensation Discussion and Analysis required to be included in our proxy statement by SEC rules.

A copy of the Compensation Committee's charter is available on our website at www.uct.com/investors/corporate_governance.htm. The Compensation Committee's process for deliberations on executive compensation is described below under Compensation Discussion and Analysis.

As part of our oversight of our executive compensation program and in conjunction with the Compensation Committee, we consider the impact of our executive compensation program and the incentives created by different elements of the executive compensation program on our risk profile. In addition, we review all of our compensation policies and procedures, including the incentives that they create and factors that affect the likelihood of excessive risk taking, to determine whether they present a significant risk to the Company. Based on this review, we have concluded that our compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

The current members of the Compensation Committee are Susan H. Billat (chair), John Chenault and David T. ibnAle. Our Board of Directors has determined each member of the committee is independent as defined under NASDAQ and SEC rules. The Compensation Committee met four times in 2013.

Nominating and Corporate Governance Committee. Among other matters, our Nominating and Corporate Governance Committee:

identifies individuals qualified to fill independent director positions and recommends directors for appointment to committees of our Board of Directors;

makes recommendations to our Board of Directors as to determinations of director independence;

evaluates the performance of our Board of Directors;

oversees and sets compensation for our directors; and

develops, recommends and oversees compliance with our corporate governance guidelines and code of business conduct and ethics.

A copy of the Nominating and Corporate Governance Committee's charter is available on our website at www.uct.com/investors/corporate_governance.htm.

The current members of the Nominating and Corporate Governance Committee are David T. ibnAle (chair) and Susan H. Billat. Our Board of Directors has determined that each current member of the Nominating and Corporate Governance Committee is independent as defined under NASDAQ. The Nominating and Corporate Governance Committee met two times in 2013.

Consideration of Director Nominees

Director Qualifications. The Nominating and Corporate Governance Committee charter specifies the criteria applied to director nominees. Candidates for director nominees are reviewed in the context of the current composition of our Board of Directors, our operating requirements and the interests of our stockholders. In conducting its assessment, the committee considers issues of judgment, diversity, age, skills, background, experience and such other factors as it deems appropriate given the needs of the Company and our Board of Directors. Although we do not have a formal policy with regard to the consideration of diversity, when identifying and selecting director nominees, the Nominating and Corporate Governance Committee also considers the impact a nominee would have in terms of increasing the diversity of our Board of Directors with respect to professional experience, skills, backgrounds, viewpoints and areas of expertise. The Nominating and Corporate Governance Committee also considers the independence, financial literacy and financial expertise standards required by our committee charters and applicable laws, rules and regulations, and the ability of the candidate to devote the time and attention necessary to serve as a director and a committee member.

Identifying and Evaluating Nominees for Director. In the event that vacancies are anticipated or otherwise arise, the Nominating and Corporate Governance Committee (or, if the Nominating and Corporate Governance Committee is not comprised solely of independent directors, our independent directors) consider(s) various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee (or our independent directors) through current directors, professional search firms engaged by us, stockholders or other persons. Candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee (or our independent directors) and may be considered at any point during the year.

Stockholder Nominees. Candidates for director recommended by stockholders will be considered by the Nominating and Corporate Governance Committee (or our independent directors). Such recommendations should include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications for membership on our Board of Directors, information regarding any relationships between the candidate and our Company within the last three years and a written indication by the recommended candidate of the candidate's willingness to serve on our Board of Directors. Stockholder recommendations, with such accompanying information, should be sent to the attention of the Chair of the Nominating and Corporate Governance Committee at the address listed under Information Concerning Solicitation and Voting - Contacting Ultra Clean.

Stockholders also may nominate directors for election at our annual meeting of stockholders by following the provisions set forth in our bylaws. The deadline and procedures for stockholder nominations are disclosed elsewhere in this proxy statement under the caption Information Concerning Solicitation and Voting - Deadline for Receipt of Stockholder Proposals.

Director Compensation

For fiscal year 2013, each non-employee director was paid a \$30,000 annual retainer fee, as well as, if applicable, a \$12,000 annual fee for serving on the Audit Committee, a \$5,000 annual fee per committee for serving on the Compensation and the Nominating and Corporate Governance Committees, a \$20,000 annual fee

for serving as chair of the Audit Committee (which includes the fee to serve on the Audit Committee) and a \$10,000 annual fee for serving as chair of the Compensation and Nominating and Corporate Governance Committees (which includes the fee to serve on each committee). In fiscal year 2013, on the date of our annual meeting of stockholders, each non-employee director was granted 7,500 restricted stock awards that fully vest on the earlier of (i) the day before the 2014 annual meeting of stockholders and (ii) May 22, 2014.

In February 2014, the Nominating and Corporate Governance Committee recommended and the Board approved that, for fiscal 2014, each non-employee director would receive a cash retainer and equity award consistent with that received for fiscal year 2013, to be effective at the date of the 2014 annual meeting of stockholders. Annual fees for serving on or as chair of committees were not changed.

The following table sets forth compensation for our non-employee directors for fiscal year 2013:

Name	Fees Earned	Stock	Total (\$)
	or Paid In	Awards ⁽¹⁾ ,	
	Cash (\$)	⁽²⁾	
		(\$)	
Susan H. Billat ⁽³⁾	57,000	45,525	102,525
John Chenault	55,000	45,525	100,525
David ibnAle ⁽³⁾	57,000	45,525	102,525
Leonid Mezhvinsky	30,000	45,525	75,525

(1) Amounts shown do not reflect compensation actually received by the directors. The amounts shown are the grant date fair value for restricted stock awards granted in fiscal year 2013 computed in accordance with FASB ASC Topic 718 based on the closing price of our common stock on the day preceding the grant date. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions.

(2) Messrs. Chenault, ibnAle and Mezhvinsky and Ms. Billat each held an aggregate of 7,500 unvested restricted stock awards at December 27, 2013.

