Table of Contents

How do I vote?

If you are a stockholder of record (your shares are registered directly in your name with our transfer agent), you may vote in person at the Annual Meeting, vote by proxy by telephone, through the Internet or, if you received a paper copy of the proxy card, by signing and returning it in the envelope provided. To vote through the Internet, go to www.cstproxyvote.com and complete an electronic proxy card. You will be asked for the Company Number, Proxy Number and Account Number, which are provided on the Notice of Internet Availability of Proxy Materials or, if you received a paper copy, on the proxy card. Stockholders of record who attend the Annual Meeting may vote in person by obtaining a ballot from the inspector of elections.

If you are a beneficial owner of shares (your shares are held in the name of a brokerage firm, bank, or other nominee), you may vote by following the instructions provided in the voting instruction form, or other materials provided to you by the brokerage firm, bank, or other nominee that holds your shares. To vote in person at the Annual Meeting, you must obtain a legal proxy from the brokerage firm, bank, or other nominee that holds your shares, and present such legal proxy from the brokerage firm, bank, or other nominee that holds your shares for admittance to the Annual Meeting.

All stockholders who plan to attend the Annual Meeting in person should be prepared to present photo identification for admittance.

Whether you plan to attend the Annual Meeting or not, we urge you to vote by proxy to ensure your vote is counted. Voting by proxy will not affect your right to attend the Annual Meeting and vote. If you properly complete your paper or electronic proxy and submit it to us in time, the proxy (one of the individuals named on the proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, the proxy will vote your shares as recommended by the Board and, as to any other matters properly brought before the Annual Meeting, in the sole discretion of the proxy.

What are the recommendations of the Board?

The Board recommends that you vote:

FOR the election of all nine nominees for director named in this proxy statement;

FOR the approval, by advisory vote, of the executive compensation of our named executive officers for 2018;

FOR the approval of the amendment and restatement of the TransEnterix, Inc. Amended and Restated Incentive Compensation Plan, as amended (the Plan) to increase the number of shares available for awards under the Plan by 12,000,000 shares and to make other changes; and

FOR the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

The Board knows of no matters that are likely to be brought before the Annual Meeting, other than the matters identified in the Notice of Annual Meeting of Stockholders. If any other matters properly come before the Annual Meeting, the proxy will be authorized to vote or otherwise act according to his judgment on those matters.

What constitutes a quorum at the Annual Meeting?

The presence in person or by proxy of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the meeting. Abstentions in each of the proposals will be counted for the purpose of determining whether a quorum is present at the meeting and as votes cast and will have the effect of a negative vote. Broker non-votes will be counted for the purpose of determining the existence of a quorum at the Meeting.

Table of Contents

How many votes are required to approve the proposals to be acted upon at the Annual Meeting?

Election of Directors

With regard to the election of directors under Proposal One, votes may be cast For or Withheld for one or more of the nominees being proposed. Approval, by Advisory Vote, of Executive Compensation

With regard to the stockholder advisory vote to approve the executive compensation for our named executive officers for 2018, the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on such matter at the Annual Meeting is required. You may vote For the proposal, Against the proposal or Abstain with respect to the proposal. This vote is advisory in nature and, therefore, not binding on the Company. However, our Board will consider the outcome of this vote in its future deliberations regarding executive compensation. Broker non-votes are not considered as votes cast and have no impact on the result of the vote. Abstentions are considered as negative votes.

Amendment and Restatement of the Plan

With regard to the vote to approve the amendment and restatement of the Plan, the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on such matter at the Annual Meeting is required. You may vote For the proposal, Against the proposal or Abstain with respect to the proposal. Broker non-votes are not considered as votes cast and have no impact on the result of the vote. Abstentions are considered as negative votes.

Ratification of BDO USA, LLP's Appointment

The ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the votes cast by all stockholders present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. If the selection of BDO USA, LLP as our independent registered public accounting firm is not ratified, the Audit Committee of the Board will reconsider its selection. Brokers are permitted to vote for this routine matter without instructions from the beneficial owners of the securities. Abstentions are considered as negative votes.

Can I revoke my proxy?

Yes. If you return your proxy card or vote via telephone or the Internet, you may revoke your proxy at any time before it is exercised. You may revoke your proxy in any one of the following ways:

Director Independence

The Board, in the exercise of its reasonable business judgment, has determined that each of our current directors qualify as independent directors pursuant to the applicable NYSE American and SEC rules and regulations, except Mr. Pope, who is currently employed as our President and Chief Executive Officer, and Mr. Biffi, who is currently employed as the Chief Executive Officer and member of the board of directors of Sofar, an affiliate of TransEnterix owning approximately 8.9% of the Company's outstanding Common Stock as of March 1, 2019.

Board Leadership Structure and Role in Risk Management

The Company has a separate Chairman of the Board, Mr. LaViolette, and Chief Executive Officer, Mr. Pope. We believe that having an independent director serve as our Chairman allows our Chief Executive Officer to focus on our daily business, while allowing the Chairman of the Board to fulfill the fundamental Board leadership role, which includes providing advice to and independent oversight of our management.

The Chairman of the Board role requires significant additional commitment, particularly as the Board's oversight responsibilities continue to grow due to our expanding business operations. Our Board is committed to good corporate governance and believes that it is appropriate for an independent, highly-qualified, director to serve as its Chairman.

Our Chairman of the Board is responsible for the orderly functioning of our Board and enhancing its effectiveness. Our Chairman guides Board processes, provides input on agenda items and presides at Board meetings. Additionally, our Chairman acts as a liaison between our Board members and our executive management team, consulting regularly and providing guidance on Board-related matters.

The Board's role in the risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory and strategic and reputational risks. In connection with its reviews of the operations of the Company's business and its corporate functions, the Board considers and addresses the primary risks associated with these operations and functions. Our full Board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed.

In addition, each of the Board's Committees, and particularly the Audit Committee, plays a role in overseeing risk management issues that fall within such Committee's areas of responsibility. Senior management reports on at least a quarterly basis to the Audit Committee on the most significant risks facing the Company from a financial reporting perspective and highlights any new risks that may have arisen since the Audit Committee last met. The Audit Committee also meets regularly in executive sessions with the Company's independent registered public accounting firm and reports any findings or issues to the full Board. In performing its functions, the Audit Committee and each standing committee of the Board has full access to management, as well as the ability to engage advisors. The Board receives regular reports from each of its standing committees regarding each committee's particularized areas of focus.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (CD&A) describes our compensation program for our named executive officers (Named Executive Officers) during the year ended December 31, 2018. The Named Executive Officers for 2018 are Todd M. Pope, Chief Executive Officer and President, Joseph P. Slattery, EVP and Chief Financial Officer, Anthony Fernando, Chief Operating Officer and Chief Technology Officer, and Eric Smith, Chief Commercial Officer. The following discussion focuses on our compensation program and compensation-related decisions for 2018 and also addresses why we believe our compensation program is appropriate for the Company.

Business Overview for 2018

TransEnterix is a medical device company that is digitizing the interface between the surgeon and the patient in laparoscopy to increase control and reduce surgical variability in today's value-based healthcare environment. We are focused on the commercialization of our Senhance System, which digitizes laparoscopic minimally invasive surgery. The Senhance System allows for robotic precision, haptic feedback, surgeon camera control via eye sensing and improved ergonomics while offering responsible economics. The Company is focused on the commercialization of the Senhance Surgical System, which digitizes laparoscopic minimally invasive surgery. The system allows for robotic precision, haptic feedback, surgeon camera control via eye sensing and improved ergonomics while offering responsible economics.

The Senhance System has a CE Mark in Europe for laparoscopic abdominal and pelvic surgery, as well as limited thoracic operations excluding cardiac and vascular surgery. On October 13, 2017, we received 510(k) clearance from the Food and Drug Administration (FDA) for use of the Senhance System in laparoscopic colorectal and gynecologic surgery. These indications cover 23 procedures, including benign and oncologic procedures. In May 2018, the indications for use expanded when we received 510(k) clearance from the FDA for use of the Senhance System in laparoscopic inguinal hernia and laparoscopic cholecystectomy (gallbladder removal) surgery for a total of 28 indicated procedures. The Senhance System is available for sale in the United States, the European Union and select other countries.

Compensation philosophy

The Company believes it is vital to link executive compensation to corporate performance and to create incentives for management to enhance Company value. In accordance with its compensation philosophy, the Company seeks to attract and retain employees through salary levels that are competitive with the local market and similarly situated companies but generally to follow the market rather than lead the market, particularly with respect to cash compensation, and offer attractive equity and cash-based incentive components to align compensation with Company performance objectives. The Company desires, over time, to move total direct compensation toward the median of comparable companies, while remaining more aggressive in the use of equity-based compensation, but not in a market leader position. The Company believes this approach allows it to attract and retain candidates that support the Company culture of being motivated by aggressive goals and optimism about the future, while permitting the Company to preserve the use of cash for incentive compensation.

The Compensation Committee's focus for 2018 was to establish a program to provide compensation to the executives aligned with the Company's business goals. The Compensation Committee focused on performance-based incentive compensation designed to incentivize the Named Executive Officers to pursue regulatory approval for the Senhance System in the United States, secure financing to allow the Company to pursue its development and commercialization

activities, and position the Company to promptly begin its U.S. commercialization activities related to the Senhance System once FDA clearance was received.

Procedures for determining compensation

Our Compensation Committee has the overall responsibility for designing and evaluating the compensation policies and programs for our Named Executive Officers. In 2018, the Compensation Committee reviewed updated information procured, aggregated and summarized from public sources regarding similarly situated companies, and compensation of the Named Executive Officers in prior years. The Compensation Committee also relied on input from our Chief Executive Officer regarding the Named Executive Officers (other than himself), and on its analysis of our corporate performance.

With respect to the compensation for the Chief Executive Officer, each year the Compensation Committee evaluates the Chief Executive Officer's performance, sets his compensation and approves his compensation, and recommends his compensation to the Board for approval by the independent directors.

Our Chief Executive Officer plays a significant role in the compensation-setting process of the other Named Executive Officers and makes recommendations to the Compensation Committee concerning performance objectives and salary and bonus levels for the other Named Executive Officers and executive team. The Compensation Committee, at least annually, discusses such recommendations with the Chief Executive Officer. The Compensation Committee may, in its sole discretion, approve, in whole or in part, the recommendations of the Chief Executive Officer. In 2018, the Compensation Committee approved the Chief Executive Officer's recommendations for salary, bonus and long-term equity awards for each of the other Named Executive Officers.

At each of the annual meetings of stockholders held in 2016, 2017 and 2018, stockholders holding more than 90% of the votes cast approved, on an advisory basis, the compensation paid to our Named Executive Officers for the prior calendar year. The Compensation Committee monitors and considers these advisory vote results in making compensation decisions. The Compensation Committee will continue to monitor the annual say-on-pay results and include such results in its annual executive compensation analysis.

At the 2017 Annual Meeting of Stockholders, the stockholders approved, on an advisory basis, annual advisory votes for the compensation paid to the Named Executive Officers. This was the second say-on-frequency vote submitted to stockholders since 2010. The Board had recommended such annual frequency and adopted the continuation of presentation of annual say-on-pay advisory votes beginning in 2018.

Elements of compensation

The compensation of our Named Executive Officers consists primarily of four major components:

base salary;

annual cash incentives;

long-term equity awards; and

other benefits.

Base salary

The base salary of each of our Named Executive Officers is determined based on an evaluation of the responsibilities of that particular position, each Named Executive Officer's historical salary earned in similar management positions with the Company or other companies, and a review of the information procured by the Committee as described above. A significant portion of each Named Executive Officer's total compensation is in the form of base salary. The base salary component is designed to provide the Named Executive Officers with consistent income and to attract and retain talented and experienced executives capable of leading our product development, operations and strategic growth.

Table of Contents

In February 2019, Messrs. Pope, Slattery and Smith received increases of 3.0% of their base salary, and Mr. Fernando received an increase of approximately 13% of his base salary, each retroactive to January 1, 2019. The 2018 base salaries for the Named Executive Officers are set forth in the Summary Compensation Table following this CD&A.

