(iii) prior to the Merger of Shares, as defined below, BRASKEM shall be the direct holder of 80.98% of the total voting capital of Riopol, due to (i) QUATTOR's capital reduction approved at the Extraordinary General Meeting held on June 29, 2010, upon which QUATTOR returned to BRASKEM, its only shareholder, the eight hundred and thirty-nine million, one hundred and ninety thousand, two hundred and fifty-five (839,190,255) common shares and one hundred and ninety (190) preferred shares issued by RIOPOL previously held by QUATTOR; and (ii) the acquisition, by BRASKEM, of one hundred and ninety million, seven hundred and eighty-four thousand, six hundred and seventy-four (190,784,674) common shares and thirty (30) preferred shares issued by RIOPOL, upon the exercise, by BNDES PARTICIPAÇÕES S.A. Share Purchase Agreement and Other Covenants (Share Purchase Agreement), which has as its subject matter the acquisition, by BRASKEM, as the undertaker of the obligations of UNIPAR União de Indústrias Petroquímicas S.A., of 60% of the shares issued by RIOPOL held by BNDESPAR, it being certain that the other shares representing the total voting capital of RIOPOL are held by BRASKEM's controlled company, Quattor Petroquímica S.A. (QUATTOR PETROQUÍMICA), and by Petróleo Brasileiro S.A. Petrobras (Petrobras), in the ratio of 9.02% and 10%, respectively;

(iv) the Parties wish to promote the merger of RIOPOL's shares into BRASKEM, pursuant to article 252 of Law No. 6,404/76 (Corporation Law) for the reasons described herein, so that RIOPOL becomes a wholly-owned subsidiary of BRASKEM, and the shareholders of RIOPOL receive BRASKEM's shares, based on the Replacement Ratio set forth herein;

IN WITNESS WHEREOF, the Parties decide to enter into this Protocol and Justification of Merger of Shares (Protocol and Justification), pursuant to articles 224, 225, 252 and 264 of the Corporation Law, under the following terms and conditions:

CLAUSE ONE PROPOSED TRANSACTION AND JUSTIFICATION

1.1. Proposed Transaction. The transaction consists of the merger of all of the shares issued by RIOPOL into BRASKEM, with the subsequent conversion of RIOPOL into a wholly-owned subsidiary of BRASKEM, under the terms of article 252 of the Corporation Law (Merger of Shares or Transaction).

1.1.1. As a result of the Merger of Shares, RIOPOL's shareholders shall receive, in replacement of the shares issued by RIOPOL held by them, the shares issued by BRASKEM, according to the Replacement Ratio set forth in Clause 2.1 below.

1.2. Justification of the Merger of Shares. The Transaction is being carried with the purpose of (i) increasing BRASKEM's and RIOPOL's competitiveness and efficiency, so that they may face the competition from international companies; (ii) simplifying BRASKEM's and RIOPOL's current corporate structure, through the migration of RIOPOL's current shareholders to BRASKEM, preserving the legal entity, but reducing administrative costs.

CLAUSE TWO REPLACEMENT RATIO

2.1. Replacement Ratio. As a result of the Merger of RIOPOL's Shares, 0.010064743789 class A preferred share issued by BRASKEM shall be attributed to each one (1) common or preferred share issued by RIOPOL (Replacement Ratio). Possible fractions of BRASKEM's shares resulting from the application of the Replacement Ratio shall not be taken into consideration and the respective shares shall not be issued.

2.2. Criteria used to Determine the Replacement Ratio. The Replacement Ratio set forth above was supported by BRASKEM's and RIOPOL's economic values calculated according to the criterion of discounted cash flow, in the case of BRASKEM, QUATTOR, QUATTOR PETROQUÍMICA, Quattor Química S.A. (Quattor Química) and RIOPOL, and according to the criterion of transaction multiples of comparable companies, in the case of IQ Soluções e Química S.A., Polibutenos S.A. Indústrias Químicas and Divisão Química, according to evaluations previously elaborated in an independent manner by Banco Bradesco BBI S.A., a financial institution enrolled in the National Register of Legal Entities (CNPJ/MF) under No.