(3) At December 27, 2013, Ms. Billat held 30,000 outstanding stock options and Mr. ibnAle held 22,500 outstanding stock options. No stock options were granted to our directors during fiscal year 2013.

Mr. Granger is not included in the table above because he received no separate compensation for services as a director during 2013. His compensation is set forth under Executive Officer Compensation Summary Compensation Table.

Stock Ownership Guidelines; Policy against Hedging Transactions and Pledges

The Board of Directors has adopted stock ownership guidelines for our directors to more closely align the interests of our directors with those of our stockholders. The guidelines provide that each director should hold at least 10,000 shares of our common stock, and that each director be allowed three years from the date such director joined our Board of Directors to accumulate such number of shares of our common stock. All of our directors currently meet our stock ownership guidelines.

The Company's Insider Trading Policy provides that shares of Ultra Clean stock shall not be made subject to a hedge transaction or puts and calls. The Insider Trading Policy further prohibits any pledges of shares of Ultra Clean stock by our directors and executive officers.

Certain Relationships and Related Transactions

Transactions with Management and Directors. The wife of Bruce Wier, our Sr. Vice President of Engineering and one of our executive officers, is the sole owner of Acorn Travel, Inc., our primary travel agency until September 2013. We made payments for travel-related services, which include the cost of airplane tickets, to Acorn Travel for a total of approximately \$259,000 in the year ended December 27, 2013.

Table of Contents

The Company leases a facility from an entity controlled by Leonid Mezhvinsky, one of our directors. In the year ended December 27, 2013, we incurred rent and other expenses resulting from the lease of this facility of approximately \$260,000.

Related Person Transaction Policy. Our written Related Person Transaction Policy requires our Board of Directors or the Nominating and Corporate Governance Committee to review and approve all related person transactions. Our directors and officers are required to promptly notify our Chief Compliance Officer of any transaction which potentially involves a related person. Our Board of Directors or the Nominating and Corporate Governance Committee then considers all relevant facts and circumstances, including without limitation the commercial reasonableness of the terms of the transaction, the benefit and perceived benefit, or lack thereof, to the Company, opportunity costs of alternate transactions, the materiality and character of the related person's direct or indirect interest, and the actual or apparent conflict of interest of the related person. Our Board of Directors or the Nominating and Corporate Governance Committee will not approve or ratify a related person transaction unless it has determined that, upon consideration of all relevant information, the transaction is in, or not inconsistent with, the best interests of the Company and its stockholders.

Table of Contents**PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee expects to appoint Deloitte & Touche LLP to serve as our independent registered public accounting firm for fiscal 2014. We are asking you to ratify this appointment, although your ratification is not required. In the event of a majority vote against ratification, the Audit Committee may reconsider its selection. Even if the appointment is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and its stockholders' best interests. A representative of Deloitte & Touche LLP is expected to be present at the annual meeting of stockholders, will have the opportunity to make a statement if he/she desires to do so and is expected to be available to respond to appropriate questions.

Set forth below are the aggregate fees incurred for the professional services provided by our independent registered public accounting firm, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte & Touche"), in fiscal year 2013 and 2012.

	Fiscal Year Ended	
	December 27, 2013	December 28, 2012
Audit fees	\$ 1,248,250	\$ 1,118,000
Tax Fees	\$ 35,000	\$ 62,975

Audit fees consist of fees billed, or to be billed, for services rendered to us and our subsidiaries for the audit of our annual financial statements and internal control over financial reporting, reviews of our quarterly financial statements included in our quarterly reports on Form 10-Q and audit services provided in connection with other statutory and regulatory filings.

Tax fees consist of fees billed for professional services for assistance regarding worldwide transfer pricing analysis and documentation.

Preapproval Policy of Audit Committee of Services Performed by Independent Auditors

The Audit Committee's policy requires that the committee preapprove audit and non-audit services to be provided by our independent auditors before the auditors are engaged to render services. The Audit Committee may delegate its authority to pre-approve services to one or more Audit Committee members; provided that such designees present any such approvals to the full Audit Committee at the next Audit Committee meeting.

All services described above provided by Deloitte & Touche LLP were pre-approved in accordance with the Audit Committee's pre-approval policies.

Board Recommendation

Our Board of Directors recommends that you vote FOR ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2014.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee of the Board of Directors shall not be deemed to be soliciting material or to be filed with the SEC nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933 (the Securities Act) or the Securities Exchange Act of 1934 (the Exchange Act), each as amended, except to the extent that Ultra Clean specifically incorporates it by reference into such filing.

The Audit Committee serves in an oversight capacity and is not intended to be part of our operational or managerial decision-making process. Our management is responsible for preparing our consolidated financial statements, and our independent registered public accounting firm, Deloitte & Touche LLP, is responsible for auditing those statements. The Audit Committee's principal purpose is to monitor these processes.

The Audit Committee is currently composed of three directors, each of whom meets the requirements of applicable NASDAQ Stock Market and Securities and Exchange Commission rules for audit committee independence. The key responsibilities of our Audit Committee are set forth in our Audit Committee's charter, which is available on our website at www.uct.com/investors/corporate_governance.htm.

The Audit Committee regularly met and held discussions with management and Deloitte & Touche LLP in 2013. Management represented to the Audit Committee that Ultra Clean's consolidated financial statements were prepared in accordance with generally accepted accounting principles applied on a consistent basis, and the Audit Committee has reviewed and discussed the quarterly and annual earnings press releases and audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 27, 2013 with management and Deloitte & Touche LLP. The Committee has also discussed with Deloitte & Touche LLP matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees issued by the Public Company Accounting Oversight Board (PCAOB).