Annual cash incentives

The Compensation Committee established the 2018 annual cash incentive plan for management (the Incentive Plan), and goals related thereto, at its February 2018 meeting. The Incentive Plan is designed to recognize and reward our executives, including the Named Executive Officers, for contributing towards the achievement of our annual corporate business plan. The annual Incentive Plan awards are designed to reward near-term operating performance and the achievement of milestones critical to the Company's success. The Compensation Committee believes the Incentive Plan serves as a valuable short-term incentive program for providing cash bonus opportunities for executives upon achievement of targeted product development and operating results. The target annual cash incentive plan award opportunity was 75% of base salary for Mr. Pope and 50% of base salary for each of Messrs. Slattery, Fernando and Smith. For the Named Executive Officers, the 2018 goals were 100% weighted on the approved corporate goals. The 2018 Incentive Plan corporate goals, which were each weighted by the Committee, were:

Achievement of revenue goals for commercialization of the Senhance System;

Receipt of US FDA clearance for expansion of approved uses and receipt of Taiwan regulatory clearance;

Completion of projects related to instruments and accessories; and

Cash management requirements.

Additional stretch goals related to revenue growth, the timing of regulatory clearances, project management and cash management were also established.

At a meeting held in February 2019, the Compensation Committee reviewed the achievement of the corporate goals under the 2018 Incentive Plan. The Compensation Committee considered the achievement of revenue growth, the receipt of FDA clearance for expansion of approved uses, the timely receipt of Taiwan regulatory clearance, the receipt of approval for instruments and cash management activities. After considering the foregoing factors, the Compensation Committee approved annual incentive plan payouts at 99.37% of the target bonus levels under the 2018 Incentive Plan. The 2018 Incentive Plan bonuses for the Named Executive Officers are set forth in the Summary Compensation Table following this CD&A. These bonuses were paid in the first quarter of 2019.

Long-term equity awards

The Compensation Committee believes that it is essential to align the interests of the Named Executive Officers with the interests of our stockholders, and believes the best way to accomplish this alignment is through awards of long-term, equity-based compensation. Such awards are made under the TransEnterix, Inc. Amended and Restated Incentive Compensation Plan, as amended (the Plan).

For 2018, the Compensation Committee discussed the form such equity-based grants should take and determined that providing a mixture of time-based stock options and restricted stock units (RSU) best met the needs of the Company and its executives as a retention incentive. Such stock option and RSU awards were granted under the Plan in February 2018. The time-based stock option awards typically vest over a four year period with the first 25% cliff vesting on the first anniversary of the date of grant and then vesting monthly thereafter. For the RSU awards, the awards vest one-third on each of the first three anniversaries of the date of grant. In October 2018, the Compensation Committee made additional RSU grants to the Named Executive Officers as a retention incentive.

Table of Contents

The grant date value of the awards made to the Named Executive Officers are set forth in the Summary Compensation Table following this CD&A.

The Compensation Committee periodically reviews long-term incentives to assure that our executive officers and other key employees are appropriately motivated and rewarded in a way that is aligned with our long-term financial results.

Other benefits

Perquisites and other benefits We offer our Named Executive Officers modest perquisites and other personal benefits that we believe are reasonable and in our best interest and generally in line with benefits we offer to all of our employees. See the disclosure in the Summary Compensation Table for more information.

Employment agreements and severance benefits We have entered into employment agreements with each Named Executive Officer, the form of which was revised in early 2018. These agreements provide our Named Executive Officers with certain severance benefits in the event of involuntary termination. See Executive Compensation Agreements with Named Executive Officers.

Pension benefits The Company has no defined benefit plans, supplemental executive retirement plans or actuarial plans in which the Named Executive Officers participate.

Nonqualified defined contribution and other deferred compensation plans The Company does not have a defined contribution plan and has not contributed to a deferred compensation plan.

CEO to Median Employee Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Mr. Pope:

We believe our executive compensation program must provide competitive compensation to our employees to allow us to recruit and retain employees incentivized to work as a team to create stockholder value.

For 2018, as is permitted under the rules of the SEC, we used the same median employee as selected for 2017. We used a determination date of December 31, 2018, to calculate the compensation for the median employee. The annual total compensation of the employee identified as the median employee of the Company (other than Mr. Pope), was \$127,682 and the annual total compensation of Mr. Pope was \$3,564,942.

Accordingly, the ratio of the annual total compensation of Mr. Pope to the median of the annual total compensation of all employees of the Company was estimated to be 28 to 1.

The annual total compensation for the median employee and Mr. Pope were calculated under Item 402(c) of Regulation S-K.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow

companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, pay ratios reported by other companies may not be comparable to the pay ratio reported above.

Agreements with Named Executive Officers***Todd M. Pope***

On March 6, 2018, the Company entered into an amended and restated employment agreement with Todd M. In addition, Mr. Pope would continue to receive payment for health care benefits for such period. Such severance benefit can be paid in a lump sum in the Change in Control context, subject to a payment delay required by applicable law. The Named Executive Officers get no compensation, other than accrued obligations, in other termination events, including voluntary termination by the executive or termination on death or disability of the executive. The following table calculates what the severance compensation would have been for the named executive officers if a qualifying termination had occurred at December 31, 2018 under the amended and restated employment agreements:

- (1) No severance benefits or equity award acceleration occurs automatically on the event of a Change of Control.
- (2) Receipt of severance is contingent upon executing a release of claims. Severance is paid over a one-year period for Mr. Pope and a nine-month period for Mr. Slattery, Mr. Fernando and Mr. Smith, if there is a qualifying termination without cause or termination with good reason outside of the Change in Control context, and for two years for Mr. Pope and eighteen months for Mr. Slattery, Mr. Fernando and Mr. Smith if there is a qualifying termination without cause or for good reason in connection with a Change in Control. Severance payments paid in connection with a termination in connection with a Change in Control can be paid in a lump sum. Severance payments are subject to applicable law and will be paid by the Company or any successor.
- (3) Consists of the difference between the fair market value of our Common Stock and the exercise price of the stock option for each in-the-money stock option grant and the fair market value of any RSUs for which vesting is accelerated. The closing price of the Company's common stock on December 31, 2018 was \$2.26 per share; therefore no value was added for stock options that were out-of-the-money as of such date.

Equity Compensation Plans

The Plan is currently the Company's only equity compensation plan under which it makes awards. The Plan was originally approved by the Board and adopted by the majority of our stockholders on November 13, 2007, and amended and restated and approved by the Board and approved by the majority of our stockholders on May 7, 2015 to increase the number of shares of common stock authorized under the Plan to 11,940,000 shares, and to make other changes. The Plan was amended on June 8, 2016 to increase in the number of shares reserved for issuance under the Plan to 18,940,000 shares, on May 25, 2017 to increase the number of shares reserved for issuance under the Plan to 25,940,000 and on May 24, 2018 to increase the number of shares reserved for issuance under the Plan

Table of Contents

to 40,940,000. Under Proposal No. 3 in this proxy statement, the Company is proposing to increase the number of shares reserved for issuance under the Plan by 12,000,000 shares. The Plan is used for plan-based awards for officers, other employees, consultants, advisors and non-employee directors. The Company can issue stock options, stock appreciation rights, restricted stock units and other stock-based awards under the Plan.

In connection with the 2013 Merger, the Company assumed all of the options that were issued and outstanding immediately prior to the Merger as issued by TransEnterix Surgical, a party to the Merger, and adjusted based on the Merger exchange ratio, which are now exercisable for approximately 1,126,237 shares of common stock. Such options were granted under the TransEnterix, Inc. 2006 Stock Plan (the 2006 Plan) which was assumed by the Company in the Merger. The 2006 Plan is maintained solely for the purpose of the stock options granted under such 2006 Plan that remain outstanding; no future awards are authorized to be made under the 2006 Plan.

The following table lists the compensation paid during 2018 to the non-employee directors of the Company:

(1) Based on the closing price of the common stock on the date of grant.

(2) For all stock options in the table, the option values reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. Assumptions made in the calculation of these amounts are described in Note 14 to the Company's audited financial statements, included in the Annual Report on Form 10-K for the year ended December 31, 2018, filed with the SEC on February 27, 2019.

Table of Contents**Director Compensation Arrangements**

On May 24, 2018, the Board finalized and approved revised compensation arrangements for non-employee directors of the Company that were recommended by the Compensation Committee of the Board. The following chart summarizes the non-employee director compensation program, which became effective on May 24, 2018:

Annual Retainer for each Non-employee Board Member		Additional Retainer for Committee Chairs		Additional Retainer for Lead Director		Additional Retainer for Committee Members		Annual Equity Award (1)(2)(3)	
\$	40,000	Audit	\$20,000	\$	40,000	Audit	\$ 9,000	50/50 stock options and Restricted	
		Compensation	\$13,000			Compensation	\$ 6,000	Stock Units with a grant date	
		N&CG	\$10,000			N&CG	\$ 5,000	value of approximately \$90,000	

- (1) Each non-employee director can elect to receive the annual cash compensation in stock. Each non-employee director can also elect not to receive the cash and/or stock compensation.
 - (2) The vesting schedule is 25% of the stock option award quarterly on July 1, October 1, January 1 and April 1 of the year following the date of grant. For the restricted stock units, the units remain subject to forfeiture until the first anniversary of the date of grant or, if earlier, the date of the next annual meeting of stockholders.
 - (3) Each annual award will be for no more than 90,000 shares of common stock.
- In addition, when a new director joins the Board, he or she will receive an annual grant of 50% stock options and 50% restricted stock units with a grant date value of approximately \$150,000, a vesting schedule of one-third of the award for the first three years after the date of grant for the stock options and three-year cliff vesting for the restricted stock units.

The Board approved the new non-employee director compensation program based on a review of compensation practices at peer companies. The peer companies used were identical to the peer companies used in 2017 to evaluate executive officer compensation practices. The Board believes the updated compensation program will encourage meaningful equity ownership by directors and provide market competitive compensation to attract and retain key director talent as the Company continues to focus on commercialization of its Senhance Surgical Robotic System.

The non-employee director compensation program continues the Company's practice of not paying per-meeting fees. Todd M. Pope, the Company's Chief Executive Officer and a director, does not receive additional compensation for serving as a director.

PROPOSALS TO BE ACTED UPON AT THE ANNUAL MEETING

PROPOSAL ONE ELECTION OF DIRECTORS

The Board has nominated the nine incumbent directors for re-election as directors to serve until our next annual meeting and until each director's successor is duly elected and qualified. Each director nominee has consented to being named as a director nominee in this proxy statement and to serving as a director, if elected. Please see pages 7 through 10 of this proxy statement under the heading "Directors" for information regarding the nine nominees for election as a director.

Nominees for election of directors

The persons named in the form of proxy will vote the shares represented by such proxy for the election of the nine nominees for director named below. If, at the time of the Meeting, any of these nominees shall become unavailable for any reason, which event is not expected to occur, the persons entitled to vote the proxy will vote for such substitute nominee or nominees, if any, as they determine in their sole discretion. If elected, Paul A. LaViolette, Todd M. Pope, Andrea Biffi, Jane H. Hsiao, William N. Kelley, Aftab R. Kherani, David B. Milne, Richard C. Pfenniger, Jr. and William N. Starling will each hold office for a term of one year, until their successors are duly elected or appointed or until their earlier death, resignation or removal.

Vote required and recommendation

The Board of Directors recommends a vote For the election of Messrs. LaViolette, Pope, Biffi, Milne, Pfenniger and Starling and Drs. Hsiao, Kelley and Kherani to the Board. Directors are elected by a plurality of votes. Unless otherwise specified, the proxy will be voted For the election of the Board's slate of nominees. Discretionary authority may be exercised by the proxy holders named in the proxy to vote for a substitute nominee proposed by the Board if any nominee becomes unavailable for election.

