PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 7, 2017

The 2017 Annual Meeting of Stockholders, or Annual Meeting, of Athersys, Inc., a Delaware corporation, which we refer to as Athersys or the Company, will be held on Wednesday, June 7, 2017, at 8:30 a.m. Eastern Daylight Time, at the Westin Hotel at 777 St. Clair Avenue, NE, Cleveland, Ohio 44114.

This proxy statement is furnished in connection with the solicitation by the Board of Directors of the Company, which we refer to as the Board, of proxies to be used at the Annual Meeting. This proxy statement and the related proxy card are being mailed to stockholders commencing on or about April 28, 2017.

Stockholders of record of the Company at the close of business on Monday, April 10, 2017, or the Record Date, will be entitled to vote at the Annual Meeting. On the Record Date, 111,316,615 shares of common stock, par value \$0.001 per share, of the Company, which we refer to as Common Stock, were outstanding and entitled to vote. Stockholders have no right to cumulative voting as to any matter, including the election of Directors. Each share of Common Stock is entitled to one vote. At the Annual Meeting, inspectors of election shall determine the presence of a quorum and shall tabulate the results of the vote of the stockholders. The holders of a majority of the total number of outstanding shares of Common Stock entitled to vote must be present in person or by proxy to constitute the necessary quorum for any business to be transacted at the Annual Meeting. Properly executed proxies marked *abstain*, as well as *broker non-votes*, as described below, will be considered *present* for purposes of determining whether a quorum has been achieved at the Annual Meeting.

Required Vote, Abstentions, Broker Non-Votes and Related Matters. Brokers or other nominees who hold shares of Common Stock in *street name* for a beneficial owner of those shares typically have the authority to vote in their discretion on *routine* proposals when they have not received instructions from beneficial owners. However, brokers are not allowed to exercise their voting discretion with respect to the election of directors or for the approval of other matters that are *non-routine*, without specific instructions from the beneficial owner. The vote required and the treatment of abstentions and broker non-votes for each proposal are described below.

Proposal One Election of Directors is considered a non-routine matter, and without your instruction, your broker cannot vote your shares with respect to this proposal. The nominees for Director receiving the greatest number of votes cast at the Annual Meeting in person or by proxy shall be elected. Consequently, withheld votes and broker non-votes will have no impact in the election of Directors, except to the extent that the failure to vote for an individual may result in another individual receiving a larger number of votes.

Proposal Two Ratification of the Appointment of Ernst & Young LLP as the Company's Independent Auditors for the Fiscal Year Ending December 31, 2017 is considered to be a routine matter. Accordingly, we do not expect broker non-votes on this proposal. The affirmative vote of the holders of a majority of the shares cast for or against, in person or by proxy and entitled to vote, is necessary for the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2017. Under the Company's bylaws, abstentions will have no effect on this proposal. As an advisory vote, the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2017 is not binding on the Company.

Proposal Three Amendment of the Company's Certificate of Incorporation to Increase the Number of Shares of Authorized Common Stock is considered a routine matter. Accordingly, we do not expect broker non-votes on this proposal. Under the General Corporation Law of the State of Delaware, the approval of this proposal requires the affirmative vote of the majority of the shares of Common Stock outstanding and entitled to vote on such proposal at the Annual Meeting. Consequently, abstentions will have the effect of votes *against* the proposal.

Table of Contents

Proposal Four Advisory Vote on Named Executive Compensation is considered a non-routine matter, and without your instruction, your broker cannot vote your shares with respect to this proposal. Approval of this proposal requires the affirmative vote of the majority of the votes cast for or against, in person or by proxy and entitled to vote, on such proposal at the Annual Meeting. Under the Company's bylaws, abstentions and broker non-votes will have no effect on this proposal.

The shares of Common Stock represented by all valid proxies received will be voted in the manner specified on the proxies. Where specific choices are not indicated on a valid proxy, the shares of Common Stock represented by such proxies received will be voted: (i) for the election of each of the seven Director nominees named in this proxy statement; (ii) for the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2017; (iii) for the approval of an amendment to our Certificate of Incorporation to increase the number of authorized shares of common stock; (iv) for the approval, on an advisory basis, of named executive officer compensation; and (v) in accordance with the best judgment of the persons named in the enclosed proxy, or their substitutes, for any other matters that properly come before the Annual Meeting or any adjournment thereof.

Returning your completed proxy will not prevent you from voting in person at the Annual Meeting should you be present and desire to do so. In addition, you may revoke the proxy at any time prior to its exercise either by giving written notice to the Company or by submission of a later-dated proxy.

Table of Contents

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Director Independence

The Board reviews the independence of each Director at least annually. During these reviews, the Board will consider transactions and relationships between each Director (and his or her immediate family and affiliates) and the Company and our management to determine whether any such transactions or relationships are inconsistent with a determination that the Director was independent. The Board conducted its annual review of Director independence to determine if any transactions or relationships exist that would disqualify any of the individuals who serve as a Director under the rules of the NASDAQ Capital Market, or NASDAQ, or require disclosure under Securities and Exchange Commission, or SEC, rules. Based upon the foregoing review, the Board determined the following individuals are independent under the rules of the NASDAQ: Lee E. Babiss, Ismail Kola, Lorin J. Randall, Jack L. Wyszomierski and Jordan S. Davis. Currently, we have two members of management who also serve on the Board: Dr. Van Bokkelen, who is also our Chairman and Chief Executive Officer, and Dr. Harrington, who is our Executive Vice President and Chief Scientific Officer. Neither Dr. Van Bokkelen nor Dr. Harrington is considered independent under the independence rules of the NASDAQ. Kenneth H. Traub, who served on the Board until the 2016 annual meeting, was independent under the independence rules of the NASDAQ.

Board Meetings

The Board held nine meetings during fiscal year 2016. All of the Directors attended at least 75% of the total meetings held by the Board of Directors and by all committees on which he served during fiscal year 2016.

Attendance at Annual Meeting

Although the Company does not have a policy with respect to attendance by the Directors at the Annual Meeting, Directors are encouraged to attend. The Company held an annual meeting of stockholders last year, which was attended by all of the seven Directors.

Committees

The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominations and Corporate Governance Committee. The Board of Directors has adopted a written charter for each of its committees. These charters, as well as our Code of Business Conduct and Ethics, are posted and available under the Investor page on our website at www.athersys.com. Stockholders may request copies of these corporate governance documents, free of charge, by writing to Athersys, Inc., 3201 Carnegie Avenue, Cleveland, Ohio 44115, Attention: Corporate Secretary.

