This Proxy Statement is furnished in connection with the solicitation of proxies by the board of directors (the "Board") of Dalrada Financial Corporation a Delaware corporation (the "Company"), to be voted at the Annual Meeting of Stockholders of the Company (the "Meeting") which will be held at 9449 Balboa Avenue, Suite 210, San Diego, California 92123 on May 25, 2006 at 9:00 a.m., local time, and any adjournment(s) thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders and in this Proxy Statement.

The principal executive offices of the Company are located at 9449 Balboa Avenue, Suite 210, San Diego, California 92123. The approximate date on which this Proxy Statement and accompanying Proxy will first be sent or given to stockholders is April 19, 2006.

VOTING SECURITIES

Voting of Proxy

A form of proxy for use at the annual meeting and a return envelope for the proxy are enclosed. A shareholder may revoke the authority granted by his or her execution of a proxy at any time before the effective exercise of such proxy by filing with the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date, or by voting in person at the annual meeting. The Company's Common Shares represented by executed and unrevoked proxies will be voted in accordance with the choice or instructions specified thereon. If no specifications are given, the shares represented thereby will be voted in favor of the matters as set forth in this proxy statement and the accompanying Notice of Annual Meeting of Shareholders, and in accordance with the best judgment of the Board of Directors on any other matters which may properly come before the annual meeting.

The specific proposals to be considered and acted upon at the Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders and are described in more detail in this Proxy Statement. On March 16, 2006, the record date for determination of stockholders entitled to notice of and to vote at the Meeting, 977,175,933 shares of the Company's common stock, par value \$.005 (the "Common Stock"). Each stockholder is entitled to one vote for each share of Common Stock.

The attendance, in person or by proxy, of the holders of a majority of the outstanding voting shares of Common Stock entitled to vote at the Meeting is necessary to constitute a quorum. A vote of the holders of a majority of the number of outstanding shares of Common Stock, present, in person or represented by proxy at the Meeting and entitled to vote at the Meeting, will be required for the approval of each of the amendments to the Company's certificate of incorporation (the "Certificate of Incorporation"), the election of directors, and election of the Company's accountants.

Although the Company is a Delaware corporation, under Section 2115 of the California Corporations Code, certain provisions of the California Corporation Code apply to the Company because of the residence of the Company's stockholders and the extent of its business operations and assets in California. The provisions pertaining to certain requirements of cumulative voting apply to the Company.

Stockholders have cumulative voting rights when voting for directors. Accordingly, any stockholder may multiply the number of votes he or she is entitled to vote by the number of directors to be elected and allocate votes among the

candidates in any manner. However, no voting stockholder may cumulate votes unless the name(s) of the director candidate or candidates have been placed in nomination prior to the voting and the stockholder, prior to the voting, has given notice at the Meeting of its intention to cumulate its shares. If any one stockholder has given a notice of its intention to cumulate votes then all stockholders may cumulate their votes for director candidates in nomination. Stockholders may exercise such cumulative voting rights, either in person or by proxy after providing the proper notice. The five director nominees receiving the highest number of votes will be elected.

The Board intends to vote proxies equally for the five nominees unless otherwise instructed on the Proxy Card. If you do not wish your votes to be voted for particular nominees, please identify the exceptions in the designated place on the Proxy Card. If at the time of the Meeting one or more of the nominees have become unavailable to serve, votes represented by Proxies will be voted for the remaining nominees and for any substitute nominee or nominees designated by the Board. Directors elected at the Meeting will hold office until the next Annual Meeting of Stockholders or until their successors have been elected and qualified.

All votes will be tabulated by the inspector of election appointed for the Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes except in regard to the election of directors. Broker non-votes will not be counted towards the tabulations of votes cast on proposals presented to the stockholders.

Revocability of Proxy

If the enclosed form of Proxy is properly signed and returned, the shares represented thereby will be voted at the Meeting in accordance with the instructions specified thereon. If the Proxy does not specify how the shares represented thereby are to be voted, the Proxy will be equally voted FOR the election of the five directors proposed by the Board unless the authority to vote for the election of such directors is withheld and, if no contrary instructions are given, the Proxy will be voted FOR the approval of Proposals 1, 2, and 3 as described in the accompanying Notice and Proxy Statement. You may revoke or change your Proxy at any time before the Meeting by filing with the Secretary of the Company at the Company's principal executive offices at 9449 Balboa Avenue, Suite 210, San Diego, California 92123, a notice of revocation or another signed Proxy with a later date. You may also revoke your Proxy by attending the Meeting and voting in person.

