Compensation Highlights

ExOne's executive compensation is performance driven.

The Compensation Committee and full Board adopted the 2015 Umbrella Annual Incentive Plan in March 2015, under the 2013 Equity Incentive Plan, to reward ExOne executives for achievement of pre-established Company performance goals (revenue and gross profit) and individual goals.

Because the Company did not meet its 2015 performance goals, no incentives were paid under the 2015 Umbrella Annual Incentive Plan.

PROXY STATEMENT

FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

To Be Held On May 18, 2016 at 10:00 a.m., Eastern Daylight Time

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

The Board of Directors (the Board) of The ExOne Company (we, the Company, or ExOne) is soliciting your proxy to vote at the 2016 Annual Meeting of Stockholders (the Annual Meeting) to be held on May 18, 2016 at 10:00 a.m., Eastern Daylight Time, at ExOne's principal executive offices, 127 Industry Boulevard, North Huntingdon, Pennsylvania 15642.

You are invited to attend the Annual Meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the meeting to vote your shares. If you are a registered holder, you may vote by telephone, over the Internet or by completing, signing and returning a proxy card to us at 127 Industry Boulevard, North Huntingdon, Pennsylvania 15642. If you hold your shares through a broker, bank or other nominee, you will receive voting instructions from your broker, bank or other nominee. Please follow the instructions that you receive to vote your shares.

We intend to mail to all stockholders of record entitled to vote at the Annual Meeting either the Internet Notice or a full set paper copy of this Proxy Statement, together with our 2015 Annual Report, the Notice of Annual Meeting and the accompanying proxy card on or about April 8, 2016.

Copies of our 2015 Annual Report furnished to our stockholders do not contain copies of exhibits to our Annual Report on Form 10-K for the year ended December 31, 2015. You can obtain copies of these exhibits electronically at the SEC's website at www.sec.gov or by mail from the Public Reference Section of the SEC at 100 F Street, N.E., Washington, D.C. 20549 at prescribed rates. The exhibits are also available as part of the Form 10-K for the year ended December 31, 2015 which is available on ExOne's corporate website at www.exone.com. Stockholders may also obtain copies of exhibits without charge by contacting our Executive Vice President, Chief Legal Officer and Corporate Secretary at (724) 863-9663.

We will also post this Proxy Statement, our 2015 Annual Report and the Notice of Annual Meeting on the Internet at [HTTP://WWW.PROXYVOTE.COM](http://WWW.PROXYVOTE.COM) on or about April 8, 2016, which you may access using your 16-digit control number.

Why did I receive an Internet Notice in the mail regarding the Internet availability of proxy materials instead of a full set paper copy of this Proxy Statement, the 2015 Annual Report and the Notice of Annual Meeting?

We are taking advantage of an SEC rule that allows companies to furnish their proxy materials over the Internet rather than in paper form. This rule allows a company to send some or all of its stockholders the Internet Notice regarding Internet availability of proxy materials. Instructions on how to access the proxy materials over the Internet or how to request a paper copy of proxy materials may be found in the Internet Notice.

Table of Contents

If you would prefer to receive proxy materials (including a proxy card) in printed form by mail or electronically by email, please follow the instructions contained in the Internet Notice.

Why didn't I receive an Internet Notice in the mail regarding the Internet availability of proxy materials?

The SEC rule that allows us to furnish our proxy materials over the Internet rather than in paper form does not require us to do so for all stockholders. We may choose to send certain stockholders the Internet Notice, while sending other stockholders a full set paper copy of our Proxy Statement, 2015 Annual Report, Notice of Annual Meeting and proxy card.

Who can vote at the Annual Meeting and when is the Record Date?

Only stockholders of record at the close of business on March 29, 2016 are entitled to vote at the Annual Meeting. On the record date, there were 16,067,954 shares of ExOne common stock (Common Stock) outstanding. All holders of these outstanding shares are entitled to one vote for each share of Common Stock held by them as of the close of business on March 29, 2016 for each matter to be voted on at the Annual Meeting.

How can I access the proxy materials over the Internet?

An electronic copy of this Proxy Statement, the 2015 Annual Report and the Notice of Annual Meeting are available with your 16-digit control number at [HTTP://WWW.PROXYVOTE.COM](http://www.proxyvote.com).

What proposals are being considered?

There are two matters scheduled for a vote at the Annual Meeting:

Proposal No. 1: Election of the seven (7) nominees to the Board identified in Proposal No. 1, each for a term that expires at the 2017 Annual Meeting of Stockholders.

Proposal No. 2: Ratification of the appointment of Schneider Downs & Company, Inc. as ExOne's independent registered public accounting firm for the year ending December 31, 2016.

How do I vote?

For Proposal No. 1, you may vote **For** or **Against** each director nominee or you may **Abstain** from voting for any nominee. For Proposal No. 2, you may vote **For** or **Against** the proposal or **Abstain** from voting.

Stockholder of Record (Shares Registered in Your Name) If on March 29, 2016, your shares were registered directly in your name with ExOne's transfer agent, American Stock Transfer & Trust, LLP, then you are a stockholder of record with respect to those shares.

As a stockholder of record, you may vote by proxy by telephone, over the Internet or by returning a proxy card, or you may vote in person at the Annual Meeting. Regardless of whether you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

If you received your proxy materials in the mail, you may vote your shares by proxy over the Internet, by telephone or by returning your proxy card by mail in the envelope provided. Instructions to vote over the Internet or by telephone are printed on your proxy card. To vote using the proxy card, please complete, sign and date the enclosed proxy card and return it promptly to us. If you vote by proxy by telephone, over the Internet or by returning your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote in person, please come to the Annual Meeting and we will give you a ballot when you arrive.

Table of Contents

Beneficial Owner (Shares Registered in the Name of a Broker, Bank or Other Nominee) If on March 29, 2016, your shares were held in an account at a broker, bank, or other similar organization as your nominee, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting.

As a beneficial owner, you have the right to direct that organization on how to vote the shares in your account. Please refer to the voting instructions provided by your broker, bank or other nominee. Many organizations allow beneficial owners to give voting instructions via telephone or the Internet, as well as in writing. You also are invited to attend the Annual Meeting, but you will need to bring a copy of a brokerage statement reflecting stock ownership as of March 29, 2016. Because you are not the stockholder of record, you may not vote your shares in person at the meeting, unless you provide a valid proxy (sometimes referred to as a legal proxy) from your broker, bank or other nominee.

How many votes do I have?

You have one vote for each share of Common Stock you own as of the close of business on March 29, 2016 for each matter to be voted on at the Annual Meeting. You may vote on each proposal presented for consideration at the 2016 Annual Meeting. There are no cumulative voting rights with respect to our Common Stock.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted **For** the election of each of the seven (7) nominees for director, and **For** ratification of Schneider Downs & Company, Inc. as our independent registered public accounting firm for the year ending December 31, 2016. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

What do I need to do to attend the Annual Meeting in person?

Space for the Annual Meeting is limited. Therefore, admission will be on a first-come, first-served basis. Registration will open at 9:00 a.m. Eastern Daylight Time, and the Annual Meeting will begin at 10:00 a.m. Each stockholder should be prepared to present:

1. Valid government issued photo identification, such as a driver's license or passport; and
2. Beneficial owners holding their shares through a broker, bank or other nominee will need to bring proof of beneficial ownership as of March 29, 2016, the record date, such as their most recent account statement reflecting their stock ownership prior to March 29, 2016, a copy of the voting instruction card provided by their broker, bank or other nominee, or similar evidence of ownership.