PROPOSAL TWO ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY ON PAY)

In July 2010, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") was enacted. Under the Dodd-Frank Act, the Company is providing the stockholders a vote to approve, on an advisory (nonbinding) basis, the compensation paid to our Named Executive Officers in 2018 as disclosed in this proxy statement in accordance with the SEC's rules.

This proposal, commonly known as a "say-on-pay" proposal, gives the stockholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific element of our executive compensation programs, but rather to address our overall approach to the compensation of our Named Executive Officers as described in this proxy statement. The Board is asking the stockholders to indicate their support for our executive compensation program, as described in this proxy statement, by voting For the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Named Executive Officers for 2018, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other compensation tables and disclosure.

Advisory Nature of the Vote

Because this vote is advisory, it will not be binding upon the Company, the Compensation Committee or the Board. However, the Compensation Committee and the Board value the opinions of the stockholders and, to the extent there is any significant vote against the Company's compensation practices for the Named Executive Officers as disclosed in this proxy statement, the Board will consider this stockholders' vote and the Compensation Committee will evaluate whether any actions are necessary to address the stockholders' concerns when considering future executive compensation arrangements.

Table of Contents

Vote required and recommendation

Proposal Two requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote.

The Board of Directors recommends that stockholders vote For the proposal on an advisory basis. Unless otherwise specified, the proxy will be voted For approval of Proposal Two.

PROPOSAL THREE AMENDMENT AND RESTATEMENT OF AMENDED AND RESTATED INCENTIVE COMPENSATION PLAN

The purpose of the TransEnterix, Inc. Amended and Restated Incentive Compensation Plan, as amended (the Plan) is to assist us in attracting, motivating, retaining and rewarding high-quality executives and other employees, officers, directors, consultants and other persons who provide services to us and our subsidiaries and affiliates. We are proposing to further amend and restate the Plan as described in this proposal. The Plan is intended to enable those persons to acquire or increase an ownership interest in us in order to strengthen the mutuality of interests between them and our stockholders, and to provide those such persons with performance incentives to expend their maximum efforts in the creation of stockholder value.

As of March 1, 2019, without the increase approved by the Board on February 6, 2019, 40,940,000 shares of Common Stock were authorized for issuance under the Plan, of which 3,607,980 shares remain available for future issuance.

Changes Proposed to be made to the Plan

In order to continue to provide the appropriate equity incentives to plan participants in the future, on February 6, 2019, the Board approved, subject to stockholder approval at this Annual Meeting, an amendment and restatement of the Plan to increase the number of shares of Common Stock reserved for issuance under the Plan by 12,000,000 shares from 40,940,000 shares to 52,940,000 shares and to make updating changes to the Plan discussed below. A copy of the Plan, as amended and restated, is attached as Annex A to this proxy statement. The following is a summary of the provisions of the amended and restated Plan, you are encouraged to review the Plan, as attached, for a full understanding of the Plan.

Reasons for the Proposed Changes

The Company desires to have sufficient shares available for incentive and compensation awards to be made under the Plan for at least the next 18 months as it continues to ramp up commercialization of the Senhance System. In conjunction with the acquisition of the Senhance System, the Company increased its employee base, including adding a number of members of its senior management team. The Company further increased the number of its employees in 2018 in connection with the acquisition of MST Medical Surgery Technologies, Inc. In anticipation of the need for additional senior management team members to assist in commercialization of the Company's products and products in development, management recognizes that additional employees, advisors and consultants may be hired or retained. The Company wants to position itself to be able to provide equity awards to such newly hired officers and other employees and consultants, and believes it is prudent to maintain sufficient authorized shares to allow it to make new hire, promotion and annual equity awards to employees, advisors and consultants. In addition, the Company provides equity awards to non-employee directors as compensation for serving as a director, and anticipates that it may recruit new directors in the future as it strives to add skills and qualifications to its Board. Therefore, the Company is seeking approval to add an additional 12,000,000 shares to the Plan. The Company believes that such additional shares will be sufficient to provide available shares for approximately two years.

Table of Contents

The updates made to the Plan also include the following, many of which reflect the Company's historic granting practices and award provisions:

revisions to the share counting provisions of the Plan to limit the return of shares to the Plan only from awards that are cancelled, expire or are forfeited without the issuance of shares;

establishment of standard rules for exercisability and/or vesting of awards following a termination of employment;

establishment of six-month minimum vesting or forfeiture period for all awards, with a limitation of 5% of the shares authorized under the Plan to vary such minimum vesting or forfeiture period;

limitation on the acceleration of equity awards for "good reason" to those participants with such right in employment or other agreements with the Company;

limitation on the acceleration of equity awards to a double trigger on termination of employment in connection with a change in control;

updating change in control definition;

addition of an automatic exercise feature for expiring in-the-money stock options;

revision to performance-based award provisions to reflect changes in federal tax law;

restriction on payment of dividends or dividend equivalents, if authorized, until vesting and/or earning of the underlying award; and

renaming of deferred stock awards to restricted stock units.

In addition, the following key features of the Plan were retained:

explicit provisions prohibiting repricing of awards;

equity grants, whether stock options, stock awards, or RSU awards, may or may not be performance-based;

no income tax gross-up provisions; and

no evergreen provisions.

Description of the Plan

The following is a summary of the principal features of the Plan.

Shares Available for Awards; Annual Per-Person Limitations

Under the Plan, without the increase approved by the Board on February 6, 2019, 40,940,000 shares of Common Stock are reserved for issuance, of which 3,607,980 remain available for new issuances as of March 1, 2019. If the amendment and restatement of the Plan is approved at this Annual Meeting, the total number of shares of Common Stock reserved under the Plan would be increased by 12,000,000 shares to an aggregate of 52,940,000 shares. Any shares that are subject to awards of stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares or other awards count against this limit as one share for every share granted.

If any shares subject to an award are forfeited, expire or otherwise terminate without issuance of shares, then the shares subject to such forfeiture, expiration or termination will again become available for awards under the Plan. Shares tendered in payment of any exercise price or withheld to satisfy any tax withholding obligation will not be available for re-grant; any cash tendered to pay any exercise price or to meet tax withholding obligations will not be used by the Company to purchase additional shares on the open market for use under the

Table of Contents

Plan. Awards issued in substitution for awards previously granted by a company acquired by us or one of our subsidiaries or affiliates, or with which we or one of our subsidiaries or affiliates combines, do not reduce the limit on grants of awards under the Plan. If the amendment and restatement of the Plan is approved by stockholders, the maximum number of shares of Common Stock that may be issued under the Plan as a result of the exercise of incentive stock options is 52,940,000 shares, subject to the adjustments described in the Plan.

While equity incentive awards are an important part of our pay-for-performance compensation program, the Board and the committee are mindful of their responsibility to our stockholders to exercise judgment in granting equity-based awards. We review a number of metrics to assess the cumulative impact of our equity compensation programs, including burn rate and overhang. Burn rate measures our usage of shares from our equity incentive plans as a percentage of our outstanding common stock. Overhang measures the potential dilution to which our existing stockholders are exposed due to outstanding equity awards.

The annual share usage for the last three fiscal years was as follows:

	FY 2016	FY 2017	FY 2018
Burn Rate (1)	5.67%	7.10%	5.81%
Overhang (2)	15.16%	11.77%	14.45%

- (1) Burn rate represents, for each fiscal year, (i) the sum of stock options granted plus restricted stock and RSU awards granted as multiplied by a multiplier based on stock price volatility, divided by (ii) the basic weighted average common shares outstanding.
- (2) Overhang represents (i) total plan shares divided by (ii) the sum of total plan shares and common shares outstanding, where total plan shares equals the sum of the number of shares available for future grants under all existing plans, and the number of stock options and RSUs outstanding.

Administration

The Compensation Committee (referred to in this description as the committee) administers the Plan. The committee, acting as the administrator of the Plan has, among other things, the discretionary authority to interpret the Plan, determine eligibility for and grant awards, determine the number of shares subject to any award made under the Plan, determine, modify or waive the terms and conditions of any award, prescribe forms, rules and procedures, and do all things necessary to carry out the purposes of the Plan, all subject to the provisions of and limitations in the Plan. All determinations of the committee made under the Plan will be conclusive and will bind all parties. The committee may, in its discretion, delegate to one or more individuals the day-to-day administration of the Plan and any of the functions assigned to the committee in the Plan.

Eligibility

The persons eligible to receive awards under the Plan are our non-employee directors, officers, other employees, consultants and other persons who provide services to us or any of our subsidiaries or affiliates. An employee on leave of absence may be considered as still in our employ for purposes of eligibility for participation in the Plan. As of the record date, approximately 291 non-employee directors, employees and current consultants were eligible to participate in the Plan.

Table of Contents

The following table sets forth summary information as to outstanding awards granted under the Plan to the Named Executive Officers, non-employee directors and non-executive employees and consultants during 2018:

Name/Group	Number of Shares
Todd M. Pope, Chief Executive Officer and President	1,880,667
Joseph P. Slattery, Chief Financial Officer and EVP	1,278,000
Anthony Fernando, Chief Operating Officer	1,278,000
Eric Smith, Chief Commercial Officer	550,000
Non-Employee Directors as a group	504,208
Non-Executive Employees and Consultants as a group	5,429,893

Stock Options and Stock Appreciation Rights

The committee is authorized to grant stock options, including both incentive stock options, which we refer to as ISOs, which can result in potentially favorable tax treatment to the recipient, and non-qualified stock options, and stock appreciation rights entitling the recipient to receive the amount by which the fair market value of a share of the Common Stock on the date of exercise exceeds the grant price of the stock appreciation right. The exercise price per share subject to an option and the grant price of a stock appreciation right cannot be less than the fair market value on the date of grant. For purposes of the Plan, the term fair market value means the closing sales price per share of the Common Stock as reported on the principal stock exchange or market on which the Common Stock is traded on the date as of which such value is being determined or, if there is no sale on that date, then on the last previous day on which a sale was reported. If the Common Stock is not listed on any such exchange or market, the committee will determine the fair market value. The maximum term of each option or stock appreciation right, the times at which each option or stock appreciation right will be exercisable, and provisions requiring forfeiture of unexercised options or stock appreciation rights at or following termination of employment generally are fixed by the committee, except that no option or stock appreciation right may have a term exceeding ten years, and the minimum vesting schedule for stock options is six months. Methods of exercise and settlement and other terms of the stock appreciation right are determined by the committee. As determined by the committee and included in an award agreement, options may be exercised by payment of the exercise price in cash, shares of Common Stock underlying the award or owned shares having a fair market value equal to the exercise price, as the committee may determine from time to time.

Unless otherwise determined by the committee (in an award agreement or otherwise) or as otherwise directed in writing to the Company by a participant holding an option, each option outstanding on the trading day prior to the date the option would otherwise expire with an exercise price per share that is less than the fair market value per share of Common Stock as of such date will automatically and without further action by the participant or the Company be exercised on such date. Payment of the exercise price of any such option and related tax obligations will be net settled to the maximum extent permitted by applicable law. This automatic exercise feature does not apply to an option if the participant incurs a termination of employment on or before the date immediately prior to the end of the option's term.

Restricted Stock and Restricted Stock Units

The committee is authorized to grant restricted stock and restricted stock units. Restricted stock is a grant of shares of Common Stock which may not be sold or disposed of, and which will be subject to any risks of forfeiture and other restrictions as the committee may impose. An eligible person granted restricted stock generally has all of the rights of a Company stockholder, unless otherwise determined by the committee. An award of restricted stock units confers

upon the recipient the right to receive shares of Common Stock at the end of a specified restriction period and/or performance period, subject to any risks of forfeiture and other restrictions as the committee may impose. Prior to settlement, an award of restricted stock units carries no voting or dividend rights or other rights associated with share ownership, although dividend equivalents may be granted, as discussed below.

Table of Contents**Dividend Equivalents**

The committee is authorized to grant dividend equivalents conferring on recipients the right to receive, on a deferred basis, an amount equal in value to dividends paid on a specific number of shares of Common Stock.