Audit Committee

The Audit Committee is responsible for overseeing the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company. The Audit Committee is also directly responsible for the appointment, compensation, retention and oversight of the work of the Company's independent auditors, including the resolution of disagreements between management and the auditors regarding financial reporting. Additionally, the Audit Committee approves all related-party transactions that are required to be disclosed pursuant to Item 404 of Regulation S-K. The current members of the Audit Committee are Lorin J. Randall, Jordan S. Davis and Jack L. Wyszomierski. The Board of Directors has determined that both Mr. Randall and Mr. Wyszomierski is an audit committee financial expert, as defined in Item 407(d)(5)(ii) of Regulation S-K, and an independent director, as defined in the NASDAQ listing standards. The Audit Committee held five meetings during fiscal year 2016.

Compensation Committee

The Compensation Committee is responsible for, among other things, annually reviewing and approving, or recommending to the Board of Directors for approval, the salaries and other compensation, including stock incentives, of our executive officers, including our Chief Executive Officer. The Compensation Committee is also responsible for reviewing and recommending to the Board of Directors, with guidance from independent compensation consultants, as appropriate, the compensation of our non-employee Directors, engaging and determining the fees of compensation consultants, if any, and overseeing regulatory compliance with respect to compensation matters. The Compensation Committee reviews and approves, or recommends to the Board of Directors for approval, corporate goals and objectives relevant to the compensation of the executive officers and evaluates the performance of the executive officers in light of those corporate goals and objectives.

Table of Contents

The Compensation Committee also considers the duties and responsibilities of the executive officers and approves, or recommends to the Board of Directors for approval, the compensation levels for those executive officers based on those evaluations and any other factors as it deems appropriate. In determining or recommending, as applicable, incentive compensation, the Compensation Committee also considers the Company's performance and relative stockholder return, the value of similar awards to executive officers of comparable companies and the awards given to the Company's executive officers in past years. The Compensation Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the Compensation Committee. For more information regarding the role of our Chief Executive Officer and compensation consultants in determining executive and director compensation, please see [Executive Compensation](#) [Role of the Chief Executive Officer](#) and [Role of the Independent Compensation Consultant](#) below. The current members of the Compensation Committee are Lorin J. Randall, Lee E. Babiss and Jack L. Wyszomierski. The Compensation Committee held six meetings during fiscal year 2016.

Nominations and Corporate Governance Committee

The Nominations and Corporate Governance Committee is responsible for, among other things, evaluating and recommending to the Board of Directors qualified nominees for election as Directors and qualified Directors for committee membership, as well as developing and recommending to the Board corporate governance principles applicable to the Company. The current members of the Nominations and Corporate Governance Committee are Lee E. Babiss, Lorin J. Randall, Ismail Kola and Jack L. Wyszomierski. The Nominations and Corporate Governance Committee held one meeting during fiscal year 2016.

The Nominations and Corporate Governance Committee identifies individuals qualified to become members of the Board of Directors and recommends candidates to the Board to fill new or vacant positions. Except as may be required by rules promulgated by NASDAQ or the SEC, there are currently no specific, minimum qualifications that must be met by each candidate for the Board of Directors, nor are there specific qualities or skills that are necessary for one or more of the members of the Board of Directors to possess. In recommending candidates, the Nominations and Corporate Governance Committee considers such factors as it deems appropriate, consistent with criteria approved by the Board of Directors. These factors may include judgment, skill, diversity, integrity, experience with businesses and other organizations of comparable size, experience in corporate governance, experience in business and human resource management, the interplay of the candidate's experience with the experience of other members of the Board of Directors and the extent to which the candidate would be a desirable addition to the Board of Directors and any committees of the Board. When considering diversity, the Nominations and Corporate Governance Committee considers the breadth and diversity of experience brought by the various nominees for Director in functional areas including pharmaceutical, capital markets, biotechnology, clinical and financial. The Nominations and Corporate Governance Committee recommends candidates to the Board of Directors based on these factors and also considers possible conflicts of interest when making its recommendations to the Board.

The Nominations and Corporate Governance Committee also has used an independent search firm in identifying potential director candidates, as needed. Historically, as needed, the search firm has performed initial screenings of candidates, prepared candidate biographies, evaluated candidates' credentials and conducted reference checks.

The Nominations and Corporate Governance Committee will give appropriate consideration to qualified persons recommended by stockholders for nomination as our Directors, provided that the stockholder delivers written notice to the Secretary of the Company, which contains the following information:

the name and address of the stockholder and each Director nominee;

a representation that the stockholder is entitled to vote and intends to appear in person or by proxy at the meeting;

a description of any and all arrangements or understandings between the stockholder and each nominee;

such other information regarding the nominee that would have been required to be included by the SEC in a proxy statement had the nominee been named in a proxy statement;

Edgar Filing: ATHERSYS, INC / NEW - Form PRE 14A

a brief description of the nominee's qualifications to be a Director; and

the written consent of the nominee to serve as a Director if so elected.

The Nominations and Corporate Governance Committee evaluates candidates proposed by stockholders, if any, using the same criteria as for other candidates not nominated by stockholders.

Board Leadership Structure

We operate in a complex and dynamic industry. Therefore, the Board believes that our Chief Executive Officer is the most appropriate person to serve as our Chairman because he possesses in-depth knowledge of the issues, opportunities and challenges facing our business. Because of this knowledge and insight, he is in the best position to effectively identify strategic opportunities and priorities and to lead the discussion for the execution of the Company's strategies and achievement of its objectives. As Chairman, our Chief Executive Officer is able to:

focus the Board on the most significant strategic goals and risks of our businesses;

utilize the individual qualifications, skills and experience of the other members of the Board in order to maximize their contributions to the Board;

ensure that each other member of the Board has sufficient knowledge and understanding of our businesses to enable him to make informed judgments; and

facilitate the flow of information between the Board and management of the Company.

