## FORWARD-LOOKING STATEMENTS

This report contains information that may constitute “forward-looking statements.” Generally, the words “believe,” “expect,” “intend,” “estimate,” “anticipate,” “project,” “will” and similar expressions identify forward-looking statements, which general are not historical in nature. However, the absence of these words or similar expressions does not mean that a statement is not forward-looking. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future—including statements relating to volume growth, share of sales and earnings per share growth, and statements expressing general views about future operating results—are forward-looking statements. Management believes that these forward-looking statements are reasonable as and when made. However, caution should be taken not to place undue reliance on any such forward-looking statements because such statements speak only as of the date when made. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from our historical experience and our present expectations or projections. These risks and uncertainties include, but are not limited to, those described in Part II, “Item 1A. Risk Factors” and elsewhere in this report and in our Annual Report on Form 10-K for the year ended June 30, 2017, and those described from time to time in our future reports filed with the Securities and Exchange Commission.

CONSOLIDATED SCHEDULES OF INVESTMENTS (CONTINUED)  
(in thousands, except share data)

Endnote Explanations as of December 31, 2017 (Unaudited) and June 30, 2017

- The terms “Prospect,” “we,” “us” and “our” mean Prospect Capital Corporation and its subsidiaries unless the context specifically requires otherwise. The securities in which Prospect has invested were acquired in transactions that
- (1) were exempt from registration under the Securities Act of 1933, as amended (the “Securities Act”). These securities may be resold only in transactions that are exempt from registration under the Securities Act.  
Fair value is determined by or under the direction of our Board of Directors. As of December 31, 2017 and
  - (2) June 30, 2017, all of our investments were classified as Level 3. ASC 820 classifies such unobservable inputs used to measure fair value as Level 3 within the valuation hierarchy. See Notes 2 and 3 within the accompanying notes to consolidated financial statements for further discussion.
  - (3) Security, or a portion thereof, is held by Prospect Capital Funding LLC (“PCF”), our wholly-owned subsidiary and a bankruptcy remote special purpose entity, and is pledged as collateral for the Revolving Credit Facility and such security is not available as collateral to our general creditors (see Note 4). The fair values of the investments held by PCF at December 31, 2017 and June 30, 2017 were \$1,217,565 and \$1,513,413, respectively, representing 22.5% and 25.9% of our total investments, respectively.
  - (4) In addition to the stated returns, the net profits interest held will be realized upon sale of the borrower or a sale of the interests.  
This investment is in the equity class of the collateralized loan obligation (“CLO”) security. The CLO equity investments are entitled to recurring distributions which are generally equal to the excess cash flow generated from the underlying investments after payment of the contractual payments to debt holders and fund expenses. The
  - (5) current estimated yield, calculated using amortized cost, is based on the current projections of this excess cash flow taking into account assumptions which have been made regarding expected prepayments, losses and future reinvestment rates. These assumptions are periodically reviewed and adjusted. Ultimately, the actual yield may be higher or lower than the estimated yield if actual results differ from those used for the assumptions.
  - (6) Co-investment with another fund managed by an affiliate of our investment adviser, Prospect Capital Management L.P. See Note 13 for further discussion.
  - (7) Engine Group. Inc., Clearstream.TV. Inc., and ORC International, Inc., are joint borrowers on the senior secured and the second lien term loans.
  - (8) Syndicated investment which was originated by a financial institution and broadly distributed.
  - (9) Autodata, Inc. and Autodata Solutions, Inc. are joint borrowers.
  - (10) Security, or a portion thereof, has a floating interest rate which may be subject to a LIBOR or PRIME floor. The interest rate was in effect at December 31, 2017 and June 30, 2017.  
The interest rate on these investments is subject to the base rate of 3-Month LIBOR, which was 1.69% and 1.30%
  - (11) at December 31, 2017 and June 30, 2017, respectively. The current base rate for each investment may be different from the reference rate on December 31, 2017 and June 30, 2017.  
The interest rate on these investments is subject to the base rate of 2-Month LIBOR, which was 1.62% and 1.25%
  - (12) at December 31, 2017 and June 30, 2017, respectively. The current base rate for each investment may be different from the reference rate on December 31, 2017 and June 30, 2017.  
The interest rate on these investments is subject to the base rate of 1-Month LIBOR, which was 1.56% and 1.23%
  - (13) at December 31, 2017 and June 30, 2017, respectively. The current base rate for each investment may be different from the reference rate on December 31, 2017 and June 30, 2017.
  - (14) Investment has been designated as an investment not “qualifying” under Section 55(a) of the Investment Company Act of 1940 (the “1940 Act”). Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. As of December 31, 2017 and June 30, 2017, our qualifying assets as a percentage of total assets, stood at 72.16% and 71.75%, respectively. We monitor the status of these assets on an ongoing basis.
  - (15)

Undrawn committed revolvers and delayed draw term loans to our portfolio companies incur commitment and unused fees ranging from 0.00% to 4.00%. As of December 31, 2017 and June 30, 2017, we had \$20,017 and \$22,925, respectively, of undrawn revolver and delayed draw term loan commitments to our portfolio companies.

(16) Represents non-income producing security that has not paid a dividend in the year preceding the reporting date.

See notes to consolidated financial statements.

CONSOLIDATED SCHEDULES OF INVESTMENTS (CONTINUED)  
(in thousands, except share data)

Endnote Explanations as of December 31, 2017 (Unaudited) and June 30, 2017 (Continued)

The effective yield has been estimated to be 0% as expected future cash flows are anticipated to not be sufficient to repay the investment at cost. If the expected investment proceeds increase, there is a potential for future (17) investment income from the investment. Distributions, once received, will be recognized as return of capital with any remaining unamortized investment costs written off if the actual distributions are less than the amortized investment cost.

Ellett Brothers, LLC, Evans Sports, Inc., Jerry's Sports, Inc., Simmons Gun Specialties, Inc., Bonitz Brothers, Inc., (18) and Outdoor Sports Headquarters, Inc. are joint borrowers on the second lien term loan. United Sporting Companies, Inc. is a parent guarantor of this debt investment.

CCPI Holdings Inc., a consolidated entity in which we own 100% of the common stock, owns 94.59% of CCPI (19) Inc. ("CCPI"), the operating company, as of December 31, 2017 and June 30, 2017. We report CCPI as a separate controlled company.

CP Holdings of Delaware LLC, a consolidated entity in which we own 100% of the membership interests, owns 82.3% of CP Energy Services Inc. ("CP Energy") as of December 31, 2017 and June 30, 2017. CP Energy owns (20) directly or indirectly 100% of each of CP Well Testing, LLC; Wright Foster Disposals, LLC; Foster Testing Co., Inc.; ProHaul Transports, LLC; and Wright Trucking, Inc. We report CP Energy as a separate controlled company. Effective December 31, 2014, CP Energy underwent a corporate reorganization in order to consolidate certain of its wholly-owned subsidiaries. On October 30, 2015, we restructured our investment in CP Energy.

Concurrent with the restructuring, we exchanged our \$86,965 senior secured loan and \$15,924 subordinated loan for Series B Convertible Preferred Stock in CP Energy. On October 1, 2017 we restructured our investment in CP Energy. Concurrent with the restructuring, we exchanged \$35,048 of Series B Convertible Preferred Stock for \$35,048 of senior secured debt.

Credit Central Holdings of Delaware, LLC, a consolidated entity in which we own 100% of the membership interests, owns 98.26% and 74.93% of Credit Central Loan Company, LLC (f/k/a Credit Central Holdings, LLC ("Credit Central")) as of December 31, 2017 and June 30, 2017, respectively. Credit Central owns 100% of each of (21) Credit Central, LLC; Credit Central South, LLC; Credit Central of Texas, LLC; and Credit Central of Tennessee, LLC, the operating companies. We report Credit Central as a separate controlled company. On September 28, 2016, we made an additional \$12,523 second lien debt and \$2,098 equity investment in Credit Central, increasing its ownership to 99.91%.

Prospect owns 37.1% of the equity of Edmentum Ultimate Holdings, LLC as of December 31, 2017 and June 30, (22) 2017.

First Tower Holdings of Delaware LLC, a consolidated entity in which we own 100% of the membership interests, owns 80.1% of First Tower Finance Company LLC ("First Tower Finance"), which owns 100% of (23) First Tower, LLC, the operating company as of December 31, 2017 and June 30, 2017. We report First Tower Finance as a separate controlled company.

Energy Solutions Holdings Inc., a consolidated entity in which we own 100% of the equity, owns 100% of Freedom Marine Solutions, LLC ("Freedom Marine"), which owns Vessel Company, LLC, Vessel Company II, (24) LLC and Vessel Company III, LLC. We report Freedom Marine as a separate controlled company. On October 30, 2015, we restructured our investment in Freedom Marine. Concurrent with the restructuring, we exchanged our \$32,500 senior secured loans for additional membership interest in Freedom Marine.

MITY Holdings of Delaware Inc. ("MITY Delaware"), a consolidated entity in which we own 100% of the common stock, owns 95.48% and 95.83% of the equity of MITY, Inc. (f/k/a MITY Enterprises, Inc.) ("MITY"), as of December 31, 2017 and June 30, 2017, respectively. MITY owns 100% of each of MITY-Lite, Inc. ("Mity-Lite"); Broda Enterprises USA, Inc.; and Broda Enterprises ULC ("Broda Canada"). We report MITY as a separate controlled company. MITY Delaware has a subordinated unsecured note issued and outstanding to Broda

Canada that is denominated in Canadian Dollars (“CAD”). As of December 31, 2017 and June 30, 2017, the principal balance of this note was CAD 7,371. In accordance with ASC 830, Foreign Currency Matters (“ASC 830”), the principal and fair value of this note was remeasured into our functional currency, US Dollars (USD), and is presented on our Consolidated Schedule of Investments in USD. We formed a separate legal entity domiciled in the United States, MITY FSC, Inc., (“MITY FSC”) in which Prospect owns 96.88% of the equity, and MITY-Lite management owns the remaining portion. MITY FSC does not have material operations. This entity earns commission payments from MITY-Lite based on its sales to foreign customers, and distribute it to its shareholders based on pro-rata ownership. During the three months ended December 31, 2017, we received \$211 of such commission, which we recognized as other income. On January 17, 2017, we invested an additional \$8,000 of Senior Secured Term Loan A and \$8,000 of Senior Secured Term Loan B debt investments in MITY, to fund an acquisition.

NPH Property Holdings, LLC, a consolidated entity in which we own 100% of the membership interests, owns 100% of the common equity of National Property REIT Corp. (“NPRC”) (f/k/a National Property Holdings Corp.), (26) a property REIT which holds investments in several real estate properties. Additionally, NPRC invests in online consumer loans through ACL Loan Holdings, Inc. (“ACLLH”) and American Consumer Lending Limited (“ACLL”), its wholly-owned subsidiaries. We report NPRC

as a separate controlled company. See Note 3 for further discussion of the properties held by NPRC. On August 1, 2016, we made an investment into ACLL, under the ACLL credit agreement, for senior secured term loans, Term Loan C, with the same terms as the existing ACLLH Term Loan C due to us. On January 1, 2017, we restructured our investment in NPRC and exchanged \$55,000 of Senior Secured Term Loan E for common stock.

Nationwide Acceptance Holdings LLC, a consolidated entity in which we own 100% of the membership interests, owns 94.48% and 93.79% of Nationwide Loan Company LLC (f/k/a Nationwide Acceptance LLC), the operating company, as of December 31, 2017 and June 30, 2017, respectively. We report Nationwide Loan Company LLC as a separate controlled company. On June 1, 2015, Nationwide Acceptance LLC completed a reorganization and (27) was renamed Nationwide Loan Company LLC (“Nationwide”) and formed two new wholly-owned subsidiaries: Pelican Loan Company LLC (“Pelican”) and Nationwide Consumer Loans LLC. Nationwide assigned 100% of the equity interests in its other subsidiaries to Pelican which, in turn, assigned these interests to a new operating company wholly-owned by Pelican named Nationwide Acceptance LLC (“New Nationwide”). New Nationwide also assumed the existing senior subordinated term loan due to Prospect.

NMMB Holdings, a consolidated entity in which we own 100% of the equity, owns 96.33% of the fully diluted equity of NMMB, Inc. (“NMMB”) as of December 31, 2017 and June 30, 2017. NMMB owns 100% of Refuel (28) Agency, Inc., which owns 100% of Armed Forces Communications, Inc. We report NMMB as a separate controlled company.

On June 3, 2017, Gulf Coast Machine & Supply Company (“Gulf Coast”) sold all of its assets to a third party, for total consideration of \$10,250, including escrowed amounts. The proceeds from the sale were primarily used to repay a \$6,115 third party revolving credit facility, and the remainder was used to pay other legal and (29) administrative costs incurred by Gulf Coast. As no proceeds were allocated to Prospect our debt and equity investment in Gulfco was written-off and we recorded a realized loss of \$66,103. Gulf Coast holds \$2,050 in escrow related to the sale, which will be distributed to Prospect once released to Gulf Coast, and will be recognized as a realized gain if and when it is received. On June 28, 2017, Gulf Coast was renamed to SB Forging Company II, Inc.

(30) Prospect owns 99.96% of the equity of USES Corp. as of December 31, 2017 and June 30, 2017.

Valley Electric Holdings I, Inc., a consolidated entity in which we own 100% of the common stock, owns 100% of Valley Electric Holdings II, Inc. (“Valley Holdings II”), another consolidated entity. Valley Holdings II owns (31) 94.99% of Valley Electric Company, Inc. (“Valley Electric”). Valley Electric owns 100% of the equity of VE Company, Inc., which owns 100% of the equity of Valley Electric Co. of Mt. Vernon, Inc. We report Valley Electric as a separate controlled company.

On March 14, 2017, assets previously held by Ark-La-Tex Wireline Services, LLC (“Ark-La-Tex”) were assigned to Wolf Energy Services Company, LLC, a new wholly-owned subsidiary of Wolf Energy Holdings, in exchange for a full reduction of Ark-La-Tex’s Senior Secured Term Loan A and a partial reduction of the Senior Secured Term Loan B cost basis, in total equal to \$22,145. The cost basis of the transferred assets is equal to the appraised (32) fair value of assets at the time of transfer. During the three months ended June 30, 2017, Ark-La-Tex Term Loan B was written-off and a loss of \$19,818 was realized. On June 30, 2017, the 18.00% Senior Secured Promissory Note, due April 15, 2018, in Wolf Energy, LLC was contributed to equity of Wolf Energy LLC. There was no impact from the transaction due to the note being on non-accrual status and having zero cost basis.

Prospect owns 16.04% and 12.63% of the equity in Targus Cayman HoldCo Limited, the parent company of Targus International LLC (“Targus”) as of December 31, 2017 and June 30, 2017, respectively. On September 25, (33) 2017, Prospect exchanged \$1,600 of Senior Secured Term Loan A and \$4,799 of Senior Secured Term Loan B investments in Targus into 6,120,658 of common shares, and recorded a realized gain of \$846, as a result of this transaction.

- (34) As of December 31, 2017 and June 30, 2017, we own 99.9999% of AGC/PEP, LLC (“AGC/PEP”). As of 9/30/16, AGC/PEP, owned 2,038 out of a total of 93,485 shares (including 7,456 vested and unvested management options) of American Gilsonite Holding Company (“AGC Holdco”) which owns 100% of American Gilsonite Company (“AGC”). On October 24, 2016, AGC filed for a joint prepackaged plan of reorganization under Chapter 11 of the bankruptcy code. As of June 30, 2017, AGC has emerged from bankruptcy and AGC Holdco was dissolved. AGC/PEP received a total of 131 shares in AGC, representing a total ownership stake of 0.05% in AGC.
- (35) Centerfield Media Holding Company and Oology Direct Holdings, Inc. are joint borrowers and guarantors on the senior secured loan facilities.
- (36) Keystone Acquisition Corp. is the parent borrower on the second lien term loan. Other joint borrowers on this debt investment include Keystone Peer Review Organization, Inc., KEPRO Acquisitions, Inc., APS Healthcare Bethesda, Inc., Ohio KEPRO, Inc. and APS Healthcare Quality Review, Inc.

See notes to consolidated financial statements.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(in thousands, except share and per share data)

Note 1. Organization

In this report, the terms “Prospect,” “we,” “us” and “our” mean Prospect Capital Corporation and its subsidiaries unless the context specifically requires otherwise.

Prospect is a financial services company that primarily lends to and invests in middle market privately-held companies. We are a closed-end investment company incorporated in Maryland. We have elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940 (the “1940 Act”). As a BDC, we have elected to be treated as a regulated investment company (“RIC”), under Subchapter M of the Internal Revenue Code of 1986 (the “Code”). We were organized on April 13, 2004 and were funded in an initial public offering completed on July 27, 2004.

On May 15, 2007, we formed a wholly-owned subsidiary Prospect Capital Funding LLC (“PCF”), a Delaware limited liability company and a bankruptcy remote special purpose entity, which holds certain of our portfolio loan investments that are used as collateral for the revolving credit facility at PCF. Our wholly-owned subsidiary Prospect Small Business Lending, LLC (“PSBL”) was formed on January 27, 2014 and purchases small business whole loans on a recurring basis from online small business loan originators, including On Deck Capital, Inc. (“OnDeck”). On September 30, 2014, we formed a wholly-owned subsidiary Prospect Yield Corporation, LLC (“PYC”) and effective October 23, 2014, PYC holds our investments in collateralized loan obligations (“CLOs”). Each of these subsidiaries have been consolidated since operations commenced.

We consolidate certain of our wholly-owned and substantially wholly-owned holding companies formed by us in order to facilitate our investment strategy. The following companies are included in our consolidated financial statements: APH Property Holdings, LLC (“APH”); Arctic Oilfield Equipment USA, Inc.; CCPI Holdings Inc.; CP Holdings of Delaware LLC; Credit Central Holdings of Delaware, LLC; Energy Solutions Holdings Inc.; First Tower Holdings of Delaware LLC; Harbortouch Holdings of Delaware Inc.; MITY Holdings of Delaware Inc.; Nationwide Acceptance Holdings LLC; NMMB Holdings, Inc.; NPH Property Holdings, LLC (“NPH”); STI Holding, Inc.; UPH Property Holdings, LLC (“UPH”); Valley Electric Holdings I, Inc.; Valley Electric Holdings II, Inc.; and Wolf Energy Holdings Inc. (“Wolf Energy Holdings”). On October 10, 2014, concurrent with the sale of the operating company, our ownership increased to 100% of the outstanding equity of ARRM Services, Inc. (“ARRM”) which was renamed SB Forging Company, Inc. (“SB Forging”). As such, we began consolidating SB Forging on October 11, 2014. Effective May 23, 2016, in connection with the merger of American Property REIT Corp. (“APRC”) and United Property REIT Corp. (“UPRC”) with and into National Property REIT Corp. (“NPRC”), APH and UPH merged with and into NPH, and were dissolved. We collectively refer to these entities as the “Consolidated Holding Companies.”

We are externally managed by our investment adviser, Prospect Capital Management L.P. (“Prospect Capital Management” or the “Investment Adviser”). Prospect Administration LLC (“Prospect Administration” or the “Administrator”), a wholly-owned subsidiary of the Investment Adviser, provides administrative services and facilities necessary for us to operate.

Our investment objective is to generate both current income and long-term capital appreciation through debt and equity investments. We invest primarily in senior and subordinated debt and equity of private companies in need of capital for acquisitions, divestitures, growth, development, recapitalizations and other purposes. We work with the management teams or financial sponsors to identify investments with historical cash flows, asset collateral or contracted pro-forma cash flows for investment.

Note 2. Significant Accounting Policies

Basis of Presentation and Consolidation

The accompanying consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles (“GAAP”) pursuant to the requirements for reporting on Form 10-Q, ASC 946, Financial Services—Investment Companies (“ASC 946”), and Articles 6, 10 and 12 of Regulation S-X. Under the 1940 Act, ASC

946, and the regulations pursuant to Article 6 of Regulation S-X, we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services to benefit us. Our consolidated financial statements include the accounts of Prospect, PCF, PSBL, PYC, and the Consolidated Holding Companies. All intercompany balances and transactions have been eliminated in consolidation. The financial results of our non-substantially wholly-owned holding companies and operating portfolio company investments are not consolidated in the financial statements. Any operating companies owned by the Consolidated Holding Companies are not consolidated.

## Reclassifications

Certain reclassifications have been made in the presentation of prior consolidated financial statements and accompanying notes to conform to the presentation as of and for the three and six months ended December 31, 2017.

### Use of Estimates

The preparation of the consolidated financial statements in accordance with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of income, expenses, and gains and losses during the reported period. Changes in the economic environment, financial markets, creditworthiness of the issuers of our investment portfolio and any other parameters used in determining these estimates could cause actual results to differ, and these differences could be material.

### Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. As required by the 1940 Act, we classify our investments by level of control. As defined in the 1940 Act, “Control Investments” are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of more than 25% of the voting securities of an investee company. Under the 1940 Act, “Affiliate Investments” are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person. “Non-Control/Non-Affiliate Investments” are those that are neither Control Investments nor Affiliate Investments.

As a BDC, we must not acquire any assets other than “qualifying assets” specified in the 1940 Act unless, at the time the acquisition is made, at least 70% of our total assets are qualifying assets (with certain limited exceptions). As of December 31, 2017 and June 30, 2017, our qualifying assets as a percentage of total assets, stood at 72.16% and 71.75%, respectively.

### Investment Transactions

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. In accordance with ASC 325-40, Beneficial Interest in Securitized Financial Assets, investments in CLOs are periodically assessed for other-than-temporary impairment (“OTTI”). When the Company determines that a CLO has OTTI, the amortized cost basis of the CLO is written down to its fair value as of the date of the determination based on events and information evaluated and that write-down is recognized as a realized loss. Amounts for investments traded but not yet settled are reported in Due to Broker or Due from Broker, in the Consolidated Statements of Assets and Liabilities.

### Foreign Currency

Foreign currency amounts are translated into US Dollars (USD) on the following basis:

- i. fair value of investment securities, other assets and liabilities—at the spot exchange rate on the last business day of the period; and
- ii. purchases and sales of investment securities, income and expenses—at the rates of exchange prevailing on the respective dates of such investment transactions, income or expenses.

We do not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in fair values of investments held or disposed of during the period. Such fluctuations are included within the net realized and net change in unrealized gains or losses from investments in the Consolidated Statements of Operations.

### Investment Risks

Our investments are subject to a variety of risks. Those risks include the following:

#### Market Risk

Market risk represents the potential loss that can be caused by a change in the fair value of the financial instrument.

#### Credit Risk

Credit risk represents the risk that we would incur if the counterparties failed to perform pursuant to the terms of their agreements with us.

#### Liquidity Risk

Liquidity risk represents the possibility that we may not be able to rapidly adjust the size of our investment positions in times of high volatility and financial stress at a reasonable price.

#### Interest Rate Risk

Interest rate risk represents a change in interest rates, which could result in an adverse change in the fair value of an interest-bearing financial instrument.

#### Prepayment Risk

Many of our debt investments allow for prepayment of principal without penalty. Downward changes in interest rates may cause prepayments to occur at a faster than expected rate, thereby effectively shortening the maturity of the security and making us less likely to fully earn all of the expected income of that security and reinvesting in a lower yielding instrument.