Use of cameras, recording devices, computers and other electronic devices, such as smart phones and tablets, are not permitted at the Annual Meeting. Photography and video are prohibited at the Annual Meeting.

Please allow ample time for check-in. Please note that large bags and packages are not allowed at the Annual Meeting. Persons may be subject to search.

Who is paying for this proxy solicitation?

ExOne will pay for the entire cost of soliciting proxies. In addition to ExOne mailing these proxy materials, ExOne's directors and employees also may solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. ExOne may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

Table of Contents

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials (including multiple Internet Notices or multiple copies of this Proxy Statement, Notice of Annual Meeting and proxy card), your shares are registered in more than one name or are registered in different accounts. Please make sure that you vote all of your shares by following the directions on each Internet Notice or proxy card.

Can I change my vote after submitting my proxy?

Yes. You can change your vote at any time before the final vote at the meeting.

If you are a stockholder of record, you may change your vote in any one of the following ways:

You may submit another properly completed proxy (including by telephone or over the Internet) with a later date.

You may send a written notice that you are revoking your proxy to our Corporate Secretary at The ExOne Company, 127 Industry Boulevard, North Huntingdon, Pennsylvania 15642.

You may attend the Annual Meeting and vote in person by ballot. Simply attending the meeting will not, by itself, revoke your proxy. If you are a beneficial owner of shares held in street name, you may change your vote in any one of the following ways:

You may submit new voting instructions to your broker, bank or other nominee.

If you have obtained a legal proxy from the broker, bank or other nominee that holds your shares giving you the right to vote the shares, by attending the Annual Meeting and voting in person.

How are votes counted?

We have designated a representative of C. T. Hagberg LLC as the inspector of elections who will validate the votes.

With respect to Proposal No. 1, the inspector of elections will count **For** votes and **Against** votes. Abstentions and broker non-votes will not be counted as having been voted on the proposal, nor will they affect the outcome of Proposal No. 1.

With respect to Proposal No. 2, the inspector of elections will count separately **For**, **Against** and **Abstain** votes and broker non-votes. **Abstain** votes will be counted towards the vote total for the proposal, and will have the same effect as **Against** votes. Because broker non-votes are not deemed to be votes entitled to be cast, they will not affect the outcome of Proposal No. 2.

See *How many votes are needed to approve each proposal?* for further details regarding the votes needed to approve each proposal.

What is a broker non-vote ?

If your shares are held by your broker, bank or other similar organization as your nominee (that is, in street name), you will need to follow the voting instructions provided by that organization on how to vote your shares. If you do not provide voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker, bank or other nominee is not permitted to vote on that matter, including the election of directors, without instructions from the beneficial owner and instructions are not given.

Table of Contents

In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, while broker non-votes will be counted as present for the purpose of determining the presence of a quorum at the meeting, broker non-votes will **not** affect the outcome of any matter being voted on at the meeting.

How many votes are needed to approve each proposal?

Proposal No. 1. Directors will be elected by the vote of a majority of the shares cast with respect to the director at the Annual Meeting. This means that the number of votes cast **For** a director's election must exceed the number of votes cast **Against** that director's election. Stockholders may not cumulate votes in the election of directors. Abstentions and broker non-votes will not be counted as having been voted on the proposal, nor will they affect the outcome of this proposal.

Proposal No. 2. Ratification of the appointment of Schneider Downs & Company, Inc. as ExOne's independent registered public accounting firm for the year ending December 31, 2016 requires the affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote on this matter. Abstentions will have the same effect as an **Against** vote. Because broker non-votes are not deemed to be votes entitled to be cast, they will not affect the outcome of this proposal.

What are the Board's voting recommendations?

Proposal No. 1: **For** election of each of the seven (7) nominees to the Board.

Proposal No. 2: **For** ratification of the appointment of Schneider Downs & Company, Inc. as ExOne's independent registered public accounting firm for the year ending December 31, 2016.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if a majority of all outstanding shares entitled to vote is represented by stockholders present at the meeting or represented by proxy. On the record date, there were 16,067,954 shares of Common Stock outstanding and entitled to vote. This means that at least 8,033,978 shares must be represented by stockholders present at the meeting or represented by proxy to have a quorum. Your shares will be counted towards the quorum if you submit a valid proxy or vote at the meeting.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Current Report on Form 8-K filed with the SEC within four business days following the Annual Meeting. In the event we are unable to obtain the final voting results within four business days, we will file the preliminary voting results in a Current Report on Form 8-K within four business days following the Annual Meeting, and will file an amended Current Report on Form 8-K with the final voting results within four business days after the final voting results are known.

How can stockholders submit a proposal for inclusion in our Proxy Statement for the 2017 Annual Meeting of Stockholders?

Our 2017 Annual Meeting of Stockholders will be held on May 17, 2017 at 10:00 a.m. To be included in our Proxy Statement for the 2016 Annual Meeting of Stockholders, stockholder proposals must comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act). To be eligible for inclusion, such proposals must be received by ExOne by December 9, 2016, which is at least 120 calendar days before the anniversary date of the release of ExOne's Proxy Statement to stockholders in connection with the previous year's annual meeting.

Table of Contents

How can stockholders submit nominations of persons for election to the Board or proposals of business to be transacted by the stockholders for the 2017 Annual Meeting of Stockholders?

A stockholder of record may submit nominations of persons for election to the Board or proposals of business to be transacted by the stockholders only if he or she complies with Article III, Section 13 of our Amended and Restated Bylaws, as amended (the "Bylaws"). This section provides that a stockholder must give advance notice to our Corporate Secretary of any business, including nominations of directors for our Board, that the stockholder wishes to raise at the 2017 Annual Meeting of Stockholders at our principal executive offices (i) not earlier than 120 days prior to such meeting and (ii) at least 45 days prior to the anniversary date of the filing of ExOne's Proxy Statement with the SEC in connection with the previous year's annual meeting. Therefore, for the 2017 Annual Meeting, such notice must be received by ExOne no sooner than January 17, 2017 and no later than February 22, 2017.

With respect to a stockholder's nomination of a candidate for our Board, the stockholder notice to our Corporate Secretary must contain certain information as set forth in our Bylaws about both the nominee and the stockholder making the nomination. With respect to any other business that the stockholder proposes, the stockholder notice must contain a brief description of such business, the reasons for conducting such business at the meeting, any personal or other direct or indirect material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made, and certain other information specified in our Bylaws.

If you wish to bring a stockholder proposal or nominate a candidate for director, you are advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

If a stockholder wishes only to recommend a candidate for consideration by the Nominating and Governance Committee as a potential nominee for director, see the procedures discussed in *Corporate Governance - Nominating and Governance Committee*.

What are the implications of being an emerging growth company ?

We qualify as an emerging growth company as defined in the Jumpstart our Business Startups Act of 2012 (the "JOBS Act"). An emerging growth company may take advantage of specified reduced reporting requirements and is relieved of certain other significant requirements that are otherwise generally applicable to public companies.

As an emerging growth company:

We are exempt from the requirement to obtain an attestation and report from our independent registered public accounting firm on the assessment of our internal control over financial reporting pursuant to the Sarbanes-Oxley Act of 2002;

We are permitted to provide less extensive disclosure about our executive compensation arrangements;

We are not required to give our stockholders non-binding advisory votes on executive compensation or golden parachute arrangements; and

We have elected to use an extended transition period for complying with new or revised accounting standards.