The Board believes that the combined role of Chairman and Chief Executive Officer promotes strategic development and execution of our business strategies, which is essential to effective governance. In an effort to further enhance our governance, the Board appointed Lee E. Babiss as our Lead Director in 2013. The roles and responsibilities of the Lead Director include:

providing general leadership of the affairs of the independent Directors;

presiding over all executive sessions of the Board;

serving as primary liaison between the independent Directors and the Chairman and Chief Executive Officer, including facilitating organization and communication among the independent Directors;

in conjunction with the Nominations and Corporate Governance Committee, identifying underperforming Directors and providing appropriate counseling for improvement;

providing advice and consultation to the Chairman and Chief Executive Officer;

being available to discuss with any Director any concerns that he may have regarding the Board, the Company or the management team; and

fulfilling such other duties as the Board may provide from time to time.

The Board's Role in Risk Oversight

The Board oversees the risk management of the Company. The full Board of Directors, as supplemented by the appropriate board committee in the case of risks that are overseen by a particular committee, reviews information provided by management in order for the Board to oversee its

risk identification, risk management and risk mitigation strategies. The Board committees assist the full Board's oversight of our material risks by focusing on risks related to the particular area of concentration of the relevant committee. For example, our Compensation Committee oversees risks related to our executive compensation plans and arrangements, our Audit Committee oversees the financial reporting and control risks, and our Nominations and Corporate Governance Committee oversees risks associated with the independence of the Board and potential conflicts of interest. Each committee reports on these discussions of the applicable relevant risks to the full Board during the committee reports portion of each Board meeting, as appropriate. The full Board incorporates the insight provided by these reports into its overall risk management analysis. We believe that the Board leadership structure complements our risk management structure because it allows our independent directors, through independent committees, to exercise effective oversight of the actions of management in identifying risks and implementing effective risk management policies and controls.

Certain Relationships and Related Person Transactions

We give careful attention to related person transactions because they may present the potential for conflicts of interest. We refer to related person transactions as those transactions, arrangements, or relationships in which:

we were, are or are to be a participant;

the amount involved exceeds \$120,000; and

any of our Directors, Director nominees, executive officers or greater-than five percent stockholders (or any of their immediate family members) had or will have a direct or indirect material interest.

Table of Contents

To identify related person transactions in advance, we rely on information supplied by our executive officers, Directors and certain significant stockholders. We maintain a comprehensive written policy for the review, approval or ratification of related person transactions, and our Audit Committee reviews all related person transactions identified by us. The Audit Committee approves or ratifies only those related person transactions that are determined by it to be, under all of the circumstances, in the best interest of the Company and its stockholders. No related person transactions occurred in fiscal 2016 that required a review by the Audit Committee.

Communications with Directors

Information regarding how our stockholders and other interested parties may communicate with the Board of Directors as a group, with the non-management Directors as a group, or with any individual Director is included on the Investors page under Corporate Governance Contact the Board on our website at www.athersys.com.

Compensation Committee Interlocks and Insider Participation

In 2016, none of our Directors was a member of the board of directors of any other company where the relationship would be construed to constitute a committee interlock within the meaning of the rules of the SEC.

PROPOSAL TWO

**RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS FOR
THE FISCAL YEAR ENDING DECEMBER 31, 2017**

The Audit Committee of the Board has appointed Ernst & Young LLP as the independent auditors of the Company to examine the financial statements of the Company and its subsidiaries for the fiscal year ending December 31, 2017. During fiscal year 2016, Ernst & Young LLP examined the financial statements of the Company and its subsidiaries, including those set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

Although stockholder approval of this appointment is not required by law or binding on the Audit Committee, the Board believes that stockholders should be given the opportunity to express their views. If the stockholders do not ratify the appointment of Ernst & Young LLP as the Company's independent auditors, the Audit Committee will consider this vote in determining whether or not to continue the engagement of Ernst & Young LLP.

It is expected that representatives of Ernst & Young LLP will attend the Annual Meeting, with the opportunity to make a statement if they so desire, and will be available to answer appropriate questions.

Required Vote

The affirmative vote of the holders of a majority of the votes cast for or against, in person or by proxy and entitled to vote, is necessary for the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2017. Under the Company's bylaws, abstentions will have no effect on this proposal. As this proposal is considered to be a routine matter, we do not expect broker non-votes on this proposal. As an advisory vote, the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2017 is not binding on the Company.

The Board unanimously recommends that stockholders vote FOR the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2017.

Principal Accountant Fees and Services

Audit Fees. Fees paid to Ernst & Young LLP for the audit of the annual consolidated financial statements included in the Company's Annual Reports on Form 10-K, for the reviews of the consolidated financial statements included in the Company's Forms 10-Q and for services related to registration statements were \$489,100 for the fiscal year ended December 31, 2016 and \$522,800 for the fiscal year ended December 31, 2015. The decrease related primarily to services for registration statements filed in 2016.

Audit-Related Fees. Fees paid to Ernst & Young LLP for audit-related services in 2016 and 2015 were \$29,500 and \$35,000, respectively, related to a grant-required attestation.

Tax Fees. Fees paid to Ernst & Young LLP associated with tax compliance and tax consultation were \$35,000 and \$62,223 for the fiscal years ended December 31, 2016 and 2015, respectively. The decrease related primarily to services related to international tax consultations and a change in method.

All Other Fees. There were no other fees paid to Ernst & Young LLP in 2016 or 2015.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has adopted a formal policy on auditor independence requiring the pre-approval by the Audit Committee of all professional services rendered by the Company's independent auditor prior to the commencement of the specified services.

For the fiscal year ended December 31, 2016, 100% of the services described above were pre-approved by the Audit Committee in accordance with the Company's formal policy on auditor independence.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is composed of at least three Directors who are independent and operates under a written Audit Committee charter adopted and approved by the Board. The Audit Committee annually selects the Company's independent auditors. The written charter of the Audit Committee is posted and available under the Investor page on our website at www.athersys.com.

Management is responsible for the Company's internal controls and financial reporting process. Ernst & Young LLP, the Company's independent auditor, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to provide oversight to these processes.

In fulfilling its oversight responsibility, the Audit Committee relies on the accuracy of financial and other information, opinions, reports and statements provided to the Audit Committee. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Nor does the Audit Committee's oversight assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or the audited financial statements are presented in accordance with generally accepted accounting principles.

The Audit Committee has reviewed and discussed with the Company's management and Ernst & Young LLP the audited financial statements of the Company for the year ended December 31, 2016. The Audit Committee has also discussed with Ernst & Young LLP the matters required to be discussed by Auditing Standard 1301, Communications with Audit Committees, as adopted by the Public Company Oversight Board in Rule 3200T.