#### Structured Credit Related Risk

CLO investments may be riskier and less transparent to us than direct investments in underlying companies. CLOs typically will have no significant assets other than their underlying senior secured loans. Therefore, payments on CLO investments are and will be payable solely from the cash flows from such senior secured loans.

#### Online Small-and-Medium-Sized Business Lending Risk

With respect to our online small-and-medium-sized business (“SME”) lending initiative, we invest primarily in marketplace loans through marketplace lending facilitators. We do not conduct loan origination activities ourselves. Therefore, our ability to purchase SME loans, and our ability to grow our portfolio of SME loans, is directly influenced by the business performance and competitiveness of the marketplace loan origination business of the marketplace lending facilitators from which we purchase SME loans. In addition, our ability to analyze the risk-return profile of SME loans is significantly dependent on the marketplace facilitators’ ability to effectively evaluate a borrower’s credit profile and likelihood of default. If we are unable to effectively evaluate borrowers’ credit profiles or the credit decisioning and scoring models implemented by each facilitator, we may incur unanticipated losses which could adversely impact our operating results.

#### Foreign Currency

Investments denominated in foreign currencies and foreign currency transactions may involve certain considerations and risks not typically associated with those of domestic origin. These risks include, but are not limited to, currency fluctuations and revaluations and future adverse political, social and economic developments, which could cause investments in foreign markets to be less liquid and prices more volatile than those of comparable U.S. companies or U.S. government securities.

#### Investment Valuation

To value our investments, we follow the guidance of ASC 820, Fair Value Measurement (“ASC 820”), that defines fair value, establishes a framework for measuring fair value in conformity with accounting principles generally accepted in the United States of America (“GAAP”), and requires disclosures about fair value measurements. In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by us at the measurement date.

Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.

Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below.

1. Each portfolio company or investment is reviewed by our investment professionals with independent valuation firms engaged by our Board of Directors.
2. The independent valuation firms prepare independent valuations for each investment based on their own independent assessments and issue their report.
3. The Audit Committee of our Board of Directors reviews and discusses with the independent valuation firms the valuation reports, and then makes a recommendation to the Board of Directors of the value for each investment. The Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of the Investment Adviser, the respective independent valuation firm and the Audit Committee.

Our non-CLO investments are valued utilizing a yield technique, enterprise value (“EV”) technique, net asset value technique, liquidation technique, discounted cash flow technique, or a combination of techniques, as appropriate. The yield technique uses loan spreads for loans and other relevant information implied by market data involving identical or comparable assets or liabilities. Under the EV technique, the EV of a portfolio company is first determined and allocated over the portfolio company’s securities in order of their preference relative to one another (i.e., “waterfall” allocation). To determine the EV, we typically use a market (multiples) valuation approach that considers relevant and applicable market trading data of guideline public companies, transaction metrics from precedent merger and acquisitions transactions, and/or a discounted cash flow technique. The net asset value technique, an income approach, is used to derive a value of an underlying investment (such as real estate property) by dividing a relevant earnings stream by an appropriate capitalization rate. For this purpose, we consider capitalization rates for similar properties as may be obtained from guideline public companies and/or relevant transactions. The liquidation technique is intended to approximate the net recovery value of an investment based on, among other things, assumptions regarding liquidation proceeds based on a hypothetical liquidation of a portfolio company’s assets. The discounted cash flow technique converts future cash flows or earnings to a range of fair values from which a single estimate may be derived utilizing an appropriate discount rate. The fair value measurement is based on the net present value indicated by current market expectations about those future amounts.

In applying these methodologies, additional factors that we consider in valuing our investments may include, as we deem relevant: security covenants, call protection provisions, and information rights; the nature and realizable value of any collateral; the portfolio company’s ability to make payments; the principal markets in which the portfolio company does business; publicly available financial ratios of peer companies; the principal market; and enterprise values, among other factors.

Our investments in CLOs are classified as Level 3 fair value measured securities under ASC 820 and are valued using both a discounted single-path cash flow model and a discounted multi-path cash flow model. The CLO structures are analyzed to identify the risk exposures and to determine an appropriate call date (i.e., expected maturity). These risk factors are sensitized in the multi-path cash flow model using Monte Carlo simulations, which is a simulation used to model the probability of different outcomes, to generate probability-weighted (i.e., multi-path) cash flows from the underlying assets and liabilities. These cash flows, after payments to debt tranches senior to our equity positions, are discounted using appropriate market discount rates, and relevant data in the CLO market as well as certain benchmark credit indices are considered, to determine the value of each CLO investment. In addition, we generate a single-path cash flow utilizing our best estimate of expected cash receipts, and assess the reasonableness of the implied discount rate that would be effective for the value derived from the multi-path cash flows. We are not responsible for and have

no influence over the asset management of the portfolios underlying the CLO investments we hold, as those portfolios are managed by non-affiliated third party CLO collateral managers. The main risk factors are default risk, prepayment risk, interest rate risk, downgrade risk, and credit spread risk.

#### Valuation of Other Financial Assets and Financial Liabilities

ASC 825, Financial Instruments, specifically ASC 825-10-25, permits an entity to choose, at specified election dates, to measure eligible items at fair value (the “Fair Value Option”). We have not elected the Fair Value Option to report selected financial assets and financial liabilities. See Note 8 for the disclosure of the fair value of our outstanding debt and the market observable inputs used in determining fair value.

#### Convertible Notes

We have recorded the Convertible Notes at their contractual amounts. We have determined that the embedded conversion options in the Convertible Unsecured Notes are not required to be separately accounted for as a derivative under ASC 815, Derivatives and Hedging. See Note 5 for further discussion.

#### Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Loan origination fees, original issue discount, and market discounts are capitalized and accreted into interest income over the respective terms of the applicable loans using the effective interest method or straight-line, as applicable, and adjusted only for material amendments or prepayments. Upon a prepayment of a loan, prepayment premiums, original issue discount, or market discounts are recorded as interest income.

Loans are placed on non-accrual status when there is reasonable doubt that principal or interest will be collected.

Unpaid accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans are either applied to the cost basis or interest income, depending upon management’s judgment of the collectibility of the loan receivable. Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management’s judgment, is likely to remain current and future principal and interest collections when due are probable. Interest received and applied against cost while a loan is on non-accrual, and PIK interest capitalized but not recognized while on non-accrual, is recognized prospectively on the effective yield basis through maturity of the loan when placed back on accrual status, to the extent deemed collectible by management. As of December 31, 2017, approximately 1.2% of our total assets at fair value are in non-accrual status.

Some of our loans and other investments may have contractual payment-in-kind (“PIK”) interest or dividends. PIK income computed at the contractual rate is accrued into income and reflected as receivable up to the capitalization date. PIK investments offer issuers the option at each payment date of making payments in cash or in additional securities. When additional securities are received, they typically have the same terms, including maturity dates and interest rates as the original securities issued. On these payment dates, we capitalize the accrued interest (reflecting such amounts in the basis as additional securities received). PIK generally becomes due at maturity of the investment or upon the investment being called by the issuer. At the point that we believe PIK is not fully expected to be realized, the PIK investment will be placed on non-accrual status. When a PIK investment is placed on non-accrual status, the accrued, uncapitalized interest or dividends are reversed from the related receivable through interest or dividend income, respectively. We do not reverse previously capitalized PIK interest or dividends. Upon capitalization, PIK is subject to the fair value estimates associated with their related investments. PIK investments on non-accrual status are restored to accrual status if we believe that PIK is expected to be realized.

Interest income from investments in the “equity” class of security of CLO funds (typically preferred shares, income notes or subordinated notes) and “equity” class of security of securitized trust is recorded based upon an estimation of an effective yield to expected maturity utilizing assumed cash flows in accordance with ASC 325-40, Beneficial Interests in Securitized Financial Assets. We monitor the expected cash inflows from our CLO and securitized trust equity investments, including the expected residual payments, and the effective yield is determined and updated periodically.

Dividend income is recorded on the ex-dividend date.

Other income generally includes amendment fees, commitment fees, administrative agent fees and structuring fees which are recorded when earned. Excess deal deposits, net profits interests and overriding royalty interests are included in other income. See Note 10 for further discussion.

#### Federal and State Income Taxes

We have elected to be treated as a RIC and intend to continue to comply with the requirements of the Code applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable

income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gain to stockholders;

therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book and tax differences are reclassified to paid-in capital.

If we do not distribute (or are not deemed to have distributed) at least 98% of our annual ordinary income and 98.2% of our capital gains in the calendar year earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual ordinary income and 98.2% of our capital gains exceed the distributions from such taxable income for the year. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such taxable income, we accrue excise taxes, if any, on estimated excess taxable income. As of December 31, 2017, we do not expect to have any excise tax due for the 2017 calendar year. Thus, we have not accrued any excise tax for this period.

If we fail to satisfy the annual distribution requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate income tax rates. We would not be able to deduct distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to qualified dividend income to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of five years.

We follow ASC 740, Income Taxes (“ASC 740”). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the consolidated financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. As of December 31, 2017 and for the three and six months then ended, we did not record any unrecognized tax benefits or liabilities. Management’s determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof. Although we file both federal and state income tax returns, our major tax jurisdiction is federal. Our federal tax returns for the tax years ended August 31, 2014 and thereafter remain subject to examination by the Internal Revenue Service.

#### Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a monthly dividend or distribution is approved by our Board of Directors quarterly and is generally based upon our management’s estimate of our future taxable earnings. Net realized capital gains, if any, are distributed at least annually.

#### Financing Costs

We record origination expenses related to our Revolving Credit Facility, and Convertible Notes, Public Notes and Prospect Capital InterNotes® (collectively, our “Unsecured Notes”) as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method over the stated life of the obligation for our Revolving Credit Facility. The same methodology is used to approximate the effective yield method for our Prospect Capital InterNotes® and our at-the-market offering of our existing unsecured notes that mature on June 15, 2024 (“2024 Notes Follow-on Program”). The effective interest method is used to amortize deferred financing costs for our remaining Unsecured Notes over the respective expected life or maturity. In the event that we modify or extinguish our debt before maturity, we follow the guidance in ASC 470-50, Modification and Extinguishments (“ASC

470-50”). For modifications to or exchanges of our Revolving Credit Facility, any unamortized deferred costs relating to lenders who are not part of the new lending group are expensed. For extinguishments of our Unsecured Notes, any unamortized deferred costs are deducted from the carrying amount of the debt in determining the gain or loss from the extinguishment.

Unamortized deferred financing costs are presented as a direct deduction to the respective Unsecured Notes (see Notes 5, 6, and 7).

We may record registration expenses related to shelf filings as prepaid expenses. These expenses consist principally of the Securities and Exchange Commission (“SEC”) registration fees, legal fees and accounting fees incurred. These prepaid expenses are charged to capital upon the receipt of proceeds from an equity offering or charged to expense if no offering is completed. As of December 31, 2017 and June 30, 2017, there are no prepaid expenses related to registration expenses and all amounts incurred have been expensed.

#### Guarantees and Indemnification Agreements

We follow ASC 460, Guarantees (“ASC 460”). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual consolidated financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

#### Per Share Information

Net increase or decrease in net assets resulting from operations per share is calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, convertible securities are not considered in the calculation of net asset value per share.

#### Recent Accounting Pronouncements

In June 2016, the FASB issued ASU 2016-13, Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments (“ASU 2016-13”), which amends the financial instruments impairment guidance so that an entity is required to measure expected credit losses for financial assets based on historical experience, current conditions and reasonable and supportable forecasts. As such, an entity will use forward-looking information to estimate credit losses. ASU 2016-13 also amends the guidance in FASB ASC Subtopic No. 325-40, Investments-Other, Beneficial Interests in Securitized Financial Assets, related to the subsequent measurement of accretable yield recognized as interest income over the life of a beneficial interest in securitized financial assets under the effective yield method. ASU 2016-13 is effective for financial statements issued for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Early adoption is permitted as of the fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are currently evaluating the impact, if any, of adopting this ASU on our consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments (“ASU 2016-15”), which addresses certain aspects of cash flow statement classification. One such amendment requires cash payments for debt prepayment or debt extinguishment costs to be classified as cash outflows for financing activities. ASU 2016-15 is effective for financial statements issued for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. An entity that elects early adoption must adopt all of the amendments in the same period. The adoption of the amended guidance in ASU 2016-15 is not expected to have a significant effect on our consolidated financial statements and disclosures.

#### Note 3. Portfolio Investments

At December 31, 2017, we had investments in 122 long-term portfolio investments, which had an amortized cost of \$5,562,438 and a fair value of \$5,421,132. At June 30, 2017, we had investments in 121 long-term portfolio investments, which had an amortized cost of \$5,981,556 and a fair value of \$5,838,305.

The original cost basis of debt placement and equity securities acquired, including follow-on investments for existing portfolio companies, payment-in-kind interest, and structuring fees, totaled \$960,888 and \$816,687 during the six months ended December 31, 2017 and December 31, 2016, respectively. Debt repayments and considerations from sales of equity securities of approximately \$1,353,163 and \$759,326 were received during the six months ended December 31, 2017 and December 31, 2016, respectively.

The following table shows the composition of our investment portfolio as of December 31, 2017 and June 30, 2017.

	December 31, 2017		June 30, 2017

In the previous table and throughout the remainder of this footnote, we aggregate our portfolio investments by type of investment, which may differ slightly from the nomenclature used by the constituent instruments defining the rights of holders of the investment, as disclosed on our Consolidated Schedules of Investments (“SOI”). The following investments are included in each category:

• **Revolving Line of Credit** includes our investments in delayed draw term loans.

• **Senior Secured Debt** includes investments listed on the SOI such as senior secured term loans, senior term loans, secured promissory notes, senior demand notes, and first lien term loans.

• **Subordinated Secured Debt** includes investments listed on the SOI such as subordinated secured term loans, subordinated term loans, senior subordinated notes, and second lien term loans.

• **Subordinated Unsecured Debt** includes investments listed on the SOI such as subordinated unsecured notes and senior unsecured notes.

• **Small Business Loans** includes our investments in SME whole loans purchased from OnDeck.

• **CLO Residual Interest** includes our investments in the “equity” security class of CLO funds such as income notes, preference shares, and subordinated notes.

• **Equity**, unless specifically stated otherwise, includes our investments in preferred stock, common stock, membership interests, net profits interests, net operating income interests, net revenue interests, overriding royalty interests, escrows receivable, and warrants.

The following table shows the fair value of our investments disaggregated into the three levels of the ASC 820 valuation hierarchy as of December 31, 2017.

In determining the range of values for debt instruments, except CLOs and debt investments in controlling portfolio companies, management and the independent valuation firm estimated corporate and security credit ratings and identified corresponding yields to maturity for each loan from relevant market data. A discounted cash flow technique was then applied using the appropriate yield to maturity as the discount rate, to determine a range of values. In determining the range of values for debt investments of controlled companies and equity investments, the enterprise value was determined by applying a market approach such as using earnings before income interest, tax, depreciation and amortization ("EBITDA") multiples, net income and/or book value multiples for similar guideline public companies and/or similar recent investment transactions and/or an income approach, such as the discounted cash flow technique. For stressed debt and equity investments, a liquidation analysis was used.

In determining the range of values for our investments in CLOs, the independent valuation firm use both a discounted single-path cash flow model and a discounted multi-path cash flow model. The valuations were accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view as well as to determine an appropriate call date (i.e., expected maturity). These risk factors are sensitized in the multi-path cash flow model using Monte Carlo simulations to generate probability-weighted (i.e., multi-path) cash flows for the underlying assets and liabilities. These cash flows are discounted using appropriate market discount rates, and relevant data in the CLO market and certain benchmark credit indices are considered, to determine the value of each CLO investment. In addition, we generate a single-path cash flow utilizing our best estimate of expected cash receipts, and assess the reasonableness of the implied discount rate that would be effective for the value derived from the corresponding multi-path cash flow model.

Our portfolio consists of residual interests in CLOs, which involve a number of significant risks. CLOs are typically very highly levered (10 - 14 times), and therefore the residual interest tranches that we invest in are subject to a higher degree of risk of total loss. In particular, investors in CLO residual interests indirectly bear risks of the underlying loan investments held by such CLOs. We generally have the right to receive payments only from the CLOs, and generally do not have direct rights against the underlying borrowers or the entity that sponsored the CLOs. While the CLOs we target generally enable the investor to acquire interests in a pool of senior loans without the expenses associated with directly holding the same investments, the prices of indices and securities underlying our CLOs will rise or fall. These prices (and, therefore, the prices of the CLOs) will be influenced by the same types of political and economic events that affect issuers of securities and capital markets generally. The failure by a CLO investment in which we invest to satisfy financial covenants, including with respect to adequate collateralization and/or interest coverage tests, could lead to a reduction in its payments to us. In the event that a CLO fails certain tests, holders of debt senior to us would be entitled to additional payments that would, in turn, reduce the payments we would otherwise be entitled to receive. Separately, we may incur expenses to the extent necessary to seek recovery upon default or to negotiate new terms with a defaulting CLO or any other investment we may make. If any of these occur, it could materially and adversely

affect our operating results and cash flows.

The interests we have acquired in CLOs are generally thinly traded or have only a limited trading market. CLOs are typically privately offered and sold, even in the secondary market. As a result, investments in CLOs may be characterized as illiquid securities. In addition to the general risks associated with investing in debt securities, CLO residual interests carry additional risks, including, but not limited to: (i) the possibility that distributions from collateral securities will not be adequate to make interest or other payments; (ii) the quality of the collateral may decline in value or default; (iii) the investments in CLO tranches will likely

be subordinate to other senior classes of note tranches thereof; and (iv) the complex structure of the security may not be fully understood at the time of investment and may produce disputes with the CLO investment or unexpected investment results. Our net asset value may also decline over time if our principal recovery with respect to CLO residual interests is less than the cost of those investments. Our CLO investments and/or the underlying senior secured loans may prepay more quickly than expected, which could have an adverse impact on our value.

We hold more than a 10% interest in certain foreign corporations that are treated as controlled foreign corporations (“CFC”) for U.S. federal income tax purposes (including our residual interest tranche investments in CLOs). Therefore, we are treated as receiving a deemed distribution (taxable as ordinary income) each year from such foreign corporations in an amount equal to our pro rata share of the corporation’s income for that tax year (including both ordinary earnings and capital gains). We are required to include such deemed distributions from a CFC in our taxable income and we are required to distribute at least 90% of such income to maintain our RIC status, regardless of whether or not the CFC makes an actual distribution during such year.

If we acquire shares in “passive foreign investment companies” (“PFICs”) (including residual interest tranche investments in CLOs that are PFICs), we may be subject to federal income tax on a portion of any “excess distribution” or gain from the disposition of such shares even if such income is distributed as a taxable dividend to our stockholders. Certain elections may be available to mitigate or eliminate such tax on excess distributions, but such elections (if available) will generally require us to recognize our share of the PFICs income for each year regardless of whether we receive any distributions from such PFICs. We must nonetheless distribute such income to maintain our status as a RIC.

Legislation enacted in 2010 imposes a withholding tax of 30% on payments of U.S. source interest and dividends paid after December 31, 2013, or gross proceeds from the disposition of an instrument that produces U.S. source interest or dividends paid after December 31, 2016, to certain non-U.S. entities, including certain non-U.S. financial institutions and investment funds, unless such non-U.S. entity complies with certain reporting requirements regarding its United States account holders and its United States owners. Most CLOs in which we invest will be treated as non-U.S. financial entities for this purpose, and therefore will be required to comply with these reporting requirements to avoid the 30% withholding. If a CLO in which we invest fails to properly comply with these reporting requirements, it could reduce the amounts available to distribute to residual interest and junior debt holders in such CLO vehicle, which could materially and adversely affect our operating results and cash flows.

If we are required to include amounts in income prior to receiving distributions representing such income, we may have to sell some of our investments at times and/or at prices management would not consider advantageous, raise additional debt or equity capital or forgo new investment opportunities for this purpose.

The significant unobservable input used to value our investments based on the yield technique and discounted cash flow technique is the market yield (or applicable discount rate) used to discount the estimated future cash flows expected to be received from the underlying investment, which includes both future principal and interest/dividend payments. Increases or decreases in the market yield (or applicable discount rate) would result in a decrease or increase, respectively, in the fair value measurement. Management and the independent valuation firms consider the following factors when selecting market yields or discount rates: risk of default, rating of the investment and comparable company investments, and call provisions.

The significant unobservable inputs used to value our investments based on the EV analysis may include market multiples of specified financial measures such as EBITDA, net income, or book value of identified guideline public companies, implied valuation multiples from precedent M&A transactions, and/or discount rates applied in a discounted cash flow technique. The independent valuation firm identifies a population of publicly traded companies with similar operations and key attributes to that of the portfolio company. Using valuation and operating metrics of these guideline public companies and/or as implied by relevant precedent transactions, a range of multiples of the latest twelve months EBITDA, or other measure such as net income or book value, is typically calculated. The independent valuation firm utilizes the determined multiples to estimate the portfolio company’s EV generally based

on the latest twelve months EBITDA of the portfolio company (or other meaningful measure). Increases or decreases in the multiple would result in an increase or decrease, respectively, in EV which would result in an increase or decrease in the fair value measurement of the debt of controlled companies and/or equity investment, as applicable. In certain instances, a discounted cash flow analysis may be considered in estimating EV, in which case, discount rates based on a weighted average cost of capital and application of the capital asset pricing model may be utilized.

The significant unobservable input used to value our private REIT investments based on the net asset value analysis is the capitalization rate applied to the earnings measure of the underlying property.

Changes in market yields, discount rates, capitalization rates or EBITDA multiples, each in isolation, may change the fair value measurement of certain of our investments. Generally, an increase in market yields, discount rates or capitalization rates, or a decrease in EBITDA (or other) multiples may result in a decrease in the fair value measurement of certain of our investments.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of our investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that we may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we could realize significantly less than the value at which we have recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the currently assigned valuations.

During the six months ended December 31, 2017, the valuation methodology for Arctic Energy Services, LLC (“Arctic Energy”) changed to remove the liquidation analysis. As a result of the company’s performance and current market conditions, the fair value of our investment in Arctic Energy increased to \$24,158 as of December 31, 2017, a discount of \$36,718 from its amortized cost, compared to the \$43,506 unrealized depreciation recorded at June 30, 2017.

During the six months ended December 31, 2017, the valuation methodology for Spartan Energy Services, Inc. (“Spartan”) changed to remove the waterfall and liquidation analysis and incorporated an income method approach. As a result of the company’s improved performance and current market conditions, the fair value of our investment in Spartan increased to \$28,305 as of December 31, 2017, a premium of \$1,843 from its amortized cost, compared to the \$16,769 unrealized depreciation recorded at June 30, 2017.

During the six months ended December 31, 2017, one of our CLO investments was deemed to have an other-than-temporary impairment. In accordance with ASC 325-40, we recorded a total loss of \$2,495 related to this investment for the amount our amortized cost exceeded fair value as of the respective determination dates.

During the six months ended December 31, 2017, we provided \$52,914 of equity financing to NPRC for the acquisition of real estate properties and \$1,112 of debt and \$7,881 of equity financing to NPRC to fund capital expenditures for existing real estate properties.