06.271.464/0073-93, with its principal place of business at Av. Paulista nº 1.450, 8º andar, in the City and State of São Paulo (Bradesco BBI) on the base date of September 30, 2009, which can be found in Exhibit I hereto (Economic and Financial Appraisal). For the establishment of the Replacement Ratio, Braskem's economic value per share was calculated considering the sum of Braskem's economic value and the total amount of Braskem's capital increase ratified on April 14, 2010, divided by the total number of shares of Braskem after the capital increase (except the treasury shares). The choice and retaining of Bradesco BBI shall be ratified by the shareholders of BRASKEM and RIOPOL.

2.2.1. The managements of Braskem and Riopol understand that the Merger of Shares is equitable for their respective shareholders, taking into consideration that the Transaction is a consequence of the independent negotiation entered into by and between Petróleo Brasileiro S.A. - Petrobras (Petrobras) and BRASKEM for the QUATTOR Merger of Shares.

CLAUSE THREE- CRITERIA FOR APPRAISAL OF BRASKEM'S AND RIOPOL'S SHARES

3.1. Economic and Financial Appraisal. Bradesco BBI appraised BRASKEM and RIOPOL, under the terms described in Clause 2.2 above, in order to determine the Replacement Ratio.

3.2. Equity Appraisal. The shares issued by RIOPOL have been appraised based on their equity value, pursuant to an appraisal report especially prepared on the base date of March 31, 2010 (Base Date of the Merger of Shares). In compliance with the legal requirements, the expert company PricewaterhouseCoopers Auditores Independentes, established in the City of São Paulo, State of São Paulo, at Av. Francisco Matarazzo, 1400, from the 7th to the 11th and from the 13th to the 20th floors, Torre Torino, secondarily registered in the Regional Accounting Council of the State of Rio de Janeiro under No. CRC2SP000160/O-5 F RJ and in the CNPJ/MF under No. 61,562,112/0004-73 (PwC) was chosen to evaluate the shares issued by RIOPOL. The choice and retaining of PwC must be ratified by BRASKEM's and RIOPOL's shareholders. As set forth in the appraisal report in Exhibit II hereto (Equity Report), the shares issued by RIOPOL were appraised, on the Base Date of the Merger of Shares, at forty-two centavos and a fraction (R\$ 0.426114177517831) per share.

3.3. Appraisal of the Net Worth of RIOPOL and BRASKEM at Market Prices. Brazilian Securities Commission CVM's joint committee, at a meeting held on July 27, 2010, decided, answering the consultation made by BRASKEM and RIOPOL regarding the waiver of the elaboration of the report referred in article 264 of the Corporation Law, that it is not justifiable any action taken on the part of CVM in demanding the preparation of an appraisal report at market prices set forth in article 264 of the Corporation Law for the Merger of Shares, provided that Petrobras, the sole shareholder of Riopol, be in accordance with the Merger of Shares.

3.4. In compliance with the provisions in articles 12 and 13 of CVM Ruling No. 319/99, the financial statements that served as a basis for the Transaction have been audited by (i) KPMG Auditores Independentes, a company established in the City of São Paulo, State of São Paulo, at Rua Dr. Renato Paes de Barros, nº 33, enrolled in the National Register of Legal Entities (CNPJ/MF) under No. 57.755.217/0001-29, originally registered in the Regional Accounting Council of the State of São Paulo and secondarily registered in the State of Bahia under No. CRC 2SP014428/O-6-S-BA, in BRASKEM's case; and (ii) PwC, in RIOPOL's case. Such financial statements, the date base of which is December 31, 2009, shall be used to calculate the possible share refund amount resulting from the exercise of the right to withdraw related to the Merger of Shares.

CLAUSE FOUR - SHARES OF A COMPANY HELD BY THE OTHER AND TREASURY SHARES

4.1. Treatment of the Shares of a Company Held by the Other. As of the date of the extraordinary general meeting of RIOPOL that resolves on the Merger of Shares, there will be no shares issued by BRASKEM held by RIOPOL. On that date, BRASKEM shall hold, directly or indirectly, one billion, one hundred and forty-four million, seven hundred and seven thousand, nine hundred and forty-seven (1,144,707,947) common shares and two hundred and eighty (280) preferred shares issued by RIOPOL, which shall still be held by BRASKEM after the Merger of Shares. The possible reciprocal interest, due to the ownership of the shares of BRASKEM by Quattor Petroquímica as a result of the corporate reorganization, if any, shall be eliminated within the legal term, pursuant to article 244, paragraph 5, of the Corporation Law.