We will continue to operate under these provisions through December 31, 2018, or such earlier time that we no longer qualify as an emerging growth company. We would cease to be an emerging growth company if we have more than \$1.0 billion in annual revenues, qualify as a large accelerated filer under the Exchange Act, which requires us to have more than \$700 million in market value of our Common Stock held by non-affiliates, or issue more than \$1.0 billion of non-convertible debt over a three-year period. We may choose to take advantage of some, but not all, of these reduced burdens.

PROPOSAL 1 ELECTION OF DIRECTORS

General

This year, the Nominating and Governance Committee has selected seven nominees for election to the Board for consideration at the Annual Meeting; our Board has approved the nominees. Each nominee elected as a director at the Annual Meeting will continue to serve until the 2017 Annual Meeting of Stockholders, until his or her successor has been elected or qualified, or until his or her earlier death, resignation or removal. Victor Sellier will not stand for re-election at the end of his current director term.

Director Qualifications

Our Nominating and Governance Committee believes each member of our Board and nominee for director possesses the individual qualities necessary to serve on ExOne's Board, including high personal and professional ethical standards and integrity, honesty and good values. Our directors are highly educated and have diverse backgrounds and extensive track records of success in what we believe are highly relevant positions with large international companies, firms and major private and public institutions. Our incumbent directors have each demonstrated an ability to exercise sound judgment and have exhibited a commitment of service to ExOne and to the Board, and each of our directors and director nominees possesses strong communication skills. In addition, we believe that each director brings the skills, experience and perspective that, when taken as a whole, creates a Board that possesses the requirements necessary to oversee ExOne's business. Each nominee's particular experience, qualifications, attributes and skills that led the Board to conclude that such nominee should serve as a director for ExOne are set forth below under *Nominees*.

Vote Required

Directors will be elected by the vote of a majority of the shares cast with respect to the director at the Annual Meeting. This means that the number of votes cast **For** a director's election must exceed the total number of votes cast **Against** that director's election. Abstentions and broker non-votes will not be counted as having been voted on the proposal, nor will they affect the outcome of Proposal No. 1.

If a nominee is not elected, the director shall offer to tender his or her resignation to the Board. The Nominating and Governance Committee of the Board will make a recommendation to the Board as to whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the Nominating and Governance Committee's recommendation and publicly disclose its decision and rationale within 90 days following the date of the certification of the election results. The director who tenders his or her resignation will not participate in the Board's decision with respect to that resignation.

CORPORATE GOVERNANCE

Highlights of Our Corporate Governance Practices

Our Board is committed to establishing and maintaining corporate governance policies and practices that are appropriate for a company like ExOne. Highlights of our implemented measures include:

Strong independent Lead Director and enhanced use of independent committees to ensure a balanced process;

Annual election of directors;

Majority voting standard for non-contested election of directors;

Supermajority of independent directors on the Board (5 out of 7 independent directors upon election at 2016 Annual Meeting);

100% independent members on Audit, Compensation and Nominating and Governance Committees;

Stock retention policy for directors and executive officers;

Anti-hedging and anti-pledging policies for directors and executive officers;

Clawback policy for restatement of financial statements;

Succession and executive talent planning at the Board level;

Strong ethics policy, whistleblower policy and international policies on import and export matters;

Process for review and approval of related person transactions;

Board compensation in form and amount appropriate for our size and state of development; and

Annual Board self-evaluation process.

Structure and Size of the Board

Our Board may establish the authorized number of directors from time to time by resolution, as permitted under our Bylaws. Currently, the Board has established that the Board will have seven members. Our current directors (if elected at the Annual Meeting) will continue to serve until the 2017 Annual Meeting of Stockholders, until his or her successor has been elected or qualified, or until his or her earlier death, resignation or removal.

Independence of the Board and Committees

A majority of our directors are independent under the applicable rules of NASDAQ. The Board determined in February 2016 that Messrs. Kilmer, Sellier, Semple and Strome and Ms. Wachtel each qualify as independent directors in accordance with the published listing requirements of NASDAQ. The Board also determined that Gregory F. Pashke, a nominee for election to the Board, will also qualify as an independent director in accordance with the NASDAQ requirements if he is elected to the Board at the 2016 Annual Meeting. Finally, the Board determined that Mr. Sack was independent during his tenure on the Board from December 2014 to March 2015.

As required by the NASDAQ rules, the Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the directors reviewed and discussed information provided by the directors and ExOne with regard to each director's business and personal activities as they may relate to us and our management.

Table of Contents

Upon the election of the directors at the 2016 Annual Meeting, we will have five out of seven independent directors on the Board, and each committee will have only independent members.

Board Leadership Structure and Our Independent Lead Director

Our Bylaws give the Board the flexibility to determine whether the roles of Chief Executive Officer and Board Chairman should be held by the same person or by two separate individuals. Currently, S. Kent Rockwell serves as both our Chairman and Chief Executive Officer. As the founder of the Company, Mr. Rockwell has been managing ExOne (or its predecessors) since 2008.

At this time, the Board has determined that having Mr. Rockwell serve as both the Chief Executive Officer and the Chairman is in the best interest of our stockholders. We believe this structure makes the best use of Mr. Rockwell's extensive knowledge of ExOne, our strategic initiatives and our industry and also fosters real-time communication between management and the Board.

The Board also has elected Mr. Semple to serve as the Lead Director of our independent directors. As the Lead Director, Mr. Semple:

Regularly meets with and assists the Chairman and Chief Executive Officer in preparing for meetings of the Board;

Presides at executive sessions of the independent directors;

Provides leadership to the Board if circumstances arise in which the role of the Chairman and Chief Executive Officer may be, or may be perceived to be, in conflict and also chairs the meetings when the Chairman is not in attendance;

Serves as a liaison between the other independent directors and Mr. Rockwell;

Guides the Board's governance processes, including annual self-evaluations, succession planning and other governance related matters;

May call meetings of the independent directors in his discretion;

Makes himself available for consultation and direct communication with our major stockholders; and

Performs any other functions as the Board may direct.

Generally, each meeting of the Board includes a meeting of the independent directors, which takes place without any members of management or employees present.

Risk Oversight Management

Our management is responsible for the day-to-day management of the risks that we face including, without limitation, strategic, financial, operational, legal/compliance and reputational risks.

Our Board, as a whole, has responsibility for the oversight of enterprise risk management, and our Audit Committee is responsible for overseeing the process by which management assesses and manages our exposure to risk, as well as our major financial risk exposures and the steps management takes to monitor and control such exposures, based on consultation with our management and independent auditors. The Board's and Audit Committee's oversight roles are supported by management reporting processes that are designed to provide the Board and the Audit Committee insight into the identification, assessment and management of critical risks. The Board receives regular updates related to risks

and risk management.

Below is a description of each committee of the Board. Copies of the charters of the Audit, Compensation and Nominating and Governance committees are posted on our website at <http://www.exone.com> under the Corporate Governance section and within the Investor Relations section.

During 2015, the Board met 13 times. During that period, each director attended 75% or more of the total meetings of the Board and the committees on which he or she served.

Audit Committee

The Audit Committee of our Board assists the Board in overseeing:

The integrity of our financial statements;

The effectiveness of our internal control over financial reporting;

Our compliance with legal and regulatory requirements;

The independence, qualifications and performance of our independent registered public accounting firm;

Our processes and procedures relating to risk assessment and risk management; and

Review and approval of significant related person transactions.