During the six months ended December 31, 2017, we provided \$19,233 and \$10,356 of debt and equity financing, respectively, to NPRC and its wholly-owned subsidiaries to support the online consumer loans and online consumer loan backed products. In addition, during the six months ended December 31, 2017, we received partial repayments of \$28,307 of our loans previously outstanding with NPRC and its wholly-owned subsidiaries and \$10,403 as a return of capital on our equity investment in NPRC.

The online consumer loan investments held by certain of NPRC’s wholly-owned subsidiaries are unsecured obligations of individual borrowers that are issued in amounts ranging from \$1 to \$50, with fixed terms ranging from 24 to 84 months. As of December 31, 2017, the outstanding investment in online consumer loans by certain of NPRC’s wholly-owned subsidiaries was comprised of 105,315 individual loans and one securitization equity residual, and had an aggregate fair value of \$629,837. The average outstanding individual loan balance was approximately \$6 and the loans mature on dates ranging from January 1, 2018 to January 3, 2025 with a weighted-average outstanding term of 29 months as of December 31, 2017. Fixed interest rates range from 4.0% to 36.0% with a weighted-average current interest rate of 24.8%. As of December 31, 2017, our investment in NPRC and its wholly-owned subsidiaries relating to online consumer lending had a fair value of \$330,019.

As of December 31, 2017, based on outstanding principal balance, 4.5% of the portfolio was invested in super prime loans (borrowers with a Fair Isaac Corporation (“FICO”) score, of 720 or greater), 14.1% of the portfolio in prime loans (borrowers with a FICO score of 660 to 719) and 81.4% of the portfolio in near prime loans (borrowers with a FICO score of 580 to 659, a portion of which are considered sub-prime).

Prime	90,104	85,268	16.0%

Near Prime\*\* 521,139 483,150 26.9%

\*Weighted by outstanding principal balance of the online consumer loans.

\*\*A portion of these loans are sub-prime borrowers.

As of December 31, 2017, our investment in NPRC and its wholly-owned subsidiaries had an amortized cost of \$843,859 and a fair value of \$1,048,375, including our investment in online consumer lending as discussed above. The fair value of \$718,356 related to NPRC's real estate portfolio was comprised of forty multi-families properties, twelve self-storage units, eight student housing properties and three commercial properties. The following table shows the location, acquisition date, purchase price, and mortgage outstanding due to other parties for each of the properties held by NPRC as of December 31, 2017.

On July 1, 2016, BNN Holdings Corp. was sold. The sale provided net proceeds for our minority position of \$2,365, resulting in a realized gain of \$137. During the three months ended December 31, 2016 we received remaining escrow proceeds, realizing an additional gain of \$50.

On August 17, 2016, we made a \$5,000 investment in BCD Acquisition, Inc. ("Big Tex"). On August 18, 2016, we sold our \$5,000 investment in Big Tex and realized a gain of \$138 on the sale.

On August 19, 2016, we sold our investment in Nathan's Famous, Inc. for net proceeds of \$3,240 and realized a gain of \$240 on the sale.

On September 27, 2016, we received additional bankruptcy proceeds for our previously impaired investment in New Century Transportation, Inc., and recorded a realized gain of \$936, offsetting the previously recognized loss.

On October 18, 2016, we received additional proceeds of \$434 related to the May 31, 2016 sale of Harbortouch Payments, LLC. We realized a gain for the same amount.

On December 27, 2016, we exercised our warrants in R-V Industries, Inc. ("R-V") to purchase additional common stock in R-V. As a result, we realized a gain of \$172 on this transaction.

On September 25, 2017, Prospect exchanged \$1,600 of Senior Secured Term Loan A and \$4,799 of Senior Secured Term Loan B investments in Targus International, LLC into 6,120,658 of common shares of Targus Cayman HoldCo Limited, and recorded a realized gain of \$846, as a result of this transaction.

On December 11, 2017, Primesport, Inc. repaid the \$53,001 Senior Secured Term Loan A and \$71,481 Senior Secured Term Loan B loan receivable to us, for which we agreed to a payment to satisfy the loan less than the par amount and recorded a realized loss of \$3,019, as a result of this transaction.

As of December 31, 2017, \$3,115,072 of our loans to portfolio companies, at fair value, bear interest at floating rates and have LIBOR floors ranging from 0.3% to 4.0%. As of December 31, 2017, \$486,691 of our loans to portfolio companies, at fair value, bear interest at fixed rates ranging from 4.0% to 20.0%. As of June 30, 2017, \$3,488,672 of our loans to portfolio companies, at fair value, bear interest at floating rates and have LIBOR floors ranging from 0.3% to 4.0%. As of June 30, 2017, \$489,007 of our loans to portfolio companies, at fair value, bear interest at fixed rates ranging from 4.0% to 20.0%.

At December 31, 2017, five loan investments were on non-accrual status: Ark-La-Tex Wireline Services, LLC (“Ark-La-Tex”), Edmentum Ultimate Holdings, LLC Unsecured Junior PIK Note, Nixon, Inc. (“Nixon”), United Sporting Companies, Inc. (“USC”), and USES Corp. (“USES”). At June 30, 2017, seven loan investments were on non-accrual status: Ark-La-Tex, Edmentum Ultimate Holdings, LLC Unsecured Junior PIK Note, Nixon, Spartan, USC, USES, and Venio. Cost balances of these loans amounted to \$238,039 and \$286,388 as of December 31, 2017 and June 30, 2017, respectively. The fair value of these loans amounted to \$73,375 and \$154,417 as of December 31, 2017 and June 30, 2017, respectively. The fair values of these investments represent approximately 1.2% and 2.5% of our total assets at fair value as of December 31, 2017 and June 30, 2017, respectively.

Undrawn committed revolvers and delayed draw term loans to our portfolio companies incur commitment and unused fees ranging from 0.00% to 4.00%. As of December 31, 2017 and June 30, 2017, we had \$20,017 and \$22,925, respectively, of undrawn revolver and delayed draw term loan commitments to our portfolio companies. The fair value of our undrawn committed revolvers and delayed draw term loans was zero as of December 31, 2017 and June 30, 2017.

During the six months ended December 31, 2017 and the six months ended December 31, 2016, there were no sales of the senior secured Term Loan A investments. We serve as an agent for these loans and collect a servicing fee from the counterparties on behalf of the Investment Adviser. We receive a credit for these payments as a reduction of base management fee payable by us to the Investment Adviser. See Note 13 for further discussion.

#### Unconsolidated Significant Subsidiaries

Our investments are generally in small and mid-sized companies in a variety of industries. In accordance with Rules 3-09 and 4-08(g) of Regulation S-X, we must determine which of our unconsolidated controlled portfolio companies are considered “significant subsidiaries,” if any. In evaluating these investments, there are three tests utilized to determine if any of our controlled investments are considered significant subsidiaries: the asset test, the income test and the investment test. Rule 3-09 of Regulation S-X requires separate audited financial statements of an unconsolidated subsidiary in an annual report if any of the three tests exceed 20%. Rule 4-08(g) of Regulation S-X requires summarized financial information in an annual report if any of the three tests exceeds 10%, and summarized financial information in a quarterly report if either the investment or income test exceeds 20% pursuant to Rule 10-01(b) of Regulation S-X.

The following table summarizes the results of our analysis for the three tests for the six months ended, December 31, 2017 and year ended June 30, 2017.

	Asset Test		Income Test		Investment Test	
	Greater than 10% but Less than 20%	Greater than 20%	Greater than 10% but Less than 20%	Greater than 20%	Greater than 10% but Less than 20%	Greater than 20%

Income, consisting of interest, dividends, fees, other investment income and realization of gains or losses, can fluctuate upon repayment or sale of an investment or the marking to fair value of an investment in any given year can be highly concentrated among several investments. After performing the income analysis for the six months ended December 31, 2017, as currently promulgated by the SEC, we determined that two of our controlled investments individually generated more than 20% of our income, primarily due to the unrealized gains that were recognized on the investments during the six months ended December 31, 2017. We do not believe that the calculation promulgated by the SEC correctly identifies significant subsidiaries but have included First Tower Finance Company LLC (“First

Tower Finance”) and NPRC as significant subsidiaries. NPRC, an unconsolidated majority-owned portfolio company, was considered a significant subsidiary at the 20% level as of and during the period ended December 31, 2017 and year ended June 30, 2017.

The following tables show summarized financial information for First Tower Finance, which met the 20% income test for the six months ended December 31, 2017:

The SEC has requested comments on the proper mechanics of how the calculations related to Rules 3-09 and 4-08(g) of Regulation S-X should be completed. There is currently diversity in practice for the calculations. We expect that the SEC will clarify the calculation methods in the future.

#### Note 4. Revolving Credit Facility

On August 29, 2014, we renegotiated our previous credit facility and closed an expanded five and a half year revolving credit facility (the “2014 Facility” or the “Revolving Credit Facility”). The lenders have extended commitments of \$885,000 under the 2014 Facility as of December 31, 2017. The 2014 Facility includes an accordion feature which allows commitments to be increased up to \$1,500,000 in the aggregate. The revolving period of the 2014 Facility extends through March 2019, with an additional one year amortization period (with distributions allowed) after the completion of the revolving period. During such one year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the one year amortization period, the remaining balance will become due, if required by the lenders.

The 2014 Facility contains restrictions pertaining to the geographic and industry concentrations of funded loans, maximum size of funded loans, interest rate payment frequency of funded loans, maturity dates of funded loans and minimum equity requirements. The 2014 Facility also contains certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, violation of which could result in the early termination of the 2014 Facility. The 2014 Facility also requires the maintenance of a minimum liquidity requirement. As of December 31, 2017, we were in compliance with the applicable covenants.

Interest on borrowings under the 2014 Facility is one-month LIBOR plus 225 basis points. Additionally, the lenders charge a fee on the unused portion of the 2014 Facility equal to either 50 basis points if at least 35% of the credit facility is drawn or 100 basis points otherwise. The 2014 Facility requires us to pledge assets as collateral in order to borrow under the credit facility.

As of December 31, 2017 and June 30, 2017, we had \$508,851 and \$665,409, respectively, available to us for borrowing under the Revolving Credit Facility, of which nothing was outstanding at either date. As additional eligible investments are transferred to PCF and pledged under the Revolving Credit Facility, PCF will generate additional availability up to the current commitment amount of \$885,000. As of December 31, 2017, the investments, including cash and money market funds, used as collateral for the Revolving Credit Facility had an aggregate fair value of \$1,305,210, which represents 22.1% of our total investments, including cash and money market funds. These assets are held and owned by PCF, a bankruptcy remote special purpose entity, and as such, these investments are not available to our general creditors. The release of any assets from PCF requires the approval of the facility agent. In connection with the origination and amendments of the Revolving Credit Facility, we incurred \$12,405 of new fees and \$3,539 were carried over for continuing participants from the previous facility, all of which are being amortized over the term of the facility in accordance with ASC 470-50. As of December 31, 2017, \$3,394 remains to be amortized and is reflected as deferred financing costs on the Consolidated Statements of Assets and Liabilities. During the three months ended December 31, 2017 and December 31, 2016, we recorded \$3,387 and \$3,066, respectively, of interest costs, unused fees and amortization of financing costs on the Revolving Credit Facility as interest expense. During the six months ended December 31, 2017 and December 31, 2016, we recorded \$6,341 and \$6,029, respectively, of interest costs, unused fees and amortization of financing costs on the Revolving Credit Facility as interest expense.

#### Note 5. Convertible Notes

On February 18, 2011, we issued \$172,500 aggregate principal amount of convertible notes that matured on August 15, 2016 (the “2016 Notes”). The 2016 Notes bore interest at a rate of 5.50% per year, payable semi-annually on February 15 and August 15 of each year, beginning August 15, 2011. Total proceeds from the issuance of the 2016 Notes, net of underwriting discounts and offering costs, were \$167,325. Between January 30, 2012 and February 2, 2012, we repurchased \$5,000 aggregate principal amount of the 2016 Notes at a price of 97.5, including commissions. The transactions resulted in our recognizing \$10 of loss in the year ended June 30, 2012. On August 15, 2016, we repaid the outstanding principal amount of the 2016 Notes, plus interest. No gain or loss was realized on the transaction.

On April 16, 2012, we issued \$130,000 aggregate principal amount of convertible notes that matured on October 15, 2017 (the “2017 Notes”). The 2017 Notes bore interest at a rate of 5.375% per year, payable semi-annually on April 15

and October 15 of each year, beginning October 15, 2012. Total proceeds from the issuance of the 2017 Notes, net of underwriting discounts and offering costs, were \$126,035. On March 28, 2016, we repurchased \$500 aggregate principal amount of the 2017 Notes at a price of 98.25, including commissions. The transaction resulted in our recognizing a \$9 gain for the period ended March 31, 2016. On April 6, 2017, we repurchased \$78,766 aggregate principal amount of the 2017 Notes at a price of 102.0, including commissions.

The transaction resulted in our recognizing a \$1,786 loss during the three months ended June 30, 2017. On October 15, 2017, we repaid the outstanding principal amount of the 2017 Notes, plus interest. No gain or loss was realized on the transaction.

On August 14, 2012, we issued \$200,000 aggregate principal amount of convertible notes that mature on March 15, 2018 (the “2018 Notes”), unless previously converted or repurchased in accordance with their terms. The 2018 Notes bear interest at a rate of 5.75% per year, payable semi-annually on March 15 and September 15 of each year, beginning March 15, 2013. Total proceeds from the issuance of the 2018 Notes, net of underwriting discounts and offering costs, were \$193,600. On April 6, 2017, we repurchased \$114,581 aggregate principal amount of the 2018 Notes at a price of 103.5, including commissions. The transaction resulted in our recognizing a \$4,700 loss during the three months ended June 30, 2017.

On December 21, 2012, we issued \$200,000 aggregate principal amount of convertible notes that mature on January 15, 2019 (the “2019 Notes”), unless previously converted or repurchased in accordance with their terms. The 2019 Notes bear interest at a rate of 5.875% per year, payable semi-annually on January 15 and July 15 of each year, beginning July 15, 2013. Total proceeds from the issuance of the 2019 Notes, net of underwriting discounts and offering costs, were \$193,600.

On April 11, 2014, we issued \$400,000 aggregate principal amount of convertible notes that mature on April 15, 2020 (the “2020 Notes”), unless previously converted or repurchased in accordance with their terms. The 2020 Notes bear interest at a rate of 4.75% per year, payable semi-annually on April 15 and October 15 each year, beginning October 15, 2014. Total proceeds from the issuance of the 2020 Notes, net of underwriting discounts and offering costs, were \$387,500. On January 30, 2015, we repurchased \$8,000 aggregate principal amount of the 2020 Notes at a price of 93.0, including commissions. As a result of this transaction, we recorded a gain of \$332, in the amount of the difference between the reacquisition price and the net carrying amount of the notes, net of the proportionate amount of unamortized debt issuance costs.

On April 11, 2017, we issued \$225,000 aggregate principal amount of convertible notes that mature on July 15, 2022 (the “2022 Notes”), unless previously converted or repurchased in accordance with their terms. The 2022 Notes bear interest at a rate of 4.95% per year, payable semi-annually on January 15 and July 15 each year, beginning July 15, 2017. Total proceeds from the issuance of the 2022 Notes, net of underwriting discounts and offering costs, were \$218,010.

Certain key terms related to the convertible features for the 2018 Notes, the 2019 Notes, the 2020 Notes and the 2022 Notes (collectively, the “Convertible Notes”) are listed below.

	2018 Notes	2019 Notes	2020 Notes	2022 Notes

(1) Conversion rates denominated in shares of common stock per \$1 principal amount of the Convertible Notes converted.

(2) Represents conversion rate and conversion price, as applicable, taking into account certain de minimis adjustments that will be made on the conversion date.

(3) The conversion price will increase only if the current monthly dividends (per share) exceed the dividend threshold amount (per share).

The conversion rate is increased if monthly cash dividends paid to common shares exceed the monthly dividend (4) threshold amount, subject to adjustment. Current dividend rates are at or below the minimum dividend threshold amount for further conversion rate adjustments for all bonds.

Upon conversion, unless a holder converts after a record date for an interest payment but prior to the corresponding interest payment date, the holder will receive a separate cash payment with respect to the notes surrendered for conversion representing accrued and unpaid interest to, but not including, the conversion date. Any such payment will

be made on the settlement date applicable to the relevant conversion on the Convertible Notes.

No holder of Convertible Notes will be entitled to receive shares of our common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder) of more than 5.0% of the shares of our common stock outstanding at such time. The 5.0% limitation shall no longer apply following the effective date of any fundamental change. We will not issue any shares in connection with the conversion or redemption of the

Convertible Notes which would equal or exceed 20% of the shares outstanding at the time of the transaction in accordance with NASDAQ rules.

Subject to certain exceptions, holders may require us to repurchase, for cash, all or part of their Convertible Notes upon a fundamental change at a price equal to 100% of the principal amount of the Convertible Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a fundamental change that constitutes a non-stock change of control we will also pay holders an amount in cash equal to the present value of all remaining interest payments (without duplication of the foregoing amounts) on such Convertible Notes through and including the maturity date.

In connection with the issuance of the Convertible Notes, we incurred \$32,147 of fees which are being amortized over the terms of the notes, of which \$13,186 remains to be amortized and is included as a reduction within Convertible Notes on the Consolidated Statement of Assets and Liabilities as of December 31, 2017.

During the three months ended December 31, 2017 and December 31, 2016, we recorded \$13,003 and 13,477, respectively, of interest costs and amortization of financing costs on the Convertible Notes as interest expense. During the six months ended December 31, 2017 and December 31, 2016, we recorded \$26,659 and \$28,190, respectively, of interest costs and amortization of financing costs on the Convertible Notes as interest expense.

#### Note 6. Public Notes

On March 15, 2013, we issued \$250,000 aggregate principal amount of unsecured notes that mature on March 15, 2023 (the “2023 Notes”). The 2023 Notes bear interest at a rate of 5.875% per year, payable semi-annually on March 15 and September 15 of each year, beginning September 15, 2013. As permitted by ASC 825-10-25, we have not elected to value our Revolving Credit Facility, Convertible Notes, (1) Public Notes and Prospect Capital InterNotes® at fair value. The fair value of these debt obligations are categorized as Level 2 under ASC 820 as of December 31, 2017.

(2) The maximum draw amount of the Revolving Credit facility as of December 31, 2017 is \$885,000.

(3) Net Carrying Value excludes deferred financing costs associated with the Revolving Credit Facility. See Note 2 for accounting policy details.

(4) We use available market quotes to estimate the fair value of the Convertible Notes and Public Notes.

(5) The fair value of Prospect Capital InterNotes® is estimated by discounting remaining payments using current Treasury rates plus spread.

(6) Represents the rate on drawn down and outstanding balances. Deferred debt issuance costs are amortized on a straight-line method over the stated life of the obligation.

The effective interest rate is equal to the effect of the stated interest, the accretion of original issue discount and (7) amortization of debt issuance costs. For the 2024 Notes, the rate presented is a combined effective interest rate of the 2024 Notes and 2024 Notes Follow-on Program.

For the Prospect Capital InterNotes®, the rate presented is the weighted average effective interest rate. Interest (8) expense and deferred debt issuance costs, which are amortized on a straight-line method over the stated life of the obligation which approximates level yield, are weighted against the average year-to-date principal balance.

#### Note 9. Stock Repurchase Program, Equity Offerings, Offering Expenses, and Distributions

On August 24, 2011, our Board of Directors approved a share repurchase plan (the “Repurchase Program”) under which we may repurchase up to \$100,000 of our common stock at prices below our net asset value per share. Prior to any repurchase, we are required to notify shareholders of our intention to purchase our common stock. Our last notice was delivered with our annual proxy mailing on September 22, 2017.

We did not repurchase any shares of our common stock during the six months ended December 31, 2017 and December 31, 2016. As of December 31, 2017, the approximate dollar value of shares that may yet be purchased under the plan is \$65,860.

Excluding dividend reinvestments, during the six months ended December 31, 2017 and December 31, 2016, we did not issue any shares of our common stock.

On August 31, 2016, we filed a registration statement on Form N-2 (File No. 333-213391) with the SEC. We subsequently filed a Pre-Effective Amendment No. 2 thereto on November 1, 2016, which the SEC declared effective on November 3, 2016. On October 26, 2017, we filed Post-Effective Amendment No. 50 to the registration statement, which the SEC declared effective on October 30, 2017. The registration statement permits us to issue, through one or more transactions, up to an aggregate of \$5,000,000 in securities, consisting of common stock, preferred stock, debt securities, subscription rights to purchase our securities, warrants representing rights to purchase our securities or separately tradeable units combining two or more of our securities. As of December 31, 2017, we have the ability to issue up to \$4,639,035 in securities under the registration statement.

During the six months ended December 31, 2017 and December 31, 2016, we distributed approximately \$146,559 and \$179,097, respectively, to our stockholders. The following table summarizes our distributions declared and payable for the six months ended December 31, 2016 and December 31, 2017.

Dividends and distributions to common stockholders are recorded on the ex-dividend date. As such, the table above includes distributions with record dates during six months ended December 31, 2017 and December 31, 2016. It does not include distributions previously declared to stockholders of record on any future dates, as those amounts are not yet determinable. The following dividends were previously declared and will be recorded and payable subsequent to December 31, 2017:

\$0.06 per share for January 2018 to holders of record on January 31, 2018 with a payment date of February 15, 2018. During the six months ended December 31, 2017 and December 31, 2016, we issued 903,819 and 1,893,049 shares of our common stock, respectively, in connection with the dividend reinvestment plan.

On February 9, 2016, we amended our dividend reinvestment plan that provided for reinvestment of our dividends or distributions on behalf of our stockholders, unless a stockholder elects to receive cash, to add the ability of stockholders to purchase additional shares by making optional cash investments. Under the revised dividend reinvestment and direct stock repurchase plan, stockholders may elect to purchase additional shares through our transfer agent in the open market or in negotiated transactions.

During the six months ended December 31, 2017, Prospect officers purchased 9,093,856 shares of our stock, or 2.52% of total outstanding shares as of December 31, 2017, both through the open market transactions and shares issued in connection with our dividend reinvestment plan.

As of December 31, 2017, we have reserved 77,328,527 shares of our common stock for issuance upon conversion of the Convertible Notes (see Note 5).

#### Note 10. Other Income

Other income consists of structuring fees, overriding royalty interests, revenue receipts related to net profit interests, deal deposits, administrative agent fees, and other miscellaneous and sundry cash receipts. The following table shows income from such sources during the three and six months ended December 31, 2017 and December 31, 2016.

	Three Months Ended December 31,		Six Months Ended December 31,	
	2017	2016	2017	2016
Structuring and amendment fees	\$6,751	\$5,797	\$14,958	\$10,273
Royalty and Net Revenue interests	1,872	1,333	3,450	2,503
Administrative agent fees	69	180	234	332
Total Other Income	\$8,692	\$7,310	\$18,642	\$13,108

#### Note 11. Net Increase in Net Assets per Share

The following information sets forth the computation of net increase in net assets resulting from operations per share during the three and six months ended December 31, 2017 and December 31, 2016.