Other Stock-Based Awards

The committee is authorized to grant awards that are denominated or payable in, valued by reference to, or otherwise based on or related to shares of Common Stock. The committee determines the terms and conditions of those awards.

Performance Awards

The committee is authorized to grant performance awards to eligible persons on terms and conditions established by the committee. The performance goals to be achieved during any performance period, and the length of the performance period, are determined by the committee upon the grant of the performance award; provided that the minimum performance period is one year. Performance awards may be settled by delivery of cash, shares, or any combination, as determined by the committee.

For performance awards, the committee shall determine the financial or operational performance, stock-performance related or individually-based goals.

Impact of Certain Termination Events on Awards

Specific events that lead to termination of a participant's employment with the Company or a subsidiary have been added to the Plan and have the following consequences on outstanding awards:

Termination Event	Stock Options *	Service-based Awards *	Performance-based Awards *
<i>Voluntary termination</i>	All vested options remain exercisable for 90 days or, if shorter, the term of the option; unvested options are forfeited	Outstanding awards are forfeited	Outstanding awards are forfeited
<i>Death</i>	Outstanding exercisable options are exercisable for one year after death	Awards that would have vested in one year accelerate and vest on termination of employment	Outstanding awards are forfeited
<i>Disability</i>	Outstanding exercisable options are exercisable for one year after termination of employment or, if shorter, the term of the option	Awards that would have vested in one year accelerate and vest on termination of employment	Awards with end of performance period within one year of termination of employment will continue to be subject to performance goals and be issued, if earned, at the end of

<i>For Cause</i>	Outstanding awards are forfeited	Outstanding awards are forfeited	the performance period Outstanding awards are forfeited
------------------	----------------------------------	----------------------------------	--

* All of these acceleration events are subject to the requirement that, except for five percent (5%) of the shares available for award under the Equity Plan, the minimum vesting period is six months. If an employment agreement has different terms, the employment agreement will control.

Table of Contents

No Repricing

The Plan explicitly prohibits any repricing of outstanding options without stockholder approval.

Clawbacks

The Company shall have the right to recoup or claw back any payment made with respect to an Award under the Plan to the extent necessary to comply with applicable federal securities laws.

Other Terms of Awards

Awards may be settled in the form of cash or shares, other awards or a combination in the discretion of the committee. Net settlement for the payment of tax obligations or the exercise price, if applicable, is authorized to the extent allowable by law. Awards granted under the Plan generally may not be pledged or otherwise encumbered and are not transferable except by will or by the laws of descent and distribution, or to a designated beneficiary upon the participant's death, except that the committee may, in its discretion, permit transfers for estate planning or other purposes subject to any applicable restrictions under Rule 16b-3. Unless otherwise provided by the committee in an award agreement, the vesting schedule or forfeiture period for awards shall be at least six months from the date of grant.

Impact of a Change in Control

In the case of a Change in Control:

Awards Not Assumed or Substituted by the Surviving Entity. Upon the occurrence of a change in control, and except with respect to any awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with the Change in Control in a manner approved by the committee or the Board, any outstanding awards shall be dealt with in accordance with any of the following approaches, as determined by the agreement effectuating the transaction or, if and to the extent not so determined, as determined by the committee: (i) the continuation of the outstanding awards by the Company, if the Company is a surviving entity, (ii) the assumption or substitution for the outstanding awards by the surviving entity or its parent or subsidiary, (iii) full exercisability or vesting and accelerated expiration of the outstanding Awards, or (iv) settlement of the value of the outstanding awards in cash or cash equivalents or other property followed by cancellation of such awards (which value, in the case of options or stock appreciation rights, shall be measured by the amount, if any, by which the fair market value of a Share exceeds the exercise or grant price of the option or stock appreciation right as of the effective date of the transaction).

Awards Assumed or Substituted by Surviving Entity. With respect to awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with a change in control, if within two years after the effective date of the change in control, a participant's employment is terminated without cause or the participant terminates his or her employment for good reason in connection with a change in control, if applicable to the participant, then (i) all of that participant's outstanding awards shall become fully vested and exercisable, (ii) all time-based vesting restrictions on the participant's outstanding awards shall lapse, and (iii) the payout opportunities attainable under all of such participant's outstanding performance awards shall

be deemed to have been earned as of the date of such employment termination at the target level, and subject to applicable law, there shall be a pro rata payout to the participant or his or her beneficiary within 30 days following the date of the employment termination based upon the length of time within the performance period that has elapsed prior to the date of the employment termination.

If more specific terms are set forth in any separate plan document or agreement between the Company and any participant, such separate plan or agreement shall govern the treatment of Awards. The committee has

Table of Contents

approved acceleration of vesting or lapse of forfeiture restrictions for the Named Executive Officers on a double-trigger basis under their employment agreements, as described on pages 25 to 26 of this proxy statement.

Amendment and Termination

The Board or the committee may amend, alter, suspend, discontinue or terminate the Plan, or the committee's authority to grant awards under the Plan, or any award agreement, without the consent of stockholders or participants, except that any such amendment shall be subject to approval of the stockholders of the Company in the manner and to the extent required by applicable law (including applicable stock exchange requirements). In addition, without limiting the foregoing, unless approved by the stockholders of the Company, no such amendment shall be made that would: (i) materially increase the maximum number of Shares for which Awards may be granted under the Plan, other than an increase pursuant to a recapitalization or other event affecting all shares equally; (ii) reduce the minimum exercise price for options granted under the Plan; (iii) reprice any outstanding awards, other than in connection with a change in the Company's capitalization; or (vi) change the class of persons eligible to receive awards under the Plan.

Notwithstanding the foregoing, neither the Board nor the committee can materially and adversely affect the rights of a participant without the consent of the affected participant. No amendment, suspension or termination of the Plan shall impair the rights of any participant under an outstanding award, unless agreed to in a writing signed by the participant and the Company. The committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any award except as otherwise provided in the Plan.

Material U.S. Federal Income Tax Consequences of Awards

The following is a summary of material U.S. federal income tax considerations relating to the Plan. The summary is based on U.S. federal income tax laws and regulations presently in effect, which are subject to change, possibly retroactively. Tax laws are complex and may vary depending on individual circumstances and from locality to locality. This discussion does not purport to be a complete description of the U.S. federal income tax aspects of the Plan and does not address state, local or foreign tax consequences. All participants in the Plan are urged to consult their own tax advisors regarding the U.S. federal, state, local, and foreign income and other tax consequences of participating in the Plan based on the participant's personal circumstances.

Nonqualified Stock Options. Under the Code, the grant of a nonqualified stock option is generally not taxable to the optionee. On exercise of a nonqualified stock option granted under the Plan, an optionee will recognize ordinary income equal to the excess, if any, of the fair market value of the shares acquired over the exercise price. The optionee's tax basis in those shares will be equal to their fair market value on the date of exercise of the option, and the optionee's holding period for those shares will begin on that date. Upon an optionee's sale of shares acquired pursuant to the exercise of a nonqualified stock option, any difference between the sale price and the fair market value of the shares on the date when the stock option was exercised will be treated as long-term or short-term capital gain or loss.

If an optionee pays for shares of stock on exercise of an option by delivering shares of Common Stock, the optionee will not recognize gain or loss on the shares delivered, even if the fair market value of such shares differs from the optionee's tax basis in such shares. The optionee, however, will be taxed on the exercise of the option in the manner described above as if he had paid the exercise price in cash. The tax basis of the shares received upon exercise will be the tax basis of the shares delivered as payment, share for share, to the extent the number of shares received equals the number of shares delivered as payment. In addition, the holding period of the shares received will include the holding period of the shares delivered as payment. The optionee's tax basis and holding period for any shares received in excess of the number of shares delivered by the optionee will be the same as if the optionee had exercised the option solely in exchange for cash.

Table of Contents

Upon an optionee's exercise of a nonqualified stock option, the Company or the applicable subsidiary will generally be entitled to a deduction for U.S. federal income tax purposes at such time and in the same amount recognized as ordinary income to the optionee, subject to the possible limitations on deductibility under Section 280G of the Code for compensation paid to executives designated in those Sections, and provided that the Company effects withholding with respect to the deemed compensation.

Incentive Stock Options. The Plan provides for the grant of stock options that qualify as incentive stock options (ISOs) as defined in section 422 of the Code. Under the Code, an optionee generally is not subject to tax upon the grant or exercise of an ISO. In addition, if the optionee holds a share of stock received on exercise of an ISO for at least two years from the date the option was granted and at least one year from the date the option was exercised (the Required Holding Period), the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the holder's tax basis in that share will be long-term capital gain or loss.

If, however, an optionee disposes of a share of stock acquired on exercise of an ISO before the end of the Required Holding Period, (a Disqualifying Disposition) the optionee generally will recognize ordinary income in the year of the Disqualifying Disposition equal to the excess, if any, of the fair market value of the share on the date the ISO was exercised (or, if less, the amount realized on such Disqualifying Disposition) over the exercise price. If the amount realized on a Disqualifying Disposition exceeds the fair market value of the share on the date of exercise of the option, the excess gain recognized will be short-term or long-term capital gain, depending upon the length of time the shares have been held after the date of exercise.

If an optionee exercises an ISO by delivering shares of stock acquired by an earlier exercise of an ISO, and the previously acquired shares have not been held for the Required Holding Period, the optionee will recognize ordinary income on the Disqualifying Disposition.

For purposes of the alternative minimum tax, the amount by which the fair market value of a share of stock acquired on exercise of an ISO exceeds the exercise price of that option generally will be an adjustment included in the optionee's alternative minimum taxable income for the year in which the option is exercised. If, however, there is a Disqualifying Disposition of the share in the year in which the option is exercised, there will be no adjustment with respect to that share. If there is a Disqualifying Disposition in a later year, no income with respect to the Disqualifying Disposition is included in the optionee's alternative minimum taxable income for that year.

The Company is not entitled to take a deduction for U.S. federal income tax purposes with respect to the grant or exercise of an incentive stock option or the disposition of a share acquired on exercise of an incentive stock option after the Required Holding Period. However, if there is a Disqualifying Disposition of a share, the Company is entitled to a deduction in an amount equal to the ordinary income includible in income by the optionee, subject to the possible limitations on deductibility under Section 280G of the Code for compensation paid to executives designated in that Section, and provided that the Company effects withholding with respect to the deemed compensation.

Stock Appreciation Rights. The Company may grant stock appreciation rights (SARs) separate from any other award or in tandem with options under the Plan. Generally, the recipient of an SAR will not recognize any taxable income at the time the SAR is granted. When the SAR is exercised, the recipient receives the appreciation inherent in the SARs in cash and such cash will be taxable as ordinary compensation income to the recipient at the time that the cash is received. If the recipient receives the appreciation inherent in the SARs in shares of stock, the recipient will recognize ordinary compensation income equal to the excess of the fair market value of the stock on the day it is received over any amounts paid by the recipient for the stock. The Company will be entitled to a deduction for U.S. federal income tax purposes in an amount equal to the amount recognized by the recipient as ordinary income, subject to the possible limitations on deductibility under Section 280G of the Code for compensation paid to executives designated in those

Sections, and provided that the Company effects withholding with respect to the deemed compensation.

Table of Contents

SARs may be issued in tandem with a stock option. Under this type of arrangement, the exercise of a SAR will result in the cancellation of an option, and the exercise of an option will result in a cancellation of a SAR. If the recipient of a tandem SAR elects to surrender the underlying option in exchange for cash or shares of stock equal to the appreciation inherent in the underlying option, the tax consequences to the recipient will be the same as discussed above relating to the SARs. If the recipient elects to exercise the underlying option, the holder will be taxed at the time of exercise as if he or she had exercised a nonqualified stock option, as previously discussed above. As a result, the recipient will recognize ordinary income for federal tax purposes measured by the excess of the then fair market value of the shares of stock over the exercise price.

