Item 2.02. Results of Operations and Financial Condition.

On April 20, 2016, Electronics For Imaging, Inc. (EFI) reported record revenue for the quarter ended March 31, 2016, with EFI s Industrial Inkjet technology being its strongest driver, showing 44% growth in that segment of EFI s business, or 47% without the impact of currency. The Reggiani and Matan acquisitions that were completed in 2015 have been significant factors in this growth. If those businesses had been part of EFI last year, EFI would have reported low double-digit growth in the Industrial Inkjet segment. Even without the acquisitions, EFI s Industrial Inkjet segment would have seen high single-digit organic growth without taking into account the effect of foreign exchange rates.