	Three Months Ended December 31,		Six Months Ended December 31,	
	2017	2016	2017	2016
Net increase in net assets resulting from operations	121,727	\$ 100,880	133,700	\$ 182,246
Weighted average common shares outstanding	360,473,705	358,494,783	360,322,770	358,011,031
Net increase in net assets resulting from operations per share	0.34	\$ 0.28	0.37	\$ 0.51

#### Note 12. Income Taxes

While our fiscal year end for financial reporting purposes is June 30 of each year, our tax year end is August 31 of each year. The information presented in this footnote is based on our tax year end for each period presented, unless otherwise specified. The tax return for the tax year ended August 31, 2017 has not been filed. Taxable income and all amounts related to taxable income for the tax year ended August 31, 2017 are estimates and will not be final until the Company's tax return is filed.

For income tax purposes, dividends paid and distributions made to shareholders are reported as ordinary income, capital gains, non-taxable return of capital, or a combination thereof. The tax character of dividends paid to shareholders during the tax years ended August 31, 2017, 2016 and 2015 were as follows:

	Tax Year Ended August 31,		
	2017	2016	2015
Ordinary income	\$359,215	\$355,985	\$413,640
Capital gain	—	—	—
Return of capital	—	—	—
Total distributions paid to shareholders	\$359,215	\$355,985	\$413,640

We generate certain types of income that may be exempt from U.S. withholding tax when distributed to non-U.S. shareholders. Under IRC Section 871(k), a RIC is permitted to designate distributions of qualified interest income and short-term capital gains as exempt from U.S. withholding tax when paid to non-U.S. shareholders with proper documentation. For the 2017 calendar year, 49.94% of our distributions as of December 31, 2017 qualified as interest related dividends which are exempt from U.S. withholding tax applicable to non-U.S. shareholders.

For the tax year ending August 31, 2018, the tax character of dividends paid to shareholders through December 31, 2017 is expected to be ordinary income. Because of the difference between our fiscal and tax year ends, the final determination of the tax character of dividends will not be made until we file our tax return for the tax year ending August 31, 2018.

Taxable income generally differs from net increase in net assets resulting from operations for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized gains or losses, as unrealized gains or losses are generally not included in taxable income until they are realized. The following reconciles the net increase in net assets resulting from operations to taxable income for the tax years ended August 31, 2017, 2016 and 2015:

	Tax Year Ended August 31,		
	2017	2016	2015
Net increase in net assets resulting from operations	\$254,766	\$262,831	\$360,572
Net realized loss on investments	100,765	22,666	164,230
Net unrealized (gains) losses on investments	(61,939 )	73,181	(157,745 )
Other temporary book-to-tax differences	(27,112 )	(56,036 )	98,289
Permanent differences	(772 )	2,489	2,436
Taxable income before deductions for distributions	\$265,708	\$305,131	\$467,782

Capital losses in excess of capital gains earned in a tax year may generally be carried forward and used to offset capital gains, subject to certain limitations. The Regulated Investment Company Modernization Act (the “RIC Modernization Act”) was enacted on December 22, 2010. Under the RIC Modernization Act, capital losses incurred by taxpayers in taxable years beginning after the date of enactment will be allowed to be carried forward indefinitely and are allowed to retain their character as either short-term or long-term losses. As such, the capital loss carryforwards generated by us after the August 31, 2011 tax year will not be subject to expiration. Any losses incurred in post-enactment tax years will be required to be utilized prior to the losses incurred in pre-enactment tax years. As of August 31, 2017, we had capital loss carryforwards of approximately \$302,590 available for use in later tax years. Of the amount available as of August 31, 2017, \$46,156 will expire on August 31, 2018, and \$256,434 is not subject to expiration. The unused balance each year will be carried forward and utilized as gains are realized, subject to limitations. While our ability to utilize losses in the future depends upon a variety of factors that cannot be known in advance, some of our capital loss carryforwards may become permanently unavailable due to limitations by the Code. For the tax year ended August 31, 2017, we had no cumulative taxable income in excess of cumulative distributions. As of December 31, 2017, the cost basis of investments for tax purposes was \$5,647,330 resulting in estimated gross unrealized gains and losses of \$408,072 and \$634,270, respectively. As of June 30, 2017, the cost basis of investments for tax purposes was \$5,999,218 resulting in estimated gross unrealized gains and losses of \$337,903 and \$498,816, respectively. Due to the difference between our fiscal year end and tax year end, the cost basis of our investments for tax purposes as of December 31, 2017 and June 30, 2017 was calculated based on the book cost of investments as of December 31, 2017 and June 30, 2017, respectively, with cumulative book-to-tax adjustments for investments through August 31, 2017 and 2016, respectively.

In general, we may make certain adjustments to the classification of net assets as a result of permanent book-to-tax differences, which may include merger-related items, differences in the book and tax basis of certain assets and liabilities, and nondeductible federal excise taxes, among other items. During the tax year ended August 31, 2017, we increased overdistributed net investment income by \$772 and increased capital in excess of par value by \$772. During the tax year ended August 31, 2016, we decreased overdistributed net investment income by \$2,489, increased accumulated net realized loss on investments by \$1,296 and decreased

capital in excess of par value by \$1,193. Due to the difference between our fiscal and tax year end, the reclassifications for the taxable year ended August 31, 2017 is being recorded in the fiscal year ending June 30, 2018 and the reclassifications for the taxable year ended August 31, 2016 were recorded in the fiscal year ended June 30, 2017.

### Note 13. Related Party Agreements and Transactions

#### Investment Advisory Agreement

We have entered into an investment advisory and management agreement with the Investment Adviser (the “Investment Advisory Agreement”) under which the Investment Adviser, subject to the overall supervision of our Board of Directors, manages the day-to-day operations of, and provides investment advisory services to, us. Under the terms of the Investment Advisory Agreement, the Investment Adviser: (i) determines the composition of our portfolio, the nature and timing of the changes to our portfolio and the manner of implementing such changes, (ii) identifies, evaluates and negotiates the structure of the investments we make (including performing due diligence on our prospective portfolio companies); and (iii) closes and monitors investments we make.

The Investment Adviser’s services under the Investment Advisory Agreement are not exclusive, and it is free to furnish similar services to other entities so long as its services to us are not impaired. For providing these services the Investment Adviser receives a fee from us, consisting of two components: a base management fee and an incentive fee. The base management fee is calculated at an annual rate of 2.00% on our total assets. For services currently rendered under the Investment Advisory Agreement, the base management fee is payable quarterly in arrears. The base management fee is calculated based on the average value of our gross assets at the end of the two most recently completed calendar quarters and appropriately adjusted for any share issuances or repurchases during the current calendar quarter.

The total gross base management fee incurred to the favor of the Investment Adviser was \$29,742 and \$31,095 during the three months ended December 31, 2017 and December 31, 2016, respectively. The total gross base management fee incurred to the favor of the Investment Adviser was \$60,121 and \$62,435 during the six months ended December 31, 2017 and December 31, 2016, respectively.

The Investment Adviser has entered into a servicing agreement with certain institutions that purchased loans with us, where we serve as the agent and collect a servicing fee on behalf of the Investment Adviser. During the three months ended December 31, 2017 and December 31, 2016, we received payments of \$183 and \$209, respectively, from these institutions, on behalf of the Investment Adviser, for providing such services under the servicing agreement. We were given a credit for these payments, which reduced the base management fees to \$29,559 and \$30,886 for the three months ended December 31, 2017 and December 31, 2016, respectively. During the six months ended December 31, 2017 and December 31, 2016, we received payments of \$399 and \$757, respectively, from these institutions, on behalf of the Investment Adviser, for providing such services under the servicing agreement. We were given a credit for these payments, which reduced the base management fees to \$59,722 and \$61,678 for the six months ended December 31, 2017 and December 31, 2016, respectively.

The incentive fee has two parts. The first part, the income incentive fee, is calculated and payable quarterly in arrears based on our pre-incentive fee net investment income for the immediately preceding calendar quarter. For this purpose, pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees and other fees that we receive from portfolio companies) accrued during the calendar quarter, minus our operating expenses for the quarter (including the base management fee, expenses payable under the Administration Agreement described below, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with payment-in-kind interest and zero coupon securities), accrued income that we have not yet received in cash. Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital gains or losses. Pre-incentive fee net investment income, expressed as a rate of return on the value of our net assets at the end of the immediately preceding calendar quarter, is compared to a “hurdle rate” of 1.75% per quarter (7.00% annualized).

The net investment income used to calculate this part of the incentive fee is also included in the amount of the gross assets used to calculate the 2.00% base management fee. We pay the Investment Adviser an income incentive fee with respect to our pre-incentive fee net investment income in each calendar quarter as follows:

• No incentive fee in any calendar quarter in which our pre-incentive fee net investment income does not exceed the hurdle rate;

100.00% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate); and 20.00% of the amount of our pre-incentive fee net investment income, if any, that exceeds 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate).

These calculations are appropriately prorated for any period of less than three months and adjusted for any share issuances or repurchases during the current quarter.

The second part of the incentive fee, the capital gains incentive fee, is determined and payable in arrears as of the end of each calendar year (or upon termination of the Investment Advisory Agreement, as of the termination date), and equals 20.00% of our realized capital gains for the calendar year, if any, computed net of all realized capital losses and unrealized capital depreciation at the end of such year. In determining the capital gains incentive fee payable to the Investment Adviser, we calculate the aggregate realized capital gains, aggregate realized capital losses and aggregate unrealized capital depreciation, as applicable, with respect to each investment that has been in our portfolio. For the purpose of this calculation, an “investment” is defined as the total of all rights and claims which may be asserted against a portfolio company arising from our participation in the debt, equity, and other financial instruments issued by that company. Aggregate realized capital gains, if any, equal the sum of the differences between the aggregate net sales price of each investment and the aggregate amortized cost basis of such investment when sold or otherwise disposed. Aggregate realized capital losses equal the sum of the amounts by which the aggregate net sales price of each investment is less than the aggregate amortized cost basis of such investment when sold or otherwise disposed. Aggregate unrealized capital depreciation equals the sum of the differences, if negative, between the aggregate valuation of each investment and the aggregate amortized cost basis of such investment as of the applicable calendar year-end. At the end of the applicable calendar year, the amount of capital gains that serves as the basis for our calculation of the capital gains incentive fee involves netting aggregate realized capital gains against aggregate realized capital losses on a since-inception basis and then reducing this amount by the aggregate unrealized capital depreciation. If this number is positive, then the capital gains incentive fee payable is equal to 20.00% of such amount, less the aggregate amount of any capital gains incentive fees paid since inception.

The total income incentive fee incurred was \$18,298 and \$21,101 during the three months ended December 31, 2017 and December 31, 2016, respectively. The fees incurred for the six months ended December 31, 2017 and December 31, 2016 were \$34,231 and \$40,831, respectively. No capital gains incentive fee was incurred during the three or six months ended December 31, 2017 and December 31, 2016.

#### Administration Agreement

We have also entered into an administration agreement (the “Administration Agreement”) with Prospect Administration under which Prospect Administration, among other things, provides (or arranges for the provision of) administrative services and facilities for us. For providing these services, we reimburse Prospect Administration for our allocable portion of overhead incurred by Prospect Administration in performing its obligations under the Administration Agreement, including rent and our allocable portion of the costs of our Chief Financial Officer and Chief Compliance Officer and his staff, including the internal legal staff. Under this agreement, Prospect Administration furnishes us with office facilities, equipment and clerical, bookkeeping and record keeping services at such facilities. Prospect Administration also performs, or oversees the performance of, our required administrative services, which include, among other things, being responsible for the financial records that we are required to maintain and preparing reports to our stockholders and reports filed with the SEC. In addition, Prospect Administration assists us in determining and publishing our net asset value, overseeing the preparation and filing of our tax returns and the printing and dissemination of reports to our stockholders, and generally oversees the payment of our expenses and the performance of administrative and professional services rendered to us by others. Under the Administration Agreement, Prospect Administration also provides on our behalf managerial assistance to those portfolio companies to which we are required to provide such assistance (see Managerial Assistance section below). The Administration Agreement may be terminated by either party without penalty upon 60 days’ written notice to the other party. Prospect Administration is a wholly-owned subsidiary of the Investment Adviser.

The Administration Agreement provides that, absent willful misfeasance, bad faith or negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Prospect Administration and its

officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from us for any damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) arising from the rendering of Prospect Administration's services under the Administration Agreement or otherwise as administrator for us. Our payments to Prospect Administration are reviewed quarterly by our Board of Directors.

The allocation of gross overhead expense from Prospect Administration was \$3,827 and \$3,566 for the three months ended December 31, 2017 and December 31, 2016, respectively. Prospect Administration received estimated payments of \$4,651 and

\$909 directly from our portfolio companies, insurance carrier, and certain funds managed by the Investment Adviser for legal, tax and portfolio level accounting services during the three months ended December 31, 2017 and December 31, 2016, respectively. We were given a credit for these payments as a reduction of the administrative services cost payable by us to Prospect Administration. Had Prospect Administration not received these payments, Prospect Administration's charges for its administrative services would have increased by these amounts. Net overhead during the three months ended December 31, 2017 and December 31, 2016 totaled \$(824) and \$2,657, respectively. The allocation of gross overhead expense from Prospect Administration was \$8,496 and \$8,437 for the six months ended December 31, 2017 and December 31, 2016, respectively. Prospect Administration received estimated payments of \$5,792 and \$2,247 directly from our portfolio companies, insurance carrier, and certain funds managed by the Investment Adviser for legal, tax and portfolio level accounting services during the six months ended December 31, 2017 and December 31, 2016, respectively. We were given a credit for these payments as a reduction of the administrative services cost payable by us to Prospect Administration. Had Prospect Administration not received these payments, Prospect Administration's charges for its administrative services would have increased by these amounts. Net overhead during the six months ended December 31, 2017 and December 31, 2016 totaled \$2,704 and \$6,190, respectively.

As of December 31, 2017, we accrued a receivable from Prospect Administration of \$2,170 that will be reimbursed to us.

#### Managerial Assistance

As a BDC, we are obligated under the 1940 Act to make available to certain of our portfolio companies significant managerial assistance. "Making available significant managerial assistance" refers to any arrangement whereby we provide significant guidance and counsel concerning the management, operations, or business objectives and policies of a portfolio company. We are also deemed to be providing managerial assistance to all portfolio companies that we control, either by ourselves or in conjunction with others. The nature and extent of significant managerial assistance provided by us to controlled and non-controlled portfolio companies will vary according to the particular needs of each portfolio company. Examples of such activities include (i) advice on recruiting, hiring, management and termination of employees, officers and directors, succession planning and other human resource matters; (ii) advice on capital raising, capital budgeting, and capital expenditures; (iii) advice on advertising, marketing, and sales; (iv) advice on fulfillment, operations, and execution; (v) advice on managing relationships with unions and other personnel organizations, financing sources, vendors, customers, lessors, lessees, lawyers, accountants, regulators and other important counterparties; (vi) evaluating acquisition and divestiture opportunities, plant expansions and closings, and market expansions; (vii) participating in audit committee, nominating committee, board and management meetings; (viii) consulting with and advising board members and officers of portfolio companies (on overall strategy and other matters); and (ix) providing other organizational, operational, managerial and financial guidance.

Prospect Administration, when performing a managerial assistance agreement executed with each portfolio company to which we provide managerial assistance, arranges for the provision of such managerial assistance on our behalf. When doing so, Prospect Administration utilizes personnel of our Investment Adviser. We, on behalf of Prospect Administration, invoice portfolio companies receiving and paying for managerial assistance, and we remit to Prospect Administration its cost of providing such services, including the charges deemed appropriate by our Investment Adviser for providing such managerial assistance. No income is recognized by Prospect.

During the three months ended December 31, 2017 and December 31, 2016, we received payments of \$493 and \$1,179, respectively, from our portfolio companies for managerial assistance and subsequently remitted these amounts to Prospect Administration. During the six months ended December 31, 2017 and December 31, 2016, we received payments of \$1,586 and \$2,898, respectively, from our portfolio companies for managerial assistance and subsequently remitted these amounts to Prospect Administration. See Note 14 for further discussion.

#### Co-Investments

On February 10, 2014, we received an exemptive order from the SEC (the "Order") that gave us the ability to negotiate terms other than price and quantity of co-investment transactions with other funds managed by the Investment Adviser or certain affiliates, including Priority Income Fund, Inc. and Pathway Energy Infrastructure Fund, Inc., subject to the conditions included therein. Under the terms of the relief permitting us to co-invest with other funds managed by our Investment Adviser or its affiliates, a "required majority" (as defined in Section 57(o) of the 1940 Act) of our

independent directors must make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the proposed transaction, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching of us or our stockholders on the part of any person concerned and (2) the transaction is consistent with the interests of our stockholders and is consistent with our investment objective and strategies. In certain situations where co-investment with one or more funds managed by the Investment Adviser or its affiliates is not covered by the Order, such as when there is an opportunity to invest in different securities of the same issuer,

the personnel of the Investment Adviser or its affiliates will need to decide which fund will proceed with the investment. Such personnel will make these determinations based on policies and procedures, which are designed to reasonably ensure that investment opportunities are allocated fairly and equitably among affiliated funds over time and in a manner that is consistent with applicable laws, rules and regulations. Moreover, except in certain circumstances, when relying on the Order, we will be unable to invest in any issuer in which one or more funds managed by the Investment Adviser or its affiliates has previously invested.

We reimburse CLO investment valuation services fees initially incurred by Priority Income Fund, Inc. During the three months ended December 31, 2017 and December 31, 2016, we recognized expenses that were reimbursed for valuation services of \$50 and \$28, respectively. During the six months ended December 31, 2017 and December 31, 2016, we recognized expenses that were reimbursed for valuation services of \$102 and \$52, respectively. Conversely, Priority Income Fund, Inc. and Pathway Energy Infrastructure Fund, Inc. reimburse us for software fees, expenses which were initially incurred by Prospect. As of December 31, 2017 and June 30, 2017 we accrued a receivable from Priority Income Fund, Inc. and Pathway Energy Infrastructure Fund, Inc. for software fees of \$88 and \$14, respectively, which will be reimbursed to us.

As of December 31, 2017, we had co-investments with Priority Income Fund, Inc. in the following CLO funds: Apidos CLO XXII, Babson CLO Ltd. 2014-III, Carlyle Global Market Strategies CLO 2016-3, Ltd., Cent CLO 21 Limited, CIFIC Funding 2014-IV Investor, Ltd., CIFIC Funding 2016-I, Ltd., Galaxy XVII CLO, Ltd., Halcyon Loan Advisors Funding 2014-2 Ltd., Halcyon Loan Advisors Funding 2015-3 Ltd., HarbourView CLO VII, Ltd., Jefferson Mill CLO Ltd., Mountain View CLO IX Ltd., Octagon Investment Partners XVIII, Ltd., Symphony CLO XIV Ltd., Voya IM CLO 2014-1 Ltd., Voya CLO 2016-3, Ltd., Voya CLO 2017-3, Ltd. and Washington Mill CLO Ltd; however HarbourView CLO VII, Ltd. and Octagon Investment Partners XVIII, Ltd. are not considered co-investments pursuant to the Order as they were purchased on the secondary market.

As of December 31, 2017, we had a co-investment with Pathway Energy Infrastructure Fund, Inc. in Carlyle Global Market Strategies CLO 2014-4, Ltd.; however, this investment is not considered a co-investment pursuant to the Order as it was purchased on the secondary market.

#### Note 14. Transactions with Controlled Companies

The descriptions below detail the transactions which Prospect Capital Corporation ("Prospect") has entered into with each of our controlled companies. Certain of the controlled entities discussed below were consolidated effective July 1, 2014 (see Note 1). As such, transactions with these Consolidated Holding Companies are presented on a consolidated basis.

##### Airmall Inc.

Prospect owned 100% of the equity of AMU Holdings Inc. ("AMU"), a Consolidated Holding Company. AMU owned 98% of Airmall Inc. (f/k/a Airmall USA Holdings, Inc.) ("Airmall"). Airmall is a developer and manager of airport retail operations.

On August 1, 2014, Prospect sold its investments in Airmall. On August 2, 2016, Prospect received the remaining escrow proceeds of \$3,916, reducing the cost basis to zero.

##### Arctic Energy Services, LLC

Prospect owns 100% of the equity of Arctic Oilfield Equipment USA, Inc. ("Arctic Equipment"), a Consolidated Holding Company. Arctic Equipment owns 70% of the equity of Arctic Energy Services, LLC ("Arctic Energy"), with Ailport Holdings, LLC ("Ailport") (100% owned and controlled by Arctic Energy management) owning the remaining 30% of the equity of Arctic Energy. Arctic Energy provides oilfield service personnel, well testing flowback equipment, frac support systems and other services to exploration and development companies in the Rocky Mountains.

The following managerial assistance recognized had not yet been paid by Arctic Energy to Prospect and was included by Prospect within other receivables and due to Prospect Administration:

June 30, 2017           \$150

December 31, 2017 175

CCPI Inc.

Prospect owns 100% of the equity of CCPI Holdings Inc. ("CCPI Holdings"), a Consolidated Holding Company. CCPI Holdings owns 94.95% of the equity of CCPI Inc. ("CCPI"), with CCPI management owning the remaining 5.05% of the equity. CCPI owns 100% of each of CCPI Europe Ltd. and MEFEC B.V., and 45% of Gulf Temperature Sensors W.L.L.

As of June 30, 2016, after the departure of a former CCPI executive, Prospect's ownership of CCPI increased to 94.59%.

During the three months ended June 30, 2017, Prospect recognized \$153 in other income related to amendment fee income.

On August 1, 2017, we entered into a participation agreement with CCPI management, and sold \$144 of Prospect's investment in the Term Loan B debt.

The following amounts were paid from CCPI to Prospect and recorded by Prospect as repayment of loan receivable:

Three Months Ended December 31, 2016 \$113

Three Months Ended December 31, 2017 112

Six Months Ended December 31, 2016 225

Six Months Ended December 31, 2017 225

During the six months ended December 31, 2016, Prospect reclassified \$123 of return of capital received from CCPI in prior periods as dividend income.

National Property REIT Corp.

Prospect owns 100% of the equity of NPH, a Consolidated Holding Company. NPH owns 100% of the common equity of NPRC. Effective May 23, 2016, in connection with the merger of APRC and United Property REIT Corp. UPRC with and into NPRC, APH and UPH merged with and into NPH.

NPRC is a Maryland corporation and a qualified REIT for federal income tax purposes. In order to qualify as a REIT, NPRC issued 125 shares of Series A Cumulative Non-Voting Preferred Stock to 125 accredited investors. The preferred stockholders are entitled to receive cumulative dividends semi-annually at an annual rate of 12.5% and do not have the ability to participate in the management or operation of NPRC.

NPRC was formed to hold for investment, operate, finance, lease, manage, and sell a portfolio of real estate assets and engage in any and all other activities as may be necessary, incidental or convenient to carry out the foregoing. NPRC acquires real estate assets, including, but not limited to, industrial, commercial, and multi-family properties. NPRC may acquire real estate assets directly or through joint ventures by making a majority equity investment in a property-owning entity (the "JV"). Additionally, through its wholly-owned subsidiaries, NPRC invests in online consumer loans.

On July 22, 2016 Prospect made a \$2,700 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in twelve multi-family properties for \$2,698 and pay \$2 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$49 in the JVs. The proceeds were used by the JVs to fund \$2,747 of capital expenditures.

On August 4, 2016, Prospect made a \$393 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in four multi-family properties for \$392 and pay \$1 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$21 in the JVs. The proceeds were used by the JVs to fund \$413 of capital expenditures.