The Audit Committee has discussed with Deloitte & Touche LLP its independence from us and our management, including the matters, if any, in the written disclosures pursuant to applicable requirements of the Public Company Accounting Oversight Board regarding an independent accountant's communications with the Audit Committee concerning independence. The Audit Committee also considered whether Deloitte & Touche LLP's provision of audit and non-audit services to us is compatible with maintaining the independence of Deloitte & Touche LLP from us.

The Audit Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Compensation Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting. To avoid certain potential conflicts of interest, the law prohibits a publicly traded company from obtaining certain non-audit services from its independent audit firm. We obtain these services from other service providers as needed.

Based on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors, and our Board of Directors approved, that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 27, 2013, for filing with the Securities and Exchange Commission.

The Audit Committee expects to appoint Deloitte & Touche LLP as our independent auditors for 2014.

PROPOSAL 3: ADVISORY VOTE APPROVING THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

This proposal provides you with an opportunity to cast a non-binding advisory vote approving the fiscal year 2013 compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC in this proxy statement, including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures. Consistent with the non-binding advisory vote of our stockholders at our 2011 annual meeting, we will hold a non-binding advisory vote on executive compensation annually until our next non-binding advisory vote on the frequency of stockholder advisory votes on executive compensation, which is required no later than our 2017 annual meeting of Stockholders. Although, as an advisory vote, this proposal is not binding on us or our Board of Directors, the Compensation Committee and our Board of Directors value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions.

As described in detail under the heading Compensation Discussion and Analysis, our executive compensation programs are designed to attract, motivate and retain our named executive officers, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of specific short-term and long-term goals. We believe our 2013 executive compensation is appropriate. Please see the Compensation Discussion and Analysis beginning on page 18 for additional details about our executive compensation philosophy and programs, including information about the fiscal year 2013 compensation of our named executive officers. This advisory vote is not intended to address any specific item of compensation, but rather the overall compensation principles and practices and the fiscal year 2013 compensation of our named executive officers.

The affirmative vote of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on this item will be required to approve, by an advisory vote, the compensation of our named executive officers. Abstentions will have the same effect as negative votes for this proposal.

Board Recommendation

Our Board of Directors recommends that you vote FOR the approval of the compensation of the named executive officers for fiscal year 2013 as disclosed pursuant to the compensation disclosure rules of the SEC, which disclosure includes the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures in this proxy statement.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program and Philosophy

Our compensation program is intended to meet three principal long-term objectives:

1. attract, reward and retain officers and other key employees;
2. motivate key employees to achieve short-term and long-term corporate goals that enhance stockholder value; and
3. promote pay for performance, internal equity and external competitiveness.

To meet these objectives, we have adopted the following overriding compensation policies:

Pay compensation that is competitive with the practices of our peer group of high technology and electronics manufacturing services (EMS) companies and the practices of similar companies noted in industry surveys; and

Pay for performance by:

offering cash incentives upon achievement of performance goals we consider challenging but achievable; and

providing significant, long-term incentives in the form of stock options and other equity, in order to retain those individuals with the leadership abilities necessary for increasing long-term stockholder value while aligning the interests of our officers with those of our stockholders.

Our Compensation Committee considers these policies in determining the appropriate allocation of long-term compensation, base salaries, annual bonus compensation and other benefits. Other considerations include our business objectives and environment, fiduciary and corporate responsibilities (including internal equity considerations and affordability), competitive practices and trends, and regulatory requirements. In determining the particular elements of compensation that will be used to implement our overall compensation policies, the Compensation Committee takes into consideration a number of factors related to corporate performance, as further described below, as well as competitive practices among our peer group.

Fiscal Year 2013 Key Considerations

Similar to fiscal year 2012, and as discussed further below under *Process for Determining Executive Compensation*, we did not benchmark the compensation of our named executive officers for fiscal year 2013 on an executive-by-executive basis against our peer group. However, as discussed further below, the Compensation Committee did engage an independent compensation consultant to review the competitiveness and structure of the Company's cash and equity incentive programs and to provide the Compensation Committee with recommendations regarding changes to such plans in connection with the Compensation Committee's decisions on executive compensation for fiscal 2013.

Our fiscal year 2013 compensation decisions, on an aggregate basis, primarily reflected the state of our business (and in particular, the state of the semiconductor industry), our share price, our peer group review, the state of the global economy and the demand for our products in the industries we served during fiscal year 2013. Our sales were \$444.0 million for fiscal year 2013, representing an increase of 10% compared to \$403.4 million in sales for fiscal year 2012. Our gross profit margin and operating margin also improved in fiscal 2013 as compared to fiscal 2012, as did our stock price. Overall, our Compensation Committee believes that our results and stock price for fiscal 2013 reflect an

Edgar Filing: ULTRA CLEAN HOLDINGS INC - Form DEF 14A

improvement in overall business conditions, particularly in the semiconductor industry, from a recent, extended period of depressed demand and uncertainty. However, in making its compensation determinations for fiscal 2013, the Compensation Committee also acknowledged that

Table of Contents

the business had not completely recovered from such conditions and that the extent of any future recovery was uncertain, as reflected in the fact that our sales, operating margin and stock price, while above fiscal 2012 levels, were still below fiscal 2011 levels. Based on the above, and as reflected in the Summary Compensation Table below, our Compensation Committee determined to keep fiscal 2013 compensation for our named executive officers, on a combined basis, consistent with fiscal 2012. While our Compensation Committee believes this resulted in compensation for fiscal 2013 that is below our long-term target compensation percentiles within our peer group discussed under Elements of Compensation below, it was an appropriate level given the stage of, and uncertainty in, the recovery in our business.