Dissenter's Right of Appraisal

The General Corporate Law of Delaware does not provide for dissenter's rights of appraisal in connection with the proposed actions.

Solicitation

The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the form of Proxy and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. The Company may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. In addition to the solicitation of Proxies by mail, Proxies may be solicited without extra compensation paid by the Company by directors, officers and employees of the Company by telephone, facsimile, telegraph or personal interview.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2005 Annual Meeting of Stockholders must be received by the Company at its executive offices not later than a reasonable time before the Company begins to print and mail its proxy materials in order that such proposals may be included in the Proxy Statement and form of Proxy relating to such meeting.

MATTERS TO BE CONSIDERED AT THE MEETING**PROPOSAL 1

The persons named below are nominees for director to serve until the next annual meeting of stockholders and until their successors have been elected and qualified. Management has selected five nominees of which three are currently directors of the Company. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unavailable to serve. Unless otherwise instructed, the Proxy holders will vote the Proxies received by them for the nominees named below. The proxies received by the Proxy holders cannot be voted for more than five directors, and, unless otherwise instructed, the Proxy holders will vote such proxies for the nominees named below. The five candidates receiving the highest number of affirmative votes of the shares entitled to vote at the Meeting will be elected directors of the Company.

The Board and Its Committees

The Board has met and discussed the governance practices followed by the Company in order to assure that the Board will have the necessary authority to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management. These discussions are intended to align the interests of directors and management with those of the Company's shareholders. The nature of these discussions deal with the practices the Board will follow with respect to board composition and selection, board meetings and involvement of senior management, Chief Executive Officer performance evaluation and succession planning, and board committees and compensation. The Board is mindful of the changes in the rules of the Securities and Exchange Commission and the implementation of the Sarbanes-Oxley Act of 2002. The Board has two committees: an Audit Committee and a Compensation Committee. The entire Board acts in relation to corporate governance and nominating.

The Board of Directors met ten times during the fiscal year ended June 30, 2005. All directors attended at least 90% of the Board meetings and meetings of the committees on which they serviced during the fiscal year ended June 30, 2005.

The Company's audit committee (the "Audit Committee"), composed of Messrs. Richard Green and Robert Dietrich, met twice during the fiscal year ended June 30, 2005, to review the Company's financial statements and to meet with the Company's independent auditors. The Audit Committee currently consists of Messrs. Richard Green and Stanley Hirschman.

The Audit Committee assists the Board of Directors in its oversight of the quality and integrity of the accounting, auditing, and reporting practices of the Company. The Audit Committee's role includes discussing with management the Company's processes to manage business and financial risk, and for compliance with significant applicable legal, ethical, and regulatory requirements. The Audit Committee is responsible for the appointment, replacement, compensation, and oversight of the independent auditor engaged to prepare or issue audit reports on the financial statements of the Company. The Audit Committee relies on the expertise and knowledge of management, the internal auditors, and the independent auditor in carrying out its oversight responsibilities. The Board of Directors has determined that each Audit Committee member has sufficient knowledge in financial and auditing matters to serve on the Committee.

The Company's compensation committee (the "Compensation Committee"), composed of Messrs. Eric Gaer, and Richard Green, met once during the fiscal year ended June 30, 2005, to review executive compensation and the status of the Company's employee stock option plans. The primary responsibilities of the Compensation Committee are to (1) review and recommend to the Board the compensation of the Chief Executive Officer and other officers of the Company, (2) review executive bonus plan allocations, (3) oversee and advise the Board on the adoption of policies that govern the Company's compensation programs, (4) oversee the Company's administration of its equity-based compensation and other benefit plans, and (5) approve grants of stock options and stock awards to officers and employees of the Company under its stock plan. The Compensation Committee's role includes producing the report on executive compensation required by SEC rules and regulations.

The entire Board acts in relation to corporate governance and nominating, with responsibilities including (1) determine the slate of director nominees for election to the Company's Board of Directors, (2) identify and recommend candidates to fill vacancies occurring between annual shareholder meetings, and (3) review, evaluate, and recommend changes to the Company's corporate governance, including periodic review of the compensation paid to non-employee directors. The Board also meets to annual review the Chief Executive Officer's performance. The Board of Directors will consider shareholder recommendations for candidates to the Board. The name of any recommended candidate for director, including the candidate's willingness to serve, if elected, should be sent to the attention of the Secretary of the Company.