On September 1, 2016, we made an investment into American Consumer Lending Limited ("ACLL"), a wholly-owned subsidiary of NPRC, under the ACLL credit agreement, for senior secured term loans, Term Loan C, with the same terms as the existing ACL Loan Holdings, Inc. ("ACLLH") Term Loan C due to us.

On September 28, 2016 Prospect made a \$46,381 investment in NPRC, of which \$35,295 was a Senior Term Loan and \$11,086 was used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase a 64.2% ownership interest in Vesper Portfolio JV, LLC for \$46,324 and to pay \$57 for tax and legal services provided by professionals at Prospect Administration. The JV was purchased for \$250,000 which included debt financing and minority interest of \$192,382 and \$25,817, respectively. The remaining proceeds were used to pay \$1,060 of structuring fees to Prospect (which was recognized by Prospect as structuring fee income), \$2,131 of third party expenses, \$4,911 of pre-funded capex, and \$5,310 of prepaid assets, with \$1,111 retained by the JV for working capital.

On July 10, 2017, Prospect made a \$653 investment in NPRC, of which \$450 was a Senior Term Loan and \$202 was used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in a multi-family JV for \$639 and pay \$1 of legal services provided by attorneys at Prospect Administration. The remaining proceeds were used to pay \$13 of structuring fees to Prospect (which was recognized by Prospect as structuring fee income). The minority interest holder also purchased additional ownership interest in the JV for \$163. The proceeds were used by the JV to fund \$802 of capital expenditures.

On August 24, 2017, Prospect purchased additional common equity of NPRC through NPH for \$2,401. The proceeds were utilized by NPRC to purchase additional ownership interest in a JV that owns eight student housing properties for \$2,400 and pay \$1 of legal services provided by attorneys at Prospect Administration. The proceeds were used by the JV to fund \$2,400 of capital expenditures.

On September 13, 2017, Prospect made a \$826 investment in NPRC, of which \$662 was a Senior Term Loan and \$164 was used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in a JV entity that owns five multi-family properties for \$825 and pay \$2 of legal services provided by attorneys at Prospect Administration. The minority interest holder also purchased additional ownership interest in the JV for \$92. The proceeds were used by the JV to fund \$917 of capital expenditures.

On October 10, 2017, Prospect purchased additional common equity of NPRC through NPH for \$4,094. NPRC utilized \$4,091 of the proceeds as a capital contribution in multiple JV entities that own ten multi-family properties and to pay \$3 for legal services provided by attorneys at Prospect Administration. The minority interest holder also contributed \$87 of additional capital in the JV entities. The proceeds were utilized by the JV entities to fund \$4,178 of

capital expenditures.

On October 31, 2017, Prospect purchased additional common equity of NPRC through NPH for \$27,004. The proceeds were utilized by NPRC to purchase a 92.5% ownership interest in Baymeadows Holdings LLC for \$26,974 and to pay \$30 for tax and legal services provided by professionals at Prospect Administration. The minority interest holder purchased ownership interest in the JV for \$2,187. The JV utilized the total proceeds, which included debt financing of \$88,800, to acquire \$111,000

of multi-family real estate assets. The remaining proceeds were used by the JV to pay \$539 of structuring fees to Prospect (which was recognized by Prospect as structuring fee income), \$802 of third party expenses, \$546 of pre-funded capital expenditures, \$3,016 of prepaid assets, and \$2,058 was retained by the JV as working capital. On November 8, 2017, Prospect purchased additional common equity of NPRC through NPH for \$15,911. The proceeds were utilized by NPRC to purchase a 92.5% ownership interest in Southfield Holdings LLC for \$15,849, pay \$10 for tax and legal services provided by professionals at Prospect Administration, and \$52 was retained as working capital. The minority interest holder purchased ownership interest in the JV for \$1,285. The JV utilized the total proceeds, which included debt financing of \$58,229, to acquire \$68,500 of multi-family real estate assets. The remaining proceeds were used by the JV to pay \$317 of structuring fees to Prospect (which was recognized by Prospect as structuring fee income), \$263 of third party expenses, \$3,138 of pre-funded capital expenditures, \$2,860 of prepaid assets, and \$285 was retained by the JV as working capital.

On November 17, 2017, Prospect purchased additional common equity of NPRC through NPH for \$1,019. NPRC utilized \$1,018 of the proceeds as a capital contribution in multiple JV entities that own seven multi-family properties and to pay \$1 for legal services provided by attorneys at Prospect Administration. The minority interest holder also contributed \$82 of additional capital in the JV entities. The proceeds were used by the JV entities to fund \$1,100 of capital expenditures.

On December, 29, 2017, Prospect purchased additional common equity of NPRC through NPH for \$10,000. NPRC utilized \$1,603 of the proceeds to fund the lender rate-lock deposit and initial deposits required under the purchase and sale agreement of a JV real estate transaction. The remaining \$8,397 of proceeds were retained by NPRC to acquire a controlling interest in the JV real estate transaction.

During the six months ended December 31, 2017, we provided \$19,233 and \$10,356 of debt and equity financing, respectively, to NPRC and its wholly-owned subsidiaries to support the online consumer loans and online consumer loan backed products. In addition, during the six months ended December 31, 2017, we received partial repayments of \$28,307 of our loans previously outstanding with NPRC and its wholly-owned subsidiaries and \$10,403 as a return of capital on our equity investment in NPRC.

SB Forging Company II, Inc. (f/k/a Gulf Coast Machine & Supply Company)

Prospect owns 100% of the preferred equity of Gulf Coast Machine & Supply Company (“Gulf Coast”). Gulf Coast is a provider of value-added forging solutions to energy and industrial end markets.

During the year ended June 30, 2017, Prospect made additional investments of \$8,750 in the first lien term loan to Gulf Coast to fund capital improvements to key forging equipment and other liquidity needs.

On June 3, 2017, Gulf Coast sold all of its assets to a third party, for total consideration of \$10,250, including escrowed amounts. The proceeds from the sale were primarily used to repay a \$6,115 third party revolving credit facility, and the remainder was used to pay other legal and administrative costs incurred by Gulfco. As no proceeds were allocated to Prospect, our debt and equity investment in Gulfco was written-off for tax purposes and we recorded a realized loss of \$66,103. Gulfco holds \$2,050 in escrow related to the sale, which will be distributed to Prospect once released to Gulfco, and will be recognized as a realized gain if and when it is received. On June 28, 2017, Gulf Coast was renamed to SB Forging Company II, Inc.

Wolf Energy, LLC

Prospect owns 100% of the equity of Wolf Energy Holdings Inc. ("Wolf Energy Holdings"), a Consolidated Holding Company. Wolf Energy Holdings owns 100% of each of Appalachian Energy LLC (f/k/a Appalachian Energy Holdings, LLC) ("AEH"); Coalbed, LLC ("Coalbed"); and Wolf Energy, LLC ("Wolf Energy"). AEH owns 100% of C&S Operating, LLC.

Wolf Energy Holdings is a holding company formed to hold 100% of the outstanding membership interests of each of AEH and Coalbed. The membership interests and associated operating company debt of AEH and Coalbed, which were previously owned by Manx Energy, Inc. ("Manx"), were assigned to Wolf Energy Holdings effective June 30, 2012. The purpose of assignment was to remove those activities from Manx deemed non-core by the Manx convertible debt investors who were not interested in funding those operations. On June 30, 2012, AEH and Coalbed loans with a cost basis of \$7,991 were assigned by Prospect to Wolf Energy Holdings from Manx.

On March 14, 2017, \$22,145 of assets previously held by Ark-La-Tex Wireline Services, LLC ("Ark-La-Tex") were assigned to Wolf Energy Services Company, LLC, ("Wolf Energy Services") a wholly-owned subsidiary of Wolf Energy Holdings. During the three months ended March 31, 2017, Wolf Energy Services received \$2,768 from the partial sale of these transferred assets. During the three months ended June 30, 2017 Wolf Energy Services received \$12,576 from the sale of assets.

During the six months ended December 31, 2017 Wolf Energy Services received \$2,772 from the sale of assets.

On December 29, 2017, we entered into a fee agreement with Wolf Energy Services Company, LLC ("Wolf"), for services required to locate, inventory, foreclose, and liquidate assets that were transferred from Ark-La-Tex to Wolf. Per the agreement, we will receive a fee equal to 8.0% of gross liquidation proceeds in the event aggregate liquidation gross proceeds exceed \$19,000 (currently \$18,467). We expect the liquidation fee agreement to result in a fee, net of third-party transaction costs, of \$1,180 in early 2018, which, if received, will be reflected as other income on our accompanying Consolidated Statement of Operations. As of December 31, 2017, the valuation of our investment in Wolf decreased by the same amount as a result of the related liability.

## Note 15. Litigation

From time to time, we may become involved in various investigations, claims and legal proceedings that arise in the ordinary course of our business. These matters may relate to intellectual property, employment, tax, regulation, contract or other matters. The resolution of such matters as may arise will be subject to various uncertainties and, even if such claims are without merit, could result in the expenditure of significant financial and managerial resources. We are not aware of any material legal proceedings as of December 31, 2017.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

(All figures in this item are in thousands except share, per share and other data.)

The following discussion should be read in conjunction with our consolidated financial statements and related notes and other financial information appearing elsewhere in this Quarterly Report. In addition to historical information, the following discussion and other parts of this Quarterly Report contain forward-looking information that involves risks and uncertainties. Our actual results may differ significantly from any results expressed or implied by these forward-looking statements due to the factors discussed in Part II, "Item 1A. Risk Factors" and "Forward-Looking Statements" appearing elsewhere herein.

### Overview

The terms "Prospect," "we," "us" and "our" mean Prospect Capital Corporation and its subsidiaries unless the context specifically requires otherwise.

Prospect is a financial services company that primarily lends to and invests in middle market privately-held companies. We are a closed-end investment company incorporated in Maryland. We have elected to be regulated as a business development company ("BDC") under the Investment Company Act of 1940 (the "1940 Act"). As a BDC, we have elected to be treated as a regulated investment company ("RIC"), under Subchapter M of the Internal Revenue Code of 1986 (the "Code"). We were organized on April 13, 2004 and were funded in an initial public offering completed on July 27, 2004.

On May 15, 2007, we formed a wholly-owned subsidiary Prospect Capital Funding LLC ("PCF"), a Delaware limited liability company and a bankruptcy remote special purpose entity, which holds certain of our portfolio loan investments that are used as collateral for the revolving credit facility at PCF. Our wholly-owned subsidiary Prospect Small Business Lending, LLC ("PSBL") was formed on January 27, 2014 and purchases small business whole loans on a recurring basis from online small business loan originators, including On Deck Capital, Inc. ("OnDeck"). On September 30, 2014, we formed a wholly-owned subsidiary Prospect Yield Corporation, LLC ("PYC") and effective October 23, 2014, PYC holds our investments in collateralized loan obligations ("CLOs"). Each of these subsidiaries have been consolidated since operations commenced.

We consolidate certain of our wholly-owned and substantially wholly-owned holding companies formed by us in order to facilitate our investment strategy. The following companies are included in our consolidated financial statements: APH Property Holdings, LLC ("APH"); Arctic Oilfield Equipment USA, Inc.; CCPI Holdings Inc.; CP Holdings of Delaware LLC ("CP Holdings"); Credit Central Holdings of Delaware, LLC; Energy Solutions Holdings Inc.; First Tower Holdings of Delaware LLC ("First Tower Delaware"); Harbortouch Holdings of Delaware Inc.; MITY Holdings of Delaware Inc.; Nationwide Acceptance Holdings LLC; NMMB Holdings, Inc. ("NMMB Holdings"); NPH Property Holdings, LLC ("NPH"); STI Holding, Inc.; UPH Property Holdings, LLC ("UPH"); Valley Electric Holdings I, Inc.; Valley Electric Holdings II, Inc.; and Wolf Energy Holdings Inc. ("Wolf Energy Holdings"). On October 10, 2014, concurrent with the sale of the operating company, our ownership increased to 100% of the outstanding equity of ARRM Services, Inc. which was renamed SB Forging Company, Inc. ("SB Forging"). As such, we began consolidating SB Forging on October 11, 2014. Effective May 23, 2016, in connection with the merger of American Property REIT Corp. ("APRC") and United Property REIT Corp. ("UPRC") with and into National Property REIT Corp. ("NPRC"), APH and UPH merged with and into NPH, and were dissolved. We collectively refer to these entities as the "Consolidated Holding Companies."

We are externally managed by our investment adviser, Prospect Capital Management L.P. ("Prospect Capital Management" or the "Investment Adviser"). Prospect Administration LLC ("Prospect Administration"), a wholly-owned subsidiary of the Investment Adviser, provides administrative services and facilities necessary for us to operate. Our investment objective is to generate both current income and long-term capital appreciation through debt and equity investments. We invest primarily in senior and subordinated debt and equity of private companies in need of capital for acquisitions, divestitures, growth, development, recapitalizations and other purposes. We work with the management teams or financial sponsors to seek investments with historical cash flows, asset collateral or contracted pro-forma cash flows.

We currently have nine strategies that guide our origination of investment opportunities: (1) lending to companies controlled by private equity sponsors, (2) lending to companies not controlled by private equity sponsors, (3) purchasing controlling equity positions and lending to operating companies, (4) purchasing controlling equity positions and lending to financial services companies, (5) purchasing controlling equity positions and lending to real estate companies, (6) purchasing controlling equity positions and lending to aircraft leasing companies (7) investing in structured credit (8) investing in non-agented debt and (9) investing in online loans. We may also invest in other strategies and opportunities from time to time that we view as attractive. We continue to evaluate other origination strategies in the ordinary course of business with no specific top-down allocation to any single origination strategy.

**Lending to Companies Controlled by Private Equity Sponsors** - We make agented loans to companies which are controlled by private equity sponsors. This debt can take the form of first lien, second lien, unitranche or unsecured loans. These loans typically have equity subordinate to our loan position. Historically, this strategy has comprised approximately 40%-60% of our portfolio.

**Lending to Companies not Controlled by Private Equity Sponsors** - We make loans to companies which are not controlled by private equity sponsors, such as companies that are controlled by the management team, the founder, a family or public shareholders. This origination strategy may have less competition to provide debt financing than the private-equity-sponsor origination strategy because such company financing needs are not easily addressed by banks and often require more diligence preparation. This origination strategy can result in investments with higher returns or lower leverage than the private-equity-sponsor origination strategy. Historically, this strategy has comprised up to approximately 15% of our portfolio.

**Purchasing Controlling Equity Positions and Lending to Operating Companies** - This strategy involves purchasing yield-producing debt and controlling equity positions in non-financial-services operating companies. We believe that we can provide enhanced certainty of closure and liquidity to sellers and we look for management to continue on in their current roles. This strategy has comprised approximately 5%-15% of our portfolio.

**Purchasing Controlling Equity Positions and Lending to Financial Services Companies** - This strategy involves purchasing yield-producing debt and control equity investments in financial services companies, including consumer direct lending, sub-prime auto lending and other strategies. These investments are often structured in tax-efficient partnerships, enhancing returns. This strategy has comprised approximately 5%-15% of our portfolio.

**Purchasing Controlling Equity Positions and Lending to Real Estate Companies** - We purchase debt and controlling equity positions in tax-efficient real estate investment trusts ("REIT" or "REITs"). NPRC's, an operating company and the surviving entity of the May 23, 2016 merger with APRC and UPRC, real estate investments are in various classes of developed and occupied real estate properties that generate current yields, including multi-family properties, student housing, and self-storage. NPRC seeks to identify properties that have historically significant occupancy rates and recurring cash flow generation. NPRC generally co-invests with established and experienced property management teams that manage such properties after acquisition. Additionally, NPRC purchases loans originated by certain consumer loan facilitators. It purchases each loan in its entirety (i.e., a "whole loan"). The borrowers are consumers, and the loans are typically serviced by the facilitators of the loans. This investment strategy has comprised approximately 10%-20% of our business.

**Purchasing Controlling Equity Positions and Lending to Aircraft Leasing Companies** - We invest in debt as well as equity in companies with aircraft assets subject to commercial leases to airlines across the globe. We believe that these investments can present attractive return opportunities due to cash flow consistency from long-term leases coupled with hard asset residual value. We believe that these investment companies seek to deliver risk-adjusted returns with strong downside protection by analyzing relative value characteristics across a variety of aircraft types and vintages. This strategy historically has comprised less than 5% of our portfolio.

**Investing in Structured Credit** - We make investments in CLOs, often taking a significant position in the subordinated interests (equity) of the CLOs. The underlying portfolio of each CLO investment is diversified across approximately 100 to 200 broadly syndicated loans and does not have direct exposure to real estate, mortgages, or consumer-based credit assets. The CLOs in which we invest are managed by established collateral management teams with many years of experience in the industry. This strategy has comprised approximately 10%-20% of our portfolio.

**Investing in Non-Agented Debt** - On a primary or secondary basis, we purchase primarily senior and secured loans and high yield bonds that have been sold to a club or syndicate of buyers. These investments are often purchased with a long term, buy-and-hold outlook, and we often look to provide significant input to the transaction by providing anchoring orders. This strategy has comprised approximately 5%-10% of our portfolio.

**Investing in Online Business Loans** - We purchase loans originated by certain small-and-medium-sized business ("SME") loan facilitators. We generally purchase each loan in its entirety (i.e., a "whole loan"). The borrowers are SMEs and the loans are typically serviced by the facilitators of the loans. This investment strategy has comprised up to approximately 1% of our portfolio.

We invest primarily in first and second lien secured loans and unsecured debt, which in some cases includes an equity component. First and second lien secured loans generally are senior debt instruments that rank ahead of unsecured debt of a given portfolio company. These loans also have the benefit of security interests on the assets of the portfolio company, which may rank ahead of or be junior to other security interests. Our investments in CLOs are subordinated to senior loans and are generally unsecured. We invest in debt and equity positions of CLOs which are a form of securitization in which the cash flows of a portfolio of loans are pooled and passed on to different classes of owners in various tranches. Our CLO investments are derived from portfolios of corporate debt securities which are generally risk rated from BB to B.

We hold many of our control investments in a two-tier structure consisting of a holding company and one or more related operating companies for tax purposes. These holding companies serve various business purposes including concentration of management teams, optimization of third party borrowing costs, improvement of supplier, customer, and insurance terms, and enhancement of co-investments by the management teams. In these cases, our investment, which is generally equity in the holding company, the holding company's equity investment in the operating company and any debt from us directly to the operating company structure represents our total exposure for the investment. As of December 31, 2017, as shown in our Consolidated Schedule of Investments, the cost basis and fair value of our investments in controlled companies was \$1,895,360 and \$2,011,922, respectively. This structure gives rise to several of the risks described in our public documents and highlighted elsewhere in this Quarterly Report. We consolidate all wholly-owned and substantially wholly-owned holding companies formed by us for the purpose of holding our controlled investments in operating companies. There is no significant effect of consolidating these holding companies as they hold minimal assets other than their investments in the controlled operating companies. Investment company accounting prohibits the consolidation of any operating companies.

#### Second Quarter Highlights

##### Investment Transactions

We seek to be a long-term investor with our portfolio companies. During the three months ended December 31, 2017, we acquired \$151,300 of new investments, completed follow-on investments in existing portfolio companies totaling approximately \$573,320, funded \$12,117 of revolver advances, and recorded paid in kind ("PIK") interest of \$2,000, resulting in gross investment originations of \$738,737. During the three months ended December 31, 2017, we received full repayments on 7 investments and received several partial prepayments and amortization payments totaling \$1,042,269.

##### Debt Issuances and Redemptions

During the three months ended December 31, 2017, we redeemed \$91,558 aggregate principal amount of our Prospect Capital InterNotes® at par with a weighted average interest rate of 4.79%, and repaid \$1,909 aggregate principal amount of Prospect Capital InterNotes® at par in accordance with the Survivor's Option, as defined in the InterNotes® Offering prospectus. As a result of these transactions, we recorded a loss in the amount of the unamortized debt issuance costs. The net loss on the extinguishment of Prospect Capital InterNotes® in the three months ended December 31, 2017 was \$488.

During the three months ended December 31, 2017 we issued \$24,775 aggregate principal amount of Prospect Capital InterNotes® with a stated and weighted average interest rate of 4.20%, to extend our borrowing base. The newly issued notes mature between October 15, 2022 and December 15, 2025 and generated net proceeds of \$24,401.

##### Equity Issuances

On October 19, 2017, November 22, 2017, and December 21, 2017, we issued 83,913, 98,276, and 488,141 shares of our common stock in connection with the dividend reinvestment plan, respectively.

##### Investment Holdings

As of December 31, 2017, we continue to pursue our investment strategy. At December 31, 2017, approximately \$5,421,132, or 161.9%, of our net assets are invested in 122 long-term portfolio investments and CLOs.

During the six months ended December 31, 2017, we originated \$960,888 of new investments, primarily composed of \$853,975 of debt and equity financing to non-controlled portfolio investments and \$106,913 of debt and equity financing to controlled investments. Our origination efforts are focused primarily on secured lending to non-control investments to reduce the risk in the portfolio by investing primarily in first lien loans, though we also continue to

close select junior debt and equity investments. Our annualized current yield was 12.5% and 12.2% as of December 31, 2017 and June 30, 2017, respectively, across all performing interest bearing investments, excluding equity investments and non-accrual loans. Our annualized current yield was 10.3% and

10.4% as of December 31, 2017 and June 30, 2017, respectively, across all investments. Monetization of equity positions that we hold and loans on non-accrual status are not included in this yield calculation. In many of our portfolio companies we hold equity positions, ranging from minority interests to majority stakes, which we expect over time to contribute to our investment returns. Some of these equity positions include features such as contractual minimum internal rates of returns, preferred distributions, flip structures and other features expected to generate additional investment returns, as well as contractual protections and preferences over junior equity, in addition to the yield and security offered by our cash flow and collateral debt protections.

We are a non-diversified company within the meaning of the 1940 Act. As required by the 1940 Act, we classify our investments by level of control. As defined in the 1940 Act, “Control Investments” are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of 25% or more of the voting securities of an investee company. Under the 1940 Act, “Affiliate Investments” are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person. “Non-Control/Non-Affiliate Investments” are those that are neither Control Investments nor Affiliate Investments.

As of December 31, 2017, we own controlling interests in the following portfolio companies: Arctic Energy Services, LLC (“Arctic Energy”); CCPI Inc. (“CCPI”); CP Energy Services Inc. (“CP Energy”); Credit Central Loan Company, LLC (“Credit Central”); Echelon Aviation LLC (“Echelon”); Edmentum Ultimate Holdings, LLC (“Edmentum”); First Tower Finance Company LLC (“First Tower Finance”); Freedom Marine Solutions, LLC (“Freedom Marine”); MITY, Inc. #### Investment Valuation

In determining the range of values for debt instruments, except CLOs and debt investments in controlling portfolio companies, management and the independent valuation firm estimated corporate and security credit ratings and identified corresponding yields to maturity for each loan from relevant market data. A discounted cash flow technique was then prepared using the appropriate yield to maturity as the discount rate, to determine a range of values. In determining the range of values for debt investments of controlled companies and equity investments, the enterprise value was determined by applying earnings before interest, income tax, depreciation and amortization (“EBITDA”) multiples, the discounted cash flow technique, net income and/or book value multiples for similar guideline public companies and/or similar recent investment transactions. For stressed debt and equity investments, a liquidation analysis was prepared.