On an individual basis, our fiscal 2013 compensation decisions primarily reflected the importance of our top three executives (i.e., our chief executive officer, our president and chief operating officer and our executive vice president and chief financial officer) to our business and their roles in the improvement in the Company's operating and stock price performance during fiscal 2013. The Compensation Committee considers all three of these executives to be primarily responsible for the improvement in our overall performance attributable to our acquisition of Advanced Integration Technologies (AIT) in the third quarter of fiscal 2012. The Compensation Committee further attributed improved operating performance, particularly with respect to gross profit margins, operating margins and inventory management, to the performance of our president and chief operating officer and the strong leadership and oversight of our chief executive officer. The Compensation Committee also attributed our improved balance sheet and liquidity position, as well as improved investor relations, to the strong performance of our executive vice president and chief financial officer. Moreover, the Compensation Committee recognized that our top three executives for fiscal 2013 were our primary strategic decision makers during fiscal 2013.

Consistent with prior years, each of our named executive officers were eligible (and will be eligible in fiscal year 2014) for increased cash incentive compensation and earned (and will have the opportunity to earn in fiscal year 2014) performance-based equity awards based on our results of operations, thus tying compensation very closely with our performance. The Compensation Committee also considers that the value to our executive officers of their long-term equity incentive awards increases with our stock price, providing our executives with further opportunity to increase the value of the compensation they ultimately realize, while aligning their incentives more closely with stockholder value.

Stockholder Votes

At our 2013 annual meeting of stockholders, the stockholders approved our non-binding advisory vote on our fiscal year 2012 executive compensation program (say-on-pay). After considering our say-on-pay voting results, compensation consultant advice and other factors addressed in the following discussion, the Compensation Committee determined not to make changes to our executive compensation policies and practices as a result of the vote. At our fiscal year 2011 annual meeting of stockholders, a majority of the stockholders voted to have the non-binding say-on-pay advisory vote appear annually in our proxy statement. Our Board of Directors considered the results of the vote and agreed with the results. Therefore, we are including the non-binding say-on-pay advisory vote on our executive compensation in this year's proxy, and will have annual votes at least until the next stockholder vote on frequency. Executive compensation decisions for fiscal year 2013 and other details are discussed below in this compensation discussion and analysis.

Process for Determining Executive Compensation

The Compensation Committee meets with our chief executive officer, Clarence L. Granger, and other executives, as necessary, to obtain recommendations with respect to Company compensation programs, practices and packages. Mr. Granger makes recommendations to the Compensation Committee on executive performance, base salary, bonus targets and equity compensation for the executive team and other employees, other than himself. Although the Compensation Committee considers management's recommendations with respect to executive compensation, the Compensation Committee makes all final decisions on executive compensation matters.

Table of Contents

Mr. Granger attends most of the Compensation Committee's meetings, but the Compensation Committee also holds executive sessions not attended by any members of management or non-independent directors. The Compensation Committee deliberates and makes decisions with respect to performance and compensation without Mr. Granger and the Company's other executives present. The Compensation Committee has the ultimate authority to make decisions with respect to the compensation of our executive officers, but may, if it chooses, delegate some of its responsibilities to subcommittees. The Compensation Committee has not in the past delegated authority with respect to the compensation of executive officers. The Compensation Committee has delegated to Mr. Granger the authority to grant equity awards to employees below the level of corporate vice president under guidelines approved by the Compensation Committee and to make salary adjustments and short-term bonus decisions for employees (other than executive officers) under guidelines approved by the Compensation Committee.

The Compensation Committee also periodically seeks input from independent compensation consultants prior to making determinations on executive compensation. The Compensation Committee has the sole authority to retain and terminate independent legal, financial, accounting or other advisors as it determines necessary to carry out its duties, without conferring with or obtaining the approval of management or the full Board of Directors, including the sole authority to approve the fees and other retention terms of any such firm.

During fiscal 2012, the Compensation Committee engaged an independent compensation consultant, Radford, an Aon Hewitt Company (Radford), to review the competitiveness and structure of the Company's cash and equity incentive programs and to provide the Compensation Committee with recommendations regarding changes to such plans in connection with the Compensation Committee's decisions on executive compensation for fiscal 2013. As part of this review, Radford attended meetings of the Compensation Committee regarding executive compensation and also communicated with the Compensation Committee outside of meetings. Radford reported to the Compensation Committee rather than to management, although Radford met with management from time to time for purposes of gathering information on past practices and compensation proposals that management made or may make to the Compensation Committee. The Compensation Committee has determined that its engagement of Radford does not create any conflicts of interest.

As was the case for fiscal year 2012, the Compensation Committee determined not to engage Radford to do a formal benchmarking analysis on an executive-by-executive basis against our peer group for fiscal year 2013. However, as part of Radford's review of the Company's cash and equity incentive programs, Radford compared our policies and practices at an aggregated level to a peer group described further below under Peer Group.

Elements of Compensation

The following are the primary elements of our executive compensation program:

- (i) base salary;
- (ii) annual performance-based cash incentive opportunities;
- (iii) long-term incentives through equity awards; and
- (iv) retirement and welfare benefit plans, including a deferred compensation plan, a 401(k) plan, limited executive perquisites and other benefit programs generally available to all employees.

We have selected these elements because each is considered useful and/or necessary to meet one or more of the principal objectives of our compensation policy. For example, base salary and bonus target percentages are set with the goal of attracting employees and adequately compensating and rewarding them for their individual performance, level of responsibility, time spent with the Company and the Company's annual financial results, while our equity programs are geared toward providing incentive and reward for the achievement of long-term business objectives and retaining key talent. We believe that these elements of compensation, when combined, are effective, and will continue to be effective, in achieving the objectives of our compensation program.

Table of Contents

The Compensation Committee reviews base salary, cash incentive programs and long-term incentive programs on at least an annual basis. Other programs are reviewed from time to time to ensure that benefit levels remain competitive but are not included in the annual determination of an executive's compensation package. In setting compensation levels for a particular executive, the Compensation Committee takes into consideration the proposed compensation package as a whole and each element individually, as well as the executive's past and expected future contributions to our business.

