ENFORCEABILITY OF CERTAIN CIVIL LIABILITIES

Grupo Financiero Galicia S.A. is a stock corporation (*sociedad anónima*) organized under the laws of Argentina. Substantially all of our directors and executive officers, and some of the experts named in this document, are not residents of the United States. All or a substantial portion of our assets are located outside the United States. As a result, it may not be possible for investors to effect service of process within the United States upon such persons with respect to matters arising under the Securities Act.

Enforcement of foreign judgments would be recognized and enforced by the courts in Argentina provided that the requirements of Articles 517 through 519 of the National Civil and Commercial Procedure Code (if enforcement is sought before federal courts) are met, such as (i) the judgment, which must be final in the jurisdiction where rendered, was issued by a court competent in accordance with the Argentine principles regarding international jurisdiction and resulted from a personal action, or an in rem action with respect to personal property if such was transferred to Argentine territory during or after the prosecution of the foreign action; (ii) the defendant against whom enforcement of the judgment is sought was personally served with the summons and, in accordance with due process of law, was given an opportunity to defend against the foreign action; (iii) the judgment must be valid in the jurisdiction where rendered and its authenticity must be established in accordance with the requirements of Argentine law; (iv) the judgment does not violate the principles of public policy of Argentine law; and (v) the judgment is not contrary to a prior or simultaneous judgment of an Argentine court.

We have been advised by our Argentine counsel that judgments of United States courts for civil liabilities based upon the federal securities laws of the United States may be, subject to the requirements described above, enforced in Argentina. A judgment against us obtained outside Argentina would be enforceable in Argentina without reconsideration of the merits.

We have appointed CT Corporation System as agent in New York City to accept service of process.

SUMMARY

Overview

We are one of Argentina's largest financial services groups with consolidated assets of Ps.253,173 million (US\$15,252.7 million) as of June 30, 2017. As a holding company, we do not have operations of our own and conduct our business through our subsidiaries. Banco de Galicia y Buenos Aires S.A. (Banco Galicia or the Bank) is our main subsidiary and one of Argentina's largest full-service banks. In addition, through Banco Galicia's subsidiary Tarjetas Regionales S.A. (Tarjetas Regionales), we provide proprietary brand credit cards mainly outside the Buenos Aires region, and through our other subsidiaries we provide consumer finance services and insurance products throughout Argentina.

Banco Galicia is a leading provider of financial services in Argentina. According to information published by the Argentine Central Bank, as of May 31, 2017, Banco Galicia ranked second in terms of assets, deposits and loan portfolio within private-sector banks in Argentina. The Bank's market share of private sector deposits and of loans to the private sector was 9.51% and 10.38%, respectively, as of June 30, 2017. As of June 30, 2017, Banco Galicia and its subsidiaries on a consolidated basis had total assets of Ps.250,395 million (US\$15,085.3 million), total loans of Ps.159,923 million (US\$9,634.7 million), total deposits of Ps.158,211 million (US\$9,531.6 million), and its shareholders' equity amounted to Ps.22,049 million (approximately US\$1,328.3 million).

Banco Galicia provides a full range of financial services through one of the most extensive and diversified distribution platforms among private-sector banks in Argentina. This distribution platform, as of June 30, 2017, was comprised of 279 full service banking branches and 1,870 ATMs and self-service terminals located throughout the country, as well as phone banking and internet banking platforms. Banco Galicia's customer base was comprised of approximately 3.7 million customers, which were mostly individuals but also included more than 97,500 companies. Banco Galicia has a strong competitive position in retail banking, both with respect to individuals and small- and medium-sized companies. It also has a solid market position in providing service to large corporations and institutional investors.

The Bank's Wholesale Banking Division provides products and services to medium and large businesses (i.e., those businesses with annual revenues above Ps.100 million) in the Corporate Banking, Mid-Sized Companies, Agricultural and Livestock sectors. This Division also provides foreign trade, capital markets and investment banking services. Within the Wholesale Banking Division, the Bank provides services targeted to the needs of these clients, including a Galicia Rural credit card for its clients in the agricultural and livestock sector and underwriting and placement agent services through its capital markets department. Through its Retail Banking Division, Banco Galicia provides products and services to individuals from across most income brackets, micro and small businesses (i.e., those businesses with annual revenues below Ps.100 million) and small retailers and professionals.

The companies devoted to the issuance of regional credit cards are subsidiaries of Banco Galicia through Tarjetas Regionales, which includes Tarjeta Naranja S.A. and Tarjetas Cuyanas S.A. Tarjetas Regionales has a distinctive business model that we believe is well-suited to developing economies in Latin America and to the cultural background of its clients. Its business model of credit card issuance and related credit services focuses on the specific needs of lower- and lower-middle-income clients through personalized and attentive services using its extensive network of branches. Tarjetas Regionales' client base is primarily located outside the Buenos Aires area, where its brands have a leading presence.