During 2015, the Audit Committee met 15 times. The current members of the Audit Committee are Messrs. Sellier and Strome (beginning his service on his election to the Board on May 4, 2015) and Ms. Wachtel, each of whom is independent for Audit Committee purposes under the rules and regulations of the SEC and the listing standards of NASDAQ. Mr. Sellier currently chairs the Audit Committee. Mr. Kilmer served on

Edgar Filing: ExOne Co - Form DEF 14A

the Audit Committee from January 1, 2015 until May 4, 2015.

The Board has determined that both Messrs. Sellier and Strome are audit committee financial experts as defined in Item 407(d)(5)(ii) of Regulation S-K and that they, therefore, also satisfy the financial sophistication requirement of the NASDAQ rules. The designation does not impose on either Mr. Sellier or Mr. Strome any duties, obligations or liabilities that are greater than are generally imposed on him as a member of the Audit Committee and the Board.

Table of Contents

The Audit Committee is overseeing ExOne's remediation of the material weaknesses ExOne has identified in its internal control over financial reporting. In connection with the preparation of our consolidated financial statements for the year ended December 31, 2015, we concluded that there are material weaknesses in the design and operating effectiveness of our internal control over financial reporting as defined in SEC Regulation S-X. A material weakness is a control deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of annual or interim financial statements will not be prevented or detected on a timely basis.

A description of the identified material weaknesses in internal control over financial reporting is as follows:

The design and operating effectiveness of internal controls related to our financial reporting process were not sufficient to allow for accurate and timely reporting of our consolidated financial results. We did not maintain adequate control with respect to the application of Accounting Principles Generally Accepted in the United States of America (GAAP). This was principally due to a lack of personnel with adequate knowledge and experience in GAAP. As a result, we recorded certain manual, post-close adjustments in order to prepare our consolidated financial statements.

The design and operating effectiveness of internal controls related to our information technology systems was not sufficient to allow for accurate and timely reporting of our consolidated financial results. Each of our primary locations (United States, Germany, Italy, Sweden and Japan) utilizes separate and distinct information technology platforms to record, process and summarize transactions. As a result, our process to consolidate and report financial information is substantially a manual process and inherently subject to error.

The design and operating effectiveness of internal controls related to our consolidation process and management's review of our consolidated financial results did not operate at a level of precision sufficient to allow for accurate and timely reporting of our consolidated financial results. Our consolidation process is substantially a manual process and inherently subject to error. Further, because of internal control weaknesses identified with respect to our financial reporting process and information technology systems, management was unable to complete an adequate review of either subsidiary or consolidated financial results at a sufficient level of precision to prevent or detect misstatements. As a result, we recorded certain manual, post-close adjustments in order to prepare our consolidated financial statements.

With the oversight of executive management and our Audit Committee, we have put into place a comprehensive plan in an effort to remediate the underlying causes of the identified material weaknesses.

Our 2016 plan includes the following measures designed to remediate the underlying causes of the identified material weaknesses:

Enhancing our global accounting and reporting process (including our global consolidation of financial information) by redesigning and strengthening the operating effectiveness of internal controls over financial reporting. This includes a detailed review of our existing processes, improvements to the design of our internal controls (including conversion of historically manual control activities to automated control activities), updating documentation related to our business process flows, internal testing of operating effectiveness of our controls and remediation activities, as necessary. This process began in mid-2014 and we expect it to continue during 2016 and beyond as a means of continuous improvement.

Evaluating our information technology systems to further integrate existing systems or invest in improvements to our technology sufficient to generate accurate and timely financial information. On January 1, 2015, we implemented the first phase of a new Enterprise Resource Planning (ERP) system for our Europe operations. Despite certain difficulties encountered in the initial implementation phase of this project, resulting in a delay of the filing of our Quarterly Report on Form 10-Q for the period ended March 31, 2015, we believe that this system, when fully implemented, provides a substantial upgrade in

Table of Contents

operational and financial reporting as compared to our legacy systems. We continue to address the difficulties encountered in the initial implementation in a variety of ways, including through the direct hire of personnel and collaboration with external consultants, both with system expertise, in an effort to resolve identified issues in a timely and efficient manner. Our 2016 information technology plan includes additional upgrades or enhancements of both this system, as well as our other existing information technologies (including the addition of a global consolidation software) with the overall goal of a simple, common and global platform for processing, recording and analyzing financial and operational data.

Continuing to add financial personnel with adequate knowledge and experience in GAAP. In 2015, we hired a new Chief Financial Officer and new Heads of Accounting and Controlling for our Europe operations, each of whom possess extensive knowledge of GAAP and experience in working with or for a United States based multi-national operation. As part of our redesign of our global reporting structure and responsibilities, we have added additional personnel (both temporary and permanent) with requisite GAAP experience to both our United States and Europe operations during 2015. We do not expect a further significant investment in personnel in 2016.

Compensation Committee

The Compensation Committee is charged with the following responsibilities, among others:

Reviewing and approving annually the corporate goals and objectives applicable to the compensation of the Chief Executive Officer, evaluating at least annually the Chief Executive Officer's performance in light of those goals and objectives, and determining and approving the Chief Executive Officer's compensation level based on this evaluation;

Reviewing and making recommendations regarding the compensation of all other executive officers;

Administering and making recommendations to the Board with respect to our 2013 Equity Incentive Plan (including any plans adopted under the 2013 Equity Incentive Plan such as the 2015 Umbrella Annual Incentive Plan) and any other compensation plans;

Reviewing and approving the executive compensation information included in ExOne's Annual Report and Proxy Statement;

Reviewing and approving or providing recommendations with respect to any employment agreements or severance arrangements or plans, including any benefits to be provided in connection with a change in control, for the Chief Executive Officer and other executive officers;

Determining stock ownership guidelines for the Chief Executive Officer and other executive officers and monitoring compliance with such guidelines;

Reviewing and approving or providing recommendations with respect to all employee benefit plans;

Reviewing the Company's incentive compensation arrangements to determine whether they encourage excessive risk-taking, reviewing and discussing at least annually the relationship between risk management policies and practices and compensation, and evaluating compensation policies and practices that could mitigate any such risk;

Reviewing and recommending for Board approval the proposals regarding Say on Pay and the frequency of the Say on Pay vote if required to be included in the Company's Proxy Statement; and

Developing and recommending to the Board for approval officer succession plans and monitoring and updating such plans as needed. During 2015, the Compensation Committee met five times. The current members of our Compensation Committee are Messrs. Kilmer and Semple and Ms. Wachtel, each of whom is independent for Compensation Committee purposes under the rules and regulations of the SEC and the listing standards of NASDAQ.

Table of Contents

Ms. Wachtel currently chairs the Compensation Committee. Each of the members also is a non-employee director within the meaning of Rule 16b-3 of the Exchange Act and an outside director, as that term is defined under Section 162(m) of the Internal Revenue Code of 1986.

Our Chief Executive Officer does not participate in the determination of his own compensation or the compensation of directors. However, he makes recommendations to the Compensation Committee regarding the amount and form of the compensation of the other executive officers and key employees, and he participates in the Compensation Committee's deliberations about the compensation of the other executive officers and key employees. No other executive officers or employees participate in the determination of the amount or form of the compensation of executive officers or directors.