None of the members of the committees above was an officer or employee of the Company at any time during the fiscal year ended June 30, 2005, or at any other time with the exception of Eric Gaer, who was employed by the company in the 1980's.

No current executive officer of the Company has ever served as a member of the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of the Board or Compensation Committee with the exception of Brian Bonar who also serves as the CEO and Chairman of Warning Management Services, Inc. ("WMNI").

Code of Ethics

The Board adopted on October 12, 2004, a Code of Business Conduct and Ethics that applies to each of the Company's directors, officers and employees. The Code of Business Conduct and Ethics sets forth the Company's policies and expectations on a number of topics, including: Compliance with laws, rules and regulations; Conflicts of Interest; Insider Trading; Corporate Opportunities; Competition and Fair Dealing; Discrimination and Harassment; Health and Safety; Record-Keeping; Confidentiality; Protection and Proper Use of Company Assets; Prohibitions Against Payments to Government Personnel; Waivers of the Code of Business Conduct of Ethics; Amendments; Reporting any Illegal or Unethical Behavior; and Compliance Procedures.

Director and Committee Compensation

Directors who are not employees of the Company or one of its subsidiaries receive fees of \$500 per meeting attended.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF THE NOMINEES LISTED ABOVE.

PROPOSAL 2
APPROVAL OF AN AMENDMENT OF THE COMPANY'S
CERTIFICATE OF INCORPORATION TO AFFECT A REVERSE SPLIT
OF THE COMMON STOCK

General

The Board has unanimously adopted resolutions proposing, declaring advisable and recommending that stockholders authorize an amendment to the Certificate of Incorporation to: (i) effect a stock combination (reverse split) of the Company's Common Stock in an exchange ratio of one (1) newly issued share for each two hundred (200) outstanding shares of Common Stock (the "Reverse Split"); and (ii) provide that no fractional shares or scrip representing fractions of a share shall be issued, but in lieu thereof, each fraction of a share that any stockholder would otherwise be entitled to receive shall be rounded up to the nearest whole share. There will be no change in the number of the Company's authorized shares of Common Stock and no change in the par value of a share of Common Stock.

If the Reverse Split is approved, the Board will have authority, without further stockholder approval, to effect the Reverse Split pursuant to which the Company's outstanding shares (the "Old Shares") of Common Stock would be exchanged for new shares (the "New Shares") of Common Stock, in an exchange ratio of one (1) New Share for each two hundred (200) Old Shares. The number of Old Shares for which each New Share is to be exchanged is referred to as the "Exchange Number". The Exchange Number may, within such range, be a whole number or a whole number and fraction of a whole number.

In addition, the Board will have the authority to determine the exact timing of the effective date and time of the Reverse Split, which may be any time prior to the filing of the Form 10-K for the year ending June 30, 2006, without further stockholder approval. Such timing and Exchange Number will be determined, in the judgment of the Board, with the intention to raise financing, to issue shares of Common Stock pursuant to outstanding contractual obligations, and for other intended benefits as the Company finds appropriate. See "-- Purposes of the Reverse Split," below. The text of this proposed amendment (subject to inserting the effective time of the Reverse Split and the Exchange Number) is set forth in Exhibit A to this Proxy Statement.

The Board also reserves the right, notwithstanding stockholder approval and without further action by stockholders, to not proceed with the Reverse Split if, at any time prior to filing this amendment with the Secretary of State of the State of Delaware, the Board, in its sole discretion, determines that the Reverse Split is no longer in the best interests of the Company and its stockholders. The Board may consider a variety of factors in determining whether or not to implement the Reverse Split and in determining the Exchange Number including, but not limited to, overall trends in the stock market, recent changes and anticipated trends in the per share market price of the Common Stock, business and transactional developments, and the Company's actual and projected financial performance.

Purposes of the Reverse Split

The purpose of the Reverse Split also would be to increase the market price of the Common Stock in order to make the Common Stock more attractive to raise financing (and, therefore, both raise cash to support the Company's operations and increase the Company's net tangible assets, and as a possible currency for acquisitions and other transactions. The Common Stock traded on the OTC from approximately \$0.002 to approximately \$0.0075 from July 1, 2004 through March 31, 2006. This has reduced the attractiveness of using the Common Stock or instruments convertible or exercisable into Common Stock in order to raise financing to support the Company's operations and to increase the Company's net worth and as consideration for potential acquisitions (which, when coupled with the Company's need to deploy its available cash for operations, has rendered acquisitions difficult to negotiate).