Our long-term goal has been to target total compensation, including base salaries, cash incentive awards and equity awards near the 50th percentile among our peer group. To achieve this, our goal has been to allocate total compensation such that cash compensation (including base pay and annual bonus) fell between the 25th and 50th percentile among the peer group, and time and performance based equity awards, which provide our executives with long-term incentives, fell between the 50th and 75th percentile of the peer group, consistent with our pay-for-performance objectives and focusing on creation of long-term stockholder value. Notwithstanding these long-term compensation objectives, in recent years the Compensation Committee has considered the uncertainty in the macro-economy and depressed demand in the industries we serve in determining compensation packages for our executive officers that have been below our long-term target percentiles within our peer group. In addition, the Compensation Committee has considered our stock price, which was relatively depressed in recent years, in determining to grant equity incentive awards that are lower-than-market in terms of value, so as to avoid excess dilution and conserve the number of shares available for future grant under our stock incentive plan.

Peer Group

In conducting its review of the competitiveness and structure of the Company's cash and equity incentive programs for fiscal year 2013, the Compensation Committee, with the assistance of Radford, compared the Company's incentive plans on an aggregated level with similar information from a group of peer companies. The selected peer group for fiscal 2013 included a broad range of companies in the high technology and electronics manufacturing services (EMS) industries with whom we compete for executive talent, of at least a similar size and scope to us, as measured by market capitalization, revenue, net income and total stockholder return. This group consisted of:

Advanced Energy Industries	Brooks Automation	CTS Corporation
Entegris Inc.	Mattson Technology	MKS Instruments Inc.
RadiSys	SMTC Corporation	TTM Technologies Inc.
Viasystems (formerly Ddi)	Multi-Fineline Inc.	Zygo Corporation

The Company's practices were also compared to an additional group of similarly-sized and situated technology companies from the Radford Global Technology Survey:

LeCroy	Toppan Photomasks	American Science & Engineering
Electro Scientific	Axcelis	Mercury Computer
FEI	Veeco	Cabot Microelectronics
Formfactor	Newport	Verigy
Cascade Microtech	Hutchinson Technology	Photonics
Vicor	Cymer	Kulicke & Soffa
Tokyo Electron

Finally, the Company's practices were compared to an additional group of direct competitors, regardless of size:

Celestica Sanmina Cash Compensation	Flextronics	Jabil

Base salaries and cash bonuses are a significant portion of our executive compensation package. We believe this helps us remain competitive in attracting and retaining executive talent. Bonuses also are paid in order to motivate officers to achieve the Company's business goals. The Compensation Committee also considers other factors such as job performance, responsibilities, skill set, prior experience, the executive's time in his or her position and/or with the Company, internal consistency regarding pay levels for similar positions or skill levels within the Company, and external pressures to attract and retain talent. In setting executive compensation, including the performance goals upon which certain components of our executive compensation is based, the Compensation Committee also takes into account the cyclical nature of our business and the state of our industry and the economy in general.

Base Salaries. In fiscal year 2013, the Compensation Committee determined to increase base salaries for our chief executive officer by approximately 5%, each of our president and chief operating officer and our executive vice president and chief financial officer by approximately 4%, our senior vice president of Asia by approximately 3%, each effective as of July 1, 2013. In determining the increases for our chief executive officer, our president and chief operating officer and our executive vice president and chief financial officer, the Compensation Committee considered the significance of their roles in our overall management for fiscal year 2013, their status as our most senior executives and the Compensation Committee's determination of the correlation of their responsibilities with our overall corporate operating performance. In determining to increase our chief executive officer's salary by 5%, the Compensation Committee recognized he did not receive a base salary increase in the prior year. In addition, effective July 1, 2013, our senior vice president of sales received a base salary increase of approximately 25% because she would no longer be paid sales commissions, as discussed further below under Incentive Bonuses.

While the Compensation Committee did not formerly benchmark base salaries on an executive-by-executive basis for fiscal 2013, in determining to increase base salaries for fiscal 2013, the Compensation Committee considered guidance from Radford that the Company's base salaries for fiscal 2012 were below market. Thus, the Compensation Committee determined that the base salary increases were consistent with the Company's overall compensation objectives and appropriate to retain our executives at a point in time at which the Company had seen some recovery in overall business conditions from a period of depressed demand and uncertainty.

Incentive Bonuses. Our Management Bonus Plan awards participants with cash incentives in the event we achieve specified levels of operating income. All of the Company's employees with a title of director and above are eligible to participate in the Management Bonus Plan. In fiscal year 2013, we paid cash incentive bonuses on the basis of the quarterly achievement of operating income for fiscal year 2013, which was unchanged from the fiscal year 2012 achievement levels, as set forth in the table below. For fiscal 2013, for purposes of our Management Bonus Plan, operating income refers to operating income calculated in accordance with accounting principles generally accepted in the United States, but excluding amortization costs relating to our acquisition of AIT in fiscal 2012, which is a non-cash expense that the Compensation Committee believes is unrelated to the underlying performance of the management of the business.

* Operating income must be at least 3% of revenue for the plan to be funded in any given quarter. If operating income is above 3% and is in between percentages in the table above, the percentage of operating income distributed to participants is prorated between the applicable amounts shown above.