ExOne considered, but decided against the retention of any compensation consultants for 2015.

The Compensation Committee shall have the authority to delegate any of its responsibilities, along with the authority to take action in relation to such responsibilities, to one or more subcommittees as the Compensation Committee may deem appropriate in its sole discretion. The Compensation Committee reviews its charter annually to ensure that it complies with NASDAQ listing requirements.

Compensation Committee Interlocks and Insider Participation

None of Ms. Wachtel, Mr. Kilmer, or Mr. Semple, the current members of our Compensation Committee, has been an officer or employee of ExOne. None of our executive officers have served as a member of a compensation committee or the board of directors of any other entity that has an executive officer serving as a member of our Board or our Compensation Committee.

Nominating and Governance Committee

The Nominating and Governance Committee of our Board is charged with the following responsibilities, among others:

Determining qualifications, qualities, skills, and other expertise required to be a director and developing and recommending to the Board for its approval, criteria to be considered in selecting nominees for director;

Identifying and recommending candidates to fill vacancies on the Board and for election by the stockholders;

Recommending committee assignments for directors to the Board;

Monitoring and assessing the performance of the Board and individual non-employee directors;

Reviewing compensation received by directors for service on the Board and its committees; and

Developing and recommending to the Board appropriate corporate governance policies, practices and procedures for our Company. During 2015, the Nominating and Governance Committee met four times. The current members of our Nominating and Governance Committee are Messrs. Semple, Kilmer and Sellier, each of whom is independent under the listing standards of NASDAQ. Mr. Semple currently chairs the Nominating and Governance Committee.

Director Nomination Process

The Nominating and Governance Committee believes that members of the Board should have certain minimum qualifications, including having the highest professional and personal ethics and values, broad experience

Table of Contents

at the policy-making level in business, government, education, technology or public interest, a commitment to enhancing stockholder value, and sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. The Nominating and Governance Committee also considers such other guidelines and various relevant career experience, relevant skills, financial expertise, diversity and local and community ties. While we do not maintain a formal policy requiring the consideration of diversity in identifying nominees for director, diversity is, as noted above, one of the factors our Nominating and Governance Committee considers in conducting its assessment of director nominees. We view diversity expansively to include those attributes that we believe will contribute to a Board that, through a variety of backgrounds, viewpoints, professional experiences, skills, educational experiences and other such attributes, is best able to guide ExOne and its strategic direction. Candidates for director nominees are reviewed in the context of the current make-up of the Board. The Nominating and Governance Committee will conduct any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating and Governance Committee meets to discuss and consider such candidates qualifications and then selects a nominee for recommendation to the Board.

The Nominating and Governance Committee will consider director candidates recommended by stockholders, although a formal policy has not been adopted with respect to consideration of such candidates because stockholder recommendations may be informally submitted and considered by the Nominating and Governance Committee under its charter. Director candidates recommended by stockholders will be evaluated by the Nominating and Governance Committee using the same criteria as candidates identified by the Board or the Nominating and Governance Committee for consideration. If a stockholder of ExOne wishes to recommend a director candidate for consideration by the Nominating and Governance Committee, the stockholder should refer to page 6 of this Proxy Statement for information regarding advance notice. The stockholder recommendation should be delivered to the Corporate Secretary of ExOne at our principal executive offices and should include:

To the extent reasonably available, information relating to such director candidate that would be required to be disclosed in a proxy statement pursuant to Regulation 14A under the Exchange Act, in which such individual is a nominee for election to the Board;

The director candidate's written consent to (i) if selected, be named in ExOne's Proxy Statement and proxy; and (ii) if elected, serve on the Board; and

Any other information that such stockholder believes is relevant in considering the director candidate.

Code of Ethics and Business Conduct

Our Board has adopted a code of ethics and business conduct. The code of ethics and business conduct applies to all of our employees, officers and directors. The full text of our code of ethics and business conduct is posted on our website at <http://www.exone.com> under the Corporate Governance section within the Investor Relations section. We will disclose any future amendments to the code of ethics and business conduct that relate to our executive officers on our website, as well as any waivers of the code of ethics and business conduct that relate to the executive officers of ExOne.

Table of Contents**TRANSACTIONS WITH RELATED PERSONS****Approval of Related Person Transactions**

On February 23, 2016, the Board of ExOne amended and restated The ExOne Company Policy and Procedures with Respect to Related Person Transactions. Under the written policy, ExOne will enter into or ratify related person transactions involving more than \$50,000 only when the Board, acting through the Audit Committee, has determined that the transaction in question is in, or is not inconsistent with, the best interests of ExOne. Prior to entering into a related person transaction, the related person is required to provide notice to the Chief Legal Officer of the facts and circumstances of the transaction. Upon determining that the proposed transaction involves an amount greater than \$50,000 and is a related person transaction, the proposed transaction will be submitted to the Audit Committee for consideration. The Audit Committee will consider all relevant facts and circumstances and approve only those related person transactions that are in the best interests of ExOne and its stockholders.

Related Person Transactions*Commercial Transactions*

In December 2014, the Company entered into a sale agreement for a 3D printing machine with the titanium powder and atomization company Puris, LLC (Puris). This sale was determined to be a related person transaction on the basis that Puris is an entity under common control by Mr. Rockwell, our Chairman and Chief Executive Officer (a related person). Pursuant to the sale agreement, the Company provided Puris with a 3D printing machine, ancillary equipment, and installation training and other services. Total consideration for the 3D printing machine (approximately \$1,000,000) was determined to represent a fair market value selling price (based on comparable 3D printing machine sales to third parties) and was approved prior to execution by the Audit Committee. During 2014 and 2015, the Company recorded revenue of approximately \$815,000 and \$185,000 respectively, based on the delivery of products and/or services. At December 31, 2014, the amount due from Puris relating to this transaction was approximately \$90,000 (amount net of the value of undelivered products and/or services due to Puris) and was reflected in accounts receivable net, on our consolidated balance sheet. All of the proceeds associated with this transaction were received by the Company as of December 31, 2015.

In March 2015, the Company entered into a separate sale agreement for a 3D printing machine with Puris. Total consideration for the 3D printing machine (approximately \$950,000) was determined to represent a fair market value selling price (based on comparable 3D printing machine sales to third parties) and was approved prior to execution by the Audit Committee. During 2015, the Company recorded revenue of approximately \$913,000 based on the delivery of products and/or services. At December 31, 2015, the Company continued to defer the remaining consideration covered under this transaction (approximately \$37,000) as certain additional products and/or services remained undelivered by the Company. All of the proceeds associated with this transaction were received by the Company as of December 31, 2015.

In June 2015, ExOne entered into a sale agreement for a 3D printing machine with Alcoa Inc. (Alcoa). This sale was determined to be a related person transaction on the basis that our director, Mr. Kilmer (a related person), also receives his principal compensation from Alcoa. Total consideration for the 3D printing machine (approximately \$146,000) was determined to represent a fair market value selling price (based on comparable 3D printing machine sales to third parties) and was approved prior to execution by the Audit Committee. During 2015, the Company recorded revenue of approximately \$146,000 based on the delivery of products and/or services. All of the proceeds associated with this transaction were received by the Company as of December 31, 2015.

