"If the company, within 12 months of the end of the Plan Period (including any early termination of the Plan Period under the procedures described in paragraph (g)), is again determined to be below continued listing standards, the Exchange staff will examine the relationship between the two incidents of falling below continued listing standards and re-evaluate the company's method of financial recovery from the first incident. Previously, on May 3, 2005, the Company had announced that it was subject to delisting because of its shareholders' equity of less than \$4,000,000, losses from continuing operations, and/or net losses in three out of its four most recent fiscal years. In order to maintain its AMEX listing, the Company submitted a recovery plan on June 3, 2005, advising the AMEX of actions it had taken or would take to bring the Company into compliance with the continued listing standards within a maximum of 18 months. On June 28, 2005, the AMEX approved the Company's recovery plan and allowed uninterrupted trading of the Company's common stock