In determining the range of values for our investments in CLOs, the independent valuation firm use both a discounted single-path cash flow model and a discounted multi-path cash flow model. The valuations were accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view as well as to determine an appropriate call date (i.e., expected maturity). These risk factors are sensitized in the multi-path cash flow model using Monte Carlo simulations, which is a simulation used to model the probability of different outcomes, to generate probability-weighted (i.e., multi-path) cash flows for the underlying assets and liabilities. These cash flows are discounted using appropriate market discount rates, and relevant data in the CLO market and certain benchmark credit indices are considered, to determine the value of each CLO investment. In addition, we generate a single-path cash flow utilizing our best estimate of expected cash receipts, and assess the reasonableness of the implied discount rate that would be effective for the value derived from the corresponding multi-path cash flow model.

With respect to our online consumer and SME lending initiative, we invest primarily in marketplace loans through marketplace lending facilitators. We do not conduct loan origination activities ourselves. Therefore, our ability to purchase consumer and SME loans, and our ability to grow our portfolio of consumer and SME loans, are directly influenced by the business performance and competitiveness of the marketplace loan origination business of the marketplace lending facilitators from which we purchase consumer and SME loans. In addition, our ability to analyze the risk-return profile of consumer and SME loans is significantly dependent on the marketplace facilitators' ability to effectively evaluate a borrower's credit profile and likelihood of default. If we are unable to effectively evaluate borrowers' credit profiles or the credit decisioning and scoring models implemented by each facilitator, we may incur unanticipated losses which could adversely impact our operating results.

The Board of Directors looked at several factors in determining where within the range to value the asset including: recent operating and financial trends for the asset, independent ratings obtained from third parties, comparable multiples for recent sales of companies within the industry and discounted cash flow models for our investments in CLOs. The composite of all these various valuation techniques, applied to each investment, was a total valuation of \$5,421,132.

Our portfolio companies are generally lower middle market companies, outside of the financial sector, with less than \$100,000 of annual EBITDA. We believe our investment portfolio has experienced less volatility than others because we believe there are more buy and hold investors who own these less liquid investments.

Control investments offer increased risk and reward over straight debt investments. Operating results and changes in market multiples can result in dramatic changes in values from quarter to quarter. Significant downturns in operations can further result in our looking to recoveries on sales of assets rather than the enterprise value of the investment. Equity positions in our portfolio are susceptible to potentially significant changes in value, both increases as well as decreases, due to changes in operating results and market multiples. Several of our controlled companies discussed below experienced such changes and we recorded corresponding fluctuations in valuations during the six months ended December 31, 2017.

#### Arctic Energy Services, LLC

Prospect owns 100% of the equity of Arctic Oilfield Equipment USA, Inc. ("Arctic Equipment"), a Consolidated Holding Company. Arctic Equipment owns 70% of the equity of Arctic Energy, with Ailport Holdings, LLC (100% owned and controlled by Arctic Energy management) owning the remaining 30% of the equity of Arctic Energy. Arctic Energy provides oilfield service personnel, well testing flowback equipment, frac support systems and other services to exploration and development companies in the Rocky Mountains.

The Board of Directors increased the fair value of our investment in Arctic Energy to \$24,158 as of December 31, 2017, reflecting a discount of \$36,718 to its amortized cost, compared to a discount of \$43,506 to its amortized cost as of June 30, 2017. The increase in fair value was driven by an improvement in operating performance.

#### CP Energy Services Inc.

Prospect owns 100% of the equity of CP Holdings, a Consolidated Holding Company. CP Holdings owns 82.3% of the equity of CP Energy, and the remaining 17.7% of the equity is owned by CP Energy management. CP Energy provides oilfield flowback services and fluid hauling and disposal services through its subsidiaries.

As a result of improved operating performance, the Board of Directors increased the fair value of our investment in CP Energy to \$86,557 as of December 31, 2017, reflecting a discount of \$26,943 to its amortized cost, compared to a discount of \$41,284 to its amortized cost as of June 30, 2017.

#### Edmentum Ultimate Holdings, LLC

Prospect owns 37.1% of the equity of Edmentum Ultimate Holdings, LLC ("Edmentum Holdings"). Edmentum Holdings owns 100% of the equity of Edmentum, Inc. ("Edmentum"). Edmentum is the largest all subscription based, software as a service provider of online curriculum and assessments to the U.S. education market. Edmentum provides high-value, comprehensive online solutions that support educators to successfully transition learners from one stage to the next.

On June 9, 2015, Prospect provided additional debt and equity financing to support the recapitalization of Edmentum. As part of the recapitalization, Prospect exchanged 100% of the \$50,000 second lien term loan previously outstanding for \$26,365 of junior paid in kind ("PIK") notes and 370,964.14 Class A common units representing 37.1% equity ownership in Edmentum Holdings. In addition, Prospect invested \$5,875 in senior PIK notes and committed \$7,834 as

part of a second lien revolving credit facility, of which \$4,896 was funded at closing. On June 9, 2015, our investment in Edmentum was written-down for tax purposes and a loss of \$22,116 was therefore realized for the amount that the amortized cost exceeded the fair value, reducing the amortized cost to \$37,216.

The Board of Directors decreased the fair value of our investment in Edmentum to \$31,362 as of December 31, 2017, reflecting a discount of \$11,343 to its amortized cost, compared to a premium of \$1,750 to its amortized cost as of June 30, 2017. The decrease in fair value was driven by lower sales coupled with compressed margins.

#### First Tower Finance Company LLC

We own 80.1% of First Tower Finance, which owns 100% of First Tower, LLC (“First Tower”), the operating company. First Tower is a multiline specialty finance company based in Flowood, Mississippi with over 170 branch offices. On June 15, 2012, we acquired 80.1% of First Tower businesses. As of June 30, 2016, First Tower had \$432,639 of finance receivables net of unearned charges. As of June 30, 2017, First Tower’s total debt outstanding to parties senior to us was \$304,337.

The Board of Directors increased the fair value of our investment in First Tower to \$405,030, representing a premium of 20% to its amortized cost basis, as of December 31, 2017, from \$365,588, representing a premium of 8% to its amortized cost basis, as of June 30, 2017. The increase in fair value was driven by increases in trading multiples of comparable companies.

#### Freedom Marine Solutions, LLC

Prospect owns 100% of the equity of Energy Solutions, a Consolidated Holding Company. Energy Solutions owns 100% of Freedom Marine. Freedom Marine owns 100% of each of Vessel Company, LLC, Vessel Company II, LLC, and Vessel Company III, LLC. Freedom Marine owns, manages, and operates offshore supply vessels to provide transportation and support services for the oil and gas exploration and production industries in the Gulf of Mexico. On October 30, 2015, we restructured our investment in Freedom Marine. Concurrent with the restructuring, we exchanged our \$32,500 senior secured loans for additional membership interest in Freedom Marine.

The Board of Directors increased the fair value of our investment in Freedom Marine to \$25,266 as of December 31, 2017, a discount of \$17,546 to its amortized cost, compared to a discount of \$18,616 to its amortized cost as of June 30, 2017. The increase in fair value was driven by improved operating results.

#### National Property REIT Corp.

NPRC is a Maryland corporation and a qualified REIT for federal income tax purposes. NPRC is held for purposes of investing, operating, financing, leasing, managing and selling a portfolio of real estate assets and engages in any and all other activities that may be necessary, incidental, or convenient to perform the foregoing. NPRC acquires real estate assets, including, but not limited to, industrial, commercial, and multi-family properties. NPRC may acquire real estate assets directly or through joint ventures by making a majority equity investment in a property-owning entity. Additionally, through its wholly-owned subsidiaries, NPRC invests in online consumer loans. Effective May 23, 2016, APRC and UPRC merged with and into NPRC, to consolidate all of our real estate holdings, with NPRC as the surviving entity. As of December 31, 2017, we own 100% of the fully-diluted common equity of NPRC.

During the six months ended December 31, 2017, we provided \$52,914 of equity financing to NPRC for the acquisition of real estate properties and \$1,112 of debt and \$7,881 of equity financing to NPRC to fund capital expenditures for existing real estate properties.

During the six months ended December 31, 2017, we provided \$19,233 and \$10,356 of debt and equity financing, respectively, to NPRC and its wholly-owned subsidiaries to support the online consumer loans and online consumer loan backed products. In addition, during the six months ended December 31, 2017, we received partial repayments of \$28,307 of our loans previously outstanding with NPRC and its wholly-owned subsidiaries and \$10,403 as a return of capital on our equity investment in NPRC.

The online consumer loan investments held by certain of NPRC’s wholly-owned subsidiaries are unsecured obligations of individual borrowers that are issued in amounts ranging from \$1 to \$50, with fixed terms ranging from 24 to 84 months. As of December 31, 2017, the outstanding investment in online consumer loans by certain of NPRC’s wholly-owned subsidiaries was comprised of 105,315 individual loans and one securitization equity residual, and had an aggregate fair value of \$629,837. The average outstanding individual loan balance was approximately \$6 and the loans mature on dates ranging from January 1, 2018 to January 3, 2025 with a weighted-average outstanding term of 29 months as of December 31, 2017. Fixed interest rates range from 4.0% to 36.0% with a weighted-average current interest rate of 24.8%. As of December 31, 2017, our investment in NPRC and its wholly-owned subsidiaries relating to online consumer lending had a fair value of \$330,019.

As of December 31, 2017, based on outstanding principal balance, 4.5% of the portfolio was invested in super prime loans (borrowers with a Fair Isaac Corporation (“FICO”) score, of 720 or greater), 14.1% of the portfolio in prime loans (borrowers with a FICO score of 660 to 719) and 81.4% of the portfolio in near prime loans (borrowers with a FICO score of 580 to 659, a portion of which are considered sub-prime).

Loan Type	Outstanding Principal Balance	Fair Value	Weighted Average Interest Rate*
Super Prime	\$ 28,643	\$27,730	13.3%
Prime	90,104	85,268	16.0%
Near Prime**	521,139	483,150	26.9%

\*Weighted by outstanding principal balance of the online consumer loans.

\*\*A portion of these loans are sub-prime borrowers.

As of December 31, 2017, our investment in NPRC and its wholly-owned subsidiaries had an amortized cost of \$843,859 and a fair value of \$1,048,375, including our investment in online consumer lending as discussed above. The fair value of \$718,356 related to NPRC’s real estate portfolio was comprised of forty multi-families properties, twelve self-storage units, eight student housing properties and three commercial properties. The following table shows the location, acquisition date, purchase price, and mortgage outstanding due to other parties for each of the properties held by NPRC as of December 31, 2017.

The Board of Directors increased the fair value of our investment in NPRC to \$1,048,375 as of December 31, 2017, a premium of \$204,516 from its amortized cost, compared to the \$197,008 premium recorded at June 30, 2017. This increase is primarily attributable to increases in property values.

NMMB, Inc.

Prospect owns 100% of the equity of NMMB Holdings, a Consolidated Holding Company. NMMB Holdings owns 96.33% of the fully-diluted equity of NMMB (f/k/a NMMB Acquisition, Inc.), with NMMB management owning the remaining 3.67% of the equity. NMMB owns 100% of Refuel Agency, Inc. ("Refuel Agency"). Refuel Agency owns 100% of Armed Forces Communications, Inc. NMMB is an advertising media buying business.

Due to reduced operating expenses resulting from a realignment of operations, new initiatives and improved focus on core business segments, the Board of Directors increased the fair value of our investment in NMMB to \$21,228 as of December 31, 2017, a discount of \$2,255 to its amortized cost, compared to the discount of \$2,658 to its amortized cost at June 30, 2017.

R-V Industries, Inc.

Prospect owns 88.27% of the fully-diluted equity of R-V Industries, Inc. ("R-V"), with R-V management owning the remaining 11.73% of the equity. R-V is an industrial engineering and metal fabrication company specializing in designing, building, and installing industrial process equipment for customers throughout the U.S. and worldwide. The Board of Directors decreased the fair value of our investment in R-V to \$31,408 as of December 31, 2017, a discount of \$4,080 to its amortized cost, compared to a discount of \$2,811 to its amortized cost as of June 30, 2017. The decrease in fair value was driven by higher operating expenses.

USES Corp.

We own 99.96% of USES as of December 31, 2017. USES provides industrial and environmental services in the Gulf States region. USES offers industrial services, such as tank and chemical cleaning, hydro blasting, waste management, vacuum, safety training, turnaround management, and oilfield response/remediation services.

On June 15, 2016, we provided additional \$1,300 debt financing to USES and its subsidiaries in the form of additional Term Loan A debt and, in connection with such Term Loan A debt financing, USES issued to us 99,900 shares of its common stock. On June 29, 2016, we provided additional \$2,200 debt financing to USES and its subsidiaries in the form of additional Term Loan A debt and, in connection with such Term Loan A debt financing, USES issued to us 169,062 shares of its common stock. As a result of such debt financing and recapitalization, as of June 29, 2016, we held 268,962 shares of USES common stock representing a 99.96% common equity ownership interest in USES.

Due to an industry-wide decline in emergency response activity as well as a decline in revenues from other service lines, the Board of Directors determined the fair value of our investment in USES to be \$6,655 as of December 31, 2017, a discount of \$60,515 from its amortized cost, compared to \$51,655 of unrealized depreciation at June 30, 2017.

Valley Electric Company, Inc.

We own 94.99% of Valley Electric as of December 31, 2017. Valley Electric owns 100% of the equity of VE Company, Inc., which owns 100% of the equity of Valley Electric Co. of Mt. Vernon, Inc. ("Valley"). Valley is a leading provider of specialty electrical services in the state of Washington and is among the top 50 electrical contractors in the U.S. The company, with its headquarters in Everett, Washington, offers a comprehensive array of contracting services, primarily for commercial, industrial, and transportation infrastructure applications, including new installation, engineering and design, design-build, traffic lighting and signalization, low to medium voltage power distribution, construction management, energy management and control systems, 24-hour electrical maintenance and testing, as well as special projects and tenant improvement services. Valley was founded in 1982 by the Ward family, who held the company until the end of 2012.

On December 31, 2012, we acquired 96.3% of the outstanding shares of Valley. On June 24, 2014, Prospect and management of Valley formed Valley Electric and contributed their shares of Valley stock to Valley Electric. Valley management made an additional equity investment in Valley Electric, reducing our ownership to 94.99%.

Due to increased project margins partially offset by the softening of the energy markets, the Board of Directors determined the fair value of our investment in Valley Electric to be \$40,931 as of December 31, 2017, a discount of \$22,427 from its amortized cost, compared to the \$29,749 unrealized depreciation recorded at June 30, 2017.

Our controlled investments, other than those discussed above, have seen steady or improved operating performance and are valued at \$26,096 above cost. Overall, combined with those portfolio companies impacted by the energy markets and discussed above, our controlled investments at December 31, 2017 are valued at \$116,562 above their amortized cost.

With the non-control/non-affiliate investments, generally, there is less volatility related to our total investments because our equity positions tend to be smaller than with our control/affiliate investments, and debt investments are generally not as susceptible to large swings in value as equity investments. For debt investments, the fair value is generally limited on the high side to each loan's par value, plus any prepayment premium that could be imposed. Many of the debt investments in this category have not experienced a significant change in value, as they were previously valued at or near par value. Non-control/non-affiliate investments did not experience significant changes and are

generally performing as expected or better. However, as of December 31, 2017, two of our non-control/non-affiliate investments - Pacific World Corporation and United Sporting Companies, Inc. ("USC") - are valued at

discounts to amortized cost of \$29,589, and \$84,785, respectively. As of December 31, 2017, our CLO investment portfolio is valued at a \$127,095 discount to amortized cost. Excluding these investments, non-control/non-affiliate investments at December 31, 2017 are valued \$11,596 below their amortized cost.

#### Capitalization

Our investment activities are capital intensive and the availability and cost of capital is a critical component of our business. We capitalize our business with a combination of debt and equity. Our debt as of December 31, 2017 consists of: a Revolving Credit Facility availing us of the ability to borrow debt subject to borrowing base determinations; Convertible Notes which we issued in August 2012, December 2012, April 2014 and April 2017; Public Notes which we issued in March 2013, April 2014, December 2015, and from time to time, through our 2024 Notes Follow-on Program; and Prospect Capital InterNotes® which we issue from time to time. Our equity capital is comprised entirely of common equity.

The following table shows our outstanding debt as of December 31, 2017.

As permitted by ASC 825-10-25, we have not elected to value our Revolving Credit Facility, Convertible Notes, (1) Public Notes and Prospect Capital InterNotes® at fair value. The fair value of these debt obligations are categorized as Level 2 under ASC 820 as of December 31, 2017.

(2) The maximum draw amount of the Revolving Credit facility as of December 31, 2017 is \$885,000.

(3) Net Carrying Value excludes deferred financing costs associated with the Revolving Credit Facility. See Critical Accounting Policies and Estimates for accounting policy details.

(4) We use available market quotes to estimate the fair value of the Convertible Notes and Public Notes.

(5) The fair value of Prospect Capital InterNotes® is estimated by discounting remaining payments using current Treasury rates plus spread.

(6) Represents the rate on drawn down and outstanding balances. Deferred debt issuance costs are amortized on a straight-line method over the stated life of the obligation.

The effective interest rate is equal to the effect of the stated interest, the accretion of original issue discount and (7) amortization of debt issuance costs. For the 2024 Notes, the rate presented is a combined effective interest rate of the 2024 Notes and 2024 Notes Follow-on Program.

For the Prospect Capital InterNotes®, the rate presented is the weighted average effective interest rate. Interest (8) expense and deferred debt issuance costs, which are amortized on a straight-line method over the stated life of the obligation which approximates level yield, are weighted against the average year-to-date principal balance.

Historically, we have funded a portion of our cash needs through borrowings from banks, issuances of senior securities, including secured, unsecured and convertible debt securities, or issuances of common equity. For flexibility, we maintain a universal shelf registration statement that allows for the public offering and sale of our debt securities, common stock, preferred stock, subscription rights, and warrants and units to purchase such securities in an amount up to \$5,000,000 less issuances to date. As of December 31, 2017, we can issue up to \$4,639,035 of additional debt and equity securities in the public market under this shelf registration. We may from time to time issue securities pursuant to the shelf registration statement or otherwise pursuant to private offerings. The issuance of debt or equity securities will depend on future market conditions, funding needs and other factors and there can be no assurance that any such issuance will occur or be successful.

Each of our Convertible Notes, Public Notes and Prospect Capital InterNotes® (collectively, our “Unsecured Notes”) are our general, unsecured obligations and rank equal in right of payment with all of our existing and future unsecured indebtedness and will be senior in right of payment to any of our subordinated indebtedness that may be issued in the future. The Unsecured Notes are effectively subordinated to our existing secured indebtedness, such as our credit facility, and future secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to any existing and future liabilities and other indebtedness of any of our subsidiaries.

#### Revolving Credit Facility

On August 29, 2014, we renegotiated our previous credit facility and closed an expanded five and a half year revolving credit facility (the “2014 Facility” or the “Revolving Credit Facility”). The lenders have extended commitments of \$885,000 under the 2014 Facility as of December 31, 2017. The 2014 Facility includes an accordion feature which allows commitments to be increased up to \$1,500,000 in the aggregate. The revolving period of the 2014 Facility extends through March 2019, with an additional one year amortization period (with distributions allowed) after the completion of the revolving period. During such one year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the one year amortization period, the remaining balance will become due, if required by the lenders.

The 2014 Facility contains restrictions pertaining to the geographic and industry concentrations of funded loans, maximum size of funded loans, interest rate payment frequency of funded loans, maturity dates of funded loans and minimum equity requirements. The 2014 Facility also contains certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, violation of which could result in the early termination of the 2014 Facility. The 2014 Facility also requires the maintenance of a minimum liquidity requirement. As of December 31, 2017, we were in compliance with the applicable covenants.

Interest on borrowings under the 2014 Facility is one-month LIBOR plus 225 basis points. Additionally, the lenders charge a fee on the unused portion of the 2014 Facility equal to either 50 basis points if at least 35% of the credit facility is drawn or 100 basis points otherwise. The 2014 Facility requires us to pledge assets as collateral in order to borrow under the credit facility.

As of December 31, 2017 and June 30, 2017, we had \$508,851 and \$665,409, respectively, available to us for borrowing under the Revolving Credit Facility, of which nothing was outstanding at either date. As additional eligible investments are transferred to PCF and pledged under the Revolving Credit Facility, PCF will generate additional availability up to the current commitment amount of \$885,000. As of December 31, 2017, the investments, including cash and money market funds, used as collateral for the Revolving Credit Facility had an aggregate fair value of \$1,305,210, which represents 22.1% of our total investments, including cash and money market funds. These assets are held and owned by PCF, a bankruptcy remote special purpose entity, and as such, these investments are not available to our general creditors. The release of any assets from PCF requires the approval of the facility agent. In connection with the origination and amendments of the Revolving Credit Facility, we incurred \$12,405 of new fees and \$3,539 were carried over for continuing participants from the previous facility, all of which are being amortized over the term of the facility in accordance with ASC 470-50. As of December 31, 2017, \$3,394 remains to be amortized and is reflected as deferred financing costs on the Consolidated Statements of Assets and Liabilities. During the three months ended December 31, 2017 and December 31, 2016, we recorded \$3,387 and \$3,066, respectively, of interest costs, unused fees and amortization of financing costs on the Revolving Credit Facility as interest expense. During the six months ended December 31, 2017 and December 31, 2016, we recorded \$6,341 and \$6,029, respectively, of interest costs, unused fees and amortization of financing costs on the Revolving Credit Facility as interest expense.

#### Convertible Notes

On February 18, 2011, we issued \$172,500 aggregate principal amount of convertible notes that matured on August 15, 2016 (the "2016 Notes"). The 2016 Notes bore interest at a rate of 5.50% per year, payable semi-annually on February 15 and August 15 of each year, beginning August 15, 2011. On April 6, 2017, we repurchased \$78,766 aggregate principal amount of the 2017 Notes at a price of 102.0, including commissions. The transaction resulted in our recognizing a \$1,786 loss during the three months ended June 30, 2017. On October 15, 2017, we repaid the outstanding principal amount of the 2017 Notes, plus interest. No gain or loss was realized on the transaction.

On August 14, 2012, we issued \$200,000 aggregate principal amount of convertible notes that mature on March 15, 2018 (the "2018 Notes"), unless previously converted or repurchased in accordance with their terms. The 2018 Notes bear interest at a rate of 5.75% per year, payable semi-annually on March 15 and September 15 of each year, beginning March 15, 2013. Total proceeds from the issuance of the 2018 Notes, net of underwriting discounts and offering costs, were \$193,600. On April 6, 2017, we repurchased \$114,581 aggregate principal amount of the 2018 Notes at a price of 103.5, including commissions. The transaction resulted in our recognizing a \$4,700 loss during the three months ended June 30, 2017.

On December 21, 2012, we issued \$200,000 aggregate principal amount of convertible notes that mature on January 15, 2019 (the "2019 Notes"), unless previously converted or repurchased in accordance with their terms. The 2019 Notes bear interest at a rate of 5.875% per year, payable semi-annually on January 15 and July 15 of each year, beginning July 15, 2013. Total proceeds from the issuance of the 2019 Notes, net of underwriting discounts and

offering costs, were \$193,600.