4.2. Treatment of the Treasury Shares. RIOPOL does not have treasury shares issued thereby.

CLAUSE FIVE INCREASE OF BRASKEM S SHARE CAPITAL

5.1. Increase of BRASKEM s Share Capital. The Merger of Shares shall result in BRASKEM s share capital increase and reserves in the amount of one hundred and three million, eighty-six thousand, seven hundred and sixty-five Reais and eleven centavos (R\$ 103,086,765.11) according to the Equity Report, to be subscribed and paid up by RIOPOL s shareholders, of which twenty-two million, two hundred and eighty-five thousand, thirty-one Reais and seventy-seven centavos (R\$22,285,031.77) are intended for the share capital and eighty million, eight hundred and one thousand, seven hundred and thirty-three Reais and thirty-four centavos (R\$80,801,733.34) are intended for the capital reserve. 5.2. BRASKEM s share Capital after the Transaction. CLAUSE SIX TYPE AND CHARACTERISTICS OF BRASKEM S SHARES TO BE DELIVERED TO RIOPOL S SHAREHOLDERS

6.1. The shareholders of common and preferred shares issued by RIOPOL shall receive class A preferred shares issued by BRASKEM in a number established on the basis of the Replacement Ratio set out in clause 2.1 above. The class A preferred shares issued by BRASKEM due to the Merger of Shares shall grant the same rights granted by other class A preferred shares of BRASKEM, including the full receipt of dividends and/or interest on net equity declared by BRASKEM from the date on which the Merger of Shares is approved.

The Management

Rio Polímeros S.A.

Rio de Janeiro - RJ

June 8, 2010

Dear Sirs,

The purpose of this letter is to complement our understanding regarding the services offered to Rio Polímeros S.A. ("Company") in our proposal Letter to provide independent audit services, signed between PricewaterhouseCoopers Auditores Independentes and Rio Polímeros S.A. on March 31, 2009, which considered the examination of the Company's financial statements for the base date of December 31, 2009. All the clauses in the said engagement letter remain unchanged, except for the inclusion of the following service in the scope of our services:

(a) Appraisal of the book value of the shares of Rio Polímeros S.A. on March 31, 2010.

(i) This appraisal will be used in the merger of shares of Rio Polímeros S.A. with Braskem S.A.

With the inclusion of the above-mentioned service, we will issue a valuation report of the stock of Rio Polímeros S.A. for the base date of March 31, 2010.

For the audit services specified in this addendum, in addition to the services proposed earlier, we propose fees of thirty thousand reais (R\$30,000.00), to be paid in a single installment, due on June 18, 2010.

Expenses related to our services, such as airline tickets, accommodation, mail, photocopies, communications, meals, kilometers travelled and transport, among others, will be charged at cost by means of debit notes, separately from the fees, as and when they are incurred, limited to 4% of total fees.

Our fees are based on the following premises:

(b) The valuable and indispensable support of the Company's employees, related to the previously preparing the analyses (analyses request) and accounts reconciliation, necessary for the process of closing accounts, indispensable to the audit valuation, in addition to identifying and separating documents filed.

It is worth mentioning that the filling up of the analysis requests (to be submitted in advance) correctly and completely is essential for the efficient execution of our services within the proposed budget hours. The procedure we use, namely, requesting our clients to prepare said analyses and statements, is advantageous and economical as we can dedicate our time exclusively to review the information and accounts instead of compiling them.

(c) Extraordinary requests involving our specialized departments or special services will be billed separately from the fees mentioned earlier, after your scrutiny and approval.

(d) Our fees, as mentioned above, include taxes, fees, contributions and other charges incurring on the services hired, according to applicable laws on the date of issue of this proposal. As for the municipal service tax (ISSQN), given that PricewaterhouseCoopers is a firm of professionals who exercise a legally regulated profession, it pays a fixed ISSQN amount based on the number of professionals working in the firm. The amount thus calculated is already included in our fees.

(e) The timetable for visits, analyses and reports, as well as the reports and analyses to be prepared by the management, set in consultation with PricewaterhouseCoopers, will be honored, both with regard to deadlines and the appropriate utilization of said dates.

If you agree with this addendum to the agreement, which alters only the scope of our services described in item (a), and if the abovementioned terms are acceptable, please return us a copy of this letter after signing in the spaces provided below.

Sincerely,