In December 2015, the Company entered into a separate sale agreement for a 3D printing machine with Alcoa. Total consideration for the 3D printing machine (approximately \$120,000) was determined to represent a fair

market value selling price (based on comparable 3D printing machine sales to third parties) and was approved prior to execution by the Audit Committee. During 2015, the Company recorded revenue of approximately \$120,000 based on the delivery of products and/or services. None of the proceeds associated with this transaction have been received by the Company at December 31, 2015. At December 31, 2015, the amount due from Alcoa relating to this transaction is reflected in accounts receivable net, in the consolidated balance sheet.

In December 2014, the Company entered into a consulting arrangement with Mr. Sack who was subsequently appointed to the Board on December 17, 2014 (resulting in Mr. Sack becoming a related person). Total consideration under the consulting arrangement was approximately \$75,000, of which approximately \$50,000 was included in selling, general and administrative expenses in our statement of consolidated operations and comprehensive loss during 2015 based on the services rendered (the remaining amount having been recorded by the Company during 2014). This arrangement was approved by the Audit Committee in connection with the appointment of Mr. Sack to the Board. In March 2015, Mr. Sack resigned from the Board to accept a position as President of the Company.

The Company has purchased certain website design services and the corporate use of an airplane and leased office space from entities under common control by Mr. Rockwell, our Chairman and Chief Executive Officer (a related person). During 2015, purchases from these entities were approximately \$27,000. None of the transactions met a threshold requiring review and approval by the Audit Committee prior to execution. Amounts due to these entities at December 31, 2015 were approximately \$15,000, of which approximately \$1,000 and \$14,000 are reflected in accounts payable and accrued expenses and other current liabilities, respectively, in our consolidated balance sheet. Amounts due to these related persons at December 31, 2014, were approximately \$29,000, of which approximately \$1,000 and \$28,000 are reflected in accounts payable and accrued expenses and other current liabilities, respectively, in our consolidated balance sheet.

The Company also receives the benefit of the corporate use of an airplane from an entity under common control by our Chairman and Chief Executive Officer (a related person) for no consideration. The Company estimates the fair market value of the benefits received during 2015 was approximately \$38,000.

Revolving Credit Facility with RHI Investments, LLC

On October 23, 2015, the Company and its ExOne Americas LLC and ExOne GmbH subsidiaries, as guarantors, entered into a Credit Agreement (the Credit Agreement) with RHI Investments, LLC (RHI), a company controlled by Mr. Rockwell, our Chairman and Chief Executive Officer (a related person), on a \$15,000,000 revolving credit facility to (i) assist us in our efforts to finance customer acquisition of our 3D printing machines and 3D printed and other products and services and (ii) provide us with additional funding for working capital and general corporate purposes. Prior to execution, the Credit Agreement was subject to review and approval by the Audit Committee and the independent members of the Board. The Company incurred approximately \$215,000 in deferred financing costs associated with the Credit Agreement.

There were no borrowings under the Credit Agreement from October 23, 2015 through December 31, 2015. For the year ended December 31, 2015, the Company recorded interest expense relating to the Credit Agreement of approximately \$39,000, of which approximately \$28,000 was related to the commitment fee on the unused portion of the revolving credit facility (100 basis points, or 1.0% on the unused portion of the revolving credit facility) and \$11,000 was related to the amortization of deferred financing costs (resulting in remaining net deferred financing costs of approximately \$204,000 at December 31, 2015, which are reflected in prepaid expenses and other current assets in the our consolidated balance sheet).

On January 10, 2016, the Company delivered notice to RHI of its intent to terminate the Credit Agreement in connection with the closing of a registered direct offering of common equity to a separate entity under common control by Mr. Rockwell (see further discussion below). There were no borrowings under the Credit Agreement from January 1, 2016 through the effective date of its termination, January 13, 2016. In connection

Table of Contents

with the termination, the Company paid in-full its remaining accrued interest under the Credit Agreement of approximately \$5,000 relating to the commitment fee on the unused portion of the revolving credit facility. In addition, during the quarter ending March 31, 2016, the Company will record approximately \$204,000 to interest expense related to the accelerated amortization of previously deferred financing costs. Upon termination of the Credit Agreement, all liens and guaranties in respect thereof were released.

Registered Direct Offering to Rockwell Forest Products, Inc.

On January 11, 2016, the Company entered into a subscription agreement with Mr. Rockwell, our Chairman and Chief Executive Officer (a related person), and Rockwell Forest Products, Inc., an entity which is controlled by Mr. Rockwell for the registered direct offering and sale of 1,423,877 shares of the Company's Common Stock at a per share price of \$9.13 (a \$0.50 premium from the closing price on the close of business on January 8, 2016, which was the last trading date of the Company's stock prior to the date on which the Company and Mr. Rockwell entered into the subscription agreement). The terms of this transaction were reviewed and approved by a sub-committee of independent members of the Board (which included each of the members of the Audit Committee). The sub-committee of independent directors were advised on the transaction by an independent financial advisor and independent legal counsel. Concurrent with the approval of this sale of shares under the terms identified, the independent directors also approved the termination of our revolving credit facility with RHI (see further discussion above). Gross proceeds from the sale of shares in this offering were approximately \$12,999,997. Net proceeds to us from the sale of shares in this offering were approximately \$12,446,768 (after deducting offering expenses).

COMPENSATION OF NAMED EXECUTIVE OFFICERS

As an emerging growth company, ExOne is permitted to exclude a Compensation Discussion and Analysis from this Proxy Statement and to omit some disclosure on compensation that is required of non-emerging growth companies. In addition, as an emerging growth company ExOne is not required to conduct a say-on-pay advisory vote on executive compensation.

Compensation Discussion and Analysis

The Compensation Committee and management provide the following Compensation Discussion and Analysis on a voluntary basis.

For purposes of this discussion, we define *Named Executive Officers* as our Chief Executive Officer and each of the next two most highly compensated executive officers who were serving as executive officers through December 31, 2015. Any references to *executive officers* include the executive officers listed in *Executive Officers of ExOne* section above.

Overview

ExOne's executive compensation is performance driven.

The Compensation Committee and full Board adopted the 2015 Umbrella Annual Incentive Plan in March 2015, under the 2013 Equity Incentive Plan, to reward ExOne executives for achievement of pre-established Company performance goals (revenue and gross profit) and individual goals.

Because the Company did not meet its 2015 performance goals, no incentives were paid under the 2015 Umbrella Annual Incentive Plan.

Compensation Goal

The Compensation Committee has responsibility for reviewing the compensation of ExOne's Chairman and Chief Executive Officer and the executives of the Company and making recommendation about this compensation to the Board. The Compensation Committee's goal when considering executive compensation is to provide performance based compensation to Company executives and to retain and reward leaders of the Company who create long-term value for our stockholders. This goal affects the compensation elements we use and our compensation decisions.

Strong Alignment Between Our Leadership and Our Stockholders

We believe that the interests of ExOne's executive officers are strongly aligned with the interests of our stockholders. All six executive officers have invested their own money in ExOne, and our Chairman and Chief Executive Officer, Mr. Rockwell, is ExOne's largest beneficial owner (as the beneficial owner of more than 28% of our outstanding Common Stock as of March 29, 2016) This ownership provides a strong foundation of alignment between ExOne stockholders and the ExOne management team.

2015 Compensation Considerations

The Compensation Committee considered three elements of compensation for 2015:

Base salary;

Cash bonus or incentive compensation; and

Equity incentive compensation.

Table of Contents

Our Chairman and Chief Executive Officer, Mr. Rockwell, is paid a base salary at an annual rate of \$300,000 per year. Our other Named Executive Officers are paid comparable base salaries. The amount of base salary for each executive depends on the scope of the Named Executive Officer's responsibility, his leadership skills and values, and his performance and length of service.

