ITEM 4.02 NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OR COMPLETED INTERIM REVIEW

(b) On October 10, 2017, the Company's current independent registered public accounting firm, Marcum LLP ("Marcum"), informed the Company of certain matters that it had identified relating to the Company's Form 10-Q for the quarterly period ended June 30, 2017, which was filed with the Securities and Exchange Commission ("SEC") on August 21, 2017. The matters identified by Marcum included the Company's accounting treatment of a related party transaction in an investment in real property and certain omitted disclosures in the subsequent event footnote in the Company's Notes to Interim Condensed Consolidated Financial Statements (Unaudited). Upon Marcum's notification, the Company's Audit Committee conducted an independent review and subsequently determined that the Company had misclassified its investment in real property as a current asset and omitted certain subsequent event disclosures. However, the Company's Total Assets, Total Liabilities, Total Equity and the Condensed Consolidated Statements of Operations and Comprehensive Loss for any period was not affected by the misclassification. On November 7, 2014, the Company, after consultation with Marcum and the Company's Audit Committee (the "Audit Committee"), concluded that the previously issued unaudited quarterly financial statements as of and for the fiscal quarter ended June 30, 2017, as presented in the Company's Quarterly Report on Form 10-Q filed with the SEC for the same period (the "June 30, 2017 10-Q"), should no longer be relied upon. The Company is filing, contemporaneously with this Report, an amendment to the June 30, 2017 10-Q on Form 10-Q/A (the "Amendment") restating its financial statements for this period.

The following discussion describes the Footnote and adjustments made in the Amendment (U.S. dollars in thousands, except per share date):

"Note 14 Related Party Transaction" in the June 30, 2017 10-Q the following additional disclosure will be added.

j. During the three months ended June 30, 2017, our Chief Executive Officer Amos Kohn purchased certain real property that will serve as a facility for the Company's business operations in Israel. The Company made \$300,000 of payments to the seller of the property that will be applied to either (i) an ownership interest, that would be transferred to the Company upon the approval of certain governmental authorities that authorize foreign ownership of real property in Israel or (ii) a leasing arrangement providing for the Company's use of the property should such authorization not be obtained. The payments are classified as Other investments, related party in the accompanying condensed consolidated balance sheet at June 30, 2017.

Edgar Filing: DIGITAL POWER CORP - Form 8-K

As a result, the Condensed Consolidated Balance Sheets amounts of “Prepaid expense and other current assets” and “Other investments” will be adjusted pursuant to the schedule below:

	June 30, 2017

“Note 16 Subsequent Events” in the June 30, 2017 10-Q the following additional disclosures will be added.

On July 7, 2017, the Company entered into an asset purchase agreement to acquire the intellectual property of Coolisys.com, consisting of the common law rights associated with the trademarks and name as well as the domain name and content of [www.Coolisys.com](http://www.Coolisys.com). The aggregate purchase price of \$81 was comprised of 50,000 shares of common stock, valued at \$31 based on the closing price of the Common Stock on the date of the acquisition, and \$50.

On July 14, 2017, as a result of a notice that Microphase received from Gerber identifying several events of default under the terms of the Revolving Credit Facility, Microphase and Gerber entered into a Forbearance Agreement (See Note 8). The events of default were primarily related to (i) the change in control that occurred on June 2, 2017, when Digital Power acquired a majority interest in Microphase, and (ii) borrowings under the Revolving Credit Facility exceeding the collateral borrowing base. The Forbearance agreement accelerated the repayment of \$250, that was secured by eligible inventories and equipment, by an amount of \$20 per week until such borrowings were repaid and required the Company to provide a corporate guarantee for amounts advanced under the Revolving Credit Facility, which guarantee was provided on July 20, 2017.

Between July 6, 2017 and August 21, 2017, Milton C. Ault, III, the Company's Executive Chairman, personally guaranteed the repayment of (i) \$1,091 to TVT Capital, (ii) \$400 from the sale of the Convertible Note and (iii) \$880 from the sale of the Convertible Notes. These personal guarantees were necessary to facilitate the consummation of these financing transactions. Mr. Ault's payment obligations would be triggered if the Company failed to perform under these financing obligations. Our board of directors has agreed to compensate Mr. Ault for his personal guarantees. The amount of annual compensation for each of these guarantees, which will be in the form of non-cash compensation, is 2% of the amount of the obligation.

Due to the restatement described above, the Company's management and Audit Committee reevaluated Part I, Item 4 ("Controls and Procedures") in the previously filed June 30, 2017 Form 10-Q and have now concluded that the Company's disclosure controls and procedures and internal control over financial reporting were not effective as of that date. The Board has been actively engaged in developing a remediation plan to address the identified ineffective controls that existed as of June 30, 2017. Implementation of the remediation plan is in process and consists of, among other things, redesigning the procedures to enhance the identification, capture, review, approval and recording of contract terms and required disclosures.