Bonuses under the Management Bonus Plan are calculated and paid on a quarterly basis, which, although a minority practice in our peer group according to Radford's analysis, we believe has a positive effect on employee morale. Each quarter, we calculate the total available pool of cash incentive bonuses using the Percentage of Operating Income Distributed as Cash Incentive Compensation per the table above. For the four quarters of fiscal year 2013, our aggregate quarterly bonuses were paid based on the following:

Quarter in fiscal year 2013	Operating Income as a Percentage of Revenue	Percentage of Operating Income Paid Under Management Bonus Plan
First	2.4%	%
Second	4.7%	5.7%
Third	4.6%	5.6%
Fourth	8.0%	7.5%

Once the available pool is determined for a given fiscal quarter as described above, the pool is then allocated among the participants in the plan, including our participating named executive officers, in accordance with each individual participant's target bonus percentage, which is calculated as a percentage of base salary. For fiscal year 2013, the target bonus percentages and actual paid bonuses as a percentage of base salary for each of our named executive officers, other than Ms. Hayward, whose cash incentive compensation is discussed below, were as follows:

Named Executive Officer	Target Bonus as a Percentage of Base Salary 2013 and 2012	Actual Bonus as a Percentage of Base Salary 2013
Clarence L. Granger	100%	54%
Dr. Gino Addiego	75%	41%
Kevin C. Eichler	70%	38%
Lavi A. Lev	40%	22%

If the available pool is not sufficient to allocate each participant a bonus equal to their target bonus percentage multiplied by their base salary for the quarter (full payout), then the available pool is allocated among each participant in the plan based on the ratio of that participant's full payout

to the aggregate of full

Table of Contents

payouts for all participants. If the available pool exceeds the amount necessary to allocate each participant their full payout, then the excess is allocated among participants in the same manner as shortfalls. The maximum allowable bonus for any quarter is two times a participant's full payout amount.

The Compensation Committee believes that operating income, excluding amortization relating to the AIT acquisition, is the most appropriate metric upon which to base cash incentive bonuses due to the fact that it is highly correlated with both revenue growth and profitability, as well as being the measure of operating results for which our executives can be held most accountable, and thus is the most effective measure of their overall performance. The Compensation Committee also believes this measure of operating income to be an appropriate metric based on its historical correlation with our public share price. Moreover, the Company's focus on income as the primary driver for our incentive bonus was consistent with the practice of our peer group, based on Radford's analysis.

The Compensation Committee reviews the Management Bonus Plan achievement levels annually, considering projected operating results under the Company's annual operating plan and other factors discussed below. For fiscal 2013, based on the Company's annual operating plan, the Company estimated a bonus pool for the Management Bonus Plan of approximately \$1.9 million. The Company paid a total of approximately \$1.3 million in bonuses under the Management Bonus Plan for fiscal 2013, or approximately 70% of 2013 estimate, based on the Company's quarterly results for fiscal 2013.

Target bonus percentages are reviewed and approved on an annual basis for each named executive officer and established based on each named executive officer's role and level of responsibility within the organization. For example, the Compensation Committee determined that a 100% target was appropriate for Mr. Granger, a 75% target was appropriate for Dr. Addiego and a 70% target was appropriate for Mr. Eichler (each consistent with fiscal year 2012 and 2011) due to the significance of their roles in our overall management for fiscal year 2013, their status as our most senior executives and the Compensation Committee's determination of the correlation of their responsibilities with our overall corporate operating performance. Each of these target levels was also consistent with Radford's recommendation based on the market practices of our peer group. The Compensation Committee also set Mr. Lev's target bonus percentage at a level consistent with the prior year. In making this determination, the Compensation Committee noted that the target bonus percentages for the other named executive officers were unchanged from the prior year, and that Mr. Lev's target for the prior year was determined based on relatively recent negotiations between us and Mr. Lev in connection with Mr. Lev joining our company in late 2011.

Target bonus percentages are used primarily to allocate the available bonus pool under our Management Bonus Plan among the plan participants each quarter, and do not necessarily reflect the amount of bonuses as a percentage of base salary we are targeting for our named executive officers. The Compensation Committee approves the achievement levels and target bonus percentages after considering the potential bonus pool available under the Management Bonus Plan at various levels of operating performance.

Overall, the Compensation Committee seeks to tie a significant proportion of cash compensation to performance, while balancing our recent improved financial results and some recovery in business conditions with the cyclical nature of our business and a business environment that was in the early stages of recovery from an extended period of economic and industry uncertainty. The Compensation Committee also recognized that the Management Bonus Plan provides increased cash payments to our executives if we achieve results above targets, providing our executives an opportunity to achieve higher cash compensation for performance above expectations. We intend the performance goals to be challenging and to reflect strong corporate performance. To help achieve our goal of retaining key talent, an executive must remain an employee through the time the bonus is paid in order to be eligible for any bonus under the Management Bonus Plan.

Generally, bonuses are paid under our Management Bonus Plan only if the performance goals described above, which the Compensation Committee sets at the beginning of the fiscal year, are achieved, although the Compensation Committee retains the ability to revise performance measures during the year or to adjust bonuses

Table of Contents

based on extraordinary events or individual performance. Consistent with our pay-for-performance philosophy, bonuses for fiscal year 2013 were paid out in accordance with the performance goals described above, without adjustment, resulting in bonus compensation amounting to approximately 54%, 41%, 38% and 22% of base salaries for our chief executive officer, president and chief operating officer, executive vice president and chief financial officer and senior vice president of Asia, respectively. Actual bonuses for our named executive officers as a percentage of base salary for 2013 were higher than for 2012 primarily due to our improved operating results in fiscal 2013, partially offset by a greater number of employees eligible for participation in the Management Bonus Plan for fiscal 2013 as compared to fiscal 2012. See Summary Compensation Table below.

Prior to July 1, 2013, unlike our other named executive officers, Ms. Hayward, our senior vice president of sales, was paid cash incentive compensation through our Sales Incentive Plan rather than our Management Bonus Plan. Under the Sales Incentive Plan, Ms. Hayward earned sales commissions based on our achievement of sales and operating margins, which the Compensation Committee determined were challenging but achievable with strong performance by our sales team for fiscal year 2013 and consistent with our objective to grow our business while simultaneously increasing profitability. Effective July 1, 2013, however, Ms. Hayward's cash incentive compensation was moved from the Sales Incentive Plan to the Management Bonus Plan. The Compensation Committee determined to make this change to better align Ms. Hayward's incentives with those of the rest of the Company's senior management and to recognize her role as overseeing our entire sales department and global account management rather than individual accounts. In connection with this change, Ms. Hayward's target bonus percentage was set at 40% of base salary, consistent with our other senior vice presidents. In addition, Ms. Hayward's base salary was increased to \$250,000, which is a level consistent with our other senior vice presidents and provides Ms. Hayward with total cash compensation opportunities consistent with her total cash compensation opportunities prior to moving to the Management Bonus Plan. Ms. Hayward's cash incentive compensation for fiscal 2013 was approximately 58% of her base salary, a decrease from 77% for fiscal 2012.