Appointment of Mr. Sack as President in March 2015 and Related Compensation Actions

Mr. Sack began serving as the President of the Company on March 16, 2015. Mr. Sack previously served as a member of the ExOne Board and as the Chair of the Strategic Oversight Committee from December 17, 2014 to March 10, 2015.

In 2015, Mr. Sack received \$34,000 in consulting and board fees. In addition, while he was serving as a member of the Board, Mr. Sack received an equity grant on February 6, 2015, of 3,500 shares of restricted stock, which fully vested on February 6, 2016.

In connection with his appointment as President of the Company, the Compensation Committee determined to pay Mr. Sack an annual base salary of \$300,000. The Compensation Committee also approved an additional equity award to Mr. Sack of 5,000 shares of restricted stock on March 16, 2015, which vests in three equal installments over a three year period.

2013 Equity Incentive Plan

The Board adopted our 2013 Equity Incentive Plan (the "2013 Equity Incentive Plan") on January 24, 2013. The 2013 Equity Incentive Plan was approved by stockholders on August 19, 2013. The purpose of the 2013 Equity Incentive Plan is to provide incentives to attract, retain and motivate eligible persons whose present and potential contributions are important to the success of ExOne and its subsidiaries, by offering them an opportunity to participate in ExOne's future performance through the grant of awards. The 2013 Equity Incentive Plan permits a variety of awards to be made at the discretion of the Compensation Committee including stock options, restricted stock, restricted stock units, stock bonus awards, performance awards and stock appreciation rights. The 2013 Equity Incentive Plan will terminate January 24, 2023, unless it is terminated earlier by our Board. The 2013 Equity Incentive Plan is administered by the Compensation Committee.

2015 Umbrella Annual Incentive Plan

The Compensation Committee adopted the 2015 Umbrella Annual Incentive Plan in March 2015. The plan was structured as a subplan of the 2013 Equity Incentive Plan.

The 2015 Umbrella Annual Incentive Plan was an umbrella plan that provided a bonus opportunity to ExOne employees selected by the Compensation Committee, which include the Chairman and Chief Executive Officer and other Named Executive Officers. The bonus opportunity for each employee was expressed as a percentage of base salary. Payment of the bonus was conditioned on the Company meeting targeted revenue and gross profit goals for 2015. Payment against each financial performance measure was conditioned the Company achieving a minimum threshold of 95% of the performance target. Thereafter, payments were to be tied to the percentage level of performance achieved, with a maximum bonus of 125% of salary to be earned.

In 2015, ExOne fell short of the pre-established financial goals under the 2015 Umbrella Annual Incentive Plan. As a result, no employee received an incentive award under the 2015 Umbrella Annual Incentive Plan.

Limited Perquisites

The Company does not provide any perquisites to its Chief Executive Officer other than a Company contribution to a 401(k) retirement plan sponsored by the Company. The Company provides a car allowance to Mr. Smith as further described in the Summary Compensation Table.

Table of Contents

Benefits

We provide our Named Executive Officers with other benefits that we believe are reasonable, competitive and consistent with our overall executive compensation program.

Clawback Policy and Other Actions Available to ExOne for Misconduct

In March 2015, the Compensation Committee adopted a clawback policy that enables ExOne to recover all or any portion of any Performance-Based Compensation granted or paid to any current or former Section 16 Officer, or in which any current or former Section 16 Officer became vested, at any time within the three (3) year period immediately preceding the date on which ExOne is required to prepare an accounting restatement due to material noncompliance with any financial reporting requirements under the securities laws, as determined by the Audit Committee and confirmed by our independent registered public accounting firm.

In addition, in cases of detrimental misconduct by an executive officer, the Board may also take a range of other actions to remedy the misconduct, prevent its recurrence, and discipline the individual as appropriate, including, depending on the facts and circumstances, terminating the individual's employment. These remedies would be in addition to, and not in lieu of, any actions imposed by law enforcement agencies, regulators or other authorities.

Stock Retention Policy and Equity Grant Practices

Stock Retention Policy. In February 2015, the Compensation Committee adopted a stock retention policy that requires our directors and our Section 16 executive officers to retain 50% of all shares received on the vesting of equity awards (net of any shares withheld to pay exercise price or taxes). All shares must be retained for a period of at least one year after the vesting. Once the one-year period has ended, directors and executives may sell shares so long as the director or executive holds a total minimum amount equal to two times such director's annual retainer or such executive's base salary.

Anti-hedging policy. We do not believe our executive officers or directors should speculate or hedge their interests in our stock. We therefore prohibit them (in our insider trading policy) from making short sales of ExOne stock or from purchasing or selling options, puts, calls, straddles, equity swaps or other derivative securities that are directly linked to ExOne stock.

Anti-pledging policy. In addition, our insider trading policy prohibits our executive officers and directors from pledging ExOne stock.

Equity grant practices. All equity grants are made two business days after the date of approval by the Compensation Committee. The exercise price of each stock option awarded under the 2013 Equity Incentive Plan is the closing price of ExOne stock on the date of grant. ExOne Board and committee meetings are generally scheduled at least a year in advance and without regard to anticipated earnings releases or other major company announcements.

Other Compensation Practices and Policies

Compensation Committee Oversees Executive Compensation and Succession Planning. The Compensation Committee has the primary responsibility for helping the Board develop and evaluate potential candidates for executive positions and for overseeing the development of executive succession plans. As part of this responsibility, the Compensation Committee oversees the design, development and implementation of the compensation program for the Chief Executive Officer and the other executive officers. Our Chief Executive Officer assists the Compensation Committee in administering our compensation program.

Table of Contents

Use of Compensation Consultant. The Compensation Committee has the authority to delegate any of its responsibilities, along with the authority to take action in relation to such responsibilities, to one or more subcommittees as the Compensation Committee may deem appropriate in its sole discretion. In 2015, ExOne considered, but decided against the retention of any compensation consultants.

Peer group comparisons. The Compensation Committee reviews many factors in setting pay. It does not target a peer group or percentile within a peer group in exercising its judgment about the types and amounts of compensation the Company provides.

Employment Arrangements with Named Executive Officers

Mr. Rockwell. Our employment agreement with Mr. Rockwell automatically extended for an additional one year term ending on September 1, 2016, and will continue to automatically be extended for a new one-year term on each one year anniversary thereof unless not later than 90 days immediately preceding any anniversary, we or Mr. Rockwell has given written notice to the other that they do not wish to extend the employment agreement.

Under the employment agreement, Mr. Rockwell is entitled to receive an annual base salary and is eligible to participate in an annual bonus plan on terms established from time to time by the Board. During the term of the employment agreement, Mr. Rockwell is eligible to participate in any long-term incentive plan, and in all employee benefit and fringe benefit plans and arrangements made available to the Company's employees generally or its executives.

The employment agreement provides, among other matters, that if the executive resigns for good reason (as defined in the employment agreement) or is terminated without cause (as defined in the employment agreement) and in each such case has timely delivered a release of claims, he is entitled to receive, among other severance payments and benefits, an amount equal to one times his then-current base salary and one times the target annual bonus amount (subject to his compliance with the confidentiality, non-competition and non-solicitation restrictions set forth in the employment agreement) and payment of the executive's COBRA health insurance continuation premium for the COBRA continuation period (generally 18 months) or until such time as the executive is employed, whichever is earlier. The confidentiality provisions survive the termination of Mr. Rockwell's employment with us and the non-competition and non-solicitation provisions survive for a period of two years following the termination of his employment.