Restricted Stock. Generally, the recipient of a stock award will recognize ordinary compensation income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is not vested when it is received under the Plan (for example, if the employee is required to work for a period of time in order to have the right to sell the stock), the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary compensation income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file a section 83(b) election with the Internal Revenue Service, within 30 days of his or her receipt of the stock award, to recognize ordinary compensation income at the time the shares are awarded in an amount equal to their fair market value at that time, notwithstanding that such shares are not vested and may be subsequently forfeited. If a recipient makes such an election, the recipient will not recognize any additional taxable income at the time the shares become vested, but if the shares are later forfeited, the recipient will not be allowed a tax deduction for the forfeited shares.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired as stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested. Upon the disposition of any stock received as a stock award under the Plan, the difference between the sales price and the recipient's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year from the date as of which he or she would be required to recognize any compensation income.

The Company will be entitled to a deduction for U.S. federal income tax purposes equal to the amount of ordinary income taxable to the recipient, subject to the possible limitations on deductibility under Section 280G of the Code for compensation paid to executives designated in that Section, and provided that the Company effects withholding with respect to the deemed compensation.

Restricted Stock Units. A participant normally will not realize taxable income upon the award of RSUs. A participant will be subject to tax on the earlier of the year in which the participant receives the underlying shares of common stock or the year in which the award is no longer subject to a substantial risk of forfeiture. In that year, the participant will recognize income equal to the fair market value of the shares of the Company's common stock received, or no longer subject to a substantial risk of forfeiture, and the Company will be entitled to a deduction in the same amount, provided that such amount constitutes an ordinary and necessary business expense for the Company and is reasonable in amount, and either the employee includes that amount in income or the Company timely satisfies its reporting requirements with respect to that amount.

Performance-based Awards. A participant who has been granted a performance-based award generally will not recognize taxable income at the time of grant, and the Company will not be entitled to a deduction for U.S. federal income tax purposes at that time. When an award is paid, whether in cash or shares of Common Stock, the participant generally will recognize ordinary income, and the Company will be entitled to a corresponding deduction, provided that such amount constitutes an ordinary and necessary business expense for the Company and is reasonable in

amount, and either the employee includes that amount in income or the Company timely satisfies its reporting requirements with respect to that amount. The participant's tax basis in any shares acquired

Table of Contents

pursuant to a performance-based award is the amount recognized by him or her as income attributable to such shares. Upon a subsequent disposition of the shares, the participant will generally realize a capital gain or loss, as applicable.

Other Stock Awards. The U.S. federal income tax consequences of any other stock awards will depend upon the specific facts and circumstances of each award, including, in particular, the nature of any restrictions imposed with respect to the awards.

Dividend Equivalents. Generally, the recipient of a dividend equivalent award will recognize ordinary compensation income at the time the dividend equivalent award is received equal to the fair market value of the amount received. The company generally will be entitled to a deduction for U.S. federal income tax purposes equal to the amount of ordinary income that the employee is required to recognize as a result of the dividend equivalent award, subject to the possible limitations on deductibility under Section 280G of the Code for compensation paid to executives designated in those Sections, and provided that the Company effects withholding with respect to the deemed compensation.

Tax Withholding. Ordinary income recognized in connection with the receipt or exercise of an award under the Equity Plan is subject to income and employment tax wage withholding, unless the participant is not an employee of the Company, or any subsidiary or affiliate. The Company, or any subsidiary or affiliate, may deduct from all payments made under the Equity Plan, an amount (which may include shares of Common Stock) to satisfy any federal, state, local or foreign withholding obligations with respect to any award.

Section 409A. Section 409A of the Code governs the taxation of deferred compensation. Awards received under the Plan are intended to be exempt from the requirements of Section 409A where possible. However, there can be no assurance that awards designed to be exempt from Section 409A will in fact be exempt. An award that is subject to Section 409A and fails to satisfy its requirements will subject the holder of the award to immediate taxation, an interest penalty and an additional 20% tax on the amount underlying the award.

Section 280G. Under certain circumstances, the accelerated vesting or exercise of options or the accelerated lapse of restrictions on stock awards in connection with a change in control could be deemed an excess parachute payment for purposes of the parachute tax provisions of Section 280G of the Code. In that event, the grantee could be subject to a 20% excise tax and the Company or applicable subsidiary could be denied a tax deduction with respect to a portion of the grants.

The Board considers BDO to be well qualified to serve as the independent auditors for the Company; however, even if the selection is ratified, the Board may direct the appointment of a different independent registered public accounting firm at any time during the current or subsequent fiscal year if the Audit Committee and Board determine that the change would be in the Company's best interests.

may include audit services, audit-related services, tax services and other services. The pre-approval requirement is waived with respect to the provision of non-audit services if (i) the aggregate amount of all such non-audit services provided to us constitutes not more than 5% of the total amount of revenues paid by us to our independent auditors during the fiscal year in which such non-audit services were provided, (ii) such services were not recognized at the time of the engagement to be non-audit services, and (iii) such services are

promptly brought to the attention of the Audit Committee or by one or more of its members to whom authority to grant such approvals has been delegated by the Audit Committee. All audit-related services, tax services and all other services provided by BDO are pre-approved by the Audit Committee. The Audit Committee has considered and determined that the provision of all non-audit services set forth in the table above is compatible with maintaining BDO's independence.

Attendance at Annual Meeting

Representatives of BDO intend to be present at the Annual Meeting and will be available to respond to questions.

The Committee shall determine whether any corporate transaction, such as a sale or spin-off of a division or business unit, or a joint venture, shall be deemed to result in a Termination of Employment.

3. **Administration of the Plan.** The Plan shall be administered by the Committee, except to the extent the Board elects to administer the Plan, in which case the Plan shall be administered by only those directors who are Independent Directors, in which case references herein to the Committee shall be deemed to include references to the Independent members of the Board. Except to the extent prohibited by applicable law (including applicable stock exchange rules), the Committee may delegate to one or more individuals the day-to-day administration of the Plan and any of the functions assigned to it in the Plan. Such delegation may be revoked at any time.

(a) ***Powers of the Committee.*** Subject to the other provisions of the Plan, the Committee shall have the authority, in its discretion, to:

(i) select the Eligible Persons to whom Awards are to be granted hereunder;

(ii) determine the number of Shares to be covered by each Award granted hereunder;

(iii) determine the type of Award to be granted to the selected Eligible Persons;

- (iv) approve forms of Award Agreements for use under the Plan;
 - (v) determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder;
 - (vi) correct administrative errors;
 - (vii) construe and interpret the terms of the Plan and Awards granted under the Plan;
 - (viii) adopt rules and procedures relating to the operation and administration of the Plan to accommodate the specific requirements of applicable laws and procedures;
 - (ix) prescribe, amend and rescind rules and regulations relating to the Plan;
 - (x) modify or amend each Award, including, but not limited to, the acceleration of vesting or exercisability; provided, however, that any such amendment is subject to Section 10(e);
 - (xi) allow Participants to satisfy withholding tax amounts by electing (in such form and under such conditions as the Committee may provide) to have the Company withhold from the Shares to be issued upon exercise of an Option or vesting or lapse of forfeiture of a Restricted Stock Award, RSU Award, Performance Award or Other Stock Award that number of Shares having a Fair Market Value equal to the maximum that can be withheld in the applicable jurisdiction;
 - (xii) authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Committee;
 - (xiii) determine the duration and purpose of leaves of absences which may be granted to a Participant without constituting a Termination of Employment for purposes of the Plan, subject to the applicable requirements of Code Section 409A; and
 - (xiv) make all other determinations deemed necessary or advisable for administering the Plan and any Award granted hereunder.
- (b) ***Effect of Committee's Decisions.*** All decisions, determinations and interpretations by the Committee regarding the Plan, any rules and regulations under the Plan and the terms and conditions of any Award granted hereunder, shall be final and binding on all Participants. The Committee shall consider such factors as it deems relevant, in its sole and absolute discretion, to making such decisions, determinations and interpretations including, without limitation, the recommendations or advice of any officer or other Employee of the Company and such attorneys, consultants and accountants as it may select.
- (c) ***Limitation of Liability.*** The Committee and the Board, and each member thereof, shall be entitled to, in good faith, rely or act upon any report or other information furnished to him or her by any officer or Employee, the Company's independent auditors, Consultants or any other agents assisting in the administration of the Plan. Members of the Committee and the Board, and any officer or Employee acting at the direction or on behalf of the Committee or the Board, shall not be personally liable for any action or determination taken or made in good faith with respect to the Plan, and shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action or determination.

4. **Shares Subject to Plan.**

(a) ***Aggregate Limits.*** Subject to adjustment as provided in Section 10(c) hereof, the total number of Shares reserved and available for delivery under the Plan shall be 52,940,000. Any Shares subject to Awards that

are cancelled, expire or are forfeited without the issuance of any Shares shall be available for re-grant under the Plan. Notwithstanding anything to the contrary contained herein, Shares subject to an Award under the Plan shall not again be made available for issuance or delivery under the Plan if such Shares are (i) Shares tendered or withheld in payment of the Option exercise price, or (ii) Shares delivered to or withheld by the Company to satisfy any tax withholding obligation authorized by the Committee. Shares issued in payment of any Award may either be authorized and unissued Shares or treasury Shares. Any cash tendered to pay any exercise price or to meet tax withholding obligations will not be used by the Company to purchase additional Shares on the open market for use under this Plan. Notwithstanding anything in this Section 4 to the contrary but subject to adjustment as provided in Section 10(c) hereof, the maximum aggregate number of Shares that may be issued under the Plan as a result of the exercise of the Incentive Stock Options shall be 52,940,000 Shares.

(b) ***Award Vesting Limitations.*** Notwithstanding anything to the contrary in this Plan, but subject to Section 9 of the Plan, Awards granted under the Plan shall vest no earlier than the six-month anniversary of the applicable date of grant; provided, however, that notwithstanding the foregoing, but subject to Section 9(b), Awards that result in the issuance of up to five percent (5%) of the Shares available pursuant to Section 4(a) may be granted to any one or more Participants without respect to such minimum vesting provisions.

5. **Limitation on Number of Shares Subject to Awards to Non-Employee Directors.** Subject to Section 10(c) of the Plan, the aggregate number of Shares subject to Awards granted under the Plan during any calendar year to any non-employee Director shall not exceed 100,000, except that in connection with his or her initial appointment to the Board, such non-employee Director may be granted an Award covering up to an additional 100,000 Shares.

6. Specific Terms of Awards.

(a) ***General.*** Awards may be granted on the terms and conditions set forth in this Section 6. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to Section 10(e)), such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine, including terms requiring forfeiture of Awards in the event of termination of the Participant's Continuous Service and terms permitting a Participant to make elections relating to his or her Award. The Committee shall retain full power and discretion to accelerate, waive or modify, at any time, any term or condition of an Award that is not mandatory under the Plan. Except in cases in which the Committee is authorized to require other forms of consideration under the Plan, or to the extent other forms of consideration must be paid to satisfy the requirements of Delaware law, no consideration other than services may be required for the grant (as opposed to the exercise) of any Award.

(b) ***Options.*** The Committee is authorized to grant Options to any Eligible Person on the following terms and conditions:

(i) ***Exercise Price.*** The exercise price per Share purchasable under an Option shall not be less than 100% of the Fair Market Value of a Share on the date of grant of the Option and shall not, in any event, be less than the par value of a Share on the date of grant of the Option. If an Employee owns or is deemed to own (by reason of the attribution rules applicable under Section 424(d) of the Code) more than 10% of the combined voting power of all classes of stock of the Company (or any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f) of the Code, respectively) and an Incentive Stock Option is granted to such Employee, the exercise price of such Incentive Stock Option (to the extent required by the Code at the time of grant) shall be no less than 110% of the Fair Market Value of a Share on the date such Incentive Stock Option is granted.