On April 11, 2014, we issued \$400,000 aggregate principal amount of convertible notes that mature on April 15, 2020 (the "2020 Notes"), unless previously converted or repurchased in accordance with their terms. The 2020 Notes bear interest at a rate of 4.75% per year, payable semi-annually on April 15 and October 15 each year, beginning October 15, 2014. Total proceeds from the issuance of the 2020 Notes, net of underwriting discounts and offering costs, were \$387,500. On January 30, 2015, we repurchased \$8,000 aggregate principal amount of the 2020 Notes at a price of 93.0, including commissions. As a result of this

transaction, we recorded a gain of \$332, in the amount of the difference between the reacquisition price and the net carrying amount of the notes, net of the proportionate amount of unamortized debt issuance costs.

On April 11, 2017, we issued \$225,000 aggregate principal amount of convertible notes that mature on July 15, 2022 (the “2022 Notes”), unless previously converted or repurchased in accordance with their terms. The 2022 Notes bear interest at a rate of 4.95% per year, payable semi-annually on January 15 and July 15 each year, beginning July 15, 2017. (1) Conversion rates denominated in shares of common stock per \$1 principal amount of the Convertible Notes converted.

(2) Represents conversion rate and conversion price, as applicable, taking into account certain de minimis adjustments that will be made on the conversion date.

(3) The conversion price will increase only if the current monthly dividends (per share) exceed the dividend threshold amount (per share).

The conversion rate is increased if monthly cash dividends paid to common shares exceed the monthly dividend (4) threshold amount, subject to adjustment. Current dividend rates are at or below the minimum dividend threshold amount for further conversion rate adjustments for all bonds.

Upon conversion, unless a holder converts after a record date for an interest payment but prior to the corresponding interest payment date, the holder will receive a separate cash payment with respect to the notes surrendered for conversion representing accrued and unpaid interest to, but not including, the conversion date. Any such payment will be made on the settlement date applicable to the relevant conversion on the Convertible Notes.

No holder of Convertible Notes will be entitled to receive shares of our common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder) of more than 5.0% of the shares of our common stock outstanding at such time. The 5.0% limitation shall no longer apply following the effective date of any fundamental change. We will not issue any shares in connection with the conversion or redemption of the Convertible Notes which would equal or exceed 20% of the shares outstanding at the time of the transaction in accordance with NASDAQ rules.

Subject to certain exceptions, holders may require us to repurchase, for cash, all or part of their Convertible Notes upon a fundamental change at a price equal to 100% of the principal amount of the Convertible Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a fundamental change that constitutes a non-stock change of control we will also pay holders an amount in cash equal to the present value of all remaining interest payments (without duplication of the foregoing amounts) on such Convertible Notes through and including the maturity date.

In connection with the issuance of the Convertible Notes, we incurred \$32,147 of fees which are being amortized over the terms of the notes, of which \$13,186 remains to be amortized and is included as a reduction within Convertible Notes on the Consolidated Statement of Assets and Liabilities as of December 31, 2017.

During the three months ended December 31, 2017 and December 31, 2016, we recorded \$13,003 and \$13,477, respectively, of interest costs and amortization of financing costs on the Convertible Notes as interest expense. During the six months ended December 31, 2017 and December 31, 2016, we recorded \$26,659 and \$28,190, respectively, of interest costs and amortization of financing costs on the Convertible Notes as interest expense.

In connection with the issuance of Prospect Capital InterNotes®, we incurred \$24,485 of fees which are being amortized over the term of the notes, of which \$13,114 remains to be amortized and is included as a reduction within Prospect Capital InterNotes® on the Consolidated Statement of Assets and Liabilities as of December 31, 2017. During the three months ended December 31, 2017 and December 31, 2016, we recorded \$11,910 and \$13,247, respectively, of interest costs and amortization of financing costs on the Prospect Capital InterNotes® as interest expense. During the six months ended December 31, 2017 and December 31, 2016, we recorded \$25,294 and \$26,460, respectively, of interest costs and amortization of financing costs on the Prospect Capital InterNotes® as interest expense.

#### Net Asset Value

During the six months ended December 31, 2017 our net asset value decreased by \$0.04 per share. This decrease is primarily from dividends exceeding net investment income by \$9,634, or \$0.03 per share. Our net investment income decreased primarily from a decrease in interest income due to reduced returns from our structured credit investments as a result of lower future expected cash flows and decreases in interest income due to repayments on investments.

The following table shows the calculation of net asset value per share as of December 31, 2017 and June 30, 2017.

	December 31, 2017	June 30, 2017
Net assets	\$3,348,412	\$3,354,952
Shares of common stock issued and outstanding	360,980,752	360,076,933
Net asset value per share	\$9.28	\$9.32
Results of Operations		

Net increase in net assets resulting from operations for the three months ended December 31, 2017 and December 31, 2016 was \$121,727 and \$100,880, respectively. During the three months ended December 31, 2017, the \$20,847 increase is primarily due

to an increase in net change in unrealized gains on investments of \$54,695 recognized for three months ended December 31, 2017 compared to a \$16,681 increase in net change in unrealized gains recognized for the three months ended December 31, 2016. This increase was partially offset by a \$21,410, or \$0.06 per share, decline in interest income primarily due to returns from our structured credit investments as a result of lower future expected cash flows and decreases in interest income due to repayments on investments.

Net increase in net assets resulting from operations for the six months ended December 31, 2017 and December 31, 2016 was \$133,700 and \$182,246, respectively. The \$48,546 decrease is primarily due to a \$44,975, or \$0.12 per share, decline in interest income due to reduced returns from our structured credit investments as a result of lower future expected cash flows and decreases in interest income due to repayments on investments.

While we seek to maximize gains and minimize losses, our investments in portfolio companies can expose our capital to risks greater than those we may anticipate. These companies typically do not issue securities rated investment grade, and have limited resources, limited operating history, and concentrated product lines or customers. These are generally private companies with limited operating information available and are likely to depend on a small core of management talents. Changes in any of these factors can have a significant impact on the value of the portfolio company.

#### Investment Income

We generate revenue in the form of interest income on the debt securities that we own, dividend income on any common or preferred stock that we own, and fees generated from the structuring of new deals. Our investments, if in the form of debt securities, will typically have a term of one to ten years and bear interest at a fixed or floating rate. To the extent achievable, we will seek to collateralize our investments by obtaining security interests in our portfolio companies' assets. We also may acquire minority or majority equity interests in our portfolio companies, which may pay cash or in-kind dividends on a recurring or otherwise negotiated basis. In addition, we may generate revenue in other forms including prepayment penalties and possibly consulting fees. Any such fees generated in connection with our investments are recognized as earned.

Investment income, which consists of interest income, including accretion of loan origination fees and prepayment penalty fees, dividend income and other income, including settlement of net profits interests, overriding royalty interests and structuring fees, was \$162,400 and \$183,480 for the three months ended December 31, 2017 and December 31, 2016, respectively. Investment income was \$320,979 and \$363,312 for the six months ended December 31, 2017 and December 31, 2016, respectively. Investment income decreased from prior periods primarily due to reduced returns from our structured credit investments due to lower future expected cash flows and decreases in interest income due to lower interest earning assets outstanding.

The following table describes the various components of investment income and the related levels of debt investments:

	Three Months Ended December 31,		Six Months Ended December 31,	
	2017	2016	2017	2016

Average interest income producing assets decreased from \$5,679,706 for the three months ended December 31, 2016 to \$5,541,686 for the three months ended December 31, 2017. We have not been fully invested, which along with non-performing assets, contributed to the decline. The average interest earned on interest bearing performing assets decreased from 12.04% for the three months ended December 31, 2016 to 10.83% for the three months ended December 31, 2017. The decrease is primarily due to reduced returns from our structured credit investments due to lower future expected cash flows and decreases in interest income due to repayments on investments.

Average interest income producing assets decreased from \$5,683,930 for the six months ended December 31, 2016 to \$5,482,245 for the six months ended December 31, 2017. The average interest earned on interest bearing performing assets decreased from 12.06% for the six months ended December 31, 2016 to 10.88% for the six months ended December 31, 2017. The decrease is primarily due to reduced returns from our structured credit investments due to lower future expected cash flows and decreases in interest income due to repayments on investments.

Investment income is also generated from dividends and other income which is less predictable than interest income. Dividend income decreased from \$1,379 for the three months ended December 31, 2016 to \$325 for the three months ended December 31, 2017. The \$1,054 decrease in dividend income is primarily attributable to a \$739 dividend received from our investment in Nationwide Loan Company LLC ("NAC") and a \$468 dividend received from our investment in MITY, Inc. ("Mity") during the three months ended December 31, 2016. No such dividend was received from NAC or Mity during the three months ended December 31, 2017. Dividend income decreased from \$3,763 for the six months ended December 31, 2016 to \$870 for the six months ended December 31, 2017. The \$2,893 decrease in dividend income is primarily attributable to a \$2,580 dividend received from our investment in NAC, a \$468 dividend received from our investment in Mity and a \$123 dividend received from our investment in CCPI, Inc. ("CCPI") during the six months ended December 31, 2016. No such dividend was received from NAC, Mity or CCPI during the six months ended December 31, 2017.

Other income has come primarily from structuring fees, royalty interests, and settlement of net profits interests. Income from other sources increased to \$8,692 for the three months ended December 31, 2017 from \$7,310 for the three months ended December 31, 2016. The \$1,382 increase is primarily attributable to an increase in structuring fees and amendment fees which are generated from new originations as well as from follow-on investments and amendments to existing portfolio companies.

Income from other sources was \$18,642 and \$13,108 for the six months ended December 31, 2017 and December 31, 2016, respectively. Included within other income is \$11,197 and \$10,273 of structuring fees for the six months ended December 31, 2017 and December 31, 2016. The increase in structuring fees is due to an increased level of originations in non-control, broadly syndicated portfolio investments during the six months ended December 31, 2017.

#### Operating Expenses

Our primary operating expenses consist of investment advisory fees (base management and income incentive fees), borrowing costs, legal and professional fees, overhead-related expenses and other operating expenses. These expenses include our allocable portion of overhead under the Administration Agreement with Prospect Administration under which Prospect Administration provides administrative services and facilities for us. Our investment advisory fees compensate the Investment Adviser for its work in identifying, evaluating, negotiating, closing and monitoring our investments. We bear all other costs and expenses of our operations and transactions. Operating expenses were \$89,208 and \$99,075 for the three months ended December 31, 2017 and December 31, 2016, respectively. Operating expenses were \$184,055 and \$199,988 for the six months ended December 31, 2017 and December 31, 2016, respectively.

Total gross base management fee was \$29,742 and \$31,095 for the three months ended December 31, 2017 and December 31, 2016, respectively. The decrease in total gross base management fee is directly related a decrease in average total assets. The Investment Adviser has entered into a servicing agreement with certain institutions who purchased loans with us, where we serve as the agent and collect a servicing fee on behalf of the Investment Adviser. We received payments of \$183 and \$209 from these institutions for the three months ended December 31, 2017 and

December 31, 2016, respectively, on behalf of the Investment Adviser, for providing such services under the servicing agreement. We were given a credit for these payments as a reduction of base management fee payable by us to the Investment Adviser resulting in net base management fees of \$29,559 and \$30,886 for the three months ended December 31, 2017 and December 31, 2016, respectively.

Total gross base management fee was \$60,121 and \$62,435 for the six months ended December 31, 2017 and December 31, 2016, respectively. The decrease in total gross base management fee is directly related a decrease in average total assets. The Investment Adviser has entered into a servicing agreement with certain institutions who purchased loans with us, where we serve as the agent and collect a servicing fee on behalf of the Investment Adviser. We received payments of \$399 and \$757 from these institutions for the six months ended December 31, 2017 and December 31, 2016, respectively, on behalf of the Investment Adviser, for

providing such services under the servicing agreement. We were given a credit for these payments as a reduction of base management fee payable by us to the Investment Adviser resulting in net base management fees of \$59,722 and \$61,678 for the six months ended December 31, 2017 and December 31, 2016, respectively.

For the three months ended December 31, 2017 and December 31, 2016, we incurred \$18,298 and \$21,101 of income incentive fees, respectively (\$0.05 and \$0.06 per weighted average share, respectively). This decrease was driven by a corresponding decrease in pre-incentive fee net investment income from \$105,506 for the three months ended December 31, 2016 to \$91,940 for the three months ended December 31, 2017, primarily from decreases in interest income due to reduced returns from our structured credit investments due to lower future expected cash flows and repayments on investments. No capital gains incentive fee has yet been incurred pursuant to the Investment Advisory Agreement.

For the six months ended December 31, 2017 and December 31, 2016, we incurred \$34,231 and \$40,831 of income incentive fees, respectively (\$0.10 and \$0.11 per weighted average share, respectively). This decrease was driven by a corresponding decrease in pre-incentive fee net investment income from \$204,155 for the six months ended December 31, 2016 to \$171,155 for the six months ended December 31, 2017, primarily from decreases in interest income due to reduced returns from our structured credit investments due to lower future expected cash flows and repayments on investments. No capital gains incentive fee has yet been incurred pursuant to the Investment Advisory Agreement. During the three months ended December 31, 2017 and December 31, 2016, we incurred \$39,347 and \$40,848 respectively, of interest expenses related to our Revolving Credit Facility, Convertible Notes, Public Notes and Prospect Capital InterNotes® (collectively, our “Notes”). During the six months ended December 31, 2017 and December 31, 2016, we incurred \$80,382 and \$82,517 respectively, of interest expenses related to our Notes. These expenses are related directly to the leveraging capacity put into place for each of those periods and the levels of indebtedness actually undertaken in those periods.

The table below describes the various expenses of our Notes and the related indicators of leveraging capacity and indebtedness during these years.

	Three Months Ended December 31,		Six Months Ended December 31,	
	2017	2016	2017	2016
Interest on borrowings	\$34,130	\$35,454	\$69,668	\$71,168

Annualized weighted average interest rate on borrowings <sup>(2)</sup>	6.08	% 6.17	% 6.12	% 6.21

(1) Includes only the stated interest expense.

(2) Includes the stated interest expense, amortization of deferred financing costs, accretion of discount on Public Notes and commitment fees on the undrawn portion of our Revolving Credit Facility.

Interest expense is relatively stable for the three months ended December 31, 2017 as compared to three months ended December 31, 2016. The weighted average stated interest rate on borrowings (excluding amortization, accretion and undrawn facility fees) decreased from 5.35% for the three months ended December 31, 2016 to 5.30% for the three months ended December 31, 2017. This decrease is primarily due to the repurchases and maturities of our Convertible Notes and Prospect Capital InterNotes® which yielded higher rates than the remaining debt.

Interest expense is relatively stable for the six months ended December 31, 2017 as compared to six months ended December 31, 2016. The weighted average stated interest rate on borrowings (excluding amortization, accretion and undrawn facility fees) decreased from 5.35% for the six months ended December 31, 2016 to 5.27% for the six months ended December 31, 2017. This decrease is primarily due to the repurchases and maturities of our Convertible Notes and Prospect Capital InterNotes® which yielded higher rates than the remaining debt.

The allocation of gross overhead expense from Prospect Administration was \$3,827 and \$3,566 for the three months ended December 31, 2017 and December 31, 2016, respectively. Prospect Administration received estimated payments of \$4,651 and \$909 directly from our portfolio companies, insurance carrier, and certain funds managed by the Investment Adviser for legal, tax and portfolio level accounting services during the three months ended December 31, 2017 and December 31, 2016, respectively. We were given a credit for these payments as a reduction of the administrative services cost payable by us to Prospect Administration. Had Prospect Administration not received these payments, Prospect Administration's charges for its administrative services would have increased by these amounts. Net overhead during the three months ended December 31, 2017 and December 31, 2016 totaled \$(824) and \$2,657, respectively.

The allocation of gross overhead expense from Prospect Administration was \$8,496 and \$8,437 for the six months ended December 31, 2017 and December 31, 2016, respectively. Prospect Administration received estimated payments of \$5,792 and \$2,247 directly from our portfolio companies, insurance carrier, and certain funds managed by the Investment Adviser for legal, tax and portfolio level accounting services during the six months ended December 31, 2017 and December 31, 2016, respectively. We were given a credit for these payments as a reduction of the administrative services cost payable by us to Prospect Administration. Had Prospect Administration not received these payments, Prospect Administration's charges for its administrative services would have increased by these amounts. Net overhead during the six months ended December 31, 2017 and December 31, 2016 totaled \$2,704 and \$6,190, respectively.

Total operating expenses, excluding investment advisory fees, interest and credit facility expenses, and allocation of overhead from Prospect Administration ("Other Operating Expenses"), net of any expense reimbursements, were at \$7,016 and \$7,088 for the six months ended December 31, 2017 and December 31, 2016, respectively.

#### Net Investment Income

Net investment income represents the difference between investment income and operating expenses. Net investment income was \$73,192 and \$84,405 for the three months ended December 31, 2017 and December 31, 2016, respectively. Net investment income for the three months ended December 31, 2017 and December 31, 2016 was \$0.20 and \$0.24 per weighted average share, respectively. During the three months ended December 31, 2017, the decrease of \$11,213, or \$0.04 per weighted average share, is primarily due to the decrease in interest income by \$21,410, or \$0.06 per weighted average share, which is due to reduced returns from our structured credit investments due to lower future expected cash flows, an increase in foregone interest from our non-accrual investments, and a decrease in interest income due to lower levels of performing investments. This decrease was offset by a \$4,131, or \$0.01 per weighted average share, decrease in investment advisory fees.

Net investment income was \$136,924 and \$163,324 for the six months ended December 31, 2017 and December 31, 2016, respectively. Net investment income for the six months ended December 31, 2017 and December 31, 2016 was \$0.38 and \$0.46 per weighted average share, respectively. During the six months ended December 31, 2017, the decrease of \$26,400, or \$0.08 per weighted average share, is primarily due to the decrease in interest income by \$44,975, or \$0.13 per weighted average share, which is due to reduced returns from our structured credit investments due to lower future expected cash flows, an increase in foregone interest from our non-accrual investments, and a decrease in interest income due to lower levels of performing investments. This decrease was offset by a \$8,557, or \$0.02 per weighted average share, decrease in investment advisory fees.

#### Net Realized (Losses) Gains

During the three months ended December 31, 2017, we recognized a net realized loss of \$5,673, an unfavorable increase in losses of \$5,591 compared to the \$82 net realized loss recognized during the three months ended December 31, 2016. During the six months ended December 31, 2017, we recognized a net realized loss of \$4,236, an unfavorable increase in losses of \$4,868 compared to the \$632 net realized gain recognized during the six months ended December 31, 2016. The net realized losses in 2017 were primarily related to the repayment of our investment in Primesport, for which we agreed to a payment to satisfy the loan less than the par amount and realized a loss of \$3,019. Additionally, during the three months ended December 31, 2017, we recognized realized losses of \$2,494 and \$826 from our call of investments in Apidos IX CLO and Madison IX CLO, respectively.

#### Change in Unrealized Gains (Losses), Net

During the three months ended December 31, 2017, net unrealized losses decreased by \$54,695 primarily due to positive trends in the broader market. Improvements in the consumer finance industry and energy sector resulted in increased net unrealized gains of \$30,945 and reduced unrealized losses of \$24,168, respectively, related to our investments in Credit Central, First Tower, Nationwide and Arctic Energy and Spartan Energy. Our investment in NPRC contributed \$11,236 of net unrealized gains, driven by a \$23,292 increase in fair value due to improved operating results and favorable market conditions for the underlying real estate portfolio, partially offset by a \$12,056 decline in NPRC's online lending portfolio resulting from an increase in delinquent loans. The remaining net unrealized gain was primarily due to a reduction of the unrealized losses for our investment in PrimeSport. Our

investment in PrimeSport repaid and the previously recorded unrealized loss was reversed. These favorable changes were partially offset by a \$12,047 unrealized loss related to our CLO portfolio, primarily due to an increase in defaults and ratings migration in the underlying collateral and an increase in the LIBOR rate. Additionally, the value of our investment in USC decreased by \$13,757 due to both a decline in operating performance and the overall decline in demand for firearms and ammunition.

During the three months ended December 31, 2016, net unrealized losses decreased by \$16,681 primarily due to positive trends in the broader market. Reductions in unrealized losses on our CLO equity investments comprised \$39,591 of the total net change in unrealized losses, consistent with positive trends in the broader market, and we also increased the value of our investment in NMMB by \$5,404 due to improved operating performance. These favorable changes were partially offset by unrealized losses on our energy-related investments of \$3,349 and a decline in our online lending portfolio of \$11,894 resulting from an increase in delinquent loans. The remaining \$13,071 increase in unrealized losses is primarily a result of declined operating performance in Pacific World.

Net change in unrealized gains (losses) was \$1,944 and \$18,475 for the six months ended December 31, 2017 and December 31, 2016, respectively. For the six months ended December 31, 2017, the \$1,944 net change in unrealized gains was primarily the result of \$56,802 unrealized losses in our CLO portfolio due to a decline in the weighted average spread in the underlying senior secured loan portfolios, increase in discount rates, and collateral losses. The value of our investment in USC decreased by \$27,164 due to both a decline in operating performance and the overall decline in demand for firearms and ammunition. These unrealized losses were offset by unrealized gains primarily in our investments in consumer financing - Credit Central and First Tower -comprising \$51,121 and energy - Arctic Energy, CP Energy and Spartan Energy - comprising \$39,742.

During the six months ended December 31, 2016, net unrealized losses decreased by \$18,475 due to positive trends in the broader market. Unrealized gains on our CLO equity investments comprised \$16,027 of the total net change in unrealized gains, consistent with positive trends in the broader market, and unrealized gains on our REIT investment comprised \$36,001 of total net change in unrealized gains for the six months ended December 31, 2016 primarily due to improved operating performance at the property level. These gains were partially offset by unrealized losses on our energy-related investments of \$27,827. Additionally, the value of our investment in Pacific World decreased by \$10,830 due to a decline in operating performance, and our online lending portfolio declined in value by \$14,189 due to an increase in delinquent loans. The remaining \$19,292 increase in net unrealized gains was due to operating improvements across multiple investments and industries.

#### Financial Condition, Liquidity and Capital Resources

For the six months ended December 31, 2017 and December 31, 2016, our operating activities provided \$500,148 and \$128,165 of cash, respectively. There were no investing activities for the six months ended December 31, 2017 and December 31, 2016. Financing activities used \$343,755 and \$242,052 of cash during the six months ended December 31, 2017 and December 31, 2016, respectively, which included dividend payments of \$148,587 and \$163,409, respectively. Our primary uses of funds have been to continue to invest in portfolio companies, through both debt and equity investments, repay outstanding borrowings and to make cash distributions to holders of our common stock.

Our primary sources of funds have historically been issuances of debt and equity. More recently, we have and may continue to fund a portion of our cash needs through repayments and opportunistic sales of our existing investment portfolio. We may also securitize a portion of our investments in unsecured or senior secured loans or other assets. Our objective is to put in place such borrowings in order to enable us to expand our portfolio. During the six months ended December 31, 2017, we borrowed \$341,000 and we made repayments totaling \$341,000 under the Revolving Credit Facility. As of December 31, 2017, we had, net of unamortized discount and debt issuance costs, \$889,233 outstanding on the Convertible Notes, \$739,318 outstanding on the Public Notes and \$824,383 outstanding on the Prospect Capital InterNotes®, and no outstanding balance on the Revolving Credit Facility. (See “Capitalization” above.)

