## Enbridge Gas Distribution Adjusts Rates

**TORONTO, ONTARIO (September 24, 2015)** Enbridge Gas Distribution Inc. (Enbridge) has received approval from the Ontario Energy Board (OEB) for new rates, effective October 1, 2015.

Typical residential customers\* who buy their gas supply from Enbridge will see a total bill decrease of about six per cent or \$60 a year. As a result, their total bill will be about \$882 a year. Natural gas remains the most economical choice for home and water heating in Ontario. Over the past five years, natural gas has been on average over 65 per cent less expensive than electricity and oil\*\*.

Natural gas continues to provide the best value to our customers, with the typical customer's total annual bill still less than it was 10 years ago. says Jamie LeBlanc, Director of Energy Supply and Policy at Enbridge.

Enbridge submits rate adjustment applications every three months to reflect changes in the market price of natural gas and transportation services. The applications are reviewed and approved by the OEB.