(ii) ***Vesting Period, Performance Goals and Time and Method of Exercise***. Options granted under the Plan shall vest and be exercisable at such time, subject to achievement of designated Performance Goals, if any, and/or in such installments during the period prior to the expiration of the Option's term as determined by

Table of Contents

the Committee and set forth in the Award Agreement. The minimum vesting schedule for Options shall be six months after the date of grant. The Committee shall determine the methods by which the exercise price may be paid or deemed to be paid (including in the discretion of the Committee a cashless exercise procedure), the form of such payment, including, without limitation, cash, Shares (including without limitation the withholding of Shares otherwise deliverable pursuant to the Award), other Awards or awards granted under other plans of the Company or a Subsidiary, and the methods by or forms in which Shares will be delivered to Participants.

(iii) **Incentive Stock Options.** The terms of any Incentive Stock Option granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code. Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to Incentive Stock Options (including any Stock Appreciation Right issued in tandem therewith) shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be exercised, so as to disqualify either the Plan or any Incentive Stock Option under Section 422 of the Code, unless the Participant has first requested, or consents to, the change that will result in such disqualification. Thus, if and to the extent required to comply with Section 422 of the Code, Options granted as Incentive Stock Options shall be subject to the following special terms and conditions:

(1) the Option shall not be exercisable for more than ten years after the date such Incentive Stock Option is granted; provided, however, that if a Participant owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10% of the combined voting power of all classes of stock of the Company (or any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f) of the Code, respectively) and the Incentive Stock Option is granted to such Participant, the term of the Incentive Stock Option shall be (to the extent required by the Code at the time of the grant) for no more than five years after the date of grant; and

(2) the aggregate Fair Market Value (determined as of the date the Incentive Stock Option is granted) of the Shares with respect to which Incentive Stock Options granted under the Plan and all other option plans of the Company (and any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f) of the Code, respectively) that become exercisable for the first time by the Participant during any calendar year shall not (to the extent required by the Code at the time of the grant) exceed \$100,000.

(iv) **No Option Repricings.** Other than in connection with a change in the Company's capitalization (as described in Section 10(c)), the exercise price of an Option may not be Repriced without stockholder approval.

(v) **Expiration of Option Term: Automatic Exercise of In-The-Money Options.** Unless otherwise determined by the Committee (in an Award Agreement or otherwise) or as otherwise directed in writing to the Company by a Participant holding an Option, each Option outstanding on the Automatic Exercise Date with an exercise price per share that is less than the Fair Market Value per share of Common Stock as of such date shall automatically and without further action by the Participant or the Company be exercised on the Automatic Exercise Date. Payment of the exercise price of any such Option and related tax obligations shall be net settled to the maximum extent permitted by applicable law. Unless otherwise determined by the Committee, this Section 6(b)(v) shall not apply to an Option if the Participant incurs a Termination of Employment on or before the Automatic Exercise Date.

(c) **Stock Appreciation Rights.** The Committee may grant Stock Appreciation Rights to any Eligible Person in conjunction with all or part of any Option granted under the Plan or at any subsequent time during the term of such Option (a Tandem Stock Appreciation Right), or without regard to any Option (a Freestanding Stock Appreciation Right), in each case upon such terms and conditions as the Committee may establish in its sole discretion, not inconsistent with the provisions of the Plan, including the following:

Table of Contents

(i) ***Right to Payment.*** A Stock Appreciation Right shall confer on the Participant to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one Share on the date of exercise over (B) for Tandem Stock Appreciation Rights, the exercise price per share of the related Option and for Freestanding Stock Appreciation Rights, the Fair Market Value per share on the date of grant.

(ii) ***Other Terms.*** The Committee shall determine at the date of grant or thereafter, the time or times at which and the circumstances under which a Stock Appreciation Right may be exercised in whole or in part (including based on achievement of Performance Goals and/or future service requirements), the time or times at which Stock Appreciation Rights shall cease to be or become exercisable following termination of Continuous Service or upon other conditions, the method of exercise, method of settlement, form of consideration payable in settlement, method by or forms in which Shares will be delivered or deemed to be delivered to Participants, whether or not a Stock Appreciation Right shall be in tandem or in combination with any other Award, and any other terms and conditions of any Stock Appreciation Right.

(iii) ***Tandem Stock Appreciation Rights.*** Any Tandem Stock Appreciation Right may be granted at the same time as the related Option is granted or, for Options that are not Incentive Stock Options, at any time thereafter before exercise or expiration of such Option. Any Tandem Stock Appreciation Right related to an Option may be exercised only when the related Option would be exercisable and the Fair Market Value of the Shares subject to the related Option exceeds the exercise price at which Shares can be acquired pursuant to the Option. In addition, if a Tandem Stock Appreciation Right exists with respect to less than the full number of Shares covered by a related Option, then an exercise or termination of such Option shall not reduce the number of Shares to which the Tandem Stock Appreciation Right applies until the number of Shares then exercisable under such Option equals the number of Shares to which the Tandem Stock Appreciation Right applies. Any Option related to a Tandem Stock Appreciation Right shall no longer be exercisable to the extent the Tandem Stock Appreciation Right has been exercised, and any Tandem Stock Appreciation Right shall no longer be exercisable to the extent the related Option has been exercised.

(d) ***Restricted Stock Awards.*** The Committee is authorized to grant Restricted Stock Awards to any Eligible Person on the following terms and conditions:

(i) ***Grant and Restrictions.*** Restricted Stock Awards shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose, or as otherwise provided in this Plan, covering a period of time specified by the Committee (the ***Restriction Period***). The minimum Restriction Period is six months after the date of grant. The terms of any Restricted Stock Award granted under the Plan shall be set forth in a written Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan. The restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of Performance Goals and/or future service requirements), in such installments or otherwise, as the Committee may determine at the date of grant or thereafter. Except to the extent restricted under the terms of the Plan and any Award Agreement relating to a Restricted Stock Award, a Participant granted Restricted Stock shall have all of the rights of a stockholder, including the right to vote the Restricted Stock and the right to receive dividends thereon (subject to any mandatory reinvestment or other requirement imposed by the Committee). During the Restriction Period, subject to Section 10(b) below, the Restricted Stock may not be sold, transferred, pledged, hypothecated, margined or otherwise encumbered by the Participant.

(ii) ***Forfeiture.*** Upon termination of a Participant's Continuous Service during the applicable Restriction Period, the Participant's Restricted Stock that is at that time subject to a risk of forfeiture that has not lapsed or otherwise been satisfied shall be forfeited and reacquired by the Company.

(iii) ***Certificates for Stock***. Restricted Stock granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Stock are registered in the name of the Participant, the Committee may require that such certificates bear an appropriate legend referring to the

Table of Contents

terms, conditions and restrictions applicable to such Restricted Stock, that the Company retain physical possession of the certificates, and that the Participant deliver a stock power to the Company, endorsed in blank, relating to the Restricted Stock.

(iv) ***Dividends.*** Dividends that are declared and paid on the outstanding shares of Common Stock during any period for which forfeiture restrictions apply to a Restricted Stock Award shall not be paid at the time dividends are paid to stockholders, but shall be accrued, without interest, and paid out when such forfeiture restrictions lapse; provided, that any accrued dividends are forfeited to the extent the underlying Shares under the Award are forfeited.

(e) ***Restricted Stock Unit Award.*** The terms and conditions of a grant of a RSU Award shall be reflected in an Award Agreement. RSUs shall be earned, and forfeiture restrictions shall lapse, at such time, in such installments, and/or subject to such Performance Goal(s) and with such Performance Period as determined by the Committee or, if applicable, a delegate of the Committee. No Shares shall be issued at the time a RSU Award is granted, and the Company will not be required to set aside a fund for the payment of any such RSU Award. A Participant shall have no voting or dividend rights with respect to any RSUs granted hereunder until the Shares, if any, underlying the RSU Award are earned and issued.

(i) ***Restrictions.*** A RSU Award shall be subject to (A) forfeiture until the expiration of the Restricted Period by the Committee, and/or satisfaction of any applicable Performance Goals as established under Section 6(g) during a designated Performance Period, to the extent provided in the applicable Award Agreement, and to the extent such RSUs are forfeited, all rights of the Participant to such RSUs shall terminate without further obligation on the part of the Company, and (B) such other terms and conditions as may be set forth in the applicable Award Agreement. The minimum Restriction Period or Performance Period for RSU Awards shall be six months after the date of grant.

(ii) ***Settlement of Restricted Stock Units.*** Upon the expiration of the Restriction Period, and/or satisfaction of the applicable Performance Goals for the Performance Period, the Company shall deliver to the Participant, or his or her Beneficiary, without charge, one Share for each such outstanding RSU for which forfeiture restrictions have lapsed, or which has been earned; provided, however, that, if explicitly provided in the applicable Award Agreement, the Committee may, in its sole discretion, elect to pay cash or part cash and part Shares in lieu of delivering only Shares for such RSUs. If a cash payment is made in lieu of delivering Shares, the amount of such payment shall be equal to the Fair Market Value of the Shares as of the date on which the Restriction Period lapsed, or, if applicable, the date on which the Committee or, if applicable, a delegate of the Committee, determines that the applicable Performance Goals have been met.

(iii) ***Dividend Equivalents.*** Unless set forth in an Award Agreement, no Dividend Equivalents will be paid on any RSU Award. Dividend Equivalents, if added in an Award Agreement, shall only be paid to the extent the RSU Award is earned and paid.

(f) ***Other Stock-Based Awards.*** The Committee is authorized, subject to limitations under applicable law, to grant to any Eligible Person such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Shares, as deemed by the Committee to be consistent with the purposes of the Plan. Other Stock-Based Awards may be granted to Participants either alone or in addition to other Awards granted under the Plan, and such Other Stock-Based Awards shall also be available as a form of payment in the settlement of other Awards granted under the Plan. The Committee shall determine the terms and conditions of such Awards.

(g) ***Performance Awards.*** The Committee is authorized to grant Performance Awards to any Eligible Person payable in cash, Shares, other Awards or a combination, on terms and conditions established by the Committee, if and to the extent that the Committee shall, in its sole discretion, determine that an Award shall be subject to those provisions.

The performance criteria to be achieved during any Performance Period and the

Table of Contents

length of the Performance Period shall be determined by the Committee upon the grant of each Performance Award; provided, however, the minimum Performance Period shall be one year. Except as provided in Section 9, Performance Awards will be distributed only after the end of the relevant Performance Period.

The Committee will establish, in writing, the Performance Goals and the Performance Period for each applicable Performance Award; provided, however, that where the determination of the Performance Goals and Performance Period for any Award for which the Committee has delegated authority under Section 3, the authority to establish Performance Goals and a Performance Period is also delegated. Such Performance Goals may vary by Participant and by Award. The Committee, in its discretion, may adjust or modify the calculation of Performance Goals to prevent dilution or enlargement of the rights of Participants. The amount of the Performance Award earned shall be conclusively determined by the Committee or, if applicable, its delegate. Performance Awards may be paid in a lump sum or in installments following the close of the Performance Period.

7. Certain Provisions Applicable to Awards.

(a) ***Term of Awards.*** The term of each Award shall be for such period as may be determined by the Committee; provided that in no event shall the term of any Option or Stock Appreciation Right exceed a period of ten years (or in the case of an Incentive Stock Option such shorter term as may be required under Section 422 of the Code).

(b) ***Form and Timing of Payment Under Awards.*** Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or a Subsidiary upon the exercise of an Option or other Award or settlement of an Award may be made in such forms as the Committee shall determine, including, without limitation, cash, Shares or other Awards.

(c) ***Exemptions from Section 16(b) Liability.*** It is the intent of the Company that the grant of any Awards to or other transaction by a Participant who is subject to Section 16 of the Exchange Act shall be exempt from Section 16 pursuant to an applicable exemption (except for transactions acknowledged in writing to be non-exempt by such Participant). Accordingly, if any provision of this Plan or any Award Agreement does not comply with the requirements of Rule 16b-3 then applicable to any such transaction, such provision shall be construed or deemed amended to the extent necessary to conform to the applicable requirements of Rule 16b-3 so that such Participant shall avoid liability under Section 16(b).