Mr. Sack. Under our letter agreement with Mr. Sack, he is entitled to receive an annual base salary and to participate in our benefit plans, subject to their terms and conditions. In addition, pursuant to the letter agreement, he received a grant of 5,000 shares of restricted stock in March 2015, which shares vest over a three-year period. If we had terminated Mr. Sack during the initial one year term (which ended in March 2016), we would have been required to pay Mr. Sack a severance package equal to three months base salary. After that year of service, Mr. Sack serves at the will of the Chief Executive Officer, and, other than the letter agreement, does not have an individual employment, severance or change-of-control agreement.

Mr. Smith. Mr. Smith serves at the will of the Chief Executive Officer and does not have an individual employment, severance or change-of-control agreement.

Tax Deductibility of Compensation

Under the Internal Revenue Code, a public company is limited to a \$1 million deduction for compensation paid to its Chief Executive Officer or any of its three other most highly compensated executive officers (other than the Chief Financial Officer) who are employed at year-end. This limitation does not apply to compensation that meets the tax code requirements for qualifying performance-based compensation (compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by stockholders).

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Schneider Downs & Company, Inc. as our independent registered public accounting firm for the year ending December 31, 2016, and has further directed that management submit the appointment of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting.

Representatives of Schneider Downs & Company, Inc. are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the appointment of Schneider Downs & Company, Inc. as our independent registered public accounting firm. However, the Board is submitting the appointment of Schneider Downs & Company, Inc. to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of ExOne and our stockholders.

Ratification of the appointment of Schneider Downs & Company, Inc. as ExOne's independent registered public accounting firm for the year ending December 31, 2016 requires the affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote on this matter. Abstentions will have the same effect as an "Against" vote. Because broker non-votes are not deemed to be votes entitled to be cast, they will not affect the outcome of this proposal.

The Board Recommends a Vote FOR the Ratification of the Appointment of Schneider Downs & Company, Inc. as ExOne's Independent Registered Public Accounting Firm for the Year Ending December 31, 2016.

Table of Contents**AUDIT FEES AND SERVICES****Changes in Independent Registered Public Accounting Firms**

On October 1, 2014, the Company was notified that the audit practice of ParenteBeard LLC was combined with Baker Tilly Virchow Krause, LLP. As a consequence, on that same date, ParenteBeard LLC resigned as the Company's independent registered public accounting firm. ParenteBeard LLC's report of independent registered public accounting firm regarding the Company's consolidated financial statements for the years ended December 31, 2013 and 2012 did not contain any adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles. During the years ended December 31, 2013 and 2012, and during the subsequent interim period through October 1, 2014, the Company did not have any disagreements with ParenteBeard LLC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of ParenteBeard LLC, would have caused it to make reference to such disagreement in its report. During the years ended December 31, 2013 and 2012 and the subsequent period through October 1, 2014, the Company did not have any reportable events as described in Item 304(a)(1)(v) of the SEC's Regulation S-K.

Prior to engaging Baker Tilly Virchow Krause, LLP on October 1, 2014, the Company did not consult with Baker Tilly Virchow Krause, LLP regarding the application of accounting principles to a specific completed or contemplated transaction or regarding the type of audit opinions that might be rendered by Baker Tilly Virchow Krause, LLP on the Company's consolidated financial statements, and Baker Tilly Virchow Krause, LLP did not provide any written or oral advice that was an important factor considered by the Company in reaching a decision as to any such accounting, auditing or financial reporting issue.

The Audit Committee conducted a comprehensive, competitive process to determine the Company's independent registered public accounting firm for the year ending December 31, 2016. The Audit Committee considered a number of registered public accounting firms, and narrowed that group down to two firms, including Baker Tilly Virchow Krause, LLP, the Company's then independent registered public accounting firm. As a result of this process, effective March 24, 2016, the Audit Committee approved the engagement of Schneider Downs & Company, Inc. as the Company's independent registered public accounting firm for the year ending December 31, 2016, and dismissed Baker Tilly Virchow Krause, LLP from that role. Baker Tilly Virchow Krause, LLP's reports on the Company's consolidated financial statements as of and for the years ended December 31, 2015 and 2014, did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to the uncertainty, audit scope or accounting principles.

During the years ended December 31, 2015 and 2014, and the subsequent interim period through March 24, 2016, there were (i) no disagreements as that term is defined in Item 304(a)(1)(iv) of the SEC's Regulation S-K, between the Company and Baker Tilly Virchow Krause, LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, any of which that, if not resolved to Baker Tilly Virchow Krause, LLP's satisfaction, would have caused Baker Tilly Virchow Krause, LLP to make reference to the subject matter of any such disagreement in connection with its reports for such years and interim period and (ii) no reportable events within the meaning of Item 304(a)(1)(v) of the SEC's Regulation S-K during the years ended December 31, 2015 and 2014 and the subsequent interim period, except for the material weaknesses in internal control over financial reporting disclosed in the Company's Annual Reports on Form 10-K for the years ended December 31, 2015 and December 31, 2014, which are described in the *Corporate Governance Audit Committee* section above. These material weaknesses were discussed by the Company's management and the Audit Committee with Baker Tilly Virchow Krause, LLP.

The Audit Committee has authorized Baker Tilly Virchow Krause, LLP to respond fully to the inquiries of Schneider Downs & Company, Inc., the Company's new independent registered public accounting firm, concerning these material weaknesses. As described in the Company's filings with the SEC, with the oversight of executive management and the Audit Committee, the Company has put into place a comprehensive plan to remediate the underlying causes of the identified material weaknesses.

Table of Contents

On March 25, 2016, the Company filed a Current Report on Form 8-K disclosing the appointment of Schneider Downs & Company, Inc. as its new independent registered public accounting firm and the related dismissal of Baker Tilly Virchow Krause, LLP from that role. The Company provided Baker Tilly Virchow Krause, LLP with a copy of the disclosures in the Current Report on Form 8-K prior to the time that it was filed with the SEC, and requested that Baker Tilly Virchow Krause, LLP furnish a letter addressed to the SEC stating whether or not it agrees with the statements made therein. A copy of Baker Tilly Virchow Krause, LLP's letter dated March 25, 2016 was attached as Exhibit 16.1 to that report. Representatives of Baker Tilly Virchow Krause, LLP are not expected to be present at the Annual Meeting.

Prior to engaging Schneider Downs & Company, Inc. on March 24, 2016, neither the Company nor anyone on its behalf consulted with Schneider Downs & Company, Inc. regarding (i) the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements and neither a written report nor oral advice was provided to the Company that Schneider Downs & Company, Inc. concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing, or financial reporting issue, (ii) any matter that was the subject of a disagreement within the meaning of Item 304(a)(1)(iv) of the SEC's Regulation S-K, or (iii) any reportable event within the meaning of Item 304(a)(1)(v) of the SEC's Regulation S-K.

The Audit Committee can pre-approve specified services in defined categories of (i) audit services, (ii) audit-related services, (iii) tax services and (iv) other services up to specified amounts, as part of the Audit Committee's approval of the scope of the engagement of the independent registered public accounting firm or on an individual case-by-case basis before the independent registered public accounting firm is engaged to provide a service.