The Audit Committee has also received and reviewed the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with the Audit Committee concerning independence, and has discussed with Ernst & Young LLP such independent auditors' independence. The Audit Committee has also considered whether Ernst & Young LLP's provision of services to the Company beyond those rendered in connection with their audit and review of the Company's financial statements is compatible with maintaining their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

PROPOSAL THREE

AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION

TO INCREASE THE NUMBER OF SHARES OF AUTHORIZED COMMON STOCK

In March 2017, the Board approved, subject to receiving the approval of the holders of a majority of the outstanding Common Stock, an amendment to our Certificate of Incorporation to increase the total number of shares of authorized Common Stock from 150 million to 300 million shares. The Company currently has approximately 6.7 million shares of Common Stock available for issuance, as further described below. The proposed amendment is incorporated into Section 1. Authorization of Shares of our Certificate of Incorporation, a copy of which is set forth on Appendix A to this proxy statement and marked to show the proposed changes to the existing Section 1. Authorization of Shares of the Certificate of Incorporation.

The terms of the newly authorized shares of Common Stock will be identical to those of the currently outstanding shares of Common Stock. The authorization of additional shares of Common Stock will not alter the current number of issued shares. However, when any of the newly authorized shares of Common Stock are issued in a future transaction, it will reduce the current stockholders' percentage ownership interest in the total outstanding shares of Common Stock since holders of Common Stock have no preemptive rights to purchase or subscribe for any unissued stock of the Company. Depending upon the circumstances under which newly authorized shares of Common Stock are issued, stockholders may experience a reduction in stockholders' equity per share and voting power. The relative rights and limitations of the shares of Common Stock will remain unchanged.

Purpose for Increase and Effects of Increase on Authorized Common Stock

Currently, the Company has 150 million authorized shares of Common Stock. As of April 10, 2017, the record date, there were 111.3 million shares of Common Stock issued and outstanding and approximately 6.7 million shares of Common Stock available for issuance. The Company had the following reserved shares of Common Stock as of March 31, 2017 in connection with its stock-based compensation plans: outstanding stock-based awards to purchase 10.1 million shares of Common Stock and 7.7 million shares available for new awards. Also, the Company has approximately 14.2 million shares of Common Stock reserved for issuance pursuant to its Common Stock Purchase Agreement with Aspire Capital Fund, LLC. Based on the number of outstanding and reserved common shares described, the Company has approximately 6.7 million shares of Common Stock available for issuance.

The increase in our total authorized stock will provide us with greater flexibility with respect to our capital structure for such purposes as additional equity financings and future stock-based collaborative transactions.

The increase in the number of authorized but unissued shares of Common Stock will enable the Company, without further stockholder approval, to issue shares from time to time as may be required for proper business purposes, such as raising additional capital for ongoing operations, business and asset acquisitions, stock splits and dividends, present and future employee benefit programs and other corporate purposes. Having a substantial number of authorized but unissued shares of Common Stock that are not reserved for specific purposes will allow us to take prompt action with respect to corporate opportunities that develop, without the delay and expense of convening a meeting of stockholders or obtaining the written consent of stockholders for the purpose of approving an increase in our capitalization. It is not the present intention of our Board to seek stockholder approval prior to any issuance of shares of Common Stock that would become authorized by the amendment unless otherwise required by law or regulation.

While the Board may entertain and seek future financing and collaborative opportunities, there are no definitive transactions contemplated at this time, and the amendment to our Certificate of Incorporation was not proposed with the intent that additional shares be utilized in any specific financing transaction, business development collaboration or business or asset acquisition.

The increase in the authorized number of shares of Common Stock could have other effects on the stockholders, depending upon the nature and circumstances of any future issuances of authorized but unissued shares. The increase could have an anti-takeover effect, in that additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of the Company more difficult. For example, additional shares could be issued by the Company so as to dilute the stock ownership or voting rights of persons seeking to obtain control of the Company.

Table of Contents

Similarly, the issuance of additional shares to certain persons allied with the Company's management could have the effect of making it more difficult to remove the Company's current management by diluting the stock ownership or voting rights of persons seeking to cause such removal.

Required Vote

The approval of this Proposal Three requires the affirmative vote of the majority of the shares of Common Stock outstanding and entitled to vote on such proposal at the Annual Meeting. Abstentions will have the effect of votes "against" the proposal.

The Board unanimously recommends that you vote FOR Proposal Three to approve the amendment to the Company's Certificate of Incorporation to increase the number of shares of authorized Common Stock.

PROPOSAL FOUR

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER

COMPENSATION

In this Proposal Four, pursuant to Section 14A of the Securities Exchange Act of 1934 (the Exchange Act) and Rule 14a-21(a) promulgated thereunder, we are providing our stockholders the opportunity to cast an advisory (non-binding) vote on the compensation paid to the Company's named executive officers, as disclosed in Compensation Discussion and Analysis and Executive Compensation below, pursuant to the compensation rules of the SEC. While this vote is advisory, and not binding on the Company, the Board values the opinions of our stockholders and the Compensation Committee will review the result of the vote and take it into consideration when making future decisions regarding executive compensation. This advisory (non-binding) vote is scheduled to be conducted every year and the next vote will be held at our 2018 annual meeting of stockholders.

We are asking our stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the executive compensation program and practices described in this proxy statement. Please read the Compensation Discussion and Analysis and the executive compensation tables and narrative disclosure for a detailed explanation of our executive compensation program and practices. Accordingly, we are asking our stockholders to vote FOR the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the Company's executive compensation, as disclosed in the Compensation Discussion and Analysis and the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) pursuant to Item 402 of Regulation S-K in this Proxy Statement.

Required Vote

The approval of this Proposal Four requires the affirmative vote of the majority of the votes cast for or against, in person or by proxy and entitled to vote, on such proposal at the Annual Meeting. Abstentions and broker non-votes will have no effect on this proposal.

The Board unanimously recommends that you vote FOR the approval, on an advisory basis, of the named executive officer compensation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

This section discusses the principles underlying our executive compensation policies and decisions and the most important factors relevant to an analysis of these policies and decisions. It provides qualitative information regarding the manner and context in which compensation is awarded to and earned by our named executive officers, which include Dr. Gil Van Bokkelen, our Chief Executive Officer, Ms. Laura Campbell, our Senior Vice President of Finance, Mr. William (B.J.) Lehmann, Jr., our President and Chief Operating Officer and Dr. John Harrington, our Executive Vice President and Chief Scientific Officer, and places in perspective the data presented in the compensation tables and narratives that follow.