THERE CAN BE NO ASSURANCE, HOWEVER, THAT, EVEN AFTER CONSUMMATING THE REVERSE SPLIT, THE COMPANY WILL BE ABLE TO MAINTAIN ITS MARKET PRICE PER SHARE AND THUS UTILIZE ITS COMMON STOCK IN ORDER TO EFFECTUATE FINANCING OR ACQUISITION TRANSACTIONS.

Furthermore, the Company is contractually obligated to issue approximately 2.8 billion shares of Common Stock, which exceeds the amount of shares of Common Stock the Company is currently authorized to issue. Accordingly, the Company would be in violation of certain of its contractual obligations as it would be unable to issue any shares of Common Stock pursuant to the exercise of options or warrants or the conversion of its 15% Convertible Stock if any such issuance would cause the Company to issue more than the current number of authorized shares of Common Stock. A reverse split would reduce the number of the shares outstanding thus providing more shares to be available for the conversion of our convertible debt.

Giving the Board authority to implement the Reverse Split will help avoid the necessity of calling a special meeting of stockholders under time constraints to authorize a reverse split should it become necessary in order to seek to effectuate a financing or acquisition transaction.

The Reverse Split will not change the proportionate equity interests of the Company's stockholders at the time of the split, nor will the respective voting rights and other rights of stockholders be altered, except for possible immaterial changes due to rounding up to eliminate fractional shares. However, shares issued in connection with the conversion of remaining debt, or for working capital, or acquisitions, would most likely dilute the value of shares held by individual shareholders. There are no anti-dilution protections for the debt holders. The Common Stock issued pursuant to the Reverse Split will remain fully paid and non-assessable. The Company will continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934, as amended.

Certain Effects of the Reverse Split

The following table illustrates the principal effects of the Reverse Split to the 977,175,933 shares of Common Stock outstanding as of April 5, 2006:

		Prior to Reverse Stock Split	After 1-for-200 Reverse Stock Split
Number of Shares			
Common Stock Authorized		1,000,000,000	1,000,000,000
Common Stock Outstanding (1)		977,175,933	4,885,880
Available for future sale		22,824,067	995,114,120
Less Conversion of Convertible Debentures	Principal		
Longview Fund LP	\$3,761,707	1,319,897,193(2)	6,599,486
Longview Equity Fund LP	\$1,005,000	352,631,578(2)	1,763,158
Longview Int'l Equity Fund LP	\$495,000	173,684,210(2)	868,421
Alpha Capital Aktiengesellschaft	\$602,426	211,377,543(2)	1,056,888
Baltimore S.A.	\$1,380,960	484,547,368(2)	2,422,737
Baltimore S.A.	\$117,075	52,980,973(3)	264,905
Howard Schraub	\$300,000	105,263,157(2)	526,316
Sub-Total	\$7,662,168	2,700,382,026	13,501,910
Shares available for future issuance		(2,677,557,959)	981,612,210

(1) Gives effect to the Reverse Split, excluding New Shares to be issued in lieu of fractional shares. Stockholders should recognize that, the Reverse Split will reduce the number of shares they own by a number equal to the number of shares owned immediately prior to the filing of the amendment regarding the Reverse Split divided by the Exchange Number (i.e. divide by 200 if the reverse is two hundred to one, as adjusted to include New Shares to be issued in lieu of fractional shares).

While a Reverse Split may result in an increase in the market price of the Common Stock, there can be no assurance that the Reverse Split will increase the market price of the Common Stock by a multiple equal to the Exchange Number or result in a permanent increase in the market price (which is dependent upon many factors, including the Company's performance and prospects). Also, should the market price of the Company's Common Stock decline after the Reverse Split, the percentage decline may be greater than would be the case in the absence of the Reverse Split.

The possibility exists that liquidity in the market price of the Common Stock could be adversely affected by the reduced number of shares that would be out-standing after the Reverse Split. In addition, the Reverse Split will increase the number of stockholders of the Company who own odd-lots (less than 200 shares). Stock-holders who hold odd-lots typically will experience an increase in the cost of selling their shares, as well as greater difficulty in effecting such sales. Consequently, there can be no assurance that the Reverse Split will achieve the desired results that have been outlined above.