Equity Compensation

Our equity compensation program is intended to align the interests of our officers with those of our stockholders by creating an incentive for our officers to maximize stockholder value. The equity compensation program also is designed to encourage our officers to remain employed with us in a very competitive labor market. The Compensation Committee regularly monitors the changes in the business environment in which we operate and periodically reviews changes to our equity compensation program to help us meet our goals, which include the achievement of long-term stockholder value.

Types of Equity Awards.

In fiscal year 2013, consistent with recent years, we granted our named executive officers restricted stock units, or RSUs, which we believe are effective in retaining and motivating employees because they provide a predictable, tangible value to employees while also serving as an incentive to increase the value of our stock. RSUs are also an efficient way for us to reduce the dilutive effects of equity awards. We grant both time-based and performance-based RSUs to our executive officers. The Compensation Committee believes this combination provides a balance between awards that provide high incentive value (in the form of performance-based RSUs, which will only vest if we meet performance criteria combined with service requirements) and awards that provide high retention value (in the form of time-based RSUs, which will have at least some value over time while imposing continued service requirements, and requiring time-based vesting of the earned performance units).

The number of equity awards the Compensation Committee granted to each executive officer in fiscal year 2013 was determined based on a variety of factors. In deciding the awards for fiscal year 2013, the Compensation Committee (in consultation with Mr. Granger) considered each individual executive's job performance, but primarily their level of job responsibility. The Compensation Committee also considered that we had seen some recovery in overall business conditions from a period of depressed demand and uncertainty, but that the extent of any future recovery was uncertain. Mr. Granger and the Compensation Committee discussed the use of long-term

Table of Contents

equity awards as a means to retain and incentivize executives as well as our long-term, overall compensation targets. Following such discussion, the Compensation Committee decided to grant additional long-term equity awards to named executive officers as follows:

Named Executive Officer	Time-based RSUs	Performance-based RSUs
Clarence L. Granger	41,250	41,250
Dr. Gino Addiego	41,250	41,250
Kevin C. Eichler	30,000	30,000
Deborah E. Hayward	15,000	5,000
Lavi A. Lev	15,000	5,000

The number of RSUs granted to our named executive officers increased in fiscal 2013 as compared to fiscal 2012, primarily due to our lower stock price on the effective date of grant for fiscal 2013 grants as compared to fiscal 2012 grants. The grant date fair value of fiscal 2013 RSUs granted to our chief executive officer, president and chief operating officer and executive vice president and chief financial officer were relatively consistent with fiscal 2012 grants, increasing by approximately 4% for each such executive officer. In determining to increase the value of long-term equity incentive awards for these executive officers in fiscal 2013, the Compensation Committee considered the significance of their roles in our overall management for fiscal year 2013, their status as our most senior executives and the Compensation Committee's determination of the correlation of their responsibilities with our overall corporate operating performance. In addition, the Compensation Committee recognized that none of the performance-based RSUs granted in 2012 were earned based on the Company's fiscal 2012 performance, which had a significant impact on the value of 2012 equity awards actually realized by these executives in the prior year. Moreover, as discussed above, the Compensation Committee considered the cyclical nature of our business and that the Company had recently seen some recovery in overall business conditions and in the semiconductor industry.

The grant date fair value of RSUs granted to our senior vice president of sales and senior vice president of Asia for fiscal year 2013 decreased as compared to fiscal 2012. In the case of our senior vice president of sales, the grant date fair value of equity awards was relatively consistent with fiscal 2012 in absolute dollars. In the case of our senior vice president of Asia, the decrease in the grant date fair value of his 2013 equity award as compared to fiscal 2012 was primarily attributable to the Compensation Committee's objective to align such officer's 2013 grant with our other senior vice presidents and to recognize the fact that Mr. Lev had received a large equity grant recently in connection with his hiring. The equity awards granted during fiscal 2013 to our named executive officers are set forth in detail under "Grants of Plan-Based Awards" below. All time-based RSUs granted to our named executive officers in fiscal year 2013, and all performance-based RSUs earned based on fiscal 2013 performance, vest over a period of 3 years from the grant date in equal annual installments.

In allocating equity awards between time-based and performance-based awards, the Compensation Committee considered each named executive officer's level of responsibility, and the relationship between that named executive officer's performance and our public share price. The Compensation Committee determined that 50 percent of the equity awards to our chief executive officer, president and chief operating officer and executive vice president and chief financial officer would consist of performance-based awards because their roles focus more on overall corporate performance, and 25 percent of the equity awards to our other named executive officers would consist of performance-based awards. Performance-based awards granted in fiscal year 2013 to our named executive officers are earned according to the following performance criteria. For fiscal 2013, for purposes of our performance-based awards, operating income refers to operating income calculated in accordance with accounting principles generally accepted in the United States, but excluding amortization costs relating to our acquisition of AIT in fiscal 2012, which is a non-cash expense that the Compensation Committee believes is unrelated to the underlying performance of the management of the business.

% earned	0%	60%	65%	70%	75%	80%	85%	90%	95%	100%
Operating income (in thousands)	below \$16,214	\$ 16,214	\$ 17,565	\$ 18,916	\$ 20,267	\$ 21,618	\$ 22,970	\$ 24,321	\$ 25,672	at or above \$ 27,023

Table of Contents

The Compensation Committee determined, based on our actual results for fiscal year 2013, that 82% of the performance-based awards granted to our named executive officers in fiscal year 2013 were earned. The remaining 18% of such performance-based awards for each applicable executive officer were cancelled.