We are an international biotechnology company that is focused primarily in the field of regenerative medicine. Our MultiStem cell therapy is a patented and proprietary allogeneic stem cell product, is our lead platform product and is currently in later-stage clinical development. Our current clinical development programs are focused on treating neurological conditions, cardiovascular disease, inflammatory and immune disorders, certain pulmonary conditions and other conditions where the current standard of care is limited or inadequate for many patients. As further discussed in this section, our compensation and benefit programs help us attract, retain and motivate individuals who will maximize our business results by working to meet or exceed established company or individual objectives. In addition, we reward our executive officers for meeting certain developmental milestones, such as completing advancements in product candidate development, strategic partnerships or other financial transactions that add to the capital resources of the Company or create value for stockholders.

The following are the highlights of our 2016 compensation and benefit programs:

increased the base salaries of our named executive officers;

paid cash incentive compensation to our named executive officers; and

granted stock options and restricted stock unit awards to our named executive officers under our annual equity compensation program.

The following discussion and analysis of our compensation and benefit programs for 2016 should be read together with the compensation tables and related disclosures that follow this section. This discussion includes forward-looking statements based on our current plans, considerations, expectations and determinations about our compensation program. Actual compensation decisions that we may make for 2017 and beyond may differ materially from our recent past.

Compensation Objectives and Philosophy

Our executive compensation programs are designed to:

recruit, retain and motivate executives and employees that can help us achieve our core business goals;

provide incentives to promote and reward superior performance throughout the organization, which we refer to as Pay for Performance;

facilitate stock ownership and retention by our executives and other employees; and

Edgar Filing: ATHERSYS, INC / NEW - Form PRE 14A

promote alignment between executives and other employees and the long-term interests of stockholders. The Compensation Committee seeks to achieve these objectives by:

establishing a compensation program that is market competitive and internally fair;

linking individual and corporate performance with certain elements of compensation through the use of equity grants, cash performance compensation or other means of compensation, the value of which is substantially tied to the achievement of our Company goals; and

when appropriate, given the nature of our business, rewarding our executive officers for both Company and individual achievements with one-time performance awards.

Table of Contents

At the 2016 Annual Meeting of Stockholders, approximately 88% of the votes cast were voted in favor of the approval of our named executive officer compensation. Our Compensation Committee believes that the stockholder vote reinforces the objectives and philosophy of our executive compensation programs.

Components of Compensation

Our executive compensation program includes the following elements:

base salary;

cash incentive compensation;

long-term equity incentive plan awards; and

retirement and health and other insurance benefits.

Our Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid-out compensation, between cash and non-cash compensation or among different forms of non-cash compensation. We consider competitive practices, relative management level and operating responsibilities of each executive officer when determining the compensation elements to reward his or her ability to impact short-term and long-term results.

Role of the Chief Executive Officer

Historically, our Chief Executive Officer has taken the lead in providing our Board of Directors with advice regarding executive compensation. For 2016, the Compensation Committee considered recommendations from our Chief Executive Officer regarding the compensation for and performance of our executive officers in relation to company-specific strategic goals that were established by the Compensation Committee and approved by the Board of Directors. These achievements related to potential cash incentive compensation payments and salary increases. The Compensation Committee considers the recommendations made by our Chief Executive Officer because of his knowledge of the business and the performance of the other executive officers. The Compensation Committee is not bound by the input it receives from our Chief Executive Officer. Instead, the Compensation Committee exercises independent discretion when making executive compensation decisions. We describe and discuss the particular compensation decisions made by the Compensation Committee regarding the 2016 compensation of our named executive officers below under Elements of Executive Compensation.

Role of the Independent Compensation Consultant

From time to time, the Compensation Committee has retained the services of an independent compensation consultant, Arnosti Consulting, Inc., or Arnosti. During 2016, at the request of the Compensation Committee, Arnosti assisted the Compensation Committee in evaluating the base salaries to be paid to named executive officers and the annual equity awards to be granted company-wide. The Company pays the cost for Arnosti's services. However, the Compensation Committee retains the sole authority to engage, direct or terminate Arnosti's services. In 2016, the Compensation Committee considered and assessed all relevant factors, including but not limited to, those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act, that could give rise to a potential conflict of interest with respect to Arnosti's work. Based on this review, we are not aware of any conflict of interest that has been raised by the work performed by Arnosti.

Elements of Executive Compensation

Base Salary. We pay base salaries to provide executive officers with a competitive level of financial security. We establish base salaries for our executives based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies for similar positions and peer group benchmark pay. Our peer group consists of eighteen companies with a similar stage of development, market capitalization and revenues, including Arrowhead Research Corporation, Aviragen Therapeutics Inc., BioTime Inc., Chimerix Inc., Concert Pharmaceuticals Inc., ChemCentryx Inc., Edocyte Inc., GTX Inc., Idera Pharmaceuticals, Medicinova Inc., Osiris Therapeutics Inc., Rigel Pharmaceuticals Inc., Regulus Therapeutics Inc., Sangamo Biosciences, Inc., Stemline Therapeutics Inc., Threshold Pharmaceuticals Inc.,

Verastem Inc. and Vericel Corporation.

Table of Contents

Base salaries are generally reviewed annually, with adjustments based on the individual's responsibilities, performance and experience during the year. This review generally occurs each year following an annual review of individual performance.

In general, the Company and the executive team performed well in 2016 against many key goals and objectives, as measured against the metrics of key programmatic achievements (e.g., clinical, regulatory, preclinical and core capability development), business development objectives and operational and financial performance (e.g., budgetary goals, capital acquisition and management), among others. Each executive's performance was evaluated based on the Company's performance as a whole, combined with an evaluation of individual performance against goals and objectives relevant to his or her area of responsibility. Overall, some, but not all, corporate goals were achieved in 2016. For example, though a business partnership was put in place and certain regulatory goals were achieved, other clinical trial objectives were not met.