(d) ***Code Section 409A.*** Shares shall not be issued pursuant to the exercise of an Award unless the issuance and delivery of such Shares shall comply with applicable laws and shall be further subject to the approval of counsel for the Company with respect to such compliance. Without limiting the foregoing, the Plan is intended to comply with Section 409A of the Code to the extent subject thereto, and, accordingly, to the maximum extent permitted, the Committee shall make a good faith effort to interpret and administer the Plan in compliance therewith. Any payments described in the Plan that are due within the short-term deferral period as defined in Section 409A of the Code shall not be treated as deferred compensation unless applicable laws require otherwise. For purposes of Section 409A of the Code, each installment payment provided under this Plan shall be treated as a separate payment. Notwithstanding anything to the contrary in the Plan, to the extent required to avoid accelerated taxation and tax penalties under Section 409A of the Code, (a) amounts that would otherwise be payable and benefits that would otherwise be provided pursuant to the Plan during the six (6) month period immediately following the Participant's termination of Continuous Service shall instead be paid on the first payroll date after the six-month anniversary of the Participant's separation from service (or the Participant's death, if earlier), and (b) amounts payable upon the termination of a Participant's Continuous Service shall only be payable if such termination constitutes a separation from service within the meaning of Section 409A of the Code. Notwithstanding the foregoing, neither the Company, any Subsidiary nor

the Committee shall have any obligation to take any action to prevent the assessment of any excise tax or penalty on any Participant under Section 409A of the Code and neither the Company nor the Committee will have any liability to any Participant for such tax or penalty.

(e) ***Clawbacks.*** The Company shall have the right to recoup or claw back any payment made with respect to an Award under the Plan to the extent necessary to comply with applicable federal securities laws or the provisions of any applicable clawback policy of the Company.

8. **Impact of Termination of Employment Events.** The following Termination of Employment events shall have the following consequences for outstanding Awards; provided, however, the limitation set forth in Section 4(b) shall apply.

(a) ***General Rule.*** Except as otherwise set forth in this Section 8, upon a Termination of Employment, unless an employment or other agreement with the Participant provides for different consequences:

(i) ***Options.*** All outstanding vested and exercisable Options granted to such Participant shall remain exercisable for 90 days after Termination of Employment; provided, that the Option will expire at the expiration of the stated term if earlier.

(ii) ***Other Awards.*** All outstanding and unvested Awards other than Options shall be forfeited.

(b) ***For Cause.*** In the event of a Termination of Employment for Cause, all outstanding Awards, whether vested or not, shall be forfeited.

(c) ***Disability of a Participant.***

(i) ***Options.*** Upon a Participant's Termination of Employment as a result of the Participant's Disability, all outstanding vested and exercisable Options granted to such Participant shall remain exercisable for one year after Termination of Employment as a result of a Disability; provided, that the Option will expire at the expiration of the stated term if earlier.

(ii) ***Other Awards.*** If a Participant's Termination of Employment is due to the Participant's Disability:

(1) all outstanding and unvested Awards not described in subsection (c)(ii)(2) that would have vested prior to the first anniversary of the date of Termination of Employment will accelerate, all forfeiture restrictions will lapse, and the Shares will be issued within thirty (30) days after the date of Termination of Employment; and

(2) all outstanding Awards that are conditioned upon achievement of one or more Performance Goals and granted to such Participant with a Performance Period ending prior to the first anniversary of the Date of Termination shall continue to be subject to the applicable Performance Goals and paid out, if earned and vested, after the end of the Performance Period when it is determined whether the Award is earned, but in no event later than March 15 in the year following the end of the Performance Period.

(d) ***Death of Participant.***

(i) ***Options.*** Upon a Participant's Termination of Employment as a result of the Participant's death, all outstanding vested and exercisable Options granted to such Participant shall remain exercisable for one year after Termination of Employment as a result of a death; provided, that the Option will expire at the expiration of the stated term if earlier. If an Option is held by the Participant when he or she dies, the Option may be exercised by the Beneficiary designated by the Participant, the executor or administrator of the Participant's estate or, if none, by the person(s) entitled to exercise the Option under the Participant's will or the laws of descent or distribution.

Table of Contents

(ii) ***Other Awards.***

(1) all outstanding and unvested Awards not described in subsection (d)(ii)(2) that would have vested prior to the first anniversary of the date of Termination of Employment will accelerate, all forfeiture restrictions will lapse, and the Shares will be issued within thirty (30) days after the date of Termination of Employment; and

(2) all outstanding Awards that are conditioned upon achievement of one or more Performance Goals and granted to such Participant with a Performance Period ending prior to the first anniversary of the Date of Termination shall continue to be subject to the applicable Performance Goals and paid out, if earned and vested, after the end of the Performance Period when it is determined whether the Award is earned, but in no event later than March 15 in the year following the end of the Performance Period.

9. Dissolution or Liquidation; Change in Control.

(a) ***Dissolution or Liquidation.*** In the event of the proposed dissolution or liquidation of the Company, other than a dissolution or liquidation that is defined as a Change of Control, the Committee shall notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Committee in its discretion may provide for an Option to be fully vested and exercisable until ten days prior to such transaction. In addition, the Committee may provide that any restrictions on any Award shall lapse prior to the transaction, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed transaction.

(b) ***Change in Control.*** The provisions of this Section 9(b) shall apply in the case of a Change in Control. If more specific terms are set forth in any separate plan document or agreement between the Company and any Participant, such separate plan or agreement shall govern the treatment of Awards.

(i) ***Awards Not Assumed or Substituted by the Surviving Entity.*** Upon the occurrence of a Change in Control, and except with respect to any Awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with the Change in Control in a manner approved by the Committee or the Board, any outstanding Awards shall be dealt with in accordance with any of the following approaches, as determined by the agreement effectuating the transaction or, if and to the extent not so determined, as determined by the Committee: (A) the continuation of the outstanding Awards by the Company, if the Company is a surviving entity, (B) the assumption or substitution for the outstanding Awards by the surviving entity or its parent or subsidiary, (C) full exercisability or vesting and accelerated expiration of the outstanding Awards, or (D) settlement of the value of the outstanding Awards in cash or cash equivalents or other property followed by cancellation of such Awards (which value, in the case of Options or Stock Appreciation Rights, shall be measured by the amount, if any, by which the Fair Market Value of a Share exceeds the exercise or grant price of the Option or Stock Appreciation Right as of the effective date of the transaction). The Committee shall give written notice of any proposed transaction referred to in this Section 9(b)(i) a reasonable period of time prior to the closing date for such transaction (which notice may be given either before or after the approval of such transaction), in order that Participants may have a reasonable period of time prior to the closing date of such transaction within which to exercise any Awards that are then exercisable (including any Awards that may become exercisable upon the closing date of such transaction). A Participant may condition his or her exercise of any Awards upon the consummation of the transaction. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be non-statutory Options.

(ii) ***Awards Assumed or Substituted by Surviving Entity***. With respect to Awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with a Change in Control, if within two years after the effective date of the Change in Control, a Participant's employment is terminated without

Table of Contents

Cause or the Participant terminates his or her employment for Good Reason in connection with a Change in Control, if applicable, then (A) all of that Participant's outstanding Awards shall become fully vested and exercisable, (B) all time-based vesting restrictions on the Participant's outstanding Awards shall lapse, and (C) the payout opportunities attainable under all of such Participant's outstanding Performance Awards shall be deemed to have been earned as of the date of such employment termination at the target level, and (subject to Section 9(b)(iv) and Section 10(a)) there shall be a pro rata payout to the Participant or his or her Beneficiary within 30 days following the date of the employment termination (unless a later date is required by Section 10(a) hereof) based upon the length of time within the Performance Period that has elapsed prior to the date of the employment termination; provided, however, if a severance plan or agreement or employment agreement in place at the time of the Change in Control provides for additional acceleration, the terms of such severance plan or agreement or employment agreement shall control. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be non-statutory Options.

(iii) **Equitable Adjustments.** The Committee, in its sole discretion, may include such further provisions and limitations in any Award Agreement or certificate, as it may deem equitable and in the best interests of the Company that are not inconsistent with the provisions of the Plan.

(iv) **Code Section 409A.** No action shall be taken under this Section 9(b) which shall cause an Award to fail to be exempt from or comply with Code Section 409A.

(v) **Consent.** Notwithstanding any other provision of the Plan or any Award Agreement, the provisions of this Section 9(b) may not be terminated, amended, or modified upon or after a Change of Control in a manner that would adversely affect a Participant's rights with respect to an outstanding Award without the prior written consent of the Participant.

(c) **Definition of Change in Control.** A Change in Control means the occurrence of any of the following:

(i) Any Person becomes the Beneficial Owner of 50% or more of either (A) the then-outstanding shares of common stock of the Company (the Outstanding Company Common Stock) or (B) the combined voting power of the then-outstanding voting securities of the Company entitled to vote generally in the election of directors (the Outstanding Company Voting Securities); provided, however, that, for purposes of this definition, the following acquisitions shall not constitute a Change in Control: (i) any acquisition directly from the Company, (ii) any acquisition by the Company, (iii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Subsidiary or Affiliate or (iv) any acquisition pursuant to a transaction that complies with (iii)(A), (iii)(B) and (iii)(C) of this definition;

(ii) Individuals who, as of the date hereof, constitute the Board of Directors (the **Incumbent Board**) cease for any reason to constitute at least a majority of the Board of Directors; provided, however, that any individual becoming a director subsequent to the date hereof whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual was a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs in connection with or as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board of Directors;

(iii) Consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the Company or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the Company, or the acquisition of assets or stock of another entity by the Company or any of its subsidiaries (each, a

Business Combination), in each case unless, following such Business Combination, (A) all or substantially all of the individuals and entities that were the beneficial owners

(c) *Adjustments.*

(i) ***Adjustments to Awards.*** In the event that any extraordinary dividend or other distribution (whether in the form of cash, Shares, or other property), recapitalization, forward or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange, liquidation, dissolution or other similar corporate transaction or event affects the Shares and/or such other securities of the Company or any other issuer such that a substitution, exchange, or adjustment is determined by the Committee to be appropriate, then the Committee shall, in such manner as it may deem equitable, substitute, exchange or adjust any or all of (A) the number and kind of Shares which may be delivered in connection with Awards granted thereafter, (B) the number and kind of Shares by which per-Director Award limitations are measured under Section 5 hereof, (C) the number and kind of Shares subject to or deliverable in respect of outstanding Awards, (D) the exercise price, grant price or purchase price relating to any Award and/or make provision for payment of cash or other property in respect of any outstanding Award, and (E) any other aspect of any Award that the Committee determines to be appropriate.

(ii) ***Other Adjustments.*** The Committee (and the Board if and only to the extent such authority is not required to be exercised by the Committee to comply with relevant provisions of the Code) is authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards (including Performance Awards, or Performance Goals relating thereto) in recognition of unusual or nonrecurring events (including, without limitation, acquisitions and dispositions of businesses and assets) affecting the Company, any Subsidiary or any business unit, or the financial statements of the Company or any Subsidiary, or in response to changes in applicable laws, regulations, accounting principles, tax rates and regulations or business conditions or in view of the Committee's assessment of the business strategy of the Company, any Subsidiary or business unit thereof, performance of comparable organizations, economic and business conditions, personal performance of a Participant, and any other circumstances deemed relevant.

(d) ***Taxes.*** The Company and any Subsidiary are authorized to withhold from any Award granted, any payment relating to an Award under the Plan, including from a distribution of Shares, or any payroll or other payment to a Participant, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company or any Subsidiary and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Shares and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations, either on a mandatory or elective basis in the discretion of the Committee, subject to compliance with applicable law.