A large number of shares underlying the convertible debentures are available for future sale and the issuance and sale of these shares may depress the market price of our common stock and may cause immediate and substantial dilution to our existing stockholders.

Furthermore, the number of shares of common stock issuable upon conversion of the convertible debentures may increase if the market price of our stock declines and the sale of the increased number of shares may further adversely affect the market price of our common stock.

(2) The conversion price is seventy-five percent (75%) of the average of the five lowest volume weighted average prices of the common stock as reported by Bloomberg L.P. for the principal market for the twenty trading days preceding the conversion date. Therefore assuming a market price of \$0.0038 would yield a conversion price of $\$0.0038 \times 75\% = \0.00285 . There is \$7,545,093 in notes convertible at \$0.00285 or approximately 2,647,401,053 shares.

(3) The conversion price is fixed at \$0.00226. There a \$119,737 note convertible at \$0.00226 or 52,980,973 approximate shares,

Procedure for Effecting Reverse Split and Exchange of Stock Certificates

If this amendment is approved by the Company's stockholders, and if the Board still believes that the Reverse Split is in the best interests of the Company and its stockholders, the Company will file the amendment with the Secretary of State of the State of Delaware at such time as the Board has determined the appropriate Exchange Number and the appropriate effective time for such split. The Board may delay effecting the Reverse Split until as late as December 31, 2006 without resoliciting stockholder approval. The Reverse Split will become effective on the date of filing the amendment at the time specified in the amendment (the "Effective Time"). Beginning at the Effective Time, each certificate representing Old Shares will be deemed for all corporate purposes to evidence ownership of New Shares.

As soon as practicable after the Effective Time, stockholders will be notified that the Reverse Split has been effected and of the exact Exchange Number. The Company expects that its transfer agent will act as exchange agent (the "Exchange Agent") for purposes of implementing the exchange of stock certificates. Holders of Old Shares will be

asked to surrender to the Exchange Agent certificates representing Old Shares in exchange for certificates representing New Shares in accordance with the procedures to be set forth in a letter of transmittal to be sent by the Exchange Agent. No new certificates will be issued to a stockholder until such stockholder has surrendered such stockholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal to the Exchange Agent. Any Old Shares submitted for transfer, whether pursuant to a sale or other disposition, or otherwise, will automatically be exchanged for New Shares at the exchange ratio. **Stockholders should not destroy any stock certificate and should not submit any certificate until requested to do so by the Company or the Exchange Agent.**

Fractional Shares

No scrip or fractional certificates will be issued in connection with the Reverse Split. Any fraction of a share that any stockholders of record otherwise would be entitled to receive shall be rounded up to the nearest whole share.

No Dissenter's Rights

Under Delaware law, stockholders are not entitled to dissenter's rights with respect to the proposed amendment.

Federal Income Tax Consequences of the Reverse Split

The following is a summary of certain material U.S. federal income tax consequences of the Reverse Split and does not purport to be complete. It does not discuss any state, local, foreign or minimum income or other U.S. federal tax consequences. Also, it does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. The discussion is based on the provisions of the U.S. federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the Old Shares were, and the New Shares will be, held as a "capital asset," as defined in the Code (generally, property held for investment). The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. **Each stockholder should consult with such stockholder's own tax advisor with respect to the consequences of the Reverse Split.**

The Reverse Split is an isolated transaction and is not part of a plan to periodically increase any stockholder's proportionate interest in the assets or earnings and profits of the Company. As a result, no gain or loss should be recognized by a stockholder of the Company upon such stockholder's exchange of Old Shares for New Shares pursuant to the Reverse Split. The aggregate tax basis of the New Shares received in the Reverse Split will be the same as the stockholder's aggregate tax basis in the Old Shares exchanged therefor. The stockholder's holding period for the New Shares will include the period during which the stockholder held the Old Shares surrendered in the Reverse Split.

Required Vote

In accordance with the Delaware General Corporation Law and the Certificate of Incorporation, the affirmative vote of a majority of the shares represented and voting at the Meeting is required to adopt this proposed amendment. As a result, any shares not voted (whether by abstention, broker non-vote or otherwise) will have the same effect as a vote against the proposal.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THIS PROPOSAL.