For 2016, the Compensation Committee and the Board of Directors approved an increase in base salary of 2.0% as compared to 2015 for the Chief Executive Officer, an adjustment based on both performance and comparative market data provided to the Compensation Committee by Arnosti. Also, the Compensation Committee and the Board of Directors approved increases for each of the other named executive officers' salary for 2016 as compared to 2015 based primarily on Company performance for the year ended December 31, 2015. The increases were as follows: Mr. Lehmann 2.0%; Dr. Harrington 2.0%; and Ms. Campbell 2.0%. Furthermore, Ms. Campbell was promoted effective January 1, 2016 to Senior Vice President of Finance in recognition of her significant contribution in leading the financial and administrative activities of the Company in a highly effective manner and her expected ongoing contributions in supporting overall management and related activities within the Company, which resulted in an additional 5.25% increase in her salary related to the promotion.

For 2017, the Compensation Committee and the Board of Directors approved an increase in base salary of 8.4% as compared to 2016 for the Chief Executive Officer, an adjustment based on both performance and comparative compensation data from the peer companies listed above that was provided to the Compensation Committee by Arnosti. Also, the Compensation Committee and the Board of Directors approved increases for each of the other named executive officers' salary for 2017 as compared to 2016 based primarily on Company performance for the year ended December 31, 2016. The increases were as follows: Mr. Lehmann 3.1%; Dr. Harrington 3.0%; and Ms. Campbell 3.1%. The salary information for our named executive officers is summarized below:

| | 2015 Salary | 2015 % Increase | 2016 Salary | 2016 % Increase | 2017 Salary | 2017 % Increase |
|------------------|-------------|-----------------|-------------|-----------------|-------------|-----------------|
| Dr. Van Bokkelen | \$ 475,000 | 1.75% | \$ 484,500 | 2.00% | \$ 525,000 | 8.40% |
| Dr. Harrington | \$ 387,000 | 1.84% | \$ 394,740 | 2.00% | \$ 406,750 | 3.00% |
| Mr. Lehmann | \$ 389,000 | 1.83% | \$ 396,780 | 2.00% | \$ 409,000 | 3.10% |
| Ms. Campbell | \$ 251,750 | 1.81% | \$ 270,000 | 7.25% | \$ 278,500 | 3.10% |

Cash Incentive Compensation. Given the nature of our business, when appropriate, we reward our named executive officers with performance-related compensation. We utilize annual incentive compensation to reward officers and other employees for achieving corporate objectives and for meeting individual annual performance objectives. These objectives relate generally to strategic factors, including advancement of our product candidates, identification and advancement of additional programs or product candidates, establishment and maintenance of key strategic relationships, and to financial factors, including raising capital, adherence to budgets and cash management.

The Compensation Committee recommended, and the Board approved, a cash incentive compensation program for the year ended December 31, 2016 for our named executive officers. Under the 2016 incentive program, each participant was eligible to earn a target incentive compensation payment of a specified percentage of the named executive officer's salary during the award term, weighted on the achievement of specific corporate goals, with the remainder based on individual/functional performance, as set forth in the following table. The weighting on corporate versus individual/functional performance is related to the relative impact on overall corporate goals and the emphasis and incentives toward departmental performance.

Table of Contents

| | Target Amount | Corporate Goals | Weighted On Individual/Functional Performance |
|------------------|---------------|-----------------|---|
| Dr. Van Bokkelen | 60% | 100% | 0% |
| Dr. Harrington | 45% | 80% | 20% |
| Mr. Lehmann | 45% | 80% | 20% |
| Ms. Campbell | 35% | 60% | 40% |

The evaluation of goal achievement is at the discretion of the Compensation Committee and the Board of Directors based on input from the Chief Executive Officer (with respect to the named executive officers other than the Chief Executive Officer). The 2016 corporate goals included program and collaboration goals, including new business development, progress on MultiStem clinical development and cash management objectives. While the overall amount of incentive compensation is tied to predetermined metrics, the Board of Directors has the discretion to adjust any amount ultimately paid under our annual incentive program after good faith consideration of executive officer performance, overall company performance, market conditions and cash availability. We do not have a formally adopted plan document for the 2016 incentive program, although the Compensation Committee recommended, and the Board of Directors approved, the specific corporate goals, target compensation levels and weightings between corporate and functional performance. The Compensation Committee and the Board of Directors agreed that each of the named executive officers would be entitled to a payment under the 2016 incentive program as a result of individual performance and the achievement of operational and strategic objectives in 2016, specifically the achievement of patient enrollment and regulatory approval goals for the Company's clinical studies, capital management and the receipt of new grant funding and other core program development and sector leadership goals, resulting in the payment of incentive compensation based on a percentage of such officers' 2016 base salaries as follows:

| | Percentage of Base Salary | Cash Incentive Compensation Paid |
|------------------|---------------------------|----------------------------------|
| Dr. Van Bokkelen | 31.8% | \$ 154,071 |
| Dr. Harrington | 24.5% | \$ 96,632 |
| Mr. Lehmann | 24.3% | \$ 96,417 |
| Ms. Campbell | 19.1% | \$ 51,691 |

For the year ending December 31, 2017, the Compensation Committee recommended, and the Board of Directors approved, a similar cash incentive compensation plan for our named executive officers, with no changes to the target incentive compensation percentage for our named executive officers from 2016. The 2017 corporate goals include strategic partnership objectives, advancing and achieving clinical development and related support activities for MultiStem, program advancement objectives, and executing against the established operating plan and capital acquisition objectives.

Long-Term Incentive Program. We believe that we can encourage superior long-term performance by our executive officers and employees through encouraging them to own, and assisting them with the acquisition of, our common stock. Our equity compensation plans provide our employees, including named executive officers, with incentives to help align their interests with the interests of our stockholders. We believe that the use of common stock and stock-based awards offers the best approach to achieving our objective of fostering a culture of ownership, which we believe will, in turn, motivate our named executive officers to create and enhance stockholder value. We have not adopted stock ownership guidelines, but our equity compensation plans provide a principal method for our executive officers to acquire equity in our company. The following table reflects the number of shares of Athersys Common Stock owned by our named executive officers as of December 31, 2016:

| | Shares of Common Stock Owned |
|------------------|------------------------------|
| Dr. Van Bokkelen | 764,198 |
| Dr. Harrington | 403,031 |
| Mr. Lehmann | 203,755 |
| Ms. Campbell | 377,297 |

Table of Contents

Our equity compensation plans authorize us to grant, among other types of awards, options, restricted stock and restricted stock units, or RSUs, to our employees, Directors and consultants. We award RSUs and stock options to our employees. In June 2016, we amended our long-term equity incentive plan to increase the number of shares available for awards under the plan, among other things. We expect to continue to use equity-based awards as a long-term incentive vehicle because we believe:

equity-based awards align the interests of our executives with those of our stockholders, support a pay-for-performance culture, foster an employee stock ownership culture and focus the management team on increasing value for our stockholders;

equity-based awards have the potential to increase in value based on our performance and the growth of our stock price;

equity-based awards help to provide a balance to the overall executive compensation program because, while base salary and our discretionary incentive compensation program focus on short-term performance, equity-based awards that vest over time reward increases in stockholder value over the longer-term; and

the vesting period of equity-based awards encourages executive retention and efforts to preserve stockholder value.

