**NOTIFICATION OF RELATED-PARTY TRANSACTIONS**

<b>Parties</b>	Braskem S.A. (“Braskem” or “Issuer” or “Buyer”) and Usina Conquista do Pontal S.A.(UCP) and Agro Energia Santa Luzia S.A. (USL), both as Sellers; and Odebrecht Agroindustrial Participações S.A. (ODB Agro Par) and Rio Claro Agroindustrial S.A. (Rio Claro) as guarantors
<b>Relationship with the Issuer</b>	The companies UCP, USL, ODB Agro Par and Rio Claro are indirect subsidiaries of Odebrecht S.A., which is the indirect parent company of the Issuer.
<b>Purpose</b>	Hydrous Ethanol Supply Agreement. This is a feedstock supply agreement that aims to ensure an adequate volume of feedstock, namely Hydrous Ethanol (used to produce Green Ethylene), to the Issuer, for which a commercial discount was granted on supply and contractual flexibilities were given in acquisition.
<b>Main terms and conditions</b>	<p><u>Duration:</u> to April 30, 2018</p> <p><u>Advance:</u> The agreement involves an advance in the amount of R\$150,000,000.00, guaranteed by a Pledge Agreement secured by the sugarcane crop and subproducts, at a net market value (measured by a specialized publication) that exceeds the amount of the advance. The asset pledged shall remain, during the existence of an advance balance, duly insured by a prime insurer and with subrogation of insurance to Buyer.</p> <p>The balance of the amount advanced shall be restated by the cumulative variation in market interest rates during the duration of the agreement.</p>
<b>Agreement execution date</b>	<p><u>Other terms and conditions:</u> Subject to non-disclosure clause.</p> <p>March 10, 2017</p>
<b>Any participation by the counterparty, its partners or managers in the issuer’s decision-making process or in the negotiation of the transaction as representatives of the issuer</b>	UCP, USL and ODB Agro Par and/or their representatives and/or managers did not participate in the negotiations or in the decision-making process as representatives of the Issuer.
<b>Detailed justification of the reasons why the management of the issuer believes the transaction was carried out on an arm’s length basis or involves adequate compensatory payment</b>	<p>The commercial conditions agreed upon by the parties are aligned with Braskem’s strategy of maintaining a volume of feedstock (Hydrous Ethanol) contracted, with contractual flexibility in terms of volume, options for taking shipment, certifications and incoterms.</p> <p>In the Company’s opinion, the envisaged advance on the Agreement represents adequate remuneration at market rates, a discount on the purchase price and</p>

adequate contractual flexibilities.

With regard to price making and/or taking with third parties, the Company was able in the agreement to negotiate better conditions in terms of discounts and contractual flexibilities than in its other agreements in force with other ethanol suppliers.