(e) ***Amendment and Termination of the Plan or Awards.*** The Board or the Committee may amend, alter, suspend, discontinue or terminate the Plan, or the Committee's authority to grant Awards under the Plan, or any Award Agreement, without the consent of stockholders or Participants, except that any such amendment shall be subject to approval of the stockholders of the Company in the manner and to the extent required by applicable law (including applicable stock exchange requirements). Table of Contents

Notwithstanding the foregoing, without the consent of an affected Participant, no such Board or Committee action may materially and adversely affect the rights of such Participant under any previously granted and outstanding Award. No amendment, suspension or termination of the Plan shall impair the rights of any Participant under an outstanding Award, unless agreed to in a writing signed by the Participant and the Company. The Committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any Award theretofore granted and any Award Agreement relating thereto, except as otherwise provided in the Plan; provided that, without the consent of an affected Participant, no such Committee or the Board action may materially and adversely affect the rights of such Participant under such Award.

(f) ***Limitation on Rights Conferred Under Plan.*** Neither the Plan nor any action taken hereunder or under any Award shall be construed as (i) giving any Eligible Person or Participant the right to continue as an Eligible Person or Participant or in the employ or service of the Company or a Subsidiary; (ii) interfering in any way with the right of the Company or a Subsidiary to terminate any Eligible Person's or Participant's Continuous Service at any time, (iii) giving an Eligible Person or Participant any claim to be granted any Award under the Plan or to be treated uniformly with other Participants and Employees, or (iv) conferring on a Participant any of the rights of a stockholder of the Company including, without limitation, any right to receive dividends or distributions, any right to vote or act by written consent or any right to attend meetings of stockholders unless and until such time as the Participant is duly issued Shares on the stock books of the Company in accordance with the terms of an Award. Neither the Company nor any of the Company's officers, directors, representatives or agents are granting any rights under the Plan to the Participant whatsoever, oral or written, express or implied, other than those rights expressly set forth in this Plan or the Award Agreement.

(g) ***Unfunded Status of Awards; Creation of Trusts.*** The Plan is intended to constitute an unfunded plan for incentive compensation. With respect to any payments not yet made to a Participant or obligation to deliver Shares pursuant to an Award, nothing contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Company; provided that the Committee may authorize the creation of trusts and deposit therein cash or Shares, or make other arrangements to meet the Company's obligations under the Plan. Such trusts or other arrangements shall be consistent with the unfunded status of the Plan unless the Committee otherwise determines with the consent of each affected Participant. The trustee of such trusts may be authorized to dispose of trust assets and reinvest the proceeds in alternative investments, subject to such terms and conditions as the Committee may specify and in accordance with applicable law.

(h) ***Non-exclusivity of the Plan.*** Neither the adoption of the Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements as it may deem desirable.

(i) ***Fractional Shares.*** No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, other Awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(j) ***Governing Law.*** The validity, construction and effect of the Plan, any rules and regulations under the Plan, and any Award Agreement shall be determined in accordance with the laws of the State of Delaware without giving effect to principles of conflict of laws, and applicable federal law.

(k) ***Non-U.S. Laws.*** The Committee shall have the authority to adopt such modifications, procedures, and subplans as may be necessary or desirable to comply with provisions of the laws of foreign countries in which the Company or its Subsidiaries may operate to assure the viability of the benefits from Awards granted to Participants performing services in such countries and to meet the objectives of the Plan.

Therefore, options granted under the Amended and Restated Incentive Compensation Plan (the Plan) by TransEnterix, Inc. (the Company) to employees who are French tax residents and/or subject to the French social security regime on a mandatory basis on the Grant Date (the French Participants) of its Related Entities may be granted under the terms of this Addendum as follows:

1. Definitions:

Capitalized terms not otherwise defined herein shall have the same meanings as set forth in the Plan and in the Option Agreement. In the event of a conflict between the terms and conditions of the Plan, this Addendum and the Option Agreement, the terms and conditions of the Plan shall prevail except for the following additional terms that shall be defined as follows:

Grant Date: the term Grant Date shall be the date on which the Board or the Committee (i) designates the French Participant(s), (ii) sets up the Exercise Price of the options, and (iii) specifies the terms and conditions of the options.

Related Entities: the term Related Entities means the companies within the meaning of Article L. 225-197-2 of the French Commercial Code or any provision substituted for same.

2. Specific conditions laid down under this Addendum:

- 1) Notwithstanding any other provision of the Plan, options granted to any Participant who is a consultant, an Administrateur, or a member of the Conseil de Surveillance, as these terms are defined in French Corporate law, and who does not have a work contract with the Company or its Related Companies will be deemed to have not been granted an option pursuant to this Addendum.
- 2) Notwithstanding any other provision of the Plan, the number of options offered through the Plan cannot exceed one third of the capital of the Company. This limit is reduced to 10% of the company capital if the options are granted over treasury shares.
- 3) Notwithstanding any other provision of the Plan, no option can be granted to a French Participant who holds directly or indirectly more than ten percent (10%) of the Company's share capital.

- 4) Notwithstanding any other provision of the Plan, any option with an Exercise Price on the Grant Date of the option that is less than 80% of the average of the market value of the underlying share during the twenty (20) trading days (using opening quotation) preceding the Grant Date shall be deemed to have not been granted under this Addendum. In addition, with respect to options to purchase existing shares, any option with an Exercise Price that is less than 80% of the average price paid by the Company to buy back the Shares it holds as at Grant Date shall be deemed to have not been granted under this Addendum.

- 7) Notwithstanding any other provision of the Plan, no options can be granted during the period starting the date the corporate management of the company is aware of information the publication of which could have a substantial consequence on the Fair Market Value of the Shares and ending ten (10) stock exchange sessions after the publication of this information.
- 8) Notwithstanding any other provision of the Plan, the Exercise Price of an option shall be adjusted only upon the occurrence of the events under section L.225-181 of the French Commercial Code. Any reduction by the Company, to the Exercise Price of an outstanding and unexercised option previously issued under this Addendum, to the current Fair Market Value of the underlying Shares shall be deemed to not have been an option granted under this Addendum.
- 9) Notwithstanding any other provision of the Plan, in the event of the death of a French Participant, the heirs of such French Participant shall have a six (6)-month period from the date of such French Participant's death, to exercise all or part of the options held by such French Participant on the day of his death regardless of whether or not they are vested. As a consequence, all the options held by such French Participant which have not yet been exercised by his/her heirs upon the expiration of the aforementioned six (6)-month period, shall be definitively and automatically forfeited.
- 10) Notwithstanding any other provision of the Plan and, except in the case of death of the French Participant, the options are non-transferable.

Notwithstanding the foregoing, the French Participant's heirs are not subject to the restriction on the sale of shares set forth in Section 6 above.

9) In the event of the Disability of a French Participant, all RSU held by the French Participant at the time of termination due to the Disability become vested in full. In addition, the French Participant is no longer subject to the restriction on the sale of Shares set forth in Section 6 above.

10) In the event the French Participant is no longer a French tax resident and is no longer affiliated to the French social security regime on a mandatory basis at Vesting Date, the Holding Period as provided for in this Addendum should not apply.

Further, the Eligible 102 Participant agrees to execute any and all documents which the Board or the Trustee may reasonably determine to be necessary in order to comply with the provision of any applicable law, and, particularly, Section 102.

4.4 During the Required Holding Period, the Trustee shall not be required to release an Award, Shares acquired pursuant to such Award, or other shares received subsequently following any realization of rights derived from such Award or Shares (including share dividends) to the Eligible 102 Participant or sell such Award, Shares, or other shares to a third party, unless permitted to do so by applicable law. Notwithstanding the foregoing, the Trustee may, pursuant to a written request and subject to applicable law, release and transfer such Shares to a designated third party, provided that both of the following conditions have been fulfilled prior to such transfer: (i) all taxes required to be paid upon the release and transfer of the Share have been withheld for transfer to the ITA; and (ii) the Trustee has received written confirmation from the Board that all requirements for such release and transfer have been fulfilled according to the terms of the Company's corporate documents, the Plan, any applicable agreement and any applicable law. For the avoidance of doubt, such sale or release during the Required Holding Period will result in different tax ramifications to the Eligible 102 Participant under Section 102 of the ITO and the ITO Rules and/or any other regulations or orders or procedures promulgated thereunder, which shall apply to and shall be borne solely by such Eligible 102 Participant.

4.5 In the event a share dividend is declared and/or additional rights are granted with respect to Shares which were issued upon an exercise of a 102 Trustee Grant, such dividend and/or rights shall also be subject to the provisions of this Section 4, and the Required Holding Period for such share dividend and/or rights shall be measured from the commencement of the Required Holding Period for the 102 Trustee Grant with respect to which the dividend was declared and/or rights granted. In the event of a cash dividend on the 102 Trustee Grant

or such Shares, the Trustee shall transfer the dividend proceeds to the Eligible 102 Participant after deduction of taxes and mandatory payments in compliance with applicable withholding requirements.

4.6 If an Award which is granted as a 102 Trustee Grant is exercised or vests during the Required Holding Period, the Shares issued upon such exercise or vesting shall be issued in the name of the Trustee for the benefit of the Eligible 102 Participant. If such Shares are issued after the Required Holding Period has lapsed, the Shares issued upon such exercise or vesting shall, at the election of the Eligible 102 Participant, either (i) be issued in the name of the Trustee or (ii) be transferred to the Eligible 102 Participant directly, provided that the Eligible 102 Participant first complies with all applicable provisions of the Plan and pays all taxes which apply on issuance of the Shares or to such transfer of Shares.

4.7 To avoid any doubt, notwithstanding anything to the contrary in the Plan, no Award qualifying as a 102 Trustee Grant shall be substituted for payment in cash or any other form of consideration, including other Awards or Shares, in the absence of an express approval of the ITA in advance for such substitution.

5. Assignability.

As long as Awards or Shares are held by the Trustee on behalf of an Eligible 102 Participant, no rights of the Eligible 102 Participant over the Awards or Shares may be transferred, assigned, pledged or mortgaged, other than by will or laws of descent and distribution.

6. Tax Consequences.

6.1 Any tax consequences arising from the grant or exercise of any Award, from the payment for Shares covered thereby, or from any other event or act (of the Company, the Company's Affiliates, the Trustee, and/or the Participant), hereunder, shall be borne solely by the Participant. The Company, its Affiliates, and/or the Trustee shall withhold taxes according to the requirements under the applicable law (including applicable rules and regulations), including withholding taxes at source. Furthermore, the Participant shall agree to indemnify the Company, its Affiliates, and/or the Trustee and hold them harmless against and from any and all liability for any such tax or interest or penalty thereon, including without limitation, liabilities relating to the necessity to withhold, or to have withheld, any such tax from any payment made to the Participant. The Company, or any of its Affiliates and the Trustee may make such provisions and take such steps as it may deem necessary or appropriate for the withholding of all taxes required by law to be withheld with respect to Awards granted under the Sub-Plan and the exercise or vesting or sale thereof, including, but not limited, to (i) deducting the amount so required to be withheld from any other amount then or thereafter payable to a Participant, (ii) requiring a Participant to pay to the Company or any of its Affiliates the amount so required to be withheld as a condition of the issuance, delivery, distribution or release of Shares, and/or (iii) by causing the exercise of an Award and/or the sale of Shares held by or on behalf of a Participant to cover such liability, up to the amount required to satisfy minimum statutory withholding requirements. In addition, the Participant will be required to pay any amount which exceeds the tax to be withheld and remitted to the tax authorities, pursuant to applicable tax laws, regulations and rules.

6.2 With respect to Non-Trustee Grants, if an Eligible 102 Participant ceases to be a Company's Affiliate employee or director, the Eligible 102 Participant shall extend to the Company and/or its Affiliate security or a guarantee for the payment of tax due at the time of sale of Share to the satisfaction of the Board, all in accordance with the provisions of Section 102 of the ITO and the ITO Rules.

7. Governing Law and Jurisdiction.

The validity and enforceability of the Sub-Plan shall be governed by, and construed and enforced in accordance with, the laws of the State of Delaware, without regard to the provisions governing conflict of laws and applicable federal law, except to the extent that mandatory provisions of the laws of the State of Israel apply.