Grant Practices. We have implemented procedures to regularize our equity award grant process, such as making new hire grants and annual executive grants on the same day each month. The Compensation Committee has not granted, nor does it intend in the future to grant, equity compensation awards to executives in anticipation of the release of material nonpublic information that is likely to result in changes to the price of our common stock, such as a significant positive or negative earnings announcement. Similarly, the Compensation Committee has not timed, nor does it intend in the future to time, the release of material nonpublic information based on equity award grant dates. Because our equity awards typically vest over multiple years, we believe recipients are motivated to see our stock price rise in the long-term rather than benefit from an immediate but short-term increase in the price of our stock following a grant.

Other Benefit Plans

Deferred Compensation. We maintain a non-qualified deferred compensation plan, which allows eligible employees, including executive officers and directors, to voluntarily defer receipt of the portion of his/her salary above a specified amount and all or a portion of a bonus payment until the date or dates elected by the participant, thereby allowing the participating employee to defer taxation on such amounts. This plan gives highly compensated employees the opportunity to defer more compensation than they would otherwise be permitted to defer under a tax-qualified retirement plan, such as our 401(k) plan. We believe that deferred compensation is a competitive practice to enable us to attract and retain top talent. We do not make matching or other employer contributions to the deferred compensation plan because we believe the deferral opportunity is enough of a benefit on its own.

Executive Perquisites. In addition to health care coverage that is generally available to our other employees, our executive officers are eligible for annual physical examinations more extensive than under the Company's standard plans. Mr. Granger and employees in sales and marketing also receive a car allowance. Because Mr. Lev relocated to Singapore to serve as our senior vice president of Asia, we agreed to provide Mr. Lev with a housing and car allowance. In addition, we agreed to make Mr. Lev whole for any income taxes for which he is responsible above that which he would be responsible for if he received a comparable salary as a resident of the United States. No such tax equalization payments were made to Mr. Lev for fiscal year 2013. See Summary Compensation Table below for more information.

Other Benefits. We also offer a number of other benefits to the executive officers pursuant to benefit programs that provide for broad-based employee participation. For example, our retirement plan is a tax-qualified 401(k) plan, which is a broad-based employee plan. Under the 401(k) plan, all participating employees (including executive officers) are eligible to receive limited matching contributions that are subject to vesting over time.

The main objectives of our benefits programs are to give our employees access to quality healthcare, financial protection from unforeseen events, assistance in achieving retirement financial goals, enhanced health and productivity and to provide support for global workforce mobility, in full compliance with applicable legal requirements. These generally available benefits typically do not specifically factor into decisions regarding an individual executive's total compensation or equity award package.

Post-Termination Arrangements

Our post-termination arrangements are described in this proxy statement below. We believe the severance benefits under these agreements or policies are reasonable in amount, and provide a protection to key executive officers who would be likely to receive similar benefits from our competitors. The Compensation Committee reviews the potential costs and triggering events of employment and severance agreements and policies before approving them and will continue to consider appropriate and reasonable measures to encourage retention.

Table of Contents

Accounting and Tax Considerations

In designing its compensation programs, the Compensation Committee generally considers the accounting and tax effects as well as direct costs. For example, we intend to limit the accounting expense for our equity compensation programs in an amount determined by the Compensation Committee from time to time. When determining how to apportion between differing elements of compensation, the goal is to meet our compensation objectives while maintaining cost neutrality. For example, if we increase benefits under one program resulting in higher compensation expense, we may seek to decrease costs under another program based on our determination of the affordability level. We recognize a charge to earnings for accounting purposes when equity awards are granted. The Compensation Committee considers the impact to dilution and overhang when making decisions pertaining to equity instruments.

We do not require executive compensation to be tax deductible for the Company, but instead balance the cost and benefits of tax deductibility to comply with our executive compensation goals.

Report of the Compensation Committee

The Compensation Committee of the Board of Directors of Ultra Clean Holdings, Inc. has reviewed and discussed the Compensation Discussion and Analysis, which appears in this proxy statement, with the management of Ultra Clean Holdings, Inc. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in Ultra Clean Holding, Inc. s proxy statement.

Nonqualified Deferred Compensation

We maintain a non-qualified deferred compensation plan, the Ultra Clean Holdings, Inc. 2004 Executive Deferred Compensation Plan (the EDCP), which allows eligible employees, including executive officers, and directors to voluntarily defer receipt of a portion of his/her salary and all or a portion of a bonus payment until the date or dates elected by the participant, thereby allowing the participating employee to defer taxation on such amounts. Amounts credited to the EDCP consist only of cash compensation that has been earned and payment of which has been deferred by the participant. The amounts deferred under the EDCP are credited with realized gains on investments and interest at market rates on cash balances. We do not make matching or other employer contributions to the EDCP.

The following table shows certain information for the named executive officers under the EDCP for fiscal year 2013:

Name	Executive Contributions in Last Fiscal Year (\$) ⁽¹⁾	Registrant Contributions in Last Fiscal Year (\$)	Aggregate Earnings (Losses) in Last Fiscal Year (\$) ⁽²⁾	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last Fiscal Year End (\$) ⁽³⁾

In addition, pursuant to Mr. Lev's offer letter, should we decide to terminate Mr. Lev's assignment without cause, or fail to identify another similar position for Mr. Lev at our offices in Hayward, California (or another mutually agreed upon location with a similar cost of living) at the end of Mr. Lev's current assignment (a Replacement Position), Mr. Lev is entitled to receive a severance benefit of twelve months salary continuation (at the base pay rate in effect at the time), the earned but unpaid portion of bonus and equity award vesting for twelve months, and health benefits continuation through COBRA (with the Company's contribution paid by the Company with normal employee contributions deducted).