Tarjetas Regionales is the largest non-bank credit card issuer in Argentina and one of the largest in Latin America, in each case, based on the number of credit cards issued as of June 30, 2017. It is also one of the two largest merchant acquirers in Argentina and one of the largest credit card processors in Argentina. As of June 30,

Table of Contents

2017, Tarjetas Regionales had more than 3.5 million active accounts, 9.5 million credit cards issued and 250,000 affiliated merchants. Based on numbers from *ATACyC Cámara de Tarjetas de Créditos y Compra*, an Argentine industry group, we estimate that, as of the same date, Tarjetas Regionales' market share of issued credit cards in Argentina was approximately 17.9%. As the credit card processor for all of its credit card operations, Tarjetas Regionales processed approximately 163 million transactions during 2016.

Our goal is to consolidate our position as one of Argentina's leading comprehensive financial services providers while continuing to strengthen Banco Galicia's position as one of Argentina's leading banks. We seek to broaden and complement the operations and businesses of Banco Galicia, through holdings in companies and undertakings whose objectives are related to and/or can produce synergies with financial activities. Our non-banking subsidiaries operate in financial and related activities in which Banco Galicia either cannot participate or in which it can participate only on a limited basis due to restrictive banking regulations.

PLAN OF DISTRIBUTION

The securities may be sold, and the underwriters may resell the securities, directly or through agents in one or more transactions, including negotiated transactions, at a fixed public offering price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices. The securities may be sold in portions outside the United States at an offering price and on terms specified in the applicable prospectus supplement relating to a particular issue of the securities. Without limiting the generality of the foregoing, any one or more of the following methods may be used when selling the securities:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

settlement of short sales entered into after the date of this prospectus;

sales in which broker-dealers agree with us or a selling securityholder to sell a specified number of securities at a stipulated price per security;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

by pledge to secure debts or other obligations;

by an underwritten public offering;

in a combination of any of the above; or

any other method permitted pursuant to applicable law.

In addition, the securities may be sold by way of exercise of rights granted pro rata to our existing shareholders.

The securities may also be sold short and securities covered by this prospectus may be delivered to close out such short positions, or the securities may be loaned or pledged to broker-dealers that in turn may sell them. Options, swaps, derivatives or other transactions may be entered into with broker-dealers or other financial institutions which require the delivery to such broker-dealer or other financial institution of the securities and Class B ordinary shares, respectively, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

Any underwriters or agents will be identified and their compensation described in the applicable prospectus supplement.

In connection with the sale of securities, the underwriters or agents may receive compensation from us, a selling securityholder or from purchasers of the securities for whom they may act as agents. The underwriters may sell securities to or through dealers, who may also receive compensation from the underwriters or from purchasers of the securities for whom they may act as agents. Compensation may be in the form of discounts, concessions or commissions. Underwriters, dealers and agents that participate in the distribution of the securities may be deemed to be underwriters as defined in the Securities Act, and any discounts or commissions received by them from us or a selling securityholder and any profit on the resale of the securities by them may be treated as underwriting discounts and commissions under the Securities Act.

Table of Contents

We or a selling securityholder may enter into agreements that will entitle the underwriters, dealers and agents to indemnification by us or a selling securityholder against and contribution toward certain liabilities, including liabilities under the Securities Act.

Certain underwriters, dealers and agents and their associates may be customers of, engage in transactions with or perform commercial banking, investment banking, advisory or other services for a selling securityholder or us, including our subsidiaries, in the ordinary course of their business.

If so indicated in the applicable prospectus supplement relating to a particular issue of securities, the underwriters, dealers or agents will be authorized to solicit offers by certain institutions to purchase the securities under delayed delivery contracts providing for payment and delivery at a future date. These contracts will be subject only to those conditions set forth in the applicable prospectus supplement, and the prospectus supplement will set forth the commission payable for solicitation of these contracts.

We will advise any selling securityholder that while it is engaged in a distribution of the securities, it is required to comply with Regulation M promulgated under the Exchange Act (Regulation M). With limited exceptions, Regulation M precludes a selling securityholder, any affiliated purchasers and any broker-dealer or other person who participates in the distribution from bidding for or purchasing, or attempting to induce any person to bid for or purchase, any security which is the subject of the distribution until the entire distribution is complete. All of the foregoing might affect the marketability of the securities.

(B) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total U.S. dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(C) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(A), (a)(1)(B) and (a)(1)(C) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by such registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A. of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act need not be furnished, provided, that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, with respect to registration statements on Form F-3, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act or Rule 3-19 if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Form F-3.

(5) That, for the purpose of determining liability under the Securities Act to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that

prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided,

however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(6) That, for the purpose of determining liability of such registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(A) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(B) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(C) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(D) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that for purposes of determining any liability under the Securities Act, each filing of the registrant's annual reports pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) The undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(d) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by such registrant of expenses incurred or paid by a director, officer or controlling person of such registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, such registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(e) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form

of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