In 2016, we granted 1,418,016 stock options and 596,992 RSUs to our named executive officers, as well as stock options and RSUs to our other employees. Equity awards are tied to factors such as performance, peer and market analysis and the total equity ownership level of each named executive officer, and further enhance the retention and long-term stock ownership features of our equity incentive program. In determining the number of stock-based awards to be granted to named executive officers, we review annually our named executive officers' equity ownership positions, and we take into account the individual's scope of responsibility, ability to affect results and stockholder value, anticipated future contributions to increases in stockholder value and the value of equity-based awards in relation to other elements of the individual named executive officer's total compensation; with an emphasis on scope of responsibility, results and stockholder value. We also review competitive compensation data, an assessment of individual performance, a review of each named executive officer's existing long-term incentives, retention considerations and a subjective determination of the individual's potential to positively impact future stockholder value. Equity-based awards are granted from time to time by the Compensation Committee and the Board of Directors, with input from independent compensation consultants, as appropriate. The following stock option and RSU awards were granted to our named executive officers in June 2016 as part of our program for annual equity-based awards, which vest quarterly over a four-year period:

| | Stock Options | Restricted Stock Units |
|------------------|---------------|------------------------|
| Dr. Van Bokkelen | 500,000 | 225,008 |
| Dr. Harrington | 348,608 | 149,392 |
| Mr. Lehmann | 361,200 | 154,800 |
| Ms. Campbell | 208,208 | 67,792 |

Retirement and Insurance Benefits. Consistent with our compensation philosophy, we maintain benefits for our named executive officers and our employees, including medical, dental, vision, life and disability insurance coverage and the ability to contribute to a 401(k) retirement plan. The named executive officers and employees have the ability to participate in these benefits at the same levels. We make employer contributions to our 401(k) retirement plan and contributed approximately \$339,000 in 2016. We provide such retirement and health insurance benefits to our employees to retain qualified personnel.

In addition, Dr. Van Bokkelen, Dr. Harrington, Mr. Lehmann and Ms. Campbell also receive Company-paid life insurance benefits in the amounts of \$2.0 million for Dr. Van Bokkelen, Dr. Harrington and Mr. Lehmann, and \$1.0 million for Ms. Campbell. These additional life insurance policies are provided to these officers due to their extensive travel requirements and contributions to the Company.

Table of Contents***Severance Arrangements***

See the disclosure under **Potential Payments Upon Termination or Change of Control** for more information about severance arrangements with our named executive officers. We provide such severance arrangements in order to assure that our executives will focus on the best interests of the business at all times, without undue concern for their own financial security.

Employment Agreements and Arrangements

We believe that entering into employment agreements with each of our named executive officers was necessary for us to attract and retain talented and experienced individuals for our senior level positions. In this way, the employment agreements help us meet the initial objective of our compensation program. Each agreement contains terms and arrangements that we agreed to through arms-length negotiation with our named executive officers. We view these employment agreements as reflecting the minimum level of compensation that our named executive officers require to remain employed with us, and thus the bedrock of our compensation program for our named executive officers. For more details of our employment agreements and arrangements, see the disclosure under **2016 Summary Compensation Table**.

General Tax Deductibility of Executive Compensation

We structure our compensation program to comply with Internal Revenue Code Section 162(m). Under Section 162(m) of the Code, there is a limitation on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1.0 million in any taxable year, unless the compensation is performance-based. The Compensation Committee manages our incentive programs to qualify for the performance-based exemption; however, it also reserves the right to provide compensation that does not meet the exemption criteria if, in its sole discretion, it determines that doing so advances our business objectives.

William (B.J.) Lehmann, Jr. On January 1, 2004, we entered into a four-year employment agreement with Mr. Lehmann to serve initially as Executive Vice President of Corporate Development and Finance. The agreement automatically renews for subsequent one-year terms on January 1 of each year unless either party gives notice of termination at least thirty days before the end of any term. The agreement was amended in 2013 to modify the duration of his severance arrangement, with no change to the events triggering such severance. Laura K. Campbell. On May 22, 1998, we entered into a two-year employment agreement with Laura K. Campbell to serve initially as Controller. The agreement automatically renews for subsequent one-year terms on May 22 of each year unless either party gives notice of termination at least thirty days before the end of any term. Under the terms of the agreement, Ms. Campbell is entitled to a base salary, which is \$278,500 for 2017. Ms. Campbell's target annual incentive compensation payment for 2017 is 35% of her base salary. Ms. Campbell also received options to purchase shares of common stock upon her employment that were terminated in 2007, and her current stock options are described in the table below. For more information about severance arrangements under the agreement, see the disclosure under Potential Payments Upon Termination or Change of Control.

Equity Compensation Plans

In June 2007, we adopted two equity compensation plans, which authorize the Board of Directors, or a committee thereof, to provide equity-based compensation in the form of stock options, restricted stock, RSUs and other stock-based awards, which are used to attract and retain qualified employees, Directors and consultants. Equity awards are granted from time to time under the guidance and approval of the Compensation Committee. Total awards under these plans, as amended, are currently limited to 21,500,000 shares of Common Stock, of which 7,503,231 shares remain available for issuance at December 31, 2016.

