On August 19, 2004, we acquired the property located at 1000 Milwaukee Avenue, Glenville, Illinois (the "Property"). # Capital Lease Funding, Inc. and Subsidiaries Notes to Pro Forma Condensed Consolidated Financial Statements (unaudited)

#### 1. Basis of Presentation

The accompanying unaudited pro forma condensed consolidated financial statements are presented to reflect the acquisition of 1000 Milwaukee Avenue Owner Corp., Glenville, IL (the Property ), an unaffiliated third party, by Capital Lease Funding, Inc.

The accompanying unaudited pro forma condensed consolidated balance sheet presents the historical financial information of the Company as of June 30, 2004 as adjusted for the acquisition of 1000 Milwaukee Avenue Owner Corp. as if the transaction had occurred on June 30, 2004.

The accompanying unaudited pro forma condensed consolidated statements of operations for the year ended December 31, 2003 and the six months ended June 30, 2004 combines the historical operations of the Company with the historical operations of 1000 Milwaukee Avenue Owner Corp. as if the transaction had occurred on January 1, 2003.

# 2. Pro Forma Adjustments

The unaudited pro forma condensed consolidated financial statements reflect the following significant pro forma adjustments:

- (a) Adjustment to reflect the Company s purchase of the Property, for approximately \$86.0 million, inclusive of origination and closing costs. The Company has allocated the purchase price to land, buildings and improvements in the accompanying pro forma consolidated balance sheet. The Company is in the process of determining if any intangible assets were acquired which may result in future adjustments to the allocation of the purchase price.
- (b) Adjustment to reflect the Company s long-term financing on the Property. Subsequent to the purchase date and during October 2004, the Company obtained long-term mortgage financing on the Property with Wachovia Bank, N.A., in the principal amount of \$64.8 million at an interest rate of 5.23%. In connection with an interest rate hedge on this financing, the Company incurred a hedge loss of \$2.375 million. Inclusive of the hedge loss, the Company s effective interest rate on the financing is 5.83%. The mortgage loan with Wachovia Bank, N.A. requires monthly payment of interest, monthly principal payments beginning January 2008, with a maturity date of November 2014.
- (c) Adjustment required for the historical rental revenues and operating expenses for the Property. Operating expenses include management costs and fees calculated using the historical management costs of the Property. Rental income is recognized on a straight-line basis.
- (d) Adjustment required to reflect depreciation on the Property, based on the total allocated cost of the acquisition to depreciable assets. For GAAP purposes, the Company depreciates the Property using the straight-line method with an estimated useful life of 40 years. As discussed in Note 2(a), the Company has not finalized the allocation of the purchase price. Any change to the allocation may result in changes to depreciation. The adjustment also reflects the reclassification of historical depreciation expense associated with corporate equipment and fixtures.

Adjustment required to reflect interest expense on the long-term financing that the Company put in place during October 2004, including the impact of the interest rate hedge related to the long-term financing, and the amortization of deferred financing costs using the constant interest method.