Undrawn committed revolvers and delayed draw term loans to our portfolio companies incur commitment and unused fees ranging from 0.00% to 4.00%. As of December 31, 2017 and June 30, 2017, we had \$20,017 and \$22,925, respectively, of undrawn revolver and delayed draw term loan commitments to our portfolio companies. The fair value of our undrawn committed revolvers and delayed draw term loans was zero as of December 31, 2017 and June 30, 2017.

Our shareholders' equity accounts as of December 31, 2017 and June 30, 2017 reflect cumulative shares issued, net of shares repurchased, as of those respective dates. Our common stock has been issued through public offerings, a registered direct offering, the exercise of over-allotment options on the part of the underwriters, our dividend reinvestment plan and in connection with the acquisition of certain controlled portfolio companies. When our common stock is issued, the related offering expenses have been charged against paid-in capital in excess of par. All underwriting fees and offering expenses were borne by us.

As part of our Repurchase Program, we delivered a notice with our annual proxy mailing on September 22, 2017. We did not repurchase any shares of our common stock for the six months ended December 31, 2017 or December 31, 2016.

On August 31, 2016, we filed a registration statement on Form N-2 (File No. 333-213391) with the SEC. We subsequently filed a Pre-Effective Amendment No. 2 thereto on November 1, 2016, which the SEC declared effective on November 3, 2016. On October 26, 2017, we filed Post-Effective Amendment No. 50 to the registration statement, which the SEC declared effective on October 30, 2017. The registration statement permits us to issue, through one or more transactions, up to an aggregate of \$5,000,000 in securities, consisting of common stock, preferred stock, debt securities, subscription rights to purchase our securities, warrants representing rights to purchase our securities or separately tradeable units combining two or more of our securities. As of December 31, 2017, we have the ability to issue up to \$4,639,035 in securities under the registration statement.

#### Off-Balance Sheet Arrangements

As of December 31, 2017, we did not have any off-balance sheet liabilities or other contractual obligations that are reasonably likely to have a current or future material effect on our financial condition, other than those which originate from 1) the investment advisory and management agreement and the administration agreement and 2) the portfolio companies.

#### Recent Developments

On January 5, 2018, we made a \$10,000 first lien and \$50,000 second lien secured investment in Research Now Group, Inc., a provider of customer surveys for market research activities.

On January 23, 2018, we made a \$12,500 Senior Secured Term Loan A and \$12,500 Senior Secured Term Loan B investment in Luminex Home Decor & Fragrance Company, LLC, a manufacturer and designer of decorative candles.

On January 29, 2018, we made a \$70,000 first lien senior secured investment in Town & Country Holdings, Inc., a manufacturer and designer of kitchen textiles and table linens.

We have provided notice to call on January 12, 2018 with settlement on February 15, 2018, \$37,210 of our Prospect Capital InterNotes® at par maturing between February 15, 2019 and August 15, 2020, with a weighted average rate of 4.80%.

During the period from January 1, 2018 through February 7, 2018 we issued \$7,922 aggregate principal amount of Prospect Capital InterNotes® for net proceeds of \$7,813.

On February 7, 2018, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.06 per share for February 2018 to holders of record on February 28, 2018 with a payment date of March 22, 2018.

\$0.06 per share for March 2018 to holders of record on March 30, 2018 with a payment date of April 19, 2018.

\$0.06 per share for April 2018 to holders of record on April 30, 2018 with a payment date of May 24, 2018.

#### Critical Accounting Policies and Estimates

##### Basis of Presentation and Consolidation

The accompanying consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles (“GAAP”) pursuant to the requirements for reporting on Form 10-Q, ASC 946, Financial Services—Investment Companies (“ASC 946”), and Articles 6, 10 and 12 of Regulation S-X. Under the 1940 Act, ASC 946, and the regulations pursuant to Article 6 of Regulation S-X, we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services to benefit us. Our consolidated financial statements include the accounts of Prospect, PCF, PSBL, PYC, and the Consolidated Holding Companies. All intercompany balances and transactions have been eliminated in consolidation. The financial results of our non-substantially wholly-owned holding companies and operating portfolio company investments are not consolidated in the financial statements. Any operating companies owned by the Consolidated Holding Companies are not consolidated.

##### Reclassifications

Certain reclassifications have been made in the presentation of prior consolidated financial statements and accompanying notes to conform to the presentation as of and for the three and six months ended December 31, 2017.

### Use of Estimates

The preparation of the consolidated financial statements in accordance with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of income, expenses, and gains and losses during the reported period. Changes in the economic environment, financial markets, creditworthiness of the issuers of our investment portfolio and any other parameters used in determining these estimates could cause actual results to differ, and these differences could be material.

### Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. As required by the 1940 Act, we classify our investments by level of control. As defined in the 1940 Act, “Control Investments” are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of more than 25% of the voting securities of an investee company. Under the 1940 Act, “Affiliate Investments” are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person. “Non-Control/Non-Affiliate Investments” are those that are neither Control Investments nor Affiliate Investments.

As a BDC, we must not acquire any assets other than “qualifying assets” specified in the 1940 Act unless, at the time the acquisition is made, at least 70% of our total assets are qualifying assets (with certain limited exceptions). As of December 31, 2017 and June 30, 2017, our qualifying assets as a percentage of total assets, stood at 72.16% and 71.75%, respectively.

### Investment Transactions

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. In accordance with ASC 325-40, Beneficial Interest in Securitized Financial Assets, investments in CLOs are periodically assessed for other-than-temporary impairment (“OTTI”). When the Company determines that a CLO has OTTI, the amortized cost basis of the CLO is written down to its fair value as of the date of the determination based on events and information evaluated and that write-down is recognized as a realized loss. Amounts for investments traded but not yet settled are reported in Due to Broker or Due from Broker, in the Consolidated Statements of Assets and Liabilities.

### Foreign Currency

Foreign currency amounts are translated into US Dollars (USD) on the following basis:

- i. fair value of investment securities, other assets and liabilities—at the spot exchange rate on the last business day of the period; and
- ii. purchases and sales of investment securities, income and expenses—at the rates of exchange prevailing on the respective dates of such investment transactions, income or expenses.

We do not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in fair values of investments held or disposed of during the period. Such fluctuations are included within the net realized and net change in unrealized gains or losses from investments in the Consolidated Statements of Operations.

### Investment Risks

Our investments are subject to a variety of risks. Those risks include the following:

#### Market Risk

Market risk represents the potential loss that can be caused by a change in the fair value of the financial instrument.

#### Credit Risk

Credit risk represents the risk that we would incur if the counterparties failed to perform pursuant to the terms of their agreements with us.

#### Liquidity Risk

Liquidity risk represents the possibility that we may not be able to rapidly adjust the size of our investment positions in times of high volatility and financial stress at a reasonable price.

#### Interest Rate Risk

Interest rate risk represents a change in interest rates, which could result in an adverse change in the fair value of an interest-bearing financial instrument.

#### Prepayment Risk

Many of our debt investments allow for prepayment of principal without penalty. Downward changes in interest rates may cause prepayments to occur at a faster than expected rate, thereby effectively shortening the maturity of the security and making us less likely to fully earn all of the expected income of that security and reinvesting in a lower yielding instrument.

#### Structured Credit Related Risk

CLO investments may be riskier and less transparent to us than direct investments in underlying companies. CLOs typically will have no significant assets other than their underlying senior secured loans. Therefore, payments on CLO investments are and will be payable solely from the cash flows from such senior secured loans.

#### Online Small-and-Medium-Sized Business Lending Risk

With respect to our online SME lending initiative, we invest primarily in marketplace loans through marketplace lending facilitators. We do not conduct loan origination activities ourselves. Therefore, our ability to purchase SME loans, and our ability to grow our portfolio of SME loans, is directly influenced by the business performance and competitiveness of the marketplace loan origination business of the marketplace lending facilitators from which we purchase SME loans. In addition, our ability to analyze the risk-return profile of SME loans is significantly dependent on the marketplace facilitators' ability to effectively evaluate a borrower's credit profile and likelihood of default. If we are unable to effectively evaluate borrowers' credit profiles or the credit decisioning and scoring models implemented by each facilitator, we may incur unanticipated losses which could adversely impact our operating results.

#### Foreign Currency

Investments denominated in foreign currencies and foreign currency transactions may involve certain considerations and risks not typically associated with those of domestic origin. These risks include, but are not limited to, currency fluctuations and revaluations and future adverse political, social and economic developments, which could cause investments in foreign markets to be less liquid and prices more volatile than those of comparable U.S. companies or U.S. government securities.

#### Investment Valuation

To value our investments, we follow the guidance of ASC 820, Fair Value Measurement ("ASC 820"), that defines fair value, establishes a framework for measuring fair value in conformity with accounting principles generally accepted in the United States of America ("GAAP"), and requires disclosures about fair value measurements. In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by us at the measurement date.

Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.

Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below.

1. Each portfolio company or investment is reviewed by our investment professionals with independent valuation firms engaged by our Board of Directors.
2. The independent valuation firms prepare independent valuations for each investment based on their own independent assessments and issue their report.
3. The Audit Committee of our Board of Directors reviews and discusses with the independent valuation firms the valuation reports, and then makes a recommendation to the Board of Directors of the value for each investment.
4. The Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of the Investment Adviser, the respective independent valuation firm and the Audit Committee.

Our non-CLO investments are valued utilizing a yield technique, enterprise value (“EV”) technique, net asset value technique, liquidation technique, discounted cash flow technique, or a combination of techniques, as appropriate. The yield technique uses loan spreads for loans and other relevant information implied by market data involving identical or comparable assets or liabilities. Under the EV technique, the EV of a portfolio company is first determined and allocated over the portfolio company’s securities in order of their preference relative to one another (i.e., “waterfall” allocation). To determine the EV, we typically use a market (multiples) valuation approach that considers relevant and applicable market trading data of guideline public companies, transaction metrics from precedent merger and acquisitions transactions, and/or a discounted cash flow technique. The net asset value technique, an income approach, is used to derive a value of an underlying investment (such as real estate property) by dividing a relevant earnings stream by an appropriate capitalization rate. For this purpose, we consider capitalization rates for similar properties as may be obtained from guideline public companies and/or relevant transactions. The liquidation technique is intended to approximate the net recovery value of an investment based on, among other things, assumptions regarding liquidation proceeds based on a hypothetical liquidation of a portfolio company’s assets. The discounted cash flow technique converts future cash flows or earnings to a range of fair values from which a single estimate may be derived utilizing an appropriate discount rate. The fair value measurement is based on the net present value indicated by current market expectations about those future amounts.

In applying these methodologies, additional factors that we consider in valuing our investments may include, as we deem relevant: security covenants, call protection provisions, and information rights; the nature and realizable value of any collateral; the portfolio company’s ability to make payments; the principal markets in which the portfolio company does business; publicly available financial ratios of peer companies; the principal market; and enterprise values, among other factors.

Our investments in CLOs are classified as Level 3 fair value measured securities under ASC 820 and are valued using both a discounted single-path cash flow model and a discounted multi-path cash flow model. The CLO structures are analyzed to identify the risk exposures and to determine an appropriate call date (i.e., expected maturity). These risk factors are sensitized in the multi-path cash flow model using Monte Carlo simulations, which is a simulation used to model the probability of different outcomes, to generate probability-weighted (i.e., multi-path) cash flows from the underlying assets and liabilities. These cash flows, after payments to debt tranches senior to our equity positions, are discounted using appropriate market discount rates, and relevant data in the CLO market as well as certain benchmark credit indices are considered, to determine the value of each CLO investment. In addition, we generate a single-path cash flow utilizing our best estimate of expected cash receipts, and assess the reasonableness of the implied discount rate that would be effective for the value derived from the multi-path cash flows. We are not responsible for and have no influence over the asset management of the portfolios underlying the CLO investments we hold, as those portfolios are managed by non-affiliated third party CLO collateral managers. The main risk factors are default risk, prepayment risk, interest rate risk, downgrade risk, and credit spread risk.

Valuation of Other Financial Assets and Financial Liabilities

ASC 825, Financial Instruments, specifically ASC 825-10-25, permits an entity to choose, at specified election dates, to measure eligible items at fair value (the “Fair Value Option”). We have not elected the Fair Value Option to report selected financial assets and financial liabilities. See Note 8 in the accompanying Consolidated Financial Statements for further discussion of our financial liabilities that are measured using another measurement attribute.

### Convertible Notes

We have recorded the Convertible Notes at their contractual amounts. We have determined that the embedded conversion options in the Convertible Unsecured Notes are not required to be separately accounted for as a derivative under ASC 815, Derivatives and Hedging. See Note 5 in the accompanying Consolidated Financial Statements for further discussion.

### Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Loan origination fees, original issue discount, and market discounts are capitalized and accreted into interest income over the respective terms of the applicable loans using the effective interest method or straight-line, as applicable, and adjusted only for material amendments or prepayments. Upon a prepayment of a loan, prepayment premiums, original issue discount, or market discounts are recorded as interest income.

Loans are placed on non-accrual status when there is reasonable doubt that principal or interest will be collected. Unpaid accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans are either applied to the cost basis or interest income, depending upon management's judgment of the collectibility of the loan receivable. Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management's judgment, is likely to remain current and future principal and interest collections when due are probable. Interest received and applied against cost while a loan is on non-accrual, and PIK interest capitalized but not recognized while on non-accrual, is recognized prospectively on the effective yield basis through maturity of the loan when placed back on accrual status, to the extent deemed collectible by management. As of December 31, 2017, approximately 1.2% of our total assets at fair value are in non-accrual status.

Some of our loans and other investments may have contractual payment-in-kind ("PIK") interest or dividends. PIK income computed at the contractual rate is accrued into income and reflected as receivable up to the capitalization date. PIK investments offer issuers the option at each payment date of making payments in cash or in additional securities. When additional securities are received, they typically have the same terms, including maturity dates and interest rates as the original securities issued. On these payment dates, we capitalize the accrued interest (reflecting such amounts in the basis as additional securities received). PIK generally becomes due at maturity of the investment or upon the investment being called by the issuer. At the point that we believe PIK is not fully expected to be realized, the PIK investment will be placed on non-accrual status. When a PIK investment is placed on non-accrual status, the accrued, uncapitalized interest or dividends are reversed from the related receivable through interest or dividend income, respectively. We do not reverse previously capitalized PIK interest or dividends. Upon capitalization, PIK is subject to the fair value estimates associated with their related investments. PIK investments on non-accrual status are restored to accrual status if we believe that PIK is expected to be realized.

Interest income from investments in the "equity" class of security of CLO funds (typically preferred shares, income notes or subordinated notes) and "equity" class of security of securitized trust is recorded based upon an estimation of an effective yield to expected maturity utilizing assumed cash flows in accordance with ASC 325-40, Beneficial Interests in Securitized Financial Assets. We monitor the expected cash inflows from our CLO and securitized trust equity investments, including the expected residual payments, and the effective yield is determined and updated periodically.

Dividend income is recorded on the ex-dividend date.

Other income generally includes amendment fees, commitment fees, administrative agent fees and structuring fees which are recorded when earned. Excess deal deposits, net profits interests and overriding royalty interests are included in other income. See Note 10 in the accompanying Consolidated Financial Statements for further discussion.

### Federal and State Income Taxes

We have elected to be treated as a RIC and intend to continue to comply with the requirements of the Code applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gain to stockholders; therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book

and tax differences are reclassified to paid-in capital.

If we do not distribute (or are not deemed to have distributed) at least 98% of our annual ordinary income and 98.2% of our capital gains in the calendar year earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual ordinary income and 98.2% of our capital gains exceed the distributions from such taxable income for the year. To the

extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such taxable income, we accrue excise taxes, if any, on estimated excess taxable income. As of December 31, 2017, we do not expect to have any excise tax due for the 2017 calendar year. Thus, we have not accrued any excise tax for this period.

If we fail to satisfy the annual distribution requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate income tax rates. We would not be able to deduct distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to qualified dividend income to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of five years.

We follow ASC 740, Income Taxes (“ASC 740”). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the consolidated financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year.

December 2017As of December 31, 2017 and for the three and six months then ended, we did not record any unrecognized tax benefits or liabilities. Management’s determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof. Although we file both federal and state income tax returns, our major tax jurisdiction is federal. Our federal tax returns for the tax years ended August 31, 2014 and thereafter remain subject to examination by the Internal Revenue Service.

#### Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a monthly dividend or distribution is approved by our Board of Directors quarterly and is generally based upon our management’s estimate of our future taxable earnings. Net realized capital gains, if any, are distributed at least annually.

#### Financing Costs

We record origination expenses related to our Revolving Credit Facility and the Unsecured Notes as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method over the stated life of the obligation for our Revolving Credit Facility. The same methodology is used to approximate the effective yield method for our Prospect Capital InterNotes® and our 2024 Notes Follow-on Program. The effective interest method is used to amortize deferred financing costs for our remaining Unsecured Notes over the respective expected life or maturity. In the event that we modify or extinguish our debt before maturity, we follow the guidance in ASC 470-50, Modification and Extinguishments (“ASC 470-50”). For modifications to or exchanges of our Revolving Credit Facility, any unamortized deferred costs relating to lenders who are not part of the new lending group are expensed. For extinguishments of our Unsecured Notes, any unamortized deferred costs are deducted from the carrying amount of the debt in determining the gain or loss from the extinguishment.

Unamortized deferred financing costs are presented as a direct deduction to the respective Unsecured Notes (see Notes 5, 6, and 7 in the accompanying Consolidated Financial Statements for further discussion).

We may record registration expenses related to shelf filings as prepaid expenses. These expenses consist principally of SEC registration fees, legal fees and accounting fees incurred. These prepaid expenses are charged to capital upon the receipt of proceeds from an equity offering or charged to expense if no offering is completed. As of December 31, 2017 and June 30, 2017, there are no prepaid expenses related to registration expenses and all amounts incurred have

been expensed.

#### Guarantees and Indemnification Agreements

We follow ASC 460, Guarantees (“ASC 460”). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual consolidated financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

#### Per Share Information

Net increase or decrease in net assets resulting from operations per share is calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, convertible securities are not considered in the calculation of net asset value per share.

#### Recent Accounting Pronouncements

In June 2016, the FASB issued ASU 2016-13, Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments (“ASU 2016-13”), which amends the financial instruments impairment guidance so that an entity is required to measure expected credit losses for financial assets based on historical experience, current conditions and reasonable and supportable forecasts. As such, an entity will use forward-looking information to estimate credit losses. ASU 2016-13 also amends the guidance in FASB ASC Subtopic No. 325-40, Investments-Other, Beneficial Interests in Securitized Financial Assets, related to the subsequent measurement of accretable yield recognized as interest income over the life of a beneficial interest in securitized financial assets under the effective yield method. ASU 2016-13 is effective for financial statements issued for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Early adoption is permitted as of the fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are currently evaluating the impact, if any, of adopting this ASU on our consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments (“ASU 2016-15”), which addresses certain aspects of cash flow statement classification. One such amendment requires cash payments for debt prepayment or debt extinguishment costs to be classified as cash outflows for financing activities. ASU 2016-15 is effective for financial statements issued for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. An entity that elects early adoption must adopt all of the amendments in the same period. The adoption of the amended guidance in ASU 2016-15 is not expected to have a significant effect on our consolidated financial statements and disclosures.

#### Item 3. Quantitative and Qualitative Disclosures about Market Risk

We are subject to financial market risks, including changes in interest rates and equity price risk. Interest rate sensitivity refers to the change in our earnings that may result from changes in the level of interest rates impacting some of the loans in our portfolio which have floating interest rates. Additionally, because we fund a portion of our investments with borrowings, our net investment income is affected by the difference between the rate at which we invest and the rate at which we borrow. As a result, there can be no assurance that a significant change in market interest rates will not have a material adverse effect on our net investment income. See “Risk Factors - Risks Relating to Our Business - Changes in interest rates may affect our cost of capital and net investment income”.

Our debt investments may be based on floating rates or fixed rates. For our floating rate loans the rates are determined from the LIBOR, EURO Interbank Offer Rate, the Federal Funds Rate or the Prime Rate. The floating interest rate loans may be subject to a LIBOR floor. Our loans typically have durations of one to three months after which they reset to current market interest rates. As of December 31, 2017, 89.3% of the interest earning investments in our portfolio, at fair value, bore interest at floating rates.

We also have a revolving credit facility and certain Prospect Capital InterNotes® issuances that are based on floating LIBOR rates. Interest on borrowings under the revolving credit facility is one-month LIBOR plus 225 basis points with no minimum LIBOR floor and there is no outstanding balance as of December 31, 2017. Interest on five Prospect Capital InterNotes® is three-month LIBOR plus a range of 300 to 350 basis points with no minimum LIBOR floor. The Convertible Notes, Public Notes and remaining Prospect Capital InterNotes® bear interest at fixed rates.

The following table shows the approximate annual impact on net investment income of base rate changes in interest rates (considering interest rate flows for floating rate instruments, excluding our investments in CLO residual interests) to our loan portfolio and outstanding debt as of December 31, 2017, assuming no changes in our investment and borrowing structure:

(in thousands) Basis Point Change	Interest Income	Interest Expense	Net Investment Income	Net Investment Income (1)
Up 300 basis points	\$96,350	\$ 43	\$ 96,307	\$ 77,046
Up 200 basis points	63,644	29	63,615	50,892
Up 100 basis points	31,271	14	31,257	25,006
Down 100 basis points	(12,187 )	(24 )	(12,163 )	(9,730 )

(1) Includes the impact of income incentive fees. See Note 13 in the accompanying Consolidated Financial Statements for more information on income incentive fees.

As of December 31, 2017, one and three month LIBOR was 1.56% and 1.69%, respectively.

We may hedge against interest rate fluctuations by using standard hedging instruments such as futures, options and forward contracts subject to the requirements of the 1940 Act. While hedging activities may insulate us against adverse changes in interest rates, they may also limit our ability to participate in the benefits of higher interest rates with respect to our portfolio of investments. During the year ended December 31, 2017, we did not engage in hedging activities.

#### Item 4. Controls and Procedures

##### Evaluation of Disclosure Controls and Procedures

As of December 31, 2017, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the 1934 Act). Based on that evaluation, our management, including the Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective and provided reasonable assurance that information required to be disclosed in our periodic SEC filings is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. However, in evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of such possible controls and procedures.

##### Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting during the quarter ended December 31, 2017, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II

### Item 1. Legal Proceedings

From time to time, we may become involved in various investigations, claims and legal proceedings that arise in the ordinary course of our business. These matters may relate to intellectual property, employment, tax, regulation, contract or other matters. The resolution of such matters as may arise will be subject to various uncertainties and, even if such claims are without merit, could result in the expenditure of significant financial and managerial resources. We are not aware of any material legal proceedings as of December 31, 2017.

### Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended June 30, 2017, which could materially affect our business, financial condition or future results. The risks described in this report and in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition or future results.

### Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Not applicable.

### Item 3. Defaults Upon Senior Securities

Not applicable.

### Item 4. Mine Safety Disclosures

Not applicable.

### Item 5. Other Information

Not applicable.

### Item 6. Exhibits