401(k) Plan

We have a tax-qualified employee savings and retirement plan, also known as a 401(k) plan that covers all of our employees. Under our 401(k) plan, eligible employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit, which was \$18,000 in 2016, and have the amount of the reduced compensation contributed to the 401(k) plan. The trustees of the 401(k) plan, at the direction of each participant, invest the assets of the 401(k) plan in designated investment options. We may make matching or profit-sharing contributions to the 401(k) plan in amounts to be determined by the Board of Directors. We made matching contributions to the 401(k) plan during fiscal 2015 at a maximum rate of 100% of the first \$3,000 of participant contributions, plus 40% of participant contributions in excess of \$3,000 per participant, which amounted to approximately \$339,000 in 2016. The 401(k) plan is intended to qualify under Section 401 of the Internal Revenue Code, so that contributions to the 401(k) plan and income earned on the 401(k) plan contributions are not taxable until withdrawn, and so that any contributions we make will be deductible when made.

2016 Options Exercised and Stock Vested

The following table provides information on all stock awards vested and the value realized upon vesting by the named executive officers during fiscal 2016. None of our named executive officers exercised any stock options during 2016.

It does not represent cash proceeds to the employee until the underlying shares are sold.

Potential Payments Upon Termination or Change in Control

Under their employment agreements, the named executive officers may be entitled to certain potential payments upon termination. In the event that an executive officer is terminated without cause or terminates employment for good reason, as defined in the agreements, we would be obligated to pay full base salary for a defined period, subject to mitigation related to other employment. The defined payment period is eighteen months for Gil Van Bokkelen and John Harrington, twelve months for William (BJ) Lehmann and six months for Laura Campbell. We would also be obligated to continue the participation of Gil Van Bokkelen and John Harrington in all medical, life and employee welfare benefit programs for a period of eighteen months at our expense, to the extent available and possible under the programs.

The agreements define cause to mean willful and continuous neglect of such executive officer's duties or responsibilities or willful misconduct by the executive officer that is materially and manifestly injurious to our Company. Good reason includes, among other things, demotion, salary reduction, relocation without consent, failure to provide an executive officer with adequate and appropriate facilities and termination by the executive officer within 90 days of a change in control. A change in control occurs when (1) a person or group of persons purchases 50% or more of our consolidated assets or a majority of our voting shares, or (2) if, following a public offering, the directors of Athersys immediately following the offering no longer constitute a majority of the Board of Directors. Upon a change in control, or if the named executive officer should die or become permanently disabled, all unvested stock options become immediately vested and exercisable. As of December 31, 2016, each of the named executive officers held unvested stock options and RSUs, as reflected in the Outstanding Equity Awards at 2016 Fiscal Year-End table above.

In the event that an executive officer is terminated for cause or as a result of death, we would be obligated to pay full base salary and other benefits, including any unpaid expense reimbursements, through the date of termination, and would have no further obligations to the executive officer. In the event that an executive officer is unable to perform duties as a result of a disability, we would be obligated to pay full base salary and other benefits until employment is terminated and for a period of twelve months from the date of such termination.

Table of Contents

The table below reflects the amount of compensation payable to each named executive officer in the event of termination of such executive's employment, pursuant to such executive's employment agreement. The amounts shown assume that such termination was effective as of December 31, 2016 and thus includes amounts earned through such time and are estimates of the amounts that would be paid out to executives upon their termination.

Lee Babiss, Ismail Kola, Lorin Randall and Jack Wyszomierski each had 225,000 option awards outstanding as of December 31, 2016. Jordan Davis had 60,000 option awards outstanding as of December 31, 2016.

(2) Mr. Traub retired as a Director at our 2016 annual meeting of stockholders in June 2016.

Under our Director compensation program for non-employee Directors, new Directors receive an initial stock option grant to purchase 50,000 shares of common stock at fair market value on the date of grant, which vests at a rate of 50% in the first year (on a quarterly basis) and 25% in each of the two years (on a quarterly basis) thereafter. In March 2016, the Directors approved a change to the compensation program, whereby the initial stock option grant would be increased from 50,000 to 60,000 shares of common stock, and would vest at a rate of 33.33% per year, with cliff vesting in year one and quarterly vesting in years two and three. Also, given that awards from their initial appointment over five years ago had expired, Directors Babiss, Kola, Randall and Wyszomierski each received stock option awards in March 2016 to purchase 75,000 shares of common stock.

Additionally, the non-employee Directors receive annually an option award to purchase 30,000 shares of our common stock at fair market value on the date of grant, which vests quarterly over a one-year period, with such anniversary awards issued in June of each year in connection with our annual stockholder meeting. In June 2016, Directors Babiss, Kola, Randall, and Wyszomierski each received an anniversary stock option award of 30,000 shares. All initial and anniversary stock option awards granted to non-employee Directors have a term of ten years and upon the termination of the Director's service, the Director has eighteen months in which to exercise the vested portion of his options prior to forfeiture.

Our Directors receive annual cash compensation retainers as set forth below:

| | |
|---|-----------|
| Board Member | \$ 40,000 |
| Lead Director | \$ 25,000 |
| Audit Committee Chairman | \$ 15,000 |
| Audit Committee Member | \$ 7,500 |
| Compensation Committee Chairman | \$ 10,000 |
| Compensation Committee Member | \$ 5,000 |
| Nominations and Corporate Governance Committee Chairman | \$ 10,000 |
| Nominations and Corporate Governance Committee Member | \$ 5,000 |

These annual retainers are paid in quarterly installments and Directors are reimbursed for reasonable out-of-pocket expenses incurred while attending Board and committee meetings. In January 2017, the retainers were increased as follows: Audit Committee Chairman, \$20,000; Audit Committee Member, \$9,000; Compensation Committee Chairman, \$13,000; and Compensation Committee Member, \$6,000.

Table of Contents**BENEFICIAL OWNERSHIP OF COMMON STOCK**

The following table sets forth certain information known to us regarding the beneficial ownership of our common stock as of February 28, 2017 (unless otherwise indicated below) by:

each person known by us to beneficially own more than 5% of our common stock;

each of our Directors and nominees;

each of the executive officers named in the 2016 Summary Compensation Table; and

all of our Directors and nominees and executive officers as a group.

We determined beneficial ownership in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock that could be issued upon the exercise of outstanding options, RSUs and warrants held by that person that are exercisable within 60 days of February 28, 2017 are considered outstanding. These shares, however, are not considered outstanding when computing the percentage ownership of each other person.

Percentage ownership calculations for beneficial ownership for each person or entity are based on 109,562,375 shares of common stock outstanding as of February 28, 2017.

Except as indicated in the footnotes to this table and pursuant to state community property laws, each stockholder named in the table has sole voting and investment power for the shares shown as beneficially owned by them.
